FEDERAL REGISTER

VOLUME 18 NUMBER 22

Washington, Tuesday, February 3, 1953

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5975, Regs. 111]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

FOREIGN TAX CREDIT

On November 25, 1952, there was published in the FEDERAL REGISTER (17 F. R. 10705) a notice of proposed rule making to conform Regulations 111 (26 CFR Part 29) to section 302 of the Excess Profits Tax Act of 1950, relating to the foreign tax credit, approved January 3, 1951. No objection to the rules proposed having been received, the amendments set forth below, including a supplemental amendment (to conform § 29.131–8 of Regulations 111 to section 341 (c) and (d) of the Revenue Act of 1951) which was not published with the above notice, are hereby adopted.

PARAGRAPH 1. There is inserted immediately preceding § 29.131–1 the following:

SEC. 302. FOREIGN TAX CREDIT (EXCESS PROFITS TAX ACT OF 1950, APPROVED JANUARY 3, 1951).

(a) That portion of section 131 (a) of the Internal Revenue Code which precedes paragraph (1) thereof is hereby amended by inserting after "subchapter E" the following: "and except, with respect to the tax imposed under subchapter D, only to the extent provided in subsection (j)".

(b) Section 131 of such code is hereby amended by adding at the end thereof the following new subsection:

(j) *Tax imposed by subchapter D.* This section shall be applicable for purposes of the tax imposed by subchapter D, but the tax paid or accrued to any country shall be deemed to be the amount of such tax reduced by the amount of the credit allowed under this section with respect to such tax against the tax imposed by this chapter without regard to subchapter D. The amount of the credit taken under this subsection shall be subject to each of the following conditions;

(1) The amount of the credit in respect of the tax paid or accrued to any country shall not exceed the same proportion of the tax against which such credit is taken, which the taxpayer's excess profits net income from sources within such country bears to its entire excess profits net income for the same taxable year; and

(2) The total amount of the credit shall not exceed the same proportion of the tax against which such credit is taken, which the taxpayer's excess profits net income from sources without the United States bears to its entire excess profits net income for the same taxable year.

PAR. 2. Section 29.131–1, as amended by Treasury Decision 5968, approved December 30, 1952, is further amended by adding at the end of paragraph (e) thereof the following new sentence: "For taxable years ending after June 30, 1950, credit for taxes shall be allowed against the excess profits tax imposed by subchapter D of chapter 1, but only to the extent provided in section 131 (j) and § 29.131–10."

PAR. 3. Section 29.131–4, as amended by Treasury Decision 5812, approved October 6, 1950, is further amended by deleting "income" from the second sentence of paragraph (a) thereof, so that such sentence will read as follows: "The Commissioner will thereupon redetermine the amount of the tax of such taxpayer for the year or years for which such incorrect credit was granted."

PAR. 4. Section 29.131–8, as amended by Treasury Decision 5855, approved September 13, 1951, is further amended as follows:

(A) By inserting "for purpose of the income tax" in that part of the first sentence of paragraph (a) thereof which reads "is the tentative credit in respect of the taxes paid or accrued to such country or possession.", immediately after "tentative credit", so that such part will read "is the tentative credit for purpose of the income tax in respect of the taxes paid or accrued to such country or possession."

(B) By striking out that part of paragraph (a) thereof which follows the words "paid or accrued to foreign countries or possessions of the United States." and inserting in lieu thereof "In computing the tax against which the

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

credit is taken there must, for taxable years beginning before January 1, 1943, be excluded the tax, if any, imposed by section 102; and, for any of such taxable years as begin after December 31, 1941, there must also be excluded the additional tax, if any, imposed for the taxable year under the provisions of section 127 (c) (3). For taxable years beginning after December 31, 1942, there must be excluded, in computing the tax against which the credit is taken, the tax imposed by section 102, the additional tax imposed for the taxable year under the provisions of section 127 (c) (3), the tax imposed by section 450 (prior to its repeal by section 6 (a) of the Individual Income Tax Act of 1944), and also, for taxable years beginning after December 31, 1950, the tax imposed by section 480; and, for taxable years ending after June 30, 1950, there must also be excluded, except to the extent provided in section 131 (j) and § 29.131–10, the excess profits tax imposed by subchapter D of chapter 1."

(C) By adding at the end of paragraph (f) thereof, which paragraph precedes example (4) and begins with the words "As to the allowance of credit", the following new sentence: "As to the allowance of credit for such taxes against the excess profits tax imposed by subchapter D of chapter 1, see section 131 (j) and § 29.131–10."

PAR. 5. There is inserted immediately after § 29.131–9 the following new section:

§ 29.131–10 *Credit against excess profits tax imposed by subchapter D.* (a) For taxable years ending after June 30, 1950, a domestic corporation is allowed a credit against the excess profits tax imposed by subchapter D of chapter 1 for the amount of any income, war profits, and excess profits taxes paid or accrued during the taxable year to any foreign country or to any possession of the United States. To the extent pertinent, the provisions of section 131 and §§ 29.131–1 through 29.131–9 are applicable for the purpose of claiming credit for taxes under this section, except that for such purpose the amount of income and profits taxes paid or accrued during the taxable year to any foreign country or possession shall be deemed to be the amount of such taxes actually paid or accrued reduced by the amount of such taxes allowed as a credit under section 131 against the tax imposed by chapter 1 without regard to the excess profits tax imposed by subchapter D. See § 29.131–8 as to the amount of such credit allowable and as to the computation of the tax against which such credit may be taken.

(b) The amount of the income and profits taxes paid or accrued (including the taxes which, in accordance with the provisions of section 131 (f), are deemed to have been paid) during the taxable year to each foreign country or possession of the United States, limited under section 131 (j) (1) so as not to exceed that proportion of the excess profits tax which the taxpayer's excess profits net income from sources within such country or possession bears to its entire excess profits net income for the same taxable year, is the tentative credit for the purpose of this section in respect of the taxes paid or accrued to such country or possession. The sum of these tentative credits, limited under section 131 (j) (2) so as not to exceed that proportion of the excess profits tax which the taxpayer's excess profits net income from sources without the United States bears to its entire excess profits net income for the same taxable year, is the amount allowable as a credit against the excess profits tax for income or profits taxes paid or accrued to foreign countries or possessions of the United States. For the determination of the excess profits net income, see §§ 40.433 (a)–1 and 40.433 (a)–2 of this subchapter (Regulations 130). For the determination of the source of such net income, see section 119 and the regulations thereunder.

(c) The application of this section may be illustrated by the following examples involving the calendar year 1951.

Example (1). In this example it is assumed that the taxpayer has no income or loss from any foreign country other than Country X. Accordingly, the limitation under section 131 (j) (2) will not change the credit determined after applying section 131 (j) (1).

(A) Normal tax net income from all sources	$100,000
(B) Total normal tax and surtax (before section 131 credit)	45,250
(C) Normal tax net income from foreign Country X	90,000
(D) Foreign tax paid on Country X income	49,500
(E) Limitation on foreign tax under section 131 (b) (1) and (2) to determine section 131 (a) credit allowable against normal tax and surtax: $\frac{\$90,000}{\$100,000} \times \$45,250$	40,725
(F) Foreign tax credit allowable against normal tax and surtax (foreign tax, but not in excess of above limitation of $40,725)	40,725
(G) Excess profits net income from all sources	80,000
(H) Excess profits net income from foreign Country X	75,000
(I) Excess profits credit	60,000
(J) Excess profits tax (before section 131 credit)	6,000
(K) Foreign tax paid on Country X income for the purpose of section 131 (j): $49,500 - $40,725	8,775
(L) Limitation on foreign tax under section 131 (j) (1) and (2) to determine section 131 (j) credit allowable against excess profits tax: $\frac{\$75,000}{\$80,000} \times \$6,000$	5,625
(M) Foreign tax credit allowable against excess profits tax (foreign tax for purpose of section 131 (j), but not in excess of above limitation of $5,625)	5,625
(N) Total income and excess profits tax (before section 131 credit): $45,250 + $6,000	51,250
(O) Total credit under section 131: $40,725 + $5,625	46,350
(P) Total income and excess profits tax after credit under section 131: $51,250 - $46,350	4,900

Example (2). The facts are assumed to be the same as those under example (1), except that there is a net loss of $10,000 allocable to foreign Country Y, which net loss was taken into account in determining the normal tax net income from all sources of $100,000 (item (A), example (1)) and the excess profits net income from all sources of $80,000 (item (G), example (1)). The total income and excess profits tax after credit under section 131 is computed as follows:

(A) Tentative foreign tax credit under section 131 (b) (1) allowable against normal tax and surtax (foreign tax paid on Country X income, but not in excess of limitation under section 131 (b) (1)): $\frac{\$90,000}{\$100,000} \times \$45,250$	$40,725
(B) Limitation on foreign tax under section 131 (b) (2) to determine section 131 (a) credit allowable against normal tax and surtax: $\frac{\$80,000}{\$100,000} \times \$45,250$	36,200
(C) Foreign tax credit allowable against normal tax and surtax (tentative credit under section 131 (b) (1), but not in excess of $36,200, limitation under section 131 (b) (2))	36,200
(D) Foreign tax paid for the purpose of section 131 (j): $49,500 - $36,200	13,300
(E) Tentative foreign tax credit under section 131 (j) (1) allowable against excess profits tax (foreign tax for purpose of section 131 (j), but not in excess of limitation under section 131 (j) (1)): $\frac{\$75,000}{\$80,000} \times \$6,000$	5,625
(F) Limitation on foreign tax under section 131 (j) (2) to determine section 131 (j) credit allowable against excess profits tax: $\frac{\$65,000}{\$80,000} \times \$6,000$	4,875
(G) Foreign tax credit allowable against excess profits tax (tentative credit under section 131 (j) (1), but not in excess of $4,875, limitation under section 131 (j) (2))	4,875
(H) Total income and excess profits tax (before section 131 credit): $45,250 plus $6,000	51,250
(I) Total credit under section 131: $36,200 + $4,875	41,075
(J) Total income and excess profits tax after credit under section 131: $51,250 - $41,075	10,175

(53 Stat. 32, 467; 26 U. S. C. 62, 3791)

[SEAL] JOHN S. GRAHAM,
Acting Commissioner of Internal Revenue.

Approved: January 28, 1953.

M. B. FOLSOM,
Acting Secretary of the Treasury.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 42–16]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

MODIFICATION OF APPROACH AND LANDING LIMITATIONS

Correction

In F. R. Doc. 53–649, appearing on page 409 of the issue for Tuesday, Janu-

ary 20, 1953, the following changes should be made:

1. The sub-heading should read as set forth above.

2. In the first line of the second paragraph, "Section 42.56 *Exceptions*" should read "Section 42.56 *Instrument approach*".

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 3]

Part 600—Designation of Civil Airways

ALTERATIONS

The civil airway alteration appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required. Part 600 is amended as follows:

1. Section 600.101 *Amber civil airway No. 1 (United States-Mexican Border to Nome, Alaska)* is amended between Puntilla Lake, Alaska, non-directional radio beacon and Nome, Alaska, radio range station to read: "Puntilla Lake, Alaska, non-directional radio beacon; Farewell, Alaska, radio range station; McGrath, Alaska, radio range station; Unalakleet, Alaska, radio range station to the Nome, Alaska, radio range station."

2. Section 600.206 is amended to read:

§ 600.206 *Red civil airway No. 6 (Las Vegas, Nev., to Omaha, Nebr.)*. From the intersection of the northeast course of the Las Vegas, Nev., radio range and the southwest course of the St. George, Utah, VHF radio range via the St. George, Utah, VHF radio range station; the Bryce Canyon, Utah, VHF radio range station; thence via Latitude 38°22'30", Longitude 110°42'00" and Latitude 38°48'00", Longitude 109°46'10" to Latitude 39°01'54", Longitude 108°47'36". From the Denver, Colo., radio range station to the Akron, Colo., radio range station. From the Grand Island, Nebr., radio range station via the Lincoln, Nebr., radio range station to the Omaha, Nebr., radio range station.

3. Section 600.244 is amended to read:

§ 600.244 *Red civil airway No. 44 (Bellingham, Wash., to Princeton, B. C., Canada)*. That airspace over United States territory from the Bellingham, Wash., radio range station to the Princeton, British Columbia, Canada, radio range station.

4. Section 600.613 *Blue civil airway No. 13 (Houston, Tex., to Minneapolis, Minn.)* is amended between Texarkana, Ark., radio range station and the Van Buren, Ark., non-directional radio beacon to read: "Texarkana, Ark., radio range station; Van Buren, Ark., non-directional radio beacon, excluding the portion which overlaps danger areas;"

5. Section 600.632 *Blue civil airway No. 32 (Pendleton, Oreg., to Talkeetna, Alaska)* is amended by changing first portion to read: "From the Pendleton, Oreg., radio range station to the Yakima, Wash., radio range station."

6. Section 600.6002 *VOR civil airway No. 2 (Seattle, Wash., to Boston, Mass.)* is amended before Dickinson, N. Dak., omnirange station to read: "From the Seattle, Wash., omnirange station via the Ellensburg, Wash., omnirange station; Ephrata, Wash., omnirange station; Spokane, Wash., omnirange station; Mullan Pass, Idaho, omnirange station; Missoula, Mont., omnirange station; Drummond, Mont., omnirange station to the Helena, Mont., omnirange station. From the Livingston, Mont., omnirange station via the Billings, Mont., omnirange station; Miles City, Mont., omnirange station; Golva, N. Dak., omnirange station; Dickinson, N. Dak., omnirange station;"

7. Section 600.6008 *VOR civil airway No. 8 (Long Beach, Calif., to Washington, D. C.)* is amended before Imperial, Nebr., omnirange station to read: "From the Long Beach, Calif., omnirange station via the Ontario, Calif., omnirange station; Daggett, Calif., omnirange station; Las Vegas, Nev., omnirange station to the Mormon Mesa, Nev., omnirange station. From the Grand Junction, Colo., omnirange station via the Kremmling, Colo., omnirange station; Denver, Colo., omnirange station, including a north alternate; Akron, Colo., omnirange station, including a north alternate;"

8. Section 600.6019 is amended by changing the headnote to read: "VOR civil airway No. 19 (El Paso, Tex., to Great Falls, Mont.)" and by amending the last portion to read: "From the Denver, Colo., omnirange station via the Cheyenne, Wyo., omnirange station, including an east alternate; Douglas, Wyo., omnirange station, including an east alternate; Casper, Wyo., omnirange station, including an east alternate; Crazy Woman, Wyo., omnirange station, including an east alternate; Sheridan, Wyo., omnirange station, including an east alternate; Billings, Mont., omnirange station; intersection of the Billings omnirange 347° True and the Lewistown omnirange 104° True radials; Lewistown, Mont., omnirange station to the Great Falls, Mont., omnirange station."

9. Section 600.6025 is amended to read:

§ 600.6025 *VOR civil airway No. 25 (Oakland, Calif., to Ellensburg, Wash.)*. From the Oakland, Calif., omnirange station via the Ukiah, Calif., omnirange station to the Red Bluff, Calif., omnirange station. From the The Dalles, Oreg., omnirange station via the Yakima, Wash., omnirange station; intersection of the Yakima omnirange 304° True and the Ellensburg omnirange 191° True radials to the Ellensburg, Wash., omnirange station, excluding those portions which overlap danger areas.

10. Section 600.6119 is added to read:

§ 600.6119 *VOR civil airway No. 119* (Unassigned).

11. Section 600.6120 is added to read:

§ 600.6120 *VOR civil airway No. 120 (Great Falls, Mont., to Miles City, Mont.)*. From the Great Falls, Mont., omnirange station via the Lewistown, Mont., omnirange station to the Miles City, Mont., omnirange station.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective 0001, e. s. t., February 3, 1953.

[SEAL] F. B. Lee,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1083; Filed, Feb. 2, 1953; 8:45 a. m.]

[Amdt. 3]

Part 601—Designation of Control Areas, Control Zones, and Reporting Points

ALTERATIONS

The control area, control zone and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required. Part 601 is amended as follows:

1. Section 601.1002 is amended to read:

§ 601.1002 *Control area extension (Austin, Tex.)*. That airspace within a 40-mile radius of the Austin, Tex., radio range station.

2. Section 601.1004 is amended to read:

§ 601.1004 *Control area extension (Brownsville, Tex.)*. That airspace over United States territory within a 40-mile radius of the Brownsville, Tex., radio range station, excluding the portion which overlaps danger areas and excluding the portions lying north of Latitude 26°30'00" and more than 3 miles from the United States shoreline.

3. Section 601.1007 is amended to read:

§ 601.1007 *Control area extension (Laredo, Tex.)*. That airspace over United States territory within a 35-mile radius of the Laredo, Tex., radio range station.

4. Section 601.1053 is amended to read:

§ 601.1053 *Control area extension (Houston, Tex.) (Beaumont-Palacios-Houston area).* All that airspace beginning at Latitude 30°22'00", Longitude 94°03'00", thence clockwise along an arc with a 25-mile radius, centered on the Beaumont, Tex., radio range station to Latitude 29°38'35", Longitude 94°00'00", thence south to Latitude 29°37'30", Longitude 94°00'00", thence southwesterly 3 nautical miles from and parallel to the shoreline to Latitude 28°23'20", Longitude 96°17'30", thence clockwise along an arc with a 25-miles radius centered on the Palacios, Tex., radio range station to Latitude 28°55'00", Longitude 96°38'45", thence northeasterly to Latitude 29°58'30", Longitude 95°58'30", thence clockwise along an arc with a 50-miles radius centered on the Houston, Tex., radio range station to Latitude 30°20'25", Longitude 95°17'00", thence east to point of beginning.

5. Section 601.1322 is added to read:

§ 601.1322 *Control area extension (Alice, Tex.).* All that airspace within a 35-mile radius of the Alice, Tex., radio range station excluding the portion which overlaps danger areas.

6. Section 601.1323 is added to read:

§ 601.1323 *Control area extension (Dallas, Tex.) (Dallas-Houston-Austin area).* All that airspace bounded on the northeast by a line 5 miles east of and parallel to a direct line from the Dallas, Tex., radio range station to the Houston, Tex., radio range station, on the east by Red civil airway No. 96, on the southwest by Red civil airway No. 32, and on the northwest by Amber civil airway No. 4 to the Waco, Tex., radio range station and by Blue civil airway No. 5 to the Dallas, Tex., radio range station.

7. Section 601.1324 is added to read:

§ 601.1324 *Control area extension (Brunswick, Maine).* Within 5 miles either side of a line bearing 173° True from the Brunswick, Maine, NAS nondirectional radio beacon extending to a point 15 miles south of the non-directional radio beacon.

8. Section 601.1325 is added to read:

§ 601.1325 *Control area extension (Tampa, Fla.).* All that airspace within a radius of 50 statute miles of the Tampa, Fla., radio range station, excluding the portions which overlap danger areas and Airspace Warning Areas, and including the area bounded on the northeast by a line 5 miles northeast of and parallel to a line extending from the intersection of the north course of the Tampa, Fla., radio range and the southeast course of the Cross City, Fla., radio range to the intersection of the southeast course of the Tampa, Fla., radio range and the northeast course of the Fort Myers, Fla., radio range, on the southeast by the northeast course of the Fort Myers, Fla., radio range, on the west by Red civil airway No. 25 to point of beginning.

9. Section 601.1984 *Five-mile control zones,* is amended by adding the following airport:

Shreveport, La.: Shreveport Greater Municipal Airport.

10. Section 601.2038 *Shreveport, La., control zone* is amended by changing the name "Shreveport Municipal Airport" to read: "Shreveport Downtown Airport."

11. Section 601.2089 is amended to read:

§ 601.2089 *Cleveland, Ohio, control zone.* Within a 5-mile radius of the Cleveland Municipal Airport, within 2 miles either side of the west course of the Cleveland radio range extending from the radio range station to the Elyria fan marker and within 2 miles either side of the Cleveland ILS localizer course extending from the localizer to a point 10 miles southwest of the outer marker.

12. Section 601.2168 is amended to read:

§ 601.2168 *Tampa, Fla., control zone.* That airspace within a 5-mile radius of the Tampa International Airport, within a 5-mile radius of McDill Air Force Base, within 2 miles either side of a line extending from the Tampa International Airport to the Tampa radio range station and within 2 miles either side of the southeast course of the Tampa radio range extending to a point 10 miles southeast of the radio range station, within a 5-mile radius of the Pinellas County Airport and 2 miles either side of a line extending from Pinellas County Airport to the Tampa radio range station, and within 2 miles either side of the 274° True radial of the Tampa omnirange extending from the Pinellas County Airport control zone to a point 10 miles west of the omnirange station.

13. Section 601.2213 *Salinas, Kans., control zone* is amended by correcting the last portion to read: "including that airspace lying in a clockwise direction between the 322° True and 10° True radials of the Salina omnirange within a 10-mile radius of the Salina omnirange station."

14. Section 601.2249 is amended to read:

§ 601.2249 *Corpus Christi, Tex., control zone.* Within a 3-mile radius of Cliff Maus Airport, within 2 miles either side of the northwest course of the Corpus Christi radio range extending from the radio range station to the Odem fan marker and within 1 mile either side of a straight line extending from Cliff Maus Airport to Cuddihy Field to include a 2-mile radius of Cuddihy Field.

15. Section 601.2307 is amended to read:

§ 601.2307 *Brunswick, Maine, control zone.* Within a 5-mile radius of the Brunswick, Maine, Naval Air Station, excluding the portion which overlaps Amber civil airway No. 7, and within 2 miles either side of a line bearing 173° True from the Brunswick NAS nondirectional radio beacon extending to a point 10 miles south of the non-directional radio beacon.

16. Section 601.4206 is amended to read:

§ 601.4206 *Red civil airway No. 6 (Las Vegas, Nev., to Omaha, Nebr.).* St. George, Utah, VHF radio range station; Bryce Canyon, Utah VHF radio range station; Latitude 38°22'30", Longitude 110°42'00"; Latitude 39°01'54", Longitude 108°47'36".

17. Section 601.4272 is amended to read:

§ 601.4272 *Red civil airway No. 72 (Millville, N. J., to Idlewild, N. Y.).* Willow Grove, Pa. (Navy), radio range station.

18. Section 601.6119 is added to read:

§ 601.6119 *VOR civil airway No. 119 control areas.* (Unassigned.)

19. Section 601.6120 is added to read:

§ 601.6120 *VOR civil airway No. 120 control areas (Great Falls, Mont., to Miles City, Mont.).* All of VOR civil airway No. 120.

20. Section 601.7001 *VOR reporting points* is amended by changing Fairville Intersection to read:

Fairville Intersection: The intersection of the Rochester, N. Y., omnirange 087° True and the Elmira, N. Y., omnirange 356° True radials.

and by adding the following reporting points:

Grand Junction, Colo., omnirange station
Kremmling, Colo., omnirange station.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001, e. s. t., February 3, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[Amdt. 47]

PART 608—DANGER AREAS

ALTERATIONS

The danger area alteration appearing hereinafter has been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and is adopted when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with section 4 of the Administrative Procedure Act is not required. Part 608 is amended as follows:

In § 608.40, a Pine Camp, New York (Exercise Cold Spot), temporary area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
PINE CAMP (EXERCISE COLD SPOT) (Albany and Burlington Charts).	Beginning at lat. 44°20'00" N., long. 75°55'00" W; northeasterly along the S. shore of the St. Lawrence River to lat. 44°42'00" N., long, 75°30'00" W; easterly following the railroad tracks to the Raquette River at Norwood, N. Y., at lat. 44°45'00" N., long. 75°00'00"W; southeasterly along the Raquette River to lat. 44°17'00" N., long. 74°36'00" W.; SW. to lat. 43°48'00"N., long. 75°00'00" W.; due W. to long. 75°55'00" W.; due N. to lat. 44°20'00" N., long. 75°55'00" W., point of beginning.	Surface to 30,000 feet above terrain.	Continuous, Feb. 9, 1953, through Mar. 20, 1953.	Air Maneuver Control Center, Wheeler-Sack AAF, Pine Camp, N. Y.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on February 9, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

TITLE 32—NATIONAL DEFENSE

Chapter XI—National Guard and State Guard, Department of the Army

PART 1101—NATIONAL GUARD REGULATIONS

BURIAL EXPENSES

In § 1101.41 (b), subparagraphs (1) (v) and (4) are amended to read as follows:

§ 1101.41 *Burial.* * * *

(b) *Expenses allowable—(1) Limitations.* * * *

(v) Interment expenses as follows:

(*a*) When interment is made in a private cemetery, an allowance not to exceed $125.00.

(*b*) When interment is made in a national or post cemetery, an allowance not to exceed $75.00.

* * * * *

(4) *Interment expenses.* Except in cases where remains are cremated, an amount may be allowed toward interment expenses as set forth in this subparagraph:

(i) When burial is made in a private cemetery the Government will, upon request, reimburse the person who pays interment expense an amount up to but not exceeding the $125.00 maximum; any expenses over and above this amount must be borne by the next of kin or other persons who incurred or paid the expenses.

(ii) When burial is made in a national or post cemetery, if expenses are incurred and paid by the next of-kin or other persons, the Government will, upon request, reimburse the person who pays such expense an amount up to but not exceeding the $75.00 maximum; any expenses over and above this amount must be borne by the next of kin or other persons who incurred or paid the expenses.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 22, Supplementary Regulation 6, Revision 1, Amdt. 5]

CPR 22—MANUFACTURERS' GENERAL CEILING PRICE REGULATION

SR 6—CEILING PRICES FOR MANUFACTURERS FOR THE SALE OF PAINTS, VARNISHES AND LACQUERS

POSTPONEMENT OF EFFECTIVE DATE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization General Order No. 2, this Amendment 5 to Revision 1 of Supplementary Regulation 6 to Ceiling Price Regulation 22 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment postpones until March 16, 1953, the mandatory effective date of Supplementary Regulation 6, Division 1, to Ceiling Price Regulation 22.

This further postponement of the mandatory effective date is issued for the reasons set forth in the statement of considerations accompanying Amendment 4 to the supplementary regulation and upon the demonstration, to the satisfaction of the Director of Price Stabilization, that the previous extension of time to January 30, 1953, had also proved to be inadequate.

In the formulation of this amendment informal consultation has been had with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Supplementary Regulation 6, Revision 1, to Ceiling Price Regulation 22 is amended by changing the last paragraph thereof (effective date) to read as follows:

Effective date. The mandatory effective date of this supplementary regulation is March 16, 1953. However, if you so elect, you may make this regulation effective as to you at any time between August 13, 1952, and March 16, 1953. If you do so elect, this supplementary regulation, on the date you exercise your option, becomes effective as to you for all your commodities covered hereby.

This Amendment 5 to Supplementary Regulation 6, Revision 1, is effective January 30, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1187; Filed, Jan. 30, 1953; 4:56 p. m.]

[Ceiling Price Regulation 22, Supplementary Regulation 19, Revocation]

CPR 22—MANUFACTURERS' GENERAL CEILING PRICE REGULATION

SR 19—CAST-IRON BOILERS AND CAST-IRON RADIATION

REVOCATION

Supplementary Regulation 19 to Ceiling Price Regulation 22 (SR 19 to CPR 22), which was issued November 28, 1951, authorized adjustments in the ceiling prices of manufacturers for their sales of cast-iron boilers and cast-iron radiation. Since that time it has been determined that this industry is entitled to a further adjustment of its ceiling prices under the industry earnings standard. This further adjustment is authorized by Amendment 4 to GOR 42, which is being issued simultaneously with this revocation. The ceiling prices established by Amendment 4 supersede those established by SR 19; therefore SR 19 is being revoked.

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Order No. 2, Supplementary Regulation 19 to Ceiling Price Regulation 22 is hereby revoked, effective February 4, 1953.

(Sec. 704, 64 Stat. 716, as amended; 50 U. S. C. App. Sup. 2154)

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1152; Filed, Jan. 30, 1953; 12:59 p. m.]

[Ceiling Price Regulation 30, Amdt. 5 to Supplementary Regulation 4]

CPR 30—MACHINERY AND RELATED MANUFACTURED GOODS

SR 4—ADJUSTMENT OF PRICING FORMULAS UNDER SECTION 402 (D) (4) OF THE DEFENSE PRODUCTION ACT OF 1950, AS AMENDED

EXTENSION OF DATE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this amendment to Supplementary Regulation 4 to Ceiling Price Regulation 30 is hereby issued.

STATEMENT OF CONSIDERATIONS

Amendment 4 to SR 4 to CPR 30 added a new section to SR 4 to permit manu-

facturers who desire to determine a so-called "Capehart adjustment" for their ceiling prices to calculate the permissible increases in overhead costs by the use of an "overhead cost adjustment factor" for a product line, category, or unit, or for the entire business.

The amendment, in part, states that "on and after January 31, 1953, you may not sell any formula priced commodity or service at a ceiling price in excess of the properly determined CPR 30 ceiling price exclusive of any so-called 'Capehart Adjustment' under SR 4 or SR 5 to CPR 30 unless you have made the computations and filed the forms required by this supplementary regulation or SR 8, as amended, to CPR 30." Some manufacturers have indicated that they will not be able to make the calculations required by SR 4 to CPR 30, as amended, or SR 8 to CPR 30, as amended, by January 31, 1953. This amendment, therefore, extends the date on and after which a manufacturer may not sell a formula priced commodity or service at a ceiling price in excess of the properly determined CPR 30 ceiling prices, exclusive of any so-called "Capehart Adjustment" under SR 4 or SR 5 to CPR 30 unless the manufacturer has complied with the requirements of either SR 8 to CPR 30, as amended, or SR 4 to CPR 30, as amended, from January 31, 1953 to February 28, 1953.

In view of the technical nature of the changes made by this amendment, and the desirability of immediate action, the Director of Price Stabilization has found that special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

Supplementary Regulation 4 to Ceiling Price Regulation 30 is amended in the following respects:

1. Paragraph (b) of section 15 of SR 4 to CPR 30 is amended to read as follows:

(b) You manufacture commodities or supply services for which you determine base period prices under section 9 of CPR 30 (formula priced commodities and services). The application for adjustment for these commodities and services may be made separately from your application for other commodities and services covered by CPR 30, and you may adjust ceiling prices for these formula priced commodities and services separately. You may determine an adjustment for formula priced commodities and services under this supplementary regulation by making the necessary computations and filing an OPS Public Form No. 100 as required, or you may use SR 8 to CPR 30 to determine adjusted ceiling prices for such commodities and services. However, on and after February 28, 1953, you may not sell any formula priced commodity or service at a ceiling price in excess of the properly determined CPR 30 ceiling price exclusive of any so-called "Capehart Adjustment" under this supplementary regulation or SR 5 to CPR 30 unless you have made the computations and filed the forms required by this supplementary regulation or SR 8 to CPR 30.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective January 30, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1153; Filed, Jan. 30, 1953; 12:59 p. m.]

[Ceiling Price Regulation 30, Amdt. 4 to Supplementary Regulation 8]

CPR 30—MACHINERY AND RELATED MANUFACTURED GOODS

SR 8—ADJUSTMENT OF PRICING FORMULAS UNDER SECTION 402 (d) (4) OF THE DEFENSE PRODUCTION ACT OF 1950, AS AMENDED

EXTENSION OF DATE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this amendment to Supplementary Regulation 8 to Ceiling Price Regulation 30 is hereby issued.

STATEMENT OF CONSIDERATIONS

Amendment 3 to Supplementary Regulation 8 to Ceiling Price Regulation 30 made certain changes in the provisions of SR 8 to CPR 30 which involve the relationship between SR 8 and Supplementary Regulation 4 to CPR 30 (Adjustment under section 402 (d) (4) of the Defense Production Act of 1950, as amended).

The amendment, in part, states that "on and after January 31, 1953, you may not sell any formula priced commodity or service at a ceiling price in excess of the properly determined CPR 30 ceiling price exclusive of any so-called 'Capehart Adjustment' under SR 4 or SR 5 to CPR 30 unless you have made the computations and filed the forms required by this supplementary regulation or SR 4, as amended, to CPR 30." Some manufacturers have indicated that they will not be able to make the calculations required by SR 8 to CPR 30, as amended, or SR 4 to CPR 30, as amended, by January 31, 1953. This amendment, therefore, extends the date on and after which a manufacturer may not sell a formula priced commodity or service at a ceiling price in excess of the properly determined CPR 30 ceiling prices, exclusive of any so-called "Capehart Adjustment" under SR 4 or SR 5 to CPR 30 unless the manufacturer has complied with the requirements of either SR 8 to CPR 30, as amended, or SR 4 to CPR 30, as amended, from January 31, 1953 to February 28, 1953.

In view of the technical nature of the changes made by this amendment, and the desirability of immediate action, the Director of Price Stabilization has found that special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

Supplementary Regulation 8 to Ceiling Price Regulation 30 is amended in the following respect:

1. Subparagraph (3) of section 9 (b) of SR 8 to CPR 30 is amended to read as follows:

(3) *Relation to Supplementary Regulation 4 to Ceiling Price Regulation 30.* You may, at your option, use either this supplementary regulation or SR 4, as amended, to CPR 30 to determine adjusted ceiling prices for formula priced commodities and services. If you have already adjusted your ceiling prices under SR 4 to CPR 30 for commodities and services other than formula priced commodities and services, you may now file a separate application to adjust ceiling prices for formula priced commodities and services under this supplementary regulation or you may file an amended application under SR 4, as amended, to CPR 30 to adjust ceiling prices for such commodities or services. However, on and after February 28, 1953, you may not sell any formula priced commodity or service at a ceiling price in excess of the properly determined CPR 30 ceiling price exclusive of any so-called "Capehart Adjustment" under SR 4 or SR 5 to CPR 30 unless you have made the computations and filed the forms required by this supplementary regulation or SR 4, as amended, to CPR 30.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective January 30, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1154; Filed, Jan. 30, 1953; 12:59 p. m.]

[Ceiling Price Regulation 34, Amdt. 1 to Supplementary Regulation 36]

CPR 34—SERVICES

SR 36—LINEN SUPPLY SERVICES IN THE PITTSBURGH, PA., AREA

COMPUTATION OF PRICE INCREASE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to Supplementary Regulation 36 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 1 to Supplementary Regulation 36 to Ceiling Price Regulation 34 modifies the computation of ceiling price increases granted by this supplementary regulation. Supplementary Regulation 36 permits linen supply service sellers in the Pittsburgh, Pennsylvania, Area to increase their ceiling prices by 6 percent. In cases where the new ceiling price consists of a fraction of a cent, the regulation permits the price to be rounded to the nearer full cent. However, it has been customary

in the linen supply business in this area to compute prices on the basis of the nearer one-half cent rather than the full cent. Accordingly, in order to conform the provisions of Supplementary Regulation 36 to established linen supply pricing practices in the affected area, section 3 (c) of Supplementary Regulation 36 is amended to set forth new instructions on how to determine the ceiling price in those cases where the rounding of fractions of a cent is required.

In view of the clarifying nature of this amendment, special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

Subparagraph (c) of section 3 of Supplementary Regulation 36 to Ceiling Price Regulation 34 is amended to read as follows:

(c) If the increase calculated in paragraphs (a) and (b) of this section results in a fraction of a cent, the ceiling price must be decreased to the next lower one-half cent if the fractional cent is less than one-quarter cent, or may be increased to the next higher one-half cent if the fraction is one-quarter cent or more.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Supplementary Regulation 36 to Ceiling Price Regulation 34 shall be effective on January 30, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1155; Filed, Jan. 30, 1953; 12:59 p. m.]

[Ceiling Price Regulation 51, Amdt. 8]

CPR 51—FOOD PRODUCTS SOLD IN PUERTO RICO

CEILING PRICES FOR SALE OF BEEF IN PUERTO RICO

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 8 to Ceiling Price Regulation 51 is hereby issued.

STATEMENT OF CONSIDERATIONS

Amendment 1 to Ceiling Price Regulation 51 fixed the ceiling prices for sales of live cattle and established dollar and cents ceiling prices at wholesale and retail for sales in Puerto Rico of beef produced from cattle slaughtered in Puerto Rico, the Dominican Republic or the Virgin Islands.

When Amendment 1 to CPR 51 became effective, it was the traditional practice to import into Puerto Rico only beef in the carcass from the Dominican Republic and only beef cuts trimmed according to the American style from the continental United States. This customary practice has undergone some change since the issuance of Amendment 1. The Dominican Republic is now exporting beef cuts to Puerto Rico, and the continental United States is sending to Puerto Rico lean beef in carcass which so resembles locally produced beef that it is indistinguishable from it when cut and trimmed according to the traditional method in Puerto Rico.

Retail ceiling prices for United States produced beef under CPR 9 are considerably higher than those applicable to locally produced beef, a situation which could well lead to the evasive practice of upgrading local and Dominican beef.

This amendment extends the coverage of CPR 51 to include all sales at wholesale of beef in the carcass, irrespective of point of origin. In addition, this amendment establishes wholesale ceiling prices for retail cuts of beef derived from animals slaughtered in Puerto Rico, the Dominican Republic or the Virgin Islands, and from cattle slaughtered in the continental United States, and cut in Puerto Rico according to the Puerto Rican style. It does not include beef cuts, trimmed in the American style in the United States and exported to Puerto Rico. These remain subject to Ceiling Price Regulation 9. Neither does it revise retail prices for beef cuts, as set forth in section 3.1 (b) (2).

There has been some uncertainty heretofore concerning the pricing of beef imported in quarters. To clarify this, the definition of "beef carcass" has been extended by this amendment to specifically include hindquarters and forequarters.

In the judgment of the Director, the nature of this amendment and the special circumstances involved in its issuance has made formal consultation with the industry impracticable. In his opinion, the provisions of the amendment are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

1. Article 3 of Ceiling Price Regulation 51 is amended to read as follows:

ARTICLE 3—MEAT

SEC. 3.1. *Beef*—(a) *Definitions.* (1) "Beef" means meat delivered from the carcasses of bovine animals except calves.

(2) "Beef carcass" means and is limited to the dressed carcass, sides, hindquarters or forequarters of beef.

(3) "Meat" means tenderloin, round meat, stew beef, soup meat, and ground meat, as defined herein.

(4) "Tenderloin" means fillet.

(5) "Round meat" (carne de biftec) means lomillo, masa de cadera, masa redonda, masa larga, babilla, and landrecilla.

(6) "Stew meat" (carne de guisar) means faldilla, pecho, sobrepecho, pescuezo, espalda, sobrelomo, and costillas.

(7) "Soup meat" (carne de sopa) means garron, patas, and bones with twenty-five percent or more of meat.

(8) "Ground meat" means ground, chopped or comminuted beef, derived from the cutting and cleaning of the dressed carcass.

(b) *Ceiling prices.* Ceiling prices for beef are established as follows:

	Sales at wholesale	Sales at retail
	Per pound	*Per pound*
1. Beef carcass delivered at retailer's place of business	$0.35	----------
2. Beef cuts from cattle slaughtered in Puerto Rico, the Dominican Republic, or the Virgin Islands or cut in Puerto Rico from the beef carcass imported from the United States:		
Tenderloin	.92	$1.10
Round meat	.57	.68
Stew meat (boneless)	.38	.46
Stew meat (ribs with not more than 50 percent of bones)	.23	.28
Soup meat	.15	.18
Bones	.07	.09
Ground meat	.21	.25

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 8 to Ceiling Price Regulation 51 is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1156; Filed, Jan. 30, 1953; 12:59 p. m.]

[Ceiling Price Regulation 185]

CPR 185—BREWERS' DRIED PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This regulation establishes ceiling prices for sales of brewers' dried products by processors, jobbers, wholesalers and retailers.

Brewers' dried products are by-product feeds resulting from the manufacture of malt and beer. The dried products covered by the regulation include brewers' dried grains, malt sprouts, malt dried grain, malt cleanings and malt hulls. These products are part of the total high protein feed supply of this country. They are used extensively as feed ingredients because of their high protein content and feeding value. Their production has increased from approximately 98,900 tons during 1935–36 to 239,000 tons for 1950–51.

Brewers' specialty products are excluded from the regulation at this time and remain subject to the General Ceiling Price Regulation and Supplementary Regulation 7 to that regulation. Brewers' specialty products are products made from brewers' dried grains (or the other dried products named above) to which other ingredients have been added. Owing to the various individual formulas used by processors, it is not feasible to establish new ceiling prices for specialty products at this time. However, the Director of Price Stabilization is making a study of these products with a view to including them under the regulation at such time as adequate data on which to base prices or a pricing method is available.

Ceiling prices for brewers' dried grains and brewers' wet grains were frozen at depressed levels under the General Ceiling Price Regulation owing to the abnormally high production and large supply of distillers' dried grains, a closely competitive feed. Adjustments which have been made in the ceiling prices of distillers' dried grains, corn gluten feed, and other competing by-product feeds have distorted the normal price relationships between those products and brewers' dried products. This regulation for brewers' dried products, among other things, removes many of the price distortions which existed under the GCPR. The new ceiling prices are set at a level slightly higher than that required to cover present ceilings of the bulk line of production.

This regulation establishes dollars-and-cents ceiling prices for processors' bulk sales of brewers' dried products of 24 percent or higher protein content at seven basing points. The regulation sets up five pricing areas, and processors' f. o. b. plant and delivered ceiling prices are determined by reference to the applicable basing point price plus freight as allowed under the regulation. For the West Coast area (California, Oregon and Washington) a five dollar per ton differential over the Chicago, Illinois basing point price is provided in accordance with established differentials. The areas specified are the same as those used during wartime controls by OPA, as recommended by the Industry Advisory Committee.

Provision is made for l. c. l. sales, for sales of products of less than standard (24 percent) protein content and for sacks and sacking allowances.

The regulation provides for only one markup for jobbers as a class and one markup for wholesalers as a class. The jobber calculates his ceiling price by applying the dollars-and-cents markups named in the regulation to the processors' ceiling price at the same point. Wholesalers and retailers determine their ceiling prices by applying the markups specified in the regulation to their suppliers' delivered ceiling prices.

FINDINGS OF THE DIRECTOR

In the judgment of the Director of Price Stabilization, the ceiling prices established by this regulation are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all of the applicable provisions of that Act.

In the formulation of this regulation there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

The specifications and standards used in this regulation were, prior to the issuance of the regulation, in general use in the industry. Every effort has been made to conform this regulation to existing business practices, cost practices and methods, and means and aids to distribution. Insofar as any provisions of this regulation may operate to compel changes in business practices, cost practices or methods, or means or aids to distribution, such provisions are found by the Director of Price Stabilization to be necessary to prevent circumvention or evasion of this regulation.

REGULATORY PROVISIONS

Sec.
1. What this regulation does.
2. Processors' ceiling prices, per ton, bulk.
3. Jobbers' ceiling prices.
4. Wholesalers' and retailers' ceiling prices.
5. Allowance for sacks and sacking.
6. Petitions for amendment.
7. Adjustable pricing.
8. Excise taxes.
9. Transfer of business.
10. Records.
11. Interpretations.
12. Compliance and enforcement.
13. Definitions.

AUTHORITY: Sections 1 to 13 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *What this regulation does—*(a) *Coverage.* This regulation establishes ceiling prices for sales by processors, jobbers, wholesalers and retailers of the brewers' dried products listed in section 2. For the products and sellers covered, this regulation supersedes the General Ceiling Price Regulation (GCPR) and Supplementary Regulation (SR) 18, Rev. 1 to the GCPR.

(b) *Geographical applicability.* This regulation applies in the 48 States of the United States and the District of Columbia.

(c) *Exemptions.* This regulation does not aply to:

(1) Export sales and sales for export. These sales are covered by Ceiling Price Regulation 61.

(2) Sales of imported brewers' dried products. These sales are covered by Ceiling Price Regulation 31.

(3) Brewers' specialty products (as defined in section 13 (c) (4). Sales of such products are covered by the General Ceiling Price Regulation and Supplementary Regulation 7 thereto.

SEC. 2. *Processors' ceiling price, per ton, bulk.* If you are a processor, your ceiling price for brewers' dried grain, malt dried grain, malt cleanings, malt hulls and malt sprouts are as follows:

(a) *Deliveries in carload shipments containing 24 percent or higher protein content.* Your ceiling price for a product containing 24 percent or higher protein content in a carload shipment or a pool carlot is the applicable price specified in Table 1A. The term, "transportation cost," used in this Table is defined in section 13 (d) (4).

TABLE 1A

In area	Ceiling price f. o. b. plant [1]	Delivered ceiling price [2]
A	Chicago, Ill., basing point price, plus lowest proportional grain products rail rate from Chicago to plant.	Chicago, Ill., basing point price, plus lowest proportional grain products rail rate from Chicago to point of delivery in Area A except: On shipments from St. Louis, Mo., add $1.20 per ton.
B	St. Louis, Mo., basing point price, plus $2 per ton, plus the lowest proportional grain products rail rate from St. Louis to plant.	St. Louis, Mo., basing point price plus $2 per ton, plus the lowest proportional grain products rail rate from St. Louis to point of delivery in Area B.
C	Chicago, Ill., basing point price, plus $5 per ton	F. o. b. plant price, plus "transportation cost" from the plant to point of delivery in Area C.
D	(*a*) For plants located at a basing point in Area D: the price listed in Table 1B for the basing point at which the plant is located. (*b*) For plants located at other points: the basing point price at Milwaukee, Wis., or Minneapolis, Minn., whichever is closer by the shortest railroad route.	(*a*) For deliveries at a basing point in Area D: the price listed in Table 1B for the basing point at which delivery is made. (*b*) For deliveries at other points in Area D: F. o. b. plant price plus "transportation cost" from the plant to the point of delivery in Area D.
E	(*a*) For plants located at a basing point in Area E: the price listed in Table 1B for the basing point at which the plant is located. (*b*) For plants located at other points: the basing point price at St. Louis, Mo., or Minneapolis, Minn., plus lowest applicable carload rail rate from the basing point to the plant, whichever results in the lower f. o. b. plant price.	(*a*) For deliveries at a basing point in Area E from plants not located at that basing point: the price listed in Table 1B for the basing point at which delivery is made. (*b*) For deliveries at other points in Area E: F. o. b. plant price, plus "transportation cost" from the plant to the point of delivery in Area E.

[1] Applies only to delivery made within switching limits of the railroad point at which plant is located.
[2] Applies to all deliveries in the designated area regardless of processor's plant location.

TABLE 1B—BASING POINT PRICES

Basing point	Brewers' dried grains (24 percent or higher protein content)	Malt dried grain, malt cleanings, malt hulls, and malt sprouts (24 percent or higher protein content)
Chicago, Ill	$54.00	$52.00
Milwaukee, Wis	54.00	52.00
Peoria, Ill	54.00	52.00
St. Louis, Mo	54.00	52.00
Kansas City, Mo	54.00	52.00
Minneapolis, Minn	52.00	50.00
Omaha, Nebr	54.00	52.00

(b) *Less than 24 percent protein content.* If you sell a brewers' dried product listed in section 2 of less than 24 percent protein content, calculate your ceiling price by deducting from the price specified in paragraph (a) of this section for 24 percent protein content, $1.00 per ton for each unit of protein, or fraction thereof, by which the lot has less than 24 percent protein content.

(c) *L. C. L. differential.* For deliveries in less than carload lots, your ceiling price is the applicable price specified in paragraphs (a) or (b) of this section, plus $1.00 per ton.

SEC. 3. *Jobbers' ceiling prices.* If you are a jobber, your ceiling price for a lot of brewers' dried products listed in section 2, delivered at any point, is the processor's ceiling price for that lot at the same point, as determined under section 2, plus the applicable markup set forth in Table II.

TABLE II—JOBBERS' MARKUPS

Type of delivery made by jobber:	*Markup per ton*
Deliveries in pool car lots	$2.25
All other deliveries	2.00

SEC. 4. *Wholesalers' and retailers' ceiling prices.* (a) If you are a wholesaler or a retailer, your ceiling price for a brewers' dried product listed in section 2 is your "cost at ceiling" (as determined under paragraph (b) of this section), plus your "transportation cost" (as defined in section 13 (d) (4)), if any, from your warehouse or store, plus the applicable markup set forth in Table III.

TABLE III—WHOLESALERS' AND RETAILERS' MARKUPS

	Markup per ton
Wholesalers	$5.00
Retailers	9.00

(b) Except as provided in paragraph (c) in this section, determine your "cost at ceiling" for a brewers' dried product by the following methods:

(1) *Method 1.* If you maintain the identity of any receipt, then, on the sale of such receipt, you may use as your "cost at ceiling" your supplier's ceiling price for that receipt at the rail point nearest your warehouse or store plus your transportation cost, if any, from that rail point to your warehouse or store. You may use this method of determining your "cost at ceiling" even though you are simultaneously determining your "cost at ceiling" for resale of other receipts under Method 2.

(2) *Method 2.* You may use this method for the resale of any two or more receipts. In using it, you may not include in your calculations any receipt whose identity is maintained and for which you determine your "cost at ceiling" under Method 1.

For receipts in bulk, use as your "cost at ceiling" the weighted average of your suppliers' delivered ceiling prices at the rail point nearest your warehouse or store plus your transportation costs, if any, from that rail point to your warehouse or store. Determine your "cost at ceiling" for receipts in sacks by the same method. You calculate each weighted average of ceiling prices as follows:

(i) Select a day for calculation and recalculate on that day each week thereafter (or, in case that day falls on a legal holiday, recalculate on the next business day).

(ii) Make your first calculation under this Method 2 as follows:

(*a*) *Step 1.* Take your latest receipt prior to the day of calculation delivered to you on the basis (sacked or bulk) for which you are calculating a weighted average of ceiling prices, and all receipts delivered to you on the same basis for the 28 days preceding that last receipt.

(*b*) *Step 2.* Multiply the number of tons of each receipt by your supplier's ceiling price per ton for that receipt at the rail point nearest your warehouse or store and add to this amount your transportation costs, if any, from that rail point to your warehouse or store.

(c) *Step 3.* Add the results obtained under Step 2 and divide by the total number of tons involved in your calculations. The result is the "cost at ceiling" for the first week for all sales of that brewers' dried product (except, of course, for sales for which you elect to determine your ceiling price under Method 1).

(iii) Follow the directions of subdivision (ii) of paragraph (b) (2) of this section for all weekly calculations except that you use your last receipt prior to the day of recalculation and all receipts during the 14 day period preceding such last receipt in arriving at your "cost at ceiling."

(iv) If you wish to discontinue using this Method 2 for a brewers' dried product, you may do so if, on the next recalculation day, you take an inventory of the product. You may then treat the amount in inventory (excluding any receipts priced under Method 1) as a receipt on which your "cost at ceiling" is the weighted average price you would compute under this Method 2 for the succeeding week. If some of your receipts are bulk and some sacked, calculate separate weighted averages for these two types of receipts.

(c) Only one markup by a wholesaler is permitted under this regulation in connection with the sale of any brewers' dried product. Accordingly, if you are a wholesaler and you buy a receipt which another wholesaler has handled, your ceiling price for such receipt is your supplier's ceiling price to you for the receipt plus your transportation costs, if any, to and from your warehouse or store. You must, of course, exclude such receipt from your calculations of any "cost at ceiling" under paragraph (b) of this section.

SEC. 5. *Allowance for sacks and sacking.* (a) If you are a processor and you sell and deliver a brewers' dried product in your sacks, or if you are a wholesaler or a retailer and you sack a brewers' dried product which you buy in bulk, you may add to your ceiling price, as otherwise determined under this regulation, $1.00 per ton plus the lower of the following:

(1) An amount consisting of the cost per sack of your most recent customary purchase of sacks of the kind, size, and condition (new or used) used for the lot, multiplied by the number of sacks furnished per ton of the brewers' dried product you deliver; or

(2) The applicable allowance set forth in Table IV.

TABLE IV—SACKING ALLOWANCES PER TON

Type and size of bag	New sacks		Used sacks	
	7½ ounces	10 ounces	7½ ounces	10 ounces
Burlap:				
40 x 54	$3.75	$4.75	$3.10	$3.50
40 x 76	5.00	6.25	4.20	4.60
45 x 62	4.75	6.50	4.60	5.00
45 x 63	5.00	6.60	4.65	5.05
45 x 65	5.15	6.80	4.75	5.15
45 x 66	5.25	6.90	4.80	5.20
45 x 70	5.50	7.25	5.00	5.40
45 x 74	5.80	7.60	5.20	5.60

	New sacks	Used sacks
Cotton:		
40 x 53	$5.40	$3.50
40 x 75	7.50	4.70
Paper:		
20 x 5 x 41	3.50	----------
21 x 5 x 49	3.75	----------

(b) If you sack a lot of brewers' dried product in sacks furnished by your buyer, you may add $1.00 per ton to your ceiling price for the lot in bulk, as otherwise established under this regulation.

SEC. 6. *Petitions for amendment.* If you wish to have this regulation amended, you may file a petition for amendment in accordance with the provisions of Price Procedural Regulation No. 1, Revised (16 F. R. 4974).

SEC. 7. *Adjustable pricing.* Nothing in this regulation prohibits you from making a contract or offer to sell at (a) the ceiling price in effect at the time of delivery, or (b) the lower of a fixed price or the ceiling price in effect at the time of delivery. You may not, however, deliver or agree to deliver at a price to be adjusted upward in accordance with any increase in ceiling prices after delivery.

SEC. 8. *Excise taxes.* If you have customarily separately stated and collected any excise or similar tax, you may continue to collect the current amount of any such tax in addition to your ceiling price. If you did not customarily state and collect separately from the purchase price the amount of tax paid by you, you may not collect the amount of such tax in addition to your ceiling price. In the case of such tax imposed after the effective date of this regulation, if at the time you calculate your ceiling price the statute or ordinance imposing the tax does not prohibit you from stating and collecting the tax separately from the purchase price, you may collect in addition to your ceiling price, the amount of the tax actually paid by you. In every case where the tax is collected from the purchaser, the amount thereof shall be separately stated.

SEC. 9. *Transfer of business.* If, after the effective date of this regulation, you acquire the business, assets or stock-in-trade of any brewers' dried product business and carry on the business or continue to deal in any brewers' dried product separately from any other establishment previously owned or operated by you, you shall have the same ceiling prices and be under the same obligation to keep records as the person from whom you acquired the business, assets or stock. If, after the effective date of this regulation, you transfer your business, assets or stock, you must either preserve and make available, or turn over to the transferee all records which are necessary for him to comply with the ceiling price or record provisions of this regulation.

SEC. 10. *Records*—(a) *General.* Except as otherwise provided in this section, every person who sells and every person who in the course of business buys a brewers' dried product shall keep for inspection by the Office of Price Stabilization for a period of two years accurate records of each sale or purchase made after the effective date of this regulation.

(b) *Sales.* Every person making a sale under this regulation (except sales to feeders of lots of less than 1,000 pounds) shall keep the following record of each such sale. Such record must be made part of the invoice or bill of sale

and a copy given to the buyer; except that the record of sales to feeders does not have to be in the form of an invoice or bill of sale, but upon demand must be given to the feeder. Every sales record must state: the name and address of the seller and buyer; the date of sale and delivery; the kind of brewers' dried product and its protein content; the selling price. Except for sales of 5,000 pounds or less to a feeder, sales records must also contain the following information:

(1) *Sales by processors.* Record the applicable basing point and the basing point price, except that processors located in Area C record the f. o. b. plant ceiling price; the transportation cost allowable for the sale under section 2 (a), the charge if any made for sacks and sacking, and the differential allowed for L. C. L. sales, if applicable.

(2) *Sales by jobbers.* The processor's ceiling price at the jobber's point of delivery, the location of the processor's plant, and any markup allowed by the regulation which is added by the seller.

(3) *Sales by wholesalers and retailers.* The seller's "cost-at-ceiling" as determined under section 4; the charge, if any, made for sacks and sacking, and any markup allowed by the regulation which is added by the seller.

(c) *Purchases.* Every person other than a feeder making a purchase in the course of trade or business must keep the records which his seller is required to give him under this section.

SEC. 11. *Interpretations.* If you want an official interpretation of this regulation, you should write to the District Counsel of your local Office of Price Stabilization District Office. Any action taken by you in reliance upon and in conformity with a written official interpretation will constitute action in good faith pursuant to this regulation. Further information on obtaining official interpretations is contained in Price Procedural Regulation No. 1, Revised.

SEC. 12. *Compliance and enforcement*—(a) *Prohibitions.* You shall not do any act prohibited or omit to do any act required by this regulation nor shall you offer, solicit, attempt, or agree to do or omit to do any such acts. Specifically (but not in limitation of the above), you shall not, regardless of any contract or other obligation, sell or deliver and no person in the regular course of trade or business shall buy or accept delivery from you at a price higher than the ceiling price established under this regulation; and you shall make and preserve true and accurate records required under this regulation.

(b) *Evasions.* Any device which results in obtaining indirectly a higher price than is permitted under this regulation or in concealing or falsely representing information as to which this regulation requires records to be kept is a violation of this regulation. This prohibition includes, but is not limited to devices making use of commissions services, cross sales, transportation arrangements, premiums, discounts, special privileges, tie-in-agreements, trade understanding, as well as omission from records of true data and inclusion in the records of false data.

(c) *Penalties.* If you violate any provisions of this regulation, you are subject to criminal penalties, civil enforcement actions and suits for damages provided by the Defense Production Act of 1950, as amended.

SEC. 13. *Definitions.* When used in this regulation, the following terms shall have the following meanings:

(a) *Areas.* (1) "Area A" includes Michigan, the area East of the Illinois-Indiana state line, and North of the Ohio River to Kenova, West Virginia; and North of the Norfolk and Western Railroad line from Kenova, West Virginia to Roanoke, Virginia and that area North of the Virginian Railway from Roanoke, Virginia to Norfolk, Virginia.

(2) "Area B" includes the states of Arkansas, Louisiana, Oklahoma and Texas and that area located south of Area A, east of the Mississippi River.

(3) "Area C" includes the states of California, Washington and Oregon.

(4) "Area D" includes the states of Minnesota and Wisconsin.

(5) "Area E" includes the states of Illinois, Iowa, Missouri, North Dakota, South Dakota, Nebraska, Kansas, Montana, Wyoming, Colorado, New Mexico, Idaho, Utah, Nevada and Arizona.

(b) *Sellers and related terms.* (1) "Jobber" means, with respect to any lot, a person other than the processor who sells such lot without having previously unloaded it into a warehouse or store.

(2) "Feeder" means, with respect to any lot, a person who uses such lot for feeding animals or poultry.

(3) "Processor" means, with respect to any lot, the person who manufactures that lot from the residue obtained in the manufacture of wort for beer or the manufacture of malt.

(4) "Retailer" means a person, other than the processor who maintains a "store", and who, with respect to any lot he has purchased and unloaded into the store, resells such lot to a feeder.

(5) "Sale and delivery" means the sale or delivery, and offers to sell or deliver.

(6) "Store" means a building where a regular business of selling and delivering feeds or grain is carried on, and where the owner or one or more of his employees works on substantially a full-time, year-round basis in such business or in a general retail business of which such feed or grain business is a part.

(7) "Wholesaler" means, with respect to any lot:

(i) A person, other than the processor, who, after having unloaded it into a warehouse or store, sells such lot to anyone other than a feeder; or

(ii) A person other than the processor, who does not maintain a store and who, after having unloaded it into a place of business other than a store, sells such lot to a feeder.

(8) "You" means a person subject to this regulation.

(9) "Your supplier" means the person from whom a wholesaler or retailer purchases the lot for which he is establishing a ceiling price.

(c) *Products.* (1) "Brewers' dried grains" are the dried extracted residue of barley malt alone, or in mixture with other cereal grain or grain products, resulting from the manufacture of wort for beer or syrup.

(2) "Malt sprouts" are the sprouts of the barley grain obtained from malted barley. Sprouts derived from any other malted cereal must be designated by the name of the cereal.

(3) "Malted dried grain, malt cleanings and malt hulls" are the byproducts resulting from the manufacture of malt.

(4) "Brewers' specialty products" are feed products manufactured from the products listed in subparagraph (1), (2) or (3) of this paragraph to which other ingredients have been added.

(d) *Miscellaneous.* (1) "Carload shipment" means a lot which, when shipped by rail, takes a carload rate under the applicable railroad tariff requirements and includes mixed car shipments taking such rate.

(2) "Pool car lot" means a lot being shipped to the buyer as part of a rail carload shipment of products sold by one seller to two or more persons.

(3) "Less-than-carload lot" means any lot other than a pool car lot which is less than a carload shipment. It includes any delivery by or into a truck.

(4) "Transportation cost" means:

(i) When a common carrier, contract carrier, or other carrier for hire or compensation is employed, the charges (exclusive of loading charges not customarily in such transportation charges) which are actually incurred by the seller or the purchaser, as the case may be. This amount may include, if applicable, the 3 percent transportation tax.

(ii) When the seller or purchaser, as the case may be, does his own hauling, the reasonable value of the transportation service (exclusive of loading) not exceeding the lawful common carrier or contract carrier rate for the same service or any ceiling price established by the Office of Price Stabilization for such service.

(iii) When any movement involves a combination of the types of transportation described in subdivisions (i) and (ii) of this subparagraph, the sum of the amounts computed separately for each portion of the movement.

(5) "Person" includes any individual, corporation, partnership, association or any other organized group of persons, or legal successors or representatives of the foregoing, and the United States or any other Government or their political subdivisions or agencies.

(6) "Unit of protein" means one percent of protein content.

Effective date. This regulation becomes effective February 13, 1953.

NOTE: The record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1157; Filed, Jan. 30, 1953; 12:59 p. m.]

[Ceiling Price Regulation 186]

CPR 186—Relaying Rail and Used Track Accessories

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Ceiling Price Regulation 186 is hereby issued.

STATEMENT OF CONSIDERATIONS

Introduction. Relaying rail is currently priced under the General Ceiling Price Regulation (GCPR) along with used track accessories. Relaying rail is simply used rail which is suitable for use in track, instead of for rerolling (into smaller rails or split into bar shapes) or scrap. Sometimes rail which is suitable for reuse in track is also used for mine props, ship launching rails, etc. Both rerolling rail and scrap rail are subject to Ceiling Price Regulation (CPR) 5. Normally, all but a small portion of relaying rail originates from the Class I railroads and Class I switching lines. These railroads themselves, of course, keep relaying their own rails into low speed track or sidings and do not put all of it on the market. The rails vary in weight, construction and section and are generally interchangeable with one another. Most relaying rail for use in other than mining or logging work is of at least 65 pounds per yard. The used track accessories, which include joint bars, tie plates, track spikes and track bolts, are normally sold along with the relaying rail, except for sales by warehouses where less-than-carload quantity sales cause accessories to be sold at a price higher than rail.

Need for regulation. For some time several large Class I railroads, which were frozen with below average ceiling prices, have complained about the lack of uniformity in prices for the identical rail. These railroads have not released as much relaying rail for sale as they might otherwise have done in the normal course of business, thus, causing a shortage of such rail. This situation has been heightened by the fact that the National Production Authority (NPA) has been forced to reduce the allotment of new rails for the Class I railroads in order to meet the priority purchases of the defense agencies. The less new rail which a railroad can obtain, the less relaying rail the railroad will release.

The unwillingness of railroads to sell directly to military procurement agencies because of difficulties involved in sorting, segregating and providing rail which will satisfy the specifications of military procurement regulations has caused at least one reseller to be injected into most sales of relaying rail. This reseller inspects, sorts out or attempts to sort out, rail of the required quality. For this added service and handling, frequently in small lots, he is entitled to a markup. However, many resellers are warehousers who bring the rail into their warehouses, segregate it, recondition it and stock it for ultimate resale in usually less-than-carload lots. Prior to price control, these resellers have naturally maintained a price level higher than the dealer who usually ships direct from an accumulation point at the point of origin of the rail and performs few, if any, reconditioning services. Practically all dealers in relaying rail have high GCPR prices, often based upon sales out of warehouse stock. Thus, such a dealer, under the GCPR, has been using his warehouse price whether he ships directly to a consumer from the rail line or from his warehouse.

Because of this unrealistic price pattern many short line railroads and government agencies have had to pay unreasonably high prices—often in excess of new rail. As an alternative, the military procurement agencies have often insisted on buying the lower priced new rail. Thus, there has been a misdirection of new rail to uses for which relaying rail would be completely adequate.

One of the objectives of this regulation is to eliminate the possibility of recurrence of this situation.

What this regulation does. This regulation supersedes the GCPR and applies to sales of relaying rail and used track accessories at the three levels at which distribution normally takes place: railroads, dealers and warehouse resellers. Any other sellers must apply for the establishment of a price.

While any weight of relaying rail per yard is included in the coverage of the regulation, rail of 60 pounds per yard and less may be sold only at prices established by the Office of Price Stabilization upon application by the prospective seller.

The pricing method. In establishing ceiling prices for relaying rail under this regulation, essentially two pricing methods are used for the three classes of sellers. A flat dollars-and-cents ceiling shipping point price is provided for railroads and dealers. A formula is used to determine the ceiling shipping point price for warehouse resellers. The price established for railroads represents approximately the GCPR base period price level for railroads selling the bulk of relaying rail.

The ceiling price for dealers contains a markup of $5.00 per ton over the railroad ceiling price which the industry members indicate allows the dealer a fair and equitable margin of profit for the service he renders and the cost of handling. The collection of data has been limited and any information obtained from future collection of data will result in OPS changing the markup, if a need appears, to reflect the more accurate information which may come from additional data. There is no customary industry markup. Consequently the Herlong Amendment is inapplicable to this industry.

A formula for establishing the ceiling prices of relaying rail and used track accessories separately has been provided for warehouse resellers. This formula takes into consideration the cost of the rail, the cost of transportation and a markup. In this case also the Herlong Amendment is inapplicable because there has been no customary markup utilized in the industry. Rather, such sellers have sold at the best price the market affords. The markup reflected in the formula amounts to approximately 25 per cent on cost for rails and 50 per cent on cost for used track accessories. These markups were represented to OPS by Industry Advisory Committee members to allow for warehousing services and a fair and equitable margin of profit for the warehouser. Again, the data collected to support the use of these particular markups is limited. Should further collection of data indicate that changes should be made in these markups, such changes will be made where justified.

The railroads and dealers will use the same ceiling prices for relaying rail as for used track accessories. This has been the normal practice and acceptable to both industries. However, the warehouse resellers have customarily made differentials based on the quantity of purchases of material. The cost involved in the distribution of small lots of accessories has been such that they have normally commanded a price higher than that paid for rail. While it has been inadvisable to complicate the regulation by allowing for every possible extra or providing for precise differentials which a warehouse reseller might ordinarily use in determining his selling price, the amount of the markup for accessories is sufficiently high to be fair and equitable to the industry.

The f. o. b. shipping point method of pricing has been adopted under this regulation in spite of the fact that a basing point system on the order of that used in the iron and steel scrap regulation was used during World War II by the Office of Price Administration (OPA). Criticisms of the basing point system were many. Therefore, in the light of experience of administration of price control of relaying rail by OPA, and in view of the widely scattered and unpredictable sources of material and points of consumption, resulting in complete geographical decentralization, the present f. o. b. method was considered the most effective for use today.

The regulation, being based upon pure shipping point prices, provides an allowance to be deducted from the ceiling shipping point price in all cases unless the seller places the material f. o. b. railroad cars or f. a. s. vessel. This allowance represents a fair and equitable amount for loading and hauling by the purchaser. The difficulty of such loading and heavy weight of the individual pieces of rail was taken into consideration in setting the amount of this deduction.

Findings of the Director of Price Stabilization. In the judgment of the Director of Price Stabilization the provisions of this ceiling price regulation are generally fair and equitable and are necessary to effectuate the purpose of the Defense Production Act of 1950, as amended.

So far as practicable, the Director has given due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended, and to relevant factors of general applicability. In the judgment of the Director the provisions of this regulation comply with all of the requirements with respect to the establishment of ceiling prices set forth in the Defense Production Act of 1950, as amended.

In the formulation of this regulation there has been consultation with defense agencies and industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

In particular, the Director has consulted with the Industry Advisory Committee with respect to the trade practices, prices and charges used in the regulation and the coverage of this regulation and has, in general, adopted the recommendations of the committee.

The provisions of this ceiling price regulation and their effect upon business practices, cost practices, or means or aids to distribution in the industry have been considered. It is believed that no changes in such practices or methods have been effected. To the extent, however, that the provisions of this regulation may operate to compel changes in such practices or methods, such provisions are necessary to prevent circumvention or evasion of the regulation and effectuate the policies of the act.

REGULATORY PROVISIONS

Scope of Regulation

Sec.

1. What this regulation does.
2. Geographical application.

Pricing Provisions

3. General pricing provisions.

PART I—SALE OF MATERIAL BY RAILROADS

4. Definition of railroad.
5. Ceiling prices of material sold by a railroad.

PART II—SALE OF MATERIAL BY DEALERS

6. Sale of material by a dealer.
7. Ceiling shipping point price of material sold by a dealer.

PART III—SALE OF MATERIAL BY WAREHOUSE RESELLERS

8. Warehouse resellers as sellers of material.
9. General instructions for determining ceiling shipping point prices for resellers.
10. How to determine the ceiling shipping point price for the sale of material by resellers.
11. How to determine the components of the reseller's ceiling shipping point price.

General Provisions

12. [Reserved].
13. Ceiling shipping point prices for sellers and rail not covered by any other section.
14. Ceiling prices for export material.
15. Removal of material by purchaser.
16. Ceiling delivered prices and additional charges.
17. Weights to govern.

Miscellaneous Provisions

18. Transfers of business or stock in trade.
19. Less-than-ceiling prices.
20. Prohibitions against dealing in material at prices above ceiling.
21. Records and reports.
22. Evasion.
23. Enforcement.
24. Petitions for amendment.
25. Definitions.

Authority: Sections 1 to 25 issued under sec. 704, 64 Stat. 816 as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR 1950 Supp.

Scope of Regulation

Section 1. *What this regulation does.* (a) (1) This regulation establishes ceiling prices for all sales and deliveries, including export sales and sales for export, by any person of relaying rails and used track accessories.

(2) The term "relaying rail" is defined in section 25 (n), and "used track accessories" are listed in section 25 (r). Hereafter in this regulation, when mentioned separately, relaying rail will be referred to as "rail" and used track accessories will be referred to as "accessories." When either the expression "rail and accessories" or "rail or accessories" are meant, the term "material" will be used hereafter in this regulation.

(b) (1) This regulation removes the transactions described in paragraph (a) above from the coverage of the General Ceiling Price Regulation (GCPR).

(2) To facilitate use of this regulation, the pricing sections are divided into three parts: I—Ceiling prices for railroads; II—Ceiling prices for dealers, and III—Ceiling prices for warehouse resellers.

(3) The term "railroad" in this regulation is explained in section 4. The term "dealer" is defined in section 6, and the term "warehouse reseller" is defined in section 8.

(c) This regulation does not cover sales of material by importers, ceiling prices for which are established by Ceiling Price Regulation (CPR) 31.

Sec. 2. *Geographical application.* This regulation shall apply to sales and deliveries of material in the forty-eight states of the United States, its territories and possessions and the District of Columbia.

Pricing Provisions

Sec. 3. *General pricing provisions.* (a) (1) The three pricing Parts which follow provide for the establishment of ceiling prices for the sale of material (exclusive of light rail) by three classes of sellers: Railroads, dealers and warehouse resellers. The term "material," as used in the three pricing parts which follow, does not include light rail unless specifically indicated.

(2) Railroads and dealers have a flat dollars-and-cents ceiling price for material. Warehouse resellers determine their ceiling prices each month by use of a formula. The formula allows one markup for rail and a different markup for accessories. A seller may be a dealer as to one lot of material and a warehouse reseller as to another lot.

(b) Ceiling prices for light rail must be established upon application by the seller to the Office of Price Stabilization in accordance with the provisions of section 13 of the regulation. The term "light rail" refers to any relaying rail which weighed 60 pounds or less per yard when new.

PART I—SALE OF MATERIAL BY RAILROADS

Sec. 4. *Definition of "railroad".* The term "railroad", as used in this regulation, refers to any railroad, terminal association or switching company which operates a railway line and derives at least a portion of its revenue from the carrying of freight. The term also includes suburban and interurban electric railroads, street railways, and refrigerator car, stock car, sleeping car and tank car companies engaged primarily in the transportation business.

Sec. 5. *Ceiling prices of material sold by a railroad.*—(a) *Ceiling shipping point price.* The ceiling shipping point price of material when sold by a railroad shall be $64.00 per net ton, f. o. b. shipping point.

(b) *Ceiling delivered prices.* (1) The ceiling delivered price for material when sold by a railroad and delivered to a point on the line of the railroad is the price established under paragraph (a) of this section, plus one cent per ton per mile from the shipping point to the point of delivery.

(2) The ceiling delivered price of material when sold by a railroad and delivered to a point off the line of the railroad is the price established under paragraph (a) of this section, plus one cent per ton per mile on the line of the railroad and the actual cost of the transportation off the line of the railroad to the point of delivery by the means of transportation employed.

(c) If a seller covered by this section delivers material to a point off its line, such rail must be transported to such delivery point via the junction or transfer point, depending upon the means of transportation employed off the line of the railroad, nearest the point of delivery in terms of transportation charges for the means of transportation employed.

PART II—SALE OF MATERIAL BY DEALERS

Sec. 6. *Sale of material by a dealer.* A sale of any material covered by this regulation (including light rail) is made by a dealer when it is made by any person, except a warehouse reseller as defined in section 8 below, whose business includes the acquisition of material for the purpose of resale in substantially the same form. Material shall be considered as being sold in "substantially the same form" where the preparation, if any, of such material for resale includes only the following operations: Straightening, cropping and drilling.

Sec. 7. *Ceiling shipping point price of material sold by a dealer.* The ceiling shipping point price of material when sold by a dealer is $69.00 per net ton f. o. b. shipping point.

PART III—SALE OF MATERIAL BY WAREHOUSE RESELLERS

Sec. 8. *Warehouse resellers as sellers of material.* You are a warehouse reseller (hereafter referred to in this regulation as a "reseller") for purposes of making a sale of material under this regulation only if you perform these operations commonly known as "warehousing" of material, which means the actual receipt and unloading of the material for resale in substantially the same form as received in premises regularly maintained by the reseller, but not a public warehouse) and equipped with facilities for performing such warehousing services as receiving, stocking, sorting, shipping, straightening, cropping and drilling and other like operations which are neces-

sary or incidental to the resale and distribution of material brought into the premises. A storage point or yard, not customarily operated as a "warehouse" is not a warehouse for purposes of this regulation.

SEC. 9. *General instructions for determining ceiling shipping point prices for resellers.* (a) In general, the ceiling shipping point prices for the sale of material by resellers is computed by finding the total of the reseller's weighted average material costs during a calendar month, the reseller's weighted average incoming transportation costs or customary incoming transportation cost factor for the calendar month, and a specified dollars-and-cents amount. Specific instructions are set forth in section 11 below which tell how to determine each of the components necessary in computing the ceiling price for material.

(b) You must determine your ceiling prices for material in accordance with applicable provisions of this Part III and apply them to your shipments in the following manner:

(1) You are required by this Part III to recompute your ceiling prices monthly. You must, at the close of each current calendar month, calculate your ceiling prices to be used beginning on the 16th of the following month by using the invoices received by you during the current calendar month. These ceiling prices apply to all of your shipments of material made between 12:01 a. m. of the 16th of the following month and midnight of the 15th of the next succeeding month. In the case of the month in which this regulation becomes effective, your calculated ceiling price will be effective from the effective date of the regulation to the 15th of the next month, based upon the invoices for the preceding month.

(2) For example, assume that this regulation becomes effective on or before February 16, 1953. Before that date you must determine your ceiling prices by using the invoices received by you between January 1 and January 31, 1953, inclusive. These ceiling prices apply to all shipments made by you after 12:01 a. m. on the effective date of the regulation, and before midnight of March 15, 1953. After February 28, 1953, and prior to March 16, 1953, you must recalculate your ceiling prices by using the invoices received by you between February 1, and February 28, 1953, inclusive, and these ceiling prices apply to all shipments made by you after 12:01 a. m. March 16, 1953 and before midnight April 15, 1953. Similar recalculations must be made after the close of each succeeding calendar month.

(3) Where the regulation requires you to go back, for the purpose of calculating your material cost factor, to the last calendar month for which your written records show invoices having been received by you, you may not go back prior to January 1, 1952. If you receive invoices during the current month, but prior to the current month you have received no invoices since January 1, 1952, you must use the ceiling price determined in accordance with the provisions of section 11 (d) until the 15th of the following month after which you are required to use ceiling prices computed on the basis of the invoices received during the current month, as provided in paragraph (a) or (b) of section 10, whichever is applicable. You may not include in any cost computations under this regulation the amount by which the prices you paid for any material exceed the ceiling prices for such material established under the applicable section of this regulation.

(c) *Separate warehouses.* If you operate more than one warehouse, you must treat each warehouse as a separate reseller and must determine ceiling prices for each such warehouse on the basis of the costs of material delivered to it. Wherever the terms "you" and "reseller" are used in the provisions of this Part III, the terms are used to designate the warehouse from which shipment is made.

SEC. 10. *How to determine the ceiling shipping point price for the sale of material by resellers*—(a) *When purchased from railroads.* The ceiling shipping point price for the sale by resellers of material purchased from railroads is determined in the following manner:

(1) You find your monthly material cost factor in accordance with the provisions of section 11 (a) or (d), whichever is applicable.

(2) You determine your dollars-and-cents markup in accordance with the provisions of section 11 (b). (The amount for rail will differ from that for accessories.)

(3) You determine your incoming transportation factor. This may be either your "customary incoming transportation factor," as defined in section 25 (c) (*Definitions*), or your monthly incoming transportation cost factor determined in accordance with section 11 (c). If you are a new seller you determine this factor under section 11 (d). Whichever transportation factor you first use in computing your ceiling prices under this paragraph must be used thereafter each time you recompute your ceiling prices, except as provided in section 11 (d).

(4) Add the figures arrived at in subparagraphs (1), (2) and (3) of this subparagraph, and the resultant sum is your ceiling shipping point price for material per net ton, f. o. b. shipping point. Your price for rail will differ from that for accessories.

(b) *When purchased from other resellers or dealers as well as from railroads.* (1) Where you have received shipments of material from sources other than a railroad, in addition to shipments received from railroad sources, you must calculate your ceiling shipping point price for all material in accordance with paragraph (a) of this section. You will notice that in determining your ceiling shipping point prices under this paragraph you will use only your invoices received from railroads.

(c) *When purchased from other resellers or dealers and not from railroads.* (1) Where you are unable to determine the ceiling shipping point price of material in accordance with the provisions outlined in paragraph (a) of this section because of the fact that all invoices for material received by you during preceding calendar months back to January 1, 1952, were from resellers or dealers rather than railroad sources, then you must use as your ceiling base price from which you determine your ceiling shipping point price under subparagraph (2) of this paragraph, the current ceiling shipping point price of the reseller who was your principal source of supply for the last preceding calendar month during which you received shipments. If you made purchases only from dealers since January 1, 1952, then you must use, as your ceiling base price, the dealers' shipping point price, as established under section 7 of this regulation. This ceiling shipping point price adopted from the other reseller or dealer, whichever is applicable, becomes your ceiling base price for all shipments made from the 16th of the month to the 15th of the following month. The "principal source of supply" is defined in section 25 (l) (*Definitions*). Your ceiling shipping point price is determined under subparagraph (2) of this paragraph.

(2) Your ceiling shipping point price under this subparagraph is the sum of the applicable ceiling base price, determined under subparagraph (1) of this paragraph, plus the amount which represents your monthly incoming transportation cost factor determined under section 11 (c) (2) or 11 (d), whichever is applicable.

(3) For so long as you are unable to determine your ceiling shipping point price under paragraphs (a) or (b) of this section, you must recalculate your ceiling base price and change your ceiling shipping point price accordingly each month under the provisions of this paragraph.

(d) *Recalculation of ceiling prices.* (1) Except as provided in subparagraph (2) of this paragraph, the ceiling shipping point price for resellers must be recalculated each month in accordance with the applicable paragraph above and must be used in determining your ceiling shipping point price for all your shipments from the 16th of the month next succeeding the one for which the above calculations were made until the 15th of the following month.

(2) If, during any calendar month after the effective date of this regulation, you receive no invoices, your ceiling prices for the period beginning on the 16th of the following month must be the same as the ceiling prices which you last established under this regulation.

SEC. 11. *How to determine the components of the reseller's ceiling shipping point price*—(a) *How to determine your monthly material cost factor.* You find your monthly material cost factor by computing the weighted average of the railroad base prices (see definition in section 25 (a)) you paid for material per net ton, as shown on all the invoices (if your invoices show gross ton costs, you must adjust to reflect net ton costs) received by you during the preceding calendar month (see definition in section 25 (k)); or the last calendar month subsequent to January 1, 1952, for which

you retain records showing invoices having been received from railroads for material, disregarding the invoice date and the actual shipping and receiving dates.

Example: Suppose you received the following invoices for 500 net tons of material during the preceding calendar month:

100 N. T.	@	$67.75
120 N. T.	@	67.50
280 N. T.	@	70.00
Total---- 500 N. T.		

Analyzing these net prices (see definition in section 25 (h)) you establish the fact that you paid three different base prices to the railroads:

100 N. T.	@	$61.50-------	$6,150
120 N. T.	@	63.75-------	7,650
280 N. T.	@	60.75-------	17,010
Total---- 500 N. T.			30,810

Dividing $30,810 by 500 tons results in your material cost factor for the month of $61.52 per net ton.

(b) *Your dollars and cents markup.* Your dollars and cents markup is $16.00 for rail and $32.00 for accessories.

(c) *How to determine your monthly incoming transportation cost factor.* (1) (i) You find your monthly incoming transportation cost factor by computing the weighted average transportation cost to you for all shipments applicable to the same invoices used in determining your monthly material cost factor under paragraph (a) of this section.

Example: Suppose you paid three different freight rates (including transportation tax) for your invoices of material:

Weight and rate per net ton of material:			*Charge*
100 N. T.	@	$5.00----------	$500
120 N. T.	@	2.50----------	300
280 N. T.	@	8.00----------	2,240
Total-- 500			3,040

Dividing $3,040 by 500 tons gives you an incoming transportation cost factor for the month of $6.08 per net ton of material.

(ii) If the bills for transportation charges for any invoice are not available, as of the time you compute your costs, you must calculate the applicable transportation charge for the material covered by the invoice by using the published carrier rate (including taxes) for transporting the material involved from the shipping point shown on the invoice to your warehouse. In making this calculation you must use the rate for the kind of transportation by which the material was transported to your warehouse (e. g., railroad, truck or barge) in effect at the time you are computing your ceiling price.

(2) If you are computing ceiling shipping point prices in accordance with section 10 (c), (2), you find your monthly incoming transportation cost factor by computing the weighted average cost to you of transporting the applicable material from the various reseller or dealer sources of supply, whichever is applicable, to your warehouse. In computing this figure you must use all bills for transportation received by you during the last preceding calendar month in which you received invoices which are applicable to the shipments from these sources, disregarding the invoice date, or the actual shipping and receiving dates of the material involved. If the bills for transportation charges for any invoice are not available, as of the time you compute your costs, you must calculate the applicable transportation charge for the material covered by the invoices by using the published carrier rate (including taxes) for transporting the material from the shipping point shown on the invoices to your warehouse. In making this calculation you must use the rate for the kind of transportation by which the material was transported to your warehouse (e. g., railroad, truck, or barge) in effect at the time you are computing your ceiling price.

(d) *New sellers.* If you have received invoices during the current calendar month and prior to this time your written records show no invoices having been received from any source since January 1, 1952, you determine your ceiling prices as follows:

(1) Where you have received invoices from railroad sources, you must use the railroad base price of the material reflected in the last invoice you received prior to each sale, and the incoming transportation charges applicable to this invoice, as your material cost factor and your incoming transportation factor, respectively, and compute your ceiling shipping point price under section 10 (a) for shipments of the material covered by each invoice during the period extending through the 15th of the following month.

(2) Where you have received invoices only from sources other than railroads, your ceiling shipping point price for the sale of material is the sum of your current ceiling base price, determined under subdivision (i) of this subparagraph and your current transportation factor determined under subdivision (ii) of this subparagraph.

(i) Your current ceiling base price for material is the current ceiling shipping point price of the reseller who shipped to you the greatest tonnage of material as shown by all invoices received by you prior to the sale of the material.

(ii) Your current transportation factor is the weighted average of the freight charges applicable to all invoices referred to in subdivision (i) of this subparagraph. If the bills for transportation charges for any invoice referred to in subdivision (i) of this subparagraph are not available, you must determine your current transportation factor under paragraph (c) (1) (ii) of this section.

(3) You must use the ceiling prices computed in the manner prescribed under the applicable subparagraph above for all shipments made during the current month and until the 15th of the following month. In cases where you receive invoices prior to the 16th of the current month, it will mean using the ceiling prices determined under this paragraph for slightly more than one month. For shipments made on and after the 16th of the following month, you must determine your ceiling shipping point price under the applicable provisions of section 10 and compute the components of that price in accordance with paragraphs (a), (b) and (c) of this section.

General Provisions

Sec. 13. *Ceiling shipping point prices for sellers and rail not covered by any other section.* (a) If you are unable to determine your ceiling shipping point prices for material under any other section of this regulation, you must apply to the Office of Price Stabilization for a ceiling shipping point price. The applicant may not sell any material for which he makes application for a ceiling price under this section until the Director of Price Stabilization notifies him, in writing, of his ceiling shipping point price. This application shall be signed by the applicant or his duly authorized representative and shall contain an explanation of why the applicant is unable to determine his ceiling shipping point price under any other section of this regulation (e. g., why applicant is not a seller covered by sections 4, 6 or 8 or that applicant wishes to sell light rail). In addition, the application shall contain the following information: Trade name and address of the applicant; whether applicant is a railroad, dealer or reseller; identification of the accessories to be sold; specifications of the rail to be sold (including weight of rail per yard when new, profile number and length); approximate tonnage of material (broken down, if possible, into tonnage of rails and tonnage of accessories); proposed means of transporting the material, if known, and the charge per net ton for such transportation; the base price (see definition in section 25 (a)) of the material; point of origin of the material and from whom obtained; proposed point of delivery and purchaser; proposed ceiling shipping point price per net ton of the material; preparation necessary for resale, when prepared and by whom, and the reasons the applicant believes the proposed price of the material is in line with the ceiling shipping point prices otherwise established by this regulation.

(b) This application must be filed with the Iron and Steel Scrap Section, Office of Price Stabilization, Washington 25, D. C. by registered mail, return receipt requested.

Sec. 14. *Ceiling prices for export material.* The ceiling price for any export sale of material or for material sold for export shall be the ceiling shipping point price as established under the applicable section of this regulation, plus the actual charge for transporting the material from the shipping point to the place of export by means of transportation employed: *Provided, however,* That for material exported by vessel, this ceiling export price shall be f. a. s. vessel at the place of export, and the actual cost incidental to shipment and export from that point may be added if shown as a separate charge on the invoice.

Sec. 15. *Removal of material by purchaser.* A deduction of not less than $4.00 per net ton must be deducted from the ceiling price for sale of any material determined in accordance with the applicable provisions of this regulation unless the seller places the material f. o. b. railroad cars or f. a. s. vessel for ship-

ment to the destination designated by the purchaser.

SEC. 16. *Ceiling delivered prices and additional charges*—(a) *Ceiling delivered prices.* Except as provided in section 5 (b), the ceiling delivered price of material is the ceiling shipping point price established under the applicable section of this regulation, plus the actual charge for transporting the material from the shipping point to the point of delivery by means of transportation employed.

(b) *Additional charges which may be included in ceiling delivered prices.* (1) If delivery of material to the purchaser involves vessel movement, the actual charges incurred at a public dock may be added to the applicable ceiling delivered price established under this regulation: *Provided, however*, The maximum charge shall be 95 cents per net ton at Memphis, Tennessee, $1.50 per net ton at any Great Lakes port, or $1.75 per net ton at any New England port. Where the dock facilities are owned or controlled by the shipper of the material, a maximum charge of $1.25 per net ton may be added to the actual transportation charges.

(2) In the case of water movement by deck scow or railroad lighter, no established charges at the dock or any charge or cost customarily incurred at the dock may be included in the applicable ceiling delivered price determined under this regulation. In lieu thereof, a maximum charge of $1.25 per net ton may be included in such delivered price.

(3) Where material is allocated by the National Production Authority for railroad shipment, and prior to the date of NPA allocation order such material has been stored at a dock for water movement, the dock charges set forth in subparagraphs (1) and (2) of this paragraph may be charged and paid as part of the applicable ceiling delivered price determined under this regulation.

(4) Any tax imposed upon the charges for transporting material from the shipping point to the point of delivery may be included in the applicable ceiling delivered price determined under this regulation.

SEC. 17. *Weights to govern.* (a) (1) Except as otherwise provided in this section, settlement for all material shall be made on the basis of railroad weights at the point of delivery and such weights shall be determined at the expense of the purchaser.

(2) No adjustment need be made for shortages of 500 pounds or less per car between shipping point weights and weights at the point of delivery. If the shortage exceeds 500 pounds per car, adjustment must be made for the full shortage.

(b) *Vessel shipment.* When shipment is wholly or partially by vessel, weights at the dock prior to vessel movement shall govern and such weights shall be determined at the expense of the seller. If the material moves from the shipping point to the dock by railroad and weights at the shipping point have been determined, no adjustment need be made for differences of 500 pounds or less per car between shipping point weights and weights at the dock. If the difference exceeds 500 pounds per car, adjustment must be made for the full shortage.

(c) *Sales by government agencies.* Government agencies may, at their option, use either the weights at point of delivery as otherwise provided in this section, or the weights at point of shipment. Where weights at point of shipment are used, such weights shall be determined at the expense of the seller and in the following manner:

(1) *Removal by rail.* In the case of material removed by railroad, the actual tare weight of the railroad car shall be used instead of the marked tare in determining the net weight. The actual tare weight shall be determined by weighing the empty car, cleaned of all foreign matter, before loading.

(2) *Removal by vessel.* In the case of removal by vessel, weights at the dock prior to vessel movement shall govern.

(3) *Removal by truck.* In the case of removal by truck, weighing shall be at the option of the seller on (i) government scales, or (ii) certified scales in the vicinity of the location of the material.

MISCELLANEOUS PROVISIONS

SEC. 18. *Transfers of business or stock in trade.* If the business, assets or stock in trade of a reseller covered by this regulation are sold or otherwise transferred after the effective date of this regulation, and the transferee carries on the business, or continues to deal in the material covered by this regulation, in an establishment separate from any other establishment previously owned or operated by him, the ceiling prices of the transferee shall be the same as those to which his transferor would have been subject, if no such transfer had taken place, and his obligation to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the provisions of this regulation.

SEC. 19. *Less-than-ceiling prices.* Lower prices than those established by this regulation may be charged, demanded, solicited, paid or offered.

SEC. 20. *Prohibitions against dealing in materials at prices above ceiling.* On and after the effective date of this regulation, regardless of any contract or other obligation:

(a) No person shall sell, deliver, buy or receive material, or agree, offer, solicit or attempt to do any of the foregoing at prices above those established in this regulation.

(b) No person shall sell or deliver material upon condition that the buyer shall sell or deliver to, or buy or receive from, any person any other commodity. No person shall buy or receive material upon the condition that he shall sell or deliver to, or buy or receive from, any person any other commodity.

(c) If any person subject to this regulation fails to prepare or keep any record or file any report required by this regulation in connection with the establishment of his ceiling price, or if any person subject to this regulation fails to establish a ceiling price or apply to to the Office of Price Stabilization for the establishment of a ceiling price, if he is required to do so, the Director of Price Stabilization may issue an order fixing his ceiling prices. Any ceiling price fixed in this manner will be in line with ceiling prices generally established by this regulation. The order fixing the ceiling price may apply to all deliveries or transfers completed prior to the date of issuance of the order. The issuance of such an order will not relieve the seller of his obligation to comply with the requirements of this regulation or of the various penalties for failure to do so.

SEC. 21. *Records and reports.* (a) Every person making a sale of material shall keep for inspection by the Office of Price Stabilization for two years after date of sale, complete and accurate records of each sale or purchase: The date thereof, the name and address of the buyer and seller, the shipping point price, a description of the rail (i. e., profile, weight when new), the kinds of accessory items and the tonnage, the method of transportation used from shipping point to point of delivery, and the delivered price, if sold on a delivered basis.

(b) Every warehouse reseller shall prepare and preserve for inspection by the Office of Price Stabilization for two years after date of sale all records necessary for calculation of his ceiling prices, including (but not limited to) records showing the base price of material, freight bills, and invoices.

(c) Buyers and sellers of material affected by this regulation shall submit such further reports to the Office of Price Stabilization as may from time to time be required, subject to the approval of the Bureau of the Budget under the Federal Reports Act.

SEC. 22. *Evasion.* The provisions of this regulation shall not be evaded by direct or indirect means.

SEC. 23. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Defense Production Act of 1950, as amended.

SEC. 24. *Petitions for amendment.* Any person seeking an amendment of this regulation may file a petition for amendment in accordance with the provisions of Price Procedural Regulation 1, Revision 2.

SEC. 25. *Definitions.* This ceiling price regulation and the terms which appear in it shall be construed in the following manner:

(a) *Base price of material.* The base price of material means the fundamental base price per net ton charged by the railroad for material (not including light rail) before the addition of any extras such as transportation charges, dock charges, weighing charges or taxes, or $64.00, whichever is less.

(b) *Consumer.* This term refers to a purchaser of material covered by this regulation who uses the material for any of the purposes for which relaying rail is

customarily used, such as track, mine props and ship launching rail.

(c) *Customary incoming transportation factor.* This term means the customary incoming transportation factor which the reseller included in his warehouse resale price as of January 25, 1951, to represent the cost of delivery from the railroad to his warehouse. Where the factor was based upon a railroad freight rate, it may be adjusted by an amount not exceeding the amount by which the current minimum carload rate of freight, including transportation tax, exceeds the minimum carload rate of freight used to determine the reseller's transportation factor on January 25, 1951. Where the factor was based upon a trucking rate, it may be adjusted by an amount not exceeding the amount by which the current minimum common carrier truckload rate, including transportation tax, exceeds the minimum common carrier truckload rate used to determine the reseller's transportation factor as of January 25, 1951.

(d) *Dealer.* This term is defined in section 6.

(e) *Export sale.* This term means the sale of material to a person located outside the continental United States or a territory or possession of the United States, and which material is shipped to the purchaser outside the continental United States or a territory or possession of the United States regardless of where the invoicing is done.

(f) *Sale for export.* This term means a sale to a buyer, located in the continental United States or a territory or possession of the United States, of material destined for export and subsequent shipment, without resale, to any place outside the continental United States or a territory or possession of the United States.

(g) *Imported material.* This term refers to all material having a point of origin outside the continental United States or its territories or possessions.

(h) *Net price.* This term refers to the total prices charged for material (not including light rail) by a railroad including the railroad base price (see definition in paragraph (a) above) and all extras such as transportation and taxes.

(i) *Person.* This term includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successors or representatives of the foregoing, and the United States, or any other government, or their political subdivisions or agencies.

(j) *Point of delivery.* This term means that point at which the material has arrived for unloading at the purchaser's receiving point.

(k) *Preceding calendar month.* This term means the calendar month immediately preceding the month in which the ceiling price the reseller is computing goes into effect.

(l) *Principal source of supply.* This term means the source from which the reseller received the greatest tonnage of material during the specified period.

(m) *Railroad.* This term is defined in section 4.

(n) *Relaying rail.* This term means used steel rail (other than relaying girder rail, scrap rail or rerolling rail) of any weight per yard which is suitable for reuse in track. (Note the "relaying rail" does not include rail which is used for rerolling purposes. The ceiling price for such rail must be determined under CPR 5, as amended.)

(o) *Sale for export.* This term is explained in paragraph (f) above.

(p) *Sell.* This term includes sell, supply, dispose, barter, exchange, transfer and deliver, and contracts and offers to do any of the foregoing. The terms "buy" and "purchase" shall be construed accordingly.

(q) *Shipping point.* Material covered by this regulation is at its shipping point, in the case of all-rail, rail-vessel, rail-truck, or truck-rail movement, when it has been placed f. o. b. railroad cars ready for shipment to the destination designated by the purchaser; in case of all-vessel, vessel-rail, vessel-truck, or truck-vessel movement, the material is at its shipping point when it has been placed f. a. s. vessel for shipment to the destination designated by the purchaser; and in the case of all-truck movement, the material is at its shipping point when it has been placed f. o. b. truck ready for shipment to the destination designated by the purchaser.

(r) *Used track accessories.* This term refers to railroad or mine track spikes, track bolts and nuts, tie plates and joint bars (which shall include rail joints, angle bars, splice bars and fish plates) of any size and weight capable of being used for relaying purposes or for any purpose for which new accessories are customarily used and which have been submitted to all reconditioning processes, if any, necessary to render them fit for re-use.

(s) *Warehouse reseller.* This term is defined in section 8.

(t) *You.* "You," except as limited for purposes of Pricing, Part III in section 9 (c), means the person subject to this regulation. "Your" and "yours" shall be construed accordingly.

Effective date. This regulation is effective February 16, 1953.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[General Overriding Regulation 7, Amdt. 17 to Revision 1]

GOR 7—EXEMPTION AND SUSPENSION OF CERTAIN FOOD AND RESTAURANT COMMODITIES

EXEMPTION OF SALES OF BREWERS' WET GRAINS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment to General Overriding Regulation 7, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 7, Revision 1, exempts from price control sales of brewers' wet grains.

Brewers' wet grains are the wet residue resulting from the manufacture of wort for beer. The wet grains are used either in the wet form for animal feeding or are processed into brewers' dried grains, or other dried feed products. The wet grains are highly perishable and are generally sold by processors to feeders or driers located within areas near the plant where they are produced. Because of their perishability the bulk of the wet grains are manufactured into brewers' dried feed products. Some of the smaller breweries sell all of their wet grains either to feeders or to other persons who do the drying.

Simultaneously with this amendment, the Director of Price Stabilization is issuing Ceiling Price Regulation 185, establishing dollar-and-cents ceiling prices for brewers' dried products. That regulation establishes new ceilings for those products which in general permit some increase over existing GCPR ceiling prices. It would be inequitable to allow a price increase for brewers' dried grains and not allow an adjustment in prices of wet grains, particularly since many small brewers sell all of their brewers' grains in the wet form. Owing, however, to the diverse methods of pricing wet grains, it is not feasible to establish a formula which will result generally in preservation of the customary price relationships between dried and wet grains. The wet grains are sold locally on a variety of bases including quantity of wet grains, quantity of beer production of which the wet grains are a by-product, quantity of barley furnished by the farmer, and others. Wet grains, moreover, represent an insignificant part of the total feed supply.

For these reasons, price control of brewers' wet grains involves administrative difficulties which are disproportionate in relationship to the effectiveness of their control or to their contribution to the price stabilization program.

There has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISION

General Overriding Regulation 7, Revision 1, is amended by adding a new subparagraph, subparagraph (8), to section 2 (f) to read as follows:

(8) Brewers' wet grains. (This means the wet extracted residue of barley malt alone or in mixture with other cereal grain or grain products resulting from the manufacture of wort for beer.)

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 13, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1159; Filed, Jan. 30, 1953; 12:59 p. m.]

[General Overriding Regulation 35, Amdt. 9]

GOR 35—PASS THROUGH FOR STEEL, PIG-IRON, COPPER AND ALUMINUM COST INCREASES

ADDITION OF ELECTRICALLY OPERATED UNDERGROUND COAL MINING MACHINERY TO APPENDIX C

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 9 to General Overriding Regulation 35 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds electrically operated underground coal mining machinery to Appendix C of GOR 35. The purpose and effect of listing certain commodities in this appendix are explained in detail in the statement of considerations which accompanied Amendment 1 to GOR 35. The same considerations apply to the issuance of this amendment. This amendment is occasioned by the issuance of Amendment 3 to General Overriding Regulation 42 (GOR 42), which provides for a 7 percent increase in ceiling prices for sale by manufacturers of electrically operated underground mining machinery, an adjustment which includes the materials cost increases. Since these are end products, no problem of any "pass through" beyond these manufacturers is involved.

Due to the nature of this amendment, special circumstances have made general consultation with industry representatives, including trade association representatives, impracticable. However, consultations with representatives of the electrically operated coal mining machinery industry were held prior to the issuance of Amendment 3 to GOR 42.

AMENDATORY PROVISIONS

General Overriding Regulation 35 is amended in the following respect:

1. Appendix C is amended by adding thereto in the appropriate columns the words listed below under the columns headed "Commodity" and "Regulation":

Commodity:	*Regulation*
Electrically operated underground coal mining machinery	GOR 42, Sec. 23.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to General Overriding Regulation 35 is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1160; Filed, Jan. 30, 1953; 12:59 p. m.]

[General Overriding Regulation 35, Amdt. 10]

GOR 35—PASS THROUGH FOR STEEL, PIG-IRON, COPPER AND ALUMINUM COST INCREASES

ADDITION OF CAST-IRON BOILERS AND CAST-IRON RADIATION TO APPENDIX C

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 10 to General Overriding Regulation 35 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds cast-iron boilers and cast-iron radiation to Appendix C of GOR 35. The purpose and effect of listing certain commodities in this appendix are explained in detail in the statement of considerations which accompanied Amendment 1 to GOR 35. The same considerations apply to the issuance of this amendment. This amendment is occasioned by the issuance of Amendment 4 to General Overriding Regulation 42 (GOR 42), which provides for a 5 percent increase in ceiling prices for sale by manufacturers of cast-iron boilers and cast-iron radiation, an adjustment which includes the metals cost increases. Since these are end products, no problem of "pass through" beyond these manufacturers is involved.

Due to the nature of this amendment, special circumstances have made general consultation with industry representatives, including trade association representatives, impracticable. However, consultations with representatives of the cast-iron boiler and cast-iron radiation industry were held prior to the issuance of Amendment 4 to GOR 42.

AMENDATORY PROVISIONS

General Overriding Regulation 35 is amended in the following respect:

1. Appendix C is amended by adding thereto in the appropriate columns the words listed below under the columns headed "Commodity" and "Regulation":

Commodity:	*Regulation*
Cast-iron boilers and cast-iron radiation	GOR 42, Sec. 24

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to General Overriding Regulation 35 is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

[F. R. Doc. 53-1161; Filed, Jan. 30, 1953; 1:00 p. m.]

[General Overriding Regulation 42, Amdt. 2]

GOR 42—ADJUSTMENT UNDER THE INDUSTRY EARNINGS STANDARD FOR MACHINERY AND RELATED MANUFACTURED GOODS AND BUILDING MATERIALS

RELATIONSHIP TO CERTAIN ADJUSTMENT REGULATIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to General Overriding Regulation 42 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds a new section to Article I of General Overriding Regulation 42, "General Regulatory Provisions," which new section deals with the relationship of adjustments permitted by the regulation to certain individual adjustment regulations.

It has been determined that certain individual adjustments granted under other regulations should be treated in a uniform manner with respect to the adjustments authorized by this regulation. Such adjustments include so-called "Capehart adjustments" (under SR 4, SR 5, or SR 8 to CPR 30; SR 17 or SR 18 to CPR 22; GOR 20 and GOR 21), hardship and essential commodity adjustments (under GOR 10 and GOR 29, respectively) and outbound transportation cost adjustments (under SR 9 to CPR 30; SR 35 to CPR 22; SR 122 to GCPR, etc.).

The reason for this determination is that the ceiling price increases provided for in General Overriding Regulation 42 are found to be necessary to meet the Industry Earnings Standard on the basis of ceiling prices in effect during the periods of time in which the various surveys are made. Therefore, to the extent that a particular industry's ceiling prices include adjustments obtained under any of the "Capehart regulations," or under GOR 10 or GOR 29, the percentage adjustments permitted by GOR 42 may be added to these ceiling prices. There is one exception to the concept of "ceiling prices in effect" which will apply to most industries now or subsequently covered by GOR 42. This exception concerns adjustments under the outbound transportation cost adjustment regulations. These adjustments generally may not be included in the ceiling prices adjusted under GOR 42 because the data supplied by members of each industry generally include increases in outbound transportation costs.

The relationship of adjustments under GOR 35 (Pass Through for Steel, Pig Iron, Copper and Aluminum Cost Increases) will be treated separately for each industry under the applicable section of Article II because the manner in which these adjustments are treated in each survey cannot be uniform.

Briefly, this new section provides that "Capehart adjustments" and adjustments under GOR 10 or GOR 29 may be included in the price adjusted under this regulation (the adjustment period price), but generally outbound transportation cost adjustments may not be included in this price. If there is any change in the relationship of outbound transportation cost adjustments to the adjustment authorized by this regulation for a particular industry, the applicable section of Article II will so specify.

In the formulation of this amendment special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

General Overriding Regulation 42 is amended in the following respects:

1. Article I is amended by adding a new section 5 to read as follows:

SEC. 5. *Relationship of the adjustments authorized by this regulation to certain adjustment regulations.* This section explains the relationship between the adjustments permitted by this regulation to certain individual adjustment regulations. In addition to this section special provisions dealing with other individual adjustment regulations, such as GOR 35, are contained in the sections of Article II.

(a) *Capehart regulations.* If your adjustment period price for any commodity covered by this regulation includes an adjustment determined under any of the applicable "Capehart regulations" (SR 4, SR 5, or SR 8 to CPR 30; SR 17 or SR 18 to CPR 22; GOR 20 or GOR 21), you may further adjust such a price by the percentage adjustment provided by the applicable section of Article II of this regulation, unless that section provides otherwise. However, if your adjustment period price does not contain a "Capehart adjustment," you may elect to determine a "Capehart" adjustment instead of using the adjustment permitted by this regulation.

(b) *GOR 10 and GOR 29.* If your adjustment period price for any commodity covered by this regulation includes an adjustment which you have obtained pursuant to GOR 10 (Adjustments of Ceiling Prices for Manufacturers) or GOR 29 (Adjustment of Ceiling Prices of Certain Essential Commodities and Services), you may further adjust such a price by the percentage adjustment permitted by this regulation. Further, if you qualify under either GOR 10 or GOR 29 after the applicable adjustment period provided by Article II of this regulation, you may then apply for an additional adjustment under either of those regulations.

(c) *Outbound transportation costs.* Unless the applicable section of Article II of this regulation provides otherwise, your adjustment period price for any commodity covered by this regulation may not include any adjustment you have determined under SR 9 to CPR 30, SR 35 to CPR 22, SR 122 to the GCPR (Adjustments to Reflect Increased Outbound Transportation Costs), or other similar regulations. If such an adjustment is included in the price for any commodity, you must reduce that price by the dollar amount of the outbound transportation cost adjustment before you may use it as an adjustment period price.

However, if increases in these costs occur after the applicable adjustment period, as provided in Article II, for any commodity covered by this regulation, you may determine an adjustment for these increases under the applicable regulation (SR 9 to CPR 30; SR 35 to CPR 22; SR 122 to GCPR, etc.).

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1162; Filed, Jan. 30, 1953; 1:00 p. m.]

[General Overriding Regulation 42, Amdt. 3]

GOR 42—ADJUSTMENT UNDER THE INDUSTRY EARNINGS STANDARD FOR MACHINERY AND RELATED MANUFACTURED GOODS, AND BUILDING MATERIALS

ELECTRICALLY OPERATED UNDERGROUND COAL MINING MACHINERY

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 3 to General Overriding Regulation 42 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds electrically operated underground coal mining machinery to the coverage of General Overriding Regulation 42. An industry earnings standard survey has recently been completed for this industry, and based upon data obtained from representative groups of manufacturers, it has been determined that, in order to bring the dollar profits of this industry up to the earnings standard approved by OPS, ceiling prices should be established at 107 percent of the industry's ceiling prices for these commodities which were in effect during the period November 1, 1952, to the issue date of this amendment. Such increased ceiling prices will be generally fair and equitable.

This adjustment reflects all increases in materials, wages, and transportation which are currently in effect. Furthermore, it reflects increases in certain materials which are likely to occur in the future as a result of General Overriding Regulation 35 (Pass Through for Steel, Pig Iron, Copper and Aluminum Cost Increases). Therefore, manufacturers of electrically operated underground coal mining machinery who use this adjustment may not adjust their ceiling prices under GOR 35. If they have already used GOR 35, they must deduct the amount of such an adjustment before taking the adjustment allowed by the amendment. However, the adjustment permitted by this amendment only reflects increases in outbound transportation costs, if any, occurring before the issue date. If increases in these costs occur in the future, an adjustment may be made for such increases pursuant to Supplementary Regulation 9 to Ceiling Price Regulation 30 or Supplementary Regulation 122 to the General Ceiling Price Regulation (Adjustments to Reflect Increased Outbound Transportation Costs), whichever is applicable. If these manufacturers have taken any adjustments under SR 9 to CPR 30 or SR 122 to the GCPR before the issue date of this amendment, they must deduct the amount of such adjustment before taking the adjustment permitted by this amendment.

The survey upon which this adjustment is based was effected by the use of a procedure designated "streamlined" by OPS, and since this procedure does not permit consideration of various factors which may be considered under a "full-scale" industry earnings standard survey, which necessarily requires more detailed data, and, therefore, a greater length of time to conduct, the members of this industry may at any time request OPS to conduct a full-scale survey.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable; are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended; and comply with the applicable standards of that act.

AMENDATORY PROVISIONS

General Overriding Regulation 42 is amended in the following respects.

Article II is amended by adding section 23 to read as follows:

SEC. 23. *Electrically operated underground coal mining machinery*—(a) *Commodities included.* Electrically operated underground coal mining machinery, transportation machinery, ventilating machinery including accessories and repair parts for these commodities. The commodities included in this classification must be designed specifically for use in coal mines, must be electrically operated and used exclusively underground for mining, for transportation in mines, or for ventilating mines. The following are illustrations of these commodities: Mining machines—Kerf cutting machines, loading machines, continuous miners, auger type rotary drilling machines, timber setting machines, post pullers; underground mine transportation machines—mining locomotives, shuttle cars, belt conveyors, chain conveyors, shaker conveyors; underground mine ventilating equipment—ventilating fans specially designed and sold for use in mines, and stationary and portable ventilating blowers specially designed and sold for use in mines.

(b) *Adjustment period price.* The adjustment period price for any commodity included in paragraph (a) of this section is the highest ceiling price to each class of purchaser which was in effect during the period November 1, 1952 to January 30, 1953. A ceiling price is considered "in effect" if that ceiling price was properly determined in accordance with applicable OPS regulations prior to January 30, 1953.

(c) *Percentage adjustment.* The percentage adjustment for commodities included in this section is 107 percent.

(d) *Relationship of the adjustment authorized by this section 23 to other adjustment regulations*—(1) *GOR 35.* If you use the adjustment permitted by this section you may not include in your

adjustment period price any adjustment made under GOR 35 (Pass Through for Steel, Pig Iron, Copper and Aluminum Cost Increases). If your adjustment period price includes such an adjustment you must reduce it by the dollar amount of such an adjustment before using it as an adjustment period price under this section 23.

(2) *Capehart regulations.* See section 5, Article I of this regulation.

(3) *Outbound transportation costs.* See section 5, Article I of this regulation.

(4) *GOR 10 and GOR 29.* See section 5, Article I of this regulation.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This regulation is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53-1163; Filed, Jan. 30, 1953; 1:00 p. m.]

[General Overriding Regulation 42, Amdt. 4]

GOR 42—ADJUSTMENTS UNDER THE INDUSTRY EARNINGS STANDARD FOR MACHINERY, RELATED MANUFACTURED GOODS, AND BUILDING MATERIALS

ADDITION OF CAST-IRON BOILERS AND RADIATION TO COMMODITIES COVERED

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 4 to General Overriding Regulation 42 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to GOR 42 provides an interim adjustment of 5 percent in the ceiling prices for cast-iron boilers and cast-iron radiation.

At a meeting of the Cast-Iron Boiler and Radiation Industry Advisory Committee meeting on September 24, 1952, OPS was requested to conduct a "streamlined" earnings survey of the industry, the opinion of the members attending being that the level of earnings for the industry had fallen below that prescribed by the industry earnings standard. This standard requires that ceiling prices be adjusted for an industry if its current earnings fall below 85 percent of the average earnings of the three best years of 1946 through 1949, inclusive, adjusted for changes in net worth. The Committee recommended that the speedier "streamlined" earnings survey be used, as an interim measure of relief, rather than the more time-consuming if more detailed "full-scale" survey.

Consequently, the Office of Price Stabilization undertook such an earnings survey, as a result of which the Director of Price Stabilization has determined that in order for ceiling prices of the industry to meet the requirements of the industry earnings standard, and, therefore, to be generally fair and equitable, they would have to be increased to the extent provided by this action.

In computing this adjustment, OPS gave consideration, among other costs, to increase in the cost of the metals listed in GOR 35, and to the increased cost of outbound transportation. For that reason, cast-iron boiler and cast-iron radiation manufacturers are precluded by this amendment from using either GOR 35 or SR 35 to CPR 22.

In the formulation of this amendment, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Article II of GOR 42 is amended by adding a new section 24 to read as follows:

SEC. 24. *Cast-iron boilers and cast-iron radiation*—(a) *Commodities covered.* The commodities covered by this section are defined as follows:

(1) A "cast-iron boiler" means any closed cast-iron pressure vessel designed to burn solid, liquid or gaseous fuels for the purpose of generating steam, or hot water for use in a heating system or for domestic hot water, whether actually so used or not. Without limiting the foregoing, the term includes jackets, grate bars, boiler trimmings and other attachments or accessories commonly sold with the boiler as a unit, or sold as repair parts.

(2) "Cast-iron radiation" means a tubular or hollow device constructed of cast iron which by means of internal circulation of high temperature vapor or liquid, emits heat from its external surface by means of conduction, radiation or convection. The term includes, without limiting the generality of the foregoing, radiators (whether a unit or a combination of sections), radiator sections, and accessories and enclosures used with cast-iron convectors and cast-iron baseboard radiation.

(b) *Adjustment period price.* The adjustment period price for any commodity included in paragraph (a) of this section 24 is the highest ceiling price to each class of purchaser in effect during the period October 1, 1952, to January 30, 1953, as established prior to the end of this period under SR 19 to CPR 22, or any other applicable regulation not excepted by paragraph (d) of this section.

(c) *Percentage adjustment.* The percentage adjustment for commodities included in this section 24 is 105 percent.

(d) *Relationship of the adjustment authorized by this section to other adjustment provisions*—(1) *SR 17, SR 18 to CPR 22.* On and after the date set forth in paragraph (e) of this section, and notwithstanding any provision of this section you may elect to apply the provisions of Supplementary Regulation 17 or Supplementary Regulation 18 to CPR 22 to establish your ceiling prices. If you do so elect, you may not use the provisions of this supplementary regulation.

(2) *GOR 35.* You may not employ any of the provisions of General Overriding Regulation 35 (pass-through for steel, pig-iron, copper and aluminum cost increases).

(3) *SR 35 to CPR 22.* Adjustments permitted by SR 35 to CPR 22 or SR 122 to the GCPR (adjustments to reflect increased outbound transportation rates) for increases occurring before the effective date of this section (see paragraph (e) of this section), may not be included in the adjustment period price for any commodity covered by this section. Further, if the price of the commodity in question during the adjustment period included an adjustment for increased outbound transportation costs under SR 35 to CPR 22, this price must be reduced by the dollar amount of the transportation cost adjustment before it may be used as an adjustment period price. However, if increases in these costs occur on or after the effective date of this section, an adjustment thereafter may be determined in accordance with SR 35 to CPR 22, *Provided*, That January 30, 1953 must be used as the "base date" for the purpose of such determination.

(e) *Effective date.* The adjustment authorized by this section becomes effective February 4, 1953.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

TITLE 45—PUBLIC WELFARE

Chapter V—War Claims Commission

Subchapter A—Rules of Practice

PART 501—PRACTICE BEFORE THE COMMISSION

RESTRICTIONS ON FORMER EMPLOYEES

Part 501 is hereby amended by the addition of § 501.31 as follows:

§ 501.31 *Restrictions on former employees.* (a) No former member, officer or employee of the Commission shall represent any claimant before the Commission or shall be connected in any way with the prosecution of any claim which is before the Commission which claim was in any way considered by such former member, officer or employee during his period of service with the Commission or concerning which he gained personal knowledge during his service with the Commission.

(b) No former member, officer or employee of the Commission shall, for a period of two years following his service with the Commission represent any claimant before the Commission or shall be connected in any way with the prosecution of any claim before the Commission unless prior approval is obtained from the Commission in each matter. To obtain such approval a request shall be made in affidavit form to the Commission stating (1) that the applicant did not personally consider the matter or gain personal knowledge thereof during his service with the Commission, and (2) that he is not associated with any person who personally considered the matter or gained personal knowledge thereof during his service with the Commission. The application may be granted or denied in the discretion of the Commission and shall be denied if the public interest would otherwise suffer.

(Sec. 2, 62 Stat. 1240; 50 U. S. C. App. Sup., 2001)

DANIEL F. CLEARY,
Chairman,
War Claims Commission.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

PART 10—UNIFORM SYSTEM OF ACCOUNTS FOR RAILROAD COMPANIES

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 22d day of January A. D. 1953.

The matter of modifying the "Uniform System of Accounts for Railroad Companies" being under consideration pursuant to the provisions of section 20 of the Interstate Commerce Act, as amended (24 Stat. 386, 41 Stat. 493, 54 Stat. 916, 49 U. S. C. 20); and,

It appearing that a notice dated December 11, 1952, was served on all railroad companies subject to provisions of the act, to the effect that certain modifications had been approved, such notice also being published in the FEDERAL REGISTER on December 24, 1952 (17 F. R. 11726) pursuant to provisions of section 4 of the Administrative Procedure Act; and,

It further appearing that the notice provided for written views or arguments to be filed by any interested person on or before January 16, 1953, and no representations having been received: It is ordered, that:

(1) *Effective date.* The modifications which are set forth below and made a part hereof, relating to the subject matter of said notice, shall become effective March 1, 1953.

(2) *Notice.* A copy of this order including the modifications set forth below shall be served on each carrier by railroad subject to Part I of the act and not independently operated as an electric line, and on every trustee, receiver, executor, administrator, or assignee of any such carrier, and notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director of the Division of the Federal Register.

By the Commission, Division 1.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

1. In § 10.704 *Capital and other reserve funds,* cancel the text of and notes to this account, and substitute the following for them:

§ 10.704 *Capital and other reserve funds.* (a) This account shall include cash and the ledger value of other assets held by trustees or by the accounting company's treasurer when segregated in distinct funds that have been (1) realized from the sale of equipment obligations or other long-term obligations and not yet applied toward the specific purposes for which the obligations were incurred, and (2) set aside in accordance with governmental, mortgage, or contractual requirements in connection with reorganizations or otherwise. This account shall also include funds deposited with trustees to be held until mortgaged property sold is replaced.

(b) An appropriate record shall be maintained for securities issued or assumed by the accounting company and held in the funds, identifying those that are nominally issued or nominally outstanding.

NOTE A: Funds specifically set aside for sinking fund purposes shall be included in account 703, "Sinking funds." If one purpose of a capital fund is to provide contributions to a sinking fund under specified conditions, the entire amount of the fund shall be included in this account until the contributions to the sinking fund are made, at which time the amounts thereof shall be transferred to account 703.

NOTE B: The ledger value of assets of the character indicated in paragraph (a) (2) of this section, shall be transferred to the appropriate current asset account when the assets are definitely assigned in advance of expenditure to the payment of interest or other current liabilities payable within one year.

NOTE C: Bank deposits subject to current withdrawal for specific purposes only, shall be included in account 711, "Special deposits." Deposits available for general company purposes shall be included in account 708, "Cash."

2. In § 10.711 *Special deposits,* cancel the text of this account and substitute the following text and note for it:

§ 10.711 *Special deposits.* This account shall include funds specifically deposited for the payment of dividends, interest, and other current liabilities; also other deposits subject to current withdrawal for specific purposes only.

NOTE: Deposits available for general company purposes shall be included in account 708, "Cash".

3. In § 10.721 *Insurance and other funds,* add the following note to the text of this account:

NOTE D: Bank deposits subject to current withdrawal for specific purposes only, shall be included in account 711, "Special deposits." Deposits available for general company purposes shall be included in account 708, "Cash".

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies sec. 20, 24 Stat. 386, as amended; 49 U. S. C. 20)

[F. R. Doc. 53-1097; Filed, Feb. 2, 1953; 8:50 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF LABOR

Wage and Hour Division

[29 CFR Part 678]

STONE, GLASS, AND RELATED PRODUCTS INDUSTRY IN PUERTO RICO

MINIMUM WAGE RATES

Pursuant to section 5 (a) of the Fair Labor Standards Act of 1938, as amended, hereinafter called the act, the Administrator of the Wage and Hour Division, United States Department of Labor, by Administrative Order No. 421, dated May 8, 1952, as amended by Administrative Orders No. 422, dated June 3, 1952, appointed Special Industry Committee No. 12 for Puerto Rico, hereinafter called the Committee, and directed the Committee to investigate conditions in a number of industries in Puerto Rico specified and defined in said orders, including the stone, glass, and related products industry, and to recommend minimum wage rates for employees engaged in commerce or in the production of goods for commerce in such industries.

For purposes of investigating conditions in and recommending minimum wage rates for the stone, glass, and related products industry in Puerto Rico, the Committee included three disinterested persons representing the public, a like number representing employers, and a like number representing employees in the stone, glass, and related products industry in Puerto Rico, and was composed of residents of Puerto Rico and of the United States outside of Puerto Rico. After investigating economic and competitive conditions in the industry, the Committee filed with the Administrator a report containing (a) its recommendations that the industry be divided into separable divisions for the purpose of fixing minimum wage rates; (b) the titles and definitions recommended by the Committee for such separable divisions of the industry; and (c) its recommendations for minimum wage rates to be paid employees engaged in commerce or in the production of goods for commerce in such divisions of the industry.

Pursuant to a notice published in the FEDERAL REGISTER on August 30, 1952, and circulated to all interested persons, a public hearing upon the Committee's recommendations was held before Hearing Examiner E. West Parkinson, as presiding officer, in Washington, D. C., on October 14, 1952, at which all interested parties were given an opportunity to be heard. After the hearing was closed the record of the hearing was certified to the Administrator by the presiding officer.

Upon reviewing all the evidence adduced in this proceeding and giving consideration to the provisions of the act, particularly sections 5 and 8 thereof, I have concluded that the recommendations of the Committee for minimum wage rates in the stone, glass, and related products industry in Puerto Rico and its divisions, as defined, were made in accordance with law, are supported by the evidence adduced at the hearing, and, taking into consideration the same factors as are required to be considered by the Committee, will carry out the purposes of sections 5 and 8 of the act.

I have set forth my decision in a document entitled "Findings and Opinion of the Administrator in the Matter of the Recommendations of Special Industry Committee No. 12 for Minimum Wage Rates in the Stone, Glass, and Related Products Industry in Puerto Rico", a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington 25, D. C.

Accordingly, notice is hereby given, pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001) and the rules of practice governing this proceeding (16 F. R. 2684), that I propose to approve the Committee's recommendations for the stone, glass, and related products industry, and to revise this part to read as set forth below, to carry such recommendations into effect.

Within 15 days from publication of this notice in the FEDERAL REGISTER, interested parties may submit written exceptions. Exceptions should be addressed to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. They should be submitted in quadruplicate, and should include supporting reasons for any exceptions.

Sec.

678.1 Wage rates.
678.2 Notices of order.
678.3 Definitions of the stone, glass, and related products industry in Puerto Rico and its divisions.

AUTHORITY: §§ 678.1 to 678.3 issued under sec. 8, 63 Stat. 915; 29 U. S. C. 208. Interpret or apply sec. 5, 63 Stat. 911; 29 U. S. C. 205.

§ 678.1 *Wage rates.* (a) Wages at a rate of not less than 60 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the glass and glass products division of the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(b) Wages at a rate of not less than 42 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the glass decorating division of the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(c) Wages at a rate of not less than 42 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the mica division of the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(d) Wages at a rate of not less than 60 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the concrete pipe division of the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(e) Wages at a rate of not less than 75 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the hot asphaltic plant mix division of the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(f) Wages at a rate of not less than 50 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the general division of the stone, glass, and related products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

§ 678.2 *Notices of order.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the stone, glass, and related products industry in Puerto Rico shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Division may prescribe.

§ 678.3 *Definitions of the stone, glass, and related products industry in Puerto Rico and its divisions.* (a) The stone, glass, and related products industry in Puerto Rico, to which this part shall apply, is hereby defined as follows: The mining, quarrying, or other extraction and the further processing of all minerals (other than clay, metal ores, coal, petroleum, or natural gases) and the manufacture of products from such minerals, including, but without limitation, glass and glass products; dimension and cut stone; crushed stone, sand and gravel; abrasives; lime, concrete, gypsum, mica, plaster, and asbestos products; and the manufacture of products from bone, horn, ivory, shell, and other similar natural materials: *Provided, however,* That the definition shall not include the manufacture of chemicals, or the extraction of minerals used for such manufacture, or any product or activity included in the button, buckle, and jewelry industry, the cement industry, the clay and clay products industry, the construction, business service, motion picture, and miscellaneous industries, the jewel cutting and polishing industry, or the metal, plastics, machinery, instrument, transportation equipment and allied industries (as defined in the wage orders for these industries in Puerto Rico).

(b) The separable divisions of the industry, as defined in paragraph (a) of this section, to which this part shall apply, are hereby defined as follows:

(1) *Glass and glass products division.* The manufacture of glass and glass products except the decorating of glass or glass products when performed in a non-glass making establishment.

(2) *Glass decorating division.* The decorating of glass or glass products when performed in a non-glass making establishment.

(3) *Mica division.* The processing of mica and the manufacture of mica parts for radio, television, or other electronic tubes or for other electrical products.

(4) *Concrete pipe division.* The manufacture of concrete pipe or conduit.

(5) *Hot asphaltic mix division.* The manufacture of hot asphaltic plant mix for paving.

(6) *General division.* All products and activities included in the stone, glass, and related products industry, as defined in this section, except those included in the glass and glass products division, the glass decorating division, the mica division, the concrete pipe division, and the hot asphaltic mix division, as defined in this section.

Signed at Washington, D. C., this 28th day of January 1953.

WM. R. MCCOMB,
Administrator, Wage and Hour Division, United States Department of Labor.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ALASKA

NOTICE OF FILING OF PLAT OF SURVEY

JANUARY 26, 1953.

Notice is given that the plat of original survey of the following described lands, accepted April 30, 1952 will be officially filed in the Land Office, Anchorage, Alaska, effective at 10:00 a. m. on the 35th day after the date of this notice:

COPPER RIVER MERIDIAN

T. 28 S., R. 55 E., Completion of Section 22.

The area described contains 320.80 acres.

The land is located at Mile Post 28 of the Haines Cut-off Road, lying northwest of Haines, Alaska.

The land is relatively rugged, shallow soiled, with mature Hemlock and Sitka Spruce forming a complete cover. The shallow soil is composed of a light silt with high content of sand. Generally speaking, it is not considered agricultural.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a), as amended, home or headquarter site under the act of May 26, 1934 (48 Stat. 809, 48 U. S. C. 461), by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) applications under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under the paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statement in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent such regulations are applicable. Applications under the homestead and homesite laws shall be governed by the regulations contained in Parts 64, 65 and 166 of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land Office.

VIRGIL O. SEISER,
Manager.

[F. R. Doc. 53-1086; Filed, Feb. 2, 1953; 8:46 a. m.]

ALASKA

NOTICE OF FILING OF PLAT OF SURVEY

JANUARY 26, 1953.

Notice is given that the plat of original survey of the following described lands, accepted June 26, 1952, will be officially filed in the Land Office, Anchorage, Alaska, effective at 10:00 a. m., on the 35th day after the date of this notice:

SEWARD MERIDIAN

T. 14 N., R. 2 W., Sections 23 and 24.

The area described contains 1280 acres.

The lands are included in the withdrawal made by Executive Order 8102, of April 29, 1939, from settlement, location, sale, entry, and all forms of appropriation for use as a military reservation; section 24 is also reserved and classified for Power Site under section 24 of the act of June 10, 1920, by Power Site Classification 399 of March 29, 1950.

Anyone having a settlement or other right to any of these lands initiated prior to the date of the withdrawal of the lands should assert the same within three months from the date on which the plat is officially filed by filing application under the appropriate public land law, setting forth all facts relative thereto.

VIRGIL O. SEISER,
Manager.

Bureau of Reclamation

[No. 68]

YUMA IRRIGATION PROJECT, ARIZONA-CALIFORNIA

PUBLIC NOTICE OF ANNUAL OPERATION AND MAINTENANCE CHARGES AND ANNUAL WATER RENTAL CHARGES

JANUARY 5, 1953.

1. *Annual operation and maintenance charges for lands under public notice,*

Reservation Division. The minimum annual operation and maintenance charge for the calendar year 1953 and thereafter until further notice against all lands of the Reservation Division under public notice shall be $7.50 per irrigable acre, whether water is used or not, payment of which will entitle the water user to 7 acre-feet of water per acre on certain sandy areas shown on the list attached hereto and to public notice No. 64 and to 5 acre-feet of water per irrigable acre on all other lands of the division under public notice. Additional water, if available, will be furnished at the rate of $2.00 per acre-foot.

Where in the opinion of the Chief, Operations Division, Lower Colorado River District, it may be done without interference with other project requirements, upon written request filed in advance by a water user who is not delinquent in the payment of any operation and maintenance charges, water will be furnished free of charge for reclaiming lands by the usual methods: *Provided, however,* That lands for which free water was served during the preceding calendar year will not again be served free water in the absence of evidence satisfactory to the Chief, Operations Division that although the water so served free of charge during such preceding year was applied to the land in sufficient quantities over a period of not less than 3 months, the results accomplished during such preceding year were not satisfactory.

All minimum annual operation and maintenance charges shall be due and payable on July 1 of each year.

2. *Annual water rental charges for other lands, Reservation Division.* Irrigation water will be furnished during the calendar year 1953 and thereafter until further notice for lands in the Reservation Division not under public notice which can be irrigated from the present distribution system without further construction expense by the Bureau, upon a rental basis under approved applications for temporary water service, at the following rates: The minimum annual charge shall be $7.50 per irrigable acre, payment of which will entitle the applicant to 5 acre-feet of water per acre. Additional water, if available, will be furnished at the rate of $2.00 per acre-foot. All charges shall be payable in advance of the delivery of water. Refund will be made for additional water paid for but not used.

3. *Annual water rental charges for lands in the Valley Division not under public notice.* Irrigation water will be furnished during the calendar year 1953 and thereafter until further notice for lands in the Valley Division not under public notice which can be irrigated from the present distribution system without further construction expense by the United States, upon a rental basis under approved applications for temporary water service, at the following rates:

(a) The minimum annual charge shall be $16.00 per irrigable acre, payment of which will entitle the applicant to 5 acre-feet of water per irrigable acre. Additional water, if available, will be furnished at the rate of $1.50 per acre-foot.

(b) The charge per calendar year for each city or town lot having a maximum width not exceeding sixty (60) feet shall be $10.00. Where an applicant requests water service for more than one such lot in the same city or town the charge per calendar year for each additional lot shall be $4.00. Where lots exceed sixty (60) feet in width, each sixty (60) feet of additional width or fractional part thereof shall be considered as one additional lot.

All charges shall be payable in advance of the delivery of water. Refund will be made for additional water paid for under subdivision (a) hereof but not used.

4. *Penalties.* On all payments not made on or before the due dates, there shall be added on the following day a penalty of one-half of one percent of the amount unpaid and a like penalty of one-half of one percent of the amount unpaid on the first day of each calendar month thereafter so long as such default shall continue.

5. *Place of payment.* All payments should be made to the Agent-Cashier, Bureau of Reclamation, Yuma Air Base, or mailed to the Agent-Cashier, Bureau of Reclamation, Bin 151, Yuma, Arizona.

E. G. NIELSEN,
Regional Director.

The areas described, including both public and non-public lands, aggregate approximately 197,717 acres.

The public lands within portions of the above-described areas in the San Rafael Wild Area and the Santa Ynez Watershed were withdrawn, with other lands, by the act of April 20, 1936 (49 Stat. 1234) from location or entry under the United States mining laws, to conserve the water resources and to encourage reforestation of the watersheds of Santa Barbara County.

[Order 2714]

CALIFORNIA AND NEW MEXICO

NOTICE FOR FILING OBJECTIONS TO ORDER REGARDING OIL AND GAS LEASE APPLICATIONS FOR CERTAIN NATIONAL-FOREST LANDS TO BE REJECTED [1]

For a period of 30 days from the date of publication of the above entitled order, persons having cause to object to the terms thereof may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent, and extent. Should any objection be filed, whether or not a hearing is held, notice of the determination by the Secretary as to whether the order should be rescinded, modified, or let stand will be given to all interested parties of record and the general public.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

JANUARY 27, 1953.

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.166, as amended December 31, 1951; 16 F. R. 12043 and June 2, 1952; 17 F. R. 3818).

Blue Bell, Inc., Ruckersville, Va., effective 1-23-53 to 7-22-53; 50 learners for expansion purposes (dungarees).

Brookfield Manufacturing Co., Court Street, Plymouth, Mass., effective 1-26-53 to 1-25-54; five learners (dresses).

Campus Shirt Co., 130 East South Street, Barnesville, Ohio, effective 1-23-53 to 1-22-54; 10 percent of the productive factory force (sport shirts).

Carwood Manufacturing Co., Baldwin, Ga., effective 1-22-53 to 1-21-54; 10 percent of the productive factory force (men's and boys' cotton work shirts and work pants).

Carwood Manufacturing Co., Monroe, Ga., effective 1-19-53 to 1-18-54; 10 percent of the productive factory force (denim work clothing).

Carwood Manufacturing Co., Winder, Ga., effective 1-19-53 to 1-18-54; 10 percent of the productive factory force (men's and boys' work shirts and pants).

Carwood Manufacturing Co., Lavonia, Ga., effective 1-19-53 to 1-18-54; 10 percent of the productive factory force (men's and boys' work shirts and pants).

Carwood Manufacturing Co., Cornelia, Ga., effective 1-19-53 to 1-18-54; 10 percent of the productive factory force (men's and boys' work shirts).

Co-Ed Garment Co., De Sota, Mo., effective 1-26-53 to 7-25-53; 20 learners for expansion purposes (ladies' washable outer clothing).

Co-Ed Garment Co., Festus, Mo., effective 1-26-53 to 7-25-53; 15 learners for expansion purposes (dresses).

Co-Ed Garment Co., Festus, Mo., effective 1-26-53 to 1-25-54; 10 learners (dresses).

Cumberland Undergarment Co., Inc., Cumberland, Md., effective 1-25-53 to 1-24-54; 10 percent of the productive factory force engaged in the manufacture of ladies' slips, half slips, and gowns; learners to be engaged at subminimum wage rates in the manufacture of these items only (ladies' undergarments).

Dallastown Apparel Co., Inc., 223 West Walnut Street, Hazleton, Pa., effective 1-26-53 to 1-25-54; 10 learners (cotton dresses).

Frackville Manufacturing Co., Lebanon, Pa., effective 1-24-53 to 1-23-54; 10 learners or 10 percent of the productive factory force, whichever is greater (pajamas, night shirts, operating gowns, jean drawers).

General Garment Co., Virden, Ill., effective 1-19-53 to 1-18-54; 10 learners (dresses).

Hollywood-Maxwell Co., 302 North Walnut Street, Cameron, Mo., effective 1-23-53 to 1-22-54; 10 learners (brassieres).

McTague Manufacturing Co., Inc., Fifteenth and Pine Streets, Philipsburg, Pa., effective 1-26-53 to 7-25-53; five learners for expansion purposes (gabardine sport jackets, cotton drill convalescent coats, etc.).

Meyersdale Manufacturing Co., Meyersdale, Pa., effective 1-23-53 to 1-22-54; 10 percent of the productive factory force (shirts).

The Monarch Co., 383½ Whitehall Street SW., Atlanta, Ga., effective 1-26-53 to 1-25-54; 10 percent of the productive factory force (longies, jackets, shorts, shirts).

Perry Manufacturing Co., Box 349, Lowgap Road, Mount Airy, N. C., effective 1-26-53 to 7-25-53; 10 learners for expansion purposes (ladies' sportswear).

Perry Manufacturing Co., Box 349, Lowgap Road, Mount Airy, N. C., effective 1-26-53 to 1-25-54; 10 percent of the productive factory force (ladies' sportswear).

Publix Shirt Corp., Hazleton, Pa., effective 1-23-53 to 1-22-54; 10 percent of the productive factory force (men's dress shirts).

Quality First Shirt Co., 303 Market, Bridgeville, Del., effective 1-26-53 to 1-25-54; 10 learners (men's shirts).

Red Lion Manufacturing Co., 224-236 First Avenue, Red Lion, Pa., effective 1-27-53 to 1-26-54; 10 percent of the productive factory force; learners not to be engaged at subminimum wage rates in the production of skirts (sportswear, dresses, pajamas, and robes).

Reliance Manufacturing Co., "Premium" Factory, Seymour, Ind., effective 1-26-53 to 1-25-54; 10 percent of the productive factory force (dress shirts).

Sel Mor Garment Co., Inc., 1408 Locust Street, St. Louis, Mo., effective 1-26-53 to 1-25-54; 10 percent of the productive factory force (lingerie).

Sel Mor Garment Co., Inc., 1133 Washington Avenue, St. Louis, Mo., effective 1-26-53 to 1-25-54; 10 percent of the productive factory force (lingerie).

Seneca Sportswear Manufacturing Co., Leggett and Clark Streets, Scranton, Pa., effective 2-1-53 to 1-31-54; 10 learners (boys' and girls' outerwear).

Sunstate Slacks, Inc., 900 North Howard Avenue, Tampa 7, Fla., effective 1-22-53 to 7-21-53; 10 learners for expansion purposes (dress slacks).

Sunstate Slacks, Inc., 900 North Howard Avenue, Tampa 7, Fla., effective 1-22-53 to 1-21-54; 10 percent of the productive factory force (dress slacks).

The Warner Bros. Co., Malone, N. Y., effective 1-25-53 to 7-24-53; 25 learners for expansion purposes (corsets and brassieres).

The Warner Bros. Co., Malone, N. Y., effective 1–25–53 to 1–24–54; 10 percent of the productive factory force (corsets and brassieres).

Williamson-Dickie Manufacturing Co., Uvalde, Tex., effective 1–22–53 to 7–21–53; 100 learners for expansion purposes (work clothing).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as revised November 19, 1951; 16 F. R. 10733).

Amos Hosiery Mills, Inc., 328 Mangum Avenue, High Point, N. C., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

Amos & Smith Hosiery Co., Pilot Mountain, N. C., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

Burlington Mills Corp., Vance Hosiery Plant, Kernersville, N. C., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

Chadbourn Hosiery Mills, Inc., 401–409 South Sixth Avenue, Plant No. 5, Siler City, N. C., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

Crewe Hosiery Co., Inc., Crewe, Va., effective 1–25–53 to 1–24–54; five learners.

Damascus Hosiery Mills, Inc., Damascus, Va., effective 1–30–53 to 1–29–54; five learners.

Francis-Louise Full Fashion Mills, Inc., Valdese, N. C., effective 1–26–53 to 1–25–54; 5 percent of the productive factory force.

Great American Knitting Mills, Inc., Bechtelsville and Bally, Pa., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

Hollar Hosiery Mills, Inc., 5 First Avenue NW., Hickory, N. C., effective 1–25–53 to 1–24–54; five learners.

James Hosiery Mills, Inc., Greeneville, Tenn., effective 1–25–53 to 1–24–54; five learners.

Owen Osborne Hosiery Mills, Inc., Gainesville, Ga., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

The Robbins Knitting Co., Spruce Pine, N. C., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

S. & W. Hosiery Mills, Englewood, Tenn., effective 1–25–53 to 1–24–54; five learners.

United Hosiery Mills Corp., 2001 Wheeler Avenue, Chattanooga, Tenn., effective 1–31–53 to 1–30–54; 5 percent of the productive factory force.

Van Raalte Co., Inc., Athens, Tenn., effective 2–15–53 to 2–14–54; 5 percent of the productive factory force.

Windy City Knitting Mills, Inc., North Tenth Street, Hickory, N. C., effective 1–25–53 to 1–24–54; 5 percent of the productive factory force.

Knitted Wear Industry Learner Regulations (29 CFR 522.68 to 522.79, as amended January 21, 1952; 16 F. R. 12866).

Cumberland Undergarment Co., Inc., Cumberland, Md., effective 1–25–53 to 1–24–54; five learners; learners to be engaged at subminimum wage rates in the manufacture of ladies' panties only (knitted panties).

Moyer Knitting Mills, South Race Street, Richland, Pa., effective 1–28–53 to 1–27–54; three learners (knitted outerwear).

Jonathan A. Williams Co., 555 Carey Avenue, Wilkes-Barre, Pa., effective 1–20–53 to 1–19–54; eight learners (infants' layette sets).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.14).

Grace Richey Clarke Studio, 901 South Twenty-third Street, McAllen, Tex., effective 1–28–53 to 7–27–53; three learners; hand weaver; 320 hours at 65 cents per hour (handwoven reed and bamboo window blinds, handwoven table mats, and matching napkins, etc.).

Myrtle Hill Gardens, Route 1, Winston, Ga., effective 1–20–53 to 7–19–53; seven learners; floral arrangers making dish gardens and ming trees; 240 hours at 65 cents per hour (growing house plants, making dish gardens and ming trees).

The following special learner certificates were issued in Puerto Rico and the Virgin Islands to the companies hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Puerto Rico Fabrics, Inc., Naguabo, P. R., effective 1–20–53 to 7–19–53; three learners; machine fixers and loopers; each 240 hours at 30 cents per hour, 240 hours at 35 cents per hour (seamless hosiery for infants).

Virgin Islands Button Co., Inc., Charlotte Amalie, St. Thomas, V. I., effective 1–20–53 to 7–19–53; five learners; cutters; 480 hours at 35 cents per hour (button blanks).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 26th day of January 1953.

MILTON BROOKE,
Authorized Representative of the Administrator.

[Docket No. E–6472]

SOUTHERN UTAH POWER CO.

NOTICE OF APPLICATION

JANUARY 27, 1953.

Take notice that on January 26, 1953, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Southern Utah Power Company, a corporation organized under the laws of the State of Utah and doing business in said State, with its principal office at Cedar City, Utah, seeking an order authorizing the issuance of an unsecured note or notes payable to the order of the Chase National Bank of the City of New York or such other bank or banks from which the Company may borrow funds up to but not exceeding $100,000 face amount, bearing interest at a rate not in excess of 3¾ percent per annum and having maturity dates not later than March 1, 1955; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 16th day of February 1953, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

FEDERAL TRADE COMMISSION

[File No. 21–449]

INDUSTRIAL BAG AND COVER INDUSTRY

NOTICE OF HOLDING OF TRADE PRACTICE CONFERENCE

Notice is hereby given that a trade practice conference under the auspices of the Federal Trade Commission, will be held for the Industrial Bag and Cover Industry in Room 332, Federal Trade Commission Building, Pennsylvania Avenue at Sixth Street NW., Washington, D. C., on February 24, 1953, commencing at 10:00 a. m., e. s. t.

All persons, firms, corporations and organizations engaged in the business of manufacturing, or marketing in commerce, any of the following paper or paperboard products are considered members of the industry and are invited to participate in the conference proceedings: Mattress and sleeping-pad bags; bags used in shipping empty cans and containers; bags for protecting upholstered furniture while in storage or in transit; hand-made or semi-hand-made bags used as protective covering for brooms and other articles of unique shape; casket covers; tubing up to 12 inches in width; freight-car liners; various types of water-resistant case liners; and form-fitting packaging used as protective covering for objects of irregular shapes and sizes.

The conference and further proceedings in the matter will be directed toward the eventual establishment and promulgation by the Commission of trade practice rules for this industry under which unfair methods of competition, unfair or deceptive acts or practices, and other

trade abuses, may be eliminated and prevented.

Issued: January 29, 1953.

By direction of the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27749]

GLYCERINE FROM DALLAS AND HOUSTON, TEX., TO NEWARK, N. J.

APPLICATION FOR RELIEF

JANUARY 28, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedule listed below.

Commodities involved: Glycerine, other than crude, carloads.

From: Dallas and Houston, Tex.

To: Newark, N. J.

Grounds for relief: Rail competition, circuitous routes, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3967, Supp. 197.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD, *Acting Secretary.*

OFFICE OF DEFENSE MOBILIZATION

[CDHA 102]

HASTINGS, NEBRASKA, AREA

FINDING AND DETERMINATION OF CRITICAL DEFENSE HOUSING AREAS UNDER THE DEFENSE HOUSING AND COMMUNITY FACILITIES AND SERVICES ACT OF 1951

JANUARY 30, 1953.

Upon a review of the construction of new defense plants and installations, and the reactivation or expansion of operations of existing defense plants and installations, and the in-migration of defense workers or military personnel to carry out activities at such plants or installations and the availability of housing and community facilities and services for such defense workers and military personnel in the area set forth below, I find that all of the conditions set forth in section 101 (b) of the Defense Housing and Community Facilities and Services Act of 1951 (Pub. Law 139, 82d Cong., 1st Sess.) exist.

Accordingly, pursuant to section 101 of the Defense Housing and Community Facilities and Services Act of 1951 and by virtue of the authority vested in me by paragraph number 1 of Executive Order 10296 of October 2, 1951, I hereby determine that said area is a critical defense housing area.

Hastings, Nebraska, Area: (The area consists of all of Adams and Clay Counties, Nebraska.)

SECURITIES AND EXCHANGE COMMISSION

[File No. 7–1481]

H. L. GREEN CO., INC.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 28th day of January A. D. 1953.

In the matter of application by the Boston Stock Exchange for unlisted trading privileges in H. L. Green Company, Inc., Common Stock, $1 Par Value, File No. 7–1481.

The Boston Stock Exchange, pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F–1 thereunder, has made application for unlisted trading privileges in the Common Stock, $1 Par Value, of H. L. Green Company, Inc., a security registered and listed on the New York Stock Exchange.

Rule X-12F–1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available for public inspection at the Commission's principal office in Washington, D. C.

Notice is hereby given that, upon request of any interested person received prior to February 16, 1953, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[File No. 70–2981]

SOUTHERN COMPANY AND GEORGIA POWER COMPANY

NOTICE OF FILING REGARDING SALE OF COMMON STOCK BY SUBSIDIARY TO PARENT FOR CASH

JANUARY 28, 1953.

Notice is hereby given that a joint application-declaration has been filed with this Commission by the Southern Company ("Southern"), a registered holding company, and Georgia Power Company ("Georgia"), a public utility subsidiary of Southern. Applicants-declarants have designated sections 6 (b), 9 (a), 10 and 12 (f) of the act and Rule U-43 promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Georgia has an authorized common stock of 5,000,000 shares, no par value. There are now outstanding 4,796,000 of such shares, all of which are owned by Southern. Georgia proposes to issue and sell an additional 338,000 shares of common stock to Southern for a cash consideration of $6,000,000, of which $3,500,000 is to be received for 197,166 shares to be sold in February 1953 and $2,500,000 for 140,834 shares to be sold in March 1953. The price per share is slightly in excess of the book value, per share, of the issued and outstanding common stock as of November 30, 1952. Since there are only 204,000 shares of Georgia's common stock still unissued, Georgia proposes, prior to the issuance of common stock in excess of the amount now authorized, to take such steps as may be necessary to obtain an amendment of its charter which will increase the authorized number of shares of its common stock from 5,000,000 shares to 7,500,000 shares.

Georgia states that the proceeds from the sale of the shares of additional common stock will be used by Georgia to finance improvements, extensions, and additions to its utility plant.

The joint application-declaration states that the proposed issuance and sale of the shares of common stock by Georgia are subject to the jurisdiction of the Georgia Public Service Commission and that the expenses to be incurred in connection with the proposed transactions are estimated at $10,850, including counsel fees of $500.

It is requested that the Commission's order herein become effective upon issuance.

Notice is further given that any interested person may, not later than February 9, 1953, at 12:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his

interest and the issues of fact or law raised by said joint application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after 12:30 p. m. on February 9, 1953, said joint application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 53-1094; Filed, Feb. 2, 1953; 8:48 a. m.]

[File Nos. 70-2785, 70-2986]

STANDARD POWER AND LIGHT CORP. AND STANDARD GAS AND ELECTRIC CO.

NOTICE OF PROPOSED ACQUISITION BY PARENT OF PORTFOLIO SECURITIES OF SUBHOLDING COMPANY UNDERGOING LIQUIDATION AND PROPOSED ACQUISITION BY ANOTHER SUBHOLDING COMPANY FROM PARENT OF STOCK INTEREST IN SUCH SUBHOLDING COMPANY UNDERGOING LIQUIDATION

JANUARY 28, 1953.

In the matter of Standard Power and Light Corporation, File No. 70-2785; Standard Power and Light Corporation, Standard Gas and Electric Company, File No. 70-2986.

Notice is hereby given that applications-declarations have been filed with this Commission by Standard Power and Light Corporation ("Power"), a registered holding company, and its subsidiary, Standard Gas and Electric Company ("Standard"), also a registered holding company. Applicants-declarants have designated sections 6, 7, 9, 10, 11 and 12 of the act and Rules U-42, U-43, U-44 and U-46 promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Standard now owns 5,030,690 shares (96.9 percent) of the 5,190,852 11/12 outstanding shares of common stock of Philadelphia Company ("Philadelphia"), a registered holding company, the principal asset of which is 4,711,829 shares (78.5 percent) of the 6,000,000 outstanding shares of common stock of Duquesne Light Company ("Duquesne"), an electric utility company. Power, which holds approximately 54 percent of the common stock of Standard, owns 9,750 shares (0.2 percent) of Philadelphia's common stock, and the balance of 150,412 11/12 shares of Philadelphia common stock is held by the public.

Power, Standard and Philadelphia have all been ordered by the Commission to liquidate and dissolve. In order to effectuate compliance with the Commission's orders, various plans have been filed by Standard and Philadelphia pursuant to section 11 (e) of the act.

On November 28, 1952, a plan for the partial liquidation of Philadelphia became effective. (Holding Company Act Release No. 11400.) Under this plan, the Commission permitted Philadelphia to distribute to its common stockholders, as a dividend in kind, one share of Duquesne common stock for each five shares of outstanding Philadelphia common stock. Under this plan, Power is entitled to receive 1,950 shares of Duquesne common stock and it has filed an application herein for authority to acquire such stock (File No. 70-2785).

There is pending, before the Commission, a plan filed by Standard pursuant to section 11 (e) of the act, in further compliance with the required liquidation of Standard and Philadelphia (File No. 54-191). Step II-A of that plan provides, among other things, for the retirement of the Philadelphia common stock held by the public on the basis of 0.885 share of Duquesne common stock for each share of Philadelphia common stock. (See Holding Company Act Release No. 11657.) This basis was agreed upon by representatives of Standard and its stockholders and of the publicly held common stock of Philadelphia and reflects a settlement of certain claims of mismanagement advanced on behalf of the public stockholders against Standard. A hearing on the proposed retirement of the publicly held common stock of Philadelphia was duly held on January 28, 1953, and the matter is pending before the Commission for decision.

If Step II-A of the Standard plan is approved and consummated, the only stockholders of Philadelphia will be Standard and Power. The latter companies have filed a joint application-declaration herein (File No. 70-2986) wherein Standard proposes to purchase from Power the 9,750 shares of common stock of Philadelphia held by Power at a price of $24 per share, its approximate market price on the filing date (January 15, 1953), or an aggregate of $234,000. The proposed purchase will not affect Power's right to 2/10 of a share of common stock of Duquesne for each such share of Philadelphia common stock it now holds pursuant to the aforementioned plan for the partial liquidation of Philadelphia.

In connection with the proposal of Standard to acquire Power's holdings of common stock of Philadelphia, the filing states that such transaction and the consummation of Step II-A of the Standard plan which provides for the retirement of the publicly held common stock of Philadelphia, will result in the ownership by Standard of all the outstanding common stock of Philadelphia and that such ownership will greatly facilitate the ultimate liquidation of Standard and Philadelphia.

Notice is further given that any interested person may, not later than February 16, 1953, at 5:30 p. m., request the Commission in writing that a hearing be held on such matters, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by such applications-declarations which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time thereafter said applications-declarations as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rule U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 53-1095; Filed, Feb. 2, 1953; 8:49 a. m.]

[File No. 70-2924]

APPALACHIAN ELECTRIC POWER CO.

ORDER RELEASING JURISDICTION OVER LEGAL FEES AND EXPENSES

JANUARY 28, 1953.

The Commission, by order dated September 15, 1952, and by supplemental order dated September 24, 1952, having granted the application, as amended, of Appalachian Electric Power Company ("Appalachian"), an electric utility subsidiary of American Gas and Electric Company, a registered holding company, with respect to the issuance and sale by Appalachian of $17,000,000 principal amount of First Mortgage Bonds ____ percent Series, due 1982 and $6,000,000 aggregate principal amount of ____ percent Serial Notes due 1956-1967, pursuant to the competitive bidding requirements of Rule U-50; and

The said order and supplemental order having reserved jurisdiction with respect to the fees and expenses of counsel by reason of the fact that the record, with respect to these items, had not been completed; and

The record having been completed with respect to these matters, setting forth the following legal fees:

	Bonds	Serial notes	Total
Simpson Thacher & Bartlett (counsel for Appalachian)	$9,250	$3,250	$12,500
Hunton, Williams, Anderson, Gay & Moore (Virginia counsel to Appalachian)	5,000	1,500	6,500
Campbell, McClintic, James & Weise (West Virginia counsel to Appalachian)	2,000	-------	2,000
Penn, Hunter, Smith & Davis (Tennessee counsel to Appalachian)	1,750	-------	1,750
Winthrop, Stimson, Putnam & Roberts (counsel for the purchasers, fee to be paid by purchasers)	5,000	2,500	7,500

The Commission having examined the record herein and finding that the fees of counsel, as proposed, are not unreasonable, and that it is appropriate to release jurisdiction with respect thereto:

It is hereby ordered, That jurisdiction heretofore reserved with respect to

fees and expenses of counsel be, and the same hereby is, released.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

DEPARTMENT OF JUSTICE

Office of Alien Property

[Vesting Order 19158]

J. HENRY JUNGHENN

In re: Estate of J. Henry Junghenn, a/k/a John Henry Junghenn, Deceased. File No. D–28–13148.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1–40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That the domiciliary personal representatives, heirs-at-law, next-of-kin, legatees and distributees, names unknown, of Elisabetha M. Schott, deceased, and of Maria W. Knoll, deceased, who there is reasonable cause to believe are and on or since December 11, 1941, and prior to January 1, 1947, were residents of Germany, are and prior to January 1, 1947, were nationals of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraph 1 hereof, and each of them, in and to the estate of J. Henry Junghenn, also known as John Henry Junghenn, deceased, presently being administered by Howard Richard, as administrator d. b. n., acting under the judicial supervision of the Orphans' Court of Philadelphia County, Philadelphia, Pennsylvania, is property which is, and prior to January 1, 1947, was payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the persons identified in subparagraph 1 hereof be treated as persons who are and prior to January 1, 1947, were nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on January 29, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 53–1114; Filed, Feb. 2, 1953; 8:52 a. m.]

[Vesting Order 19159]

JULIA DORA HOTZ

In re: Stock owned by and debt owing to the personal representatives, heirs, next of kin, legatees and distributees of Julia Dora Hotz, deceased, also known as Julia Dora Fries Hotz.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1–40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of Julia Dora Hotz, deceased, also known as Julia Dora Fries Hotz, who there is reasonable cause to believe on or since January 11, 1941, and prior to January 1, 1947, were residents of Germany, are, and prior to January 1, 1947, were nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. One hundred and two (102) shares of $25.00 par value capital stock of The Texas Company, 135 East 42nd Street, New York 17, New York, evidenced by certificate numbered 346495 for 100 shares and TO391085 for 2 shares, together with all declared and unpaid dividends,

b. One hundred two-hundredths (100/200ths) of a share of $25.00 par value capital stock of The Texas Company, 135 East 42nd Street, New York 17, New York, evidenced by certificate numbered S20–17892, together with all declared and unpaid dividends and

c. That certain debt or other obligation of The Texas Company, 135 East 42nd Street, New York 17, New York, representing income and accretions on the property described in subparagraphs 2 (a) and 2 (b) hereof and arising out of the proceeds from the sale of rights applicable to capital stock issued by said Company, together with any and all accruals to the aforesaid debt or other obligation and any and all rights to demand, enforce and collect the same,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by the personal representatives, heirs, next of kin, legatees, and distributees of Julia Dora Hotz, deceased also known as Julia Dora Fries Hotz, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the persons referred to in subparagraph 1 hereof, be treated as persons who are and prior to January 1, 1947, were nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on January 29, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

FEDERAL REGISTER

VOLUME 18 NUMBER 23

Washington, Wednesday, February 4, 1953

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 70—GRADING AND INSPECTION OF POULTRY AND EDIBLE PRODUCTS THEREOF; AND UNITED STATES CLASSES, STANDARDS, AND GRADES WITH RESPECT THERETO

MISCELLANEOUS AMENDMENTS

Notice of a proposed amendment to the regulations governing the grading and inspection of poultry and edible products thereof and United States classes, standards, and grades with respect thereto (7 CFR Part 70) was published on July 30, 1952, in the FEDERAL REGISTER (17 F. R. 6964). The amendment hereinafter promulgated is pursuant to authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act, 1953 (Pub. Law 451, 82d Cong., approved July 5, 1952).

The amendment grants the Administrator a greater discretion in the rejection of applications for grading or inspection service and for the denial of such service to persons presently receiving the service. This amendment is deemed necessary to protect and maintain the integrity of, and public confidence in, the grading and inspection service.

After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the amendment hereinafter set forth is promulgated to become effective thirty (30) days following publication in the FEDERAL REGISTER.

The amendment is as follows:

1. Amend paragraph (f), § 70.6 *Applying for grading service or inspection service,* to read as follows:

(f) *Rejection of application.* Any application for grading or inspection service may be rejected by the Administrator (1) whenever the applicant fails to meet the requirements of the regulations prescribing the conditions under which the service is made available; (2) whenever the product is owned by or located on the premises of a person currently denied the benefits of the act; (3) where any individual holding office or a responsible position with or having a substantial financial interest or share in the applicant is currently denied the benefits of the act or was responsible in whole or in part for the current denial of the benefits of the act to any person; or (4) where he determines that the application is an attempt on the part of a person currently denied the benefits of the act to obtain grading or inspection service. Each such applicant shall be notified promptly of the reasons for the rejection. A written petition for reconsideration of such rejection may be filed by the applicant with the Administrator within 10 days after notice of the rejection. Such petition shall state specifically the errors alleged to have been made by the Administrator in rejecting the application. Within 20 days following the receipt of such a petition for reconsideration, the Administrator shall approve the application or notify the applicant of the reasons for the rejection thereof.

2. Amend § 70.7 *Denial of service* to read as follows:

§ 70.7 *Denial of service.* (a) The following acts or practices may be deemed sufficient cause for the debarment of any person by the Administrator from any or all benefits of the act for a specified period after notice and opportunity for hearing has been accorded him:

(1) *Misrepresentation, deceptive, or fraudulent acts or practices.* Any wilful misrepresentation or any deceptive or fraudulent act or practice found to be made or committed by any person in connection with:

(i) The making or filing of any application for any grading service or inspection service, appeal or regrading service;

(ii) The making of the product accessible for grading or inspection;

(iii) The use of any grading certificate or inspection certificate issued pursuant to the regulations in this part or the use of any official stamp, label, or identification;

(iv) The use of the terms "United States," or "U. S." in conjunction with the grade of the product:

(v) The use of any of the aforesaid terms or an official stamp, label, or iden-

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

tification in the labeling or advertising of any product; or

(vi) The use of the terms "Government graded," "Federal-State graded," "U. S. inspected," "Government inspected," or terms of similar import in the labeling or advertising of any product.

(2) *Use of facsimile forms.* The unauthorized use of a form which simulates in whole or in part any official certificate, stamp, label, or identification authorized to be issued or used under the regulations in this part to evidence the inspection or grade of any product.

(3) *Wilful violation of the regulations.* Any wilful violation of the regulations in this part.

(4) *Interfering with a grader or inspector.* Any interference with or obstruction of any grader or inspector in the performance of his duties by intimidation, threat, bribery, assault or any other improper means.

(5) *Misleading labeling.* The use of the terms "Government graded," "Federal-State graded," or terms of similar import in the labeling of any product without stating in the label the U. S. grade of the product as determined by an authorized grader.

(6) *Miscellaneous.* The existence of any of the conditions set forth in § 70.6 (f) constituting a basis for the rejection of an application for grading or inspection service.

(b) Whenever the Administrator has reason to believe that any person, or his employee, agent, or representative has flagrantly or repeatedly committed any of the acts or practices specified in paragraph (a) of this section, he may without hearing, direct that the benefits of the act be denied such person pending investigation and hearing. A written petition for reconsideration of such interim denial may be filed with the Administrator by any person so denied the benfits of the act within 10 days after notice of the interim denial. Such petition shall state specifically the errors alleged to have been made by the Administrator in denying the benefits of the act pending investigation and hearing. Within 20 days following the receipt of such a petition for reconsideration, the Administrator shall reinstate the benefits of the act or notify the petitioner of the reasons for continued interim denial.

3. Delete § 70.8 *Interfering with a grader or inspector.*

(Sec. 205, 60 Stat. 1090, Pub. Law 451, 82d Cong.; 7 U. S. C. 1624)

Issued at Washington, D. C., this 30th day of January 1953.

MISCELLANEOUS AMENDMENTS

Pursuant to the authority vested in the Secretary of Agriculture under sections 7–17 of the Soil Conservation and Domestic Allotment Act and Public Law 371,

82d Congress, the 1953 Farm Land Restoration Program, issued June 6, 1952 (17 F. R. 5306), is amended as follows:

1. Section 707.204 is amended by revising the third sentence to read as follows:

§ 707.204 *Eligible restoration practices.* * * * Only those practices which are approved for a farm by the county committee on or before December 31, 1953, and which are carried out during the period April 15, 1952, through December 31, 1953, will be eligible for assistance on the farm. * * *

2. Section 707.250 is amended by revising paragraph (j) to read as follows:

§ 707.250 *Definitions.* * * *

(j) "Program year" means the period April 15, 1952, through December 31, 1953.

3. Section 707.253 (a) is amended to read as follows:

§ 707.253. *Applicability.* (a) The provisions of this program are applicable in the following counties:

Iowa. Fremont, Harrison, Mills, Monona, West Pottawattamie, Woodbury.

Kansas. Atchison, Doniphan, Leavenworth, Wyandotte.

Minnesota. Aitkin, Benton, Brown, Carver, Dakota, Hennepin, Lac qui Parle, LeSueur, Lyon, Nicollet, Renville, Scott, Sibley, Swift, Traverse, Yellow Medicine.

Missouri. Andrew, Atchison, Boone, Buchanan, Callaway, Carroll, Chariton, Clay, Cole, Cooper, Franklin, Gasconade, Holt, Howard, Jackson, Lafayette, Moniteau, Montgomery, Osage, Platte, Ray, St. Charles, St. Louis, Saline, Warren.

Montana. Blaine, Hill, Phillips, Valley.

Nebraska. Boyd, Burt, Cass, Cedar, Dakota, Dixon, Douglas, Knox, Nemaha, Otoe, Richardson, Sarpy, Thurston, Washington.

North Dakota. Billings, Burleigh, Emmons, Golden Valley, McKenzie, McLean, Mercer, Morton, Oliver, Slope, Williams.

South Dakota. Armstrong, Beadle, Bon Homme, Brookings, Brown, Brule, Buffalo, Campbell, Charles Mix, Clay, Corson, Davison, Dewey, Gregory, Hughes, Hutchison, Lyman, McCook, Minnehaha, Moody, Potter, Sanborn, Spink, Stanley, Sully, Tripp, Turner, Union, Walworth, Yankton. The provisions of this program are also applicable in the following additional counties in South Dakota, but program assistance in these counties is limited to repair or rehabilitation of livestock water dams and spillways and other structures connected with these dams: Butte, Edmunds, Faulk, Haakon, Hand, Harding, Hyde, Jones, McPherson, Meade, Perkins, Ziebach.

Utah. Box Elder, Cache, Carbon, Davis, Duchesne, Emery, Juab, Morgan, Salt Lake, Sanpete, Sevier, Summit, Tooele, Uintah, Utah, Weber.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interpret or apply secs. 7–17, 49 Stat. 1148, as amended; Pub. Law 371, 82d Cong.; 16 U. S. C. 590g–590q)

Done at Washington, D. C., this 30th day of January 1953.

[SEAL] EZRA TAFT BENSON,
Secretary of Agriculture.

[F. R. Doc. 53–1182; Filed, Feb. 3, 1953; 8:55 a. m.]

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 904—MILK IN THE GREATER BOSTON MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Correction

In F. R. Doc. 53–1110, appearing on page 665 of the issue for Saturday, January 31, 1953, the following change should be made:

In the thirty-first line of the second column on page 665, "$5.68" should read "$5.65".

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

MISCELLANEOUS AMENDMENTS

Notice was published in FEDERAL REGISTER issue of January 6, 1953 (18 F. R. 120), that the Department was giving consideration to the proposed amendment of the rules and regulations (7 CFR 936.100 et seq.; Subpart—Rules and Regulations; 17 F. R. 541) currently in effect pursuant to the amended marketing agreement and Order No. 36 (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice which were submitted by the Control Committee (established pursuant to said amended marketing agreement and order as the agency to administer the provisions thereof), it is hereby found and determined that the changed representation on the Elberta Peach Commodity Committee is based, so far as practicable, upon the proportionate quantity of Elberta peaches shipped from the respective districts during the preceding three seasons. The approval of the amendment, as hereinafter set forth, of said rules and regulations is in accordance with the provisions of said amended marketing agreement and order and will tend to effectuate the declared purposes of the Agricultural Marketing Agreement Act of 1937, as amended. Such amendment is hereby approved; and the said rules and regulations are amended as follows:

1. Delete § 936.102 *Terms* and insert, in lieu thereof, the following new sections:

§ 936.102 *Elberta peaches.* "Elberta peaches" as used in this part means Regular Elbertas (also known as Rumphs, Old Elbertas, and Late Elbertas) and the following peaches, commonly referred to as strains of Elberta peaches:

(a) Early Elbertas (also known as Gleason Elbertas and Early Fays);

(b) Fay Elbertas (also known as Gold Medals and Golden Elbertas); and

(c) Burbank July Elbertas (Plant Patent No. 15) (also known as Early Elbertas, Burbank Elbertas, Burbanks, Jewels, Kim Elbertas, July Elbertas, Bodines, Brentwood Beautys, Burnetts, June Elbertas, Golden Elbertas, Mulberrys, Socalas, and California Elbertas, and by other synonyms).

§ 936.103 *Terms.* All other terms used in this subpart shall have the same meaning as when used in the marketing agreement and order.

2. Amend the provisions of § 936.117 to read as follows:

§ 936.117 *Changes in the representation of certain districts on Elberta Peach Commodity Committee.* The representation or membership on the Elberta Peach Commodity Committee is changed to provide for:

(a) Three (3) members to represent the area included in the Fresno District;

(b) Two (2) members to represent the area included in the Tulare District and Kern District;

(c) One (1) member to represent the area included in the Stanislaus District; and

(d) One (1) member to represent all of the territory in California not included in the foregoing districts.

It is hereby further found that it is impracticable and contrary to the public interest to postpone the effective date hereof until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) meetings of growers have been scheduled for the purpose of nominating successors to the members and alternate members of the three commodity committees pursuant to §§ 936.20 through 936.23 of the amended marketing agreement and order; (2) it is essential that the aforesaid amendment be issued immediately so as to enable the Control Committee effectively to perform its duties in accordance with said amended marketing agreement and order; (3) handlers have been notified of the adoption, and recommendation to the Secretary, by said committee of the aforesaid amendment and were afforded the opportunity to submit written data, views, or arguments with respect thereto; and (4) the changes effectuated by the aforesaid amendment do not require of handlers any special preparation therefor which cannot be completed by the effective time hereof.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Issued this 30th day of January 1953, to be effective upon the date of publication in the FEDERAL REGISTER.

[SEAL] EZRA TAFT BENSON,
Secretary of Agriculture.

[F. R. Doc. 53–1146; Filed, Feb. 3, 1953; 8:50 a. m.]

TITLE 15—COMMERCE AND FOREIGN TRADE

Chaper III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[6th Gen. Rev. of Export Regs., Amdt. 30 [1]]

PART 376—PERIODIC REQUIREMENTS LICENSE

COMMODITIES SUBJECT TO PERIODIC REQUIREMENTS LICENSE

Section 376.51 *Supplement 1; Commodities subject to Periodic Requirements License* is amended by adding thereto the following commodities:

Dept. of Commerce Schedule B No.	Commodity
732000	Parts and accessories, n. e. c., specially fabricated for well drilling machines.
766950	Controls, regulators, indicators, meters, and timers, for ventilating, air conditioning, commercial refrigeration and air cooling equipment; and specially fabricated parts, n. e. c.
766970	Specially fabricated parts, n. e. c., for industrial indicating, recording, or controlling instruments for pressure, flow, temperature, humidity or gas analysis.
790013	Motor trucks and truck chassis, including truck tractors, gasoline (new), 5,000 pounds gross vehicle weight and under: commercial, front and rear axle drive, or multiple reat axle drive.
790023	Motor trucks and truck chassis, including truck tractors, gasoline (new), 5,000 to 10,000 pounds gross vehicle weight: commercial, front and rear axle drive, or multiple rear axle drive.
790033	Motor trucks and truck chassis, including truck tractors, gasoline (new), 10,001 to 14,000 pounds gross vehicle weight: commercial, single rear axle drive only; commercial, front and rear axle drive, or multiple rear axle drive.
790043	Motor trucks and truck chassis, including truck tractors, gasoline (new), 14,001 to 16,000 pounds gross vehicle weight: commercial, single rear axle drive ouly; commercial, front and rear axle drive, or multiple rear axle drive.
790053	Motor trucks and truck chassis, including truck tractors, gasoliue (new), 16,001 to 19,500 pounds gross vehicle weight: commercial, single rear axle drive ouly; commercial, front and rear axle drive, or multiple rear axle drive.
790063	Motor trucks and truck chassis, including truck tractors, gasoline (new), 19,501 pounds gross vehicle weight and over: commercial, single rear axle drive only; commercial, front aud rear axle drive, or multiple rear axle drive.
790083	Motor trucks and truck chassis, including truck tractors, Diesel and semi-Diesel (new), 19,500 pounds gross vehicle weight, and under: commercial, single rear axle drive only; commercial, front aud rear axle drive, or multiple rear axle drive.
790093	Motor trucks and truck chassis, iucluding truck tractors, Diesel and semi-Diesel (new), 19,501 pounds gross vehicle weight, and over: commercial, single rear axle drive only; commercial, front and rear axle drive, or multiple rear axle drive.
790553	Motor busses and bus chassis, gasoline (new): commercial, single rear axle drive only; eommercial, front and rear axle drive, or multiple rear axle drive.
790563	Motor busses and bus chassis, Diesel and semi-Diesel (new): commercial; siugle rear axle drive only; commercial, front and rear axle drive, or multiple rear axle drive.
790763	Passenger cars and chassis (new): Nonmilitary, front and rear axle drive only.
791205	Parts and accessories specifically ordered and invoiced as original equipment for passenger, eommercial, and military vehicles previously shipped (include only normal and usual parts and accessories for wbich no additional charge is being made—sucb items having heen either in sbort supply or inadvortently omitted at tbe time of the original shipment of the vehicles).

(Sec. 3, 63 Stat. 7; 65 Stat. 43; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR 1948 Supp.)

This amendment shall become effective as of January 29, 1953.

LORING K. MACY,
Director, Office of International Trade.

[F. R. Doc. 53-1181; Filed, Feb. 3, 1953; 8:55 a. m.]

[1] This amendment was published in Current Export Bulletin No. 692, dated January 29, 1953.

[6th Gen. Rev. of Export Regs., Amdt. P. L. 28 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The following revisions are made in commodity descriptions:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
733950	Petroleum field production equipment, n.e.c., and specially fabricated parts, n.e.c. (specify by name) (report oil-country tubular products in 606210-606260).[1]	---	MINE	100	RO
919068★	Analytical balances, including semi-micro balances, microchemical balances, assay balances, quartz fiber microbalances, and electronic balances (excludes: torsion balances; single, double and triple beam balances; spring balances; pulp balances; and specific gravity balances).[2]	No.	SATE	None	RO

★ The commodities described in this Positive List entry are excepted from the provisions of General In-Transit License GIT. See § 371.9 (c) of this subchapter.

[1] The above revised entry is substituted for the entry presently on the Positive List under Schedule B No. 733950. The effect of this revision is to clarify the coverage and makes no substantive change.

[2] The above revised entry is substituted for the entry presently on the Positive List under Sebedule B No. 919068. The effect of tbis revision is to clarify the coverage aud makes no substantive chauge.

This part of the amendment shall become effective as of January 29, 1953.

2. The dollar value limit in the column headed "GLV dollar-value limit" set forth opposite the commodities listed below is amended to read as follows:

Dept. of Commerce Schedule B No.	Commodity	GLV dollar-value limits
	Platinum and allied metals:	
692000	Platinum ore and concentrates	25
692205	Platinum and alloys in ingots, bars, sheets, anodes and other forms, including scrap.	25
692209	Paladium, rhodium, iridium, osmiridium, ruthenium, aud osmium metal and alloys.	50
692990	Platinum manufactures, n. e. c. (including platinum-plated manufactures and platinum catalysts) (specify by name and platinum content).	25
692990	Platinum allied metal manufactures, n. e. c. (including plated) (specify by name and platinum allied metal content).	50

This part of the amendment shall become effective as of 12:01 a. m., January 29, 1953.

3. The following commodity is removed from the group of commodities excepted from the General In-Transit License (GIT) procedure (§ 371.9 (c) of this subchapter). Accordingly, the star (★) following the Schedule B number and the footnote related thereto are deleted:

Dept. of Commerce Schedule B No.	Commodity
547210	Graphite, natural: Amorphous (specify carbon content and country of origiu).

This part of the amendment shall become effective as of 12:01 a. m., January 29, 1953.

4. The following commodities are made subject to the IC/DV procedure (see § 373.34 of this subchapter) and to the dollar-limit (DL) restrictions (see § 374.2 (e) of this subchapter), respectively. Accordingly the letters "A" and "B" are inserted in the column headed "Commodity Lists" opposite those commodities:

Dept of Commerce Schedule B No.	Commodity
664526	Cobalt: Cobalt dental alloys (formerly 915590).

This part of the amendment shall become effective as of March 16, 1953, as to the IC/DV procedure (see § 373.34 of this subchapter); and effective as of February 28, 1953, as to the dollar-limit (DL) restrictions.

(Sec. 3, 63 Stat. 7; 65 Stat. 43; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR 1945 Supp; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR 1948 Supp.)

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 53190]

PART 8—LIABILITY FOR DUTIES; ENTRY OF IMPORTED MERCHANDISE

PART 24—CUSTOMS FINANCIAL AND ACCOUNTING PROCEDURE

REQUIREMENTS ON ENTRY; RECEIPTS

1. The keeping of entry records on customs Form 5101 serves little or no purpose in some districts. However, in other districts the keeping of these records serves a useful purpose. In order that collectors may dispense with the maintenance of files of customs Form 5101 for use as a memorandum entry record at ports where such records are not needed, the requirement that the importer prepare and present a copy of such form shall be at the discretion of the collector. Accordingly, and in order that pertinent regulations may be under appropriate subject matter, § 8.8 of the Customs Regulations of 1943 (19 CFR 8.8), as amended, is hereby further amended by redesignating paragraphs (c), (d), (e), (f), (g), and (h), as paragraphs (d), (e), (f), (g), (h), and (i), respectively, and inserting a new paragraph (c) to read as follows:

§ 8.8 *Requirements on entry.* * * *

(c) When required by the collector as a memorandum entry record for purposes of local administration, a copy of customs Form 5101 shall be prepared and presented by the importer with each formal or appraisement entry, except those covering shipments declared to be for more than one actual owner.

(R. S. 161, 251, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 19 U. S. C. 66, 1624. Interprets or applies sec. 484, 46 Stat. 722, as amended; 19 U. S. C. 1484)

2. To conform to the amendment of § 8.8 of the regulations (19 CFR 8.8), and to eliminate duplication of matter now contained in § 25.16 of the regulations (19 CFR 25.16), § 24.9 of the Customs Regulations of 1943 (19 CFR 24.9), as amended, is hereby further amended to read as follows:

§ 24.9 *Receipts.* When an importer desires a receipt for duties or taxes paid on a formal or appraisement entry, he shall prepare and present with the entry a copy of customs Form 5101, for such purpose.

(R. S. 161, 251, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 19 U. S. C. 66, 1624)

[SEAL] D. B. STRUBINGER,
Acting Commissioner of Customs.

Approved: January 28, 1953.

A. N. OVERBY,
Acting Secretary of the Treasury.

[F. R. Doc. 53-1171; Filed, Feb. 3, 1953; 8:52 a. m.]

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5976; Regs. 111]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

COMPENSATION OF CERTAIN MEMBERS OF THE ARMED FORCES; ABATEMENT OF INCOME TAX FOR SUCH MEMBERS UPON DEATH

On December 13, 1952, notice of proposed rule making, regarding amendments to the income tax regulations made necessary by sections 305 and 334 of the Revenue Act of 1951, approved October 20, 1951, was published in the FEDERAL REGISTER (17 F. R. 11340). No objection to the rules proposed having been received, the amendments to Regulations 111 (26 CFR Part 29) set forth below are hereby adopted:

PARAGRAPH 1. There is inserted immediately preceding § 29.22 (b) (13)-1 the following:

SEC. 305. COMPENSATION OF CERTAIN MEMBERS OF THE ARMED FORCES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *Amendment of section 22 (b) (13).* Section 22 (b) (13) (relating to exclusion from gross income of compensation of certain members of the armed forces) is hereby amended by striking out subparagraphs (A) and (B) and inserting in lieu thereof the following:

(A) *Enlisted personnel.* Compensation received for active service as a member below the grade of commissioned officer in the armed forces of the United States for any month during any part of which such member—

(i) Served in a combat zone after June 24, 1950, and prior to January 1, 1954, or

(ii) Was hospitalized as a result of wounds, disease, or injury incurred while serving in a combat zone prior to January 1, 1954; but this clause shall not apply for any month during any part of which there are no combatant activities in any combat zone as determined under subparagraph (C) (iii) of this paragraph.

(B) *Commissioned officers.* So much of the compensation as does not exceed $200 received for active service as a commissioned

officer in the armed forces of the United States for any month during any part of which such officer—

(i) Served in a combat zone after June 24, 1950, and prior to January 1, 1954, or

(ii) Was hospitalized as a result of wounds, disease, or injury incurred while serving in a combat zone prior to January 1, 1954; but this clause shall not apply for any month during any part of which there are no combatant activities in any combat zone as determined under subparagraph (C) (iii) of this paragraph.

(b) *Definition of service in combat zone.* Clause (iii) of section 22 (b) (13) (C) is hereby amended by striking out "such zone; and" and inserting in lieu thereof "such zone, except that June 25, 1950, shall be considered the date of the commencing of combatant activities in the combat zone designated in Executive Order 10195; and".

* * * * *

(d) *Effective dates.* The amendments made by subsections (a) and (b) shall be applicable to taxable years ending after June 24, 1950. * * *

PAR. 2. Section 29.22 (b) (13)–2, as added by Treasury Decision 5832, approved March 8, 1951, is hereby amended as follows:

(A) By changing the headnote and paragraphs (a) and (b) thereof to read as follows:

§ 29.22 (b) (13)–2 *Compensation of members of the armed forces of the United States for service in a combat zone after June 24, 1950, and prior to January 1, 1954, or for service while hospitalized as a result of such combat-zone service.* In addition to the exemptions and credits otherwise applicable, section 22 (b) (13) provides that there shall be excluded from gross income:

(a) Compensation received for active service as a member below the grade of commissioned officer in the armed forces of the United States for any month during any part of which such member (1) served in a combat zone after June 24, 1950, and prior to January 1, 1954, or (2) was hospitalized at any place as a result of wounds, disease, or injury incurred while so serving provided that during all of such month there are combatant activities in some combat zone.

(b) In the case of compensation received for active service as a commissioned officer in the armed forces of the United States for any month during any part of which such officer (1) served in a combat zone after June 24, 1950, and prior to January 1, 1954, or (2) was hospitalized at any place as a result of wounds, disease, or injury incurred while so serving: *Provided,* That during all of such month there are combatant activities in some combat zone, so much of such compensation as does not exceed $200.

The exclusions under section 22 (b) (13) and this section are applicable only if active service is performed in a combat zone after June 24, 1950, and prior to January 1, 1954. Compensation is subject to exclusion whether or not it is received outside a combat zone or while the recipient is hospitalized or in a year (including a year after 1953) different from that in which the service was rendered for which the compensation is paid. Service is performed in a combat zone only if it is performed in an area which the President of the United States has designated by Executive order, for the purpose of section 22 (b) (13), as an area in which armed forces of the United States are or have (after June 24, 1950) engaged in combat, and only if it is performed on or after the date designated by the President by Executive order as the date of the commencing of combatant activities in such zone (except that the date June 25, 1950, in the combat zone designated in Executive Order 10195, shall be considered the date of the commencing of combatant activities in such zone) and on or before the date designated by the President by Executive order as the date of the termination of combatant activities in such zone. If a member of the armed forces serves in a combat zone or is hospitalized for any part of a month, he is entitled to the exclusion for such month to the same extent as if he had served in such zone, or had been hospitalized, for the entire month.

(B) By adding after the first undesignated paragraph following paragraph (b) thereof the following:

If an individual is hospitalized for a wound, disease, or injury while serving in a combat zone, the wound, disease, or injury will, unless the contrary clearly appears, be presumed to have been incurred while serving in a combat zone. In certain cases, however, a wound, disease, or injury may have been incurred while serving in a combat zone even though the individual was not hospitalized for it while so serving. And, in exceptional cases, a wound, disease, or injury will not have been incurred while serving in a combat zone even though the individual was hospitalized for it while so serving.

These principles may be illustrated by the following examples:

Example (1). An individual is hospitalized in a combat zone for a specific disease after having served in such zone for three weeks. The incubation period of such disease is from two to four weeks. Such disease was incurred while serving in the combat zone.

Example (2). The facts are the same as in example (1) except that the incubation period is one year. Such disease was not incurred while serving in the combat zone.

Example (3). A member of the Air Force, stationed outside the combat zone, is shot while participating in an aerial flight over the combat zone, but is not hospitalized until he returns to his home base. Such injury was incurred while serving in a combat zone.

Example (4). An individual is hospitalized for a specific disease three weeks after having departed from a combat zone. The incubation period of such disease is from two to four weeks. Such disease was incurred while serving in a combat zone.

An individual is hospitalized only until such time as his status as a hospital patient ceases by reason of his discharge from the hospital.

PAR. 3. There is inserted immediately following § 29.153–4, as added by Treasury Decision 5838, approved April 17, 1951, the following:

SEC. 334. ABATEMENT OF INCOME TAX FOR CERTAIN MEMBERS OF ARMED FORCES UPON DEATH (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

Supplement D of chapter 1 of the Internal Revenue Code (relating to returns and payment of tax) is hereby amended by adding at the end thereof the following new section:

SEC. 154. INCOME TAXES OF MEMBERS OF ARMED FORCES UPON DEATH.

In the case of any individual who dies after June 24, 1950, and prior to January 1, 1954, while in active service as a member of the Armed Forces of the United States, if such death occurred while serving in a combat zone (as determined under section 22 (b) (13)) or as a result of wounds, disease, or injury incurred while so serving—

(a) The tax imposed by this chapter shall not apply with respect to the taxable year in which falls the date of his death, or with respect to any prior taxable year ending on or after the first day he so served in a combat zone after June 24, 1950; and

(b) The tax under this chapter and under the corresponding title of each prior revenue law for taxable years preceding those specified in clause (a) which is unpaid at the date of his death (including interest, additions to the tax, and additional amounts) shall not be assessed, and if assessed the assessment shall be abated, and if collected shall be credited or refunded as an overpayment.

§ 29.154–1 *Abatement of income taxes of certain members of the armed forces of the United States upon death.* (a) If an individual dies after June 24, 1950, and prior to January 1, 1954, while in active service as a member of the armed forces of the United States, and such death occurs while serving in a combat zone, as determined under section 22 (b) (13), or at any place as a result of wounds, disease, or injury incurred while so serving, then:

(1) The tax liability of such individual under chapter 1 for the taxable year ending on the date of his death, or for any prior taxable year ending on or after the first day he so served in a combat zone after June 24, 1950, is cancelled and if the tax (including interest, additions to the tax, and additional amounts) is assessed, the assessment shall be abated, and if the amount of such tax is collected (regardless of the date of collection) the amount so collected shall be credited or refunded as an overpayment; and

(2) That amount of tax of such individual for taxable years preceding those specified in subparagraph (1) of this paragraph under chapter 1, or corresponding provisions of prior revenue laws, which remains unpaid as of the date of death shall not be assessed, and if any such unpaid tax (including interest, additions to the tax, and additional amounts) has been assessed, such assessment shall be abated, and if the amount of any such unpaid tax is collected subsequent to the date of death, the amount so collected shall be credited or refunded as an overpayment.

(b) If such an individual and his spouse have for any such year filed a joint return, the tax abated, credited, or refunded pursuant to the provisions of section 154 for such year shall be an amount equal to that portion of the joint tax liability which is the same percentage of such joint tax liability as a tax com-

puted upon the separate income of such individual is of the sum of the taxes computed upon the separate income of such individual and his spouse, but with respect to taxable years ending prior to June 24, 1950, and with respect to taxable years ending prior to the first day such individual served in a combat zone, as determined under section 22 (b) (13), the amount so abated, credited, or refunded shall not exceed the amount unpaid at the date of death. For such purpose, the separate tax of each spouse shall be the tax computed under chapter 1 before the application of sections 32, 35, and 322 (a), but after the application of section 31, as if such spouse were required to make a separate return.

(c) If such an individual and his spouse filed a joint declaration of estimated tax for the taxable year ending with the date of his death, the estimated tax paid pursuant to such declaration may be treated as the estimated tax of either such individual or his spouse, or may be divided between them, in such manner as his legal representative and such spouse may agree. Should they agree to treat such estimated tax, or any portion thereof, as the estimated tax of such individual, the estimated tax so paid shall be credited or refunded as an overpayment for the taxable year ending with the date of his death.

(d) For the purpose of determining the tax which is unpaid at the date of death, any amounts deducted and withheld under subchapter D of chapter 9 constitute payment of a tax imposed under chapter 1.

(e) This section shall have no application whatsoever with respect to the liability of an individual as a transferee of property of a taxpayer where such liability relates to the tax imposed upon the taxpayer by chapter 1.

(f) As to what constitutes active service as a member of the armed forces, service in a combat zone, and wounds, disease, or injury incurred while serving in a combat zone, see § 29.22 (b) (13)–2. As to who are members of the armed forces, see § 29.3797–11.

[T. D. 5978; Regs. 130]

PART 40—EXCESS PROFITS TAX; TAXABLE YEARS ENDING AFTER JUNE 30, 1950

CONSOLIDATION OF NEWSPAPERS

On December 4, 1952, a notice of proposed rule making was published in the FEDERAL REGISTER (17 F. R. 10973) to amend Regulations 130 (26 CFR Part 40). No objections to the rules proposed having been received within the thirty days following publication, such regulations are hereby amended by inserting immediately after § 40.459 (b)–1 (b) the following:

SEC. 518. CONSOLIDATION OF NEWSPAPERS (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

Section 459, as added by section 516 and 517 of this act, is hereby amended by adding after subsection (b) thereof the following new subsection:

(c) *Consolidation of newspaper operations.* In the case of a taxpayer engaged primarily in the newspaper publishing business in its last taxable year ending before July 1, 1950, if—

(1) After the close of the first half of the base period of the taxpayer and prior to July 1, 1950, the taxpayer consolidated its mechanical, circulation, advertising, and accounting operations in connection with its newspaper publishing business with such operations of another corporation engaged in the newspaper publishing business in the same area; and

(2) The taxpayer establishes to the satisfaction of the Secretary that, during the period beginning with the consolidation and ending with the close of the first taxable year beginning after the consolidation, such consolidation resulted in substantial reductions in the amounts which would otherwise have been paid or incurred as expenses in the conduct of the operations described in paragraph (1); and either

(3) The total deductions of the taxpayer under section 23, computed without regard to section 23 (s) and (bb), for the first taxable year beginning after such consolidation were not in excess of 80 per centum of the average of such deductions for the two taxable years of the taxpayer next preceding the taxable year in which such operations were consolidated; or

(4) The excess profits net income of the taxpayer, computed as provided in section 433 (b), for the first taxable year of the taxpayer beginning after such consolidation was 125 per centum or more of the amount determined under section 435 (d) (4);

the taxpayer's average base period net income determined under this subsection shall be an amount computed under section 435 (d) plus an amount equal to the excess of the average of the amounts paid or incurred as expenses in the conduct of the operations described in paragraph (1) during the two taxable years of the taxpayer next preceding the taxable year in which such operations were consolidated over such amounts paid or incurred during the first taxable year of the taxpayer beginning after such consolidation. In determining such excess amount proper adjustment shall be made for increase in labor costs and newsprint following such consolidation. Proper adjustment shall also be made for any case in which a taxable year referred to in this subsection is a period of less than twelve months. This subsection shall not be applicable to any taxable year of the taxpayer unless the consolidation described in paragraph (1) was continued throughout such taxable year.

SEC. 523. EFFECTIVE DATE OF TITLE V (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

Except as otherwise provided in section 506 (d), the amendments made by this title (including sec. 518) shall be applicable only with respect to taxable years ending after June 30, 1950.

§ 40.459 (c)–1 *Consolidation of newspapers.* (a) A taxpayer which was engaged primarily in the newspaper publishing business in its last taxable year ending before July 1, 1950, which after the close of the first half of its base period and before July 1, 1950, consolidated certain of its operations with those of another corporation engaged in the same business in the same area, and which satisfies all the requirements set forth in paragraphs (1) and (2) and in either paragraph (3) or paragraph (4) of section 459 (c) may compute its average base period net income, for the purpose of computing its excess profits tax for any taxable year ending after June 30, 1950, under the provisions of section 459 (c) instead of under any other applicable provision of the Code. The average base period net income may be computed under section 459 (c) in determining the excess profits tax for any taxable year, however, only if the consolidation described in paragraph (1) of section 459 (c) was continued throughout such taxable year. The average base period net income computed under section 459 (c) shall be used in computing the taxpayer's excess profits tax for any taxable year if, and only if, the use of such average base period net income computed under section 459 (c) results in a lesser excess profits tax than would result from any other allowable computation of such tax.

(b) If the taxpayer is to compute its average base period net income under section 459 (c), it must establish to the satisfaction of the Commissioner, under the provisions of paragraph (2) of section 459 (c), that the consolidation referred to in paragraph (1) of section 459 (c) resulted in substantial reductions in the amounts which otherwise would have been paid or incurred as expenses (within the meaning of section 23 (a) (1) (A)) in the conduct of the operations described in paragraph (1) of section 459 (c) during the period beginning with such consolidation and ending with the close of the first taxable year beginning after such consolidation. If the taxpayer first claims the benefits of section 459 (c) on its return or on an amended return or in a claim for refund, it must attach a statement to such return or amended return or claim for refund containing sufficient information to enable the Commissioner to determine whether the requisite substantial reductions in expenses occurred.

(c) The taxpayer must satisfy the conditions of either paragraph (3) or paragraph (4) of section 459 (c) in order to be allowed to compute its average base period net income under section 459 (c). Under the provisions of paragraph (4), the excess profits net income of the taxpayer, computed as provided in section 433 (b), for its first taxable year beginning after the consolidation described in paragraph (1) of section 459 (c) must be 125 percent or more of the amount determined under section 435 (d) (4), which relates to the computation of the average base period net income under the general average method. Section 433 (b) provides for the computation of excess profits net income for taxable years in the base period for the purpose of computing average base period net income. For the purpose of the test set forth in paragraph (4) of section 459 (c), however, the excess profits net income for the first taxable year of the taxpayer beginning after the consolidation shall be computed in the manner provided in section 433 (b) without regard to

whether or not such first taxable year is a taxable year in the base period.

(d) (1) The average base period net income computed under section 459 (c) shall be the sum of the following two amounts:

(i) The amount computed under section 435 (d) (relating to the computation of average base period net income under the general average method); and

(ii) An amount equal to the amount by which the average of the amounts paid or incurred as expenses in the conduct of the operations described in paragraph (1) of section 459 (c) during the two taxable years of the taxpayer immediately preceding the taxable year in which the consolidation described in paragraph (1) of section 459 (c) occurred exceeded such amounts paid or incurred during the first taxable year of the taxpayer beginning after such consolidation.

(2) In determining the excess amount described in subdivision (ii) of subparagraph (1) of this paragraph, proper adjustment shall be made for any increase in the cost per unit of labor or newsprint, due to wage or price increases, following such consolidation. If the taxpayer can show by relevant data and under generally accepted principles of accounting that its average unit costs of labor or newsprint in its first taxable year beginning after the consolidation were higher, due to wage or price increases, than its average unit costs of labor or newsprint in its two taxable years immediately preceding the taxable year in which the consolidation took place, then the amount specified in subdivision (ii) of subparagraph (1) of this paragraph shall be determined by substituting for the costs of labor or newsprint in such first taxable year amounts determined on the basis of its average unit costs of labor or newsprint in such two taxable years immediately preceding the taxable year in which the consolidation occurred.

(3) If the first taxable year beginning after the consolidation described in section 459 (c) (1) or if either of the two taxable years immediately preceding the taxable year in which such consolidation occurred is a taxable year of less than 12 months, then, in determining the amount specified in subdivision (ii) of subparagraph (1) of this paragraph, the amounts paid or incurred as expenses in such taxable year in the conduct of the operations described in paragraph (1) of section 459 (c) shall be such amounts as would be reflected in a computation on an annualized basis under the method set forth in section 433 (a) (2) (A). Similarly, if the first taxable year beginning after the consolidation or either of the two taxable years immediately preceding the taxable year in which the consolidation occurred was a taxable year of less than 12 months, then in determining whether the taxpayer meets the requirement set forth in paragraph (3) of section 459 (c) the total deductions of the taxpayer referred to in such paragraph (3) for such short taxable year shall be the amount which would be reflected in a computation on an annualized basis under the method set forth in section 433 (a) (2) (A). If the first taxable year beginning after the consolidation was a taxable year of less than 12 months, the excess profits net income for such short taxable year shall also be annualized under the method set forth in section 433 (a) (2) (A). In each case proper adjustment shall be made to prevent distortion with respect to nonrecurring items.

(4) If the average base period net income is computed under section 459 (c) and this section for the purpose of determining the excess profits tax for any taxable year, the base period capital addition provided in section 435 (f) shall not be allowed in determining such tax for such year.

TITLE 27—INTOXICATING LIQUORS

Chapter I—Bureau of Internal Revenue, Department of the Treasury

[T. D. 5977; Regs. 5]

PART 5—LABELING AND ADVERTISING OF DISTILLED SPIRITS

LABELING; NAME AND ADDRESS

Notice of public hearing to be held in Washington, D. C., on December 19, 1952, with respect to certain proposals to amend Regulations No. 5, Relating to Labeling and Advertising of Distilled Spirits, was published in the FEDERAL REGISTER on December 3, 1952 (17 F. R. 10908).

Upon the conclusion of the said hearing and after consideration of all relevant material submitted by interested persons in connection therewith regarding the proposals, the following amendments to section 35 (27 CFR 5.35) are hereby adopted:

1. By deleting the present paragraphs (a) and (b) of § 5.35, and inserting in lieu thereof the following new paragraph (a):

(a) *"Bottled by".* On labels of domestic distilled spirits, there shall be stated the phrase "bottled by", immediately followed by the name (or trade name) of the bottler and the place where such distilled spirits are bottled. If the bottler is the actual bona fide operator of more than one bottling plant engaged in bottling the same brand of distilled spirits, there may be stated immediately following the name (or trade name) of such bottler the addresses of the plants at which such product is bottled: *Provided,* That the state of distillation is stated as provided by paragraph (e) of this section: *Provided further:*

(1) That, where distilled spirits are bottled by or for the distiller thereof, there may be stated, in lieu of the phrase "bottled by", followed by the bottler's name (or trade name) and address, the phrase "distilled by", followed by the name (or trade name) under which the particular spirits were distilled, and the address (or addresses) of the distiller;

(2) That, where distilled spirits are bottled by or for the rectifier thereof, there may be stated, in lieu of the phrase "bottled by", followed by the bottler's name (or trade name) and address, the phrases "blended by", "made by", "prepared by", "manufactured by", or "produced by" (whichever may be appropriate to the act of rectification involved), followed by the name (or trade name) under which the distilled spirits were rectified, and the address (or addresses) of the rectifier.

2. By redesignating the present paragraph (c) as paragraph (b) and by amending the phrase "by paragraphs (a) and (b)" in the first sentence of paragraph (c) (4) to read "by paragraph (a)".

3. By deleting paragraphs (d) and (e) and inserting in lieu thereof a new paragraph (c) as follows:

(c) *"Bottled for".* In addition to the requirements of paragraphs (a) and (b) of this section, there may also be stated the name and address of the person for whom the distilled spirits are bottled, immediately preceded by the words "bottled for" or "distributed by", or other similar statement.

4. By redesignating the present paragraphs (f), (g), and (h) as paragraphs (d), (e), and (f), respectively.

These amendments relieve restrictions presently contained in the regulations and shall become effective on the date of publication in the FEDERAL REGISTER.

(53 Stat. 375, 26 U. S. C. 3176)

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 14, Amdt. 19]

CPR 14—CEILING PRICES OF CERTAIN FOODS SOLD AT WHOLESALE

NEW TABLE A MARKUPS FOR CLASS 4 (INSTITUTIONAL) WHOLESALERS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 19 to Ceiling Price Regulation 14 is hereby issued.

STATEMENT OF CONSIDERATIONS

The original statement of considerations accompanying CPR 14 contained

a statement that "At the present time, the best markups available are those which were used by the OPA in issuing MPR's 421, 422 and 423, and which were in effect from 1943–1946. In order to act now, the Director of Price Stabilization has generally employed these markups for most food categories for most distributors. The Office of Price Stabilization is now organizing a study of margin and earning figures for food distributors in order to obtain more recent comprehensive data. If the study should indicate that the ceiling prices established under this regulation are either too low or too high, the regulation will be promptly revised to reflect the results of the survey."

The Food Margin Survey was therefore originally planned to carry out this statement of policy.

The Defense Production Act was subsequently amended by the addition of the "Herlong" amendment to require that price control regulations allow wholesalers and retailers "* * * their customary percentage margins over costs of the materials or their customary charges during the period May 24, 1950, to June 24, 1950 * * *".

The Food Margin Survey has now been completed, and the data analyzed.

For Class 4 (Institutional) Wholesalers the data show that in order to meet the Herlong requirement, a new set of Table A markups must be substituted for those presently provided. However, for other classes of wholesalers the present markups are shown by the data to meet the requirements of the Herlong amendment.

Certain categories of dry groceries have been decontrolled or suspended, and therefore, although, in the light of the survey, new markups might be indicated for these categories, they do not appear in this amendment.

In formulating this amendment, the Director of Price Stablization has consulted with industry representatives, including trade association representatives, and has given full consideration to their recommendations. This consultation included discussions with the Industry Advisory Committee. In the judgment of the Director the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISIONS

Ceiling Price Regulation 14 is amended in the following respects:

1. Section 35, paragraph (a), Table A, is revised to read as follows:

TABLE A—MARKUP FIGURES TO BE USED BY WHOLESALERS IN FIGURING CEILING PRICES FOR ITEMS COVERED BY THIS REGULATION BY COMMODITIES

[Figures to be multiplied by net cost]

Food commodities	Class 1 Retailer-owned cooperatives	Class 2 Cash and carry	Class 3 Service and delivery	Class 4 Institutional
1. Baby foods	1.06	1.085	1.135	1.185
2. Cereals, breakfast	1.035	1.06	1.08	1.13
3. Cocoa, chocolate, and cereal drink preparations	1.07	1.085	1.125	1.19
4. Coffee	1.055	1.065	1.09	1.14
5. Cookies, crackers, toast and crumbs	1.11	1.15	1.20	1.25
6. Corn meal and hominy	1.055	1.085	1.12	1.30
6a. Flour mixes	1.055	1.085	1.12	1.20
7. Dog and cat foods	1.06	1.09	1.105	1.105
8. Fish, processed	1.095	1.13	1.19	1.20
9. Flour	1.07	1.075	1.10	1.15
10. Frozen foods	1.24	1.24	1.24	1.29
11. Fruits, berries and fruit juices (canned) except fruit cocktail, pineapple, peaches and pears	1.105	1.155	1.18	1.185
12. Fruit cocktail, pineapple, peaches and pears (canned) except juices [1]				
13. Fruits, dried and dehydrated [1]				
14. Gelatin and pudding mixtures	1.06	1.07	1.105	1.21
15. Jams, jellies, preserves, honey and peanut butter	1.115	1.14	1.19	1.31
16. Lard, pure	1.035	1.035	1.075	1.18
17. Macaroni and spaghetti products	1.09	1.115	1.15	1.225
18. Mayonnaise and salad dressing	1.08	1.12	1.16	1.285
19. Meat, canned	1.055	1.08	1.10	1.18
20. Milk, canned	1.035	1.035	1.045	1.095
21. Oils, cooking and salad	1.07	1.075	1.10	1.15
22. Oleomargarine	1.045	1.085	1.14	1.075
23. Pickles and relishes [1]				
24. Rice	1.075	1.095	1.13	1.24
25. Shortening, hydrogenated	1.045	1.045	1.06	1.10
26. Shortening, other	1.045	1.045	1.06	1.10
27. Soups, canned	1.045	1.07	1.09	1.165
28. Soups, dehydrated	1.06	1.105	1.13	1.25
29. Spices [1]				
30. Syrups	1.07	1.10	1.115	1.25
31. Tea	1.06	1.095	1.115	1.30
32. Vegetables and vegetable juices (canned) except corn, green beans, peas, tomatoes and tomato juice	1.07	1.14	1.20	1.25
33. Corn, green beans, peas, tomatoes and tomato juice (canned) [1]				
34. Vegetables, dried and dehydrated [1]				
35. Vinegar	1.12	1.16	1.23	1.35
36. Miscellaneous foods	1.11	1.15	1.20	1.28

[1] All commodities in this category are excluded from price control.

2. Section 35, paragraph (b) (6) is revised to read as follows:

(6) "Corn meal and hominy" means corn meal, corn grits, hominy, hominy grits, hominy flakes and prepared hominy. Not included in this definition is canned hominy, which is in "Vegetables and vegetable juices, canned".

3. Section 35, paragraph (c) (6) is revised to read as follows:

(6) "Corn meal and hominy". Excluded are: None.

4. Section 35, paragraph (d) (6) is revised to read as follows:

(6) "Corn meal and hominy". Excluded are: Water ground corn meal.

5. Section 35, paragraph (b) is amended by adding after subparagraph (6) a new subparagraph, category (6a), to read as follows:

(6a) "Flour mixes" means flour mixes milled from wheat, semolina, farina, buckwheat, corn, rice, and potatoes, including but not limited to prepared pancake, biscuit, pie crust, and gingerbread mix and any item containing ingredients to prepare crust and filling for pies.

6. Section 35, paragraph (c) is amended by adding after subparagraph (6) a new subparagraph, category (6a), to read as follows:

(6a) "Flour mixes". Excluded are: None.

7. Section 35, paragraph (d) is amended by adding after subparagraph (6) a new subparagraph, category (6a), to read as follows:

(6a) "Flour mixes". Excluded are: None.

(Sec. 704.64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 7, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 2, 1953.

[F. R. Doc. 53–1217; Filed, Feb. 2, 1953; 4:00 p. m.]

CPR 34—SERVICES

SR 38—PROCESSING SERVICES OF FROZEN FOOD LOCKER PLANTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Supplementary Regulation 38 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Supplementary Regulation 38 to Ceiling Price Regulation 34 authorizes operators of frozen food locker plants to increase complete processing service charges to ultimate consumers for the processing of meats. It permits these sellers to increase their ceiling prices, otherwise determined pursuant to Ceiling Price Regulation 34, by one cent per pound for the service of completely processing customer-owned carcasses and wholesale cuts of beef, veal, pork and lamb.

The action taken herein is necessary because of a substantial decline since the base period (December 19, 1950, to January 25, 1951, inclusive) in the prices received by locker plant operators from the sale of inedible meat by-products. The charges for processing meats owned by the customer have always been augmented by revenue derived from the sales of suet, fat, bones and other by-products left over from the cutting and trimming of meats. This additional revenue is

considered by the industry as a part payment for the rendering of processing services.

Information available to the Office of Price Stabilization indicates that the present market prices received by locker plant operators for the sale of inedible meat by-products are in the average below the base period market prices resulting in a substantial decrease in income to the frozen food locker plant industry for processing services. The increase of one cent a pound permitted by this supplementary regulation, which is uniformly applicable to all locker plant processors, is determined to be the minimum increase necessary to assure the continued supply of essential processing services at prices which are fair and equitable to both the industry and the consumer.

The authorized price increase may be utilized by locker plant operators only where carcasses, including sides, quarters and wholesale cuts of meat are completely processed. The complete processing service must consist of such component services as chilling, cutting, wrapping, labelling and freezing. No increase in present ceiling prices may be obtained under this supplementary regulation for these services singly. Further, no increases in prices are permitted for the processing of retail or fabricated cuts of meat, specialty products, lard rendering, curing or smoking, or the processing in any form of game, poultry, fish, fruits and vegetables.

This supplementary regulation does not permit frozen food locker plant operators to increase present wholesale and retail ceiling prices of meats established under other OPS regulations, nor does it apply to processing services rendered by commercial storage plants, meat packers, stockyards and slaughterers.

Since this supplementary regulation is designed to compensate locker plant operators for reduced overall processing service charges caused by a decline in the selling prices of meat by-products rather than the impairment of normal pre-Korean earnings, the affected sellers are not precluded from making use of the individual adjustment provisions of section 20 of Ceiling Price Regulation 34.

In the formulation of this supplementary regulation, the Director has consulted extensively insofar as practicable with representative suppliers of these services, including representatives of trade associations and the Department of Agriculture, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization the increase permitted by this supplementary regulation is necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

REGULATORY PROVISIONS

Sec.
1. Purpose.
2. Relationship to Ceiling Price Regulation 34.
3. Ceiling prices.
4. Filing.
5. Definitions.

AUTHORITY: Sections 1 to 5 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *Purpose.* The purpose of this regulation is to permit frozen food locker plants (see definition in section 5 (3)) to increase service charges by one cent per pound for the complete processing of meats.

SEC. 2. *Relationship to Ceiling Price Regulation 34.* All provisions of CPR 34, as amended, except as affected by the provisions of this supplementary regulation, shall remain in full force and effect.

SEC. 3. *Ceiling prices.* (a) If you operate a frozen food locker plant you may increase your ceiling prices established under sections 5, 6 or 7 of Ceiling Price Regulation 34, as amended, by one cent per pound for the service of completely processing customer owned carcasses, including sides, quarters, and wholesale cuts of beef, veal, pork and lamb.

(b) This increase in ceiling prices of one cent per pound is in lieu of, and not in addition to, any other increase over the dollar and cent element of the ceiling price formula for your complete processing services to which you might otherwise be entitled under Ceiling Price Regulation 34 by reason of the decrease since the base period in the price you receive for any meat by-products as part of your compensation for the services you render. For example, if during the base period, your locker plant rendered a complete processing service at a price of 4 cents a pound to your customers plus all non-edible meat by-products with a base period resale value of 2 cents a pound, for a total of 6 cents, and currently you can realize an average resale value of by-products of only 1 cent a pound, you may under this regulation increase the price to your customers from 4 cents to 5 cents a pound plus the non-edible meat by-products for a similar total of 6 cents a pound. You may not, however, increase the price charged your customers for complete processing services by more than one cent a pound even though your realization for any meat by-products has declined since the base period.

SEC. 4. *Filing.* Within 10 days after establishing your ceiling prices under this regulation, you must prepare and file a statement with the appropriate district office of the Office of Price Stabilization, in accordance with section 18 (c) of Ceiling Price Regulation 34.

SEC. 5. *Definitions.* As used in this supplementary regulation to Ceiling Price Regulation 34:

(a) "Complete processing" is your complete custom processing service applied to beef, veal, pork, and lamb, and which includes such operations as chilling, cutting, wrapping, labelling, freezing, and in addition, any other operation as you customarily performed (ageing, grinding, boning, etc.).

(b) "Carcasses", "sides", "quarters", and "wholesale cuts" are defined and described in the following OPS commodity regulation: For beef see Appendix 2 of CPR 24, Collation 2; Appendix 3 of CPR 25, Revised; for pork see Appendix 2 of CPR 74; for lamb see Appendix 2 of CPR 92, Collation 1; and for veal see Appendix 2 of CPR 101.

(c) "Frozen food locker plants" include any establishments which primarily offer frozen food storage service in individual lockers, and provide complete custom processing services on meat owned by customers.

Effective date. This supplementary regulation shall become effective February 7, 1953.

NOTE: The record-keeping and reporting requirements of this supplementary regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 2, 1953.

[F. R. Doc. 53–1218; Filed, Feb. 2, 1953; 4:00 p. m.]

[General Overriding Regulation 9, Amdt. 32]

GOR 9—EXEMPTION OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

EXEMPTION OF CUT TACKS AND SMALL CUT NAILS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 32 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment exempts from price control sales of cut tacks and small cut nails.

Cut tacks and small cut nails are cut from sheet steel but, unlike wire tacks and nails, they are not usually produced by steel mills. There are about ten companies which include cut tacks and small cut nails among their product lines, but the tacks and nails constitute only a small percentage of the total production by these manufacturers of fasteners of various kinds, such as wire tacks and nails, wire staples, grommets, eyelets and the like. In fact, total volume amounts only to about $8,000,000 annually, and has been gradually declining for a number of years because of the development and increasing use of these other types of fasteners.

Cut tacks and small cut nails do not enter significantly into the cost of living nor do their prices have any noticeable effect on current industrial costs. It has been estimated that cut tacks and small cut nails account for less than one-fourth of 1 percent of the costs of any consuming industry.

Control of an item of such relative unimportance involves administrative difficulties disproportionate to the benefits to be derived from the retention of ceiling prices. Furthermore, because of the competition of other types of fasteners such as wire tacks and nails, it is anticipated that any upward movement of the prices of cut tacks and small cut

nails which may result from decontrol will be within reasonable limits.

As is plain from the foregoing, this action does not apply to wire tacks or wire nails.

In view of the nature of this amendment, special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable, and will in no way defeat or impair the price stabilization program or the objectives of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

General Overriding Regulation 9 is amended in the following respects:

Section 2 (a) is amended by adding thereto a new subparagraph numbered (32) and reading as follows:

(32) *Sales of cut tacks and small cut nails.* "Cut tacks and small cut nails" are those tacks and nails cut from sheet steel known as tack plate, and described in the tables contained in "Cut Tacks and Small Cut Nails, Simplified Practice Recommendation R47-49," approved February 1, 1949, and issued by the United States Department of Commerce.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 32 to General Overriding Regulation 9 is effective February 2, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 2, 1953.

[F. R. Doc. 53-1214; Filed, Feb. 2, 1953; 2:23 p. m.]

[General Overriding Regulation 32, Special Order 12]

GOR 32—ADJUSTMENT OF CEILING PRICES FOR MATERIALS TO THE MINIMUM PRICES FIXED BY STATE LAWS

SO 12—SELLERS OF CIGARETTES IN CONNECTICUT

CEILING PRICES RAISED TO CONFORM WITH CONNECTICUT MINIMUM PRICE LAW FOR CIGARETTES

Statement of considerations. This special order raises the ceiling prices of Connecticut cigarette sellers above those previously established under regulations of the Office of Price Stabilization (OPS) where necessary to conform to the minimum prices required to be charged for cigarettes by Part III of Chapter 98 of the Connecticut General Statutes, as amended (hereinafter referred to as the Connecticut Law). This action does not presently affect ceiling prices of Connecticut cigarette sellers which are at or above the minimum prices required by that act on the effective date of this special order. Provision is also made for the adjustment of ceiling prices of cigarette sellers subject to the Connecticut Law in the event of a change in the minimum prices computed pursuant to that Law and in some instances for the establishment of ceiling prices for new brands of cigarettes sold in Connecticut.

This special order is issued pursuant to section 5 of General Overriding Regulation (GOR) 32. That regulation was issued by the OPS to conform to the requirements of section 402 (1) of the Defense Production Act of 1950, as amended. GOR 32 sets forth certain facts which must be shown to exist in a particular State before the OPS is required by the above-noted statutory provision to raise ceiling prices to the minimum prices required by the law of that State.

It appears from the information contained in the application of the Tax Commissioner for the State of Connecticut that the Connecticut Law was in effect and enforced on June 30, 1952, and on December 15, 1952 (the date of application); that the Connecticut Law has not been held invalid by any court of competent jurisdiction; and that the ceiling prices of some cigarette sellers in the State of Connecticut are lower than the minimum sales prices required to be charged by that Law.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 5 of GOR 32 this special order is hereby issued.

1. Ceiling prices of cigarette sellers subject to Part III of Chapter 98 of the Connecticut General Statutes, as amended up to June 30, 1952 (hereinafter referred to as the Connecticut Law), which are below the minimum sales prices computed pursuant to that Law are hereby raised to those minimum sales prices.

2. If the minimum prices for brands of cigarettes sold in Connecticut on December 15, 1952 (the date of application by the Connecticut State Tax Commissioner), have increased after that date pursuant to the Connecticut Law such higher minimum prices shall become ceiling prices as hereinafter specified in this paragraph, upon the sending of a report by the Connecticut State Tax Commissioner by registered mail to the Grocery Products Branch, Office of Price Stabilization, Washington 25, D. C. That report will indicate the reason for the change as well as the computations by which the new required minimum prices have been determined and will list the new prices for various brands of cigarettes. The higher minimum prices so reported shall be established as ceiling prices for the sellers affected by paragraph 1 hereof and any other seller subject to the Connecticut Law whose ceiling prices would, as a result of such change, be below the new required minimum prices. If the minimum prices for brands of cigarettes sold in Connecticut on December 15, 1952, are decreased after that date pursuant to the Connecticut Law ceiling prices of the sellers affected by paragraph 1 hereof shall be established at the new required minimum prices. However, where such lower minimum prices are below the ceiling prices in effect immediately prior to the date of this special order, these ceiling prices shall be in effect after such change in the minimum prices.

3. If new brands of cigarettes are sold in Connecticut after December 15, 1952, the cigarette sellers subject to the Connecticut Law who are unable to compute ceiling prices for the new brands pursuant to section 5 of the General Ceiling Price Regulation (because their comparison brands are not priced under section 3 of the General Ceiling Price Regulation but are priced under paragraph 1 or 2 of this special order) shall take as their ceiling prices for such new brands the minimum sales prices computed for them in accordance with the Connecticut Law. These prices will be established as ceiling prices for such cigarette sellers upon the sending of a report by the Connecticut State Tax Commissioner by registered mail to the Grocery Products Branch, Office of Price Stabilization, Washington 25, D. C. This report will set forth the brand names of the cigarettes and the minimum sales prices required to be charged for them in accordance with the Connecticut Law and will indicate how these minimum prices were computed.

4. Nothing in this special order shall prevent a cigarette seller subject to the Connecticut Law whose ceiling prices would be affected by the Connecticut State Tax Commissioner's filing the report set forth in paragraph 2 or 3 hereof, from filing such report in his own behalf. The individual seller may use as his ceiling prices the minimum prices required by the Connecticut Law upon his mailing of such report unless and until such seller is notified by the OPS that the reported prices are disapproved or that further information is required. In the event of a request for further information, the reported minimum prices shall not be used as ceiling prices until such further information is sent by registered mail to the Grocery Products Branch, Office of Price Stabilization, Washington 25, D. C.

5. This special order or any provision hereof may be revoked, suspended, or amended by the Director of Price Stabilization.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This special order is effective February 3, 1953.

NOTE: The record-keeping and reporting requirements of this special order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 2, 1953.

[F. R. Doc. 53-1215; Filed, Feb. 2, 1953; 2:23 p. m.]

[Ceiling Price Regulation 30, Amdt. 6 to Supplementary Regulation 4]

CPR 30—MACHINERY AND RELATED MANUFACTURED GOODS

SR 4—ADJUSTMENTS UNDER SECTION 402 (D) (4) OF THE DEFENSE PRODUCTION ACT OF 1950, AS AMENDED

APPLICATIONS ON AN AUTONOMOUS UNIT OF YOUR BUSINESS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 6 to Supplementary Regulation 4 to Ceiling Price Regulation 30 is hereby issued.

STATEMENT OF CONSIDERATIONS

As originally issued, a manufacturer was authorized under the provisions of section 16 of Supplementary Regulation 4, to apply for an adjustment of his Ceiling Price Regulation 30 ceiling prices for commodities produced in a separate unit of his business for which he regularly maintained separate production, sales and other records, provided that no more than 10 percent of this dollar sales of commodities produced in that unit fall in the same industrial classification as commodities representing 10 percent or more of his sales of any other unit. Amendment 1 to SR 4 authorized a manufacturer who is unable to meet the latter qualification, to apply for permission to file for a unit of his business when the industrial classification which includes the commodities involved is a "catch-all" classification for commodities "not elsewhere classified."

The attention of the Director has been called to the fact that a number of other industrial classifications, for example, "Motor Vehicle parts and accessories," are fully as comprehensive as the "not elsewhere classified" classification and that, as a result, many manufacturers are precluded from filing for individual units of their business which they historically operate as autonomous entities.

Accordingly, this amendment authorizes a manufacturer to apply to the Director for permission to file an application under SR 4 covering the ceiling prices of commodities produced in a particular unit of his business even when the commodities produced in that unit fall in the same industrial classification as commodities produced in another unit. In order for approval to be granted to file for such units, the manufacturer must establish in his application that the management of the unit exercises independent authority in making administrative decisions, determining their own production, pricing and sales policies, and, in fact, operating autonomously.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Supplementary Regulation 4 to Ceiling Price Regulation 30 is amended in the following respects:

Paragraph (c) of section 16 is amended to read as follows:

(c) The Director of Price Stabilization may permit you to apply separately for a separate production unit of your business, even though more than 10 percent of the total sales of the commodities produced in this unit during the 1950 fiscal year are commodities in the same industrial classification as commodities representing 10 percent or more of the total dollar sales of any other unit during the same period. You may do this wherever either (1), the industrial classification which includes these commodities is one whose description includes the words "not elsewhere classified," or (2), it has been your historical practice to permit the management of that unit to operate autonomously. In either of these situations, you may file an application as provided by paragraph (b) of this section. If your application covers situation (1), involving commodities falling in an industrial classification containing the words "not elsewhere classified," your application must include, in addition to the information requested in subparagraph (1) of paragraph (b), the following information: A specific reference to this paragraph; a list of the commodities included in the relevant industrial classification which are produced in the unit of your business for which you wish to file a separate application; a list of the commodities in the relevant industrial classification which are produced in other units of your business indicating the units in which each is produced and the proportion that the sales of such commodities represent of the total sales of the unit in which they were produced in your 1950 fiscal year. (Where more than one commodity is involved, you need not state the proportion of the unit's sales represented by each commodity, but only the proportion of the unit's sales represented by all the commodities in the same industrial classification.) If your application covers situation (2), involving an autonomous unit of your business, your application must include, in addition to the information requested in subparagraph (1) of paragraph (b), a statement whether the management of the unit customarily exercises independent authority in making administrative decisions. Your management will be considered to be exercising independent authority in making administrative decisions if they are responsible for determining policy relating to production, sales and pricing, purchases and inventories, sales contracts, relations with governmental agencies, and compliance with all laws affecting the operation of the unit.

Effective date. This amendment shall become effective February 7, 1953.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

NOTE: The record keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 3, 1953.

[F. R. Doc. 53-1250; Filed, Feb. 3, 1953; 4:00 p. m.]

[Ceiling Price Regulation 60, Amdt. 1 to Supplementary Regulation 1]

CPR 60—CASTINGS

SR 1—ADJUSTMENT IN CEILING PRICES FOR MANUFACTURERS OF MALLEABLE IRON CASTINGS

CLARIFICATION OF CEILING PRICE WHICH MAY BE INCREASED BY INDUSTRY EARNINGS STANDARD ADJUSTMENT

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Supplementary Regulation 1, Ceiling Price Regulation 60 is hereby issued.

STATEMENT OF CONSIDERATIONS

The purpose of this amendment to Supplementary Regulation (SR) 1 to Ceiling Price Regulation (CPR) 60 is to provide clearly that the Industry Earnings Standard adjustment permitted by SR 1 to CPR 60 may be applied to ceiling prices in effect on the effective date of SR 1, even though they may represent ceiling prices established under CPR 60 and then adjusted under some other regulation (except General Overriding Regulation (GOR) 35 and that the adjustment is not required to be applied only to unadjusted CPR 60 ceiling prices.

Sections 1 and 2 of SR 1 to CPR 60 state that the Industry Earnings Standard adjustment of 6.2 percent permitted by that regulation is to be applied to ceiling prices established under CPR 60. However, that adjustment was found to be necessary to meet the Industry Earnings Standard on the basis of current ceiling prices. Therefore, it is apparent that the adjustment is required to meet the standard whether current ceiling prices are those established solely under CPR 60, or whether they represent ceiling prices originally established under CPR 60 and subsequently adjusted pursuant to the Capehart Amendment to the Defense Production Act of 1950, as amended (section 402 (d) (4)) and the regulations issued pursuant thereto (GOR 20 and GOR 21), or pursuant to any other OPS adjustment regulation, such as GOR 10 or GOR 29. However, the 6.2 percent Industry Earnings Standard adjustment may not be applied to CPR 60 ceiling prices as adjusted under GOR 35. The 6.2 percent increase must be applied to current ceiling prices before they are adjusted under GOR 35. The reason for this is that GOR 35 was intended to give a dollars-and-cents pass-through of metal cost increases and the application of a percentage factor to the CPR 60 ceiling prices as adjusted under GOR 35 would result in a ceiling price reflecting more than the dollars-and-cents metal cost increase.

In view of the technical nature of this amendment, consultation with industry representatives, including trade association representatives, has not been deemed practicable or necessary prior to its issuance.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and conform in all respects to the applicable provisions of that act.

AMENDATORY PROVISIONS

1. Section 1 of SR 1 to CPR 60 is amended to read as follows:

SECTION 1. *What this supplementary regulation does.* This supplementary regulation permits producers of malleable iron castings to increase the ceiling prices of such castings which were in effect immediately before the effective

date of this supplementary regulation by 6.2 percent.

2. Section 2 of SR 1 to CPR 60 is amended to read as follows:

SEC. 2. *Adjustment of ceiling prices.* If you are a producer of malleable iron castings you may increase your ceiling prices for them which were in effect immediately before the effective date of this supplementary regulation by 6.2 percent. You may also increase the ceiling prices which were in effect immediately before the effective date of this supplementary regulation for equipment furnished by you in connection with your sales of such castings by 6.2 percent. The ceiling prices to which this increase may be applied are either those established under CPR 60, or those ceiling prices as adjusted pursuant to any other OPS regulation such as GOR 10, GOR 21 or GOR 29, but not including GOR 35.

3. Section 3 of SR 1 to CPR 60 is amended by adding a sentence at the end thereof reading as follows: "You may not, however, apply the 6.2 percent adjustment permitted in section 2 above to ceiling prices which include the adjustment provided under GOR 35."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Supplementary Regulation 1 to Ceiling Price Regulation 60 is effective February 7, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 3, 1953.

[F. R. Doc. 53-1251; Filed, Feb. 3, 1953; 4:00 p. m.]

[Ceiling Price Regulation 60, Amdt. 1, Supplementary Regulation 2]

CPR 60—CASTINGS

SR 2—ADJUSTMENT IN CEILING PRICES FOR PRODUCERS OF STEEL (CARBON OR LOW ALLOY) AND MANGANESE STEEL CASTINGS

CLARIFICATION OF CEILING PRICE WHICH MAY BE INCREASED BY INDUSTRY EARNINGS STANDARD ADJUSTMENT

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Supplementary Regulation 2, Ceiling Price Regulation 60 is hereby issued.

STATEMENT OF CONSIDERATIONS

The purpose of this amendment to Supplementary Regulation (SR) 2 to Ceiling Price Regulation (CPR) 60 is to provide clearly that the Industry Earnings Standard adjustment permitted by SR 2 to CPR 60 may be applied to ceiling prices in effect on the effective date of SR 2, even though they may represent ceiling prices established under CPR 60 and then adjusted under some other regulation (except General Overriding Regulation (GOR) 35) and that the adjustment is not required to be applied only to unadjusted CPR 60 ceiling prices.

The basis for this amendment to Supplementary Regulation 2 is the same as that for Amendment 1 to SR 1 to CPR 60 and the Statement of Considerations thereto is equally applicable to this amendment.

In view of the technical nature of this amendment, consultation with industry representatives, including trade association representatives, has not been deemed practicable or necessary prior to its issuance.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and conform in all respects to the applicable provisions of that act.

AMENDATORY PROVISIONS

1. Section 1 of SR 2 to CPR 60 is amended to read as follows:

SECTION 1. *What this supplementary regulation does.* This supplementary regulation permits producers of steel (carbon or low alloy) castings and manganese steel castings to increase the ceiling prices of such castings which were in effect immediately before the effective date of this supplementary regulation by 5 percent.

2. Section 2 of SR 2 to CPR 60 is amended to read as follows:

SEC. 2. *Adjustment of ceiling prices.* If you are a producer of steel (carbon or low alloy) or manganese steel castings you may increase your ceiling prices for them which were in effect immediately before the effective date of this supplementary regulation by 5 percent. You may also increase the ceiling prices which were in effect immediately before the effective date of this supplementary regulation for equipment furnished by you in connection with your sales of such castings by 5 percent. The ceiling prices to which this increase may be applied are either those established under CPR 60, or those ceiling prices as adjusted pursuant to any other OPS regulation such as GOR 10, GOR 21 or GOR 29, but not including GOR 35.

3. Section 3 of SR 2 to CPR 60 is amended by adding a sentence at the end thereof reading as follows: "You may not, however, apply the 5 percent adjustment permitted in section 2 above to ceiling prices which include the adjustment provided under GOR 35."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Supplementary Regulation 2 to Ceiling Price Regulation 60 is effective February 7, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 3, 1953.

[F. R. Doc. 53-1252; Filed, Feb. 3, 1953; 4:00 p. m.]

[Ceiling Price Regulation 60, Amdt. 1 to Supplementary Regulation 3]

CPR 60—CASTINGS

SR 3—ADJUSTMENT IN CEILING PRICES FOR PRODUCERS OF GRAY IRON CASTINGS

CLARIFICATION OF CEILING PRICE WHICH MAY BE INCREASED BY INDUSTRY EARNINGS STANDARD ADJUSTMENT

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Supplementary Regulation 3, Ceiling Price Regulation 60, is hereby issued.

STATEMENT OF CONSIDERATIONS

The purpose of this amendment to Supplementary Regulation (SR) 3 to Ceiling Price Regulation (CPR) 60 is to provide clearly that the Industry Earnings Standard adjustment permitted by SR 3 to CPR 60 may be applied to ceiling prices in effect on the effective date of SR 3, even though they may represent ceiling prices established under CPR 60 and then adjusted under some other regulation (except General Overriding Regulation (GOR 35) and that the adjustment is not required to be applied only to unadjusted CPR 60 ceiling prices.

The basis for this amendment to Supplementary Regulation 3 is the same as that for Amendment 1 to SR 1 to CPR 60 and the Statement of Considerations thereto is equally applicable to this amendment.

In view of the technical nature of this amendment, consultation with industry representatives, including trade association representatives, has not been deemed practicable or necessary prior to its issuance.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and conform in all respects to the applicable provisions of that act.

AMENDATORY PROVISIONS

1. Section 1 of SR 3 to CPR 60 is amended to read as follows:

SECTION 1. *What this supplementary regulation does.* This supplementary regulation permits producers of gray iron castings to increase the ceiling prices of such castings which were in effect immediately before the effective date of this supplementary regulation by 9 percent.

2. Section 2 of SR 3 to CPR 60 is amended to read as follows:

SEC. 2. *Adjustment of ceiling prices.* If you are a producer of gray iron castings you may increase your ceiling prices for them which were in effect immediately before the effective date of this supplementary regulation by 9 percent. You may also increase the ceiling prices which were in effect immediately before the effective date of this supplementary regulation for equipment furnished by you in connection with your sales of such castings by 9 percent. The ceiling

prices to which this increase may be applied are either those established under CPR 60, or those ceiling prices as adjusted pursuant to any other OPS regulation such as GOR 10, GOR 21 or GOR 29, but not including GOR 35.

3. Section 3 of SR 3 to CPR 60 is amended by adding a sentence at the end thereof reading as follows: "You may not, however, apply the 9 percent adjustment permitted in section 2 above to ceiling prices which include the adjustment provided under GOR 35."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Supplementary Regulation 3 to Ceiling Price Regulation 60 is effective February 7, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 3, 1953.

[F. R. Doc. 53-1253; Filed, Feb. 3, 1953; 4:00 p. m.]

[Ceiling Price Regulation 117, Amdt. 4 to Revision 1]

CPR 117—MALT BEVERAGES

ADJUSTMENT OF BREWERS' AND WHOLESALERS' CEILING PRICES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to Ceiling Price Regulation 117, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

The accompanying amendment to CPR 117, Revision 1, makes provision for individual adjustment of brewers' and wholesalers' ceiling prices to bring them into line with ceiling prices of their competitors.

The provisions of CPR 117, Revision 1, fixing ceiling prices are based on price structures resulting principally from local competition. They perpetuate the price relationships which existed during the May 24–June 24, 1950 period. The month before the Korean outbreak was a normal period for the industry, and the price relationships for that period contained as few distortions as any which might be selected. While experience indicates that the ceiling prices resulting from techniques used in the regulation are generally fair and equitable, the distortions which did occur and have been frozen by the regulation are significant enough to require corrective action by the Office of Price Stabilization.

In the malt beverage industry, especially at the wholesale level, individual sellers from time to time make short term price reductions in an endeavor to secure larger shares of the sales in their markets. These reductions have been used historically to encourage the retailer, by widening his margin, to emphasize particular brands, and they have seldom been passed on to consumers.

Price actions of this kind are not contemplated as enduring price distinctions. Rather, they are intended to be maintained for only a few weeks or months, at the end of which time the prices are brought into line with those of competitors. Consequently, price differentials resulting from such short term competitive activity should not be maintained in a scheme of price stabilization any longer than is necessary. Maintenance of these differentials has in some cases resulted in hardship both to the seller with low ceilings and to his competitors (who have been forced to meet those abnormally low prices) without giving the ultimate consumers any important benefits. This amendment is, therefore, intended to rectify the distortion incorporated in present ceilings without disturbing historically established price differentials.

The amendment, as indicated above, takes cognizance of the specific characteristics of competition in the malt beverage industry. For the most part brewers and wholesalers who in the pre-Korean period were selling at lower prices on a short-range basis had brought their prices into line by January 26, 1951 (the date of issuance of the General Ceiling Price Regulation). Therefore, this amendment provides that a brewer or wholesaler may apply for an adjustment of his CPR 117, Revision 1, ceiling price for a given item so that the same dollar-and-cent differential will exist between his adjusted price and the ceiling price of the most closely competitive seller of the most closely competitive item as existed between the selling prices of those two items during the period the GCPR was in effect. To deal with abnormal price increases taken by a brewer or wholesaler as a result of the Korean conflict, it is provided that his application will be granted only if the same dollar-and-cent differential existed between the prices of those two items during a substantial pre-Korean period. Brewers and wholesalers who did not adjust their prices by January 26, 1951, will, of course, derive no benefit from this amendment, since it is fair to assume that their present ceiling prices reflecting long standing selling prices are not abnormal.

The adjustments provided for by this amendment will have little effect on retail ceiling prices. For the most part retailers have two or three price classes of malt beverages and do not reflect, in their retail selling prices, small increases in their purchase cost of a single item since that would throw the item out of its normal class.

In the formulation of this amendment the Director of Price Stabilization has consulted industry representatives, including trade association representatives, to the extent practicable and has given consideration to their recommendations. In the judgment of the Director, the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that Act, as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 117, Revision 1, is amended by the addition of the following section:

SEC. 91. *Adjustment of brewers' and wholesalers' ceiling prices*—(a) Who *may obtain an adjustment.* You may obtain an adjustment in any of your ceiling prices otherwise established in this regulation if you are a brewer or a wholesaler and can establish that your ceiling price is out of line with those of your most closely competitive seller of the most closely competitive item and that the past pattern of your selling prices meets the requirements set out in paragraph (c).

(b) *How to apply for an adjustment.* To obtain an adjustment under this section you must apply in writing to your OPS District Office, and if you have no such District Office, to the Regional Office for the OPS region in which your main place of business is located. Your application must be signed by you or an authorized officer of your firm and contain the following information:

(1) Your name and address.

(2) A description of the item for which you are seeking an adjustment (i. e., the brand, type, container size, container type, and, if it is sold in bottles or cans, the case size).

(3) The class of purchaser to which the proposed adjustment is to be applicable.

(4) The name and address of the most closely competitive seller who sells the item which you believe to be the most closely competitive with the one for which you are seeking an adjustment. You may not consider an item as closely competitive with yours unless it is of the same container size and container type, and if your item is sold in cases, unless it is sold in the same case size as the item for which you are seeking an adjustment, and unless it is sold to the class of purchaser described under (3).

(5) A description of the item sold by the seller referred to in (4) (i. e., the brand, type, container size, container type, and, if it is sold in bottles or cans, the case size).

(6) Your present ceiling price for sales of the item to the class of purchaser described under (3) and the corresponding ceiling price for the item which you have listed under (5) as being most closely competitive with yours.

(7) Your regular selling price or prices of the item involved for sales to the class of purchaser set out in (3), as shown by your records, for the calendar year 1951 and the regular ceiling price or prices charged during the same period for the competitive item you have listed when sold to the same class of purchaser. By "regular" selling prices are meant list prices or, if there were no list prices, then those which were in effect during the periods when there were no offerings of special deals, promotions, or other temporary price reductions. Show the dates for which the various prices were in effect and the terms upon which they were offered.

(8) Your regular selling price or prices of the item involved for sales to the class of purchaser set out in (3), as shown by your records, for any period of 90 consecutive days between January 1, 1948 and May 23, 1950 selected by you

and the regular selling price or prices charged during the same period for the competitive item you have listed when sold to the same class of purchaser. Show the dates for which the various prices were in effect and the terms upon which they were offered.

(c) Action on your application. If it appears from the information you have furnished that your ceiling price for the item covered by your application is out of line with the ceiling price for the most closely competitive item, and that the ceiling price you propose will restore the differential which existed between your regular selling price for the item covered by your application and the regular selling price for the most closely competitive item during the calendar year 1951, and that the same differential had existed for at least 90 consecutive days in the period January 1, 1948–May 23, 1950 between your regular selling price and the regular selling price of the most closely competitive item, you will be authorized to adjust your ceiling price to re-establish that differential. You must not, however, adjust your ceiling price unless and until an order granting you the adjustment is issued by OPS and takes effect.

Example. Your CPR 117, Rev. 1, ceiling price for sale of a case of 24/12 oz. returnable bottles of Jonie's Beer to retailers is $2.00. The ceiling price for sale of the same case and container size and type of Ruthie's Beer (the most closely competitive item) to retailers is $2.25. During 1951 the regular *selling* prices of those two items to retailers were $2.00 and $2.15 respectively, reflecting a dollar-and-cent differential of 15¢. In addition, for at least 90 consecutive days in the period between January 1, 1948, and May 23, 1950, your regular selling price for the sale of that item of Jonie's Beer to retailers and the regular selling price for sale of the comparable item of Ruthie's Beer reflected the same 15¢ differential. In this situation the Office of Price Stabilization will issue an order adjusting your ceiling price for sales of that item of Jonie's Beer to retailers to $2.10, which is 15¢ less than the $2.25 ceiling price for sale of Ruthie's Beer to retailers.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 4 to Ceiling Price Regulation 117, Revision 1, is effective February 9, 1953.

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 3, 1953.

[F. R. Doc. 53–1254; Filed, Feb. 3, 1953; 4:00 p. m.]

[General Overriding Regulation 35, Amdt. 11]

GOR 35—PASS THROUGH FOR STEEL, PIG-IRON, COPPER AND ALUMINUM COST INCREASES

ADDITION OF AUTOMOTIVE LIFTS TO APPENDIX C

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 11 to General Overriding Regulation 35 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds automotive lifts (hydraulic, semihydraulic, and mechanical) to Appendix C of GOR 35. The purpose and effect of listing certain commodities in this appendix are explained in detail in the statement of considerations which accompanied Amendment 1 to GOR 35. The same considerations apply to the issuance of this amendment. This amendment is occasioned by the issuance of Amendment 5 to General Overriding Regulation 42 (GOR 42), which provides for a 7 percent increase in ceiling prices for sale by manufacturers of automotive lifts (hydraulic, semi-hydraulic, and mechanical), an adjustment which includes the materials cost increases. Since these are end products, no problem of any "pass through" beyond these manufacturers is involved.

Due to the nature of this amendment, special circumstances have made general consultation with industry representatives, including trade association representatives, impracticable. However, consultations with representatives of the automotive lifts industry were held prior to the issuance of Amendment 5 to GOR 42.

AMENDATORY PROVISIONS

General Overriding Regulation 35 is amended in the following respect:

1. Appendix C is amended by adding thereto in the appropriate columns the words listed below under the columns headed "Commodity" and "Regulation":

Commodity	*Regulation*
Automotive lifts, hydraulic, semi-hydraulic, and mechanical	GOR 42, Sec. 25

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to General Overriding Regulation 35 is effective February 7, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 3, 1953.

[F. R. Doc. 53–1255; Filed, Feb. 3, 1953; 4:01 p. m.]

[General Overriding Regulation 42, Amdt. 5]

GOR 42—ADJUSTMENTS UNDER THE INDUSTRY EARNINGS STANDARD FOR MACHINERY, RELATED MANUFACTURED GOODS, AND BUILDING MATERIALS

AUTOMOTIVE LIFTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this amendment to General Overriding Regulation 42 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds automotive lifts to the coverage of General Overriding Regulation 42. An industry earnings standard survey has recently been completed for this industry, and based upon data obtained from representative groups of manufacturers, it has been determined that, in order to bring the dollar profits of this industry up to the earnings standard approved by the Office of Price Stabilization, ceiling prices should be established at 107 percent of the industry's ceiling prices for these commodities which were in effect during the period December 1, 1952, to the issue date of this amendment. Such increased ceiling prices will be generally fair and equitable.

This adjustment reflects all increases in materials, wages, and transportation which are currently in effect. Furthermore, it reflects increases in certain materials which are likely to occur in the future as a result of General Overriding Regulation 35 (Pass Through for Steel, Pig Iron, Copper, and Aluminum Cost Increases). Therefore, manufacturers of automotive lifts who use this adjustment may not adjust their ceiling prices under General Overriding Regulation 35. If they have already used GOR 35, they must deduct the amount of such an adjustment before taking the adjustment allowed by the amendment. However, the adjustment permitted by this amendment only reflects increases in outbound transportation costs, if any, occurring before the issue date. If increases in these costs occur in the future, an adjustment may be made for such increases pursuant to Supplementary Regulation 9 to Ceiling Price Regulation 30 or Supplementary Regulation 122 to the General Ceiling Price Regulation (Adjustments to Reflect Increased Outbound Transportation Costs), which ever is applicable. If these manufacturers have taken any adjustments under SR 9 to CPR 30 or SR 122 to the GCPR before the issue date of this amendment, they must deduct the amount of such adjustment before taking the adjustment permitted by this amendment.

The survey upon which this adjustment is based was effected by the use of a procedure designated "streamlined" by OPS, and since this procedure does not permit consideration of various factors which may be considered under a "full-scale" industry earnings standard survey, which necessarily requires more detailed data, and, therefore, a greater length of time to conduct, the members of this industry may at any time request OPS to conduct a full-scale survey.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable; are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended; and comply with the applicable standards of that act.

AMENDATORY PROVISIONS

General Overriding Regulation 42 is amended in the following respects:

Article II is amended by adding a new section 25 to read as follows:

SEC. 25. *Automotive lifts*—(a) *Commodities included.* Automotive lifts, hydraulic, semi-hydraulic, and mechanical; including parts and accessories for these commodities, when such parts and accessories are produced by the manufacturers of the lift, for incorporation into or for use with the lift or repair of the lift. These automotive lifts are used for the lifting of passenger motor vehicles, busses, and trucks and range in capacity up to 7500 pounds, inclusive. These lifts are fully described in "Automotive Lifts, Commercial Standard 142–47," issued by the United States Department of Commerce.

(b) *Adjustment period price.* The adjustment period price for any commodity included in paragraph (a) of this section 25 is the highest ceiling price to each class of purchaser which was in effect during the period December 1, 1952 to the effective date of the adjustment provided by this section 25. A ceiling price is considered "in effect" if that ceiling price was properly determined in accordance with applicable OPS regulations prior to the effective date of the adjustment authorized by this section 25.

(c) *Percentage adjustment.* The percentage adjustment for commodities included in this section 25 is 107 percent.

(d) *Relationship of the adjustment authorized by this section 25 to other adjustment regulations*—(1) *GOR 35.* Manufacturers of commodities included in paragraph (a) of this section 25 may not adjust their ceiling prices for such commodities under GOR 35 (Pass Through for Steel, Pig Iron, Copper and Aluminum Cost Increases). Further, if the highest ceiling price of the commodity in question during the adjustment period included an adjustment determined under GOR 35, this ceiling price must be reduced by the dollar amount of such an adjustment before it may be used as an adjustment period price under this regulation.

(2) *Capehart regulations.* See section 5, Article I of this regulation.

(3) *Outbound transportation costs.* See section 5, Article I of this regulation.

(4) *GOR 10 and GOR 29.* See section 5, Article I of this regulation.

(e) *Effective date.* The adjustment authorized by this section becomes effective February 7, 1953.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 7, 1953.

NOTE: The record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

Chapter XXI—Office of Rent Stabilization, Economic Stabilization Agency

[Rent Regulation 1, Amdt. 121 to Schedule A]

[Rent Regulation 2, Amdt. 118 to Schedule A]

RR 1—HOUSING

RR 2—ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

SCHEDULE A—DEFENSE-RENTAL AREAS

COLORADO, ILLINOIS AND KENTUCKY

Effective February 4, 1953, Rent Regulation 1 and Rent Regulation 2 are amended so that the items indicated below of Schedules A read as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

Issued this 30th day of January 1953.

JAMES McI. HENDERSON.
Director of Rent Stabilization.

State and name of defense-rental area	Class	County or counties in defense-rental area under regulation	Maximum rent date	Effective date of regulation
Colorado				
(46) Pueblo	B	In PUEBLO COUNTY, Townships 20 and 21, South, Ranges 64 and 65, West of the Sixth Principal Meridian.	Mar. 1, 1942	Nov. 1, 1942
	C	do	Aug. 1, 1952	Nov. 18, 1952
	A	PUEBLO COUNTY, except Townships 20 and 21, South, Ranges 64 and 65, West of the Sixth Principal Meridian, and that portion of the county lying West of Range 66, West of the Sixth Principal Meridian.	do	Do.
Illinois				
(88e) Lake County	B	LAKE COUNTY, except the cities of Highland Park and Lake Forest, the villages of Deerfield, Grayslake, and Lake Bluff and that portion of the village of Barrington located therein.	Mar. 1, 1942	July 1, 1942
	C	do	Aug. 1, 1952	Jan. 6, 1953
	A	In LAKE COUNTY, the villages of Deerfield and Grayslake and that portion of the village of Barrington located therein.	do	Do.
Kentucky				
(123e) Ashland-Catlettsburg-Raceland.	B	In GREENUP COUNTY, the city of Raceland	Mar. 1, 1942	Nov. 1, 1942

These amendments decontrol the following on the initiative of the Director of Rent Stabilization under section 204 (c) of the act:

That part of Pueblo County West of Range 66, West of the Sixth Principal Meridian, a portion of the Pueblo Defense-Rental Area in the State of Colorado;

The Cities of Highland Park and Lake Forest and the Village of Lake Bluff in Lake County, Illinois, portions of the Lake County Defense-Rental Area;

The City of Catlettsburg in Boyd County, Kentucky, a portion of the Ashland-Catlettsburg-Raceland Defense-Rental Area.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—PRACTICE AND PROCEDURE

APPLICATION FOR STATION LICENSE WHERE NO CONSTRUCTION PERMIT IS REQUIRED

The Commission having under consideration the desirability of making certain editorial changes in § 1.318 (b) of its rules and regulations; and

It appearing, that the amendments adopted herein are editorial in nature, and, therefore, prior publication of notice of proposed rule making under the provisions of section 4 of the Administrative Procedure Act is unnecessary, and the amendments may become effective immediately; and

It further appearing, that the amendments adopted herein are issued pursuant to authority contained in sections 4 (i), 5 (d) (1) and 303 (r) of the Communications Act of 1934, as amended, and paragraph F-6 of the Commission's Order Defining the Functions and Establishing the Organizational Structure of the Office of the Secretary, dated February 14, 1952, as amended;

It is ordered, This 26th day of January 1953, that, effective immediately, § 1.318 (b) of the Commission's rules and regulations is revised as set forth below:

In § 1.318 (b):

1. Delete subparagraph (3) relative to obsolete Form 402.

2. Redesignate paragraphs (4) through (14) as paragraph (3) through (13).

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154)

Released: January 26, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 53-1132; Filed, Feb. 3, 1953; 8:47 a. m.]

[Docket No. 10214]

PART 3—RADIO BROADCAST SERVICES

PART 13—COMMERCIAL RADIO OPERATORS

LICENSED OPERATOR REQUIREMENTS OF CERTAIN STANDARD AND FM BROADCASTING STATIONS AND FOR REMOTE CONTROL OPERATION OF SUCH STATIONS

1. On June 4, 1952, the Commission released a notice of proposed rule making in the subject matter setting forth the request of the National Association of Radio and Television Broadcasters (hereinafter called petitioner) for amendment of the Commission's rules to permit:

(a) Persons holding restricted radiotelephone operator permits or higher class of licenses to stand the required regular transmitter watches at standard and FM broadcasting stations employing nondirectional antennas and operating with powers of 10 kw or less;

(b) Remote control of such stations.

2. The amendments proposed by petitioner would compel each station affected to employ a minimum of one first-class operator "as its chief engineer or technical superviser" and would permit the other operators required to be available for duty at the transmitter to be restricted permittees. The first class operator is not required to be a full-time employee but only to be "on call and reasonably available to fulfill his specified duties." He would be the only operator authorized to undertake any internal tuning adjustments, major repairs, or overhaul, and similar endeavors, restricted permittees being allowed to perform only "minor" adjustments of transmitter supply voltages and tuned circuits.

3. In support of the requested changes petitioner asserts that the regular duties of transmitter operators could be performed by restricted permittees, provided that major repairs were made by first class operators; and that the use of restricted operators would not result in any increase in outages or jeopardize the safety of the operators. Although it contends that technical reasons alone require that the Commission authorize the use of restricted permittees, petitioner points out that the basic need for the change is also justified by significant economic reasons. It alleges that most small stations must operate with a limited staff, and that effective utilization of this staff demands that those performing the nominal duties of transmitter operators be able to do many of the other more important and more difficult jobs required if the station is to offer a desirable service to the public. Petitioner concludes that the use of restricted operators, particularly in sparsely settled areas, would greatly enhance the possibilities of obtaining a staff with qualifications more suited to stations' needs. Also because of the resulting economies of operation, it argues that the use of restricted operators would increase the chances of survival of existing small stations, encourage the development of broadcast stations in "white areas" and in communities having no locally originated service, and aid existing stations to expend their hours of service.

4. Approximately 2,000 comments upon the proposal were received from the following sources: 1,136 individuals, most of them operators; 5 national labor unions; 52 labor union locals; 6 trade schools; 788 individual station managements; 28 regional associations of broadcasters; 1 national association of broadcasters; and 2 national networks. Almost all of the comments submitted by the operators, operator organizations and trade schools were opposed to the requested amendments. Conversely, almost all of the comments submitted by broadcasters and management organizations supported the requested amendments.

5. In the notice of proposed rule making issued in these proceedings the Commission posed a number of relevant questions and requested that interested parties direct their comments to these questions. One of the questions upon which comment was particularly desired was the extent to which a watch-standing operator requires significant technical training. In general, broadcasters are of the opinion that routine duties of periodic observations—reading meters and entering the readings in the station log, minor external adjustments of voltages and current, circuit tuning, and similar tasks, constitute all of the operator's transmitter duties during program periods; and that these duties can be performed without any appreciable technical training. Some expressed the further opinion that low grade watch-operators should also be able to make such minor repairs as replacing defective plug-in tubes and fuses, because these activities do not require extensive training but only a certain amount of technical aptitude. On the other hand, the operators contend that the operator on transmitter duty must not only make the observations and readings called for by the rules but must also observe numerous other matters and interpret what they see, hear, and smell. The operators assert that, in this way, transmitter failure caused by the aging of certain components, overheating of others, etc., can be anticipated, thereby avoiding outages and various other undesirable effects. Petitioner asserts that modern transmitters show remarkable reliability, and that, in the event of the rare loss of service due to transmitter breakdown, the general instructions in most stations are that the chief engineer is to be called. It also emphasized that preventive maintenance work is the principal means of avoiding breakdown. Many other station representatives expressed similar opinions and further asserted that it is not necessary to have

maintenance work performed during a transmitter operator watch, it being sufficient to have periodic inspection and maintenance of the equipment performed while the station is off the air. From the comments it appears that it is the practice at the smaller stations to have such maintenance work discharged only by the chief engineer, and also to employ "combination" operators, with concurrent duties as announcers, many of whom have had little or no experience in the repair and maintenance of broadcast stations. With respect to the desirability and appropriateness of the proposed amendments at the various power levels, the comments received must be characterized as contradictory.

6. In summary, as to the important question whether there would be any change in the number of technical transmission difficulties with the utilization of restricted watch-operators, the comments were conflicting. A number contended that the proposed amendments, if adopted, would result in some increase in transmission difficulties because of the alleged inability of non-technical operators on duty to anticipate or recognize faults and either correct or report them; it was also pointed out that under petitioner's proposal, additional time might be needed for the first-class operator, who could be stationed somewhere else, to reach the faulty transmitting equipment. Comments submitted by operators estimated increases in technical transmission difficulties ranging from 100 to 300 percent. On the other hand, some broadcasters believe that transmitter difficulties would decrease because they would have more money to spend on equipment, thus increasing the reliability of their technical plant. Other broadcasters cited experience with temporary use of low-grade operators in specific cases both recently and during the late war which showed no increase in transmission difficulties at those times. The Commission's records reveal that the loss of air time for the average broadcast station is only 0.14 percent of total air time. In this connection several comments attributed as high as 90 percent of outages to power and tube failure over which operators have little, if any, control.

7. As to the effect of the proposal upon the safety of operators, it is the prevailing opinion of the broadcasters that the duties of the lower grade operators, in connection with transmitting equipment, would be so limited as to preclude their coming into contact with dangerous voltages. It is pointed out that only minor, external adjustments would be made and that in the case of replacements of simple plug-in components the operator would be protected by interlock devices on access doors. There is little disagreement with this view but some individuals contend that in an emergency, regardless of their lack of technical competence, low-grade operators would be under pressure to restore a defective transmitter to service, and because of their ignorance of transmitter circuits, would engage in unsafe activities. However, no factual basis was given for this prediction. Several broadcasters expressed the opinion that the intelligence and care with which the operator works determines his safety rather than the class of license he holds. In general, the Commission's standards prohibit lethal voltages with which there might be accidental contact in performing the limited duties proposed. However, there are exceptions to this in that (a) exposed 220-volt AC switching equipment is permitted on the front of a power control panel, and (b) potentials of 350 volts, or less, within enclosures, need not be disconnected by interlocks on access doors. It is believed that the standards in respect to these matters are exceeded in the case of most transmitting equipment of recent manufacture to the extent that all external controls are "dead" and there are no exposed voltages outside enclosures .

8. Petitioner cited statistics of the Bureau of Labor Statistics to show that with one or possibly two exceptions not necessarily involving the instant question, there were no fatalities or permanent injuries among some 400 broadcast stations in a sample survey taken from 1941 through 1949, and further, that no fatality nor permanent injury occurred during the war years when numerous low grade operators were employed. It also pointed out in the petition that the National Council on Compensation Insurance, which is the central actuarial source for compensation insurance companies, does not classify transmitter operators in a hazardous category and has no separate data with respect to them.

9. There were many comments that the proposed amendments would result in widespread unemployment among first-class operators. In this connection, however, several broadcasters asserted that displaced operators would be absorbed by growth in the television broadcasting field, and the experience of one national network was cited as an example in that connection.

10. With respect to the petitioner's specific proposals, several comments called attention to possible difficulties in their administration because of indefiniteness, typified by the phrases "reasonably available" used in connection with the first-class operator and "minor adjustments" as applicable to the allowable work area of the restricted permittees. Further, it was pointed out that minor adjustments by restricted permittees might result in misadjustment of transmitting equipment so as to produce undesirable external effects.

11. Consideration must also be given to the effect of petitioner's proposals on the Conelrad Plan. This plan requires that, in case of an air raid alert, participating stations shall be able to change operating frequencies and, in some instances, power, on very short notice to predetermined and assigned values. The Conelrad Plan has been approved in accordance with Executive Order No. 10312 and is for the purpose of:

(1) Minimizing the navigational aid that an attacking air force might obtain from our broadcast stations.

(2) Providing a radio service for dissemination of civil defense and other information to the public during period of air attack . . .

The Conelrad system of operation requires the voluntary participation of a large number of stations. A study made of the technical requirements for placing a broadcast station in Conelrad system operation, revealed that practically all of the operations necessary at existing stations operating in the Conelrad system fall into one or more of the following categories:

(1) Push-button activation to place an auxiliary transmitter in operation that has been pretuned to a Conelrad frequency.

(2) Push-button operation to energize relays to effect the necessary changes.

(3) Moving dials to predetermined reading to tune the transmitter to a Conelrad frequency.

(4) Manually throwing switches to change crystals, inductors, capacitors, antennas, etc.

(5) Moving clips or connectors to predetermined points to effect changes as in (4) above.

12. With respect to remote control operation petitioner requests a revision of the rules to permit the operator at the remote control point to turn the transmitter on and off and to perform all of the functions required by the Commission's rules and standards to be carried out by operators on duty at the transmitter in the absence of remote control. It argues that such remote control of broadcast transmitters is entirely feasible and points to the operations of the similar experimental remote control installations already authorized by the Commission. Reports have been received from licensees on the operation of eight of these installations over periods averaging a little more than three months, seven involving control of FM stations by wire circuits and one radio control of an AM station. These reports show that faults occurred in the remote control circuits or apparatus of three installations that caused service interruptions but that in each of the eight cases, transmitter outages resulting from all causes, including outages attributed to remote control, amounted to less than one percent of the total time covered by each report. Petitioner advances, as reasons supporting its proposal, the argument that remote control authorization will permit the selection of better studio and transmitter sites, and through reduced overhead and more efficient operation, will aid existing stations in maintaining or expanding their present services, and will encourage the construction of new stations in sparsely settled areas.

13. On the other hand, there were a number of opinions, mainly from operators, that a control system should be required to afford the same degree of control at the remote point as exists at the transmitter, a degree entailing observations and adjustments beyond those proposed by petitioner or called for by the Commission's regulations. These same commentators asserted that the supervisory control circuits and apparatus necessary to provide such a degree of control would be so complex as to be impractical at this time. Finally, several comments pointed out that use of remote control with no one in attend-

ance at the transmitter would facilitate entries to the transmitter by unauthorized persons, including persons desiring to use the facilities for subversive purposes.

14. The Commission has carefully considered the numerous comments submitted and on the basis of these comments and its own knowledge and experience in the field, obtained through reports and records, has determined that amendment of the rules in question along the lines suggested by petitioner is appropriate at this time. The most important consideration is whether the revisions in question would result in any degradation of the Commission's technical standards and requirements, or more specifically, would increase the possibility of outages and improper transmitter operation. Factors such as the marked improvement of transmitter equipment and the reliability of such improved equipment, the satisfactory utilization of low grade operators during the late war, the successful operation by non-technical personnel of many electronic devices of an equally complex nature and upon which the safety of life and important property is often dependent, and the extensive and exclusive reliance at many stations on the chief engineer for all significant repair work, all militate for the adoption of the subject revisions. We find however that petitioner's proposal for the employment of a first class operator is inadequate. Petitioner proposed that the first-class operator need not be a full-time employee but only be "on call and reasonably available to fulfill his specified duties." It is our view that each station should have in its regular full-time employment and at the station at least one operator holding a radio-telephone first-class operator license to effect and insure the proper functioning of the station equipment and the implementation of the Conelrad Plan (see par. 15). Many of the comments received stressed the desirability and prime importance of preventive maintenance, the necessity for observation and "sniffing out" of trouble by the experienced technician, and the reliance on the chief engineer for any significant repair. It is felt that the retention of at least one first-class operator will satisfy all these criteria of proper technical operation since this operator, being employed on a regular full-time basis, will have ample opportunity to detect difficulties and engage in preventive maintenance, and be readily available at all times for necessary repair work. Further, under the rules adopted herein the restricted permittee, except when under the supervision of this first-class operator, is prohibited from making any adjustment that may result in improper transmitter operation other than external adjustments in four specified situations and, after instruction, those procedures necessary to place the station in Conelrad operation. It is the Commission's opinion that the modifications of petitioner's proposal here referred to are conclusive insurance against any degradation of its technical requirements or serious jeopardy to the safety of the operators or other personnel, and that they do not substantially inhibit the attainment of the benefits which petitioner believed would be forthcoming under its original proposal. On the basis of our experience with problems arising with the utilization of very high power equipment and the showings made in this proceeding, we have concluded that the revision of the rules to permit use of lesser grade operators and remote control shall be limited to standard non-directional and FM stations operating with the power of 10 kw or less.

15. With respect to the Conelrad plan, it is the Commission's opinion that the plan can be implemented and put into operation by persons holding authorizations other than radio-telephone first-class, provided they have been given adequate instruction by the station full-time first-class operator.

16. Numerous parties asserted that the proposed amendments would result in widespread unemployment among first-class operators, and that this factor should be accorded great weight by the Commission in reaching its determination. It is the Commission's opinion that just as under the standard of "public convenience and necessity" in section 214 of the act, it took into consideration the question of protection of employees in office closures and reduction of hours cases involving common carriers (In the Matter of Employee Protection in Telephone and Telegraph Service Curtailments, FCC 51–177, Mimeo No. 59469), so here it may consider, under the standard of the "public interest, convenience and necessity," the effect of the proposed amendments on the size and stability of the labor supply of technically qualified operators available to the broadcasting industry. Cf. Interstate Commerce Commission v. Railway Labor Executive Association, 315 U. S. 373, 380. However, in view of the applicable policy factors—in particular, the distinct possibility, especially with the lifting of the "freeze," that television will be able to take up a substantial degree of any resultant unemployment, the requirement that at least one first-class operator be retained in full-time employment, and the necessity of according technological progress proper leeway, such consideration does not compel a reversal of the foregoing conclusion.

17. Similarly, with respect to the question of remote control operation, the Commission is of the opinion, in the light of the present status of the equipment needed for such operation, the experimental demonstration of feasibility, the conditions imposed upon its authorization in petitioner's proposals and here adopted, and the salutary purposes to be accomplished by its use in appropriate situations, that authorization of the remote control operation on a regular basis is now desirable.

18. All interested parties have been afforded ample opportunity to file written comments and exhaustive comments have been received. Because of this and the further fact that most of the conflicts engendered by these comments are based on opinion, surmise, or prognostication, it does not appear that further oral presentation would be of material assistance to the Commission upon this matter. Accordingly, the requests of various parties for permission to make oral presentation are denied.

19. Authority for the adoption of the proposed amendment is contained in sections 303 of the Communications Act of 1934, as amended, and section 4 of the Administrative Procedure Act.

20. In view of the foregoing, *it is ordered*, That, effective 30 days after publication in the FEDERAL REGISTER, Part 3 and Part 13 of the Commission's rules and regulations, the Standards of Good Engineering Practice Concerning Standard Broadcast Stations, and the Standards of Good Engineering Practice Concerning FM Broadcast Stations are amended as set forth below.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interpret or apply sec. 303; 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: January 26, 1953.

Released: January 27, 1953.

By direction of the Commission.

[SEAL] T. J. SLOWIE, *Secretary.*

I. Part 3—Radio Broadcast Services.

1. Section 3.55 is amended as follows:

Delete present paragraph (b) and substitute the following:

(b) The licensee of each station shall have in operation, either at the transmitter or at the place where the transmitter is controlled, a modulation monitor of a type approved by the Commission.

2. Section 3.60 is amended as follows:

Delete present paragraph (a) and substitute the following:

(a) The licensee of each station shall have in operation, either at the transmitter or at the place where the transmitter is controlled, a frequency monitor of a type approved by the Commission which shall be independent of the frequency control of the transmitter.

3. Add new § 3.66 to read as follows:

§ 3.66 *Remote control operation.* A station which is authorized for non-directional operation with power of 10 kilowatts or less may, upon prior authorization from the Commission, be operated by remote control at the point(s) which shall be specified in the station license. An application for authorization to operate by remote control may be made as a part of an application for construction permit or license, or modification thereof by specifying the proposed remote control point(s). Operation by remote control shall be subject to the following conditions:

(a) The equipment at the operating and transmitting positions shall be so installed and protected that it is not accessible to or capable of operation by persons other than those duly authorized by the licensee.

(b) The control circuits from the operating position to the transmitter shall provide positive on and off control and shall be such that open circuits, short circuits, grounds or other line faults will not actuate the transmitter and any fault causing loss of such control will

automatically place the transmitter in an inoperative condition.

(c) Control and monitoring equipment shall be installed so as to allow the licensed operator either at the remote control point or at the transmitter, to perform all of the functions in a manner required by the Commission's rules and Standards.

4. Section 3.164 is amended to read as follows:

§ 3.164 *Station and operator licenses; posting of.* The station license and any other instrument of station authorization and the original license (or Form FCC No. 759) of each station operator shall be posted in a conspicuous place in the transmitter control room in such manner that all terms thereof are visible.

5. Section 3.165 is amended to read as follows:

§ 3.165 *Operator requirements.* (a) One or more radio operators holding a valid radiotelephone first-class operator license, except as provided below, shall be in actual charge of the transmitting apparatus and shall be on duty either at the transmitter location or remote control point.

(b) A station which is authorized for non-directional operation with power of 10 kilowatts or less may be operated by persons holding commercial radio operator license of any class, except an aircraft radiotelephone operator authorization or a temporary limited radiotelegraph second-class operator license, when the equipment is so designed that the stability of the frequency is maintained by the transmitter itself within the limits of tolerance specified, and none of the operations, except those specified in subparagraphs (1) and (2) of this paragraph, necessary to be performed during the course of normal operation may cause off-frequency operation or result in any unauthorized radiation.[37a] Adjustments of transmitting equipment by such operators, except when under the immediate supervision of a radiotelephone first-class operator, shall be limited to the following:

(1) Those necessary to commence or terminate transmitter emissions as a routine matter.

(2) Those external adjustments that may be required as a result of variations of primary power supply.

(3) Those external adjustments which may be necessary to insure modulation within the limits required.

(4) Those adjustments necessary to effect any change in operating power which may be required by the station's instrument of authorization.

[37a] A person holding any class of radio operator license or permit who is authorized thereunder to perform limited operation of a standard broadcast station may, when a Conelrad Radio Alert is called, make adjustments necessary to effect operation on a Conelrad authorization: *Provided,* That the station's full-time radiotelephone first-class operator shall have previously instructed such person in the adjustments to the transmitter which are necessary to accomplish Conelrad operation.

Should the transmitting apparatus be observed to be operating in a manner inconsistent with the station's instrument of authorization and none of the above adjustments are effective in bringing it into proper operation, a person holding other than a radiotelephone first-class operator license and not acting under the immediate supervision of radiotelephone first-class operator, shall be required to terminate the station's omissions.

(c) The licensee of a station which is operated by one or more operators holding other than a radiotelephone first-class operator license shall have one or more operators holding a radiotelephone first-class operator license in regular full-time employment at the station whose primary duties shall be to effect and insure the proper functioning of the transmitting equipment. In the event that the licensee also operates an FM broadcast station in the same community, a regular full-time radiotelephone first-class operator or operators employed in connection with the standard broadcast station may concurrently be employed to satisfy the requirements of § 3.265 (c) or § 3.565 (c): *Provided,* That the duties of such operator or operators concerning the FM broadcast transmitting equipment shall in nowise interfere with the proper performance of his duties with respect to the standard broadcast transmitter.

(d) The licensed operator on duty and in charge of a standard broadcast transmitter may, at the discretion of the licensee, be employed for other duties or for the operation of another radio station or stations in accordance with the class of operator's license which he holds and the rules and regulations governing such other stations: *Provided, however,* That such duties shall in nowise interfere with the proper operation of the standard broadcast transmitter.

6. Section 3.252 is amended as follows:

Delete present paragraph (a) and substitute the following:

(a) The licensee of each station shall have in operation, either at the transmitter or at the place where the transmitter is controlled, a frequency monitor of a type approved by the Commission which shall be independent of the frequency control of the transmitter.

7. Section 3.253 is amended as follows:

Delete present paragraph (a) and substitute the following:

(a) The licensee of each station shall have in operation, either at the transmitter or at the place where the transmitter is controlled, a modulation monitor of the type approved by the Commission.

8. Section 3.257 is amended as follows:

Add the following new subparagraph (8) to paragraph (b):

(8) Change in the authorized transmitter remote control point(s).

9. Section 3.264 is amended to read as follows:

§ 3.264 *Station and operator licenses; posting of.* (a) The station license and any other instrument of station authorization and the original license (or Form FCC No. 759) of each station operator shall be posted in a conspicuous place in the transmitter control room in such manner that all terms thereof are visible.

10. Section 3.265 is amended to read as follows:

§ 3.265 *Operator requirements.* (a) One or more radio operators holding a valid radiotelephone first-class operator license, except as provided in this section, shall be in actual charge of the transmitting apparatus and shall be on duty either at the transmitter location or remote control point.

(b) A station which is authorized with transmitter power output of 10 kilowatts or less may be operated by persons holding commercial radio operator license of any class, except an aircraft radiotelephone operator authorization or a temporary limited radiotelegraph second-class operator license, when the equipment is so designed that the stability of the frequency is maintained by the transmitter itself within the limits of tolerance specified, and none of the operations, except those specified in subparagraphs (1), (2) and (3) of this paragraph, necessary to be performed during the course of normal operation may cause off-frequency operation or result in any unauthorized radiation. Adjustments of transmitting equipment by such operators, except when under the immediate supervision of a radiotelephone first-class operator shall be limited to the following:

(1) Those necessary to commence or terminate transmitter emissions as a routine matter.

(2) Those external adjustments that may be required as a result of variations of primary power supply.

(3) Those external adjustments which may be necessary to insure modulation within the limits required.

Should the transmitting apparatus be observed to be operating in a manner inconsistent with the station's instrument of authorization and none of the above adjustments are effective in bringing it into proper operation, a person holding other than a radiotelephone first-class operator license and not acting under the immediate supervision of a radiotelephone first-class operator, shall be required to terminate the station's emissions.

(c) The licensee of a station which is operated by one or more operators holding other than a radiotelephone first-class operator license shall have one or more operators holding a radiotelephone first-class operator license in regular full-time employment at the station whose primary duties shall be to effect and insure the proper functioning of the transmitting equipment. In the event that the licensee also operates a standard broadcast station in the same community; a regular full-time radiotelephone first-class operator or operators employed in connection with the FM broadcast station may concurrently be employed to satisfy the requirements of § 3.165 (c): *Provided,* That the duties

of such operator or operators concerning the standard broadcast transmitting equipment shall in nowise interfere with the proper performance of his duties with respect to the FM broadcast transmitter.

(d) The licensed operator on duty and in charge of an FM broadcast transmitter may, at the discretion of the licensee, be employed for other duties or for the operation of another radio station or stations in accordance with the class of operator's license which he holds and the rules and regulations governing such other stations: *Provided, however,* That such duties shall in nowise interfere with the proper operation of the FM broadcast transmitter.

11. Add a new § 3.274 to read as follows:

§ 3.274 *Remote control operation.* A station which is authorized with transmitter power output of 10 kilowatts or less may, upon prior authorization from the Commission, be operated by remote control at the point(s) which shall be specified in the station license. An application for authorization to operate by remote control may be made as a part of an application for construction permit or license or modification thereof by specifying the proposed remote control point(s). Operation by remote control shall be subject to the following conditions:

(a) The equipment at the operating and transmitting positions shall be so installed and protected that it is not accessible to or capable of operation by persons other than those duly authorized by the licensee.

(b) The control circuits from the operating position to the transmitter shall provide positive on and off control and shall be such that open circuits, short circuits, grounds or other line faults will not actuate the transmitter and any fault causing loss of such control will automatically place the transmitter in an inoperative condition.

(c) Control and monitoring equipment shall be installed so as to allow the licensed operator either at the remote control point or at the transmitter to perform all of the functions in a manner required by the Commission's rules and Standards.

12. Section 3.552 is amended as follows:

Delete present language of paragraph (a) and substitute the following:

(a) The licensee of each station licensed for transmitter power output above 10 watts shall have in operation, either at the transmitter or at the place where the transmitter is controlled, a frequency monitor of a type approved by the Commission which shall be independent of the frequency control of the transmitter.

13. Section 3.553 is amended as follows:

Delete the present language of paragraph (a) and substitute the following:

(a) The licensee of each station licensed for transmitter power output above 10 watts shall have in operation, either at the transmitter or at the place where the transmitter is controlled, a modulation monitor of a type approved by the Commission.

14. Section 3.557 is amended as follows:

Add the following subparagraph (8) to paragraph (b):

(8) Change in the authorized transmitter remote control point(s).

15. Section 3.564 is amended to read as follows:

§ 3.564 *Station and operator licenses; posting of.* (a) The station license and any other instrument of station authorization and the original license (or Form FCC No. 759) of each station operator shall be posted in a conspicuous place in the transmitter control room in such a manner that all terms thereof are visible.

16. Section 3.565 is amended to read as follows:

§ 3.565 *Operator requirements.* (a) One or more radio operators holding a valid radiotelephone first-class operator license, except as provided in this section, shall be in actual charge of the transmitting apparatus and shall be on duty either at the transmitter location or remote control point.

(b) A station which is authorized with transmitter power output of 10 kilowatts or less may be operated by persons holding commercial radio operator license of any class, except an aircraft radiotelephone operator authorization or a temporary limited radiotelegraph second-class operator license, when the equipment is so designed that the stability of the frequency is maintained by the transmitter itself within the limits of tolerance specified, and none of the operations, except those specified in subparagraphs (1), (2) and (3) of this paragraph, necessary to be performed during the course of normal operation may cause off-frequency operation or result in any unauthorized radiation. Adjustments of transmitting equipment by such operators, except when under the immediate supervision of radiotelephone first-class operator, shall be limited to the following:

(1) Those necessary to commence or terminate transmitter emissions as a routine matter.

(2) Those external adjustments that may be required as a result of variations of primary power supply.

(3) Those external adjustments which may be necessary to insure modulation within the limits required.

Should the transmitting apparatus be observed to be operating in a manner inconsistent with the station's instrument of authorization and none of the above adjustments are effective in bringing into proper operation, a person holding other than a radiotelephone first-class operator license and not acting under the immediate supervision of a radiotelephone first-class operator, shall be required to terminate the station's emissions.

(c) The licensee of a station which is operated by one or more operators holding other than a radiotelephone first-class operator license shall have one or more operators holding a radiotelephone first-class operator license in regular full-time employment at the station, whose primary duties shall be to effect and insure the proper functioning of the transmitting equipment. In the event that the licensee also operates a standard broadcast station in the same community, a regular full-time radiotelephone first-class operator or operators employed in connection with the FM broadcast station may concurrently be employed to satisfy the requirements of § 3.165 (c): *Provided,* That the duties of such operator or operators concerning the standard broadcast transmitting equipment shall in nowise interfere with the proper performance of his duties with respect to the FM broadcast transmitter: Except, that (1) if the transmitter power output is in excess of 10 watts but not greater than 1 kw, an operator holding radiotelephone second-class operator license may be on duty and perform the functions required of the radiotelephone first-class operator, or (2) if the transmitter power output is 10 watts or less, a radiotelephone second-class or radiotelegraph first- or second-class operator may be on duty and perform the functions of the radiotelephone first-class operator but need not be in regular full-time employment at the station.

(d) The licensed operator on duty and in charge of a non-commercial educational FM broadcast transmitter may, at the discretion of the licensee, be employed for other duties or for the operation of another radio station or stations in accordance with the class of operator's license which he holds and the rules and regulations governing such other stations: *Provided, however,* That such duties shall in nowise interfere with the proper operation of the FM broadcast transmitter.

17. Add a new § 3.572 as follows:

§ 3.572 *Remote control operation.* A station which is authorized with transmitter power output of 10 kilowatts or less may, upon prior authorization from the Commission, be operated by remote control at the point(s) which shall be specified in the station license. An application for authorization to operate by remote control may be made as a part of an application for construction permit or license or modification thereof by specifying the proposed remote control point(s). Operation by remote control shall be subject to the following conditions:

(a) The equipment at the operating and transmitting positions shall be so installed and protected that it is not accessible to or capable of operation by persons other than those duly authorized by the licensee.

(b) The control circuits from the operating position to the transmitter shall provide positive on and off control and shall be such that open circuits, short circuits, grounds or other line faults will not actuate the transmitter and any fault causing loss of such control will automatically place the transmitter in an inoperative condition.

(c) Control and monitoring equipment shall be installed so as to allow

the licensed operator either at the remote control point or at the transmitter to perform all of the functions in a manner required by the Commission's rules and Standards: Except, that in the case of a station licensed for a transmitter output power of 10 watts or less the monitoring equipment shall be installed at the remote control point so as to continuously monitor the actual FM carrier and audibly indicate the nature and quality of the program being broadcast.

II. Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

1. Section 15 is amended by the deletion of the first unnumbered paragraph.

2. Section 16 is amended by the deletion of the first unnumbered paragraph.

3. Section 20 is amended by the deletion of the first unnumbered paragraph.

4. Section 21 is amended by the deletion of the first unnumbered paragraph.

5. Section 22 is amended by the deletion of the first unnumbered paragraph.

III. Standards of Good Engineering Practice Concerning FM Broadcast Stations.

1. Section 12 is amended by the deletion of the first sentence of this section.

2. Section 14 is amended by the deletion of the first unnumbered paragraph of this section.

3. Section 15 is amended by deleting the first two sentences of the first unnumbered paragraph of the section and the substitution of the following: "The modulation monitor may be a part of the frequency monitor."

IV. Part 13—Commercial Radio Operators.

1. Section 13.7 is amended as follows:

Delete the words "in the case of a station licensed for service other than broadcast," appearing in lines 12 and 13 of paragraph (a).

2. Section 13.61 is amended by insertion of the footnote designator 19b after the word "authority" appearing in the first line thereof, and the addition of the following footnote:

[19b] See also § 13.62 (c) for additional operating authority with respect to standard and FM broadcast stations.

3. Section 13.62 is amended by the addition of a new paragraph as follows:

(c) The provisons of § 13.61 shall not prevent a holder of a commercial radio operator license of any class, except an aircraft radiotelephone operator authorization or a temporary limited radiotelegraph second-class operator license, from operating broadcast stations under the following conditions:

(1) A standard broadcast station with authorized operating power of 10 kw or less and employing a non-directional antenna, an FM broadcast station with authorized transmitter output power of 10 kw or less, or a noncommercial educational FM broadcast station with authorized transmitter output power of more than 1 kw but not in excess of 10 kw: *Provided,* That adjustments [23a] of transmitting equipment by such operators, except when under the immediate supervision of a radiotelephone first-class operator, shall be limited to the following:

(i) Those necessary to commence or terminate transmitter emissions as a routine matter.

(ii) Those external adjustments that may be required as a result of variations of primary power supply.

(iii) Those external adjustments which may be necessary to insure modulation within the limits required.

(iv) Those adjustments necessary to effect any changes in operating power which may be required by the station's instrument of authorization.

(2) A noncommercial educational FM broadcast station with authorized transmitter power output of more than 10 watts but not in excess of 1 kw: *Provided,* That adjustments of transmitting equipment by such operators, except under the immediate supervision of a radiotelephone first- or second-class operator, shall be limited to those adjustments set forth in subdivisions (i), (ii), and (iii) of subparagraph (1) of this paragraph.

(3) A noncommercial educational FM broadcast station with authorized transmitter power output of 10 watts or less: *Provided,* That adjustments of transmitting equipment by such operators, except under the immediate supervision of a radiotelephone first or second-class operator or a radiotelegraph first or second-class operator, shall be limited to those adjustments set forth in subdivisions (i), (ii) and (iii) of subparagraph (1) of this paragraph.

(4) Should the broadcast transmitting apparatus be observed to be operating in a manner inconsistent with the station's instrument of authorization and none of the adjustments specifically described under subparagraph (1) (2) or (3) of this paragraph are effective in bringing it into proper operation, an operator holding a lesser grade license than that which authorizes unlimited adjustment, with respect to the class of broadcast station involved, and not acting under the supervision of a person holding the higher grade license permitting such unlimited adjustment, shall terminate the station's emissions.

(5) Except in the case of noncommercial educational FM broadcast stations with authorized transmitter output power of 10 watts or less, the special operating authority granted in this section with respect to broadcast stations is subject to the condition that there shall be in regular full-time employment at the station one or more operators of a class authorized to make or supervise all adjustments, whose primary duty shall be to effect and insure the proper functioning of the transmitting equipment. In the case of a noncommercial educational FM broadcast station with authorized transmitter output power of 10 watts or less such operator(s) shall nevertheless be available on call to make or supervise any needed adjustments.

[23a] A person holding any class of radio operator license or permit who is authorized thereunder to perform limited operation of a standard broadcast station may, when a Conelrad Radio Alert is called, make any adjustments necessary to effect operation on a Conelrad frequency in accordance with the station's Conelrad authorization: *Provided,* That the station's responsible first-class radiotelephone operator(s) shall have previously instructed such person in the adjustments to the transmitter which are necessary to accomplish Conelrad operation.

PART 7—STATIONS ON LAND IN THE MARITIME SERVICES

PART 8—STATIONS ON SHIPBOARD IN THE MARITIME SERVICES

ERRATA

In the matter of amendment of §§ 7.306 (a) (2), 8.355 (a) (2) and 8.359 (b) of the Commission's rules and regulations to effect certain editorial changes therein.

The Commission's order of January 2, 1953 in the above-entitled matter, published in the FEDERAL REGISTER January 13, 1953, at page 256, is amended as follows:

1. Delete all references to § 7.306 (a) (2) including instruction 1 which reads, "1. Section 7.306 (a) (2) is amended by making the frequency '8450' listed therein read '8540'."

2. Delete all references to § 8.359 (b) including instruction 3 which reads, "3. Section 8.359 (b) is amended by making the reference therein to the frequency '156.2 Mc' read '156.3 Mc'."

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082, as amended; 47 U .S. C. 303)

Released: January 27, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 53-1177; Filed, Feb. 3, 1953; 8:54 a. m.]

PART 16—LAND TRANSPORTATION RADIO SERVICES

FILING OF APPLICATIONS

The Commission having under consideration the desirability of making certain editorial changes in § 16.54 of its rules and regulations; and

It appearing, that the amendments adopted herein are editorial in nature, and, therefore, prior publication of notice of proposed rule making under the provisions of section 4 of the Administrative Procedure Act is unnecessary, and the amendments may become effective immediately; and

It further appearing, that the amendments adopted herein are issued pursuant to authority contained in sections 4 (i), 5 (d) (1) and 303 (r) of the Communications Act of 1934, as amended, and paragraph F-6 of the Commission's Order Defining the Functions and Establishing the Organizational Structure of the Office of the Secretary, dated February 14, 1952, as amended;

It is ordered, This 20th day of January, 1953, that, effective immediately, § 16.54

of the Commission's rules and regulations is revised as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: January 27, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

Section 16.54 is amended to change reference in paragraph (a) from § 16.56 (h) to § 16.56 (g); to delete paragraph (e); insert existing paragraph (c) in lieu thereof and add a new paragraph (c) so that revised § 16.54 will read as follows:

§ 16.54 *Filing of applications.* (a) To assure that necessary information is supplied in a consistent manner by all persons, standard forms are prescribed for use in connection with the majority of applications and reports submitted for Commission consideration. Standard numbered forms applicable to the Land Transportation Radio Services are discussed in § 16.56, and may be obtained from the Washington, D. C., office of the Commission, or from any of its engineering field offices. Concerning matters where no standard form is applicable, the procedure outlined in § 16.56 (g) should be followed.

(b) Any application for radio station authorization, and all correspondence relating thereto, shall be submitted to the Commission's office at Washington 25, D. C., and should be directed to the attention of the Secretary.

(c) Unless otherwise specified, an application shall be filed at least sixty days prior to the date on which it is desired that Commission action thereon be completed.

(d) Failure on the part of the applicant to provide all the information required by the application form, or to supply the necessary exhibits or supplementary statements may constitute a defect in the application.

(e) Applications involving operation at temporary locations:

(1) When a base station or a fixed station is to remain at a single location for less than one year, the location is considered to be temporary. An application for authority to operate at temporary locations shall specify the general geographic area within which the operation will be confined. The area specified may be a city, a county or counties, a state or states, "Gulf Coast area", "Eastern U. S.", etc.

(2) When a base station or fixed station authorized to operate at temporary locations remains at a single location for more than one year, an application for modification of the station authorization to specify the permanent location shall be filed within thirty days after expiration of the one year period.

[F. R. Doc. 53-1178; Filed, Feb. 3, 1953; 8:54 a. m.]

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 2, 3]

[Docket No. 9552]

THEATER TELEVISION SERVICE

NOTICE OF PROCEDURE AND ORDER OF TESTIMONY AT HEARING ON JANUARY 26, 1953

JANUARY 22, 1953.

In accordance with the Commission's order of November 12, 1952, in the above-entitled proceeding, further sessions of this hearing will begin on January 26, 1953, at 10 a. m. in the U. S. Department of Commerce Auditorium, Fourteenth Street between E Street and Constitution Avenue NW., Washington, D. C. The procedure herein outlined will be followed in the taking of further evidence.

I. Direct testimony on engineering and accounting matters. Such testimony will be received from witnesses for the following parties in the order indicated:

A. National Exhibitors Theatre Television Committee and Motion Picture Association of America, Inc.

B. American Telephone and Telegraph Company.

C. Radio Corporation of America.

D. Western Union Telegraph Company.

E. American Petroleum Institute (A. Earl Cullum, Jr. only at this time and cross-examination of this witness will be heard following his direct testimony).

II. Cross-examination of witnesses who have presented evidence on engineering and accounting matters. Counsel for each party will be required to indicate upon conclusion of all direct testimony on engineering and accounting matters, which witnesses they wish to have recalled for cross-examination.

III. Rebuttal testimony on engineering and accounting matters. (Parties who desire to present rebuttal witnesses should notify Commission counsel promptly, giving the names of the witnesses.)

IV. Testimony on issues other than accounting and engineering. Cross-examination of each witness will immediately follow that witness' direct testimony. Such testimony will be taken in the following order:

A. National Exhibitors Theatre Television Committee and Motion Picture Association of America, Inc.

B. Theatre Network Television, Inc.

C. Theatre Television Authority.

D. Western Union Telegraph Company.

E. American Telephone & Telegraph Company.

F. Independent Telephone Association.

G. American Petroleum Institute.

H. Aeronautical Radio, Inc.

I. American Trucking Association.

J American Civil Liberties Union.

Other parties to this proceeding not listed above have indicated in their summaries of testimony filed with the Commission January 12, 1953, that they will limit their participation to cross-examination and such rebuttal testimony as may be necessary.

The Commission expects each party to cooperate in expediting the conclusion of the hearings by making their presentations as brief as possible and, wherever possible, by reducing direct testimony, in whole or in part, to writing and offering it for the record in that form in lieu of oral presentation.

Notice is hereby given that sessions of this hearing will be held on Mondays and Tuesdays only of each week.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 53-1134; Filed, Feb. 3, 1953; 8:47 a. m.]

[47 CFR Part 8]

[Docket No. 10359]

STATIONS ON SHIPBOARD IN THE MARITIME SERVICES

EMERGENCY ANTENNA ON SHIPS

In the matter of amendment of Subpart U of Part 8 of the Commission's rules regarding the requirement of an emergency antenna on ships subject to the Safety of Life at Sea Convention, 1948.

The Commission having on December 23, 1952, adopted a notice of proposed rule making in the above entitled matter in which January 15, 1953, was designated as the last day by which original comments in the proceeding were to be filed and seven days thereafter as the last day for filing of comments in reply to original comments; the National Federation of American Shipping, Inc. having applied for an extension of time until March 2, 1953, within which to file further original comments in the proceeding; and

It appearing, that the National Federation of American Shipping has submitted original comments but proposes to investigate the matter further with the view of submitting additional comments based on such investigation; and

It further appearing, that it would be in the public interest for the record to include the additional comments of the National Federation of American Shipping, Inc., which represents a considerable portion of the ocean going merchant vessel shipping affected by the proposals in this proceeding; and

It further appearing, that additional time for filing comments will not prejudice the rights of any interested persons;

It is ordered, This 26th day of January, 1953, that an extension of time until March 2, 1953, is granted within which to file original comments in the above-captioned proceeding and that the time

within which to file reply comments to original comments in this proceeding is extended to March 9, 1953.

Released: January 27, 1953

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 70]

GRADING AND INSPECTION OF POULTRY AND EDIBLE PRODUCTS THEREOF AND UNITED STATES CLASSES, STANDARDS, AND GRADES WITH RESPECT THERETO

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the issuance as hereinafter proposed of an amendment to the regulations governing the grading and inspection of poultry and edible products thereof and United States classes, standards, and grades with respect thereto (7 CFR Part 70) pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act, 1953 (Pub. Law 451, 82d Cong. approved July 5, 1952). The amendment slightly reduces the required minimum number of containers comprising a representative sample of poultry submitted for grading and will have little or no effect on the users of the service. It has been found that the proposed decrease in the number of samples will not affect the accuracy of the grading but will increase the efficiency thereof.

All persons who desire to submit written data, views, or arguments in connection with this amendment should file the same in triplicate with the Chief of the Marketing Services Division, Poultry Branch, Production and Marketing Administration, U S. Department of Agriculture, Room 2099 South Building, Washington 25, D. C., not later than the 15th day following publication of this notice in the FEDERAL REGISTER.

The proposed amendment is as follows: Change § 70.31 *General,* to read as follows:

§ 70.31 *General.* Grading service performed with respect to any quantity of products shall, as the case may require, be on the basis of an examination, pursuant to the regulations in this part, of each unit thereof or of each unit in the representative sample thereof drawn by a grader. Whenever the grading service is performed on a representative sample basis, such sample shall be drawn and consist of not less than the minimum number of containers as indicated in the following table:

[Minimum number of containers comprising a representative sample]

Containers in lot:	*Containers in sample*
3 containers, or less	(1)
4 to 20, inclusive	3
21 to 50, inclusive	5
51 to 140, inclusive	7
In excess of 140 containers	(2)

[1] All containers.

[2] Five percent of the number of containers in the lot.

(60 Stat. 1087; 7 U. S. C. 1621; Pub. Law 451, 82d Cong.)

Issued at Washington, D. C., this 30th day of January 1953.

[SEAL] EZRA TAFT BENSON,
Secretary of Agriculture.

[F. R. Doc. 53-1144; Filed, Feb. 3, 1953; 8:50 a. m.]

NOTICES

DEPARTMENT OF THE TREASURY

Fiscal Service, Bureau of the Public Debt

[1953 Dept. Circ. 919]

2¼ PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES A-1954

OFFERING OF CERTIFICATES

FEBRUARY 2, 1953.

I. *Offering of certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for certificates of indebtedness of the United States, designated 2¼ percent Treasury Certificates of Indebtedness of Series A-1954, in exchange for 1⅞ percent Treasury Certificates of Indebtedness of Series A-1953, maturing February 15, 1953. The amount of the offering under this circular will be limited to the amount of maturing certificates tendered in exchange and accepted.

2. In addition to the offering under this circular, holders of the maturing certificates are offered the privilege of exchanging all or any part of such certificates for 2½ percent Treasury Bonds of 1958, which offering is set forth in Department Circular No. 920, issued simultaneously with this circular.

II. *Description of certificates.* 1. The certificates will be dated February 15, 1953, and will bear interest from the date at the rate of 2¼ percent per annum, payable with the principal at maturity on February 15, 1954. They will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all taxes, now or hereafter imposed under the Internal Revenue Code, or laws amendatory or supplementary thereto. The certificates shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer certificates will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of certificates applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par for certificates allotted hereunder must be made on or before February 16, 1953, or on later allotment, and may be made only in Treasury Certificates of Indebtedness of Series A-1953, maturing February 15, 1953, which will be accepted at par, and should accompany the subscription. The full amount of interest due on the certificates surrendered will be paid following acceptance of the certificates.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] G. M. HUMPHREY,
Secretary of the Treasury.

[F. R. Doc. 53-1175; Filed, Feb. 3, 1953; 8:53 a. m.]

[1953 Dept. Circ. 920]

2½ Percent Treasury Bonds of 1958

OFFERING OF BONDS

FEBRUARY 2, 1953.

I. *Offering of bonds.* 1. The Secretary of the Treasury, pursuant to the authority of the second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for bonds of the United States, designated 2½ percent Treasury Bonds of 1958, in exchange for 1⅞ percent Treasury Certificates of Indebtedness of Series A–1953, maturing February 15, 1953. The amount of the offering under this circular will be limited to the amount of maturing certificates tendered in exchange and accepted.

2. In addition to the offering under this circular, holders of the maturing certificates are offered the privilege of exchanging all or any part of such certificates for 2¼ percent Treasury Certificates of Indebtedness of Series A–1954, which offering is set forth in Department Circular No. 919, issued simultaneously with this circular.

II. *Description of bonds.* 1. The bonds will be dated February 15, 1953, and will bear interest from that date at the rate of 2½ percent per annum, payable on a semiannual basis on June 15 and December 15 in each year until the principal amount becomes payable. They will mature December 15, 1958, and will not be subject to call for redemption prior to maturity.

2. The income derived from the bonds shall be subject to all taxes now or hereafter imposed under the Internal Revenue Code, or laws amendatory or supplementary thereto. The bonds shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The bonds will be acceptable to secure deposits of public moneys.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of $500, $1,000, $5,000, $10,000, $100,000 and $1,000,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury.

5. The bonds will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States bonds.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of bonds applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par for bonds allotted hereunder must be made on or before February 16, 1953, or on later allotment, and may be made only in Treasury Certificates of Indebtedness of Series A–1953, maturing February 15, 1953, which will be accepted at par, and should accompany the subscription. The full amount of interest due on the certificates surrendered will be paid to the subscriber following acceptance of the certificates.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for bonds allotted, to make delivery of bonds on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] G. M. HUMPHREY,
Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Order No. 1, Amdt. 2; Region II]

SPECIFIED CLASSES OF EMPLOYEES

REDELEGATION OF AUTHORITY

Order No. 1 is amended as follows:

PART 2—AUTHORITY IN SPECIFIED MATTERS

1. Section 2.9 is amended to read:

SEC. 2.9 *Government contests.* The Regional Chief, Division of Minerals may initiate Government contests against claims asserted to public lands where the mining laws, or mineral matters, are involved, except mining claims embraced in mineral entries, and the Regional Chief, Division of Lands, may initiate Government contests against all other classes of claims asserted to public lands. The respective chiefs will take all necessary actions involving such contests, except (a) matters authorized by the regulations to be handled by the manager and (b) the presentation of the Government's case at the hearing, which will be handled by the Regional Counsel.

CLASSIFICATIONS, WITHDRAWALS, AND RESTORATIONS

2. Section 2.21 is amended to read:

SEC. 2.21 *Classification of lands.* The Regional Chief, Division of Lands, may classify public lands under section 7 of the Taylor Grazing Act of June 28, 1934, as amended (43 U. S. C. 315f), or pursuant to other laws, as being suitable for any type of use or disposition which the Regional Administrator is empowered to authorize.

NONMINERAL MATTERS EXCEPT RANGE MANAGEMENT AND TIMBER

3. Section 2.63 is amended to read:

SEC. 2.63 *Exchanges.* The managers of land offices, subject to a determination of public inerest and value by the Regional Chief, Division of Lands, and to the approval of the title to the offered lands by the Regional Counsel, may approve exchanges under 43 CFR Part 146, where the value of the selected lands does not exceed $50,000.

PART 4—EFFECT ON PRIOR ORDERS AND EFFECTIVE DATE

4. This order when approved by the Secretary of the Interior and published in the FEDERAL REGISTER shall amend Order No. 1 published in the FEDERAL REGISTER, page 8614, August 25, 1951. This order shall be effective upon approval by the Secretary of the Interior and publication in the FEDERAL REGISTER.

MARION CLAWSON,
Director.

Approved: January 29, 1953.

DOUGLAS MCKAY,
Secretary of the Interior.

DEPARTMENT OF AGRICULTURE

Forest Service

BEAVERHEAD NATIONAL FOREST, MONTANA

REMOVAL OF TRESPASSING HORSES

Whereas a number of horses are trespassing and grazing on the Black Canyon Management Unit, Dillon District, Beaverhead National Forest, in the State of Montana; and

Whereas these horses are consuming forage needed for permitted livestock, are causing extra expense to established permittees, and are injuring national-forest lands;

Now, therefore, by virtue of the authority vested in the Secretary of Agriculture by the act of June 4, 1897 (30 Stat. 35; 16 U. S. C. 551), and the act of February 1, 1905 (33 Stat. 628, 16 U. S. C. 472), the following order is issued for the occupancy, use, protection, and administration of land in the Black Canyon Management Unit, Dillon District, Beaverhead National Forest:

Temporary closure from livestock grazing. (a) The Black Canyon Management Unit, Dillon District, Beaverhead National Forest, is hereby closed from March 1, 1953, to August 31, 1954, to the grazing of horses, excepting those that are lawfully grazing on or crossing such land pursuant to the regulations of the Secretary of Agriculture, or which are used in connection with operations authorized by such regulations, or used as riding, pack, or draft animals by persons traveling over such land.

(b) Officers of the United States Forest Service are hereby authorized to dispose of, in the most humane manner, all horses found trespassing or grazing in violation of this order.

(c) Public notice of intention to dispose of such horses shall be given by posting notices in public places or advertising in a newspaper of general circulation in the locality in which the Beaverhead National Forest is located.

Done at Washington, D. C., this 30th day of January 1953.

[SEAL] EZRA TAFT BENSON,
Secretary of Agriculture.

PEANUTS

NOTICE OF REDELEGATION OF FINAL AUTHORITY BY THE MISSISSIPPI STATE PRODUCTION AND MARKETING ADMINISTRATION COMMITTEE REGARDING MARKETING QUOTA REGULATIONS FOR 1953 CROP

Section 729.432 of the Marketing Quota Regulations for the 1953 Crop of Peanuts (17 F. R. 10611), issued pursuant to the marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1301-1376), provides that any authority delegated to the State Production and Marketing Administration Committee by the regulations may be redelegated by the State committee. In accordance with section 3 (a) (1) of the Administrative Procedure Act (5 U. S. C. 1002 (a)), which requires delegations of final authority to be published in the FEDERAL REGISTER, there are set out herein the redelegations of final authority which have been made by the Mississippi State Production and Marketing Administration Committee of authority vested in such committee by the Secretary of Agriculture in the regulations referred to above. Shown below are the sections of the regulations in which such authority appears and the officer to whom the authority has been redelegated:

MISSISSIPPI

Sections 729.411 (h) (2) (ii), 729.418 (b) (5), 729.419, 729.421, 729.422 (a), 729.424 (a), 729.424 (b), (4), 729.426 (b), 729.426 (c), 729.429 and 729.430—Chairman of the State PMA Committee.

(Sec. 375, 52 Stat. 66, as amended; 7 U. S. C. 1375. Interpret or apply secs. 301, 358, 359, 361-368, 373, 374; 52 Stat. 38, 62, 65, as amended; 55 Stat. 88, as amended; 66 Stat. 27; 7 U. S. C. 1301, 1358, 1359, 1361-1368, 1373, 1374)

Issued at Washington, D. C., this 30th day of January 1953.

[SEAL] HOWARD H. GORDON,
Administrator, Production and Marketing Administration.

[No. M-58]

COASTWISE LINE

NOTICE OF POSTPONEMENT OF HEARING ON APPLICATION TO BAREBOAT CHARTER THREE GOVERNMENT-OWNED, WAR-BUILT, DRY-CARGO VESSELS FOR EMPLOYMENT IN PACIFIC COASTWISE/BRITISH COLUMBIA/ALASKA SERVICE

The hearing scheduled in this matter for February 5, 1953, (18 F. R. 634) is hereby postponed until February 12, 1953, and will be held at the same hour and place as originally scheduled.

Parties may have two (2) days within which to file exceptions to, or memoranda in support of, the examiner's recommended decision, but the Board reserves the right to determine whether oral argument on exceptions will be granted and whether briefs in connection therewith will be received.

Dated: January 30, 1953.

By order of the Federal Maritime Board.

[SEAL] GEORGE A. VIEHMANN,
Acting Assistant Secretary.

National Production Authority

[Suspension Order 33; Docket No. 26]

MARDIGIAN CORP.

MODIFICATION

The above-entitled matter is before the chief hearing commissioner, Na-

tional Production Authority, on the petition of respondent Mardigian Corporation for modification of the suspension order issued herein on September 26, 1952 (Suspension Order 33; Docket No. 26).

Pursuant to delegation issued by Morris R. Bevington, Deputy Chief Hearing Commissioner, dated November 24, 1952, a hearing was held on the petition of respondent Mardigian Corporation for modification of the aforesaid Suspension Order 33, before The Honorable Harrison W. Ewing, Hearing Commissioner, at Union Commerce Building Annex, Cleveland, Ohio, on December 10, 1952. Appearance on behalf of Mardigian Corporation was made by Ned Mellen, Esq., attorney-at-law, Detroit, Michigan, and on behalf of the National Production Authority by Leonard J. Ganse, Esq., Office of General Counsel, and John F. McCrystal, Esq., regional attorney, Sixth Regional Office, Cleveland, Ohio, National Production Authority.

Facts occurring since the date of entry of Suspension Order 33 have been determined by examination of books and records of Mardigian Corporation, at Detroit, Michigan; and a stipulation of the facts was entered into between counsel for said corporation and for the National Production Authority, and was filed herein on January 9, 1953.

Suspension Order 33 (Docket No. 26) now provides:

It is accordingly ordered:

1. That the allocations and allotments of aluminum to Mardigian Corporation, a corporation, for the fourth quarter of 1952, now apparently totaling 532,500 pounds, are hereby recalled and ordered to be modified and reduced by deducting and withholding therefrom 274,518 pounds.

2. That the allocation and allotments of aluminum projected to be made to the Mardigian Corporation, a corporation, for the first quarter of 1953, estimated to total 487,500 pounds are hereby directed to be modified and reduced by deducting and withholding therefrom 274,517 pounds.

3. That except in the event that said Mardigian Corporation received additional allotment or additional allotments or allocations, and excepting such aluminum as said corporation may require to fill orders rated 10–A, B, C, E, and Z–2, B–5, and DX, said Mardigian Corporation shall not use in civilian production more than 257,982 pounds of aluminum during the fourth quarter of 1952, nor more than 212,983 pounds of aluminum during the first quarter of 1953.

4. That said Mardigian Corporation is hereby ordered and required forthwith to report and return to the control of the National Production Authority any aluminum which it may have ordered, or of which it has received actual delivery under authority of its said allotments for the fourth quarter of 1952, in excess of the quantity which it is entitled to receive and use under the preceding paragraph of this order.

Pursuant to the terms of the suspension order, Mardigian Corporation returned to National Production Authority the following amounts of aluminum allocations:

	Pounds
Fourth quarter 1952	274,518
First quarter 1953	274,517

The foregoing makes a complete recoupment or pay-back of aluminum used by Mardigian Corporation in excess of the regulations.

Under paragraph 3 of the above-quoted order, Mardigian Corporation is prohibited from using "in civilian production more than 257,982 pounds of aluminum during the fourth quarter 1952, nor more than 212,983 pounds of aluminum during the first quarter of 1953." It is about these limitations on the maximum quantum of civilian production that the respondent corporation complains.

Petitioner Mardigian Corporation has shown under the stipulation of facts occurring since entry of Suspension Order 33 on September 26, 1952, that its position as concerns aluminum for its product has been as follows:

	Pounds
Aluminum inventory (Oct. 1, 1952)	231,516
Carry-over of aluminum (ordered against third quarter 1952 allotments, but not delivered prior to Oct. 1, 1952)	422,075
Fourth quarter 1952 allotments of aluminum	532,500
Total	1,186,091
Permissible use of aluminum in fourth quarter 1952, under Suspension Order 33, paragraph 3	257,982

It also appears, that because of restrictions of the suspension order limiting use of aluminum in civilian production during the fourth quarter 1952, coupled with the inventory limitations imposed by National Production Authority regulations against receipts of aluminum when the inventory is thus made excessive, Mardigian Corporation was compelled to return 229,700 pounds of third quarter allotment of aluminum, by Form CMP–12 executed December 11, 1952.

In addition, because of its inventory position (supra), and the restriction of the suspension order limiting use of aluminum in civilian production in the fourth quarter 1952, Mardigian Corporation was unable to receive and accept 116,873 pounds of aluminum under its fourth quarter 1952 allotment.

Additionally, and if the restrictions of the suspension order limiting use of aluminum in civilian production during the first quarter 1953 are continued in effect, Mardigian Corporation will be precluded from using additional amounts of aluminum in the first quarter 1953.

Mardigian Corporation has now established and is maintaining a system of records which substantially complies with National Production Authority regulations. It therefore seeks a modification of the suspension order by eliminating paragraph 3 therefrom.

Conclusions. 1. The evidence and stipulation show that Mardigian Corporation made full pay-back of the entire amount of aluminum used in excess under the regulations, viz, 549,035 pounds of aluminum, by two Form CMP–12's, issued October 13, 1952.

2. As an additional effect of the suspension order, Mardigian Corporation was prevented from acquiring and using 229,700 pounds of its third quarter 1952 aluminum allotment, which it was required to return by Form CMP–12, executed December 11, 1952.

3. Additionally, because of effect of the suspension order, Mardigian Corporation was prevented from acquiring and using 116,873 pounds of its fourth quarter 1952 aluminum allotment, which it will be required to return by a Form CMP–12, unless paragraph 3 of the suspension order be modified.

4. By the compliance performed by Mardigian Corporation, viz, by the pay-back of the full amount of aluminum used in excess, and by the effect of the suspension order on civilian production of the corporation and the concurrent effect thereof on the right to acquire and receive aluminum in inventory, the deterrent effect contemplated by the suspension order has been adequately achieved.

Counsel for the National Production Authority does not oppose the granting of the modification sought by Mardigian Corporation.

Wherefore, it is hereby ordered:

That Suspension Order 33 (Docket No. 26), heretofore issued in the above-entitled proceeding on September 26, 1952, be, and the same hereby is, modified in the following respects:

(a) Paragraph 3 thereof is amended by deleting the words "nor more than 212,983 pounds of aluminum during the first quarter of 1953;" and

(b) Said Suspension Order 33 and paragraph 3 thereof is hereby modified to the extent that it purports to limit the use by Mardigian Corporation in civilian production to not more than 257,982 pounds of aluminum during the fourth quarter 1952, and is modified so that the said Mardigian Corporation is hereby authorized to receive (and to use as a carry-over from said fourth quarter of 1952) the undelivered balance of 116,873 pounds of aluminum allotted under its fourth quarter allotment.

Issued at Washington, D. C., this 27th day of January 1953.

NATIONAL PRODUCTION AUTHORITY,
By MORRIS R. BEVINGTON,
Deputy Chief Hearing Commissioner.

[F. R. Doc. 53–1248; Filed, Feb. 3, 1953; 11:41 a. m.]

[Suspension Order 48; Docket No. 59]

ACME PACKING CO. AND FIRST CALL DOG FOOD CO.

MODIFICATION

Respondents, who are in the business of canning pet food, violated section 6 (b) of NPA Order M–25 by certifying purchase orders and using an excessive number of tin cans. This resulted in excessive inventories. They were also charged with making a false application on behalf of a company that was not in fact a packer but that represented only a separate brand of food packed by respondents. The period of violations was the last 2 quarters of 1951.

The hearing commissioner, in Suspension Order No. 48, directed that all pri-

ority assistance, allocations, allotments, and privileges be withdrawn from respondents for a period of 7 months ending June 30, 1953. The amount of excess cans was 1,091,842: this is 2,318 "base boxes," which appears to be the unit of allocation. From the evidence and from the statement of counsel at argument, respondents normally use about 6 million cans per year, and this is 1,062 base boxes per month. During the 7 months of the suspension order, respondents would therefore be deprived of 7,434 base boxes, or 3,501,414 cans, which is over three times the excess in violation.

The record is opaque on the question of wilfulness. The stipulation contains the following:

> • • • they furnished false information in the course of operation under said order by making an application to the National Production Authority in writing, for an adjustment under section 11 of National Production Authority Order M–25 for the establishment of a quarterly packing base for packing animal and pet food under the firm name and style of First Call Dog Food Company; said respondents furnished false information and made materially false statements with respect to their organization, plant, and facilities, which false and misleading statements were made with intent to be acted upon by the National Production Authority; that as a result of such false and misleading information and statements furnished by the said respondents, the National Production Authority on April 26, 1951, granted the First Call Dog Food Company authority to use a quarterly packing base of 882 base boxes of tin plate for packing animal pet food; that upon discovery of such false and misleading information and statements furnished by said respondents, the National Production Authority on October 12, 1951, cancelled and revoked the quarterly packing base of 882 base boxes of tin plate granted to the First Call Dog Food Company as aforesaid; that in truth and in fact the First Call Dog Food Company owned no plant or packing facilities, had no organization, and employed no personnel; that the name "First Call Dog Food" was in fact merely a brand name used on labels by the respondents for pet food packed by Acme Packing Company.

It is difficult to believe that anyone in his senses could sign such a stipulation without realizing that he was admitting a charge of wilfulness: "materially false and misleading information made with intent to be acted upon" is close to the classic definition of fraud.

Nevertheless, counsel stated the Government's position at the hearing as follows:

> I would like to point out, in our statement of charges, Charge No. 5, we have alleged that the action taken by the respondents was wilful. However, in fairness to counsel for the respondents, I pointed that out, and of course he took issue with a stipulation which would agree to wilfulness, and as a consequence the stipulation has no agreement as to wilfulness. It is silent as to the question of wilfulness or not. Consequently, the stipulation is an admission of the facts as charged, and as a result of that, as you know, the object of these proceedings are to seek corrective and remedial action of the disruption of the National Production Authority's program with respect to our material control, Order M–25, in this case, which looks toward an adjustment of the dislocation of this excessive use of material and excessive inventories of material. We are asking for the relief—the relief which the Government requests is a total revocation of all priorities and all allocations and allocation privileges under the NPA orders and regulations as they apply to the respondent.

We think that the stipulation is anything but "silent" on the question of wilfulness, and it is further difficult to understand the statement that "adjustment of the dislocation of this excessive use" should call for "a total revocation of all priorities."

The commissioner completed the picture by finding, after mentioning that "the stipulation does not concede wilfulness," that "at least there was gross negligence on respondents' part." This is not a finding of wilfulness, and because it is the conclusion of the fact-finder it carries great weight, although we do not doubt the power of appellate commissioners to reach an independent conclusion on the record. We might well sustain the commissioner's order upon our own finding of wilfulness if it were not for one factor to be mentioned shortly.

Before doing so we are compelled to express the opinion that the equivocal position of the Government results from the stipulation. To stipulate is a convenient way to avoid long and involved hearings, but we are inclined to think that its maximum value is in cases that fall short of wilfulness: in cases where factors of wilfulness are present, a stipulation should be limited to the admitted facts of violation. It is rather obvious that the respondents in the instant case did not write this stipulation themselves. No one would sign such statements without some feeling of coercion. This is not to say that the Government coerced these respondents, but they couldn't have signed such things unless they felt coerced by the situation in which they found themselves. It should be enough that the Government charge wilfulness, seek to prove it at the hearing, but see to it that any stipulation entered into contain only the basic facts. Respondents and their counsel, both at the hearing and in their brief, constantly asserted good faith, which is altogether inconsistent with the signed stipulation.

We are not unduly impressed by respondents' cries of innocence. The partner who testified showed himself to be an intelligent man. Faced with a mass of regulations that he asserts are difficult to understand, an intelligent man goes to a lawyer, especially when the regulations strike at the supply of materials that are the very core of his business. This partner's complaint is that the local NPA agent who spent 2 days at the plant did not warn him, but it is more persuasive to say that if he had asked the questions that were really troubling him he would have got clear answers. And his favorable interpretations of the appropriate regulations are strained, to say the least.

The factor that impels us to modify the suspension order is foreshadowed in the order itself. This is the provision that the order issue: "subject, however, to modification by NPA to relieve any satisfactorily established severe hardship to the persons for whose 'private label accounts' Acme has been packing." The commissioner declared himself not to be in a position to ascertain and weigh such hardship.

Respondents have presented two affidavits to this effect. One is by James Augustine, who avers that Acme packs about 3,450 cases per month for him and that Acme is his sole source of supply. The other is by Harry L. Meharry to similar effect: his volume is about 2,700 cases per month. These amounts total about 627 base boxes per month.

This has been investigated by the Government on the spot, since the appeal hearing, and has been found to be correct.

The inference is clear, however, that respondents could not exist if allowed cans enough to fill only these two accounts, and if the hardship on respondents' innocent customers is to be met realistically, Acme must be allowed to operate. The only feasible way to do this is to require a reduction in allotments to the full extent of the excessive use. Since we are almost through one-third of a quarter-year, the reduction in allotments may be done on a monthly basis, beginning February 1, 1953, or it may be done equally during two successive quarters, beginning with the second quarter of 1953.

ORDER

Suspension Order No. 48 is modified as follows:

Respondents' allotments shall be reduced by a total of 1,091,842 cans, or 2,318 base boxes. Such reduction may be accomplished by six successive monthly reductions of 386 base boxes each, beginning February 1, 1953, or by two successive quarterly reductions of 1,159 base boxes each, beginning with the second quarter of 1953: the choice of methods to be at the discretion of NPA.

CURTIS BOK,
Deputy Chief Hearing Commissioner.

JANUARY 13, 1953.

DEPARTMENT OF LABOR

Wage and Hour and Public Contracts Divisions

EMPLOYMENT OF HANDICAPPED CLIENTS BY SHELTERED WORKSHOPS

ISSUANCE OF SPECIAL CERTIFICATES

Notice is hereby given that special certificates authorizing the employment of handicapped clients at hourly wage rates lower than the minimum wage rates applicable under section 6 of the Fair Labor Standards Act of 1938, as amended, and section 1 (b) of the Walsh-Healey Public Contracts Act, as amended, have been issued to the sheltered workshops hereinafter mentioned, under section 14 of the Fair Labor Standards Act of 1938, as amended (sec. 14, 52 Stat. 1068; 29 U. S. C. 214, as amended, 63 Stat. 910), and Part 525 of the regulations issued thereunder, as amended (29 CFR Part 525), and under sections 4 and 6 of the Walsh-Healey Public Contracts Act (secs. 4, 6, 49 Stat. 2038; 41 U. S. C. 38,

40) and Article 1102 of the regulations issued pursuant thereto (41 CFR 201.1102).

The names and addresses of the sheltered workshops to which certificates were issued, wage rates, and the effective and expiration dates of the certificates are as follows:

Baltimore Goodwill Industries, 201 South Broadway, Baltimore, Md.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 40 cents per hour, whichever is higher. Certificate is effective January 1, 1953, and expires December 31, 1953.

Pennsylvania Association for the Blind, Delaware County Branch, 100-06 West Fifteenth Street, Chester, Pa.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 25 cents per hour for an evaluation period of 80 hours and a training period of 120 hours, and 35 cents thereafter, whichever is higher. Certificate is effective February 1, 1953, and expires January 31, 1954.

The St. Paul Goodwill Industries, Inc., 509 Sibley Street, St. Paul 1, Minn.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than the applicable hourly rates during the periods hereinafter specified, whichever is higher: Clerical and Switchboard, 60 cents per hour for an evaluation period of 160 hours and a training period of 160 hours, and 67½ cents thereafter; Maintenance, 60 cents per hour for an evaluation period of 160 hours, and 67½ cents thereafter; Waste Materials Division, 38 cents per hour for an evaluation period of 160 hours, and 42½ cents thereafter. Certificate is effective January 1, 1953, and expires December 31, 1953.

Goodwill Industries of Orange County California, 417 West Fourth Street, Santa Ana, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 65 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Mount Diablo Therapy Center, 2363 Mount Diablo Boulevard, Walnut Creek, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 25 cents per hour for an evaluation, and/or a training period of 160 hours, and 50 cents thereafter, whichever is higher. Certificate is effective February 1, 1953, and expires July 31, 1953.

Occupation Exchange, 1843 Empire Street, Burbank, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 25 cents per hour for an evaluation, and/or a training period of 160 hours, and 75 cents thereafter, whichever is higher. Certificate is effective January 5, 1953, and expires July 31, 1953.

Volunteers of America, West Twenty-eighth Main Avenue, Spokane, Wash.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 46 cents per hour for an evaluation, and/or a training period of 160 hours, and 65 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Volunteers of America, 1921 First Avenue, Seattle 1, Wash.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 62½ cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

St. Vincent de Paul Salvage Bureau, 1001 Fairview Avenue North, Seattle 9, Wash.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 62½ cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

United Cerebral Palsy Ass'ns of King County, 201 Minor North, Seattle, Wash.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour, whichever is higher. Certificate is effective January 8, 1953, and expires July 31, 1953.

Goodwill Industries of Tacoma, 2356 South Tacoma Avenue, Tacoma, Wash.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 60 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

The Volunteers of America, 1517 Broadway, Tacoma 2, Wash.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 75 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

The Volunteers of America, Inc., 538 South East Ash Street, Portland, Oreg.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 62½ cents per hour, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Society of St. Vincent de Paul, 530 Sixth Street, Oakland, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 50 cents per hour, and 60 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Goodwill Industries of Oakland, 485 Sixth Street, Oakland 7, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 60 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Goodwill Industries of San Francisco—Santa Cruz Branch, 204 Union Street, Santa Cruz, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 65 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Goodwill Industries of Southern California, 342 San Fernando Road, Los Angeles 31, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 65 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Volunteers of America, 1637 Market Street, San Diego, Calif.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 50 cents per hour for an evaluation, and/or a training period of 160 hours, and 65 cents thereafter, whichever is higher. Certificate is effective January 25, 1953, and expires January 24, 1954.

Goodwill Industries and Gospel Mission, 13 West Salem Avenue, Roanoke, Va.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards or not less than 45 cents per hour for an evaluation period of 80 hours and a training

period of 160 hours, and 50 cents thereafter, whichever is higher. Certificate is effective January 1, 1953, and expires December 31, 1953.

The employment of handicapped clients in the above-mentioned sheltered workshops under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 525 of the regulations, as amended. These certificates have been issued on the applicants' representations that they are sheltered workshops as defined in the regulations and that special services are provided their handicapped clients. A sheltered workshop is defined as, "A charitable organization or institution conducted not for profit, but for the purpose of carrying out a recognized program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury, and to provide such individuals with remunerative employment or other occupational rehabilitating activity of an educational or therapeutic nature."

These certificates may be cancelled in the manner provided by the regulations, as amended. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D. C., this 27th day of January 1953.

JACOB I. BELLOW,
Assistant Chief of Field Operations.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 8736, 8955, 8975, 8976, 9175]

TELEVISION BROADCAST SERVICE AND HEARST RADIO, INC.

MEMORANDUM OPINION AND ORDER SCHEDULING ORAL ARGUMENTS

In the matters of amendment of § 3.606 of the Commission's rules and regulations, Docket Nos. 8736 and 8975; amendment of the Commission's rules, regulations and Engineering Standards concerning the Television Broadcast Service, Docket No. 9175; utilization of frequencies in the Band 470 to 890 Mcs. for television broadcasting, Docket No. 8976; and in re application of Hearst Radio, Inc., Milwaukee, Wisconsin, Docket No. 8955, File No. BPCT-383.

1. The Commission has before it for consideration a further "Petition for Rehearing" filed December 17, 1952, by The Hearst Corporation requesting the Commission to reconsider its Memorandum Opinion and Order (FCC 52-1488) issued November 17, 1952, in the above-entitled proceedings, and the application of Hearst Radio, Inc., for a new commercial television broadcast station on Channel 10 in Milwaukee, Wisconsin (Docket 8955, File No. BPCT-383).

2. Petitioner is the assignee of Hearst Radio, Inc., an applicant for a new commercial television broadcast station in Milwaukee, Wisconsin, on Channel 10. The application of Hearst Radio, Inc., was designated for consolidated hearing along with three other Milwaukee applications on April 29, 1948. At that time four channels were assigned to Milwaukee, Channels 3, 6, 8, and 10, with Channel 3 already being operated by Television Station WTMJ-TV. Thus, Channels 6, 8, and 10 were the subject of the Milwaukee hearing. This hearing commenced on July 28, 1948, and continued through August 6, 1948, by which time all non-engineering testimony of Hearst Radio, Inc., and substantially all such testimony of two other applicants had been presented. The fourth applicant dismissed its application prior to a scheduled further hearing and on September 3, 1948 the further hearing was postponed indefinitely on the motion of the three remaining applicants in order to permit the filing of a petition for immediate grant of their applications. Such a petition was filed on September 14, 1948. However, on September 30, 1948, the Commission issued its "freeze" order (FCC 48-2182); and in accordance with the provisions of this order, no decision was issued in the Milwaukee proceeding.

3. In its third notice of further proposed rule making (FCC 51-244) issued in the television rule making proceedings (Docket 8736 et al.) in March 1951, the Commission proposed to assign six channels to Milwaukee, VHF Channels 4, 10, and 12 and UHF Channels 10, 25, and 31, with Channel 10 reserved for noncommercial educational purposes. Thus, Channels 3, 6, and 8 were no longer proposed for Milwaukee and Channel 10 was to be reserved there for use by a noncommercial educational television station.[1]

4. Hearst Radio, Inc., participated in the television rule making proceedings urging in its comments and evidence that "in order to permit all three applicants to provide additional and competing television services to that city at the earliest possible date and to safeguard the rights of the parties to the Milwaukee hearing—which rights were expressly reserved—the Commission's proposed allocations for Milwaukee * * * should be modified to provide four VHF channels for commercial television stations instead of the two proposed." Specifically, Hearst Radio, Inc., urged that VHF Channel 6 be assigned to Milwaukee and that Channel 10 not be reserved for noncommercial educational use. On April 14, 1952, upon the completion of the rule making proceedings, the Commission issued its Sixth Report and Order (FCC 52-294) adopting the channel assignments for Milwaukee as proposed in the Third Notice, and denying the Hearst Radio, Inc., counterproposal. On this date the Commission also released, in conjunction with its Sixth Report and Order, an Order (FCC 52-308) in Docket 8955 removing the application of Hearst Radio, Inc., as well as all the other applications for television stations in the Milwaukee hearing from the hearing docket.

5. On June 23, 1952, petitioner filed two petitions: (1) A "Petition for Rehearing and Reconsideration of the Sixth Report and Order" filed in the rule making proceedings in Docket 8736 et al.; and (2) a "Petition for Immediate Grant and for Other Relief" directed to the application for a television station on Channel 10 in Milwaukee (BPCT-383). With respect to the rule making proceedings petitioner sought reconsideration of the Commission's decision in the Sixth Report and Order denying the counterproposal of Hearst Radio, Inc., which had urged that VHF Channel 6 be retained in Milwaukee and that VHF Channel 10 be available for commercial assignment in that community. With respect to the application for Channel 10 in Milwaukee, petitioner requested the Commission to set aside its order removing the Hearst Radio, Inc., application from the hearing docket; to grant leave for amendment of its application to bring it up-to-date and into conformity with the new rules; and to enter an order granting the application. On June 30, 1952, petitioner had tendered for filing an amendment to the application of Hearst Radio, Inc., for Channel 10.

6. On November 17, 1952, the Commission issued its Memorandum Opinion and Order (FCC 52-1488) denying the petition of The Hearst Corporation for rehearing and reconsideration of the Sixth Report and Order, and also denying its petition for grant of its application. In addition, the Commission dismissed the amendment tendered for filing by The Hearst Corporation to the application of Hearst Radio, Inc., for Channel 10 in Milwaukee. Petitioner now seeks reconsideration of this action.

7. Petitioner contends that orderly procedure would be served if the Commission were to dispose of the pending application for Channel 10 in Milwaukee at the same time it disposes of the petitions filed by The Hearst Corporation. At the time the Commission issued its Memorandum Opinion and Order on November 17, 1952, the City of Milwaukee had not yet been reached for processing in accordance with the temporary procedure instituted for handling television applications. (Section 1.371 of the rules.) Accordingly, it would have been highly inappropriate for the Commission to have considered finally the application for Channel 10 in Milwaukee at that time. Furthermore, this procedure afforded petitioner an opportunity, if it so desired in the light of our opinion on its previous petitions, to amend its application by requesting a channel available in Milwaukee to commercial applicants. The City of Milwaukee now, however, has been reached on the processing line, and the Commission is now in a position to act on The Hearst application for Channel 10 in Milwaukee. The Hearst Corporation has not tendered an amendment to specify a channel available in Milwaukee for commercial operation. Since

[1] Since Station WTMJ-TV had been operating on Channel 3 which was no longer to be assigned to Milwaukee, the Commission directed this station to show cause why its frequency should not be changed to Channel 4 which was now proposed for that community. WTMJ-TV did not object to this change in frequency.

Channel 10 has been reserved in Milwaukee for use by a noncommercial educational television station, the provisions of paragraph (j), footnote 10 of § 1.371 (Temporary Processing Procedure) and § 3.607 of the Commission's rules and regulations require the dismissal of the Hearst application.

8. The Hearst Corporation asserts that the Commission has confused the two petitions filed by it, that one was directed to the application for Channel 10 in Milwaukee requesting an immediate grant while the other was directed to the rule making proceedings in Docket 8736 et al. Petitioner contends that the Commission erred in ignoring the distinction between adjudication and rule making and that the Commission has not "given appropriate consideration to the contentions advanced in its petitions" or "made appropriate findings to justify its conclusions." Petitioner maintains that the Sixth Report and Order "even assuming it to be a valid and appropriate exercise of the Commission's rule making power, cannot be legally relied on to justify a denial of petitioner's application for Channel 10 in Milwaukee." The Hearst Corporation requests that the Commission reconsider its Memorandum Opinion and Order and "pass separately on the contentions raised in the application proceeding in Docket No. 8955."

9. The prior petition of The Hearst Corporation directed to the application for Channel 10 alleged contentions that there were also offered in its petition directed to the rule making proceeding. In both petitions it was asserted that the Commission was without authority to reserve Channel 10 in Milwaukee for educational purposes in light of the pending Hearst application for this channel. In both it was contended that since a hearing had been partially held on the Hearst application, § 1.387 (b) (3) insulates the application and the amendment of the Commission's Rules can not act to deprive Hearst of its alleged rights to be considered for Channel 10. Moreover, Hearst asserted the right to be considered prior to any consideration afforded applications for that channel which might have been filed subsequent to the hearing on Hearst's application. Our Memorandum Opinion and Order fully considered and disposed of the contentions raised by petitioner in both pleadings. We believed it would have been repetitious and unnecessary to first set forth our views with respect to those arguments in an opinion relating solely to the petition filed by petitioner with respect to the rule making proceeding and then to set forth once again the very same views in a separate opinion relating to the petition filed with respect to the application of Hearst Radio, Inc. Accordingly, we find no merit in the request that we "pass separately on the contentions raised in the application proceeding in Docket No. 8955."

10. The Hearst Corporation, it appears, desires that it be afforded oral argument with respect to the dismissal of the pending application for Channel 10 in Milwaukee (BPCT–383). We are disposed to afford it that opportunity.

Accordingly, it is ordered, That oral argument will be heard before the Commission en banc on February 16, 1953, on the following: To determine whether the pending application of Hearst Radio, Inc., for a new commercial TV station in Milwaukee, Wisconsin, on Channel 10, a channel reserved for educational use by § 3.606 of the rules, should, in light of the provisions of § 1.387 (b) (3) of the rules and the prior proceedings with respect to such application, be dismissed in accordance with the requirements of § 3.607 and footnote 10, § 1.371 of the rules.

11. *It is further ordered,* That the Board of Vocational and Adult Education, Milwaukee, Wisconsin, an applicant for a noncommercial educational television station on Channel 10 in Milwaukee (BPET–19), is made a party to the proceedings and will be permitted, upon its request, to participate in the oral argument ordered above.

12. *It is further ordered,* That the oral argument herein is calendared as argument No. 5 in the Commission's notice of oral argument for that date.

Adopted: January 23, 1953.

Released: January 28, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 53–1135; Filed, Feb. 3, 1953; 8:48 a. m.]

[Docket No. 10335]

WESTERN UNION TELEGRAPH CO. AND RCA COMMUNICATIONS, INC.

ORDER DESIGNATING MATTER FOR HEARING ON STATED ISSUES

In the matter of the Western Union Telegraph Company, complainant, v. RCA Communications, Inc., defendant; Docket No. 10335.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 22d day of January 1953;

The Commission, having under consideration:

(a) The formal complaint of The Western Union Telegraph Company (Western Union), dated October 23, 1952, wherein it is alleged that insofar as Rule 17.01 on 2d Revised Page No. 66 of RCA Communications, Inc. (RCAC) Tariff FCC No. 60 makes provision for the furnishing of teleprinters and teleprinter tie-lines, at the expense of RCAC, to customers located in the "metropolitan areas" of cities within which its operating offices are located, it is vague and defective and therefore contrary to the requirements of § 61.55 (f) of the Commission's rules and regulations; that the provision is contrary to the provisions of the "Formula, pursuant to section 222 (e) (1) of the Communications Act of 1934, as amended, for the Distribution of Outbound International Traffic handled by The Western Union Telegraph Company following Merger with Postal Telegraph, Inc." (Formula) prescribed by the Commission in its Report and Order of September 27, 1943, in Docket No. 6517, In the Matter of the Application for Merger of the Western Union Telegraph Company and Postal Telegraph, Inc., 10 FCC 184 (1943); and that the provision raises questions of compliance with section 214 of the Communications Act of 1934, as amended;

(b) The answer of RCAC to the aforementioned complaint, dated November 26, 1952, wherein RCAC denies in general, the allegations of Western Union contained in the aforementioned complaint;

It appearing, that the term "metropolitan areas" in the aforementioned RCAC tariff, in the absence of definitive language indicating the exact geographical areas intended to be included, might have various meanings, so that such provision may not be clear and explicit as required by § 61.55 (f) of the Commission's rules;

It further appearing, that a question is presented as to whether the aforementioned tariff provision whereby RCAC offers to provide teleprinters beyond the corporate limits of the gateway cities in which it operates (New York, N. Y., Washington, D. C., and San Francisco, California) is contrary to the provisions of the aforementioned Formula which establishes one set of quotas covering traffic originating in the three gateway cities and separate sets of quotas for traffic originating at hinterland points, since certain of the customers in "metropolitan areas" of the gateway cities may be located in the hinterland points while their traffic maybe regarded as gateway traffic for quota purposes under the Formula;

It further appearing, that the practice of RCAC in offering to furnish teleprinters to customers in "metropolitan areas" of cities in which it operates, raises questions of compliance with the requirements of section 214 of the Communications Act of 1934, as amended, in that certain customers furnished such facilities might be located more than ten (10) miles from the operating office of RCAC whereas in these circumstances, such facilities may not be provided unless a certificate of public convenience and necessity is first obtained from the Commission;

It further appearing, That questions are presented to the justness and reasonableness, under section 201 of the Communications Act of 1934, as amended, of the practice and regulations provided for in the tariff schedule in question;

It is ordered, That pursuant to the provisions of sections 201, 208, 214, and 222 of the Communications Act of 1934, as amended, a public hearing shall be held on the issues presented by the pleadings herein;

It is further ordered, That without in any way limiting the presentations which the parties herein may make with respect to all of the issues raised by the pleadings herein, said parties shall present evidence with respect to the following specific issues:

(a) Whether the term "metropolitan areas" as used in the aforementioned RCAC tariff schedule in question, in the absence of definitive language indicating the exact geographical areas intended to be included in the gateway cities in

which the carrier operates, is in violation of § 61.55 (f) of the Commission's rules;

(b) Whether the aforementioned practice of RCAC in offering to provide teleprinters to customers located beyond the corporate limits of the gateway cities in which it operates, as set forth in the tariff schedule in question, may result in violation of the aforementioned Formula;

(c) Whether the aforementioned offering of RCAC to furnish teleprinters to customers located in "metropolitan areas" of cities in which it operates is lawful under section 214 of the Communications Act of 1934, as amended;

(d) Whether the aforementioned practice and regulations of RCAC provided for in the tariff schedule in question is lawful under section 201 of the Communications Act of 1934, as amended, particularly in view of the Commission's decision in Dockets Nos. 5910 and 6104, In the Matter of Globe Wireless Ltd., etc., 9 FCC 80 (1942);

It is further ordered, That hearings in this matter shall be held at the offices of the Commission in Washington, D. C., beginning at 10:00 o'clock on the 3d day of March 1953;

It is further ordered, That copies of this order shall be served upon the complainant and the defendant herein.

Released: January 23, 1953.

FEDERAL COMMUNICATIONS COMMISSION,

Secretary.

[F. R. Doc. 53-1136; Filed, Feb. 3, 1953; 8:48 a. m.]

[Docket Nos. 10246, 10247, 10317]

OREGON TELEVISION, INC., ET AL.

ORDER CONTINUING HEARING

In re applications of Oregon Television, Inc., Portland, Oregon, Docket No. 10246, File No. BPCT-938; Columbia Empire Telecasters, Inc., Portland, Oregon, Docket No. 10247, File No. BPCT-982; Northwest Television and Broadcasting Company, Portland, Oregon, Docket No. 10317, File No. BPCT-1059; for construction permits for new television stations (Channel 12).

The Commission having under consideration the oral motion made jointly on the record of a conference held on January 22, 1953, by counsel for the three applicants in the above-entitled proceeding and for the Broadcast Bureau, that the hearing in the above-entitled proceeding now scheduled for February 12, 1953, be continued; and

It appearing, that the further hearing will be more extended than was anticipated at the time the February 12th date was fixed and cannot be concluded in one day as was believed at the time such date was fixed; and

It further appearing, that the time which it is now believed will be required for the completion of the hearing in this proceeding would not be available immediately following the presently scheduled hearing date of February 12th due to the hearings on the Portland Channel 8 and Channel 6 proceedings;

It is ordered, This the 22d day of January 1953, that the oral motion for continuance be and the same is hereby granted and the further hearing in the above-entitled proceeding is continued to April 15, 1953, at 10:00 a. m., in Washington, D. C.

[Docket Nos. 10285, 10352]

PORT ARTHUR COLLEGE AND SMITH RADIO CO.

ORDER CONTINUING HEARING

In re applications of Port Arthur College, Port Arthur, Texas, Docket No. 10285, File No. BPCT-839; Joe B. Carrigan, trustee and James K. Smith, a partnership, d/b as Smith Radio Company, Port Arthur, Texas, Docket No. 10352, File No. BPCT-1013; for construction permits for new television stations.

The Commission having under consideration a petition filed by the Chief of the Commission's Broadcast Bureau on January 12, 1953, requesting that the hearing in this proceeding be continued indefinitely in order that the administrative procedure required by the filing of the application of the Jefferson Amusement Company, File No. BPCT-1440, and various pleadings, referred to in the petition, can be completed; an opposition to such petition filed by Joe B. Carrigan, Trustee, and James K. Smith, a partnership, d/b as Smith Radio Company, on January 16, 1953; oral argument heard on January 22, 1953, which was participated in by counsel for all parties to this proceeding and for the Broadcast Bureau of the Commission; and the Commission's order of December 12, 1952, continuing the hearing herein from December 15, 1952, to January 26, 1953;

It appearing, that a question is presented as to whether the aforesaid application of Jefferson Amusement Company should be dismissed or should be consolidated for hearing with the applications in the above-entitled proceeding pursuant to the provisions of § 1.387 (b) (3) of the Commission's rules; that a determination of this question and of other questions, raised by pleadings filed by parties herein and referred to in the petition for continuance, prior to the commencement of the hearing in the above-entitled proceeding, will best conduce to the proper dispatch of business and to the ends of justice; and that the amount of time necessary for the Commission to complete its consideration of such pleadings and determination of these questions, in view of its pending workload, cannot be estimated definitely at this time;

It is ordered, This 22d day of January 1953, that the petition of the Chief of the Commission's Broadcast Bureau is granted and the hearing in the above-entitled proceeding, now scheduled for January 26, 1953, is continued indefinitely.

WESTERN UNION TELEGRAPH CO.

ORDER CONTINUING HEARING

In the matter of the Western Union Telegraph Company, divestment of its international telegraph operations in accordance with section 222 (c) (2) of the Communications Act of 1934, as amended; Docket No. 10151.

The Commission having under consideration a petition filed January 23, 1953 by RCA Communications, Inc., requesting the further hearing in the above-entitled proceeding now scheduled to begin January 28, 1953, be continued until February 18, 1953; and

It appearing that the reason for the requested continuance is the fact that the attorney for petitioner, one of the respondents, is ill and will not be able to appear on the presently scheduled hearing date of January 28, 1953; and

It appearing that counsel for the several parties in the hearing have consented to the requested continuance and that action may be taken on the petition immediately, and good cause having been shown that the petition for continuance be granted;

It is ordered, this the 23d day of January 1953, that the above-mentioned petition for continuance be and the same is hereby granted and the further hearing is continued to Wednesday, February 18, 1953, beginning at 10:00 a. m., in the Offices of the Commission at Washington, D. C.

[Docket No. 10379]

KEY BROADCASTING SYSTEM, INC.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Key Broadcasting System, Inc., Bay Shore, New York, for construction permit; Docket No. 10379, File No. BP-8422.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 23d day of January 1953;

The Commission having under consideration the above-entitled application for a construction permit for a new standard broadcast station to operate on 1300 kc, 250 w, Day, at Bay Shore, New York;

It appearing, that the applicant is legally, technically, financially and otherwise qualified to operate the pro-

posed station; but that the application may involve interference with Radio Station WTNJ, Trenton, New Jersey; that the application does not comply with the provisions of the rules and Standards of Good Engineering Practice relating to the requirements for the assignment of Class IV stations to regional channels and may be in contravention of § 3.35 of the rules; and

It further appearing, that by letter dated November 5, 1952, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the applicant was advised of the foregoing deficiencies and that the Commission was unable to conclude that a grant was in the public interest; and

It further appearing, that the applicant filed a reply in response to the above-mentioned letter; that Radio Station WTNJ filed a reply to the Commission's letter and requested the subject application be designated for a hearing because of the interference to its operation; that the Commission, after consideration of the replies, is still unable to conclude that a grant would be in the public interest, and moreover, is of the opinion that under Section 316 of the Communications Act of 1934, as amended, a hearing is mandatory;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said application is designated for hearing at a time and place to be specified in a subsequent Order upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the availability of other primary service to such areas and populations.

2. To determine whether the operation of the proposed station would involve objectionable interference with Radio Station WTNJ, Trenton, New Jersey and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine whether the installation and operation of the proposed station would be in compliance with the Commission rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations relating to the requirements for the assignment of Class IV stations to regional channels.

4. To determine the overlap, if any, which would exist between the service areas of the proposed station and of Station WKBS, Oyster Bay, New York, the nature and extent thereof, and whether such overlap, if any, is in contravention of § 3.35 of the Commission rules.

It is further ordered, That Radio Station WTNJ, Trenton, New Jersey, is made a party to this proceeding.

Released: January 27, 1953.

[Docket Nos. G-996, G-1429, G-1526, G-1816, G-1817, G-1818, G-1916, G-1917, G-1918, G-1919, G-1920, G-1923, G-1924, G-1926, G-1927, G-2111]

NORTHWEST NATURAL GAS CO. ET AL.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

JANUARY 28, 1953.

In the matters of Northwest Natural Gas Company, Docket Nos. G-996, G-1916, G-1917; Pacific Northwest Pipeline Corporation, Docket No. G-1429; Westcoast Transmission Company, Inc., Docket Nos. G-1526, G-1919, G-1920; Glacier Gas Company, Docket Nos. G-1816, G-1817, G-1818; Northern Natural Gas Company; Docket Nos. G-1918, G-1926, G-1927; Trans-Northwest Gas, Inc., Docket Nos. G-1923, G-1924, G-2111.

On March 27, 1952, the Commission by order consolidated, for purpose of hearing, the above-entitled proceedings, other than the proceeding in Docket No. G-2111, and fixed the date for hearing thereon to commence on June 16, 1952.

The consolidated hearing was recessed on July 7, 1952, by the Presiding Examiner, subject to further order of the Commission. On November 25, 1952, the Commission by order reconvened the consolidated hearing to commence on February 16, 1953, and required that additional information and data, on which Applicants propose to rely, be submitted on or before January 16, 1953.

On January 16, 1953, in Docket No. G-2111, Tran-Northwest Gas, Inc.[1] filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural-gas facilities and the sale of natural gas, subject to the jurisdiction of the Commission, as described in the application on file with the Commission and open to public inspection.

The Commission finds: The issues posed by the aforesaid application, filed January 16, 1953, in Docket No. G-2111, appear to be interrelated with those posed by other applications in the above-entitled matters and should be consolidated with those matters for purpose of hearing.

The Commission orders: The aforesaid proceeding on the application filed by Trans-Northwest Gas, Inc. in Docket No. G-2111, be and the same is hereby consolidated with the other above entitled matters for purpose of a public hearing thereon reconvened to commence on February 16, 1953 at 10:00 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C.

[1] Trans-Northwest Gas, Inc. is an applicant in the consolidated proceedings for a permit pursuant to section 3 of the Natural Gas Act, in Docket No. G-1923, and for a Presidential permit in Docket No. G-1924, pursuant to Executive Order No. 8202 dated July 13, 1939.

Date of issuance: January 29, 1953.

By the Commission.

[Project No. 2017]

SOUTHERN CALIFORNIA EDISON CO.

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE

JANUARY 29, 1953.

Public notice is hereby given that Southern California Edison Company, of Los Angeles, California, has filed application under the Federal Power Act (16 U. S. C. 791a-825r) for amendment of the license for water-power Project No. 2017 located on San Joaquin River in Fresno and Madera Counties, with transmission lines also in Tulare and Kern Counties, California, to provide for certain changes made in the course of construction or desired to be made, and consisting principally of minor revisions in the length and location of sections of pole line carrying telephone, control and project power circuits and in the length of the 220,000-kv transmission line extending from the switchrack at the project powerhouse to the switchrack at the powerhouse of Project No. 120; exclusion of a through-road; adjustment of the project boundary; inclusion of a 350-kw turbine generator unit (already installed) in the dam, thereby increasing the installed capacity of the project from 115,000 horsepower to 115,500 horsepower; minor changes in design, location, and elevation of the spill-way gates, intake structure, conduit, penstock, and surge chamber; revision in powerhouse design from outdoor to indoor type; and addition of nine disconnect switches and one oil circuit breaker in switchyard.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10) on or before the 19th day of March 1953. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-2058]

GULF INTERSTATE GAS CO.

ORDER FIXING DATE OF HEARING

JANUARY 27, 1953.

On September 12, 1952, Gulf Interstate Gas Co. (Applicant), a Deleware corporation having its principal place of business at Houston, Texas, filed an application, which was supplemented on October 20, 1952, November 17, 1952, December 5, 1952, December 17, 1952, and January 12, 1953, for a certificate of

public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of facilities for the transportation of natural gas in interstate commerce, subject to the jurisdiction of the Commission, all as more fully described in said application, as supplemented, on file with the Commission and open to public inspection.

Due notice of the filing of said application has been given, including publication in the FEDERAL REGISTER on September 26, 1952 (17 F. R. 8600).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a public hearing be held commencing at 10:00 a. m., on March 2, 1953, in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the application, as supplemented.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: January 29, 1953.

By the Commission.[1]

[Docket No. G–2102]

PACIFIC GAS AND ELECTRIC CO.

NOTICE OF APPLICATION

JANUARY 29, 1953.

Take notice that on December 15, 1952, Pacific Gas and Electric Company (Applicant) a California Corporation with its principal office in San Francisco, California, filed an application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of certain transmission pipeline facilities hereinafter described.

Applicant proposes: (1) The construction and operation of approximately 170.3 miles of 34-inch main pipeline loops, one new 12,500 horsepower compressor station and 2,500 horsepower addition to an existing compressor station together with appurtenant facilities to increase by 151,730,000 cubic feet per day the capacity of applicant's 34-inch pipeline extending from an interconnection with the pipeline of El Paso Natural Gas Company at the Arizona-California boundary near Topock, Arizona, to a point near Milpitas, California, at the southern end of the San Francisco Bay; (2) to connect service to the Town of Boron, California, and to supplement service to the City of Bakersfield, California, area; and (3) to increase the transmission capacity of applicant's pipeline from Milpitas to applicant's East Bay distribution system by the construction of approximately 8 miles of 30-inch pipeline loop between Milpitas and Irvington, California. Applicant proposes to purchase natural gas in the above additional amount from El Paso Natural Gas Company for transportation and resale in California.

The estimated cost of the additional facilities applicant proposes to construct and operate is $26,981,851. Applicant proposes to finance the additional facilities from treasury funds on hand, from cash available from internal sources, short-term bank loans and the sale of additional securities when and as required.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 18th day of February 1953. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY, *Secretary.*

[Docket No. G–2104]

SOUTHERN CALIFORNIA GAS CO. AND SOUTHERN COUNTIES GAS CO. OF CALIFORNIA

NOTICE OF APPLICATION

JANUARY 29, 1953.

Take notice that on December 18, 1952, Southern California Gas Company, and Southern Counties Gas Company of California (Applicants) both of which are California Corporations with their principal offices at 810 South Flower Street, Los Angeles, California, filed joint application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of certain transmission pipeline facilities hereinafter described.

Applicants propose the construction and operation of approximately 73.0 miles of 30-inch main pipeline loops, and 5,280 horsepower additional capacity to Blythe compressor station, together with appurtenant facilities to increase by 151,700,000 cubic feet per day the capacity of applicant's existing pipeline extending from an interconnection with the pipeline of El Paso Natural Gas Company at the Arizona-California boundary near Blythe, California, to a point near Santa Fe Springs in southern California. Applicants propose to purchase natural gas in the above additional amounts from El Paso Natural Gas Company for transportation and resale in southern California.

The estimated cost of the additional facilities applicants' propose to construct and operate is $7,482,194. Applicants propose to finance the additional facilities from funds currently available and later cover them by the issuance of permanent securities.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 18th day of February 1953. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 53–1149; Filed, Feb. 3, 1953; 8:50 a. m.]

[Docket No. G–2113]

WASHINGTON GAS LIGHT CO. AND PRINCE GEORGE'S GAS CORP.

NOTICE OF APPLICATION

JANUARY 29, 1953.

Take notice that Washington Gas Light Company (Washington), a corporation organized and existing under the laws of the United States, having its principal place of business at Eleventh and H Streets NW., Washington, D. C., and Prince George's Gas Corporation (Prince George's), a Maryland corporation having its principal place of business at Chillum, Maryland, filed on January 22, 1953, a joint application for a certificate of public convenience and necessity to Washington pursuant to section 7 (c) of the Natural Gas Act to acquire and operate all the facilities and properties of Prince George's, and for permission and approval to Prince George's pursuant to section 7 (b) of the Natural Gas Act to abandon all of its facilities and properties by transfer to Washington, all as hereinafter described.

Prince George's is a wholly owned subsidiary of Washington and the transfer would be effected without any cash payments. Prince George's owns and operates separate 12, 16, and 22-inch pipelines which transport gas from a point near Rockville, Maryland, to the District of Columbia, a storage and compressor station, and other facilities, all of which originally cost over $4,500,000.

Washington states that no new services are proposed and that it would operate the facilities involved in the same manner and render the same services now being performed. Joint applicants state that their facilities are fully integrated with each other and with those of Washington Gas Light Company of Maryland, Inc. Washington also proposes to acquire and operate all the facilities of this latter company which it states is engaged in distributing and selling gas at retail.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 18th day of February 1953. The application is on file with the Commission for public inspection.

[1] Chairman Buchanan dissenting.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54–139, 59–100]

MIDDLE SOUTH UTILITIES, INC., ET AL.

ORDER CONVENING HEARING

JANUARY 29, 1953.

In the matter of Middle South Utilities, Inc., Arkansas Power & Light Company, Louisiana Power & Light Company, Mississippi Power & Light Company, New Orleans Public Service, Inc., respondents; File No. 59–100 and Electric Power & Light Corporation, File No. 54–139.

On March 7, 1949, the Commission issued its order (Holding Company Act Release No. 8906) approving, under section 11 (e) of the Public Utility Holding Company Act of 1935 ("act"), a plan for the dissolution of Electric Power & Light Corporation ("Electric"), a registered holding company. Subsequent to approval by the United States District Court, the plan was consummated in May and July, 1949. That plan, which provided for the dissolution of Electric and the retirement of its outstanding securities through the exchange of certain other securities, also provided for the creation of a new holding company, Middle South Utilities, Inc. ("Middle South"), which acquired all of the common stocks of Arkansas Power & Light Company ("Arkansas"), Louisiana Power & Light Company ("Louisiana"), Mississippi Power & Light Company ("Mississippi") and 95.2 percent of the common stock of New Orleans Public Service, Inc. ("New Orleans"). Each of these companies owned electric utility assets and gas utility assets and in addition, some of these companies owned non-utility assets. Middle South also acquired from Electric all of the securities of Gentilly Development Company ("Gentilly"), a non-utility land company.

The Commission in its findings and opinion upon the plan (Holding Company Act Release No. 8889) stated that it could approve the creation of Middle South as a holding company although it was not prepared at that time to make definitive findings under section 11 of the act with respect to the integrated nature of the electric properties or the retainability of the non-electric properties. The Commission said:

> The record indicates that the electric properties of the four operating companies are interconnected and that since 1930 they have been constructed and operated on a system-wide basis. This system has a common dispatcher and an operating committee which forecasts the loads, prepares over-all schedules and gives general directions to the dispatcher.[10] The construction requirements of the companies are formulated on a system rather than on an individual basis. Thus, the determination of sites and ownership of generating facilities has been on the basis of the most economical and efficient installation from the viewpoint of the system's load requirements rather than the requirements of the individual companies.

[10] While the operating committee is composed of representatives from each of the operating companies, the nature of their functions is such as to make them representatives of the system rather than of the individual companies.

In its order of March 7, 1949, the Commission reserved jurisdiction to institute and conduct such further proceedings under section 11 (b) of the act with respect to Middle South as may be necessary or appropriate.

Since the organization of Middle South, some of its subsidiary companies have disposed of various assets and Gentilly has disposed of its lands and now holds only cash. At the present time, Arkansas owns electric utility assets and steam properties; Louisiana owns electric utility assets, gas utility assets, and water properties; Mississippi owns electric utility assets and water properties; and New Orleans owns electric utility assets, gas utility assets, and transportation properties.

It appearing to the Commission that a further hearing should be held for the purpose of determining whether the jurisdiction heretofore reserved should be released, or whether any further action should be taken by Middle South to bring itself into conformity with the standards of section 11 (b) (1) of the act:

It is ordered, Pursuant to the applicable provisions of the act and the rules thereunder that a hearing be held on February 19, 1953, at the office of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., for the purpose of determining whether the jurisdiction heretofore reserved should be released or, in the alternative, what further action should be required to be taken by Middle South and its subsidiary companies to bring them into compliance with section 11 (b) (1) of the act. On such day the hearing room clerk will advise as to the room in which such hearing is to be held. Any person desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Commission on or before February 17, 1953, a request relative thereto as provided in Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer or officers so designated are hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities having advised the Commission that, upon the basis of its preliminary examination of the record heretofore made in the section 11 (e) plan proceedings of Electric, that the following matters and questions are presented for consideration without prejudice to its specifying additional matters and questions upon further examination:

1. Whether the jurisdiction heretofore reserved in the order of March 7, 1949, with respect to the Middle South holding company system under section 11 (b) of the act should be released.

2. Whether the Commission's prima facie determination that the electric utility assets of the Middle South holding company system constitute an integrated electric utility system as defined in section 2 (a) (29) (A) of the act and constitute its principal public-utility system as set forth in section 11 (b) (1) of the act should be made definitive and final.

3. Whether Middle South and Louisiana should be required to take action to dispose of the gas utility assets and non-utility assets of Louisiana and, if so, what terms and conditions should be imposed in connection therewith.

4. What further action should be required at this time of the respondents under section 11 (b) (1) of the act.

It is further ordered, That such respondents shall file with the Secretary of the Commission on or before February 17, 1953, their joint or several answers in the form prescribed by Rule U-25 under the act, such answers to be directed to the issues herein set forth.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this notice and order by registered mail to the respondents named herein and to the Arkansas Public Service Commission, the Louisiana Public Service Commission, and the Commissioner of Public Utilities of the City of New Orleans, and that additional notice be given to all other persons by publication of this notice and order in the FEDERAL REGISTER and by general release of this Commission with respect to this notice and order to be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[File No. 70–2979]

INTERSTATE POWER CO.

ORDER PERMITTING DECLARATION IN RESPECT OF ISSUANCE OF BANK NOTES AND RESERVING JURISDICTION IN RESPECT OF PROPOSED ISSUANCE OF SUCH NOTES

JANUARY 29, 1953.

Interstate Power Company ("Interstate"), a registered holding company and an operating public utility company, has filed a declaration and an amendment thereto pursuant to sections 6 and 7 of the Public Utility Holding Company Act of 1935 ("act").

Interstate proposes to issue and sell, at the principal amount thereof, on or before April 30, 1953, and on or before November 15, 1953, notes in the aggregate principal amounts of $2,000,000 and $2,300,000, respectively. The notes are to bear interest at the rate of 3¼ percent per annum, are to mature 360 days from the dates of issuance or April 15, 1954, whichever date is the earlier, and are to be issued to the Chase National Bank of the City of New York and to Manufacturers Trust Company in equal amounts not to exceed $2,150,000 to each bank in accordance with the terms of a loan agreement dated December 1, 1952. An aggregate commitment fee of $5,750 is to be paid in equal proportions to said banks. The notes are to be prepayable in whole or in part at any time without pre-

mium, provided however, that if such prepayment is to be made from, or in anticipation of, any bank borrowing the company is to pay a premium calculated at the rate of 1 percent per annum on the principal amount so prepaid from the date of prepayment to the maturity date of such notes.

Interstate has requested the Commission to authorize, at this time, the issuance and sale of $2,000,000 aggregate principal amount of such notes in equal amounts to said banks on or before April 30, 1953, and to reserve jurisdiction in respect of the issuance and sale of the additional $2,300,000 principal amount of such notes. It is stated that the proceeds of the $2,000,000 of notes presently to be issued are to be used to redeem a like principal amount of notes of Interstate due April 30, 1953, held by said banks.

Said declaration having been filed on December 29, 1952, and the amendment thereto having been filed on January 12, 1953, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated under the act, and the Commission not having received a request for or ordered a hearing in respect of said declaration, as amended; and

The Commission finding that the proposed transactions are in compliance with the applicable standards of the act, that no adverse findings are necessary in connection therewith, and the Commission deeming it appropriate that said declaration, as amended, be permitted to become effective forthwith, without the imposition of conditions other than those prescribed by Rule U-24, and the Commission also deeming it appropriate to grant declarant's request that the order herein become effective upon its issuance:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declarations, as amended, in respect of the issuance and sale by Interstate of $2,000,000 aggregate principal amount of 3¼ percent notes, be, and it hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That jurisdiction be, and it hereby is, reserved over the issuance and sale by Interstate of an additional $2,300,000 principal amount of 3¼ percent notes until a further order shall have been issued in respect thereof by this Commission.

It is further ordered, That this order shall become effective immediately upon its issuance.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 53-1129; Filed, Feb. 3, 1953; 8:45 a. m.]

W. EARLE LUTTS AND W. E. LUTTS & CO.

MEMORANDUM OPINION AND ORDER REVOKING BROKER-DEALER REGISTRATION

JANUARY 28, 1953.

In the matter of W. Earle Lutts, d/b/a, W. E. Lutts & Company, 3 Capital Street, Concord, New Hampshire.

This is a proceeding pursuant to section 15 (b) of the Securities Exchange Act of 1934 ("Exchange Act") to determine whether W. Earle Lutts ("registrant"), a sole proprietor doing business as W. E. Lutts & Company, is now permanently enjoined by decree of a court of competent jurisdiction from engaging in or continuing certain conduct and practices in connection with the purchase and sale of securities, and, if so, whether it is in the public interest to revoke his registration with this Commission as a broker-dealer.[1]

In response to our order for proceedings, registrant filed an "answer and consent" in which he waived a hearing, proposed findings, briefs, and oral argument, admitted the existence of the facts and cause of action set forth in the order for proceedings for the purpose of this or any other proceeding ordered by the Commission under section 15 of the Exchange Act, and consented to the entry of an order revoking his registration as a broker and dealer.

Registrant admits, and we find, that on September 12, 1952, the United States District Court for the District of New Hampshire entered a final judgment permanently enjoining registrant from using the mails or means of interstate commerce to accept money and securities on the representation that he is able to execute orders without disclosing that he is unable to meet his current liabilities, to transact a business in securities unless he makes and keeps current books and records and files accurate annual financial reports, or to engage in any act, practice or course of business which would operate as a fraud and deceit upon any person in connection with the purchase or sale of any security.[2]

On the basis of the foregoing, we conclude that it is in the public interest to revoke registrant's registration as a broker and dealer.

Accordingly, it is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration as a broker and dealer of W. Earle Lutts, doing business as W. E. Lutts & Company, be, and it hereby is, revoked.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 53-1131; Filed, Feb. 3, 1953; 8:46 a. m.]

---

[1] Section 15 (b) of the Exchange Act provides in pertinent part: "The Commission shall, after appropriate notice and opportunity for hearing, by order * * * revoke the registration of any broker or dealer if it finds that such * * * revocation is in the public interest and that (1) such broker or dealer * * * (C) is permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction from engaging in or continuing any conduct or practice in connection with the purchase or sale of any security * * *"

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27750]

VERMICULITE FROM TRAVELERS REST, S. C., TO POINTS IN OFFICIAL (INCLUDING ILLINOIS) TERRITORY

APPLICATION FOR RELIEF

JANUARY 30, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Vermiculite, broken, crushed or ground, dried or not dried, not expanded, carloads.

From: Travelers Rest, S. C.

To: Points in official (including Illinois) territory.

Grounds for relief: Rail and market competition, circuity, and grouping.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1346, Supp. 2.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 53-1142; Filed, Feb. 3, 1953; 8:49 a. m.]

[4th Sec. Application 27751]

PETROLEUM PRODUCTS FROM FULLERVILLE, TEX., TO POINTS IN SOUTHWESTERN, SOUTHERN, OFFICIAL, AND WESTERN TRUNK-LINE TERRITORIES

APPLICATION FOR RELIEF

JANUARY 30, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedules listed below.

Commodities involved: Petroleum, its products, and related articles, carloads.

From: Fullerville, Tex.

To: Points in southwestern, southern, official, and western trunk-line territories.

Grounds for relief: Rail competition, circuity, and grouping.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3585—Supp. 536, No. 3802—Supp. 135, No. 3825—Supp. 166, No. 3651—Supp. 309, No. 3724—Supp. 164, No. 3494—Supp. 264.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[Delegation of Authority 52, Revision 1, Amdt. 1]

DIRECTORS OF REGIONAL OFFICES

DELEGATION OF AUTHORITY TO ACT ON APPLICATIONS FOR CEILING PRICE ADJUSTMENTS PURSUANT TO SECTION 91 OF CPR 117, REV. 1

By virtue of the authority vested in me as Director of Price Stabilization, pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, as amended, this Amendment 1 to Delegation of Authority 52, Revision 1, is hereby issued.

Delegation of Authority 52, Revision 1, section 1, is amended to read as follows:

1. *Authority to act under sections 36, 53, and 91 of CPR 117, Revision 1.* Authority is hereby delegated to the Directors of the Regional Offices of the Office of Price Stabilization to act, by order, on all applications under the provisions of sections 36, 53, and 91 of Ceiling Price Regulation 117, Revision 1.

This Amendment 1 to Delegation of Authority 52, Revision 1, shall be effective February 9, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 3, 1953.

[F. R. Doc. 53-1257; Filed, Feb. 3, 1953; 4:01 p. m.]

[Ceiling Price Regulation 17, Section 11 (d), Special Order No. 14]

JOSEPHINE COUNTY, OREGON, MARKETING AREA

ADJUSTMENT OF TANK WAGON CEILING PRICES OF FUEL OIL DISTRIBUTORS

Statement of considerations. This special order adjusts the ceiling prices for sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) by tank wagon distributors in the Josephine County, Oregon, Marketing Area.

The Office of Price Stabilization was requested by distributors in the Josephine County, Oregon, Marketing Area to conduct a survey to determine whether increased costs have reduced the net margins in the area below a point sufficient to maintain the level of earnings in the year ending May 31, 1950. The results of that survey show that an upward adjustment is necessary to bring earnings to that level.

There is a large number of heating oil sellers at the tank wagon level in this region and the need for relief is not uniform, but varies from marketing area to marketing area. Thus it is concluded that the adjustment must be on a marketing area basis, rather than on a region-wide basis. For the purpose of this special order the market area has been defined as the area within the boundaries of Josephine County, Oregon.

The adjustment granted by this order does no more than bring earnings to the level of the year ending May 31, 1950. It is therefore, consistent with the provisions of section 11 (d) of Ceiling Price Regulation 17.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to the provisions of section 11 (d) of Ceiling Price Regulation 17 and Delegation of Authority No. 72, *It is ordered:*

1. That the ceiling price of heating oil distributors in the Josephine County, Oregon, Marketing Area for tank wagon sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) to consumers shall be increased by $0.003 per gallon. The Josephine Coun-

ty Marketing Area is defined as the area within the boundaries of Josephine County, Oregon.

2. All provisions of Ceiling Price Regulation 17, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified, or revoked at any time.

Effective date. This special order shall become effective on January 30, 1953.

E. R. THISSEN,
Acting Regional Director,
Region XIII,
Office of Price Stabilization.

JANUARY 29, 1953.

[F. R. Doc. 53-1117; Filed, Jan. 29, 1953; 4:56 p. m.]

[Ceiling Price Regulation 17, Section 11 (d), Special Order No. 15]

WALLA WALLA, WASHINGTON, MARKETING AREA

ADJUSTMENT OF TANK WAGON CEILING PRICES OF FUEL OIL DISTRIBUTORS

Statement of considerations. This special order adjusts the ceiling prices for sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) by tank wagon distributors in the Walla Walla Marketing Area.

The Office of Price Stabilization was requested by distributors in the Walla Walla Marketing Area to conduct a survey to determine whether increased costs have reduced the net margins in the area below a point sufficient to maintain the level of earnings in the year ending May 31, 1950. The results of that survey show that an upward adjustment is necessary to bring earnings to that level.

There are hundreds of heating oil sellers at the tank wagon level in this Region and the need for relief is not uniform but varies from marketing area to marketing area. Thus it is concluded that the adjustment must be on a marketing area basis rather than on a region-wide basis. For the purpose of this special order the market area has been defined as the area of reseller competition, which is the same as the free delivery zones.

The adjustment granted by this order does no more than bring earnings to the level of the year ending May 31, 1950. It is, therefore, consistent with the provisions of section 11 (d) of Ceiling Price Regulation 17.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of section 11 (d) of Ceiling Price Regulation 17 and Delegation of Authority No. 72, *It is ordered:*

1. That the ceiling price of heating oil distributors in the Walla Walla marketing area for tank wagon sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) to consumers shall be increased by $0.005 per gallon. The Walla Walla marketing area is defined as the area in which dealers located in Walla Walla and College Place make deliveries without an additional charge.

2. All provisions of Ceiling Price Regulation 17, except as inconsistent with the provisions of this order shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified, or revoked at any time.

Effective date. This special order shall become effective on January 30, 1953.

E. R. THISSEN,
Acting Regional Director,
Region XIII,
Office of Price Stabilization.

JANUARY 29, 1953.

[F. R. Doc. 53-1118; Filed, Jan. 29, 1953; 4:56 p. m.]

[Ceiling Price Regulation 17, Section 11 (d), Special Order No. 16]

YAKIMA, WASHINGTON, MARKETING AREA

ADJUSTMENT OF TANK WAGON CEILING PRICES OF FUEL OIL DISTRIBUTORS

Statement of considerations. This special order adjusts the ceiling prices for sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) by tank wagon distributors in the Yakima marketing area.

The Office of Price Stabilization was requested by distributors in the Yakima marketing area to conduct a survey to determine whether increased costs have reduced the net margins in the area below a point sufficient to maintain the level of earnings in the year ending May 31, 1950. The results of that survey show that an upward adjustment is necessary to bring earnings to that level.

There are hundreds of heating oil sellers at the tank wagon level in this Region and the need for relief is not uniform but varies from marketing area to marketing area. Thus it is concluded that the adjustment must be on a marketing area basis rather than on a region-wide basis. For the purpose of this special order the market area has been defined as the area of reseller competition, which is the same as the free delivery zones.

The adjustment granted by this order does no more than bring earnings to the level of the year ending May 31, 1950. It is, therefore, consistent with the provisions of section 11 (d) of Ceiling Price Regulation 17.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of section 11 (d) of Ceiling Price Regulation 17 and Delegation of Authority No. 72, *It is ordered:*

1. That the ceiling price of heating oil distributors in the Yakima marketing area for tank wagon sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) to consumers shall be increased by $0.004 per gallon. The Yakima marketing area is defined as that area in which dealers located in Yakima, Union Gap, and Selah make deliveries without an additional charge.

2. All provisions of Ceiling Price Regulation 17, except as inconsistent with the provisions of this order shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified, or revoked at any time.

Effective date. This special order shall become effective on January 30, 1953.

E. R. THISSEN,
Acting Regional Director,
Region XIII,
Office of Price Stabilization

JANUARY 29, 1953.

[F. R. Doc. 53-1119; Filed, Jan. 29, 1953; 4:56 p. m.]

[Ceiling Price Regulation 32, Supplementary Regulation 2, Section 3, Special Order 47]

SOUTH LEWISBURG FIELD, ACADIA PARISH, LOUISIANA

CRUDE CONDENSATE CEILING PRICES ADJUSTED ON AN IN-LINE BASIS

Statement of considerations. This special order adjusts the ceiling price for the purchase of crude condensate produced from the South Lewisburg Field, Acadia Parish, Louisiana.

The Office of Price Stabilization has been requested to eliminate the differential heretofore imposed upon crude condensate produced from the South Lewisburg Field, Acadia Parish, Louisiana. During the base period full production had not been attained; installation of adequate pipe line transportation was not then available; and there was a lack of competitive factors and, as a result, this crude condensate was sold at a lower price than that paid for crude condensate of comparable quality produced in this same general area. It appears that this condition has now been eliminated and this differential should no longer be imposed.

From the information available to this Office, it appears that this requested price of $2.85 per barrel flat does not exceed the ceiling price of comparable crude condensate produced in this same area.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of Section 3 of Supplementary Regulation 2 to Ceiling Price Regulation 32, *It is ordered:*

1. That the ceiling price at the lease receiving tank for crude condensate produced from the South Lewisburg Field, Acadia Parish, Louisiana shall be: $2.85 per barrel flat.

2. All provisions of Ceiling Price Regulation 32, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified or revoked by the Director of Price Stabilization at any time.

Effective date. This special order shall become effective on January 30, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 29, 1953.

THE NATIONAL ARCHIVES
LITTERA SCRIPTA MANET
FEDERAL REGISTER
OF THE UNITED STATES 1934

VOLUME 18 NUMBER 24

Washington, Thursday, February 5, 1953

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 25—FEDERAL EMPLOYEES' PAY REGULATIONS

PART 27—EXCLUSION FROM PROVISIONS OF THE FEDERAL EMPLOYEES PAY ACT OF 1945, AS AMENDED, AND THE CLASSIFICATION ACT OF 1949, AS AMENDED, AND ESTABLISHMENTS OF MAXIMUM STIPENDS FOR POSITIONS IN GOVERNMENT HOSPITALS FILLED BY STUDENT OR RESIDENT TRAINEES

DEFINITIONS; MAXIMUM STIPENDS PRESCRIBED

1. Effective upon publication in the FEDERAL REGISTER, paragraph (e) of § 25.11 is amended by adding a new fourth sentence. As amended, the paragraph will read in pertinent part as follows:

§ 25.11 *Definitions.* * * *

(e) "Waiting period" is the minimum time requirement of creditable service without an equivalent increase in compensation in order to be eligible for consideration for a periodic step-increase. The waiting period for either full-time or regular part-time employees is 52 calendar weeks for grades with step-increases of less than $200, and 78 calendar weeks for grades with step increases of $200 or more. (A calendar week is a total of any 7 calendar days before, beginning with, or after a specified day.) The waiting period shall not be interrupted where the employee's services are terminated on the last day of his regularly scheduled administrative workweek and his next appointment is made effective on the first day of the next regularly scheduled administrative workweek for his new position. Creditable service, in the computation of waiting periods, includes: * * *

(Sec. 1101, 63 Stat. 971; 5 U. S. C. Sup. 1072)

2. Effective February 1, 1953, the maximum stipends prescribed in § 27.2 for medical or dental interns and residents at Gallinger Municipal and Freedmen's Hospitals are revoked. The stipends which are presently prescribed under the heading "All other Federal hospitals" will be applicable to medical or dental interns and residents at Gallinger Municipal and Freedmen's Hospital as well. The revised provision on maximum stipends for medical or dental interns and residents will read as follows:

§ 27.2 *Maximum stipends prescribed.* * * *

Medical or dental interns and residents—

Approved internship, per year	$2,800
First year approved residency	3,400
Second year approved residency	3,800
Third year approved residency	4,200
Fourth year approved residency	4,700

NOTE: Maximum stipends for Canal Zone Government and Panama Canal Company are 25 percent above these rates.

PART 779—RETAIL OR SERVICE ESTABLISHMENT AND RELATED EXEMPTIONS

APPLICATION OF THE 13 (a) (2) AND 13 (a) (4) EXEMPTIONS TO MONUMENT DEALERS

Part 779 is hereby amended by adding a new section numbered § 779.30 to read as follows:

§ 779.30 *Application of the 13 (a) (2) and 13 (a) (4) exemptions to monument dealers.* (a) It is the purpose of this section to show generally how the principles governing the application of the 13 (a) (2) and the 13 (a) (4) exemptions apply to monument dealers' establishments, particularly where the establishment is engaged in performing certain processing operations on the monuments it sells.

(b) Monument dealers' establishments may be roughly divided into four types:

(1) Establishments which are engaged exclusively in selling monuments and

memorials from designs. They receive their monuments from a manufacturer completely finished and lettered and they then erect the monuments.

(2) Establishments which purchase finished monuments from manufacturers, display them, carve or sand-blast lettering or incidental decoration to order, and set them in cemeteries or elsewhere.

(3) Establishments which purchase finished and semi-finished work. The semi-finished work consists of sawed, steeled, or polished granite slabs or sand-rubbed marble. In such a case the establishments will cut ends, tops, or joints on dies and may shape a base.

(4) Establishments which purchase stone in rough form and perform all the fabricating operations in their own plants.

In such a case the establishments may saw or line-up the rough stones, machine surface and polish the stone and then perform the other operations necessary to complete the monument. They may finish the monuments for display or on special order and then erect them.

(c) In applying the tests of the 13 (a) (2) exemption the ordinary sale of a tombstone or monument will be considered as a retail sale in the industry within the meaning of the exemption. If any monument dealer establishment meets the tests of the 13 (a) (2) exemption (see § 779.6) all employees employed by it will be exempt under that exemption except those employees who are engaged in the making or processing of the goods. However, carving or sand-blasting of lettering or incidental decoration or erecting the monuments, is considered processing incidental to the making of retail sales and would not defeat the 13 (a) (2) exemption for employees performing such work.

(d) Employees who engage in processing semi-finished or rough granite or marble or other stone into finished monuments such as the work performed in the third and fourth types of establishments are engaged in the making or processing of goods and are not, for that reason, exempt under section 13 (a) (2). In order for those employees to be exempt the establishment by which they are employed must meet the tests of the 13 (a) (4) exemption. See § 779.18. It will be noted that one of the requirements of that exemption is that the establishment must be recognized as a

retail establishment in the industry. Generally an establishment of the third type which receives finished stock and in addition receives some semi-finished work, including sawed, steeled, or polished granite slabs or sand-rubbed marble, etc., and performs such operations as cutting ends, tops, or joints on the dies, is a type of establishment which is recognized as a retail establishment in the industry. On the other hand, those establishments which characteristically engage in the sawing or lining-up of rough stone, or in the machine surfacing and polishing of stone, such as the activities performed in an establishment of the type mentioned in paragraph (b) (4) of this section, are not recognized as retail establishments in the particular industry within the meaning of section 13 (a) (4). Therefore, their employees who engage in such processing of monuments are not exempt under this section of the act.

(52 Stat. 1060, as amended; 29 U. S. C. 201–219)

Signed at Washington, D. C., this 30th day of January 1953.

WM. R. McCOMB,
Administrator,
Wage and Hour Division.

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter B—Claims and Accounts

PART 535—PAYMENT OF BILLS AND ACCOUNTS

MISCELLANEOUS AMENDMENTS

Sections 535.6 (a), 535.7 (a), 535.8 (a) and 535.9b (e) are amended to read as follows:

§ 535.6 *Discounts*—(a) *Responsibility for prompt rendering of invoices.* The responsibility for promptly furnishing a correct invoice, or bill, for deliveries under a contract is that of the contractor and the Government is entitled to discount offered for prompt payment, if payment is made within the discount period after receipt of a correct invoice. Date of receipt of invoice will be shown thereon. Discounts should not be taken on vouchers when the discount date has expired prior to payment. If a voucher has been certified for an amount which is the total amount less the computed discount but the discount date has expired, the finance officer will make payment in full amount, if otherwise proper, without returning the voucher to the certifying officer for certification in the full amount due.

* * * * *

§ 535.7 *Advance payments*—(a) *Advances of public money*—(1) *Advances prohibited.* No advance of public money shall be made in any case unless authorized by the appropriation concerned or other law. And in all cases of contracts for the performance of any service, or the delivery of articles of any description, for the use of the United States, payment shall not exceed the value of the service rendered, or of the articles delivered previously to such payment. (See R. S. 3648; sec. 11, Act August 2, 1946 (60 Stat. 809; 31 U. S. C. 529)).

(2) *Advances permitted.* Section 3648, Revised Statutes, shall not apply, in the case of payments made from appropriations contained in the current appropriation act, to payments made in compliance with the laws of foreign countries or their ministerial regulations; to payments for rent in such countries for such periods as may be necessary to accord with local custom; or to payments made for tuition. See current Department of Defense Appropriation Act.

* * * * *

§ 535.8 *Partial payments*—(a) *Unnumbered contracts.* Partial payments, not to exceed five in number on any given contract, may be made with respect to partial deliveries under unnumbered contracts, including purchase orders, amounting to less than $20,000 (which provide for single payment): *Provided,* That the original signed contract is attached to the first payment voucher. There will be indicated on each payment voucher reference to all preceding payments under the contract showing: Name of disbursing officer; period of account; voucher number; and amount paid. (See MS Comp. Gen. B 45107, April 22, 1952.)

* * * * *

§ 535.9b *Adjustments.* * * *

(e) *Adjustments after final payment.* (1) Supplemental payments to a contractor may be made after the final settlement voucher has been paid where it is clear from the facts in the case, in which both the contractor and the contracting officer concur, that the voucher previously marked "Final Payment" was so marked through error. The supplemental voucher will be marked "Final Payment," with appropriate citation to the previous so-called final payment voucher, and will have attached thereto, in addition to other required supporting papers, the complete file of correspondence or other papers substantiating the facts. The supplemental final voucher will also contain the certificate "No release has been had from the contractor."

(2) Requests by contractors for relief under the provisions of the First War Powers Act, 1941, as amended, and Executive Order 10210, February 2, 1951, which authorize administrative agencies concerned with national defense to amend or modify contracts "heretofore or hereafter made" without regard to other provisions of law in order to facilitate national defense, may be considered and granted after full performance of the contract and after final payment, provided such requests are filed during performance of the contract and before final payment has been made under the contract. See 31 Comp. Gen. 685.

Chapter XIV—The Renegotiation Board

Subchapter B—Renegotiation Board Regulations Under the 1951 Act

PART 1453—MANDATORY EXEMPTIONS FROM RENEGOTIATION

CONTRACTS THAT DO NOT HAVE A DIRECT AND IMMEDIATE CONNECTION WITH THE NATIONAL DEFENSE

Section 1453.5 (b) is amended as follows:

1. Subparagraph (4) is deleted in its entirety and the following is inserted in lieu thereof:

(4) *Materials for authorized resale.* Contracts for the purchase of materials for authorized resale except contracts for the purchase of materials to be issued or to be sold under the monetary clothing allowance system of any of the armed services.

2. Subparagraph (12) is deleted in its entirety and the following is inserted in lieu thereof:

(12) *Corps of Engineers.* All contracts to the extent that they obligate funds appropriated for the civil functions of the Corps of Engineers, Department of the Army, and were entered into on or before June 30, 1950; and all contracts to the extent that they obligate funds appropriated for the civil functions of the Corps of Engineers, Department of the Army, and were entered into after June 30, 1950, and (i) obligated funds appropriated or allotted for purposes other than for one of the projects on list A as set forth below, or (ii) in the case of any project on list A, were for work or materials required for the construction or operation of navigation or flood control works, located elsewhere than on the site of the main power facility, as determined by the Corps of Engineers. The Board has determined that contracts related to the following projects on list A are directly and immediately connected with defense, except to the extent indicated above, for the reason that such projects have as part of their purposes the increase of power facilities for defense. New projects having as part of their purposes the increase of power facilities for defense may be added to the list if authorized and approved.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 31, Supplementary Regulation 2, Correction]

CPR 31—IMPORTS

SR 2—IMPORTED STEEL

Due to clerical error a misprint has occurred in section 3 (a) (2) of Supplementary Regulation 2 to Ceiling Price Regulation 31. The word "Plates" should have been printed in place of the word "Blades". Accordingly, section 3 (a) (2) of SR 2 to CPR 31 is corrected to read as follows:

2. A markup of $20.00 per ton for:

Hot and Cold rolled sheets.
Plates.
Strip.
Cold finished bars.
Quality steels (special analyses).
Nails.
Galvanized barbed wire.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

[F. R. Doc. 53-1281; Filed, Feb. 4, 1953; 11:08 a. m.]

[Ceiling Price Regulation 34, Supplementary Regulation 39]

CPR 34—SERVICES

SR 39—HAND LAUNDRIES IN PHILADELPHIA, PENNSYLVANIA

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Supplementary Regulation 39 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Supplementary Regulation 39 to Ceiling Price Regulation 34 permits an increase in ceiling prices for hand laundries located in Philadelphia, Pennsylvania.

Hand laundries in Philadelphia do an estimated annual volume of business amounting to approximately $750,000 annually. A study of operating costs and profit margins of a representative number of these hand laundries reveals that increased labor and material costs have impaired pre-Korean earnings of such hand laundries. In November 1952, new wage contracts were negotiated granting substantial wage increases. The wage increases are all within the formula of WSB regulations or have received WSB approval. In addition, OPS issued Supplementary Regulation 25 to Ceiling Price Regulation 34 in November 1952 granting power laundries in Philadelphia permission to increase their ceiling prices by 9 percent, thus increasing processing costs of the hand laundries. These cost increases have resulted in further impairment of the earnings of such hand laundries.

Under the provisions of this supplementary regulation, the charges of these hand laundries for their services may be increased by 10 percent. This uniform increase was determined in accordance with the standards for individual adjustment under section 20 of Ceiling Price Regulation 34. Such an adjustment may be applied to the total amount of each invoice rendered to the customer, and identified as the "OPS permitted price increase." If this method is used to apply the amount of the increase, the seller need not make the supplementary filing required by section 18 (c) of Ceiling Price Regulation 34. At the option of the individual hand laundry, however, the ceiling price for each item may be increased by not more than 10 percent. Adjusted flat prices must within ten days after their determination, be filed with the appropriate OPS District Office.

In the future, hand laundries subject to this supplementary regulation may not obtain an adjustment of their ceiling prices for their hand laundry services under section 20 of Ceiling Price Regulation 34.

In addition, the ceiling prices established by this supplementary regulation apply to all such hand laundry services, irrespective of any adjustment of ceiling prices heretofore granted under the provisions of Ceiling Price Regulation 34. Consequently, any adjustments granted under that regulation are automatically revoked as of the effective date of this supplementary regulation.

In the formulation of this supplementary regulation the Director has consulted insofar as practicable with representative suppliers of these services, including representatives of trade associations, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization the increases permitted by this supplementary regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

REGULATORY PROVISIONS

Sec.
1. Purpose.
2. Relationship to Ceiling Price Regulation 34.
3. Adjustment of ceiling prices.
4. Application of Section 20 of Ceiling Price Regulation 34.
5. Definitions.

AUTHORITY: Sections 1 to 5 issued under sec. 704, 64 Stat. 816, as amended; to U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR 1950 Supp.

SECTION 1. *Purpose.* This Supplementary Regulation permits hand laundries in Philadelphia, Pennsylvania to increase the ceiling prices of their hand laundry services by 10 percent.

SEC. 2. *Relationship to Ceiling Price Regulation 34.* All provisions of Ceiling Price Regulation 34, as amended, unless changed by the provisions of this supplementary regulation, shall remain in effect.

SEC. 3. *Adjustment of ceiling prices.* You may, if you are a hand laundry located in Philadelphia, Pennsylvania, increase your ceiling prices for hand laundry services established under section 5 of Ceiling Price Regulation 34, by 10 percent by either of the following methods:

(a) You may apply such increase to the total amount of each invoice rendered to the customer, provided you shall clearly write or stamp on each such invoice beside the adjustment the words "OPS permitted price increase". If you use this method of applying your price increase you need not make the supplementary filing required by section 18 (c) of Ceiling Price Regulation 34.

(b) You may in lieu of the method provided in paragraph (a) of this section, increase by 10 percent the ceiling prices of each hand laundry service item you supply. Within ten days after your prices are established under this paragraph, you must prepare and file with your district office of the Office of Price Stabilization a supplementary statement as required under section 18 (c) of Ceiling Price Regulation 34. You must also change or prepare and post on an official OPS poster the adjusted ceiling prices determined under this section. You may not use paragraph (a) of this section once you have elected to adjust ceiling prices under this paragraph.

(c) If the increase computed in paragraph (a) or (b) of this section results in a fraction of a cent, the price must be decreased to the next lower cent if the fractional cent is less than one-half cent or may be increased to the next higher cent if the fraction is one-half cent or more.

SEC. 4. *Application of section 20 of Ceiling Price Regulation 34.* (a) A hand laundry subject to this supplementary regulation may not, after the effective date of this supplementary regulation, apply for an adjustment of any of its ceiling prices for hand laundry services under section 20 of Ceiling Price Regulation 34, as amended.

(b) The adjustment of ceiling prices granted by section 3 of this supplementary regulation shall be the maximum adjustment permitted any hand laundry in lieu of, and irrespective of, any adjustment heretofore granted any such hand laundry under the provisions of Ceiling Price Regulation 34, as amended. Any order adjusting the ceiling prices of any such hand laundry services under section 20 of Ceiling Price Regulation 34, as amended, is hereby revoked as of the effective date of this supplementary regulation.

SEC. 5. *Definitions.* (a) "Hand laundries" as used in this regulation are laundry establishments receiving and distributing laundry, generally finishing some wearing apparel by hand ironing done on the premises, giving only limited, if any, delivery services.

Effective date. This Supplementary Regulation 39 to Ceiling Price Regulation 34 shall become effective February 9, 1953.

NOTE: The record-keeping and reporting requirement of the regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 207—NAVIGATION REGULATIONS

OAKLAND HARBOR IN VICINITY OF NAVAL SUPPLY CENTER

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), paragraph (g) of § 207.640 is hereby amended by revision of the navigation regulation pertaining to the use and navigation of the entrance channel to the Naval Supply Center, Oakland, California, as follows:

§ 207.640 *San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, San Joaquin River, and connecting waters, Calif.*

* * * * *

(g) *Oakland Harbor in vicinity of Naval Supply Center, Oakland; navigation.* (1) All vessels over 1,000 tons displacement, bound for the Naval Supply Center, Oakland, shall use a qualified pilot regularly licensed for the waters of Oakland Harbor.

(2) All vessels over 1,000 tons displacement, bound for the Naval Supply Center, Oakland, shall, before navigating the entrance channel, receive a signal that the channel is clear. This signal will be a black ball between sunrise and sunset and a green light at night, displayed from the yard arm on top of a signal tower which is located on Pier 3, north side of the Naval Supply Center.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 881]

WASHINGTON

TRANSFERRING THE LANDS RESERVED FOR THE DEPARTMENT OF THE ARMY BY PUBLIC LAND ORDERS NOS. 165, 191, AND 261 TO THE ATOMIC ENERGY COMMISSION; PARTIALLY REVOKING PUBLIC LAND ORDER NO. 261

By vitrue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F. R. 4831), it is ordered as follows:

1. All public lands, except those described in paragraph 4 hereof, reserved for the use of the War Department for military purposes by Public Land Orders No. 165 of September 6, 1943, No. 191 of November 1, 1943, and No. 261 of January 24, 1945, are hereby reserved for and transferred to the jurisdiction of the Atomic Energy Commission, for use in connection with the atomic energy program.

2. The withdrawals made by the said public land orders, as modified by this order, shall be subject to existing withdrawals for power-site and Federal power project purposes, so far as they affect any of the lands involved; and they shall take precedence over, but not otherwise affect, the existing withdrawals for reclamation purposes, so far as they affect any of such lands.

3. The said public land orders are hereby amended so as to delete therefrom the following paragraph:

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

4. The said Public Land Order No. 261 of January 24, 1945, is hereby revoked so far as it affects the following-described lands, which are included in existing withdrawals for reclamation purposes:

WILLAMETTE MERIDIAN

T. 12 N., R. 28 E.,
Sec. 2, SW¼NE¼, SE¼NW¼, and E½ SW¼.

T. 13 N., R. 28 E.,
Sec. 34, S½SE¼.

The areas described aggregate 240 acres.

It is intended that the lands transferred by this order shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

JANUARY 30, 1953.

NOTICES

DEPARTMENT OF JUSTICE

Office of Alien Property

[Vesting Order 19160]

HEINRICH JOHANN JOSEPH GERHARD MIELE

In re: Estate of Heinrich Johann Joseph Gerhard Miele, also known as Heinrich Johann Miele and H. J. Miele, deceased. File No. F-28-23961 A-1: E-1.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Heinrich Wiese, Franz Wiese, Franz Miele, Hubert Miele, Maria Miele, also known as Maria Wehrmann, Hans Josef Feichtner, Valerie Keill Hanssen, Gustav Ludwig Gregor Koslowski, Maria Luise Margaretha Franckson, Therese Hubertine Luise Franckson, Ludwig Hubert Johann (Jean) Franckson, Maria Therese Johanna Franckson, Nikolaus Sittart, Elisabeth Therese Sittart, Heinrich Hubert Ludwig Sittart, Katherine Junior Loers Elber and Anna Maria (Marianne) Junior, whose last known address is Germany, on or since December 11, 1941, and prior to January 1, 1947, were residents of Germany and are, and prior to January 1, 1947, were nationals of a designated enemy country (Germany);

2. That the domicillary personal representatives, names unknown, and the heirs, next-of-kin, legatees, devisees and distributees of Anna Miele Wiese, deceased; and of Johann Hendrik Kreutzer, deceased; and of Maria Josephine Katharina Franckson Sittart, deceased, who there is reasonable cause to believe are and, on or since December 11, 1941, and prior to January 1, 1947, were residents of Germany, are and prior to January 1, 1947, were nationals of a designated enemy country (Germany);

3. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraphs 1 and 2 hereof, in and to the Estate of Heinrich Johann Joseph Gerhard Miele, also known as Heinrich Johann Miele and H. J. Miele, deceased, is property which is and prior to January 1, 1947, was within the United States, owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to or which is evidence of ownership or control by the aforesaid nationals of a designated enemy country (Germany);

4. That such property is in the process of administration by Francis J. Mulligan, Public Administrator of New York County, New York, as administrator, acting under the judicial supervision of the Surrogate's Court of New York County, New York;

and it is hereby determined:

5. That the national interest of the United States requires that the persons identified in subparagraphs 1 and 2 hereof, be treated as persons who are and prior to January 1, 1947, were nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 2, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

Federal Maritime Board

MEMBER LINES OF WEST COAST OF INDIA AND PAKISTAN/U. S. A. CONFERENCE; MEMBER LINES OF CEYLON/U. S. A. CONFERENCE

NOTICE OF APPROVAL OF AGREEMENTS BY THE BOARD

Notice is hereby given that the Board by order dated January 22, 1953, approved the following described agreements pursuant to section 15 of the Shipping Act, 1916, as amended:

(1) Agreement No. 8040-1, between the Member Lines of the West Coast of India, and Pakistan/U. S. A. Conference, modifies the basic agreement of that Conference (No. 8040) by deleting the paragraph providing that the Conference may establish contract and non-contract rates. Agreement No. 8040 covers the trade from the West Coast of India and Pakistan, Tuticorin/Karachi Range inclusive, to United States Atlantic and Gulf ports.

(2) Agreement No. 8050-1, between the Member Lines of the Ceylon/U. S. A. Conference, modifies the basic agreement of that Conference (No. 8050) by deleting the paragraph providing that the Conference may establish contract and non-contract rates. Agreement No. 8050 covers the trade from Ceylon to United States Atlantic and Gulf ports.

Interested parties may obtain copies of either agreement at the Regulation Office, Federal Maritime Board, Washington, D. C.

Dated: February 2, 1953.

By order of the Federal Maritime Board.

[SEAL] A. J. WILLIAMS,
Secretary.

ALASKA

NOTICE OF PROPOSED TRANSFER OF JURISDICTION

JANUARY 28, 1953.

Notice is hereby given that the Office of Territories, Department of the Interior, has made application, Anchorage 023123, for transfer of jurisdiction of interest to the Office of Territories, under section 7 of the Public Works Act of August 24, 1949 (63 Stat. 629; 48 U. S. C. 486e), in the following described lands, situated near Cordova, Alaska, and more particularly described in the application, for a public works project (Aaa. 50-A-116 Cordova Water System), which has been approved under section 4 of said act:

Starting at Corner No. 1 M. C. of U. S. Survey 1765 and running 1138 ft. S. 47° 43' E. to Corner No. 2; thence 1023.34 ft. N. 42° 17' E. to Corner No. 3; thence 1208.38 ft. N. 67° 22' W. to Corner No. 4; and thence 617 ft. S. 42° 17' W. to Corner No. 1 the point of beginning.

The purpose of this notice is to give persons having bona fide objection to the transfer, the opportunity to file with the Manager of the Land Office, Anchorage, Alaska, a protest within 30 days from the date of the notice, together with evidence that a copy of the protest has been served on the District Director, Office of the Territories, Juneau, Alaska.

LOWELL M. PUCKETT,
Regional Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 10365, 10366]

PEOPLES BROADCASTING CO. AND WGAL, INC. (WGAL-TV)

ORDER CONTINUING HEARING

In re applications of Peoples Broadcasting Company, Lancaster, Pennsylvania, for construction permit for a new television station, Docket No. 10365, File No. BPCT-654; and WGAL, Inc. (WGAL-TV), Lancaster, Pennsylvania, for construction permit to change site, increase power and antenna height, make equipment changes, and for regular operation of Television Station WGAL-TV on Channel 8, Docket No. 10366, File No. BPCT-910.

The Commission having under consideration a motion, filed by Peoples Broadcasting Company on January 19, 1953, requesting that the hearing on the above-entitled applications be continued from February 2, 1953, to a date thirty days after Commission action on the movant's "Motion to Enlarge and Change Issues", filed on January 16, 1953, which is pending before the Commission; and

It appearing, that the orderly conduct of the hearing requires a continuance to await Commission action upon the request for changes in the issues and that the attorneys for the Chief of the Broadcast Bureau and for the parties herein have informally consented to the granting of the motion as hereinafter ordered; and

It further appearing, that an appropriate date for hearing can best be fixed by subsequent order so as to allow time for such prehearing conferences and other preparatory steps as may be expedient and that the ordering of a continuance until such time as may be stated in a later order will conduce to

the proper dispatch of business and to the ends of justice; now therefore,

It is ordered, This 27th day of January 1953, that the motion is granted in part, and the hearing on the above-entitled applications is continued until such date as shall be fixed by further order herein.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2973]

ELECTRIC ENERGY, INC., ET AL.

ORDER PERMITTING PROPOSED ISSUANCE AND SALE BY SUBSIDIARY OF COMMON STOCK TO PARENTS, OF A SHORT TERM BANK LOAN, AND OF PRIVATE SALE OF BONDS TO FINANCE EXPANSION OF FACILITIES SERVING AN ATOMIC ENERGY PROJECT

JANUARY 30, 1953.

In the matter of Electric Energy, Inc., Middle South Utilities, Inc., Union Electric Company of Missouri, Illinois Power Company, Kentucky Utilities Company; File No. 70-2973.

Electric Energy, Inc. ("Electric Energy"), a public utility company, and the following of its parent companies, Middle South Utilities, Inc. ("Middle South"), a registered holding company, Union Electric Company of Missouri ("Union"), a registered holding company and a public utility company, and Illinois Power Company ("Illinois") and Kentucky Utilities Company ("Kentucky"), both public utility companies and registered holding companies, which are exempt as holding companies from the provisions of the act, have filed a joint application-declaration and amendments thereto pursuant to sections 6, 7, 9, 10 and 12 of the act regarding the issuance and sale by Electric Energy of (i) a maximum of $65,000,000 principal amount of 3¾ percent First Mortgage Sinking Fund Bonds; (ii) an aggregate of $2,700,000 par value of additional common stock; and (iii) $2,000,000 principal amount of 3 percent promissory notes due August 3, 1953. The proposals also include the execution of certain related contracts by all of the applicants-declarants, and the acquisition by the parent companies of the additional common stock of Electric Energy. Electric Energy has requested that said issuance and sale of bonds be exempted from the competitive bidding requirements of Rule U-50 promulgated under the act.

Said joint application-declaration, as amended, having been duly filed and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 and the Commission not having received a request for hearing with respect to said joint application-declaration, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission having considered the record in the matter and having filed this day its memorandum opinion herein and finding for the reasons set forth in said memorandum opinion that it is appropriate to grant the application and permit the declaration to become effective, and to grant the requested exemption from the competitive bidding requirements of Rule U-50:

It is ordered, Pursuant to Rule U-23 that said joint application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith, and that the proposed issuance and sale of bonds by Electric Energy be, and the same hereby is, exempted from the competitive bidding requirements of Rule U-50, all subject to the terms and conditions prescribed in Rule U-24 and to the following additional terms and conditions:

(a) That the additional common stock of Electric Energy shall be acquired subject to the limitations set forth in paragraphs (A) and (B) of the Commission's order dated January 15, 1951, (Holding Company Act Release No. 10340).

(b) That this order, our opinion herein, our memorandum opinions dated January 15, 1951, (Holding Company Act Release No. 10340) and June 26, 1951 (Holding Company Act Release No. 10639), as well as any contracts or relationships then existing will not be pleaded in any future proceedings under section 10 of the act, as contemplated in the Commission's aforesaid order of January 15, 1951.

(c) That jurisdiction be reserved over all fees and expenses to be incurred in connection with the proposed transactions.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 53-1196; Filed, Feb. 4, 1953; 8:46 a. m.]

[File No. 70-2983]

NEW ENGLAND ELECTRIC SYSTEM

ORDER AUTHORIZING CERTAIN AMENDMENTS TO DECLARATION OF TRUST AND CERTAIN ACCOUNTING ADJUSTMENTS

JANUARY 30, 1953.

New England Electric System ("NEES"), a registered holding company, having filed with this Commission a declaration, pursuant to sections 6 (a), 7, and 12 (e) of the Public Utility Holding Company Act of 1935 (the "act") and Rules U-23, U-62 and U-65 of the rules and regulations promulgated thereunder, with respect to the following proposed transaction:

NEES proposes (1) to increase its authorized common shares from 8,500,000 shares to 11,500,000 shares; (2) to reduce its Paid-in Surplus by $57,999,470 and its Earned Surplus by the net amount of $541,173 in connection with the creation of a general reserve relating to investments in the amount of $58,540,643 and NEES requests that the Commission approve the elimination of a requirement that its net income be appropriated annually in the amount of $1,250,000 for such a reserve (See New England Power Association, Holding Company Act Release No. 6470, March 14, 1946); and (3) to amend its Agreement and Declaration of Trust in connection with preemptive offerings to shareholders to provide that cash or full share rights may be issued in lieu of rights to fractional shares. The proposed increase in authorized shares requires the affirmative vote of a majority of the common shares present or represented at a shareholders' meeting held for such purpose. The other two proposals require the affirmative vote of a majority of the outstanding common shares. The declaration indicates that a special meeting of such shareholders will be held on February 24, 1953, and NEES requests authority to solicit proxies therefor. The declaration includes copies of the proxy and proxy statement which NEES intends to send to its shareholders. In connection with the solicitation of proxies, NEES proposes to retain the services of professional proxy solicitors.

According to the declaration, the expenses to be incurred by NEES in connection with the proposed transactions are estimated at $29,000. This estimate includes $10,000 for the services of professional proxy solicitors; $1,500 for the expenses of officers and employees of NEES for services rendered in connection with the solicitation of proxies; $10,000 for expenses in connection with the mailing of the proxies; and $5,000 for services performed, at cost, by New England Power Service Company, an affiliated service company. The declaration further states that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

NEES requests that the Commission's Order herein become effective forthwith upon issuance.

Due notice having been given of the filing of the declaration, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and the interest of investors and consumers that said declaration be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declaration be, and it hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 812-812]

EMPIRE SECURITIES CORP.

NOTICE OF APPLICATION

JANUARY 30, 1953.

Notice is hereby given that Empire Securities Corporation ("Empire") of Den-

ver, Colorado, has filed an application pursuant to section 6 (d) of the Investment Company Act of 1940 ("act") and Rule N-6D-1 thereunder for an order of the Commission exempting it from certain requested provisions of the act, hereinafter set forth.

It appears from the application that Empire was organized under the laws of the State of Colorado on November 18, 1952, and is a closed-end, management investment company as defined in the act; that under its certificate of incorporation, Empire is authorized to issue 10,000 shares of common stock, par value $10 per share; that said stock will be offered at par and the aggregate sums received by Empire from the sale of all its outstanding securities plus the aggregate offering price of all securities of which Empire is the issuer and which it proposes to offer for sale, will not exceed $100,000; that said offering will be restricted to the State of Colorado, and no offering will be made to any person not a resident of that State; that said stock will be offered to the personal and business acquaintances of the incorporators; and that the investment policy of Empire is the investment in growth situations, particularly in the industrial and business expansion of the Rocky Mountain Region, with safety of principal not of primary consideration.

Empire requests exemption from the following provisions of the act: Sections 7; 8 (except subsection (e) thereof in respect of reports required to be filed pursuant to section 30 (b) (2) and subsection (b) thereof with respect to filing the information called for by Items 35-47 of Form N-8B-1); 12 (except subsections (a) and (d) thereof); 14; 24; 30 (except subsection (d) and paragraph (2) of subsection (b) thereof and subsection (a) thereof with respect to filing annually the information called for by Items 35-47 of Form N-30A-1); and 32 (except subsection (c) thereof).

Section 6 (d) of the act and Rule N-6D-1 thereunder provide, in substance, that the Commission may by order upon application exempt a closed-end investment company from any or all provisions of the act, but subject to such terms and conditions as may be necessary or appropriate in the public interest or for the protection of investors, if the aggregate sums received from the sale of all its securities, outstanding and to be offered, do not exceed $100,000 and if the sale of its securities is restricted to residents of the state of its organization.

All interested persons are referred to said application which is on file at the Washington, D. C., office of the Commission, for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued by the Commission, and upon such conditions as the Commission may deem necessary or appropriate, at any time on or after February 23, 1953, unless prior thereto a hearing upon the application is ordered by the Commission, as provided by Rule N-5 of the rules and Regulations promulgated under the act. Any interested person may, not later than February 19, 1953, at 5:30 p. m., e. s. t., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27753]

PAINTS AND PAINT MATERIALS FROM CHICAGO, ILL., MILWAUKEE AND RACINE, WIS., TO THE SOUTHWEST

APPLICATION FOR RELIEF

FEBRUARY 2, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedules listed below.

Commodities involved: Paints and paint materials, carloads.

From: Chicago, Ill., Milwaukee and Racine, Wis.

To: Points in Arkansas, Oklahoma, and Texas.

Grounds for relief: Rail competition and circuity.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3912, Supp. 168; F. C. Kratzmeir, Agent, I. C. C. No. 3919, Supp. 145; F. C. Kratzmeir, Agent, I. C. C. No. 3927, Supp. 63.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD, *Acting Secretary.*

[4th Sec. Application 27754]

WOODPULP FROM COOSA PINES, ALA., TO IRON MOUNTAIN, MICH.

APPLICATION FOR RELIEF

FEBRUARY 2, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carirers parties to schedule listed below.

Commodities involved: Woodpulp, carloads.

From: Coosa Pines, Ala.

To: Iron Mountain, Mich.

Grounds for relief: Rail competition, circuity, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1260, Supp. 26.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

FEDERAL REGISTER

VOLUME 18 NUMBER 25

Washington, Friday, February 6, 1953

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10433

FURTHER PROVIDING FOR THE ADMINISTRATION OF THE DEFENSE PRODUCTION ACT OF 1950, AS AMENDED

By virtue of the authority vested in me by the Constitution and statutes, including the Defense Production Act of 1950, as amended, and as President of the United States and Commander in Chief of the armed forces of the United States, it is ordered as follows:

SECTION 1. (a) Except in instances wherein the provisions concerned have heretofore been or are hereby revoked or otherwise made inapplicable, and except for any references which have heretofore been eliminated by amendment, each reference to the Defense Production Administrator in any prior Executive order, including the reference to him in section 2 (e) of Executive Order No. 10200 of January 3, 1951 (16 F. R. 63), and each reference to the Defense Production Administration in any prior Executive order, are hereby amended to refer to the Director of Defense Mobilization and the Office of Defense Mobilization, respectively.

(b) All records, property, personnel, and funds of the Defense Production Administration shall be transferred, consonant with applicable law, to the Office of Defense Mobilization.

(c) Section 1 of Executive Order No. 10200 of January 3, 1951 (16 F. R. 61), is hereby revoked. Notwithstanding such revocation, boards, committees, other subordinate agencies, and positions established thereunder shall be continued under the jurisdiction of the Director of Defense Mobilization unless and until other disposition thereof is made by him.

SEC. 2. Section 401 (a) of Executive Order No. 10161 of September 9, 1950 (15 F. R. 6106), is hereby amended to read as follows:

"SEC. 401. (a) There is hereby created a new and independent agency to be known as the Economic Stabilization Agency, hereafter in this Part referred to as the Agency. There shall be at the head of the Agency an Economic Stabilization Administrator, hereafter in this Part referred to as the Administrator. The Director of Defense Mobilization (provided for in Executive Order No. 10193 of December 16, 1950 (15 F. R. 9031)) shall, *ex officio*, and without additional compensation, be the Administrator."

SEC. 3. All orders, regulations, rulings, certificates, directives, and other actions relating to any function affected by this Executive order shall remain in effect except as they are inconsistent herewith or are hereafter amended or revoked under proper authority.

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 51—FRUITS, VEGETABLES AND OTHER PRODUCTS (INSPECTION, CERTIFICATION, AND STANDARDS)

U. S. STANDARDS FOR MUSTARD GREENS AND TURNIP GREENS

On December 20, 1952, a notice of proposed rule making was published in the FEDERAL REGISTER (F. R. Doc. 52-13471; 17 F. R. 11666) regarding proposed United States Standards for Mustard Greens and Turnip Greens.

A period of thirty days was allowed for submitting written data, views and arguments for consideration in connection with the proposed standards. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice of rule making, the following United States Standards for Mustard Greens and Turnip Greens are hereby promulgated under the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act, 1953 (Pub. Law 451, 82d Cong., approved July 5, 1952).

§ 51.278 *Standards for mustard greens and turnip greens*—(a) *General.* (1) These standards are applicable to either mustard greens or turnip greens consisting of either plants (crown or root attached), or cut leaves but they shall not be applicable to mixtures of plants and cut leaves or mixtures of mustard greens and turnip greens in the same container.

(b) *Grades*—(1) *U. S. No. 1.* U. S. No. 1 consists of mustard greens or turnip greens of similar varietal characterstics which are fresh, fairly tender, fairly clean, and which are free from decay and free from damage caused by seedstems, discoloration, freezing, foreign material, disease, insects or mechanical or other means.

(i) *Specifications for roots.* In the case of turnip greens with roots attached, the roots shall be firm and free from damage by any cause and unless otherwise specified, the maximum diameter of the root shall be 1½ inches.

(ii) *Tolerance for defects.* In order to allow for variations incident to proper grading and handling, other than for size of roots and mixtures of plants and leaves, not more than a total of 10 percent, by weight, of the units in any lot, may fail to meet the requirements of the grade: *Provided,* That not more than one-half of this amount, or 5 percent, shall be allowed for serious damage by any cause and including therein not more than 2 percent for decay. (See basis for calculating percentages.)

(iii) *Tolerance for mixtures of whole plants and leaves.* Not more than 5 percent, by weight, of the mustard or turnip greens may consist of cut leaves in a lot consisting of plants, or of plants in a lot consisting of cut leaves. (See basis for calculating percentages.)

(iv) *Tolerance for size.* Turnip greens with roots attached shall have not more than 10 percent, by weight, of roots which are larger than the specified maximum size. (See basis for calculating percentages.)

(c) *Unclassified.* Unclassified consists of mustard greens or turnip greens which have not been classified in accordance with the foregoing grade. The term "unclassified" is not a grade within the meaning of these standards but is provided as a designation to show that no definite grade has been applied to the lot.

(d) *Application of tolerances.* (1) The contents of individual containers in the lot, based on sample inspection, are subject to the following limitations: *Provided,* That the averages for the entire lot are within the tolerances specified.

(i) When a tolerance is 10 percent or more, individual containers in any lot shall have not more than one and one-half times the tolerance specified.

(ii) When a tolerance is less than 10 percent, individual containers in any lot shall have not more than double the tolerance specified.

(e) *Basis for calculating percentages.* (1) Percentages shall be calculated on the basis of weight or an equivalent basis. When mustard greens or turnip greens are packed as plants, each plant shall be considered as a unit. When packed as cut leaves, the individual leaf shall be considered as a unit.

(f) *Definitions.* (1) "Similar varietal characteristics" means that the mustard or turnip greens shall be of one type (such as, crinkly leaf type or smooth leaf type in the case of mustard greens) No mixture of types shall be permitted which materially affects the appearance of the lot.

(2) "Fresh" means that the mustard or turnip leaves are not more than slightly wilted.

(3) "Fairly tender" means that the mustard or turnip greens are not old, tough, or excessively fibrous.

(4) "Fairly clean" means that the appearance of the mustard or turnip greens

is not materially affected by the presence of mud, dirt, or other foreign material.

(5) "Damage" means any defect which materially affects the appearance, or the edible or shipping quality of the individual plant (with or without roots), the individual cut leaf, or the lot as a whole. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as damage:

(i) Seedstems when more than one-fourth the length of the longest leaf;

(ii) Discoloration when the appearance of the individual unit is materially affected by yellowing or any other type of discoloration; and,

(iii) Mechanical damage when the individual unit is badly crushed, torn, or broken.

(6) "Firm" means that the root is not soft, flabby, or shriveled.

(7) "Diameter" means the greatest dimension measured at right angles to a line from the center of the crown to the base of the root.

(8) "Serious damage" means any defect which seriously affects the appearance, or the edible or shipping quality of the individual plant (with or without roots), the individual cut leaf, or the lot as a whole. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as serious damage:

(i) Insects when the unit is noticeably infested or when seriously damaged by them;

(ii) Discoloration when the unit is badly discolored; and,

(iii) Decay.

(g) *Effective time.* The United States Standards for Mustard Greens and Turnip Greens contained in this section and which supersede the United States Standards for Mustard Greens and the United States Standards for Turnip Greens, each of which were effective December 18, 1928, shall become effective thirty (30) days after the date of publication in the FEDERAL REGISTER.

(Sec. 205, 60 Stat. 1090, Pub. Law 451, 82d Cong.; 7 U. S. C. 1624)

Done at Washington, D. C., this 3d day of February 1953.

[SEAL] GEORGE A. DICE,
Deputy Assistant Administrator, Production and Marketing Administration.

[F. R. Doc. 53-1278; Filed, Feb. 5, 1953; 8:54 a. m.]

PART 51—FRUITS, VEGETABLES, AND OTHER PRODUCTS (INSPECTION, CERTIFICATION, AND STANDARDS)

U. S. STANDARDS FOR ORANGES (CALIFORNIA AND ARIZONA)

On December 18, 1952, a notice of proposed rule making was published in the FEDERAL REGISTER (F. R. Doc. 52-13342, 17 F. R. 11447) regarding proposed United States Standards for Oranges (California and Arizona).

A period of thirty days was allowed for submitting written data, views and arguments for consideration in connection with the proposed standards. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice of rule making, the following United States Standards for Oranges (California and Arizona) are hereby promulgated under the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act, 1953 (Pub. Law 451, 82d Cong., approved July 5, 1952).

§ 51.301 *Standards for oranges (California and Arizona)*—(a) *Grades*—(1) *U. S. Fancy.* U. S. Fancy consists of oranges of similar varietal characteristics which are mature, well colored, firm, well formed, of smooth texture for the variety, and which are free from decay, broken skins which are not healed, hard or dry skins, exanthema, growth cracks, bruises (except those incident to proper handling and packing), dryness or mushy condition, and free from injury caused by split, rough, wide or protruding navels, creasing, scars, oil spots, scale, sunburn, dirt or other foreign material, disease, insects or mechanical or other means. (See tolerances in paragraph (c) of this section.)

(2) *U. S. No. 1.* U. S. No. 1 consists of oranges of similar varietal characteristics which are mature, firm, well formed, of fairly smooth texture for the variety, and which are free from decay, broken skins which are not healed, hard or dry skins, exanthema, growth cracks, bruises (except those incident to proper handling and packing), and free from damage caused by dryness or mushy condition, split, rough, excessively wide or protruding navels, creasing, scars, oil spots, scale, sunburn, dirt or other foreign material, disease, insects or mechanical or other means. Each fruit shall be well colored except Valencia oranges which shall be at least fairly well colored: *Provided,* That navel oranges in any lot which is destined for export and which is certified as meeting the Standards for Export need be only fairly well colored. (See tolerances in paragraph (c) of this section.)

(3) *U. S. No. 2.* U. S. No. 2 consists of oranges of similar varietal characteristics which are mature, fairly well colored, fairly firm, fairly well formed but not excessively rough, and which are free from decay, broken skins which are not healed, hard or dry skins, exanthema, growth cracks, and free from serious damage caused by bruises, dryness or mushy condition, split or protruding navels, creasing, scars, oil spots, scale, sunburn, dirt or other foreign material, disease, insects or mechanical or other means. (See tolerances in paragraph (c) of this section.)

(4) *U. S. Combination grade.* Any lot of oranges may be designated "U. S. Combination" when not less than 40 percent, by count, of the oranges in each container meet the requirements of U. S. No. 1 grade and the remainder U. S. No. 2 grade. (See tolerances in paragraph (c) of this section.)

(5) *U. S. No. 3.* U. S. No. 3 consists of oranges of similar varietal characteristics which are mature, which may be slightly spongy, misshapen, rough but not seriously lumpy, and which are free from decay, broken skins which are not healed, hard or dry skins, exanthema, and free from serious damage caused by growth cracks, bruises, dryness or mushy condition, and from very serious damage caused by split navels, creasing, scars, oil spots, scale, sunburn, dirt or other foreign material, disease, insects or mechanical or other means. (See tolerances in paragraph (c) of this section.)

(b) *Unclassified.* Unclassified consists of oranges which have not been classified in accordance with any of the foregoing grades. The term "unclassified" is not a grade within the meaning of these standards but is provided as a designation to show that no definite grade has been applied to the lot.

(c) *Tolerances.* In order to allow for variations incident to proper grading and handling in each of the foregoing grades, the following tolerances are provided as specified:

(1) *U. S. Fancy, U. S. No. 1, U. S. No. 2 and U. S. No. 3 grades.* Not more than 10 percent, by count, of the fruits in any lot may be below the requirements of the specified grade, other than for color, but not more than one-twentieth of this amount, or one-half of 1 percent, shall be allowed for decay at shipping point: *Provided,* That an additional tolerance of 2½ percent, or a total of not more than 3 percent, shall be allowed for decay en route or at destination. In addition, not more than 10 percent, by count, of the fruits in any lot may not meet the requirements relating to color.

(2) *U. S. Combination grade.* Not more than 10 percent, by count, of the fruits in any lot may be below the requirements of this grade, other than for color, but not more than one-twentieth of this amount, or one-half of 1 percent, shall be allowed for decay at shipping point: *Provided,* That an additional tolerance of 2½ percent, or a total of not more than 3 percent, shall be allowed for decay en route or at destination. This 3 percent tolerance may be used to reduce the percentage of U. S. No. 1 grade required in the combination, provided the affected fruits meet the requirements of U. S. No. 1 grade in other respects. In addition, not more than 10 percent, by count, of the fruits in any lot may not meet the requirements of the U. S. No. 2 grade for color.

(i) No part of any tolerance, other than that for decay, shall be allowed to reduce for the lot as a whole the percentage of U. S. No. 1 in the combination, but individual containers may have not more than a total of 10 percent less than the percentage of U. S. No. 1 specified: *Provided,* That the entire lot averages within the percentage specified.

(d) *Application of tolerances to individual packages.* (1) The contents of individual packages in the lot, based on sample inspection, are subject to the following limitations: *Provided,* That the averages for the entire lot are within the tolerances specified for the grade.

(2) For packages which contain more than 10 pounds, and a tolerance of 10

percent or more is provided, individual packages in any lot shall have not more than one and one-half times the tolerance specified. For packages which contain more than 10 pounds and a tolerance of less than 10 percent is provided, individual packages in any lot shall have not more than double the tolerance specified, except that at least one decayed or very seriously damaged fruit may be permitted in any package.

(3) For packages which contain 10 pounds or less, individual packages in any lot are not restricted as to the percentage of defects: *Provided,* That not more than one orange which is seriously damaged by dryness or mushy condition or very seriously damaged by other means may be permitted in any package and, in addition, en route or at destination not more than 10 percent of the packages may have more than one decayed fruit.

(e) *Standard pack.* (1) Oranges shall be uniform in size and, when packed in boxes, shall be arranged according to the approved and recognized methods. Each wrapped fruit shall be fairly well enclosed by its individual wrapper.

(2) All packages shall be well filled, but the contents shall not show excessive or unnecessary bruising because of overfilled packages. The fruit shall be tightly packed.

(3) When oranges are packed in standard nailed boxes, each box shall show a minimum bulge of 1¼ inches.

(4) "Uniform in size" means that not more than 10 percent, by count, of the oranges in any container may be one standard size larger or smaller than the standard size orange for the count packed.

(5) Example of standard size orange: The standard size orange for a 200 count is that size orange which will pack tightly 200 oranges of uniform size when packed according to the approved and recognized method.

(6) In order to allow for variations incident to proper packing, when fruit is wrapped not more than 10 percent of the oranges in any container may fail to meet the requirements pertaining to wrapping, and, in addition, not more than 5 percent of the containers in any lot may fail to meet the requirements for standard pack.

(f) *Standards for export.* (1) Not more than a total of 10 percent, by count, of the oranges in any container may be soft, affected by decay, have broken skins which are not healed, growth cracks, or be damaged by creasing or skin breakdown, or seriously damaged by split or protruding navels, or by dryness or mushy condition, except that:

(i) Not more than one-half of 1 percent shall be allowed for oranges affected by decay;

(ii) Not more than 3 percent shall have broken skins which are not healed;

(iii) Not more than 3 percent shall have growth cracks;

(iv) Not more than 5 percent shall be soft;

(v) Not more than 5 percent shall be damaged by creasing;

(vi) Not more than 5 percent shall be seriously damaged by split or protruding navels;

(vii) Not more than 5 percent shall be seriously damaged by dryness or mushy condition; and,

(viii) Not more than 5 percent shall be damaged by skin breakdown.

(2) Any lot of oranges shall be considered as meeting the standards for export if the entire lot averages within the requirements specified: *Provided,* That no sample from the containers in any lot shall have more than double the percentage specified for any one defect, and that not more than a total of 10 percent, by count, of the oranges in any container has any of the defects enumerated in the standards for export.

(g) *Definitions.* (1) "Similar varietal characteristics" means that the fruits in any container are similar in color and type.

(2) "Well colored" means that the fruit is at least light orange in color, with not more than a trace of green at the stem end, and not more than 15 percent of the remainder of the surface of the fruit shows green color.

(3) "Firm" means that the fruit is not soft or noticeably wilted or flabby.

(4) "Well formed" means that the fruit shows the normal shape characteristic of the variety.

(5) "Smooth" means that the skin is of fairly fine grain, the "pebbling" is not pronounced, and any furrows radiating from the stem end are shallow.

(6) "Injury" means any defect which more than slightly affects the appearance, or the edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as injury:

(i) Split, rough, wide or protruding navels, when a split is unhealed or is more than one-eighth inch in length; or when the navel protrudes beyond the general contour of the fruit; or when flush with the contour but with the opening so wide, considering the size of the fruit, or the navel growth so folded and ridged, that it detracts noticeably from the appearance of the fruit;

(ii) Slight creasing which is more than barely visible, or which extends over more than 20 percent of the fruit surface;

(iii) Scarring (including sprayburn and fumigation injury) which exceeds the following aggregate areas of different types of scars, or a combination of two or more types of scars, the seriousness of which exceeds the maximum allowed for any one type:

(*a*) Scars which are very dark and which have an aggregate area exceeding that of a circle one-eighth inch in diameter;

(*b*) Scars which are dark or rough, or deep and which have an aggregate area exceeding that of a circle one-fourth inch in diameter;

(c) Scars which are fairly light in color, slightly rough, or with slight depth and which have an aggregate area exceeding that of a circle one-half inch in diameter; and,

(*d*) Scars which are light in color, fairly smooth, and with no depth and which have an aggregate area of more than 5 percent of the fruit surface;

(iv) Oil spots (oleocellosis or similar injuries) which are depressed or soft, or which have an aggregate area of more than 2½ percent of the fruit surface, or which are green and more than 4 in number;

(v) Scale, when medium or large and more than 5 are present; and,

(vi) Sunburn which appreciably changes the normal color or shape of the fruit, or which affects more than 10 percent of the fruit surface.

(7) "Fairly smooth" means that the skin does not feel noticeably rough or coarse. The size of the fruit should be considered in judging texture, as large fruit is not usually as smooth as smaller fruit. It is common for the fruit to show larger and coarser "pebbling" on the stem end portion than on the blossom end. The presence of furrows or grooves on the stem end portion of the fruit is a common condition in certain varieties, and the fruit shall not be considered as slightly rough unless the furrows or grooves are of sufficient depth, length, and number as to materially affect the appearance and smoothness of the orange.

(8) "Damage" means any defect which materially affects the appearance, or the edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as damage:

(i) Dryness or mushy condition, when affecting all segments more than one-fourth inch at the stem end, or the equivalent of this amount, by volume, when occurring in other portions of the fruit;

(ii) Split, rough, excessively wide or protruding navels, when more than 3 splits, or when any split is unhealed or is more than one-fourth inch in length; or navels which flare, bulge, or protrude materially beyond the general contour of the fruit; or when the navel opening is so wide, considering the size of the fruit, or the navel growth is so folded and ridged, that it detracts materially from the appearance of the fruit;

(iii) Creasing which materially weakens the skin, or which extends over more than one-third of the fruit surface;

(iv) Scarring (including sprayburn and fumigation injury) which exceeds the following aggregate areas of different types of scars, or a combination of two or more types of scars, the seriousness of which exceeds the maximum allowed for any one type:

(*a*) Scars which are very dark and with slight depth and which have an aggregate area exceeding that of a circle one-fourth inch in diameter.

(*b*) Scars which are very dark, with no depth, and which have an aggregate area exceeding that of a circle one-half inch in diameter;

(c) Scars which are dark and rough or deep and which have an aggregate area exceeding that of a circle one-half inch in diameter;

(*d*) Scars which are dark and slightly rough, or with slight depth, and which have an aggregate area exceeding that of a circle three-fourths inch in diameter;

(e) Scars which are fairly light in color, slightly rough, or with slight depth and which have an aggregate area of more than 5 percent of the fruit surface; and,

(f) Scars which are light in color, fairly smooth, with no depth and which have an aggregate area of more than 10 percent of the fruit surface;

(v) Oil spots (oleocellosis or similar injuries) which are depressed or soft, or which have an aggregate area of more than 5 percent of the fruit surface, or which are green and more than 7 in number;

(vi) Scale, when medium or large and more than 3 scales are present in each of 3 circular areas 1 inch in diameter, selected as the worst infested areas, or when more than 7 scales are present in one of these areas: *Provided*, That scale within a circle five-eighths inch in diameter centered at the stem button or button socket shall not be considered in determining whether an orange is damaged; and,

(vii) Sunburn which causes appreciable flattening of the fruit, drying or darkening of the skin, or affects more than 25 percent of the fruit surface.

(9) "Fairly well colored" means that the yellow or orange color predominates on the fruit.

(10) "Fairly firm" means that the fruit may be slightly soft but is not decidedly flabby.

(11) "Fairly well formed" means that the fruit is not of the shape characteristic of the variety but is not decidedly flattened, pointed, extremely elongated, or otherwise badly deformed.

(12) "Excessively rough" means that the skin is decidedly rough, badly folded, badly ridged, or decidedly lumpy. Heavily "pebbled" skin shall not be considered as excessively rough.

(13) "Serious damage" means any defect which seriously affects the appearance, or the edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as serious damage:

(i) Dryness or mushy condition, when affecting all segments more than one-half inch at the stem end, or the equivalent of this amount, by volume, when occurring in other portions of the fruit;

(ii) Split or protruding navels, when any split is unhealed or is more than one-half inch in length, or when two or more splits aggregate more than 1 inch in length; or navels which protrude seriously beyond the general contour of the fruit; or when the navel opening is so wide, considering the size of the fruit, or the navel growth is so badly folded and ridged, that it detracts seriously from the appearance of the fruit;

(iii) Creasing which seriously weakens the skin, or which is distributed over practically the entire fruit surface;

(iv) Scarring (including sprayburn and fumigation injury) which exceeds the following aggregate areas of different types of scars, or a combination of two or more types of scars, the seriousness of which exceeds the maximum allowed for any one type:

(a) Scars which are very dark or very rough, or very deep, and which have an aggregate area of more than 5 percent of the fruit surface;

(b) Scars which are dark or rough, or deep and which have an aggregate area of more than 10 percent of the fruit surface;

(c) Scars which are fairly light in color, slightly rough or of slight depth and which have an aggregate area of more than 15 percent of the fruit surface; and,

(d) Scars which are light in color, fairly smooth, and with no depth and which have an aggregate area of more than 25 percent of the fruit surface;

(v) Oil spots (oleocellosis or similar injuries) which are depressed or soft, or which have an aggregate area of more than 10 percent of the fruit surface;

(vi) Scale, when medium or large and more than 9 scales are present in each of 3 circular areas 1 inch in diameter, selected as the worst infested areas, or if more than 19 scales are present in one of these areas;

(vii) Sunburn which causes decided flattening of the fruit, drying or dark discoloration of the skin, or which affects more than one-third of the fruit surface; and,

(viii) Growth cracks which are leaking, gummy, or not well healed.

(14) "Slightly spongy" means that the fruit is puffy or slightly wilted but not flabby.

(15) "Misshapen" means that the fruit is decidedly flattened, pointed, extremely elongated or otherwise deformed.

(16) "Very serious damage" means any defect which very seriously affects the appearance, or the edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as very serious damage:

(i) Split navels which are leaking, gummy, or not well healed;

(ii) Creasing which is so deep or extensive that the skin is very seriously weakened;

(iii) Scarring (including sprayburn and fumigation injury) which exceeds the following aggregate areas of different types of scars, or a combination of both types of scars, the seriousness of which exceeds the maximum allowed for one type:

(a) Scars which are very dark, or very rough, or very deep and which have an aggregate area of more than 10 percent of the fruit surface; and,

(b) Scars which are dark, or rough, or deep and which have an aggregate area of more than 25 percent of the fruit surface;

(iv) Oil spots which are badly sunken, or soft;

(v) Scale which are so numerous or large that the appearance of the fruit is very seriously affected; and,

(vi) Sunburn which seriously affects more than one-third of the fruit surface, or causes dark discoloration aggregating more than 5 percent of the fruit surface.

(h) *Effective time.* The United States Standards for Oranges (California and Arizona) contained in this section and which supersede the United States Standards for Oranges (California and Arizona) (16 F. R. 4419) effective June 12, 1951, shall become effective thirty (30) days after the date of publication in the FEDERAL REGISTER.

(Sec. 205, 60 Stat. 1090, Pub. Law 451, 82d Cong.; 7 U. S. C. 1624)

Done at Washington, D. C., this 3d day of February 1953.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Supp. 16]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

TAKE-OFF PERFORMANCE LIMITATIONS FOR LARGE AIRCRAFT

The purpose of this supplement is to set forth take-off performance limitations which shall apply whenever large aircraft are utilized in cargo operations.

Proposed rules on this subject were published on March 27, 1952 in 17 F. R. 2685. Interested persons were afforded an opportunity to submit comments, and consideration was given to all relevant matter presented. The following rules are hereby adopted:

§ 42.14–1 *Take-off performance limitations for large aircraft (CAA rules which apply to § 42.14).* Whenever large aircraft are utilized in cargo operation, the following take-off performance limitations shall apply:

(a) Transport category airplanes shall be operated in compliance with the provisions of §§ 42.70 (b), 42.71 (b), and 42.72.

(b) Nontransport category airplanes shall be operated in compliance with the provisions of § 42.81 and shall meet the en route one-engine inoperative climb requirement of § 42.82 at an altitude of 1,000 feet above the airport from which the take-off is being made. The pertinent performance limitations data published under §§ 42.80–1, 42.80–2, 42.80–3, 42.80–4, 42.80–5, 42.80–7 and 42.80–8 shall be used in determining compliance with § 42.81.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies secs. 601, 604, 42 Stat. 1007, 1010; 49 U. S. C. 551, 554)

These rules shall become effective February 15, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1226; Filed, Feb. 5, 1953; 8:45 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 4]

Part 600—Designation of Civil Airways

CIVIL AIRWAY ALTERATION; TEMPORARY REDESIGNATION

The civil airway alteration appearing hereinafter is adopted to meet the requirements of the Department of Defense for a temporary danger area. The alteration has been coordinated with the Canadian Department of Transport by the Civil Aeronautics Administration, and with the civil operators involved, the Army, the Navy, and the Air Force through the Air Coordinating Committee, Airspace Subcommittee, and is made effective during the period indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required.

Part 600 is amended as follows:

1. Section 600.6029 *VOR civil airway No. 29 (Philadelphia, Pa., to United States-Canadian Border)* is amended after Watertown, N. Y., omnirange station to read: "Watertown, N. Y., omnirange station; intersection of the Watertown omnirange 360° True and the Massena omnirange 268° True radials; Massena, N. Y., omnirange station to the United States-Canadian Border via the Massena omnirange 038° True radial."

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall be effective from 0001, e. s. t., February 9, 1953, to 2400, e. s. t., March 20, 1953. At the end of that period § 600.6029 as designated prior to this temporary amendment shall again become effective.

[SEAL] F. B. Lee,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1227; Filed, Feb. 5, 1953; 8:45 a. m.]

[Amdt. 27]

Part 610—Minimum en Route Instrument Altitudes

MINIMUM TERRAIN CLEARANCE ALTITUDES

This amendment revises § 610.3 (c), published on April 5, 1952, in 17 F. R. 2989. The purpose of the amendment is to clarify the relationship between, and provide for the publication of, minimum VOR reception altitudes and minimum terrain clearance altitudes. It has been determined that where the minimum VOR reception altitudes and the minimum terrain clearance altitudes differ, it is operationally necessary that not only the minimum reception altitudes but also the minimum terrain clearance altitudes be published for the information of those who use the airways. In addition, it has been determined that flight of aircraft at the higher of these two altitudes is essential in the interest of safety and will be required. The amendment does not impose additional burdens upon interested persons. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be unnecessary and therefore is not required.

Section 610.3 (c) is revised to read:

§ 610.3 *Operation procedures over mountainous terrain and along particular routes.* * * *

(c) *Minimum terrain clearance altitudes.* At certain locations VOR reception may not be adequate under normal operating conditions at the minimum terrain clearance altitude along a route segment. Where it is necessary to fly at an altitude higher than the minimum terrain clearance altitude to assure acceptable VOR reception, aircraft must be flown at the higher altitude, and this altitude will normally be published as the minimum en route IFR altitude for that route segment. At points where the minimum en route IFR altitude is higher than the minimum en route terrain clearance altitude, the altitude specified will be denoted by an asterisk and the minimum terrain clearance altitude will be shown as advisory information:

Example:
Roswell, N. Mex.— Hobbs, N. Mex.— [1] 7,000

[1] 5,500'—Minimum terrain clearance altitude.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

These rules shall become effective February 6, 1953.

[SEAL] F. B. Lee,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1224; Filed, Feb. 5, 1953; 8:45 a. m.]

[Amdt. 28]

Part 610—Minimum en Route Instrument Altitudes

ALTERATIONS

The minimum en route IFR altitudes appearing hereinafter have been coordinated with interested members of the industry in the regions concerned insofar as practicable. The altitudes are adopted without delay in order to provide for safety in air commerce. Therefore, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act, would be impracticable.

Part 610 is amended as follows:

1. Section 610.14 *Green civil airway No. 4* is amended to read in part:

From—	To—	Minimum altitude
Troy (INT), Ohio	West Jefferson (INT), Ohio.	2,300
West Jefferson (INT), Ohio.	Columbus, Ohio (LFR).	2,400

2. Section 610.101 *Amber civil airway No. 1* is amended to read in part:

From—	To—	Minimum altitude
Burbank, Calif. (LFR)[1]	Newhall, Calif. (LFR).	7,000
Newhall, Calif. (LFR)[2]	Lebec, Calif. (FM) north-bound.	10,000

[1] 5,000'—Minimum crossing altitude at Burbank, north-bound.
[2] 7,000'—Minimum crossing altitude at Newhall, north-bound.

3. Section 610.102 *Amber civil airway No. 2* is amended to read in part:

From—	To—	Minimum altitude
Helena, Mont. (LFR)	Craig (INT), Mont.	9,500
Craig (INT), Mont.	Great Falls, Mont. (LFR).	8,500

4. Section 610.105 *Amber civil airway No. 5* is amended to read in part:

From—	To—	Minimum altitude
New Orleans, La. (LFR).	Jackson, Miss. (LFR).	2,000

5. Section 610.106 *Amber civil airway No. 6* is amended to read in part:

From—	To—	Minimum altitude
Macon, Ga. (LFR)	Atlanta, Ga. (LFR)	2,100

6. Section 610.290 *Red civil airway No. 90* is amended to read in part:

From—	To—	Minimum altitude
Camarillo, Calif. (LFR).	Canoga Park, Calif. (LF/RBN).	5,000
Canoga Park, Calif. (LF/RBN).	Burbank, Calif. (LFR):	
	East-bound	8,000
	West-bound only	5,000

7. Section 610.609 *Blue civil airway No. 9* is amended by adding:

From—	To—	Minimum altitude
Springfield, Mo. (LFR).	Columbia, Mo. (LFR).	2,300

8. Section 610.1002 *Direct routes; Southeast United States* is amended to read in part:

From—	To—	Minimum altitude
Jackson, Miss. (LFR)	Baton Rouge, La. (LFR).	2,000

9. Section 610.6002 *VOR civil airway No. 2* is amended by adding:

From—	To—	Minimum altitude
Ellensburg, Wash. (VOR).	Ephrata, Wash. (VOR).	7,000
Ephrata, Wash. (VOR).	Spokane, Wash. (VOR).	5,000
Spokane, Wash. (VOR).	Mullen Pass, Idaho (VOR).	9,000
Mullen Pass, Idaho (VOR).	Missoula, Mont. (VOR).	9,000
Missoula, Mont. (VOR).	Drummond, Mont. (VOR).	9,000
Drummond, Mont. (VOR).	Helena, Mont. (VOR).	9,000
Livingston, Mont. (VOR).	Billings, Mont. (VOR).	9,000
Billings, Mont. (VOR).	Miles City, Mont. (VOR).	5,000

10. Section 610.6005 *VOR civil airway No. 5* is amended to read in part:

From—	To—	Minimum altitude
Xenia (INT), Ohio	Columbus, Ohio (VOR)	2,400

11. Section 610.6008 *VOR civil airway No. 8* is amended by adding:

From—	To—	Minimum altitude
Kremmling, Colo. (VOR), direct.	Grand Junction, Colo. (VOR), direct.	14,000

12. Section 610.6009 *VOR civil airway No. 9* is amended to read in part:

From—	To—	Minimum altitude
McComb, Miss. (VOR), Dir. or W. alter.	Jackson, Miss. (VOR), Dir. or W. alter.	2,000

13. Section 610.6019 *VOR civil airway No. 19* is amended by adding:

From—	To—	Minimum altitude
Sheridan, Wyo. (VOR).	Billings, Mont. (VOR).	8,000
Billings, Mont. (VOR).	Lewistown, Mont. (VOR).	8,000
Lewistown, Mont. (VOR).	Great Falls, Mont. (VOR).	9,000

14. Section 610.6025 *VOR civil airway No. 25* is amended by adding:

From—	To—	Minimum altitude
The Dalles, Oreg. (VOR).	Yakima, Wash. (VOR).	8,000

15. Section 610.6097 *VOR civil airway No. 97* is amended to eliminate:

From—	To—	Minimum altitude
La Crosse, Wis. (VOR), via E alter.	Prescott (INT), Minn.	2,600
Prescott (INT), Minn.	Minneapolis, Minn. (VOR), via E alter.	2,400

16. Section 610.6120 *VOR civil airway No. 120* is added to read:

From—	To—	Minimum altitude
Great Falls, Mont. (VOR).	Lewistown, Mont. (VOR).	9,000
Lewistown, Mont. (VOR).	Miles City, Mont. (VOR).	8,000

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

These rules shall become effective February 10, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1275; Filed, Feb. 5, 1953; 8:53 a. m.]

TITLE 28—JUDICIAL ADMINISTRATION

Chapter I—Department of Justice

[Order 3-53]

PART 11—REGISTRATION OF COMMUNIST ORGANIZATIONS AND MEMBERS THEREOF

DEFINITION OF TERMS: MONEYS RECEIVED AND MONEYS EXPENDED

JANUARY 29, 1953.

Section 11.100 *Definitions of terms used in this part* of Chapter I of Title 28 of the Code of Federal Regulations, is amended by adding thereto at the end thereof paragraphs (g) and (h), reading as follows:

(g) The term "moneys received" shall include, but shall not be necessarily limited to, all moneys and other things of value received by the registrant from rents, sales, bazaars, benefits, socials, parties, entertainments, gifts, donations, contributions, subscriptions, subsidies, legacies, grants, or funds held in trust for the benefit of the registrant.

(h) The term "moneys expended" shall include, but shall not be necessarily limited to, all moneys and other things of value which a registrant expends by way of purchase, barter, gift, donation, subscription, transfer, conveyance, lease, subsidy, assignment, endowment, or release.

(Sec. 7, 64 Stat. 993; 50 U. S. C. 786)

This order shall become effective upon the date of its publication in the FEDERAL REGISTER.

HERBERT BROWNELL, Jr.,
Attorney General.

[F. R. Doc. 53-1267; Filed, Feb. 5, 1953; 10:06 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Overriding Regulation 14, Amdt. 37]

GOR 14—EXCEPTED SERVICES

TELEPHONE CHARGES BY HOTELS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.) as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 37 to General Overriding Regulation 14 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 37 to General Overriding Regulation 14 removes from price stabilization regulations surcharges for telephone services made by hotels for such services rendered to their guests.

Most hotels provide switchboard telephone service as an incident of their primary function of providing living accommodations to the guests. In such instances the telephone equipment, the switchboard and necessary extensions, is leased from the telephone company and the lessee is charged for the service at the scheduled rate of the telephone company established by state and federal regulatory authorities. In the operation of such switchboard equipment the hotel provides the operator. Hotels customarily make a surcharge for outgoing local telephone calls of their guests in addition to the telephone company's charge to offset in part the expense of providing those services.

The provisions of this amendment do not extend to charges for telephone answering services or charges for telephone services rendered through switchboards in establishments other than hotels as defined in the Housing and Rent Act of 1949. In addition, it applies only where the surcharge is made on each call. Where a flat fee is charged for secretarial desk service in addition to switchboard telephone service, the additional services are not separable from the local telephone call surcharge, and such fees are not included in this exemption.

The administrative difficulty of maintaining controls on these telephone services, and their insignificant effect upon the cost of living of the average American family justify their exemption at this time.

In the formulation of this amendment informal consultation has been held with representatives of the industry, including trade association representatives, and consideration has been given to their recommendations.

In the judgment of the Director the provisions of this amendment are generally fair and equitable and are proper to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

(1) Section 3 (a) of General Overriding Regulation 14 is amended by adding at the end thereof the following:

(134) Switchboard services in placing outgoing non-toll telephone calls for guests of hotels where the charge is made for each call. For the purposes of this exemption a hotel is any establishment which is commonly known as a hotel in the community in which it is located, which customarily provides rooms for transient guests who are provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial desk service, use and upkeep of furniture and fixtures, and bellboy service.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

This Amendment shall become effective on February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

[F. R. Doc. 53-1308; Filed, Feb. 4, 1953; 4:53 p. m.]

[Ceiling Price Regulation 110, Amdt. 4]

CPR 110—MANUFACTURERS OF COPPER WIRE MILL PRODUCTS

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to Ceiling Price Regulation 110 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment establishes dollars and cents ceiling prices for certain copper wire mill products and for certain reel sizes and constructions.

Approximately three million different copper wire mill items are covered by CPR 110. These items cover all size ranges and constructions made by over 150 manufacturers. In the original issuance of CPR 110, a great many of these items were listed in four price books. Because of the large number of items manufactured, it was impossible to list all these items, making it necessary for ceiling prices of unlisted grades to be established by formula or special applications. This amendment adds several new price sheets to the four price books establishing specific ceiling prices for many products which were previously unlisted. It corrects several clerical errors in the price books and clarifies the presentation of certain listed ceiling prices. It also adds ceiling prices for previously unlisted sizes and constructions of reels, spools, and cases.

This amendment will not affect the level of prices prevailing in the industry.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Ceiling Price Regulation 110 is amended in the following respects:

1. Section 2 (a) (2) is amended to read as follows:

(2) The ceiling prices for all such products except special wiring harnesses and assemblies and special power supply cords and cord sets are set forth in four price books, official copies of which are filed with the Federal Register and the Recording Secretary, Office of Price Stabilization, Washington, D. C. These price books are composed of portions of the price lists or of the pricing formulae published by various manufacturers and are open to inspection by the public. In addition to those sheets originally issued with the issuance of CPR 110, additional sheets to formulate, correct, explain and supplement those first issued have been added. The products covered by these new sheets are enumerated in Appendix B. These new sheets also have been filed with the Federal Register and the Recording Secretary, Office of Price Stabilization, Washington, D. C., and are an official part of the four price books which are open to inspection by the public. Paragraphs (b) through (e) of section 2 contain provisions which you must follow in determining your ceiling prices for products covered by the price books. Paragraphs (f) and (g) of this section contain the provisions for determining your ceiling prices for special wiring harnesses and assemblies and paragraph (h) contains the provisions for determining your ceiling prices for special power supply cords and cord sets.

2. Table A, section 4 (b) (1) is amended to read as follows:

TABLE A—DEPOSITS FOR REELS, SPOOLS, AND CASES

[Including wooden bucks and pallets]

	Wood	Wood and metal	Metal	Aluminum	Specials

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 10, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1331; Filed, Feb. 5, 1953; 11:24 a. m.]

[Ceiling Price Regulation 34, Amdt. 2 to Supplementary Regulation 24]

CPR 34—SERVICES

SR 24—LINEN SUPPLIERS LOCATED IN METROPOLITAN NEW YORK AREA: SALES OF CERTAIN LINEN SUPPLY SERVICES TO SMALL COMMERCIAL USERS

EXTENSION OF COVERAGE TO INCLUDE CERTAIN COUNTIES IN NEW JERSEY

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 2 to Supplementary Regulation 24 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 2 to Supplementary Regulation 24 to Ceiling Price Regulation 34 extends the coverage of this supplementary regulation so as to include linen service suppliers located in the Counties of Bergen, Passaic, Hudson, Essex, Union, Middlesex and Mercer in the State of New Jersey. The inclusion of these linen suppliers in the same regulation with New York linen supply service sellers has ample precedent in action taken by OPA. Furthermore, these counties comprise the Newark, New Jersey area and historically have been considered as a part of the Metropolitan New York area.

The statement of considerations contained in the formulation of Supplementary Regulation 24 is equally applicable to the sellers affected by this amendment and is incorporated herein by reference.

In view of the clarifying nature of this amendment, special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

Supplementary Regulation 24, as amended, to Ceiling Price Regulation 34 is further amended in the following respects:

1. Delete the phrase "New York City Area" wherever it appears in sections 1, 3, 4 (a), 5 (c), 8 (b), 8 (c) and Appendix A of Supplementary Regulation 24, as amended, to Ceiling Price Regulation 34, and insert in lieu thereof, the phrase "Metropolitan New York Area".

2. Paragraph (c) of section 8 is amended to read as follows:

(c) "Metropolitan New York Area" means the Counties of New York, Kings, Queens, Bronx, Richmond, Nassau, Suffolk and Westchester in the State of New York and the Counties of Bergen, Passaic, Hudson, Essex, Union, Middlesex and Mercer in the State of New Jersey.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 2 is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

[F. R. Doc. 53-1303; Filed, Feb. 4, 1953; 4:52 p. m.]

[General Overriding Regulation 9, Amdt. 34]

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

EXEMPTION OF INDUSTRIAL STEEL WOOL

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 34 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment exempts from price control all sales of industrial steel wool.

The cost of industrial steel wool used by the major users thereof (the furniture, homebuilding, aircraft, railroad, shipbuilding and chemical industries) is not a significant factor in the cost of living or business costs. The annual sales volume is approximately $5,000,000. Further, the fact that industrial steel wool is currently selling substantially below established ceiling prices and the industry is operating at about 50 per cent of capacity precludes the possibility that the removal of price control will result in any significant increase in prices or will affect sales or prices of other commodities through diversion of materials, labor, or facilities.

The special nature of the provisions of this amendment made it impracticable to

consult with industry representatives or trade association representatives, but consideration has been given to the advice of various members of the metals industry with regard to the exemption of industrial steel wool.

AMENDATORY PROVISIONS

General Overriding Regulation 9 is amended by adding to section 2 (a) a new subparagraph (34) reading as follows:

(34) *Sales of industrial steel wool.* "Industrial steel wool" means a shredded steel wire product sold for industrial or commercial use including use as an abrasive, cleaning or filtering agent. It does not include steel wool which is further processed by cutting, trimming, packaging, or impregnating with soap and which is designed for household use.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 34 to General Overriding Regulation 9 is effective February 4, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

[F. R. Doc. 53-1307; Filed, Feb. 4, 1953; 4:53 p. m.]

[General Ceiling Price Regulation, Supplementary Regulation 63, Amdt. 2 to Area Milk Price Regulation 7]

GCPR, SR 63—AREA MILK PRICE ADJUSTMENTS

AMPR 7—CENTRAL WESTERN WASHINGTON MILK MARKETING AREA, STATE OF WASHINGTON

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), the Economic Stabilization Agency General Order No. 2 (16 F. R. 738), Delegation of Authority No. 41 of the Director of Price Stabilization (16 F. R. 12679), this Amendment 2 to Area Milk Price Regulation 7 pursuant to Supplementary Regulation 63 to the General Ceiling Price Regulation (16 F. R. 9559), is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Area Milk Price Regulation 7 is meant to provide the fluid milk industry, in the territory covered, with such relief as it is entitled to at this time under the provisions of Supplementary Regulation 63 to the General Ceiling Price Regulation.

It is to be noted that subsequent to the original issuance of AMPR 7, the industry made two formal petitions for further relief, in each instance the Office of Price Stabilization determined that the relief already provided was adequate. It now appears, however, that certain new costs applicable to the receipt by the dairies of raw milk have been incurred and, together with the discovery of a minor error in the former processing of the industry's petitions, these satisfy the Regional Director that some adjustment should be made.

Fundamentally, the increased costs, above referred to, stem from a shift in the method of delivering milk from the farms where it is produced to the plants where it is processed. Thus, in the base period, the first half of 1950, most raw milk was delivered in five-gallon cans while now a considerable percentage is delivered by tankers. In addition, tankers are drawing an increasing amount of milk from ground tanks recently installed on the producing farms. The Office of Price Stabilization has found that this results in an increase in cost of 0.0783 cent per sales point. With the error of 0.061 cent per sales point above referred to, it now appears that there have been, since the base period, cost increases per sales point as follows: (1) Producer milk, 3.461 cents (2) direct labor, including distribution labor and commission costs, 0.55 cent (3) containers, cans, and cases, 0.283 cent.

The figures for raw milk are based on costs prevailing in December 1952, and the recent determination of the changes due to the increased use of tankers. Figures for labor and containers cost increases are based on May 1952, when the industry made its last formal petition, it being assumed that there have been no significant changes since such time.

It has been determined that the most expeditious and practical method of reflecting the relief necessary is to adjust the producer price previously specified in section 10 (a) by an amount equal to that which would provide the producers with the relief to which they are entitled if they purchased milk at such figure and sold it at the ceiling prices specified in section 4.

The functions and territorial coverage of the Seattle District Office have recently been taken over by the Seattle Regional Office. Accordingly, AMPR 7 is further amended by substituting a reference to the Seattle Regional Office in each place where a reference to the Seattle District Office previously appeared.

In the judgment of the Regional Director, the provisions of this amendment to Area Milk Price Regulation No. 7 in Region XIII are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended by the Defense Production Act Amendments of 1951, and the Defense Production Act Amendments of 1952.

The Regional Director of the Office of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to all relevant factors of general applicability. The Director consulted the industry involved to the fullest extent practicable prior to the issuance of this amendment to Area Milk Price Regulation No. 7.

AMENDATORY PROVISIONS

Area Milk Price Regulation No. 7 is amended in the following respects:

1. Section 10 (a) is amended by deleting the figure $6.063 in the fifth line thereof and inserting in lieu thereof, the figure $5.928 so that section 10 (a), as amended, reads as follows:

SEC. 10. *Producer prices.* (a) The producer price for milk on which are based the adjusted ceiling prices specified or determined pursuant to section 4 or 5 of this regulation, is $5.928 per hundredweight for milk of 4 percent butterfat content, f. o. b. plant, which in the Federal Marketing area is milk defined by the Federal Marketing Administrator as Class I milk, and which in areas outside of the Federal Marketing area is milk specified by state or local health authorities as Grade A milk.

2. Whenever in the text of the regulatory provisions, the phrase "Seattle District Office" appears, there is substituted therefor, the phrase "Seattle Regional Office."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 2 to Area Milk Price Regulation 7 is effective on February 5, 1953.

HAROLD WALSH,
Regional Director, Region XIII, Office of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1330; Filed, Feb. 5, 1953; 11:24 a. m.]

[General Overriding Regulation 4, Revision 1, Amdt. 16]

GOR 4—EXEMPTIONS AND SUSPENSIONS OF CERTAIN CONSUMER SOFT GOODS

SUSPENSION OF CERTAIN FURS AND FUR PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 16 to General Overriding Regulation 4, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds to the commodities suspended from price controls those furs, fur plates, fur shells, fur linings, fur trimmings and fur collars which were not exempted from controls by Amendment 5 to General Overriding Regulation 4, Revision 1 or suspended by Amendments 13 and 14 thereto. This action is being taken in line with the policy of suspending or otherwise relaxing controls on commodities when their selling prices are materially below ceilings and are not expected to reach ceiling prices in the foreseeable future.

The commodities covered by Amendment 5 to GOR 4, Revision 1 were exempted from price controls because they were not considered to be cost of living items to families of moderate or lower incomes. Subsequently, Amendments 13 and 14 to GOR 4, Revision 1, suspended from price controls virtually all articles of women's, misses', junior misses', men's and young men's apparel, including fur garments which had not previously been exempted from controls. This action was taken because such articles and the materials from which they

are made, were selling below ceilings and were not expected to reach ceilings within the foreseeable future. The furs suspended by this amendment are generally the materials used for making the articles of fur apparel heretofore suspended.

The comparatively limited price and production information that is available on the furs here suspended indicates that the prices of these commodities have remained substantially below their GCPR ceilings in recent months. Furthermore, the demand for these furs has been diminishing steadily, and although the domestic supply has been reduced to conform with the lessening of demand nonetheless the inventory carry-over of furs of this type has shown an increase during each of the last two years.

In view of the above considerations, it is the judgment of the Director of Price Stabilization that price controls on sales of these commodities are not required at this time to carry out the purposes of the Defense Production Act of 1950, as amended.

All records which were required to be prepared and preserved under applicable ceiling price regulations in effect prior to this amendment must continue to be preserved.

The Director has consulted with the Federal Trade Commission as to the proper designation of the furs listed in this regulation. The names used are those approved by the Federal Trade Commission and they apply to all furs properly designated by those names, although other names may have been commonly used in the trade to describe them. In some cases this amendment states the commonly used names of certain furs as well as their correct names; this is done for the sake of clarity alone, and is not to be construed as an approval of those commonly used names.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Section 3 of General Overriding Regulation 4, Revision 1, is amended by adding the following paragraphs:

(r) (1) The following furs:

American opossum.
Ariana otter.
Badger.
Bassarisk (sometimes referred to in the trade as ringtail cat).
Chekiang lamb, square handled.
Coyote wolf.
Dog.
Fox (except white fox, natural black fox, natural blue fox, silver fox, cross fox and all mutation fox).
Hair seal.
Hare.
Indian lamb.
Kidskin.
Labrador hair seal.
Lamb processed to simulate broadtail lamb.
Lincoln lamb.
Marmot.
Mouton lamb.
Muskrat.
Peschanik (sometimes referred to as Russian weasel).
Persian lamb paw.
Pony.
Rabbit.
Raccoon.
Mexican raccoon.
Skunk.
Spotted skunk (sometimes referred to in the trade as civet cat).
Wolf.
Beaver pieces.
Squirrel bellies.
Tails from all furs.

(2) The term "furs" means any animal skin or part thereof with hair, fleece, or fur fibers attached thereto, either in its raw or processed state, but shall not include such skins as are to be converted into leather or which in processing shall have the hair, fleece, or fur fiber completely removed.

(s) Fur plates made from the furs suspended from price controls under paragraph (r) of this section.

(t) Fur shells, fur linings, fur trimmings, and fur collars, in which the furs or fur plates used are those suspended from price controls under paragraphs (r) and (s) of this section.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1332; Filed, Feb. 5, 1953; 11:24 a. m.]

[General Overriding Regulation 7, Revision 1, Amdt. 18]

GOR 7—EXEMPTIONS AND SUSPENSIONS OF CERTAIN FOOD AND RESTAURANT COMMODITIES

SUSPENSION OF MACHINE-DISPENSED DRINKS SIMILAR TO "SOFT DRINKS"

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order Number 2, this Amendment 18 to Revision 1 of the General Overriding Regulation 7 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 18 to General Overriding Regulation (GOR) 7, Revision (Rev.) 1, suspends the application of ceiling price regulations, with some exceptions, to sales of drinks similar to "soft drinks" (which are defined in GOR 7, Rev. 1, Sec. 13 (b) as bottled drinks) when those sales are made in containers other than bottles through automatic coin-operated vending machines. The exceptions are Ceiling Price Regulations (CPR's) 11, 120, and 134 (pertaining to sales by restaurants and eating and drinking establishments) which apply to "soft drinks" and will continue to apply to the drinks covered by this amendment.

Before the issuance of this regulation, controls on the sales of "soft drinks", including those made through automatic coin-operated vending machines, were suspended (except for CPR's 11, 120, and 134) but the sales of the same or similar drinks not bottled, through automatic coin-operated vending machines, were subject to price control. This resulted from the definition of "soft drinks" contained in GOR 7, Rev. 1, Section 13 (b).

The same economic reasons that existed for the suspension of price controls on the sale of "soft drinks" (as set forth in the Statement of Considerations to Amendment 12 to GOR 7, Rev. 1) also exist for the sale of similar drinks when machine-dispensed in containers other than bottles. Therefore, this amendment extends the suspension to such non-bottled machine-dispensed drinks.

Because of the nature of this amendment, consultation with industry representatives, including trade association representatives, has been impracticable. In the judgment of the Director, this action is generally fair and equitable, is necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and complies with all the applicable standards of that Act.

AMENDATORY PROVISIONS

Section 13, Article III, of GOR 7, Revision 1, is amended by the addition of the following:

(c) Section 13 (a) also applies to the sales of drinks through automatic coin-operated vending machines in containers other than bottles if the drinks are similar to "soft drinks" as defined in Section 13 (b). This provision does not suspend price control on the sale of such drinks as coffee, tea, or chocolate.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1333; Filed, Feb. 5, 1953; 11:24 a. m.]

[General Overriding Regulation 9, Amdt. 33]

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

EXEMPTION OF WET GROUND MICA

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 33 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 9 exempts wet ground mica from price control.

Wet ground mica is used in the paint, rubber tire, plastic, and paper industry. The cost of this material represents only a negligible portion of the cost of production in which it is used. The Wet Ground Mica Industry in the United States consists of six companies with a total annual sales volume of about $1,500,000. This material is in adequate supply and is sold in competition with other types of material. Decontrol of wet ground mica will have no significant effect on the general level of prices nor will it serve to divert any manpower or

materials from other industries remaining under price control. Ceiling price restrictions imposed on this material also involve an administrative burden out of proportion to its effect on the economic stabilization program.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Section 2 (a) of General Overriding Regulation 9 is amended by adding the following subparagraph.

(33) Sales of wet ground mica.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1334; Filed, Feb. 5, 1953; 11:25 a. m.]

[General Overriding Regulation 9, Amdt. 35]

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

SALES OF ALL MODELS OF USED PASSENGER AUTOMOBILES PRIOR TO 1946 MODELS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 35 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 9 suspends from control sales of all models of used passenger automobiles prior to the 1946 models. This represents a substantial part of used automobiles, but special considerations make the suspension of controls on this group desirable at this time while price control is retained on postwar used automobiles.

In general, a comparison of current market and current established ceiling prices of even the most popular makes in this pre 1946 group indicates that market prices are between twenty and thirty percent below ceiling prices. However, individual differences among these older cars are so great that ceiling prices, which are average prices reflecting the top market price of the best cared for automobile, are not as useful or realistic as ceiling prices on the newer models of used cars where there is a somewhat greater uniformity. A great percentage of these older cars are continually being eliminated from the market as junk and the ceiling price established bears no relation to their junk value. Some of these older cars have received exceptional care and thus can sell at a somewhat higher price, although still below the ceilings presently established. The exceptional diversity in quality existing in this older group ranging from a considerable percentage in the "junk" class to a few of considerable quality, makes a continued use of ceiling prices not useful at this time. The administrative effort and the requirements on dealers in maintaining these ceiling prices are not presently warranted by the state of the market.

It is not anticipated that the prices of these used automobiles, suspended from price control by this amendment, will reach existing ceiling prices if present conditions continue. This conclusion is further supported by reason of the fact that present controls involve a two percent depreciation of existing ceiling prices of used automobiles at the beginning of each calendar quarter.

It is therefore the judgment of the Director of Price Stabilization that price controls on sales of all models of used automobiles prior to 1943 models are not required at this time in order to carry out the purposes of the Defense Production Act of 1950, as amended.

Before the issuance of this amendment consultation was held with representative members of the industry, including trade association representatives to the extent practicable, and due consideration was given to their recommendations.

AMENDATORY PROVISIONS

Section 2 (b) of General Overriding Regulation 9 is amended by addition of the following:

(8) *All models of used passenger automobiles prior to 1946 models.* Sales of all models of used passenger automobiles prior to 1946 models.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1336; Filed, Feb. 5, 1953; 4:00 p. m.]

[General Overriding Regulation 9, Amdt. 36]

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

CUSTOM BUILT PASSENGER AUTOMOBILES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 36 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 9 exempts from price control all sales of new special custom built passenger automobiles. A special custom built passenger automobile is one which is not produced by usual assembly line quantity production methods, but embodies a considerable amount of hand labor. The custom built automobiles covered by this subparagraph must differ in their specifications from standard production models, and in any one make must be produced in quantities of less than 500 units in a calendar year and must carry a factory suggested list price in excess of $5,000.

Several manufacturers of passenger automobiles are engaged exclusively in the manufacture of special custom built passenger automobiles. Other manufacturers of quantity production cars contemplate introducing special custom built passenger automobiles in limited numbers.

All these manufacturers are attempting to tap an exclusive market where price is not of primary concern to the purchaser. These luxury automobiles will be produced in limited numbers and total sales will have no material impact on the national economy.

In view of the foregoing circumstances, the Director finds that the administrative burden on the agency and affected industry of establishing and maintaining ceiling prices on custom built passenger automobiles would be disproportionate to the benefits gained thereby.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Section 2 (a) of General Overriding Regulation 9 is amended by addition of the following:

(35) *Special custom built passenger automobiles.* Sales of new special custom built passenger automobiles. A special custom built passenger automobile is one which is not produced by usual assembly line quantity production methods, but embodies a considerable amount of hand labor. The custom built automobiles covered by this subparagraph must differ in their specifications from standard production models, and in any one make must be produced in quantities of less than 500 units in a calendar year and must carry a factory suggested list price in excess of $5,000.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1337; Filed, Feb. 5, 1953; 4:00 p. m.]

[General Overriding Regulation 9, Amdt. 37]

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

FOREIGN MADE USED PASSENGER AUTOMOBILES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 37 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 9 exempts from price control all sales of foreign-made passenger automobiles when sold as used cars. Registration figures show a total of approximately 100,000 foreign-made passenger automobiles of all years, makes and models in service in this country. This compares with a national total of 50,000,000 for both foreign and domestic made cars. The foreign total is less than one-tenth of one percent of all registrations.

After examining all the available information concerning market prices of the most popular foreign makes of passenger automobiles imported to this country, it was learned that there had been no compilation of statistics earlier than the 1948 models. In fact, no price information is available with respect to almost one-third of all foreign makes imported to this country. It seems clearly evident that difficulty is being experienced in securing any worthwhile information concerning market values, so thin is the market.

In those instances where the automobile is not listed in the Appendix of Ceiling Price Regulation 94, the OPS district offices must effect individual pricing. In such cases the task is made even more burdensome.

It is felt that this very small segment of the used car market which approximates less than one-tenth of one percent may safely be exempted from price controls without having any material impact upon our national economy.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Section 2 (a) of General Overriding Regulation 9 is amended by addition of the following:

(36) *Foreign made used passenger automobiles.* All sales of foreign-made passenger automobiles when sold as used cars are hereby exempted from price controls.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1338; Filed, Feb. 5, 1953; 4:00 p. m.]

[General Overriding Regulation 9, Amdt. 38]

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

SALES OF MODIFIED PASSENGER AUTOMOBILES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 38 to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment exempts from price control sales of passenger automobiles which have been radically modified from their original standard specifications. This group includes the so-called "hot-rod", and special sport, speed or appearance vehicles which have been built by individuals, usually at considerable expense, often as a result of experiment or hobby. This exemption will relieve the field offices of the administrative burden of establishing individual selling prices for these vehicles, as is now required under the provisions of Ceiling Price Regulation 94, the regulation covering sales of used passenger automobiles. This action will have little or no effect on the stabilization program.

Passenger cars which are modified by the addition or installation of various items of extra, special or optional equipment sold by the manufacturer of the original car, are not affected by this exemption but continue to be subject to Ceiling Price Regulation 94. Taxicabs which are usually altered to adapt them to their special use are not exempted by this action.

In the formulation of this amendment, there has been consultation with industry representatives, including trade representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 9 is amended in the following respects:

A new subparagraph (37) is added to section 2 (a) to read as follows:

(37) Sales of used passenger automobiles, other than taxicabs, which have been subjected to functional or structural change, except for the purpose of repair, to the extent indicated in at least one of the following three categories. The addition, installation or substitution of standard extra, special or optional equipment sold by the manufacturer of the original car is not a "change" within the meaning of this subparagraph.

(i) *Engine* (Any two of the following changes plus compensating modifications required thereby).

(*a*) Addition of a supercharger.

(*b*) Installation of dual carburetion.

(*c*) Installation of a high compression cylinder head.

(*d*) Installation of dual exhaust system.

(*e*) Installation of new cam shaft with new valves.

(*f*) Installation of Magneto electrical system.

(ii) *Body* (Any one of the following changes plus compensating modifications required thereby).

(*a*) Change in height, width or length of the original standard body.

(*b*) Alteration of original body type to a different body type.

(iii) *Chassis* (Any two of the following changes).

(*a*) Clutch.

(*b*) Transmission.

(*c*) Differential and rear axles.

(*d*) Wheels of different specifications from original.

(*e*) Spring suspension.

(*f*) Wheelbase.

(*g*) Radiator.

(*h*) A change of both fenders and hood in the form of replacement of the original fenders and hood.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1339; Filed, Feb. 5, 1953; 4:01 p. m.]

[General Overriding Regulation 34, Amdt. 6]

GOR 34—EXEMPTION OF CERTAIN LUMBER AND WOOD PRODUCTS

EXEMPTION OF SITKA SPRUCE CIGAR BOX SHOOK

This Amendment 6 to GOR 34 exempts from price control all levels of sale of Sitka Spruce cigar box shook.

Wooden cigar box shook produced from Sitka Spruce accounts for only a minor part of the materials used in the manufacture of cigar boxes.

Sitka Spruce cigar box shook, the component wooden parts of a cigar box, cut to specifications and ready for assembly, is made by only one relatively small company employing about 140 persons and consuming about 6,000,000 board feet of low grade logs annually.

The decision to take this action was made because Sitka Spruce cigar box shook does not enter significantly into the cost of living, or into business costs, and because of the relative insignificance of cigar box shook involved in the cost of packaged cigars. Cigar boxes made entirely of wood or wood and paper combined, were previously exempted by Amendment 2 to GOR 34. Ceilings for the shook affected by this action were previously determined under the General Ceiling Price Regulation.

Because of the limited end-use of the shook and the fact that it must compete with other materials, it is expected that only minor price increases in the shook, if any, will result from this action, and that there will be no diversion of materials, labor, or facilities.

In formulating this amendment, the Director of Price Stabilization has consulted with industry representatives including trade associations and has given full consideration to their recommendations. In his opinion the exemption provided by this amendment will not defeat or impair the objectives of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

General Overriding Regulation 34 is amended as follows:

Section 2 is amended by adding a paragraph (q) to read as follows:

(q) Sitka Spruce (Picea Sitchensis) cigar box shook. As used in this paragraph, the term "cigar box shook" means

the component parts of a cigar box cut to specifications and ready for assembly.

(Sec. 704, Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1341; Filed, Feb. 5, 1953; 4:01 p. m.]

[General Overriding Regulation 9, Amdt. 39]

GOR 9—EXEMPTIONS OF CERTAIN INDUSTRIAL MATERIALS AND MANUFACTURED GOODS

DECONTROL OF FULLER'S EARTH, AND GRAPHITE CRUCIBLES WITH RELATED CRUCIBLE ACCESSORIES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment to General Overriding Regulation 9 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 9 exempts from price control all sales of Fuller's Earth, and graphite crucibles with related crucible accessories.

Fuller's Earth is a non-metallic mineral used primarily as a filtering agent. Graphite crucibles are used in the melting of non-ferrous metals. Both of these items are now in adequate supply and form only a very minor cost in any industrial process in which they are used. Their decontrol will have no significant effect on the general level of prices nor will it serve to divert any manpower or materials from other industries remaining under price control.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

GOR 9 is amended in the following respects:

Section 2 (a) is amended by adding the following subparagraphs:

(38) Sales of Fuller's Earth.
(39) Sales of Graphite Crucibles.

Graphite crucibles includes all types of graphite crucibles, carbon bonded silicon-carbide crucibles, and related crucible accessories of which natural graphite represents 15 percent or more of total weight.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to General Overriding Regulation 9 shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

[F. R. Doc. 53-1340; Filed, Feb. 5, 1953; 4:01 p. m.]

[General Overriding Regulation 34, Amdt. 7]

GOR 34—EXEMPTIONS AND SUSPENSIONS OF CERTAIN LUMBER AND WOOD PRODUCTS

SUSPENSION OF HARDWOOD COMMERCIAL AND UTILITY TYPE VENEER

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this Amendment 7 to General Overriding Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 7 to General Overriding Regulation 34 suspends from price control all hardwood commercial and utility type veneer. Heretofore, this veneer has been under the General Ceiling Price Regulation. The suspension affects all levels of sale. This Amendment also enlarges the coverage of GOR 34 to serve as a vehicle for suspension actions of certain lumber, wood products, and connected services.

Hardwood commercial and utility type veneer includes all hardwood veneer used in container type plywood and packaging-type plywood, and in the cores, crossbands and backs of other plywood.

The hardwood veneer industry is composed of about 540 plants, mostly of small size. Their combined production is about 11 billion square feet annually, and in 1951 commercial and utility type veneer accounted for slightly less than half the total. A large majority of the plants are integrated with plywood, basket, or wire-bound box operations. Not over 150 plants, which sell veneer on the open market, will be affected by this action at the producer level of sale. Open market sales are mostly to the plywood industry. Because of the softness of the plywood market, that industry was suspended from price controls by Supplementary Regulation 129 to the GCPR, issued December 18, 1952.

This action is taken in accordance with OPS policy to suspend price control under certain conditions for commodities selling markedly below ceiling. Available information indicates that hardwood commercial and utility type veneer is currently selling on the average about 8 percent below the GCPR level. The latest reports of the U. S. Bureau of the Census show that production in this industry during the second quarter of 1952 was nearly 22 percent below the level for the corresponding quarter of 1951. Hence, there appears little likelihood of any marked increase in prices as a result of this action.

The coverage of GOR 34 is extended to include suspension as well as exemption actions affecting lumber, wood products, and connected services because it is contemplated that OPS might publish a number of such suspension actions, and it is believed to be for the convenience of the public to combine into a single document all exemption and suspension actions affecting lumber, wood products, and connected services. All such commodities and services which shall hereafter be suspended from price control will be included in this General Overriding Regulation.

In formulating this Amendment, the Director of Price Stabilization has consulted with industry representatives, including trade association representatives, and has given full consideration to their recommendations, and he has also given due consideration to the furtherance of the objectives of the Defense Production Act of 1950, as amended. In his opinion, this suspension will not defeat or impair the objectives of the Act.

AMENDATORY PROVISIONS

General Overriding Regulation 34 is amended as follows:

1. The title of this regulation is amended to read as follows: GOR 34, Exemptions and Suspensions of Certain Lumber and Wood Products.

2. Section 1 is amended to read as follows: This General Overriding Regulation exempts or suspends from all price controls the lumber, wood products, and services specified in this regulation.

3. A new Section 4 is added to read as follows:

SEC. 4. *Suspensions.* Except as may otherwise be specified in this section, sellers and buyers of the products and services herein suspended must continue to preserve and make available for examination by the Office of Price Stabilization for the life of the Defense Production Act of 1950 and for two years thereafter, all records of such commodities and services which they were required to have prior to the effective date of suspension; but they need not prepare or keep any additional records of such items covering sales made during the period of suspension.

Sales of the following commodities or services are suspended from all price controls:

(a) Hardwood commercial and utility type veneer.

The term "hardwood commercial and utility type veneer" means veneer manufactured from the wood of any broadleaved deciduous tree for use in containers and packaging-type plywood, and in the cores, crossbands and backs of other plywood.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment is effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 5, 1953.

Chapter V—Defense Production Administration

[DPA Regulation No. 1, Interpretation 1]

DPA REG. 1—ISSUANCE OF NECESSITY CERTIFICATES UNDER SECTION 124A OF THE INTERNAL REVENUE CODE

INTERPRETATION 1—TIME LIMITATION PROVISION IN NECESSITY CERTIFICATES

Questions have arisen as to the interpretation of the following time limitation provision which appears in certificates issued pursuant to the provisions of section 124A of the Internal Revenue Code:

As to the described facilities which are to be constructed, reconstructed, erected, or installed, this certificate shall be valid only with respect to those facilities the construction, reconstruction, erection, or installation of which is begun before the expiration of six months after the date of this certificate; and as to the described facilities which are to be acquired, or which are to be acquired and installed, this certificate shall be valid only with respect to those facilities acquired or contracted for before the expiration of six months after the date of this certificate.

This is interpreted as follows:

(a) *As to when construction begins.* The same rule has been adopted for time extension purposes as is applicable for predetermination purposes and as is set forth in section 4 (d) (4) of DPA Reg. 1, as amended February 14, 1952 (17 F. R. 1468); that is, that construction, reconstruction, erection, or installation is deemed to begin with the incorporation in place on the site by the applicant or by any other person pursuant to any contract, understanding, or arrangement directly or indirectly for or with the applicant, of physical materials as an integral and permanent part of any building, structure, or other real property (for example, the pouring or placing of footings or other foundations). Acquisition of land; engineering; contracting for construction; preparation of site; building of access roads; excavation; demolition; installation of service utilities required for construction; the fabrication, production, or processing of building materials or building equipment; or the acquisition of personal property to be installed in the building, structure, or other real property does not constitute beginning of construction, reconstruction, erection, or installation.

(b) *As to when acquisition is effected.* For the purpose of the time limitation provision, acquisition takes place when title passes or a contract to acquire is entered into.

(c) *Beginning of construction carries acquisitions connected therewith.* For the purpose of the time limitation provision, the requirements thereof are considered satisfied with regard to certified facilities to be acquired and used in connection with certified buildings or structures if the taxpayer begins the construction of such buildings or structures within the time specified: *Provided*, That the total dollar amount of the facilities which have been certified (without consideration of the percentage of certification) does not exceed $1,000,000, the beginning of construction of any structure certified will be considered to be the beginning of construction of all structures certified even though several separate structures are involved and even though one or more of the several separate structures may have been begun after the expiration of the period of time specified in the certificate, or any amendment thereof.

(Sec. 216, 64 Stat. 939; 26 U. S. C., Sup. 124A; E. O. 10200, Jan. 3, 1951, 16 F. R. 61)

DEFENSE PRODUCTION ADMINISTRATION,
JAMES P. DURKIN,
Assistant General Counsel.

[F. R. Doc. 53-1327; Filed, Feb. 5, 1953; 10:10 a. m.]

[DPA Regulation No. 1, Interpretation 2]

DPA REG. 1—ISSUANCE OF NECESSITY CERTIFICATES UNDER SECTION 124A OF THE INTERNAL REVENUE CODE

INTERPRETATION 2—VARIATIONS IN COSTS (SECTION 4 (j))

(a) Defense Production Administration Regulation No. 1, as amended February 14, 1952 (17 F. R. 1468), Issuance of Necessity Certificates Under Section 124A of the Internal Revenue Code, provides in section 4 (j) thereof that where the actual description or cost of a certified facility varies or will vary so materially from the description or cost in the application for certificate as to put in question the identity of the facility, the taxpayer may request an amendment of the certificate by filing a statement with the Certifying Authority setting forth the revised description or cost. This section also provides that, if the Certifying Authority is of the opinion that the varied or changed costs or descriptions are within the scope of the original certification, the amended Appendix A will be forwarded by the Certifying Authority to the Commissioner of Internal Revenue for substitution for the original Appendix A attached to the original certificate to have the effect of an amendment thereof.

(b) It is to be considered that there is not so material a variation as to put in question the identity of the facility and therefore that the varied description or cost is within the scope of the original certification and no amendment is necessary in the following cases:

(1) *Where the facility acquired or constructed is the same as that certified even though the actual cost exceeds the cost of the facility as estimated in the certificate.* Such increased cost may arise from increases in materials or labor, or from other factors.

(2) *Where the facility acquired or constructed varies from the facility certified and the actual cost exceeds by not more than 15 percent the cost estimated in the certificate.* The variations contemplated include increases in area, size, or capacity; acquisitions from a manufacturer or construction by a builder other than the one set forth in the certificate; additional attachments or spare parts; or variations in construction.

(Sec. 216, 64 Stat. 939, 26 U. S. C., Sup. 124A; E. O. 10200, Jan. 3, 1951, 16 F. R. 61)

DEFENSE PRODUCTION ADMINISTRATION,
JAMES P. DURKIN,
Assistant General Counsel.

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Federal Security Agency

Subchapter E—Fellowships, Internships, Training

PART 61—FELLOWSHIPS

TRAVEL EXPENSES; REGULAR FELLOWSHIPS

1. The first sentence of paragraph (d) of § 61.9 is hereby amended to read as follows:

(d) *Travel expenses; regular fellowships.* Any individual awarded a regular fellowship may, when authorized in advance by the Public Health Service, be granted separate allowances for transportation and subsistence expenses, not exceeding such amounts as may be prescribed by the Surgeon General, on account of (1) travel to the place at which he is to be located during the term of the fellowship; (2) travel required in carrying out the purposes of the fellowship, including attendance at meetings; and (3) travel to return him at the end of the fellowship term to his home or other place he left to carry out the fellowship, provided such return travel is to or from a place outside the continental United States. * * *

(Sec. 215, 58 Stat. 690; 42 U. S. C. 216. Interprets or applies sec. 301, 58 Stat. 691, as amended, sec. 433, 64 Stat. 444; 42 U. S. C. and Sup. 241, 289c)

2. The foregoing amendment shall be effective on publication in the FEDERAL REGISTER.

[SEAL] LEONARD A. SCHEELE,
Surgeon General.

Approved: February 2, 1953.

OVETA CULP HOBBY,
Federal Security Administrator.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 882]

ALASKA

PARTIALLY REVOKING EXECUTIVE ORDERS NO. 4719 OF SEPTEMBER 12, 1927, AND NO. 5352 OF MAY 23, 1930; RESERVING PORTION OF RELEASED LANDS FOR USE OF DEPARTMENT OF THE AIR FORCE

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F. R. 4831) it is ordered as follows:

1. Executive Orders No. 4719 of September 12, 1927, and No. 5352 of May 23, 1930, reserving certain public lands in Alaska for the use of the Bureau of Biological Survey, Department of Agriculture, in connection with its reindeer experiment station, are hereby revoked so far as they affect the following-described lands:

FAIRBANKS MERIDIAN

T. 1 N., R. 1 W.,
Sec. 4, S½SE¼;
Sec. 8, that part lying southeast of the right-of-way of the Tanana Valley Railroad;
Secs. 9, 10, and sec. 11, with the exception of the areas included in U. S. Surveys Nos. 855, 1717, 1720, and 1790;
Sec. 14, N½ and N½SE¼;
Sec. 15, N½, N½SW¼, and NW¼SE¼;
Secs. 17 and 18, those parts lying southeast of the right-of-way of said railroad;
Sec. 19, that part of N½ lying southeast of the right-of-way of said railroad;
Sec. 20, W½;
Sec. 29, SE¼SW¼ and NE¼SE¼.

T. 1 N., R. 2 W.,
Sec. 24, that part lying southeast of the right-of-way of the Tanana Valley Railroad;
Sec. 25, N½;
Sec. 26, that part of E½ lying southeast of the right-of-way of said railroad.

The areas described aggregate approximately 5,185 acres of public land.

2. Subject to valid existing rights the following-described public lands in Alaska, a portion of the lands described in paragraph 1 hereof, are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining laws and the mineral-leasing laws, and reserved under the jurisdiction of the Secretary of the Air Force, for military purposes:

T. 1 N., R. 1 W.,
Sec. 15, SW¼NW¼SW¼;
Sec. 17, SE¼.

The areas described aggregate 170 acres.

It is intended that the above-described lands shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

3. The status of the following-described lands shall not be changed until it is so provided by an order of classification to be issued by the Regional Administrator, Bureau of Land Management, Anchorage, Alaska, opening the lands to application under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, with a ninety-one-day preference-right period for filing such applications by veterans of World War II and others entitled to preference:

FAIRBANKS MERIDIAN

T. 1 N., R. 1 W.,
Sec. 19, that part of N½ lying southeast of the right-of-way of the Tanana Valley Railroad;
Sec. 20, W½;
Sec. 29, SE¼SW¼ and NE¼SE¼.
T. 1 N., R. 2 W.,
Sec. 26, SE¼.

The areas described aggregate approximately 840 acres.

4. The remaining lands described in paragraph 1 shall become subject to application on the dates and in the manner hereinafter provided. No application for such lands may be allowed under the above-mentioned Small Tract Act of June 1, 1938, as amended, unless the land shall be classified as valuable or suitable for such type of application upon consideration of an application. These lands are mainly of limited suitability for grazing or forestry.

5. This order shall not otherwise become effective to change the status of the lands described in paragraph 4 until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, such lands shall be subject only to (1) application under the homestead laws or the Alaska Home Site Act of May 26, 1934, 48 Stat. 809 (48 U. S. C. 461), or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

6. A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

7. Applications for these lands, which shall be filed in the Land Office, Bureau of Land Management, Fairbanks, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 65 and 66 of Title 43 of the Code of Federal Regulations, and applications under the said Alaska Home Site Act of May 26, 1934, and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in §§ 64.6 to 64.10, inclusive, and Part 257 of that title.

8. Inquiries concerning these lands shall be addressed to the Manager, Land Office, Fairbanks, Alaska.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

FEBRUARY 2, 1953.

[F. R. Doc. 53–1246; Filed, Feb. 5, 1953; 8:51 a. m.]

NOTICES

DEPARTMENT OF THE TREASURY

Bureau of Customs

[417.0]

ASPARAGIN

TARIFF CLASSIFICATION

FEBRUARY 2, 1953.

The Bureau by its letter to the collector of customs at Detroit, Michigan, dated February 2, 1953, ruled that asparagin is properly classifiable as an acid, not specially provided for, under paragraph 1, Tariff Act of 1930, rather than as a drug, advanced, under paragraph 34 of the tariff act.

This decision will be effective as to such or similar merchandise entered for consumption or withdrawn from warehouse for consumption after 90 days after the date of publication of the abstract of this decision in a forthcoming issue of the weekly Treasury Decisions.

[SEAL] D. B. STRUBINGER,
Acting Commissioner of Customs.

[F. R. Doc. 53–1245; Filed, Feb. 5, 1953; 8:50 a. m.]

[493.1]

RONDELLES FOR JEWELRY

PROSPECTIVE TARIFF CLASSIFICATION

FEBRUARY 2, 1953.

It appears probable that rondelles, each consisting of two small circular metal disks or stampings which when placed together hold rhinestones or other imitation precious stones, are properly classifiable under paragraph 1527 (d), Tariff Act of 1930, as stampings of metal, whether or not set with glass or paste, finished or partly finished, suitable for

use in the manufacture of any of the articles provided for in paragraph 1527 (a) (b) or (c), Tariff Act of 1930.

Such a classification would result in the assessment of duty at a rate higher than that heretofore assessed under an established and uniform practice.

Pursuant to § 16.10a (d), Customs Regulations of 1943, as amended, notice is hereby given that the existing uniform practice of classifying such merchandise as beads under paragraph 1503, Tariff Act of 1930, is under review in the Bureau of Customs.

Consideration will be given to any relevant data, views, or arguments pertaining to the correct classification of this merchandise which are submitted to the Bureau of Customs, Washington 25, D. C., in writing. To assure consideration, such communications must be received in the Bureau not later than 30 days from the date of publication of this notice. No hearings will be held.

[SEAL] FRANK DOW,
Commissioner of Customs.

FEDERAL POWER COMMISSION

[Docket No. G-1888]

NEVADA NATURAL GAS PIPE LINE CO.

NOTICE OF PETITION TO AMEND CERTIFICATE OF PUBLIC CONVIENCE AND NECESSITY

FEBRUARY 2, 1953.

Take notice that on January 21, 1953, Nevada Natural Gas Pipe Line Company (Applicant), a Nevada Corporation with its principal office in Las Vegas, Nevada, filed a petition to amend the certificate of public convenience and necessity authorized by order issued on June 23, 1952, in Docket No. G-1888.

Applicant proposes to construct and operate 114 miles of 12¾-inch pipeline, in lieu of the 114 miles of 10¾ inch pipeline authorized, extending from the proposed connection with the facilities of El Paso Natural Gas Company near Topock, Arizona to Las Vegas, Nevada, for the purpose of transporting natural gas for sale and distribution in the vicinity of Las Vegas and Henderson, Nevada. The additional cost of constructing the now proposed 12¾-inch pipeline will exceed by approximately $250,000 the estimated cost of constructing the 10¾-inch pipeline authorized. Such additional cost will be financed by increasing the amount of securities to be issued by substantially the same amount and by spreading such increased cost over bonds, preferred stocks, and common stock.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 20th day of February 1953. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 53-1266; Filed, Feb. 5, 1953; 8:53 a. m.]

[Docket Nos. G-1630, G-1631, G-1912]

EL PASO NATURAL GAS CO.

NOTICE OF PETITION TO AMEND CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

FEBRUARY 2, 1953.

Take notice that on January 16, 1953, El Paso Natural Gas Company (Applicant), a Delaware Corporation with its principal office in El Paso, Texas, filed a petition to amend the certificate of public convenience and necessity authorized by order issued June 23, 1952.

Applicant requests removal of the restriction imposed in Docket Nos. G-1630, G-1631, and G-1912, on its authorized San Juan and Permian Basin natural gas pipeline facilities, for the maximum daily delivery of a total of 550 million cubic feet of natural gas to Pacific Gas and Electric Company; 555 million cubic feet to Southern California Gas Company and Southern Counties Gas Company of California; and 20 million cubic feet to Nevada Natural Gas Pipe Line Company.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 20th day of February 1953. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 53-1265; Filed, Feb. 5, 1953; 8.53 a. m.]

[Docket No. G-2000]

NEW YORK STATE ELECTRIC & GAS CORP.

ORDER DENYING REQUEST FOR SHORTENED PROCEDURE AND FIXING DATE OF HEARING

JANUARY 29, 1953.

On July 11, 1952, New York State Electric & Gas Corporation (Applicant), a New York corporation with its principal office in Ithaca, New York, filed an application for (1) an order declaring Applicant not to be a "natural-gas company" under the Natural Gas Act, by reason of any of the operations which it is presently engaged in, or proposes to engage in, in the area served by its Auburn-Geneva-Newark, New York, pipeline; or (2) for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural-gas facilities, subject to the jurisdiction of the Commission, as described in the application, and supplement filed on August 27, 1952, which are on file with the Commission and open to public inspection.

Notice of the filing of the application has been given, including publication in the FEDERAL REGISTER on August 7, 1952 (17 F. R. 7196). On August 14, 1952, the Public Service Commission of the State of New York filed notice of intervention with the Commission.

Applicant has requested that its application be heard under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure (18 CFR 1.32 (b)) for noncontested proceedings.

The Commission finds: Good cause has not been shown for granting Applicant's request that its application in Docket No. G-2000 be heard under the shortened procedure as provided by the Commission's rules of practice and procedure, and its request should be denied as hereinafter ordered.

The Commission orders:

(A) The request made by New York State Electric & Gas Corporation that its application in Docket No. G-2000 be heard under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure be and the same is hereby denied.

(B) Pursuant to the authority contained in and by virtue of the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a public hearing be held commencing on April 23, 1953, at 10:00 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the application and supplement thereto.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: January 30, 1953.

By the Commission.[1]

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 53-1231; Filed, Feb. 5, 1953; 8:47 a. m.]

[Docket No. G-2088]

LONE STAR GAS CO.

ORDER FIXING DATE OF HEARING

JANUARY 30, 1953.

On November 14, 1952, Lone Star Gas Company (Applicant), a Texas corporation having its principal place of business at Dallas, Texas, filed an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing it to acquire and operate a natural-gas transmission pipeline owned by Clifford D. Mooers, sole owner of the Grandfield Gas Company, as described in the application on file with the Commission and open to public inspection.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that the application be heard under the shortened procedure provided by the aforesaid rule for noncontested proceedings, and no request to be heard,

[1] Chairman Buchanan and Commissioner Draper dissenting.

protest, or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on December 6, 1952 (17 F. R. 11130–11131).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction of the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing be held on February 17, 1953, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, forthwith dispose of the proceedings pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: January 30, 1953.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

[Docket No. G–2114]

CITY OF COVINGTON, GEORGIA

NOTICE OF APPLICATION

JANUARY 30, 1953.

Take notice that the City of Covington, Georgia (Applicant), a municipal corporation organized and existing by virtue of the laws of the State of Georgia, filed, on January 22, 1953, an application pursuant to section 7 (a) of the Natural Gas Act for an order directing Transcontinental Gas Pipe Line Corporation to establish physical connection of its transportation facilities with Applicant's proposed natural gas distribution system and to sell natural gas to Applicant for local distribution in the community of Covington and in the area adjacent thereto.

Applicant's estimated peak day requirements for its proposed system during the 5th year is 1,462 Mcf. Its annual consumption during the first full year's operation is estimated at 124,770 Mcf, and at the end of the third full year it is estimated that the annual consumption will approximate 181,950 Mcf.

The application is on file with the Commission for public inspection. Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 18th day of February 1953.

DEPARTMENT OF THE INTERIOR

Office of the Secretary

ALASKA

NOTICE FOR FILING OBJECTIONS TO ORDER[1] PARTIALLY REVOKING EXECUTIVE ORDERS NO. 4719 OF SEPTEMBER 12, 1927, AND NO. 5352 OF MAY 23, 1930; RESERVING PORTION OF RELEASED LANDS FOR USE OF DEPARTMENT OF THE AIR FORCE

For a period of 60 days from the date of publication of the above entitled order, persons having cause to object to the terms thereof may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior,

[1] See Title 43, Chapter I, Appendix, PLO 882, *supra.*

Washington 25, D. C. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent, and extent. Should any objection be filed, whether or not a hearing is held, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

GENERAL SERVICES ADMINISTRATION

ADMINISTRATOR, FEDERAL SECURITY AGENCY

DELEGATION OF AUTHORITY WITH RESPECT TO PROCESSING AND DISTRIBUTION OF MOTION PICTURES AND FILM STRIPS

1. Pursuant to the authority vested in me by section 205 (d) of the Federal Property and Administrative Services Act of 1949, as amended, authority is hereby delegated to the Administrator, Federal Security Agency, to act as contracting officer on Contract No. GS-038-8435, covering the period January 1, 1953, through December 31, 1953, and in such capacity to make all decisions necessary under the terms of said contract.

2. Appeals from decisions of said contracting officer shall be taken to the Administrator of General Services.

3. Amendments to said contract shall be made only with the approval of the Administrator of General Services or his authorized representative.

4. This authority may be redelegated to any official or employee of the Federal Security Agency, and shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration.

5. This delegation of authority shall be effective as of January 1, 1953.

Dated: February 3, 1953.

RUSSELL FORBES,
Acting Administrator.

[F. R. Doc. 53-1310; Filed, Feb. 5, 1953; 8:45 a. m.]

HOUSING AND HOME FINANCE AGENCY

Federal Housing Administration

DELEGATION OF AUTHORITY AND ASSIGNMENT OF DUTIES

Sections 11, 12, 13 and 14 are hereby amended to read as follows:

SEC. 11. *Citation of authority.* Section 1 of Title I of the National Housing Act provides in part as follows:

* * * In order to carry out the provisions of this title and titles II, III, VI, VII, VIII and IX, the Commissioner may establish such agencies, accept and utilize such voluntary and uncompensated services, utilize such federal officers and employees, and, with the consent of the State, such State and local officers and employees, and appoint such other officers and employees as he may find necessary, and may prescribe their authorities, duties, responsibilities, and tenure and fix their compensation, without regard to the provisions of other laws applicable to the employment or compensation of officers or employees of the United States. The Commissioner may delegate any of the functions and powers conferred upon him under this title and titles II, III, VI, VII, VIII and IX to such officers, agents, and employees as he may designate or appoint * * *.

Section 3 of Reorganization Plan No. 3 of 1947, effective July 27, 1947, provides in part as follows:

Federal Housing Administration. The Federal Housing Administration shall be headed by a Federal Housing Commissioner * * *. There are transferred to said Commissioner the functions of the Federal Housing Administration.

SEC. 12. *Designation of Acting Commissioner.* Pursuant to the authority cited in section 11 above, I hereby designate the officials of the Federal Housing Administration named below in this section to act in my place and stead with the title of "Acting Commissioner" with all of the powers, duties and rights conferred upon me by the National Housing Act, as amended, Reorganization Plan No. 3 of 1947, by any other act of Congress or by any Executive Order, in the event of my absence, illness or inability to act, provided that no official named below shall have authority to act as "Acting Commissioner" unless all those whose names appear before his are absent from their official post or unable to act:

1. Burton C. Bovard, General Counsel.
2. Hugh Askew, Assistant Commissioner, Field Operations.
3. Curt C. Mack, Assistant Commissioner, Underwriting.
4. Clyde L. Powell, Assistant Commissioner, Rental Housing.
5. Ward Cox, Assistant Commisisoner, Cooperative Housing.
6. Arthur J. Frentz, Assistant Commissioner, Title I.
7. Edgar C. McIntosh, Assistant to the Commissioner.

SEC. 13. *Specific delegations to named positions.* Pursuant to the authority cited in section 11 above, the following assignment of duties and delegations of functions and powers are hereby made:

(A) To the position of Assistant Commissioner, Field Operations, and (except with respect to the authority contained in subdivisions 9 and 10 hereunder) under his general supervision to the position of Deputy Assistant Commissioner, Field Operations:

1. To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions, or approved lenders.

2. To issue commitments for insurance and to execute insurance contracts pursuant to such commitments.

3. To approve a change in amount, a change of the term, or any other modification of commitments for insurance or of insurance contracts.

4. To consent to the release of mortgagors.

5. To consent to the release of portions of the mortgaged property from the lien of the mortgage.

6. To approve the insurance of mortgages taken as security in connection with the sale of all properties conveyed to the Federal Housing Commissioner, including the authority to determine the value of such properties and facts relating to the eligibility of such mortgages for insurance.

7. To execute Certificates of Claim and requisitions to the Treasury Department for the issuance of debentures.

8. To execute assignments, releases or satisfactions of mortgages taken by the Commissioner as security in connection with the sale of acquired properties.

9. In connection with the sale of properties conveyed to the Commissioner to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments, or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith.

10. To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

11. To direct the administration of Field Offices and to initiate and recommend to the Commissioner policies and procedures with respect thereto.

12. To issue Property Eligibility Statements or Commitments or any similar forms which may be provided in connection with new home loans under regulations issued pursuant to Title I of the National Housing Act.

13. To reject or accept for insurance loans or advances of credit made under the provisions of section 2 of Title I that require the prior approval of the Federal Housing Commissioner.

14. To execute applications or other documents in connection with any functions which the Federal Housing Administration may perform for any other agency or agencies of the United States.

15. With respect to section 609, to issue commitments for insurance and to execute insurance contracts pursuant to such commitments; to approve changes in amount, changes in term, or any other modifications of commitments for insurance or of insurance contracts; to consent to the release of part or parts of property delivered as security for insured loans; to exercise the authority of the Commissioner under the Administrative Rules and Regulations under section 609 in any instance requiring the approval of the Commissioner; to execute in my name proofs of claim against bankrupt, insolvent or decedent estates; and to exercise the power and authority vested in the Commissioner under section 609 (g) of Title VI of the act.

16. To approve the sale and terms of sale of mortgages taken as security in connection with the sale of property conveyed to the Federal Housing Commissioner in connection with the insurance of mortgages under all sections of the act covering one-to-four family dwellings and the insurance of mortgages

under section 603 pursuant to section 610.

17. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(B) To the position of Assistant Commissioner, Underwriting, and (except with respect to the authority contained in subdivisions 3 and 4 hereunder) under his general supervision to the position of Deputy Assistant Commissioner, Underwriting:

1. To be responsible to the Commissioner for the underwriting aspects of all mortgage insurance programs, including valuation of realty, land planning, architecture and credit analyses, analyses of locations, subdivisions and areas and construction cost determination.

2. To plan, supervise, instruct in and review the work of the technical programs and procedures, including: the establishment of eligibility requirements as to property standards, minimum construction requirements and new methods of dwelling construction for projects insured by the Federal Housing Administration; cooperation with industry and governmental agencies in the development of engineering methods, materials, mechanical equipment and architectural planning and design. Dissemination to the field offices and to the public of technical material on planning and construction; preparation of estimates and other studies on the use of materials.

3. To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

4. In connection with the sale of properties conveyed to the Commissioner to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments, or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith.

5. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(C) To the position of Assistant Commissioner, Rental Housing, and (except with respect to the authority contained in subdivisions 7 and 8 hereunder) under his general supervision to the position of Deputy Assistant Commissioner, Rental Housing:

1. To issue commitments for insurance and to execute insurance contracts under sections 207, 608, Title VII, Title VIII, and section 908, and any agreements or instruments required in connection therewith.

2. To approve the increase in amount, the extension of term, or any other modification of commitments for insurance or of insurance contracts under sections 207, 210, 608, Title VII, Title VIII, and section 908.

3. To approve or disapprove "change orders" during construction under sections 207, 608, Title VII, Title VIII, and section 908.

4. To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions or approved lenders.

5. To consent to the release of mortgagors and to the release of portions of the mortgaged property from the lien of the mortgage, with respect to mortgages insured under sections 207, 210, 608, Title VII, Title VIII, and section 908.

6. To approve or disapprove for insurance advances of mortgage money during construction under sections 207, 608, Title VII, Title VIII, and section 908, and to execute such instruments as may be necessary in connection therewith.

7. In connection with the sale of properties conveyed to the Commissioner, to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto, and deeds of release, assignments or satisfactions of mortgages, deeds of trust or other liens taken as security in connection therewith.

8. To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

9. To execute Certificates of Claim and requisitions to the Treasury Department for the issuance of debentures.

10. To approve the insurance of mortgages taken as security in connection with the sale of properties conveyed to the Federal Housing Commissioner in connection with the insurance of mortgages under sections 207 and 608, Titles VII and VIII, and section 908, including the authority to determine the value of such properties and facts relating to the eligibility of such mortgages for insurance.

11. To approve the modification in the terms of, and authorize the foreclosure of, mortgages assigned to the Federal Housing Commissioner in exchange for debentures under sections 207 and 608, Titles VII and VIII, and section 908.

12. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(D) To the position of Assistant Commissioner, Cooperative Housing and (except as to the authority contained in paragraphs 7 and 8 hereunder) under his general supervision to the position of Deputy Assistant Commissioner, Cooperative Housing, with respect to the insurance of mortgages under section 213 of the National Housing Act:

1. To issue commitments for insurance and to execute insurance contracts and any agreements or instruments required in connection therewith.

2. To approve the increase in amount, the extension of term, or any other modification of commitments for insurance or of insurance contracts.

3. To approve or disapprove "change orders" during construction.

4. To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions or approved lenders.

5. To consent to the release of mortgagors and to the release of portions of the mortgaged property from the lien of the mortgage.

6. To approve or disapprove for insurance advances of mortgage money during construction, and to execute such instruments as may be necessary in connection therewith.

7. In connection with the sale of properties conveyed to the Commissioner, to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto, and deeds of release, assignments or satisfactions of mortgages, deeds of trust or other liens taken as security in connection therewith.

8. To execute the power and authority vested in the Commissioner under section IV of the regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury.

9. To execute Certificates of Claim and requisitions to the Treasury Department for the issuance of debentures.

10. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

11. To approve the insurance of mortgages taken as security in connection with the sale of all properties conveyed to the Federal Housing Commissioner with respect to the insurance of mortgages covering project mortgages insured under section 213, including the authority to determine the value of such properties and the facts relating to the eligibility of such mortgages for insurance.

12. To approve the modification in the terms of, and authorize the foreclosure of, mortgages assigned to the Federal Housing Commissioner in exchange for debentures.

(E) To the position of Assistant Commissioner, Title I, and (except as specified in subdivisions 4 and 5 hereunder) under his general supervision to the Deputy Assistant Commissioner, Title I, with respect to the insurance of loans or advances of credit made under section 2 of Title I of the National Housing Act:

1. To approve or cancel the approval of financial institutions as approved mortgagees, insured institutions or approved lenders.

2. To issue and cancel Contracts of Insurance under Title I and to transfer such contracts and the rights and benefits accruing thereunder between lending institutions.

3. To exercise the authority of the Commissioner under the Regulations governing Title I loans in any instance which is subject to the approval of the Commissioner.

4. To execute the power and authority vested in the Commissioner under the Regulations governing property and obligations held by the Federal Housing Commissioner and approved by the Secretary of the Treasury, except that the authority to execute the power and authority under section IV of such regula-

tions may be exercised only by the Assistant Commissioner, Title I.

5. In connection with the sale of properties conveyed to the Commissioner, to execute in my official name, as my agent, all deeds or other documents or instruments in connection with the conveyance of title thereto and deeds of release, assignments or satisfactions of mortgages, deeds of trust, or other liens taken as security in connection therewith. The authority in this subdivision may be exercised only by the Assistant Commissioner, Title I.

6. To reject or accept for insurance loans or advances of credit made under the provisions of Title I, that require the prior approval of the Federal Housing Commissioner. To execute in my name such documents as are necessary to transfer title in and to any debt, contract, claim, property or security. To execute in my name proofs of claim against bankrupt, insolvent or decedent estates and to execute releases of obligations to the Federal Housing Administration, including but not limited to notes, judgments, and other evidences of indebtedness, and to release liens of any kind held as security for such obligations, in those cases where the obligor has paid the full amount due thereon to the Federal Housing Administration.

7. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(F) To the position of General Counsel and under his general supervision, to the Associate General Counsel:

1. On behalf of the Commissioner to receive and accept service of all summons, subpoenas, and other court process directed to the Commissioner.

2. To sign, acknowledge and verify on behalf of and in the name of the Federal Housing Commissioner, all declarations, bills, pleas, answers, and all other pleadings in any court proceedings which are brought in the name of or against the Federal Housing Commissioner, or in which he is named as a party.

3. To advise and consult with the Commissioner and with heads of the several divisions concerning the legal aspects of the policies of the Federal Housing Administration.

4. To interpret the provisions of the National Housing Act and of the rules and regulations promulgated thereunder; revise the rules and regulations.

5. To collaborate with the General Counsel of the Housing and Home Finance Agency in connection with legislation before Congress pertaining to the Federal Housing Administration program, recommending changes by way of amendments.

6. To administer all matters pertaining to the preparation of legal forms necessary to the work of the Administration; the submission of cases to the Attorney General for legal action; investigation of fraud; or violations of the National Housing Act; and the determination of acceptability of title.

7. To certify that official long-distance telephone calls made were necessary in the interest of the Government pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(G) To the position of Regional Director and to each of them, and under their supervision to their respective Assistant Regional Directors, Field Office Directors, Field Office Assistant Directors, and Field Office Executive Assistants:

1. To issue commitments for insurance and to execute insurance contracts pursuant to such commitments.

2. To approve a change in amount, a change of the term, or any other modification of commitments for insurance or of insurance contracts.

3. To consent to the release of mortgagors.

4. To consent to the release of portions of the mortgaged property from the lien of the mortgage.

5. To approve or disapprove for insurance advances of mortgage money during construction, and to execute such instruments as may be necessary in connection therewith.

6. To approve or disapprove "change orders" during construction.

7. To issue Property Eligibility Statements or Commitments or any similar forms which may be provided in connection with new home loans under Regulations issued pursuant to Title I of the National Housing Act.

8. In connection with new home loans under the Regulations issued pursuant to section 2 of Title I of the National Housing Act, to approve the sale by insured institutions of acquired property where the insured institution exercises its option to sell the property in the open market in lieu of a conveyance to the Commissioner.

9. To reject or accept for insurance loans or advances of credit made under the provisions of Title I that may require the prior approval of the Federal Housing Commissioner.

10. To approve the insurance of mortgages taken as security in connection with the sale of all properties conveyed to the Federal Housing Commissioner, including the authority to determine the value of such properties and facts relating to the eligibility of such mortgages for insurance.

11. To execute applications or other documents in connection with any functions which the Federal Housing Administration may perform for any other agency or agencies of the United States.

12. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

13. In connection with the sale of Commissioner-owned property, to consent to the assignment of the interest of the contract purchaser under a contract for deed and to the substitution of mortgagors under a mortgage held by the Commissioner.

14. To execute contracts for the sale of any properties conveyed to the Federal Housing Commissioner, except properties acquired under sections 207, 213, 608, Title VII, Title VIII, and section 908, or sales of five or more properties as a group.

15. To execute any regulatory agreements required by the Administrative Rules under sections 207, 213, 608, Title VII, Title VIII, and agreements with respect to certification of costs required by the Administrative Rules under section 908.

16. To execute contracts for supplies and services in accordance with the provisions of the Field Operating Manual or as approved by the Director, Property Management, either specifically or as a part of an acquired property management program.

(H) To the position of Comptroller and under his general supervision to the position of Deputy Comptroller:

1. To requisition the advance of funds.

2. To approve all expenditures and receipt vouchers necessary to carry out the provisions of the National Housing Act.

3. To endorse checks for deposit or collection.

4. To certify financial statements.

5. To certify the findings of the Compliance Committee in regard to the waiver of the Regulations under the provisions of section 2 (c) of the National Housing Act, as amended.

6. To certify as to delegations of authority by the Commissioner and as to the truth or accuracy of copies of original papers or documents in the possession of the Administration.

7. To devise accounting procedures and to administer the fiscal policies of the Administration.

8. To execute vouchers or applications and receipt for any payments received representing refunds of taxes or other payments made by the Commissioner in connection with property acquired under the provisions of the National Housing Act.

9. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

10. To designate certifying officers and to revoke such designations, to execute and submit to the Treasury Department necessary statements and schedules with respect thereto, pursuant to Public Law 389, approved December 29, 1941, and the standards and procedures of the Secretary of the Treasury thereunder.

11. To execute Certificates of Claim and requisitions to the Treasury Department for the issuance of debentures.

(I) To the position of Director of Research and Statistics, and under his general supervision to the position of Deputy Director of Research and Statistics:

1. To advise the Commissioner on the economic aspects of mortgage insurance activities. Plan and administer the activities of the Research and Statistics Division. Consult with the representatives of other divisions and other agencies on problems of housing and economic research.

2. To initiate, and to undertake on request of other officers, actuarial studies regarding insurance operations under the act, including, in collaboration with the Comptroller, studies of the distribution of expenses and income; and to prepare studies of the adequacy of premiums and reserves and such other mat-

ters as are required by the Commissioner for the formulation of sound actuarial policy.

3. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(J) To the position of Director of Personnel, and under his general supervision to the position of Deputy Director of Personnel:

1. To be responsible for the development, establishment and operation of a personnel program.

2. To make appointments and to remove or separate personnel; to fix the administrative work week; to approve overtime work and to prescribe rules and regulations regarding overtime.

3. To act as the representative of the Federal Housing Administration on the Federal Council of Personnel Administration, with the Civil Service Commission, and all Government agencies and other organizations with respect to personnel matters.

4. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(K) To the position of Director of the Budget Division; and under his general supervision to the position of Deputy Director of the Budget Division:

1. To be responsible to the Commissioner for all budget activities and to act as the Commissioner's representative in all budget matters in meetings held by the Bureau of the Budget or other agencies.

2. To be responsible for the development and execution of the budget program, including the preparation of budget estimates and justification therefor; the preparation of requests for apportionment of funds and justification therefor; and the allotment of funds within the limits of appropriation acts, apportionments and other limitations.

3. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(L) To the position of Director, Administrative Services, and under his general supervision to the position of Deputy Director, Administrative Services:

1. To approve telephone contracts.

2. To execute leases of property for Federal Housing Administration use.

3. To issue orders for travel in accordance with the Standardized Government Travel Regulations, as amended, and applicable law, including authorization for travel by extra fare train and plane, and for travel incident to permanent change of station, to approve travel performed and expense incurred on account of an emergency or without prior authority in accordance with the Standardized Government Travel Regulations, as amended, and to approve and authorize the transportation of household goods and personal effects at Government expense in accordance with applicable Executive Orders and amendments thereto, and provisions of law.

4. To issue purchase orders, including printing and binding requisitions to the Government Printing Office.

5. To incur obligations and authorize expenditures for services and for the purchase of equipment, materials, and supplies other than in connection with acquired properties.

6. To approve all agreements involving reimbursements, including agreements with others for the performance of any function by or on behalf of the Federal Housing Administration, after first obtaining the recommendation of any division affected.

7. To issue orders for publications of notices and advertisements in newspapers, magazines, and periodicals. (See sec. 3828, Rev. Stat.)

8. To execute contracts for services and for the purchase of equipment, materials, and supplies, including contracts for materials, equipment, supplies, and services, for the maintenance and operation of acquired properties.

9. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

10. To be responsible for the arrangement, format and general presentation of all forms and publications of the Administration.

11. To be responsible for the operation and maintenance of the duplicating service of the Administration, including the maintenance of the duplicating and binding service, mechanical addressing and mailing service and photographic laboratory.

12. To be responsible for the maintenance of a perpetual inventory of forms, costs records, and stockroom for materials necessary and incidental to the above responsibilities.

13. To be responsible for the radio spot announcement program and other radio material and to coordinate and supervise the FHA Home Show and exhibit program.

14. To perform the necessary functions and responsibilities in connection with the disposal of property of the Administration (other than property acquired under insurance contracts) as provided in applicable statutes and Regulations issued pursuant thereto.

15. To make final determinations of responsibility, including the fixing of or relief from personal liability, for any disposition of lost, stolen, damaged or destroyed property, except that if the original cost of any such property exceeded $100, the recommendations and findings of a committee or board established by the Commissioner shall be obtained.

(M) To the position of Auditor and under his general supervision, to the position of Deputy Auditor:

1. To be responsible for a continuing audit of the fiscal accounts of the Administration, including the fiscal accounts of the Field Offices, and the accounts of approved Mortgagees not under governmental supervision to determine compliance with the supervision requirements of the Administrative Rules.

2. To conduct audits of rental housing corporations and Title VII investors, on-site examination of fiscal records and accounts of such corporations and investors, on-site audits of the accounts and records of rental brokers and on-site examinations of such accounts and records to effect compliance with the fiscal and administrative requirements of the Administration.

3. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

(N) To the position of Director, Property Management, and under his general supervision to the position of Deputy Director, Property Management:

1. To operate and manage all properties conveyed to the Federal Housing Commissioner in accordance with general policies promulgated by the Property Sales Committee and approved by the Commissioner, including authority with respect to such property to:

(a) Approve all offers to rent or purchase, except that offers to purchase properties acquired under sections 207, 213 (Project Mortgages), 608, Title VII, Title VIII, and section 908, or offers to purchase a group of five or more properties acquired under other sections of the Act, shall be subject to the approval of the Commissioner and shall be accompanied by the recommendations of the Property Sales Committee;

(b) Make repairs, alterations and improvements;

(c) Execute such contracts, leases, assignments and instruments as may be necessary in the rental or sale of such properties other than deeds or other documents in connection with the conveyance of title, deeds of release, assignments or satisfactions of mortgages, deeds of trust or other liens taken as security in connection therewith;

(d) Authorize expenditures.

2. To handle and dispose of claims of the mortgagee against the mortgagor or others, arising out of mortgage transactions and assigned to the Commissioner in connection with the insurance of mortgages covering one-to-four-family dwellings, and the insurance of mortgages under section 603 pursuant to section 610.

3. To certify that official long-distance telephone calls made were necessary in the interest of the Government, pursuant to section 4 of the act approved May 10, 1939 (53 Stat. 738).

SEC. 14. *Delegations to Committees.* Pursuant to the authority cited in section 11 above, the following assignments of duties and delegations of functions and powers are hereby made:

(A) To a Committee to be known as the "Executive Board," consisting of the Commissioner as Chairman; the Deputy Commissioner as Vice-Chairman; Assistant to the Commissioner; the Assistant Commissioner, Field Operations; the Assistant Commissioner, Rental Housing; the Assistant Commissioner, Underwriting; the Assistant Commissioner, Title I; the Assistant Commissioner Cooperative Housing; the Director, Administrative Services; the General Counsel; the Comptroller; the Director of the Budget Division; the Director of Person-

nel; the Director of Research and Statistics; the Director, Property Management; the Auditor; the Administrative Officer (Minority Group Housing); and the Regional Directors:

1. To consider and discuss matters of general policy and to advise the Commissioner with respect to matters affecting the activities of the various divisions of the Administration.

The Executive Board or any part thereof shall meet upon call by the Chairman or Vice-Chairman, who will designate and excuse from attendance any member having no direct interest in the matters to be discussed at the meeting.

In the absence of the Chairman, the Vice-Chairman shall preside and in the absence of any member designated by the Chairman or Vice-Chairman as being interested in the matters to be discussed, the principal assistant of such absent member shall attend the meeting and serve in the place of such member.

(B) To a Committee to be known as the "Property Sales Committee," consisting of the Assistant Commissioner, Rental Housing, Chairman; Assistant Commissioner, Field Operations; Assistant Commissioner, Underwriting; Assistant Commissioner, Cooperative Housing; the Director, Property Management; the General Counsel; and the Regional Director having jurisdiction:

1. To consider and recommend to the Commissioner the approval or disapproval of any offer to purchase a property or mortgage acquired by the Commissioner under the provisions of sections 207, 213 (Project Mortgages) and 608, Titles VII and VIII, and section 908, and the sale and terms of sale of mortgages taken as security in connection with the sale of properties acquired under any such sections and titles, and any offer to purchase a group of five or more properties acquired by the Commissioner in connection with any other section of the act; and to recommend to the Commissioner general policies to govern the sales and rentals of properties acquired by the Commissioner, and the sale and terms of sale of mortgages taken as security in connection with the sale of properties acquired by the Commissioner in connection with the insurance of mortgages covering one- to four-family dwellings and the insurance of mortgages under section 603 pursuant to section 610, and the handling and disposition of claims assigned to the Commissioner with respect thereto. A quorum shall consist of four members, one of which shall be the Legal Division representative. In the absence of any member, an alternate shall not be designated to attend except upon request of the Chairman.

(C) To a Committee to be known as the "Property Management Expenditures Committee," consisting of the following: the Director, Property Management, Chairman; the Assistant Commissioner, Rental Housing; Assistant Commissioner, Field Operations; Assistant Commissioner, Cooperative Housing; General Counsel; the Director, Administrative Services; Comptroller; and the Regional Director having jurisdiction:

1. To consider and determine whether or not an expenditure is "necessary to carry out the provisions" of Titles I, II, VI, VII, VIII and IX as such term is used in section 1 of the National Housing Act, whenever such a determination is, in the opinion of the General Counsel, necessary to support the legal authority of the Commissioner to make such expenditure. A quorum shall consist of five members, one of which shall be the Legal Division representative. Minutes of each meeting which include a determination by the Committee shall be forwarded to the Commissioner prior to action being concluded in connection with such determination. In the absence of any member, the principal assistant of such absent member shall attend meetings and serve in place of such member. In the absence of the Chairman, the members of the Committee shall choose a temporary Chairman.

(D) To a Committee to be known as the "Compliance Committee," consisting of the Assistant Commissioner, Title I; the General Counsel or his designee; the Director, Administrative Services; the Assistant Commissioner, Field Operations; and the Comptroller; any three of which shall constitute a quorum:

1. To waive compliance with regulations heretofore or hereafter prescribed with respect to the interest and maturity of, and the terms, conditions, and restrictions under which loans, advances of credit, and purchases may be insured under section 2 and section 6 of Title I, if in the judgment of the Committee the enforcement of such regulations would impose an injustice upon an insured institution which has substantially complied with such regulations in good faith and refunded or credited any excess charge made, and if such waiver does not involve an increase of the obligation of the Commissioner beyond the obligation which would have been involved if the regulations had been fully complied with. In the absence of any member, the principal assistant of such absent member shall attend meetings and serve in place of such member.

(E) To a Committee to be known as the "Finance Committee," consisting of the Deputy Commissioner, Chairman; General Counsel; Assistant Commissioner, Field Operations; Assistant Commissioner, Underwriting; Assistant Commissioner, Rental Housing; Assistant Commissioner, Cooperative Housing; Assistant Commissioner, Title I; Auditor; Actuary; Comptroller; and the Director of Research and Statistics:

1. To study all Federal Housing Administration fiscal matters and prepare recommendations to the Commissioner. Reports of these studies which include recommendations to the Commissioner on fiscal matters shall be prepared and signed by the Chairman of the Committee. Meetings shall be held upon call of the Chairman. In the absence of any member of the Committee an alternate shall not be designated to attend except upon request of the Chairman.

(F) To a Committee to be known as the "Actuarial Advisory Committee," consisting of the Actuary (Chairman); Comptroller; and the Director of Research and Statistics:

1. To prepare recommendations to the Commissioner with respect to actuarial policy and to initiate basic actuarial studies on the operations of the various insurance funds. Reports on these studies which include recommendations to the Commissioner on actuarial policy shall be approved and signed by the appointed members of the Committee. Meetings shall be held upon call by the Chairman, but not less often than bimonthly. In the absence of any member of the Committee an alternate designated by the member shall attend and participate in the work of the Committee.

(G) To a Committee to be known as the "Personnel Ceiling Committee," consisting of the Director of Personnel, Chairman; the Director of the Budget Division; and the Assistant to the Commissioner:

1. To establish a personnel ceiling for each division in the Administration, and to review such ceilings each quarter immediately after receiving the agency personnel ceilings established by the Bureau of the Budget. In the absence of any member of the Committee, an alternate designated by the member shall attend and participate in the work of the Committee.

(H) To a Committee to be known as the "Survey Committee," consisting of the Director, Budget Division, or his designee, Chairman; the Comptroller, or his designee; and the Auditor, or his designee:

1. To review the findings of the Director of Administrative Services as to the disposal of property of the Administration in any instance where under applicable statutes and regulations issued pursuant thereto the approval of a reviewing authority is required.

2. To review the circumstances regarding lost, damaged, stolen and destroyed property where the original cost of any specific item of such property exceeded $100 and to advise the Director of Administrative Services as to the recommended disposal of such property and to recommend the fixing of or relief from personal liability based upon its findings in each case.

(I) To a Committee to be known as the "Field Operations Committee," consisting of the Assistant Commissioner, Field Operations, Chairman; the Deputy Assistant Commissioner; and the Regional Directors; for the purpose of supplementing the over-all supervisory responsibilities of the Assistant Commissioner, Field Operations, and the direct supervisory responsibilities of the respective Regional Directors:

1. To consider and discuss all matters concerning the operations of Field Offices in the interest of maintaining a consistent and uniform application of Administrative procedures and instructions throughout all Field Offices; and to conduct a continuing study of procedures and instructions governing the operations of Field Offices for the purpose of recommending revisions and amend-

ments in such existing procedures and instructions as well as the formulation of additional instructions and procedures with respect to new programs.

2. In the absence of any member, the principal assistant of such absent member shall attend meetings and serve in the place of such member. In the absence of the Chairman, the Deputy Assistant Commissioner, Field Operations, shall serve as Chairman.

[SEAL] WALTER L. GREENE,
Federal Housing Commissioner.

SECURITIES AND EXCHANGE COMMISSION

[File No. 30-133]

CENTRAL PUBLIC UTILITY CORP.

ORDER DECLARING THAT CONSOLIDATED ELECTRIC AND GAS COMPANY HAS CEASED TO BE A HOLDING COMPANY

FEBRUARY 2, 1953.

Central Public Utility Corporation ("CENPUC"), a registered holding company, has filed an application pursuant to section 5 (d) of the act seeking entry of an order declaring that its former subsidiary, Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, has ceased to be a holding company.

By order dated June 13, 1952, the Commission, pursuant to Section 11 (e) of the act, approved a plan of CENPUC for compliance with section 11 (b) of the act which provided, interalia, for the merger of Consolidated into CENPUC. Said plan was ordered enforced by the United States District Court for the District of Delaware on July 29, 1952, and on September 4, 1952, the merger of said companies became effective. CENPUC has acquired all of the assets of Consolidated and assumed all of its liabilities, and the corporate existence of Consolidated has been terminated.

Due notice having been given of the filing of said application, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that Consolidated has ceased to be a holding company:

It is hereby ordered and declared, Pursuant to section 5 (d) of the act, that Consolidated has ceased to be a holding company, subject to the condition that jurisdiction be, and hereby is, reserved with respect to the reasonableness of all fees and expenses or other remunerations paid or to be paid in connection with the application herein.

It is further ordered, That this order shall become effective forthwith upon issuance.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

CENTRAL PUBLIC UTILITY CORP.

ORDER APPROVING PLAN FOR LIQUIDATION AND DISSOLUTION OF INACTIVE SUBSIDIARY

FEBRUARY 2, 1953.

Central Public Utility Corporation ("CENPUC"), a registered holding company, has filed an application pursuant to section 11 (e) of the act for approval of a plan for the liquidation and dissolution of its wholly owned subsidiary Central Securities Transfer Company ("Securities"), an inactive company.

Securities was formerly engaged in the business of transferring and registering securities, principally those of companies in the CENPUC holding company system. On June 13, 1952, the Commission entered its order pursuant to section 11 (b) (2) of the act directing, among other things, that CENPUC "take appropriate steps to terminate the existence of * * * Securities," It appearing that Securities was not engaged in any business and that the management did not intend to reactivate the company. The instant plan proposes that the dissolution of Securities will be effectuated pursuant to the laws of the State of Illinois and upon the filing of a certificate of dissolution pursuant to such laws, CENPUC will receive all the assets of Securities consisting of $566 in cash, as of November 30, 1952, and assume all of its liabilities to creditors to the extent of the assets so transferred, as of the same date such liabilities, consisting solely of accounts payable, amounted to $137. CENPUC will pay such fees and expenses incurred in connection with said plan as may be approved by the Commission.

Due notice having been given of the filing of the said application, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that said plan is necessary within the meaning of section 11 (e) of the act and fair and equitable to the persons affected thereby:

It is ordered, Pursuant to section 11 (e) of the act, that the plan for the liquidation and dissolution of Securities, be and the same hereby is, approved, effective forthwith, subject to the condition that jurisdiction be, and hereby is, reserved with respect to the reasonableness of all fees and expenses or other remuneration paid or to be paid in connection with the plan and the transactions incident thereto.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 53-1233; Filed, Feb. 5, 1953; 8:48 a. m.]

[File No. 54-209]

STANDARD POWER AND LIGHT CORP.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING ON PLAN

FEBRUARY 2, 1953.

Notice is hereby given that an application has been filed by Standard Power and Light Corporation ("Standard Power"), a registered holding company, pursuant to section 11 (e) of the Public Utility Holding Company Act, seeking approval of a plan for the retirement on a voluntary basis of its sole issue of preferred stock in partial compliance with section 11 of the act. All interested persons are referred to said plan, which is on file in the offices of the Commission, for a statement of the transactions therein proposed, which are summarized hereinafter.

On June 19, 1942, pursuant to section 11 (b) (2) of the act, the Commission ordered Standard Power to liquidate and dissolve. The instant plan to retire its preferred stock is presented as a part of Standard Power's program for compliance with the standards of section 11 (b), of the act. In connection therewith, Standard Power states that it intends, at the earliest practicable opportunity, to request the Commission to modify the aforesaid dissolution order of June 19, 1942, so as to permit Standard Power to remain in existence as an investment company under the Investment Company Act of 1940.

Standard Power's outstanding securities, as of December 31, 1952, consisted of three classes of capital stock, as follows:

	Shares
$7 Cumulative Preferred Stock ("preferred stock") (no par value, stated value of $25 per share)	34,054
Common Stock ($1 par value)	1,320,000
Common Stock, Series B (no par value)	[1] 110,000

[1] For rights reserved with respect to 330,000 shares of Common Stock, Series B, surrendered and cancelled, see below.

The preferred stock has a preference in liquidation of $100 per share plus accrued and unpaid dividends, and is callable at $110 per share plus accrued and unpaid dividends. As of December 31, 1952, accrued and unpaid dividends on the preferred stock amounted to $102.31 per share ($3,484,064.74 in the aggregate). Thus, the total liquidating preference of the preferred stock at that date amounted to $202.31 per share ($6,889,464.74 in the aggregate) and the total call price amounted to $212.31 per share ($7,230,004.74 in the aggregate).

H. M. Byllesby and Company formerly owned 330,000 shares of Standard Power's Common Stock, Series B, but in 1940 surrendered such shares for cancellation pursuant to an agreement dated June 28, 1940, under which it reserved the right to receive, upon the distribution of the assets of Standard Power, the proportionate share of the assets on a parity with the holders of the Common Stock and Common Stock, Series B, in an amount which would have been the distributive share of 330,000 shares of said Common Stock, Series B, if the certificates therefor had not been surrendered.

Standard Power's principal asset is 1,160,000 shares or 53.64 percent of the outstanding common stock of Standard Gas and Electric Company ("Standard Gas"), also a registered holding company. The principal asset of Standard Gas is 5,030,690 shares or 96.9 percent of the 5,190,852 11/12 outstanding shares of common stock of Philadelphia Company

("Philadelphia"), also a registered holding company. Philadelphia's principal asset, in turn, is 4,711,829 or 78.5 percent of the 6,000,000 outstanding shares of common stock of Duquesne Light Company ("Duquesne"), a public utility company. Standard Gas and Philadelphia also have been ordered by the Commission, pursuant to section 11 (b) (2) of the act, to liquidate and dissolve, and they are now in the process of liquidation. Under Step I and Step I–A of a plan for the liquidation of Standard Gas, approved by the Commission on October 1, 1952, (Holding Company Act Release No. 11510) and consummated on December 1, 1952, Standard Power received from Standard Gas, in exchange for the surrender by Standard Power of certain senior securities of Standard Gas, 116,770 shares of common stock of Duquesne, 191,962 shares of common stock of Wisconsin Public Service Corporation ("Wisconsin"), a public utility company, and 118,444 shares of common stock of Oklahoma Gas and Electric Company, also a public utility company.

Standard Power proposes to offer in exchange for each share of its preferred stock, 3 shares of Duquesne common stock, 5 shares of Wisconsin common stock and cash in an amount equivalent to the difference between $212.31, plus dividends accrued from December 31, 1952, to the last date for acceptance of the exchange offer less dividends paid during such period, and the aggregate of the market values of the Duquesne and Wisconsin common stocks offered. For the purpose of such offer, the market values of the common stocks offered shall be the average of the closing prices of those stocks on the New York Stock Exchange for the five days immediately succeeding the last date fixed for the acceptance of the offer: *Provided,* That those stocks are listed on such exchange during that five-day period. In the event the stocks are not so listed, the market values shall be the averages of all bid and asked prices for those days appearing in the National Daily Quotation Service.

Standard Power states that if the exchange offer is accepted by two-thirds or more of the preferred stock, the stock of those stockholders who do not accept will be retired for cash by call, pursuant to the company's charter, after the final date for acceptance of the offer on thirty days notice at the next subsequent call date. If the offer is accepted by less than two-thirds of the preferred stock, the stock of those who do not accept will be retired at the election of the company by cash at call price, or under a compulsory plan by exchange of portfolio stocks or stocks and cash at the equivalent of call price, as soon as such call or compulsory plan proves practicable.

It is also stated that the purpose of the plan is to distribute as many as, and no more than, an aggregate of 102,162 shares of Duquesne common stock and 170,270 shares of Wisconsin common stock, the respective numbers of such shares required if the offer is accepted by the holders of 100 percent of the preferred stock. To this end, to the extent that the exchange offer is accepted by the holders of less than 100 percent of the preferred stock, the cash payment will be reduced and shares of Wisconsin and Duquesne common stocks will be substituted therefor. In this connection, no fractional shares of such common stocks will be distributed but in lieu thereof cash will be substituted in an amount equal to the market values (computed as hereinbefore described) of the fractions to which the holders of the preferred stock otherwise would be entitled.

Standard Power proposes to make the exchange offer upon receipt of the Commission's order approving the plan without requesting the Commission to apply for court enforcement thereof. Within ten days of the issuance of the Commission's order approving the plan Standard Power proposes to mail the exchange offer to each holder of preferred stock, which offer will specify that the last date for acceptance thereof will be fifteen days from the date of mailing of the offer.

In order to provide the cash payments which may be required to effectuate the exchange offer and, in the event of acceptance by the holders of two-thirds or more of the preferred stock, the proposed subsequent call of the remaining shares, Standard Power proposes to incur a one year bank loan of up to but not more than $2,500,000. The actual amount of the bank loan will be limited to the amount necessary to meet the cash requirements of the plan after utilization of the proceeds of the sale of United States Government and other bonds in Standard Power's portfolio, having an aggregate principal amount of $118,000, and the sale to Standard Gas of 9,750 shares of Philadelphia common stock for $234,000. (See Holding Company Act Release No. 11683.)

Consummation of the plan is conditioned upon the Commission's order containing appropriate tax recitals and the receipt of satisfactory tax rulings. Standard Power reserves the right to withdraw the plan at any time prior to the last date for receiving acceptances, in the event of unusual conditions adversely affecting stock market prices at or prior to that date.

The Commission being required by the provisions of section 11 (e) of the act before approving any plan thereunder to find, after notice and opportunity for hearing, that the plan as submitted or as modified is necessary to effectuate the provisions of subsection (b) of section 11 and is fair and equitable to the persons affected thereby; and it appearing appropriate to the Commission that notice be given and a hearing be held with respect to the plan to afford all interested persons an opportunity to be heard with respect thereto; and

It further appearing that the record heretofore made in the proceedings upon the aforementioned Standard Gas plan contains evidence that may have a bearing upon the issues presented by the instant plan, and that a substantial saving of time and expense will result if the evidence adduced in said proceedings is used in connection with the consideration of the instant proceedings:

It is ordered, That the record in the proceedings on the Standard Gas plan (File No. 54–191) is hereby incorporated into the record of the instant proceeding; subject, however, and without prejudice to the Commission's right, upon its own motion or the motion of any interested participant, to strike such portion of the record in respect to said prior proceedings as may be deemed incompetent or irrelevant to the issues raised in the instant proceeding.

It is further ordered, That a public hearing on the plan be held at 11:00 a. m. on the 25th day of February, 1953, at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. On that date the hearing room clerk in Room 193 will advise as to the room in which the hearing will be held. In the event that amendments or supplements are filed during the course of the proceedings, no notice of such amendments or supplements will be given unless specifically ordered by the Commission. Any person desiring to receive further notice of the filing of such amendments or supplements should request such notice of Standard Power. Any person desiring to be heard in connection with this proceeding or proposing to intervene herein shall file with the Secretary of the Commission on or before February 20, 1953, his written request or application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Edward C. Johnson, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a Hearing Officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the plan and that, on the basis thereof, the following matters and questions are presented for consideration by the Commission without prejudice to the presentation of additional matters and questions upon further examination:

1. Whether the plan, as submitted or as it may hereafter be modified, is necessary to effectuate the provisions of section 11 (b) of the act;

2. Whether the plan, as submitted or as it may hereafter be modified, is fair and equitable to the persons affected thereby;

3. Whether the incurring of a bank loan by Standard Power is necessary to effectuate the provisions of section 11 (b) of the act, in the light of the Commission's order of June 19, 1942, requiring the dissolution of Standard Power, and whether such loan would meet the applicable standards of the act, including section 7 thereof;

4. Generally, whether the transactions proposed in the plan are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and of the rules and regulations thereunder;

5. Whether the fees, expenses or other remuneration which may be claimed or paid in connection with the plan and the transactions incident thereto are for necessary services and are reasonable in amount; and whether the plan should be modified to include provision for the payment of such fees and expenses in connection with said plan as the Commission may determine, award, allow, or allocate;

6. Whether the accounting treatment to be accorded the proposed transactions is proper and in conformity with sound accounting principles and the Commission's Uniform System of Accounts for Public Utility Holding Companies;

7. Whether the plan, as submitted or as it may be modified, or a plan or plans proposed by the Commission or by any person having a bona fide interest in the proceeding, should be approved by the Commission for the purposes of section 11 (d) of the act, and, if proposed by the Commission or by a person having a bona fide interest, what the terms and provisions of such plan or plans should be;

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve a copy of this notice and order by registered mail on Standard Power; Standard Gas; Philadelphia; Duquesne; Wisconsin; Oklahoma Gas and Electric Company; Marvin M. Notkins, Esq.; Edmond M. Hanrahan, Esq.; John P. Ryan, Esq.; I. T. Flatto, Esq.; Lewis Schimberg, Esq.; the Pennsylvania Public Utility Commission; the Public Service Commission of Wisconsin; the Corporation Commission of the State of Oklahoma; the Federal Power Commission; the City of Pittsburgh, Pennsylvania; the City of Milwaukee, Wisconsin; and that notice of said hearing shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to persons on the mailing list for releases under the act, and that further notice shall be given to all persons by publication of this notice and order in the FEDERAL REGISTER.

It is further ordered, That Standard Power shall give further notice of said hearing to the holders of its preferred stock and Common Stock (insofar as the identity of such security holders is known or available to them) by mailing to each of said persons a copy of this notice and order for hearing, to his last known address, at least 15 days prior to the date of said hearing.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

CHRISTOPHER H. COUGHLIN ET AL.

NOTICE OF FILING FOR ORDER THAT APPLICANTS HAVE CEASED TO BE A HOLDING COMPANY AND FOR OTHER RELIEF

FEBRUARY 2, 1953.

In the matter of Christopher H. Coughlin, W. T. Crawford, and Rawleigh Warner, voting trustees under voting trust agreement dated August 1, 1932, relating to common stock of Central Public Utility Corporation; File Nos. 59-49, 54-53, 30-135.

Notice is hereby given that Christopher H. Coughlin, W. T. Crawford and Rawleigh Warner, Voting Trustees under a Voting Trust Agreement, dated as of August 1, 1932, relating to the formerly outstanding common stock of Central Public Utility Corporation ("Central Public"), a registered holding company, have filed separate applications under the provisions of the Public Utility Holding Company Act of 1935, concerning the matters described below:

The applicants, record holders of all the formerly outstanding common stock of Central Public, are a registered holding company. Central Public was recently reorganized pursuant to a plan filed under section 11 (e) of the act. (See Holding Company Act Release No. 11311). Under the plan all the formerly outstanding stocks of Central Public were canceled, including the common stock held by the applicants. Applicants now seek the entry of an order (File No. 30-135), pursuant to section 5 (d) of the act, declaring that they have ceased to be a holding company. In support of their request it is stated that on or about September 2, 1952, the applicants terminated for all purposes the Voting Trust and returned the Central Public stock to the company for cancellation. In connection with the requested order under section 5 (d) of the act, applicants also request that the Commission grant them permission to withdraw, as moot, a plan heretofore filed by them under section 11 (e) of the act (File No. 54-53) which proposed the transfer to the beneficial owners of all the then outstanding shares of common stock of Central Public registered in the names of the applicants as voting trustees. Applicants further seek the termination of proceedings (File No. 59-49) previously instituted by the Commission under section 11 (b) (2) of the act and directed to them.

Notice is further given that any interested person may, not later than February 18, 1953, request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, the applications, as filed, or as amended, may be granted.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2957]

NORTH PENN GAS CO.

ORDER AUTHORIZING PROPOSED PRIVATE SALE OF PROMISSORY NOTES

FEBRUARY 2, 1953.

North Penn Gas Company ("North Penn"), a registered holding company, an operating gas utility company, and a direct subsidiary of Pennsylvania Gas & Electric Corporation ("Penn Corp"), also a registered holding company, having filed an application-declaration and amendments thereto pursuant to sections 6 and 7 of the act and Rule U-50 promulgated thereunder with respect to the following proposed transactions:

North Penn proposes to issue $2,300,000 face amount of 4⅜ percent 20-year Promissory Notes and to sell such notes to five insurance companies, namely, Connecticut General Life Insurance Company, Connecticut Mutual Life Insurance Company, Lincoln National Life Insurance Company and Massachusetts Mutual Life Insurance Company, each of which will purchase $500,000 face amount of the notes, and Home Life Insurance Company which will purchase $300,000 face amount thereof. The proceeds from the proposed sale of the notes together with treasury cash will be used to redeem North Penn's 5 percent Debentures due 1971, presently outstanding in the aggregate principal amount of $2,619,000, at the aggregate redemption price of $2,748,117, plus accrued interest.

North Penn represents that the proposed issuance and sale of the notes and the redemption of its presently outstanding 5 percent Debentures are a necessary step in connection with the carrying out of an Amended Plan of Penn Corp under section 11 (e) of the act providing for the liquidation and dissolution of Penn Corp. (See Holding Company Act Release No. 11600). This plan was approved by the Commission and on January 27, 1953, was ordered enforced by the United States District Court for the District of Delaware. North Penn asserts that the proposed financing is necsary for the reasons that (a) North Penn owns all the common stock of Crystal City Gas Company ("Crystal City"), a subsidiary gas utility company, (b) Penn Corp's Amended Plan provides, among other things, for the distribution of the Crystal City stock to Penn Corp's stockholders, and (c) such disposition of the Crystal City stock cannot presently be effected under the provisions of the agreement securing the 5 percent Debentures of North Penn.

North Penn also represents that because its proposed financing is a prerequisite to consummation of Penn

Corp's plan, it was necessary for North Penn to conclude in advance the arrangements for the issuance and sale of the notes, instead of undertaking to effect such sale pursuant to the competitive bidding requirements of Rule U-50 promulgated under the act.

North Penn having heretofore requested an exemption from the competitive bidding requirements of said Rule U-50, and it appearing that North Penn, prior to negotiating the proposed agreement to issue and sell the notes, had consultations with several investment banking firms and one insurance company concerning the proposed issuance and private sale of the notes;

Said application-declaration as amended having been filed and notices of said filing, as initially proposed and as subsequently amended, having been duly given in the form and manner prescribed by Rule U-23 promulgated under the Act, and the Commission not having received a request for hearing with respect to said application-declaration within the periods specified in said notices, or otherwise, and not having ordered a hearing thereon;

The Commission finding that competitive conditions have been maintained in the negotiations for the sale of the proposed notes and that, under the particular circumstances of the instant case, competitive bidding for the purchase of the notes pursuant to Rule U-50 is not necessary or appropriate in the public interest or for the protection of investors or consumers;

The filing having stated that the proposed financing by North Penn has been authorized by the Pennsylvania Public Utility Commission, the State commission having jurisdiction over the proposed transactions;

Said application-declaration as amended having stated that fees and expenses, including a fee of $16,100 to Eastman, Dillon & Co. as finder and negotiator for North Penn, and legal fees of $7,000 of which $5,000 is for counsel to the purchasers, are estimated by North Penn at $27,167, and it appearing that the record is not complete with respect to the reasonableness of the finder's fee and the legal fees;

The Commission finding with respect to said application-declaration, as amended, that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective forthwith, subject, however, to a reservation of jurisdiction with respect to the reasonableness of the finder's fee and the legal fees:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith, and that the proposed issuance and sale of notes be, and the same hereby is, exempted from the competitive bidding requirements of Rule U-50, all subject to the terms and conditions prescribed in Rule U-24 and to a reservation of jurisdiction with respect to the reasonableness of the finder's fee and the legal fees incurred in connection with the proposed transactions.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 34, as Amended, Section 20 (c), Special Order 21]

CROWN ZELLERBACH CORP.

LOGGING SERVICES SUPPLIED

Statement of considerations. The ceiling price for logging services supplied to Crown Zellerbach Corporation, Portland, Oregon, is adjusted by this Special Order 21 pursuant to Section 20 (c) of Ceiling Price Regulation 34, as amended.

This section authorizes the Director of Price Stabilization to adjust ceiling prices paid by a purchaser of non-retail services supplied by sellers who are too numerous to make recourse to section 20 (b) of Ceiling Price Regulation 34 practicable. An adjustment under this section is granted only where it appears that: the sellers are threatening to discontinue the supply of such evidence; the buyer agrees to absorb any increase above the sellers' ceilings; the buyer will be required to pay for the services in question no more than he would be required to pay other suppliers for the same services and the adjustment will not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

It appears from information submitted in an application by Crown Zellerbach Corporation that persons from whom it purchases logging services are too numerous to make recourse to paragraph 20 (b) of Ceiling Price Regulation 34 practicable. It further appears that these sellers will be forced to discontinue supplying Crown Zellerbach with such services if their ceiling prices are not increased because of their direct labor costs having been increased as the result of wage increases granted by the Wage Stabilization Board. It also appears that Crown Zellerbach has agreed to absorb the price increases applied for; that the charges established herein do not exceed the amount which Crown Zellerbach would be required to pay other suppliers for the same service; and that such increased charges will not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

It appears further that the wage increases granted the employees of the sellers herein involved were granted by the Wage Stabilization Board on July 25, 1952, and were made retroactive to April 1, 1952. For this reason, and in conformance with the policy of the Office of Price Stabilization of allowing retroactive adjustment in section 20 (c) cases where the services involved are in substance wages for the sellers involved and where the buyer also has requested and agreed to absorb retroactive increases, the adjustment granted herein is made retroactive to April 1, 1952.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 20 (c) of Ceiling Price Regulation 34, this Special Order is hereby issued.

(a) The ceiling prices for logging services supplied to Crown Zellerbach Corporation, Portland, Oregon, by the following logging contractors shall be increased by 2.42 percent over the ceiling prices under CPR 34 or Special Order 22 thereunder.

Kip Logging Co., Mulino, Oreg.
Raymond Kozera, Molalla, Oreg.
S. G. Fake, 3822 Northeast Failing Street, Portland, Oreg.
Richard Lundeen and Arthur Lundeen, Estacada, Oreg.
M. C. Ogburn, Canby, Oreg.
Norman Larson, 4204 Southeast Sixty-fifth Avenue, Portland 6, Oreg.
M & T Logging Co., Molalla, Oreg.
W. D. Crawford, Mulino, Oreg.
M. R. Olsen, Molalla, Oreg.
G & A Logging Co., Seaside, Oreg.
McCracken Logging Co., Seaside, Oreg.
W. N. Baldwin and W. Holpa, Warrenton, Oreg.
Winters Logging Co., 375 West Madison, Astoria, Oreg.
Ervin L. Smith, 901 Fifth Avenue, Seaside, Oreg.
Kenneth Wren, Gearhart, Oreg.
Kalina Logging Co., Seaside, Oreg.
David T. Waterhouse and George S. Gray, Seaside, Oreg.
Peter E. McCoy, Route 1, Astoria, Oreg.
Williams Logging Co., 596 Alameda, Astoria, Oreg.
James Groat, Seaside, Oreg.

Sigmund J. Wendling, Garibaldi, Oreg.
Compton Logging Co., Myrtle Point, Oreg.
Hanson Bros. Logging Co., Florence, Oreg.
M & M Logging Co., Brightwood, Oreg.
Ernest J. Nance, Vernonia, Oreg.

(b) The ceiling prices established in subparagraph (a) of this Special Order are made retroactive to April 1, 1952.

(c) *Definitions.* As used in this Special Order the term "logging services" means all services in connection with the

falling of the standing tree, piling and burning brush, and the swamping, bucking, skidding, peeling, yarding, loading, and reloading on trucks and hauling of forest products over public and private roads. The term "forest products" includes logs, bolts, pulpwood, chemical woods, posts, poles, piling, hewn railroad ties, etc., but does not include firewood.

(d) All provisions of Ceiling Price Regulation 34, as amended (including the filing requirements of section 18 (c)), except as changed by the pricing provisions of this Special Order, shall remain in effect.

(e) This Special Order or any provisions thereof may be revoked, suspended or amended, by the Director of Price Stabilization at any time.

(f) Crown Zellerbach Corporation shall deliver a copy of this Special Order to each logging contractor listed in paragraph 1 above, such delivery to be made in each case with, or prior to, the rendering of logging services by each such logging contractor after the effective date of this Special Order.

Effective date. This order shall become effective January 31, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53–1189; Filed, Jan. 30, 1953; 4:57 p. m.]

[Ceiling Price Regulation 34, as Amended, Supplementary Regulation 3, as Amended, Section 5 Special Order 20]

GENERAL MOTORS CORP.

APPROVAL OF ADDITIONS ATTACHED TO LETTER TO DEALERS, DATED JANUARY 22, 1953

Statement of considerations. This Special Order, pursuant to section 5 of Supplementary Regulation 3 to Ceiling Price Regulation 34, approves certain supplements to time allowances which appear in the General Motors Series of preliminary flat rate operations covering 1953 model Buicks, Series 50 and 70.

The Director of Price Stabilization has determined from the data submitted by General Motors Corporation, Buick Preliminary Flat Rate Operations Covering 1953 Series 50 and 70 that the approval of these supplements would not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

1. On and after the effective date of this order, the supplements to Buick Preliminary Flat Rate Operations Covering 1953 Series 50 and 70 dated January 22, 1953 as covered in the General Motors Corporation application are authorized for use in establishing the time allowances for the operations described therein.

2. The following notice must be printed or stamped in a prominent position in the publication "Approved by OPS January 31, 1953 by Special Order No. 20 issued under section 5 of SR 3 to CPR 34."

3. All provisions of Ceiling Price Regulation 34, as amended, and Supplementary Regulation 3, as amended, except as changed by this Special Order shall remain in full force and effect.

4. This Special Order or any provision thereof may be revoked, suspended or amended at any time by the Director of Price Stabilization.

Effective date. This order shall become effective January 31, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

JANUARY 30, 1953.

[F. R. Doc. 53–1188; Filed, Jan. 30, 1953; 4:56 p. m.]

[Ceiling Price Regulation 34, as Amended, Section 20 (c), Special Order 22]

CROWN ZELLERBACH CORPORATION

LOGGING SERVICES SUPPLIED

Statement of considerations. The ceiling price for logging services supplied to Crown Zellerbach Corporation, Portland, Oregon, is adjusted by this Special Order 22 pursuant to section 20 (c) of Ceiling Price Regulation 34, as amended.

This section authorizes the Director of Price Stabilization to adjust ceiling prices paid by a purchaser of non-retail services supplied by sellers who are too numerous to make recourse to section 20 (b) of Ceiling Price Regulation 34 practicable. An adjustment under this section is granted only where it appears that: the sellers are threatening to discontinue the supply of such services; the buyer agrees to absorb any increase above the sellers' ceilings; the buyer will be required to pay for the services in question no more than he would be required to pay other suppliers for the same services and the adjustment will not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

It appears from information submitted in an application by Crown Zellerbach Corporation that persons from whom it purchases logging services are too numerous to make recourse to paragraph 20 (b) of Ceiling Price Regulation 34 practicable. It further appears that these sellers will be forced to discontinue supplying Crown Zellerbach with such services if their ceiling prices are not increased because of their direct labor costs having been increased as the result of wage increases granted by the Wage Stabilization Board. It also appears that Crown Zellerbach has agreed to absorb the price increases applied for; that the charges established herein do not exceed the amount which Crown Zellerbach would be required to pay other suppliers for the same service; and that such increased charges will not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

It appears further that the wage increases granted the employees of the sellers herein involved were granted by the Wage Stabilization Board on August 14, 1951 and were made retroactive to April 1, 1951. For this reason, and in conformance with the policy of the Office of Price Stabilization of allowing retroactive adjustment in section 20 (c) cases where the services involved are in substance wages for the sellers involved and where the buyer also has requested and agreed to absorb a retroactive increase, the adjustment granted herein is made retroactive to April 1, 1951.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 20 (c) of Ceiling Price Regulation 34, this Special Order is hereby issued.

(a) The ceiling prices for logging services supplied to Crown Zellerbach Corporation, Portland, Oregon, by the following logging contractors shall be increased by 2.8 percent:

Mooers & Cook Logging Co., Skamokawa, Wash.
Grays River Logging Co., Rosburg, Wash.
Holdt & Durrah, Rosburg, Wash.
C. J. Schmand, Grays River, Wash.
R. F. Mooers, Skamokawa, Wash.
Lindos & Barr, Grays River, Wash.
V–8 Logging Co., Nacelle, Wash.
M & T Logging Co., Molalla, Oreg.
Norman Larson, 4204 Southeast Sixty-fifth Ave., Portland 6, Oreg.
Gilbert Kappler, Mulino, Oreg.
Raymond Kozeru, Molalla, Oreg.
S. G. Fake, 3822 Southeast Feiling Street, Portland, Oreg.
Richard Lundeen and Arthur Lundeen, Estacada, Oreg.
M. C. Ogburn, Canby, Oreg.
James C. Durrah, George R. Durrah, and Alex W. McCormick, Skamokawa, Wash.
Frank P. Hays, Mist Route, Vernonia, Oreg.
F. Ralph Durette, Melvin Durette, and Lawrence A. Durette, Route 1, Gervais, Oreg.
Ervin L. Smith, 901 Fifth Avenue, Seaside, Oreg.
Winters Logging Co., 375 West Madison, Astoria, Oreg.
Kenneth Wrenn, Gearhart, Oreg.
Baldwin & Holpa, Warrenton, Oreg.
Ober Logging Co., Gearhart, Oreg.
Edsell Aspno, Astoria, Oreg.
Jens Lorback, 1518 South Holladay Street, Seaside, Oreg.
G. & A. Logging Co., Seaside, Oreg.
M. R. Petersen, Timber Route, Vernonia, Oreg.
Edwin Siedelman, Timber Route, Box 31, Vernonia, Oreg.
Loran E. Atkins, Vernonia, Oreg.
Robert J. Sharp and Daniel R. Wolff, Vernonia, Oreg.
John D. Serafin, Vernonia, Oreg.
R. W. DuRatte and Murvin White, Box 62, Vernonia, Oreg.
Westlind Logging Co., Clatskanie, Oreg.
J. A. Fenale, Box 26–B, Tillamook, Oreg.
MNO Logging Co., Box 31, Molalla, Oreg.
O & M Logging Co., Route 2, Clatskanie, Oreg.

(b) The ceiling prices established in subparagraph (a) of this Special Order are made retroactive to April 1, 1951.

(c) *Definitions.* As used in this Special Order the term "logging services" means all services in connection with the falling of the standing tree, piling and burning brush, and the camping, bucking, skidding, peeling, yarding, loading, and reloading on trucks and hauling of forest products over public and private roads. The term "forest products" include logs, bolts, pulpwood, chemical woods, posts, poles, piling, hewn railroad ties, etc., but does not include firewood.

(d) All provisions of Ceiling Price regulation 34, as amended (including the filing requirements of section 18 (c), except as changed by the pricing provisions of this Special Order shall remain in effect.

(e) This Special Order or any provisions thereof may be revoked, suspended or amended, by the Director of Price Stabilization at any time.

(f) Crown Zellerbach Corporation shall deliver a copy of this Special Order to each logging contractor listed in paragraph 1 above, such delivery to be made in each case with, or prior to, the rendering of logging services by each such logging contractor after the effective date of this Special Order.

Effective date. This order shall become effective January 31, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27763]

SLABS BETWEEN POINTS IN SOUTHERN AND OFFICIAL TERRITORIES

APPLICATION FOR RELIEF

FEBRUARY 3, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to Agent C. W. Boin's tariff I. C. C. No. A-726.

Commodities involved: Concrete building or roofing slabs, carloads.

Between: Points in southern territory on the one hand, and points in trunkline and New England territories, including Buffalo-Pittsburgh zone, on the other.

Grounds for relief: Rail competition, circuity, additional kindred articles, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. W. Boin, Agent, I. C. C. No. A-726, Supp. 270.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 53-1238; Filed, Feb. 5, 1953; 8:49 a. m.]

[4th Sec. Application 27764]

FINE COAL FROM ILLINOIS, INDIANA, AND WESTERN KENTUCKY, TO WAUKEGAN, ILL.

APPLICATION FOR RELIEF

FEBRUARY 3, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. G. Raasch, Agent, for carriers parties to schedules listed on attached sheet.

Commodities involved: Bituminous fine coal, in carloads.

From: Points in Illinois, Indiana, and western Kentucky.

To: Waukegan, Ill.

Grounds for relief: Rail competition, circuity, differential relationships, and change in commodity description.

Schedules filed containing proposed rates:

	Tariff I. C. C. No.	Supp. No.
B&O RR	C&C-3040	11
C&EI RR	2	148
CI&L RR	4798	20

[4th Sec. Application 27765]

KINDRED GRAIN AND PRODUCTS, FROM, TO, AND WITHIN THE SOUTH

APPLICATION FOR RELIEF

FEBRUARY 3, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to fourth-section applications Nos. 21836, 21837, and 22296.

Commodities involved: Kindred grain, grain products, and related commodities, carloads.

From, to, and between points in southern territory.

Grounds for relief: Rail competition, circuity, and analogous commodities.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. PETROLEUM PRODUCTS FROM BATON ROUGE, LA., TO GULFPORT, MISS.

APPLICATION FOR RELIEF

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for the Fernwood, Columbia & Gulf Railroad Company, Illinois Central Railroad Company, and Mississippi Central Railroad Company.

Commodities involved: Petroleum products, carloads.

From: Baton Rouge, La.

To: Gulfport, Miss.

Grounds for relief: Rail competition and circuity.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1253, Supp. 79.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 27768]

SAND FROM GUION, ARK., AND POINTS IN MISSOURI, TO LOUISVILLE, KY.

APPLICATION FOR RELIEF

FEBRUARY 3, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariff I. C. C. No. 3737.

Commodities involved: Sand, including ground or pulverized, carloads.

From: Crystal City, Klondike, Ludwig, Pacific, and Sand Pit, Mo., and Guion, Ark.

To: Louisville, Ky.

Grounds for relief: Rail competition, circuity, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3736, Supp. 210.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 53-1243; Filed, Feb. 5, 1953; 8:50 a. m.]

[4th Sec. Application 27769]

CARBON DIOXIDE FROM CHICAGO, ILL., TO CLEVELAND, OHIO

APPLICATION FOR RELIEF

FEBRUARY 3, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. C. Schuldt, Agent, for carriers parties to tariffs named in appendix "A" of the application, pursuant to fourth-section order No. 17220.

Commodities involved: Liquefied carbon dioxide, in tank-car loads.

From: Chicago, Ill.

To: Cleveland, Ohio.

Grounds for relief: Rail competition and circuity.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[Vesting Order 19161]

FRANK MEIER

In re: Bank account owned by Frank Meier. F–28–32052.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1–40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR, 1943 Cum. Sup.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR, 1946 Supp.) and Executive Order 9989 (3 CFR, 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Frank Meier, whose last known address is Alburg 5, b. Straubling, Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany and is, and prior to January 1, 1947, was, a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of The First National Bank of Anchorage, Anchorage, Alaska, arising out of a bank account entitled Frank Meier, maintained with the aforesaid Bank, together with any and all rights to demand, enforce and collect the same,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Frank Meier, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the person identified in subparagraph 1 hereof, be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 2, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of tangerines, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than February 9, 1953. Shipments of tangerines, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until February 9, 1953; the recommendation and supporting information for continued regulation subsequent to February 8 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 3; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time of this section, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such tangerines; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regu-

lation of the handling of tangerines; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., February 9, 1953, and ending at 12:01 a. m., e. s. t., February 16, 1953, no handler shall ship:

(i) Any tangerines, grown in the State of Florida, that do not grade at least U. S. No. 1 Russet; or

(ii) Any tangerines, grown in the State of Florida, which are of a size smaller than the size that will pack 246 tangerines, packed in accordance with the requirements of a standard pack, in a half-standard box (inside dimensions 9½ x 9½ x 19⅛ inches; capacity 1,726 cubic inches).

(2) As used in this section, "handler," "ship," and "Growers Administrative Committee" shall have the same meaning as when used in said amended marketing agreement and order; and "U. S. No. 1 Russet," and "standard pack" shall have the same meaning as when used in the revised United States Standards for Florida Tangerines (§ 51.417 of this title; 17 F. R. 8377).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 5th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Orange Reg. 230]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.613 *Orange Regulation 230*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than February 9, 1953. Shipments of oranges, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until February 9, 1953; the recommendation and supporting information for continued regulation subsequent to February 8 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 3; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time of this section, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of oranges; and compliance with this section will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., February 9, 1953, and ending at 12:01 a. m., e. s. t., February 23, 1953, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida, which do not grade at least U. S. No. 1 Russet; or

(ii) Any oranges, except Temple oranges, grown in the State of Florida, which are of a size smaller than a size that will pack 288 oranges, packed in accordance with the requirements of a standard pack in a standard nailed box.

(2) As used in this section, the terms "handler," "ship," and "Growers Administrative Committee" shall each have the same meaning as when used in said amended marketing agreement and order; and the term "U. S. No. 1 Russet," "standard pack," "container" and "standard nailed box" shall each have the same meaning as when used in the revised United States Standards for Florida Oranges (§ 51.302 of this title; 17 F. R. 7879).

(3) Shipments of Temple oranges, grown in the State of Florida, are subject to the provisions of Orange Regulation 225 (§ 933.596; 17 F. R. 10438).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 5th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 53-1344; Filed, Feb. 6, 1953; 8:52 a. m.]

[Grapefruit Reg. 175]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.614 *Grapefruit Regulation 175*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than February 9, 1953. Shipments of grapefruit, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until February 9, 1953; the recommendation and supporting information for continued regulation subsequent to February 8 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 3; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time of this section, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., February 9, 1953, and ending at 12:01 a. m., e. s. t., February 16, 1953, no handler shall ship:

(i) Any white seeded grapefruit grown in the State of Florida, which do not grade at least U. S. No. 1 Russet;

(ii) Any pink seeded grapefruit, grown in the State of Florida, which do not grade at least U. S. No. 2;

(iii) Any seedless grapefruit, grown in the State of Florida, which do not grade at least U. S. No. 2 Russet;

(iv) Any seeded grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(v) Any pink seeded grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 80 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(vi) Any white seedless grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(vii) Any pink seedless grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 112 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(2) As used in this section, "handler," "variety," and "ship" shall have the same meaning as when used in said amended marketing agreement and order; and "U. S. No. 1 Russet," "U. S. No. 2," "U. S. No. 2 Russet," "standard pack," and "standard nailed box" shall have the same meaning as when used in the revised United States Standards for Florida Grapefruit (§ 51.193 of this title; 17 F. R. 7408).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 5th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 53-1343; Filed, Feb. 6, 1953; 8:51 a. m.]

[Lemon Reg. 471]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.578 *Lemon Regulation 471*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on February 4, 1953; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., February 8, 1953, and ending at 12:01 a. m., P. s. t., February 15, 1953, is hereby fixed as follows:

(i) District 1: 25 carloads;

(ii) District 2: 200 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2" and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; U. S. C. and Sup. 608c)

Done at Washington, D. C., this 5th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

TITLE 25—INDIANS

Chapter I—Bureau of Indian Affairs, Department of the Interior

Subchapter L—Irrigation Projects: Operation and Maintenance

PART 130—OPERATION AND MAINTENANCE CHARGES

UINTAH INDIAN IRRIGATION PROJECT, UTAH

On November 21, 1952 (Vol. 17, No. 228, FEDERAL REGISTER, page 10637), there was published a notice of intention to amend §§ 130.77 and 130.77b to increase the annual rate of assessments for the operation and maintenance of the irrigable lands of the Uintah Indian Irrigation Project, Utah, by increasing the basic water charges from $1.75 per acre to $2.10 per acre per annum. Interested persons desiring to participate in formulating the amendment could do so by filing written statements or data with the Area Director of the Bureau of Indian Affairs with headquarters at Phoenix, Arizona, not later than December 11, 1952. Within the time allowed, an objection was filed with the Director by the Uintah Basin Indian Water Users' Association. The Water Users' Association requested a hearing in regard to the raise and requested to know what the money would be used for and why a raise is necessary. A formal hearing was held at the office of the Superintendent of the Uintah and Ouray Agency, Fort Duchesne, Utah, on December 19, 1952. The President and other representatives of the Uintah Basin Indian Water Users' Association attended this hearing. The budget showing the expenditures proposed for the Uintah Indian Irrigation Project was presented to the Water Users' Association and explained in detail. It was not demonstrated at the hearing that appreciable reductions in the budget items could be made. After reviewing the transcript of the hearing and the budget and bearing in mind the substantial increase in cost in operating and maintaining the Uintah Indian Irrigation Project since 1949 when the last assessment rate was fixed, I have concluded that the assessment rate should now be $2.10 per acre annually effective for the calendar year 1953 and thereafter until further notice. Accordingly §§ 130.77 and 130.77b are amended to read as follows:

§ 130.77 *Basic water charges.* Pursuant to the provisions of the acts of June 21, 1906 (34 Stat. 375) and March 7, 1928 (45 Stat. 210, 25 U. S. C. 387), the reimbursable costs expended in the operation and maintenance of the Uintah Indian Irrigation Project, Utah, are apportioned on a per acre basis against the irrigable lands of all units of the project and for the calendar year 1953 and each succeeding year until further order, there shall be collected for each acre of irrigable land to which water can be delivered from the constructed works, a uniform basic charge of $2.10 per acre per annum, where not otherwise established by contract. No bill shall be rendered for less than $4.00.

§ 130.77b *Charges for additional delivery points.* The charges provided in this part are on the basis of one delivery point for each tract of land in contiguous ownership. For each additional delivery point on any tract of land in contiguous ownership, now existing thereon or which may be installed in the future, a service charge of 10 cents per acre shall be assessed annually against each acre of such tract.

(Secs. 1, 3, 36 Stat. 270, 272, as amended; 25 U. S. C. 385)

L. L. NELSON,
Acting Area Director.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5979; Regs. 111]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

CORPORATIONS TO SUBMIT EVIDENCE OF CHARITABLE CONTRIBUTION CLAIMED AS DEDUCTION IN TAXABLE YEAR PRECEDING YEAR OF CONTRIBUTION

On November 15, 1952, notice of proposed rule making, regarding amendments to Regulations 111 (26 CFR Part 29), was published in the FEDERAL REGISTER (17 F. R. 10464). No objection to the rules proposed having been received, the amendments set forth below are hereby adopted.

PARAGRAPH 1. Section 29.23 (q)-1 of Regulations 111 as amended by Treasury Decision 5924, approved August 4, 1952, is further amended as follows:

(A) By inserting in lieu of the second and third sentences of paragraph (c) thereof the following: "For taxable years beginning after December 31, 1948, such election shall be made only at the time of the filing of the return for the taxable year and shall be signified by reporting such contribution or gift on the return. There shall be attached to such return a written declaration that the resolution authorizing the contribution or gift was adopted by the board of directors during the taxable year, and such declaration shall be verified by a statement signed by the president or other principal officer of the corporation that it is made under the penalties of perjury. With respect to contributions or gifts authorized on or after January 1, 1953, there shall be attached to the return, in addition to the written declaration referred to in the preceding sentence, a copy of the resolution of the board of directors authorizing such contribution or gift."

(B) By inserting in lieu of the fifth and sixth sentences of paragraph (c) thereof the following: "For taxable years beginning after December 31, 1942, and before January 1, 1949, the election shall be signified by a written statement filed with the consent hereinbefore described in which the contribution or gift shall be specified together with a written declaration that the resolution authorizing the contribution or gift was adopted by the board of directors during the taxable year with respect to which the deduction is claimed, and such declaration shall be verified by a statement signed by the president or other principal officer of the corporation that it is made under the penalties of perjury."

(53 Stat. 32, 467; 26 U. S. C. 62, 3791)

[SEAL] JUSTIN F. WINKLE,
Acting Commissioner,
of Internal Revenue.

Approved: February 3, 1953.

ELBERT P. TUTTLE,
Acting Secretary of the Treasury.

[F. R. Doc. 53-1298; Filed, Feb. 6, 1953; 8:50 a. m.]

[T. D. 5980, Regs. 111]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

SALE OF LAND WITH UNHARVESTED CROP

On December 4, 1952, notice of proposed rule making, regarding amendments to the income tax regulations made necessary by section 323 of the Revenue Act of 1951, approved October 20, 1951, was published in the FEDERAL REGISTER (17 F. R. 10970). No objection to the rules proposed having been received, the amendments to Regulations 111 (26 CFR Part 29) set forth below are hereby adopted:

PARAGRAPH 1. There is inserted immediately preceding § 29.24-1 the following:

SEC. 323. SALE OF LAND WITH UNHARVESTED CROP (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

* * * * * *

(b) *Treatment of deductions*—(1) *Amendment of section 24.* Section 24 (relating to items not deductible) is hereby amended by adding at the end thereof a new subsection to read as follows:

(f) *Sale of land with unharvested crop.* Where an unharvested crop sold by the taxpayer is considered under the provisions of section 117 (j) (3) as "property used in the trade or business", in computing net income no deduction (whether or not for the taxable year of the sale and whether for expenses, depreciation, or otherwise) attributable to the production of such crop shall be allowed.

* * * * *

(c) *Effective date.* * * * The amendments made by subsection (b) shall be applicable to any taxable year for which a deduction is disallowed by reason of sales, exchanges, or conversions to which subsection (a) is applicable.

PAR. 2. There is inserted immediately after § 29.24–9 the following:

§ 29.24–10 *Items attributable to an unharvested crop sold with the land.* In computing net income no deduction shall be allowed in respect of items attributable to the production of an unharvested crop which is sold, exchanged, or involuntarily converted in a taxable year beginning after December 31, 1950, with the land and which is considered as property used in the trade or business under section 117 (j) (3). See § 29.117–7. Such items shall be so treated whether or not the taxable year involved is that of the sale, exchange, or conversion of such crop and whether they are for expenses, depreciation, or otherwise. If the taxable year involved is not that of the sale, exchange, or conversion of such crop, a recomputation of the tax liability for such year shall be made; such recomputation should be in the form of an "amended return" if necessary. For the adjustments to basis as a result of such disallowance, see § 29.113 (b) (1)–1.

PAR. 3. There is inserted immediately preceding § 29.113 (b) (1)–1 the following:

SEC. 323. SALE OF LAND WITH UNHARVESTED CROP (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

* * * * *

(b) *Treatment of deductions.* * * *

(2) *Amendment of section 113 (b) (1).* Section 113 (b) (1) (relating to adjustments to basis) is hereby amended by adding at the end thereof a new subparagraph to read as follows:

(L) For deductions to the extent disallowed under section 24 (f), notwithstanding the provisions of any other subparagraph of this paragraph.

(c) *Effective date.* * * * The amendments made by subsection (b) shall be applicable to any taxable year for which a deduction is disallowed by reason of sales, exchanges, or conversions to which subsection (a) is applicable.

PAR. 4. Section 29.113 (b) (1)–1, as amended by Treasury Decision 5967, approved December 30, 1952, is hereby amended by adding at the end thereof the following paragraph (k):

(k) In the case of an unharvested crop which is sold, exchanged, or involuntarily converted in a taxable year beginning after December 31, 1950, with the land and which is considered as property used in the trade or business under section 117 (j) (3), the basis of such crop shall be increased by the amount of the items which are attributable to the production of such crop and which are disallowed, under section 24 (f) and § 29.24–10, as deductions in computing net income. See §§ 29.24–10 and 29.117–7. The basis of any other property shall be decreased by the amount of any such items which are attributable to such other property, notwithstanding any provision of section 113 (b) (1) or of this section to the contrary. For example, if the items attributable to the production of an unharvested crop consist only of fertilizer costing $100 and $50 depreciation on a tractor used only to cultivate such crop and such items are disallowed under section 24 (f) and § 29.24–10, the adjustments to the basis of such crop shall include an increase of $150 for such items and the adjustments to the basis of the tractor shall include a reduction of $50 for the depreciation on the tractor.

PAR. 5. There is inserted immediately preceding § 29.117–1 the following:

SEC. 323. SALE OF LAND WITH UNHARVESTED CROP (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *Treatment of gain or loss.* Section 117 (j) (relating to sale or exchange of property used in the trade or business) is hereby amended—

(1) By inserting immediately before the period at the end of the second sentence of paragraph (1) thereof the following: "and unharvested crops to which paragraph (3) is applicable"; and

(2) By adding at the end thereof a new paragraph to read as follows:

(3) *Sale of land with unharvested crop.* In the case of an unharvested crop on land used in the trade or business and held for more than 6 months, if the crop and the land are sold or exchanged (or compulsorily or involuntarily converted as described in paragraph (2)) at the same time and to the same person, the crop shall be considered as "property used in the trade or business."

* * * * *

(c) *Effective date.* The amendment made by subsection (a) shall be applicable only with respect to sales, exchanges, and conversions, occurring in taxable years beginning after December 31, 1950. * * *

PAR. 6. Section 29.117–7, as amended by Treasury Decision 5970, approved January 6, 1953, is hereby amended as follows:

(A) By adding at the end of paragraph (a) (1) (iv) thereof the following:

(v) Gains and losses from the sale, exchange, or involuntary conversion in a taxable year beginning after December 31, 1950, of an unharvested crop under the conditions specified in paragraph (d) of this section.

(B) By adding at the end thereof the following:

(d) *Unharvested crops.* The conditions referred to in paragraph (a) (1) (v) of this section are: (1) The unharvested crop is on land which is "section 117 (j) property", as defined in paragraph (a) (3) of this section, and such land has been held for more than six months; (2) such crop and such land are sold, exchanged, or converted at the same time and to the same person; and (3) no right or option is retained by the taxpayer, at the time of the sale, exchange, or conversion, to reacquire, directly or indirectly, the land (other than one customarily incident to a mortgage or other security transaction). The length of time for which the crop, as distinguished from the land, has been held is immaterial. A leasehold or estate for years is not "land" for the purpose of this section.

(53 Stat. 32, 467; 26 U. S. C. 62, 3791)

[SEAL] JOHN S. GRAHAM,
Acting Commissioner of Internal Revenue.

Approved: February 3, 1953.

ELBERT P. TUTTLE,
Acting Secretary of the Treasury.

[NPA Order M–50, Direction 4]

M–50—ELECTRIC UTILITIES

DIR. 4—USE OF PROGRAM IDENTIFICATION E–5

This direction to NPA Order M–50 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this direction, consultation with industry representatives has been impracticable because of the need for immediate action.

REGULATORY PROVISIONS

Sec.
1. What this direction does.
2. Use of program identification E–5 by electric utilities.

AUTHORITY: Sections 1 and 2 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789, 3 CFR, 1951 Supp.

SECTION 1. *What this direction does.* NPA Order M–50 requires that electric utilities, in placing authorized controlled material orders and in placing rated orders for materials and products other than controlled materials, use the program identification H–3 for major plant additions. Certain electric power projects are of such importance to the atomic energy program, however, that they may properly be given a priority status equal to that accorded to projects of the Atomic Energy Commission. This direction accordingly provides that an electric utility shall use the program identification E–5, instead of H–3, for major plant additions when authorized to do so by the Defense Electric Power Administration. It also contains provisions with reference to the procedure to be followed by sub-suppliers. This direction has no application to the minor requirements of an electric utility as defined in NPA Order M–50.

SEC. 2. *Use of program identification E–5 by electric utilities.* In the event and to the extent that the Defense Electric Power Administration authorizes in writing any electric utility to use the program identification E–5 with respect to any designated major plant addition, such electric utility shall thereafter use that program identification instead of H–3 in placing authorized controlled material orders or rated orders for materials or products to be used in such major plant addition, and shall, by written notice to its suppliers, convert from H–3 to E–5 the program identification identifying all outstanding orders for such materials or products. In all other respects the provisions of NPA Order M–50 relating to the use of the program identification H–3 shall be applicable to the use of the program identification E–5, but Direction 3 to NPA Order M–50 (permitting automatic revalidation of allotments) shall not apply to orders bearing the program identification E–5. Suppliers holding converted orders, and their sub-suppliers in succession, shall likewise place orders or convert their previously placed orders by use of the E–5 allotment number, the DO–E–5 rating, or the B–5 suffix appended to another allotment number or rating, as may be appropriate, in accordance with the provisions of the applicable NPA regulations and orders (particularly CMP Regulations Nos. 1 and 3). Such conversion shall not, however, deprive a converted order of its status as an authorized controlled material order or a rated order, as the case may be, or constitute a ground for postponement of the scheduled delivery date. The converted order shall be given the priority status to which its new program identification entitles it under applicable NPA regulations and orders.

This direction shall take effect February 6, 1953.

NATIONAL PRODUCTION AUTHORITY,
By GEORGE W. AUXIER,
Executive Secretary.

[F. R. Doc. 53–1377; Filed, Feb. 6, 1953; 11:22 a. m.]

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 11—INDUSTRIAL RADIO SERVICES

PART 16—LAND TRANSPORTATION RADIO SERVICES

USE OF CERTAIN FREQUENCIES ALLOCATED TO GOVERNMENT RADIO STATIONS BY NON-GOVERNMENT STATIONS; APPLICATION PROCEDURE

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 28th day of January 1953;

The Commission having under consideration the amendment of Part 11—In-

dustrial Radio Services, and Part 16—Land Transportation Radio Services, to include in each of those parts the provision now contained in Part 2 with reference to the use of certain frequencies allocated to government radio stations by non-Government stations, and also to specify the procedures to be followed in submitting applications for certain of such facilities;

It appearing, that the use of frequencies allocated exclusively to Government stations may be authorized to non-Government stations in those instances where the Commission finds, after consultation with the appropriate Government agency or agencies, that such assignment is necessary for intercommunication with Government stations or where such use by non-Government stations is required for coordination with Government activities;

It further appearing, that certain specific hydrological and meteorological frequencies which may be assigned to non-Government stations are shown in Part 2 of the Commission's rules (footnote US25), and that these frequencies should for convenience of the public also be shown in certain sections of Parts 11 and 16 of the Commission's rules;

It further appearing, that the amendments ordered herein relate to the codification and clarification of existing policies and procedures and that therefore, a notice of proposed rule making pursuant to section 4 (a) of the Administrative Procedure Act is unnecessary and the rule should be made effective immediately;

It is ordered, That under authority of sections 301 and 303 (e), (f), and (r) of the Communications Act of 1934, as amended, that Parts 11 and 16 of the Commission's rules are amended effective immediately as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply secs. 301, 303, 48 Stat. 1081, 1082, as amended; 47 U. S. C. 301, 303)

Released: January 29, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

1. Add a new paragraph (f) to § 11.8 and a new paragraph (c) to § 16.8 as follows:

Frequencies assigned to Federal Government radio stations under Executive order of the President may be authorized for use by stations licensed under this part upon appropriate showing by the applicant that such assignment is necessary for inter-communication with Federal Government stations or required for coordination with activities of the Federal Government, provided the Commission dctermines, after consultation with the appropriate government agency or agencies, that such assignment is necessary.

2. Add a new paragraph (c) to §§ 11.253, 11.303, 11.353 and 11.503 as follows:

(c) Pursuant to the provisions of § 11.8, and for the specific purpose of transmitting hydrological or meteorological data, the frequencies listed in this paragraph are available for assignment to Operational Fixed stations in this Service: *Provided, however,* That harmful interference shall not be caused to Federal Government stations: *And provided further,* That the hydrological or meteorological data is made available to interested government agencies. Notwithstanding the provisions of § 11.151, Operational Fixed stations authorized to operate on frequencies listed in this paragraph shall not communicate with or accept communications from any Mobile station or Base station unless written authorization to do so has been obtained from the Commission. Persons who desire to operate stations in accordance with the provisions of this paragraph should communicate with the Commission prior to filing formal application and request instructions concerning the procedure to be followed. The following frequencies are available for assignment:

Mc	*Mc*	*Mc*
169.425	171.025	[1] 406.050
169.475	171.075	[1] 406.150
169.525	171.125	[1] 406.250
169.575	171.175	[1] 406.350
170.225	171.825	[1] 412.450
170.275	171.875	[1] 412.550
170.325	171.925	[1] 412.650
170.375	171.975	[1] 412.750

[1] Primarily for use by Fixed Relay Stations.

3. Add a new paragraph (c) to § 16.353 as follows:

(c) Pursuant to the provisions of § 16.8, and for the specific purpose of transmitting hydrological or meteorological data, the frequencies listed in this paragraph are available for assignment to Operational Fixed stations in this Service: *Provided, however,* That harmful interference shall not be caused to Federal Government stations: *And provided further,* That the hydrological or meteorological data is made available to interested government agencies. Notwithstanding the provisions of § 16.151, Operational Fixed stations authorized to operate on frequencies listed in this paragraph shall not communicate with or accept communications from any Mobile station or Base station unless written authorization to do so has been obtained from the Commission. Persons who desire to operate stations in accordance with the provisions of this paragraph should communicate with the Commission prior to filing formal application and request instructions concerning the procedure to be followed. The following frequencies are available for assignment:

Mc	*Mc*	*Mc*
169.425	171.025	[1] 406.050
169.475	171.075	[1] 406.150
169.525	171.125	[1] 406.250
169.575	171.175	[1] 406.350
170.225	171.825	[1] 412.450
170.275	171.875	[1] 412.550
170.325	171.925	[1] 412.650
170.375	171.975	[1] 412.750

[1] Primarily for use by Fixed Relay Stations.

[F. R. Doc. 53-1294; Filed, Feb. 6, 1953; 8:47 a. m.]

[Docket No. 10188]

PART 12—AMATEUR RADIO SERVICE

EMISSIONS AND OTHER PARTICULARS OF OPERATION IN CERTAIN AMATEUR FREQUENCY BAND

In the matter of amendment of Part 12—Amateur Radio Service, to specify emissions and other particulars of operation in the amateur frequency band 21,000–21,450 kc, and for other purposes; Docket No. 10188.

Effective May 1, 1952, the Commission amended its rules governing Amateur Radio Service by adding a new frequency band, 21,000–21,450 kc, with A–1 emission. The Commission's order indicated that further amendments in the matter of specifying the various emissions and particulars of permissible operation in this band would be adopted at a later date. Thereafter the Commission adopted the notice of proposed rule making in this proceeding, and it was duly published in the FEDERAL REGISTER on May 10, 1952 (17 F. R. 4303). The notice proposed to amend § 12.23 (e) of Part 12 by substituting for the Novice amateur frequency band 26.96 to 27.23 Mc, a segment of the new frequency band (21.15 to 21.30 Mc). The notice also proposed deletion of subparagraph (11) of § 12.111 (a); amendment of § 12.111 (a) (5) to specify emissions for use within the frequency band 21.00 to 21.45 Mc; amendment of subparagraph (10) of § 12.111 (a) to remove certain conditions respecting use of frequencies in the band 220–225 Mc, and amendment of § 12.111 (a) by re-numbering its subparagraphs, numerically, to conform with the foregoing changes.

Following publication of the notice some 85 written comments were received from individual amateurs, amateur organizations, and groups. These comments, for the most part, were in favor of adoption of the proposed amendments, and suggested changes have been incorporated into the amended rules with certain exceptions which are hereinafter described in detail.

Some comment was to the effect that frequencies in the band under consideration may be unsuited for use by Novice operators because of possible interference to television reception and while they are presently suitable only for local contracts, future propagation conditions will be such that these frequencies can later be expected to become effective for long-distance communication purposes. The frequency band is expected to be so heavily occupied then that Novice operators would find it extremely difficult to use.

Relative to the possibility of interference to television reception from utilization of a segment of the frequency band 21,000–21,450 kc by Novice operators, the probability of television interference depends more upon the design of the television receiver and of the amateur transmitter, and the manner in which they are installed than upon a choice between operation in the 21 or 27 megacycle amateur bands. It is an accepted fact that television interference, attributable to operation of amateur transmitters, can be resolved satisfac-

torily by appropriate suppression measures. The allocation of frequencies in the 21 Mc band for Novice operation will afford the Novice opportunities to participate in long-distance communication. A slight shift of the Novice portion of the 21-megacycle band was, however, necessary because of the change made in the final rules respecting the position of the radiotelephone segment of the same band.

Some comments were to the effect that too much space was provided for radioteleprinter operation and that not more than 25 or 50 kilocycles should be set aside for that purpose in view of the comparatively small number of amateurs engaged in radio-teleprinter operation. While the total frequency space allocated to the radio-teleprinter operation remains the same as that proposed, provision for such operation is shifted to the band 21.00 to 21.25 Mc because of the change made in the final rules regarding the position of the radiotelephone segment of this band. It is expected that, actually, only a small part of this frequency space will be occupied by radioteleprinters as experience with other special types of operation in the amateur bands indicates that amateur teleprinter operators will tend to gravitate to a few spot frequencies rather than to utilize the entire band.

The original notice contemplated subdividing the frequency band 21,000–21,450 kc into two radiotelephone segments: 21,000–21,100 kc and 21,350–21,450 kc. Comment received overwhelmingly opposed the splitting of the radiotelephone band into two segments and, accordingly, the Commission is providing a single radiotelephone band, 21,250–21,450 kc, in the portion of the frequency band most generally recommended for that purpose.

The Maritime Mobile Amateur Radio Club requested that the Commission enlarge the proceeding by adopting an amendment of § 12.91 to make the frequency band 21.00 to 21.45 Mc available for portable-mobile operation outside the continental limits of the United States. The club was advised that its comment in this respect cannot be considered in this proceeding since the rule making here is addressed only to the proposition of amending § 12.111 of Part 12 to the extent that types of emission and operating procedures are specified and incidental amendment of § 12.23 (e) in respect to the use of a part of that band by Novice operators. Accordingly, the petition of the Maritime Mobile Amateur Radio Club is being separately considered by the Commission, and, if granted, will result in publication of a notice of proposed rule making in respect to amendment of § 12.91 of Part 12. The amendments here adopted are designed only to provide maximum usefulness of the newly activated amateur frequency band in the interest of the various types of operation conducted by radio amateurs in the confines of the United States, its territories and possessions.

These amendments are issued pursuant to authority contained in sections 4 (i), 303 (c), (f), (l) and (r) of the Communications Act of 1934, as amended. It is ordered that, effective 3:00 a. m., e. s. t., March 28, 1953, §§ 12.23 and 12.111 of Part 12—Amateur Radio Service—are are amended as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: January 28, 1953.

Released: January 29, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

1. Amend § 12.23 (e) by substituting the frequencies 21.10 to 21.25 Mc for the frequencies 26.960 to 27.230 Mc.

2. Amend § 12.111 in the following particulars:

a. Delete present subparagraph (11) of § 12.111 (a).

b. Amend § 12.111 (a) (5) to provide as follows:

(5) 21.00 to 21.45 Mc, using type A–1 emission; 21.00 to 21.25 Mc, using type F–1 emission; 21.25 to 21.45 Mc, using type A–3 emission and narrow band frequency or phase modulation for telephony.

c. Amend § 12.111 (a) (10) to provide as follows:

(10) 220 to 225 Mc using types A0, A1, A2, A3 and A4 emission and special emission for frequency modulation (radio telephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulated techniques).

d. Amend § 12.111 (a) by renumbering subparagraphs in numerical sequence in accordance with the foregoing addition and deletion.

[F. R. Doc. 53–1295; Filed, Feb. 6, 1953; 8:49 a. m.]

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

[Docket No. 3666, Order 9]

PARTS 71–78 EXPLOSIVES AND OTHER DANGEROUS ARTICLES

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 28th day of January 1953.

It appearing, that pursuant to the Transportation of Explosives Act of March 4, 1921, (41 Stat. 1444), sections 831–835 of Title 18 of the United States Code approved June 25, 1948, and Part II of the Interstate Commerce Act, as amended, the Commission has heretofore formulated and published certain regulations for the transportation of explosives and other dangerous articles.

It further appearing, that in application received we are asked to amend the aforesaid regulations as set forth in provisions made a part thereof.

It is ordered, That the aforesaid regulations for the transportation of explosives and other dangerous articles be, and they are hereby, amended as follows:

PART 72—COMMODITY LIST OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES CONTAINING THE SHIPPING NAME OR DESCRIPTION OF ALL ARTICLES SUBJECT TO PARTS 71–78 OF THIS CHAPTER

Amend Commodity List (15 F. R. 8265, 8266, 8271, 8272, Dec. 2, 1950) (16 F. R. 11775, Nov. 21, 1951) (49 CFR 1950 Rev., 1951 Supp., 72.5) as follows:

§ 72.5 *List of explosives and other dangerous articles.* (a) * * *

Article	Classed as—	Exemptions and packing (see sec.)	Label required if not exempt	Maximum quantity in 1 outside container by rail express
(Change)				
Calcium hypochlorite compounds, dry, containing more than 39 percent available chlorine:	Oxy. M	73.217	Yellow	100 pounds.
Cyanide of calcium or cyanide of calcium mixtures, solid.	Pois. B	73.370 (c) and (d)	Poison	200 pounds.
Cyclopropane	F. G	73.302, 73.308	Red Gas	300 pounds.
Lithium hypochlorite compounds, dry, containing more than 39 percent available chlorine.	Oxy. M	73.217	Yellow	100 pounds.
*Sodium sulfide	F. S	73.153, 73.207	Yellow	300 pounds.
(Add)				
**Polymerizable materials*	See § 73.21 (b)			
Sulfuryl chloride	Cor. L	73.244, 73.247	White	1 quart.

PART 73—SHIPPERS

SUBPART A—PREPARATION OF ARTICLES FOR TRANSPORTATION BY CARRIERS BY RAIL FREIGHT, RAIL EXPRESS, HIGHWAY, OR WATER

1. Amend § 73.21 (15 F. R. 8276, Dec. 2, 1950) (49 CFR 73.21, 1950 Rev.) to read as follows:

§ 73.21 *Prohibited packing.* (a) The offering of packages of dangerous articles in outside packages containing in the same compartment interior packages the mixture of contents of which would be liable to cause a dangerous evolution of heat or gas or produce corrosive materials is prohibited for transportation by common carriers by rail freight, rail express, highway, or water, except as specified in §§ 73.152 (a), 73.242 (a), (b) and 73.301 (a).

(b) The offering for transportation of any package or container of any liquid, solid, or gaseous material which under

conditions incident to transportation may polymerize (combine or react with itself) so as to cause dangerous evolution of heat or gas is prohibited. Such materials may be offered for transportation when properly stabilized or inhibited. Refrigeration may be used as a means of stabilization only when approved by the Bureau of Explosives.

2. Amend § 73.31 paragraph (c) (15 F. R. 8278, Dec. 2, 1950) (49 CFR 73.31, 1950 Rev.) to read as follows:

§ 73.31 *Qualification, maintenance, and use of tank cars.* * * *

(c) For repairs to forge-welded tanks of ICC–105A (§§ 78.271 to 78.274 of this chapter) series, or fusion-welded tanks of ICC–W (§§ 78.280 to 78.289 of this chapter) series, or equipment therefor, requiring welding, the owner of the tank, or party authorized by the owner, must secure approval of such repairs from the Association of American Railroads' committee on tank cars. Fusion welds for repairs must be performed, inspected, and tested in the manner described by currently effective specification for the class of tank concerned, or the specification under which the tank was originally constructed, except that local stress-relieving is permitted when approved by the Association of American Railroads' committee on tank cars. X-raying and stress-relieving are required and must be done in an approved manner. Calking of welded joints is prohibited. Tanks must be retested, as prescribed in paragraph (g) of this section, before being returned to service. For repairs to forge-welded tanks of ICC–105A series, or fusion-welded tanks of ICC–W classes, involving hot or cold working of the shell to restore contours as near as practicable to original design and construction, the owner of the tank, or party authorized by the owner, must render a detailed report of such repairs to the Secretary, Mechanical Division, Association of American Railroads, 59 East Van Buren Street, Chicago 5, Illinois.

* * * * *

SUBPART B—EXPLOSIVES; DEFINITIONS AND PREPARATION

3. Amend § 73.56 paragraphs (c) and (d) (15 F. R. 8286, Dec. 2, 1950) (49 CFR 73.56, 1950 Rev.) to read as follows:

§ 73.56 *Ammunition, projectiles, grenades, bombs, mines and torpedoes.* * * *

(c) Explosive projectiles, explosive torpedoes, explosive mines, or explosive bombs, exceeding 90 pounds in weight, and explosive projectiles of not less than 4½ inches in diameter, may be shipped without being boxed only by, for, or to the Departments of the Army, Navy, and Air Force of the United States Government when securely blocked and braced in accordance with methods approved by the Bureau of Explosives.

(d) Gas projectiles, smoke projectiles, incendiary projectiles, illuminating projectiles, gas bombs, smoke bombs, incendiary bombs, gas grenades, smoke grenades, and incendiary grenades, containing a bursting charge must be packed and properly secured in strong wooden boxes. Detonating fuzes, bouchons or ignition elements must not be assembled in these articles unless shipped by, for, or to the Departments of the Army, Navy, and Air Force of the United States Government or unless of a type approved by the Bureau of Explosives. (See §§ 73.190, 73.330, 73.350, and 73.383 for nonexplosive chemical or poisonous ammunition.)

* * * * *

4. Amend § 73.61 paragraph (e) (15 F. R. 8288, Dec. 2, 1950) (49 CFR 73.61, 1950 Rev.) to read as follows:

§ 73.61 *High explosives.* * * *

(e) Bags shall be made of strong paper or equally efficient material so treated or of such nature that it will not absorb the liquid ingredient of the explosive.

* * * * *

5. Amend § 73.62 paragraph (a) (15 F. R. 8288, Dec. 2, 1950) (49 CFR 73.62, 1950 Rev.) to read as follows:

§ 73.62 *High explosives, liquid.* (a) Liquid explosives as defined in § 73.53 (e) must be packed in specification containers as follows:

(1) Spec. 15L (§ 78.176 of this chapter). Wooden boxes which must be plainly marked on top and on one side or end "High Explosives—Dangerous" in letters not less than 7/16 inch in height. The tops of boxes must be marked "This Side Up".

(2) Spec. MC–200 (§ 78.315 of this chapter). Motor vehicle container.

* * * * *

6. Amend § 73.63 paragraphs (d) (2) and (f) (17 F. R. 1559, Feb. 20, 1952) (15 F. R. 8288, Dec. 2, 1950) (49 CFR 1950 Rev., 1952 Supp., 73.63) to read as follows:

§ 73.63 *High explosive with liquid explosive ingredient.* * * *

(d) * * *

(2) Spec. 14, 15A, or 16A (§§ 78.165, 78.168, or 78.185 of this chapter). Wooden boxes, or spec. 23F or 23H (§§ 78.214 or 78.219 of this chapter) fiberboard boxes, with inside containers which must be cartridges not exceeding 12 inches in diameter or 50 pounds in weight with length not to exceed 36 inches, or bags not exceeding 12½ pounds each. Bags if not completely sealed against leakage by method of closure must be packed with filling holes up. Gross weight of fiberboard boxes not to exceed 65 pounds.

* * * * *

(f) Boxes containing high explosives must be plainly marked on top and on one side or end, except those made in compliance with spec. 23G which must be marked on the side or end, and kegs, drums, or barrels containing high explosives must be marked on both ends, "High Explosives—Dangerous" in letters not less than 7/16 inch in height. The tops of boxes except those made in compliance with spec. 23G, must be marked "This Side Up".

* * * * *

7. Amend § 73.64 paragraph (b) (15 F. R. 8289, Dec. 2, 1950) (49 CFR 73.64, 1950 Rev.) to read as follows:

§ 73.64 *High explosives with no liquid explosive ingredient.* * * *

(b) Boxes containing high explosives must be plainly marked on top and on one side or end, except those made in compliance with spec. 23G which must be marked on the side or end, and kegs, drums, or barrels containing high explosives must be marked on both ends, "High Explosives—Dangerous" in letters not less than 7/16 inch in height.

* * * * *

8. Amend § 73.65 paragraph (i) (15 F. R. 8290, Dec. 2, 1950) (49 CFR 73.65, 1950 Rev.) to read as follows:

§ 73.65 *High explosives with no liquid explosive ingredient nor any chlorate.* * * *

(i) Boxes containing high explosives must be plainly marked on top and on one side or end, except those made in compliance with spec. 23G which must be marked on the side or end, and kegs, drums, or barrels containing high explosives must be marked on both ends, "High Explosives—Dangerous" in letters not less than 7/16 inch in height. The tops of boxes, except those referred to in paragraph (a) (1) to (7) of this section, must be marked "This Side Up".

* * * * *

SUBPART C—FLAMMABLE LIQUIDS; DEFINITION AND PREPARATION

9. Amend § 73.119, introductory text of paragraph (a), introductory text of paragraph (b) and (b) (1) (15 F. R. 8298, 8299, Dec. 2, 1950) (49 CFR 73.119, 1950 Rev.) to read as follows:

§ 73.119 *Flammable liquids not specifically provided for*—(a) *Flammable liquids with flash point 20° F. or below.* Flammable liquids with flash point 20° F. or below and having vapor pressure (Reid [1] test) not over 16 pounds per square inch, absolute, at 100° F., other than those for which special requirements are prescribed in this part, must be prepared for shipment in specification containers of a design and constructed of materials that will not react dangerously with or be decomposed by the chemical packed therein, as follows (see paragraphs (c) to (i) of this section for high pressure liquids, paragraphs (j) to (l) of this section for viscous liquids, and paragraph (m) of this section for flammable liquids which are also oxidizing materials or corrosive liquids):

* * * * *

(b) *Flammable liquids with flash point above 20° F. to 80° F.* Flammable liquids with flash point above 20° F. to 80° F. and having vapor pressure (Reid [1] test) not over 16 pounds per square inch, absolute, at 100° F., other than those for which special requirements are prescribed in this part, must be prepared for shipment in specification containers of a design and constructed of materials that will not react dangerously with or be decomposed by the chemical packed therein, as follows (see paragraphs (c) to (i) of this section for high pressure liquids and paragraph (m) of this section for flammable liquids which are also oxidizing materials or corrosive liquids):

(1) Containers as specified in paragraph (a) of this section, except that openings greater than 2.3 inches in diameter in barrels and drums are authorized when permitted by the specification, and also the following.

* * * * *

SUBPART D—FLAMMABLE SOLIDS AND OXIDIZING MATERIALS; DEFINITION AND PREPARATION

10. Amend § 73.154, introductory text of paragraph (a) (15 F. R. 8303, Dec. 2, 1950) (49 CFR 73.154, 1950 Rev.) to read as follows:

§ 73.154 *Flammable solids and oxidizing materials not specifically provided for.* (a) Flammable solids and oxidizing materials, as defined in §§ 73.150 and 73.151, other than those for which special packing requirements are prescribed, must be packed in specification containers of a design and constructed of materials that will not react dangerously with or be decomposed by the chemical packed therein, as follows:

* * * * *

11. Amend § 73.158 paragraph (a) (4) (17 F. R. 9837, Nov. 1, 1952) (49 CFR 1950 Rev., 1952 Supp., 73.158) to read as follows:

§ 73.158 *Benzoyl peroxide, dry, lauroyl peroxide, dry, chlorobenzoyl peroxide (para), dry, or succinic acid peroxide, dry.* (a) * * *

(4) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with inside fiber containers securely closed by taping or gluing, not over 1 pound capacity each. Each inside container must be surrounded by asbestos or fire-resistant cushioning material which will protect the contents with equal efficiency. Gross weight in spec. 12B65 boxes may be more than 65 but not more than 70 pounds provided net weight of contents does not exceed 50 pounds.

* * * * *

12. Amend § 73.217 introductory text of paragraph (a) (16 F. R. 11778. Nov. 21, 1951) (49 CFR 1950 Rev., 1952 Supp., 73.217) to read as follows:

§ 73.217 *Calcium hypochlorite compounds, dry, and lithium hypochlorite compounds, dry.* (a) Calcium hypochlorite compounds, dry, containing more than 39 percent available chlorine, and lithium hypochlorite compounds, dry, containing more than 39 percent available chlorine must be packed in specification containers as follows:

* * * * *

13. Amend § 73.233 paragraphs (a) (1) and (a) (2) (17 F. R. 9837, Nov. 1, 1952) (49 CFR 1950 Rev., 1952 Supp., 73.233) to read as follows:

§ 73.233 *Nickel catalyst, finely divided, activated or spent.* (a) * * *

(1) Spec. 15A or 15B (§§ 78.168 or 78.169 of this chapter). Wooden boxes with airtight metal inside containers which must have closing device fastened by positive means (not friction); or airtight glass inside containers of not over 1 quart capacity each, securely cushioned in asbestos wool, vermiculite, or equally efficient incombustible cushioning material.

(2) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with airtight metal inside containers which must have closing device fastened by positive means (not friction); or airtight glass inside containers of not over 1 quart capacity each, sccurely cushioned in asbestos wool, vermiculite, or equally efficient incombustible cushioning material.

* * * * *

SUBPART E—ACIDS AND OTHER CORROSIVE LIQUIDS; DEFINITION AND PREPARATION

14. Amend § 73.245 introductory text of paragraph (a) (15 F. R. 8313, Dec. 2, 1950) (49 CFR 73.245, 1950 Rev.) to read as follows:

§ 73.245 *Acids or other corrosive liquids not specifically provided for.* (a) Acids or other corrosive liquids, as defined in § 73.240, other than those for which special requirements are prescribed, must be packed in specification containers of a design and constructed of materials that will not react dangerously with or be decomposed by the chemical packed therein, as follows:

* * * * *

15. Amend § 73.247 introductory text of paragraph (a), (a) (10) and add paragraph (a) (13) (15 F. R. 8313, 8314, Dec. 2, 1950) (49 CFR 73.247, 1950 Rev.) to read as follows:

§ 73.247 *Acetyl chloride, antimony pentachloride, benzoyl chloride, benzyl chloride, pyro sulfuryl chloride, silicon chloride, sulfur chloride (mono and di), sulfuryl chloride, thionyl chloride, tin tetrachloride (anhydrous), and titanium tetrachloride.* (a) Acetyl chloride, antimony pentachloride, benzoyl chloride, benzyl chloride, pyro sulfuryl chloride, silicon chloride, sulfur chloride (mono and di), sulfuryl chloride, thionyl chloride, tin tetrachloride (anhydrous), and titanium tetrachloride, must, except as indicated, be packed in specification containers as follows:

* * * * *

(10) Spec. 5K (§ 78.88 of this chapter). Nickel drums, authorized for acetyl chloride, benzyl chloride, benzoyl chloride, pyro sulfuryl chloride, sulfuryl chloride, and thionyl chloride only. When shipped in unstabilized condition, the lading must be anhydrous and must be free from impurities such as iron.

* * * * *

(13) Spec. 103A or 103A–W (§ 78.266 or § 78.281 of this chapter). Tank cars, nickel clad at least 10 percent, authorized for acetyl chloride, benzyl chloride, benzoyl chloride, pyro sulfuryl chloride, sulfuryl chloride, and thionyl chloride only. When shipped in unstabilized condition, the lading must be anhydrous and must be free from impurities such as iron.

16. Add paragraphs (a) (8) and (a) (9) to § 73.249 and amend paragraph (b) (15 F. R. 8314, Dec. 2, 1950) (49 CFR 73.249, 1950 Rev.) to read as follows:

§ 73.249 *Alkaline corrosive liquids, n. o. s., alkaline caustic liquids, n. o. s., and alkaline battery fluids.* (a) * * *

(8) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with inside containers of glass, polyethylene, or other material resistant to lading, having capacity not over 16 ounces each.

(9) Spec. 15A, 15B, 15C, 16A, or 19A (§§ 78.168, 78.169, 78.170, 78.185, or 78.190 of this chapter). Wooden boxes with inside containers of polyethylene having capacity not over 1 gallon each.

(b) Alkaline corrosive liquids, n. o. s., alkaline caustic liquids, n. o. s., and alkaline battery fluids when offered for transportation by rail express must be packed in specification containers as follows:

(1) In containers as prescribed in paragraph (a) (8) and (9) of this section.

(2) Spec. 5 or 5A (§§ 78.80 or 78.81 of this chapter). Metal barrels or drums, capacity not exceeding 10 gallons, with openings not exceeding 2.3 inches in diameter.

(3) Spec. 15A, 15B, 15C, 16A, or 19A (§§ 78.168, 78.169, 78.170, 78.185, 78.190 of this chapter). Wooden boxes with metal cans not over 2 gallons each.

* * * * *

17. Amend § 73.250 Introductory text of paragraph (a) (15 F. R. 8314, Dec. 2, 1950) (49 CFR 73.250, 1950 Rev.) to read as follows:

§ 73.250 *Automobiles or other self-propelled vehicles.* (a) Automobiles or other self-propelled vehicles equipped with charged electric storage batteries, or with charged electric storage batteries removed from vehicles; and charged electric storage batteries when included in carload or truckload shipments of automobile parts or assembled material are exempt from specification packaging, marking, and labeling requirements as follows: (See also § 73.257 (b).)

* * * * *

18. Add paragraphs (a) (8), (b) and (b) (1) to § 73.257 (15 F. R. 8315, Dec. 2, 1950) (49 CFR 73.257, 1950 Rev.) to read as follows:

§ 73.257 *Electrolyte (acid) or corrosive battery fluid.* (a) * * *

(8) Spec. 1EX (§ 78.6 of this chapter). Carboys in plywood drums (single-trip).

(b) Shipments of electrolyte (acid) or corrosive battery fluid with self-propelled motor vehicles offered for transportation by, for, or to the Departments of the Army, Navy, or Air Force of the United States Government are exempt from Parts 71–78 of this chapter when packed as follows:

(1) In one inside glass bottle of not over 1 gallon capacity, tightly and securely closed, packed in a strong outside container and cushioned therein on all sides with incombustible absorbent material in sufficient quantity to completely absorb liquid contents in event of breakage. Outside container must be so blocked, braced or stayed within the self-propelled vehicle that it cannot change position during transit.

19. Amend § 73.263 paragraph (a) (7) and add paragraph (a) (13) (16 F. R. 11778 Nov. 21, 1951) (15 F. R. 8317, Dec. 2, 1950) (49 CFR 1950 Rev., 1952 Supp., 73.263) to read as follows:

§ 73.263 *Hydrochloric (muriatic) acid, hydrochloric acid mixtures, and sodium chlorite solution.* (a) * * *

(7) Spec. 1D, 1E, or 1EX (single-trip) (§§ 78.4, 78.7, or 78.6 of this chapter). Glass carboys in boxes or plywood drums, of not over 6.5 gallons nominal capacity. Means shall be provided so that accumulated total pressure in bottle shall not exceed 10 p. s. i. gauge at 130° F. or shall vent at a pressure not to exceed 10 p. s. i. gauge.

* * * * *

(13) Spec. 1G (§ 78.11 of this chapter). Polyethylene carboys in plywood or wooden boxes.

* * * * *

20. Amend § 73.264 paragraph (a) (16) (17 F. R. 7281, Aug. 9, 1952) (49 CFR 1950 Rev., 1952 Supp., 73.264) to read as follows:

§ 73.264 *Hydrofluoric acid.* (a) * * *

(16) Spec. 1F or 1G (§§ 78.10 or 78.11 of this chapter). Polyethylene carboys in plywood boxes or drums, or wooden boxes. Authorized for acid not over 60 percent strength.

* * * * *

21. Amend § 73.271 paragraph (a) (9) (17 F. R. 7282, Aug. 9, 1952) (49 CFR 1950 Rev., 1952 Supp., 73.271) to read as follows:

§ 73.271 *Phosphorus oxychloride, phosphorus trichloride, and thiophosphoryl chloride.* (a) * * *

(9) Spec. 103A or 103A–W (§§ 78.266 or 78.281 of this chapter). Tank cars. Spec. 103A tanks must be of steel at least 10 percent nickel clad and Spec. 103A–W tanks must be of steel at least 20 percent nickel clad.

* * * * *

22. Amend § 73.289 paragraph (a) (4) (16 F. R. 11779, Nov. 21, 1951) (49 CFR 1950 Rev., 1952 Supp., 73.289) to read as follows:

§ 73.289 *Formic acid and formic acid solutions.* (a) * * *

(4) Spec. MC 310 (§ 78.330 of this chapter). Tank motor vehicles.

* * * * *

SUBPART F—COMPRESSED GASES; DEFINITION AND PREPARATION

23. Amend § 73.312 paragraph (a) (1) (17 F. R. 9943, Nov. 4, 1952) (49 CFR 1950 Rev., 1952 Supp., 73.312) to read as follows:

§ 73.312 *Liquefied petroleum gas.* (a) * * *

(1) Spec. 3,[1] 3A, 3AA, 3B, 3E, 4, 4A, 4B, 4BA (§§ 78.36, 78.37, 78.38, 78.42, 78.48, 78.49, 78.50, 78.51 of this chapter), 4B240X[1] (see appendix A to subpart C of Part 78 of this chapter), 4B240FLW or 9 (§§ 78.54 or 78.63 of this chapter), 25,[1] 26,[1] or 38.[1] Cylinders authorized under § 73.34 (a) to (e) may be used.

* * * * *

SUBPART G—POISONOUS ARTICLES; DEFINITION AND PREPARATION

24. Amend § 73.346 introductory text of paragraph (a) (15 F. R. 8334, Dec. 2, 1950) (49 CFR 73.346, 1950 Rev.) to read as follows:

§ 73.346 *Poisonous liquids not specifically provided for.* (a) Poisonous liquids as defined in § 73.343, other than those for which special requirements are prescribed, must be packed in specification containers of a design and constructed of materials that will not react dangerously with or be decomposed by the chemical packed therein, as follows:

* * * * *

25. Amend § 73.364 introductory text of paragraph (a) (16 F. R. 11780, Nov. 21, 1951) (49 CFR 1950 Rev., 1952 Supp., 73.364) to read as follows:

§ 73.364 *Exemptions for poisonous solids, class B.* (a) Poisonous solids, class B, except cyanides, other than as specified in § 73.370 (b) and § 73.370 (d), and beryllium metal powder, in tightly closed inside containers, securely cushioned when necessary to prevent breakage and packed as follows, are exempt from specification packaging, marking, and labeling requirements for transportation by rail freight, rail express, or highway, but when for transportation by carrier by water they are exempt from specification packaging, marking other than name of contents, and labeling requirements.

* * * * *

26. Amend § 73.365 introductory text of paragraph (a) (15 F. R. 8336, Dec. 2, 1950) (49 CFR 73.365, 1950 Rev.) to read as follows:

§ 73.365 *Poisonous solids not specifically provided for.* (a) Poisonous solids, as defined in § 73.343, other than those for which special requirements are prescribed, must be packed in specification containers of a design and constructed of materials that will not react dangerously with or be decomposed by the chemical packed therein, as follows:

* * * * *

27. Amend § 73.370 introductory text of paragraph (a), (a) (1), introductory text of paragraph (b), (b) (1) and (b) (2) and add paragraphs (c) and (d) (16 F. R. 9379, Sept. 15, 1951) (15 F. R. 8337, Dec. 2, 1950) (49 CFR 1950 Rev., 1952 Supp., 73.370) to read as follows:

§ 73.370 *Cyanides, or cyanide mixtures, except cyanide of calcium and mixtures thereof.* (a) Cyanides, or cyanide mixtures (see paragraph (b) of this section for exemptions), except cyanide of calcium and mixtures thereof (see paragraph (c) of this section for packing requirements and paragraph (d) of this section for exemptions), if containing the cyanogen equivalent of 10 percent or more of potassium cyanide, must be packed in specification containers as follows:

(1) Spec. 15A, 15B, or 15C (§§ 78.168, 78.169, or 78.170 of this chapter). Wooden boxes with metal inside containers, spec. 2F (§ 78.25 of this chapter), not over 25 pounds capacity each; or hermetically sealed (soldered) metal lining, spec. 2F, or in glass bottles not over 5 pounds capacity each.

* * * * *

(b) *Cyanides, except cyanide of calcium and mixtures thereof; exemptions.* Cyanides, except cyanide of calcium and mixtures thereof (see paragraph (d) of this section), when packed and described as follows are exempt from specification packaging and labeling requirements:

(1) Cyanides, or cyanide mixtures, in tightly closed glass, earthenware, or metal inside containers, not over 1 pound each, securely cushioned and packed in outside wooden or fiberboard boxes, or in wooden barrels. Net weight of cyanides or cyanide mixtures in any outside container, not over 25 pounds.

(2) Cyanide mixtures in tightly closed glass, earthenware, or metal inside containers, securely cushioned and packed in outside wooden or fiberboard boxes, or in wooden barrels. Net weight of cyanide mixtures in any outside container, not over 5 pounds.

* * * * *

(c) *Cyanide of calcium and mixtures thereof.* Cyanide of calcium and mixtures thereof must be packed in specification containers as follows:

(1) As prescribed in paragraph (a) (2), (3), (4), (5), (6), (7), (8), (9), (10), or (11) of this section.

(2) Spec. 15A, 15B, or 15C (§§ 78.168, 78.169, or 78.170 of this chapter). Wooden boxes with metal inside containers, spec. 2F, not over 25 pounds capacity each; or hermetically sealed (soldered) metal lining, spec. 2F (§ 78.25 of this chapter).

(d) *Cyanide of calcium and mixtures thereof; exemptions.* Cyanide of calcium and mixtures thereof when packed and described as follows are exempt from specification packaging and labeling requirements:

(1) Cyanide of calcium and mixtures thereof in tightly closed metal inside containers, not over 1 pound each, securely cushioned and packed in outside wooden or fiberboard boxes, or in wooden barrels. Net weight of cyanide of calcium or mixtures thereof in any outside container, not over 25 pounds.

(2) Cyanide of calcium or mixtures thereof in tightly closed metal inside containers, securely cushioned and packed in outside wooden or fiberboard boxes, or in wooden barrels. Net weight of cyanide of calcium or mixtures thereof in any outside container, not over 5 pounds.

PART 74—CARRIERS BY RAIL FREIGHT

1. Amend the headnote and introductory text of paragraph (a) and (a) (2) of § 74.506 (15 F. R. 8345, Dec. 2, 1950) (49 CFR 74.506, 1950 Rev.) to read as follows:

§ 74.506 *Improperly packed or damaged shipments in transportation.* (a) For the protection of the public against fire, explosion, or other, or further hazard with respect to shipments of explosives or other dangerous articles offered for transportation or in transit by any carrier by railroad, such carrier shall make immediate report to the Bureau of Explosives, 30 Vesey Street, New York, N. Y., for handling, any of the following emergency matters coming to their attention:

* * * * *

(2) Railroad wrecks or accidents involving damage to containers of explosives or other dangerous articles to such a degree as to necessitate repacking of the articles. (See § 74.588.)

* * * * *

SUBPART A—LOADING, UNLOADING, PLACARDING AND HANDLING CARS; LOADING PACKAGES INTO CARS

2. Amend § 74.525 paragraph (b) (9) (15 F. R. 8346, Dec. 2, 1950) (49 CFR 74.525, 1950 Rev.) to read as follows:

§ 74.525 *Loading packages of explosives in cars, selection, preparation, inspection of car and certificate.* * * *

(b) * * *

(9) When packages of explosives are to be loaded over exposed draft bolts or king bolts, these bolts must have pieces of sound wood with beveled ends spiked to the floor over them (or empty wooden boxes of the same character as those used for the explosive may be used for this purpose) to prevent possibility of the bolts causing damage to the packages of explosives. Metal floor plates must be completely covered with wood, plywood, or fiber or composition sheets of adequate thickness and strength to prevent contact of the floor plates with the packages of explosives under conditions incident to transportation, except that the covering of metal floor plates is not necessary for carload shipments loaded by the Departments of the Army, Navy, or Air Force of the United States Government provided the explosives are of such nature that they are not liable to leakage of dust, powder, or vapor which might become the cause of an explosion.

* * * * *

PART 75—CARRIERS BY RAIL EXPRESS

Amend § 75.660 paragraph (a) (3) (15 F. R. 8360, Dec. 2, 1950) (49 CFR 75.660, 1950 Rev.) to read as follows:

§ 75.660 *Violations and accidents or fires must be reported.* (a) * * *

(3) Accidents or fires in connection with the transportation or storage on express or railway property of explosives or other dangerous articles. (See § 74.588 of this chapter.)

PART 76—RAIL CARRIERS IN BAGGAGE SERVICE

1. Amend § 76.701 paragraph (a) (15 F. R. 8360, Dec. 2, 1950) (49 CFR 76.701, 1950 Rev.) to read as follows:

§ 76.701 *Application.* (a) Parts 71–78 of this chapter apply to all shipments in rail baggage service of dangerous articles as prescribed in this part. Shipments of explosives, other than small arms ammunition, or any dangerous articles, except as provided in this part, must not be accepted for transportation in rail baggage service. The Commission will make provision as occasion and safety may require for dangerous articles other than those described in this part. Carriers engaged in interstate or foreign commerce must make the regulations in this part effective and must provide for the thorough instruction of their employees.

2. Amend § 76.707 paragraph (a) (15 F. R. 8361, Dec. 2, 1950) (49 CFR 76.707, 1950 Rev.) to read as follows:

§ 76.707 *Reporting violations and accidents or fires.* (a) Serious violations of the regulations in Parts 71–78 of this chapter, facts relating to leaking or broken containers, and accidents or fires in connection with the transportation or storage on railway property of explosives or other dangerous articles, must be reported promptly by the rail carrier in baggage service to the Bureau of Explosives, 30 Vesey Street, New York, N. Y. (See § 74.588 of this chapter.)

PART 77—SHIPMENTS MADE BY WAY OF COMMON, CONTRACT, OR PRIVATE CARRIER BY PUBLIC HIGHWAY

SUBPART A—GENERAL INFORMATION AND REGULATIONS

Amend the headnote and introductory text of paragraph (a) and (a) (2) of § 77.807 (15 F. R. 8362, Dec. 2, 1950) (49 CFR 77.807, 1950 Rev.) to read as follows:

§ 77.807 *Improperly packed or damaged shipments in transportation* (a) For the protection of the public against fire, explosion, or other, or further hazard, with respect to shipments of explosives or other dangerous articles offered for transportation or in transit by any common or contract carrier by motor vehicle, such carrier shall make immediate report to the Bureau of Explosives, 30 Vesey Street, New York, N. Y., for handling, any of the following emergency matters coming to their attention (see also §§ 77.853 to 77.870 for handling shipments in transit):

* * * * *

(2) Motor carrier accidents involving damage to container of explosives or other dangerous articles to such a degree as to necessitate repacking of the articles. (See § 74.588 of this chapter.)

* * * * *

PART 78—SHIPPING CONTAINER SPECIFICATIONS

SUBPART A—SPECIFICATIONS FOR CARBOYS, JUGS IN TUBS, AND RUBBER DRUMS

1. Amend headnote of § 78.6, § 78.6–9 paragraph (a) and § 78.6–10 entire paragraph (d) (15 F. R. 8377, 8378, Dec. 2, 1950) (49 CFR 78.6, 78.6–9, 78.6–10, 1950 Rev.) to read as follows:

§ 78.6 *Specification 1EX; glass carboys in plywood drums.* Single trip container.

* * * * *

§ 78.6–9 *Marking of outside container for use.* (a) Each outside container must also be plainly marked "Single-Trip Container" just above or below the mark specified in § 78.6–8 (a) (1) of this section.

§ 78.6–10 *Tests.* * * *

(d) *When required.* By each manufacturing and each filling plant; during each 6 months of each year, one series each year to be witnessed by representative of Bureau of Explosives; separate tests required for:

(1) New packages (those with new outside containers).

(2) Packages differing in kind of cushioning.

* * * * *

2. Add §§ 78.11 to 78.11–7 (15 F. R. 8379, Dec. 2, 1950) (49 CFR 78.11, 1950 Rev.) to read as follows:

§ 78.11 *Specification 1G; polyethylene carboys in wooden or glued plywood boxes.*

§ 78.11–1 *Compliance.* (a) Required in all details.

§ 78.11–2 *Capacity and marking of carboy.* (a) Containers 5 to 16½ gallons capacity are classed as carboys. Actual capacity must be the marked capacity plus 5 percent minimum. Must be permanently marked to indicate capacity, maker, and month and year of manufacture; mark of maker to be registered with the Bureau of Explosives.

§ 78.11–3 *Polyethylene carboys.* (a) Carboys shall be fabricated from polyethylene of virgin quality and having no plasticisers or additives. Carboys must have a minimum weight and wall thickness after forming in accordance with the following table:

Marked capacity (not over)	Minimum wall thickness	Minimum weight of polyethylene carboy
Gallons	*Inch*	*Pounds*
8	0.125	8
15	.125	11½

(b) Closing device shall be of material resistant to the lading and adequate to prevent leakage.

(c) Each polyethylene carboy as manufactured shall be subjected to at least 7 pounds per square inch air pressure during which time all seams must be examined for leakage by application of soap suds or heavy oil, or submerged under water. Containers which show leakage in this test must be repaired in a workmanshiplike manner, after which they must be retested and show no leakage.

§ 78.11–4 *Outside containers.* (a) Wooden boxes, or glued-plywood boxes of not less than three plies, completely enclosing body and neck of carboy or completely enclosing the body of the carboy, shall be constructed in such manner and so formed that inside container cannot permanently change position and be of sufficiently strong wood or plywood to withstand prescribed tests without serious rupture of box or damage to inside container.

(b) Lumber to be well seasoned, commercially dry, and free from decay, loose knots, knots that would interfere with nailing, and other defects that would materially lessen the strength.

(c) Plywood sections used in construction of this container shall be firmly glued together with waterproof glue. A section of plywood from any part when immersed in water at room temperature for 48 hours shall show no delamination or separation of plies to qualify glue as waterproof.

§ 78.11–5 *Approval.* (a) Specifications for the outside container and inner carboy must be filed with and approved by the Bureau of Explosives.

§ 78.11–6 *Marking of outside container.* (a) Each outside container must be plainly marked with letters and figures at least ¾ inch high applied by hot branding iron or dark colored printing ink with pressure dies as follows:

(1) ICC–1G. This mark shall be understood to certify that the complete package complies with all specification requirements.

(2) Name or symbol (letters) of company setting up the package, or other party assuming responsibility for its

compliance with the specification requirements; this must be registered with the Bureau of Explosives and located just above or below the mark specified in paragraph (a) (1) of this section.

§ 78.11–7 *Tests.* (a) One sample, taken at random and with inner container filled to marked capacity with water and closed as for use, shall be capable of withstanding prescribed tests without leakage. Tests shall be made of each size by each company starting production. The type tests are as follows:

(1) Complete package must be capable of withstanding 2 drops from a height of 4 feet onto solid concrete, the first drop to be made diagonally so top corner will strike the concrete; the second drop onto a 2-inch by 6-inch timber resting on the concrete with the 6-inch leg vertical, the drop being made with the box in a horizontal position and at right angles to the timber so that impact is near the center of the box side-wall.

SUBPART D—SPECIFICATIONS FOR METAL BARRELS, DRUMS, KEGS, CASES, TRUNKS, AND BOXES

3. Amend § 78.90–10 introductory text of paragraph (a) (15 F. R. 8440, Dec. 2, 1950) (49 CFR 78.90–10, 1950 Rev.) to read as follows:

§ 78.90 *Specification 5M; monel drums.*

* * * * *

§ 78.90–10 *Marking.* (a) Marking on each container by embossing on head with raised marks, or by embossing or die stamping on footring on drums equipped with footrings, or on metal plates securely attached to drum by welding not less than 20 percent of the perimeter, as follows:

* * * * *

4. Amend § 78.117–8 paragraph (a) (15 F. R. 8449, Dec. 2, 1950) (49 CFR 78.117–8, 1950 Rev.) to read as follows:

§ 78.117 *Specification 17F; steel drums.*

* * * * *

§ 78.117–8 *Rolling hoops and convex heads.* (a) Rolling hoops to be expanded. Alternate use of I-bar hoops authorized.

* * * * *

5. Amend § 78.125–4 paragraph (a) Table (15 F. R. 8451, Dec. 2, 1950) (49 CFR 78.125–4, 1950 Rev.) to read as follows:

§ 78.125 *Specification 37D; steel drums.*

* * * * *

§ 78.125–4 *Weight of sheets.* (a) * * *

Gage, United States Standard (No.)	Standard weight per square foot	Authorized tolerances
	Pounds	*Percent*
12	4.375	5
13	3.750	5
14	3.125	5
15	2.8125	5
16	2.500	5
18	2.000	3½
19	1.750	3½
20	1.500	3½
22	1.250	3½
24	1.000	2½
26	.750	2½

6. Amend § 78.127–5 (17 F. R. 4297, May 10, 1952) (15 F. R. 8452, Dec. 2, 1950) (49 CFR 1950 Rev., 1952 Supp., 78.127–5) to read as follows:

§ 78.127 *Specification 37F; steel drums.*

* * * * *

§ 78.127–5 *Parts and dimensions.* (a) Parts and dimensions as follows:

Marked capacity not over (gallons)	Authorized gross weight not over (pounds)	Type of container	Welded side seam required	Minimum thickness in the blaek (gage, United States Standard)	
				Body sheet	Head sheet
55	80	Straight side	No	26	26
	160	do	No	26	26
	425	do	No	24	24
	480	do	Yes	24	24
	880	do	Yes	22	22

SUBPART F—SPECIFICATIONS FOR FIBERBOARD BOXES, DRUMS, AND MAILING TUBES

7. Amend § 78.218–10 introductory text of paragraph (a) (15 F. R. 8480, Dec. 2, 1950) (49 CFR 78.218–10, 1950 Rev.) to read as follows:

§ 78.218 *Specification 23G; special cylindrical fiberboard box for high explosives.*

* * * * *

§ 78.218–10 *Marking.* (a) On each container by symbol as follows:

ICC–23G * * *

* * * * *

SUBPART I—SPECIFICATIONS FOR TANK CARS

8. Amend § 78.277 entire paragraph ICC–3 (c) (15 F. R. 8501, Dec. 2, 1950) (49 CFR 78.277, 1950 Rev.) to read as follows:

§ 78.277 *Specification for tank cars having seamless steel tanks Class ICC–107A.* * * *

ICC–3. *Thickness of wall.* * * *

ICC–3. (c) Measure at one end, in a plane perpendicular to the longitudinal axis of the tank and at least 18 inches from that end before necking down—

d = Maximum inside diameter (inches) for the location under consideration; to be determined by direct measurement to an accuracy of 0.05 inch.

t = Minimum thickness of wall for the location under consideration; to be determined by direct measurement to an accuracy of 0.001 inch.

Take $D = d + 2t$.

Calculate the value of $\frac{D^2 - d^2}{D^2 + d^2}$

Make similar measurements and calculation for a corresponding location at the other end of the tank.

Use the smaller result obtained, from the foregoing, in making calculation prescribed in paragraph ICC–3 (b).

9. Amend § 78.280 paragraph AAR–6 (j–13) (15 F. R. 8507, Dec. 2, 1950) (49 CFR 78.280, 1950 Rev.) to read as follows:

§ 78.280 *Specification for tank cars having fusion-welded steel tanks Class ICC–103–W.* * * *

AAR–6. *Nondestructive tests.* (j–1) * * *

AAR–6. (j–13). A complete set of radiographs for each tank shall be retained for not less than 10 years by the tank builder or by the car owner if he so requests.

* * * * *

10. Amend § 78.291 paragraph AAR–6 (j–13) (16 F. R. 5332, June 6, 1951) (49 CFR 1950 Rev., 1952 Supp., 78.291) to read as follows:

§ 78.291 *Specification for tank cars having fusion-welded aluminum tanks Class ICC–103–AL–W.* * * *

AAR–6. *Nondestructive tests.* (j–1) * * *

AAR–6. (j–13) A complete set of radiographs for each tank shall be retained for not less than 10 years by the tank builder or by the car owner if he so requests.

* * * * *

11. Amend § 78.293 paragraph AAR–5 (j–13) (16 F. R. 5768, June 16, 1951) (16 F. R. 5337, June 6, 1951) (49 CFR 1950 Rev., 1952 Supp., 78.293) to read as follows:

§ 78.293 *Specification for tank cars having metallic arc fusion-welded steel tanks Class ICC–110A–500–W.* * * *

AAR–5. *Nondestructing tests.* (j–1) * * *

AAR–5. (j–13) A complete set of radiographs for each tank shall be retained for not less than 10 years by the tank builder or by the car owner if he so requests.

* * * * *

It is further ordered, That the foregoing amendments to the aforesaid regulations shall have full force and effect on April 27, 1953 and that such regulations as herein amended shall thereafter be observed until further order of the Commission.

It is further ordered, That compliance with the aforesaid regulations as herein amended is hereby authorized on and after the date of service of this order.

And it is further ordered, That copies of this order be served upon all parties of record herein, and that notice shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of Federal Register.

(Sec. 204, 49 Stat. 546, as amended, sec. 835, 62 Stat. 739; 49 U. S. C. 304, 18 U. S. C. Sup. 835)

By the Commission, Division 3.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

MINIMUM WAGE DETERMINATIONS

NOTICE OF EXTENSION OF TIME FOR FILING EXCEPTIONS AND OBJECTIONS TO PROPOSED PREVAILING MINIMUM WAGE FOR WOOLEN AND WORSTED INDUSTRY

On January 27, 1953, notice was published in the FEDERAL REGISTER (18 F. R. 575) of the proposed prevailing minimum wage determination of the Secretary of Labor for the Woolen and Worsted Industry. The notice provided a period of 30 days for filing of exceptions and objections to such proposed determination.

Upon request of interested parties and for good cause shown the time for filing exceptions and objections is hereby extended to March 13, 1953.

Signed at Washington, D. C., this 4th day of February 1953.

MARTIN P. DURKIN,
Secretary of Labor.

CITIES SERVICE GAS CO.

NOTICE OF APPLICATION

FEBRUARY 3, 1953.

Take notice that Cities Service Gas Company (Applicant), a Delaware corporation, with its principal place of business in Oklahoma City, Oklahoma, filed on January 22, 1953, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of the following described natural-gas facilities:

(1) Construct 8.75 miles of 16-inch gas pipeline to replace an existing 10-inch gas pipeline beginning at a point on the discharge of Applicant's Saginaw compressor station in the Southeast Quarter (SE¼) of section 36, Township 27 North, Range 33 West, thence easterly to a point in the Northwest Quarter (NW¼) of section 4, Township 26 North, Range 31 West, all in Newton County, Missouri.

(2) Construct 9.25 miles of 16-inch gas pipeline to replace an existing 10-inch gas pipeline beginning at a point on the discharge of Applicant's Pierce City compressor station in the Northeast Quarter. (NE¼) of section 4, Township 26 North, Range 28 West, thence easterly to a point in the Northeast Quarter (NE¼) of section 1, Township 26 North, Range 27 West, all in Lawrence County, Missouri.

Applicant proposes to utilize said facilities to provide sufficient gas at sufficient pressures to meet peak day demands on its system serving Springfield, Missouri.

The estimated total over-all capital cost of the proposed facilities is $631,000 which Applicant proposes to pay for out of available bank credit under the terms and conditions set forth in Exh. 4, Docket No. G-1968.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 23d day of February 1953. The application is on file with the Commission for public inspection.

INTERSTATE COMMERCE COMMISSION

[No. 31104; No. MC-C-1431 and First Supplemental Order]

CANNED GOODS IN OFFICIAL TERRITORY

REASSIGNING TIME FOR HEARINGS AND PRESCRIBING NEW DUE DATES FOR PERFORMANCE OF CERTAIN ACTS

In the matters of (1) reassigning the time for hearings, and (2) prescribing new due dates for performance of certain acts required under previously prescribed special rules.

It appearing, that by order of December 15, 1952 (18 F. R. 90), (1) hearings were assigned in the above proceedings on March 23, 1953, at Washington, D. C., and (2) special rules were prescribed, directing, among other things, the prehearing interchange of prepared material;

It further appearing, that certain respondents have requested postponement of the date of hearings and corresponding postponement of the due dates for the performance of certain acts required under said special rules, and that certain shippers have requested said rules be amended so as to provide for a separate date for the submission of their initial testimony and exhibits, later than the submission date prescribed for the respondents;

And it further appearing, that upon consideration of the record, and good cause appearing therefor:

It is ordered, That the said hearings on March 23, 1953, be, and they are hereby, cancelled, and that the proceedings be, and they are hereby reassigned for hearing at the offices of the Interstate Commerce Commission, Washington, D. C., at 8:30 o'clock a. m., United States Standard Time (9:30 o'clock a. m., D. C. Daylight Saving Time), on April 28, 1953, before Examiner Oren G. Barber;

It is further ordered, That Rule 1 of the special rules entered herein by order of December 15, 1952 (18 F. R. 90), be, and it is hereby, superseded by the following Rule 1 which shall be applicable in lieu thereof:

1. *Prepared statement interchange before hearing.* The parties shall prepare in writing all evidence in chief of their witnesses and serve upon all the other parties, shown in the list issued pursuant to Rule 3 hereof, copies thereof together with any exhibits they intend to offer in evidence. Such testimony and exhibits shall be served by all respondents on or before March 23, 1953, and by all intervening shippers and other interveners on or before April 3, 1953. The filing and serving of all testimony and exhibits in rebuttal of such direct evidence shall be made by all parties on or before April 17, 1953. A copy of all testimony and exhibits shall also be mailed to the examiner. No other copies thereof need be filed with the Commission prior to hearing.

It is further ordered, That new due dates as set out below be, and they are hereby, prescribed for the performance of certain acts in lieu of indicated old due dates as follows:

Rule No.	Due dates (1953) Old	Due dates (1953) New	Performance subject matter
2	Feb. 17 or Mar. 6.	Apr. 3 or Apr. 17.	Determinative dates for the filing of petitions of intervention 7 days prior thereto.
5	Mar. 16	Apr. 22	Request for cross examination.

It is further ordered, That except as herein modified the said order of December 15, 1952, shall remain in full force and effect;

And it is further ordered, That in addition to service hereof upon all parties of record, a copy hereof also shall be filed with the Director, Division of the Federal Register, Washington, D. C.

Dated at Washington, D. C., this 29th day of January A. D. 1953.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[4th Sec. Application 27770]

PIPE FROM GALVESTON, HOUSTON AND ORANGE, TEX., TO MICHGIAN AND WISCONSIN

APPLICATION FOR RELIEF

FEBRUARY 4, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariff I. C. C. No. 3967.

Commodities involved: Steel or wrought iron pipe, carloads.

From: Galveston, Houston, and Orange, Tex.

To: Points in Michigan and Wisconsin.

Grounds for relief: Rail competition and circuitous routes.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3967, Supp. 198.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

DEPARTMENT OF THE TREASURY

Bureau of Customs

[467.2]

MUSTARD SEEDS

TARIFF CLASSIFICATION

FEBRUARY 3, 1953.

In the matter of notice of prospective classification of mustard seeds not used for spice purposes.

It appears probable that certain types of mustard seed are properly classifiable under paragraph 764, Tariff Act of 1930, as garden or field seeds, not specially provided for, at a rate of duty higher than that heretofore assessed under an established and uniform practice. The types of mustard seed referred to are as follows: Chinese broadleaf mustard, Chinese smoothleaf mustard, Florida broadleaf mustard, fordhook mustard, fordhook fancy mustard, southern giant curled mustard (both ordinary and long-standing varieties), old fashion mustard, and tendergreen mustard.

Pursuant to § 16.10a (d), Customs Regulations of 1943 (19 CFR 16.10a (d)) notice is hereby given that the existing uniform practice of classifying such merchandise as a spice under paragraph 781, Tariff Act of 1930, is under review in the Bureau of Customs.

Consideration will be given to any relevant data, views, or arguments pertaining to the correct classification of this merchandise which are submitted in writing to the Bureau of Customs, Washington 25, D. C. To assure consideration, such communications must be received in the Bureau not later than 30 days from the date of publication of this notice in the FEDERAL REGISTER. No hearings will be held.

[SEAL] D. B. STRUBINGER,
Acting Commissioner of Customs.

FEDERAL REGISTER

VOLUME 18 NUMBER 27

Washington, Tuesday, February 10, 1953

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10434

SUSPENSION OF WAGE AND SALARY CONTROLS UNDER THE DEFENSE PRODUCTION ACT OF 1950, AS AMENDED

WHEREAS the production of materials and services and the demand therefor in the national economy are approaching a practicable balance; and

WHEREAS the earliest possible return to freedom of collective bargaining in the determination of wages will serve to strengthen the national economy and thereby the national security; and

WHEREAS the stabilization of wages, salaries, and other compensation is not now necessary to carry out the purposes of the Defense Production Act; and

WHEREAS, in view of the foregoing, it is appropriate to permit adjustments of wages, salaries, and other compensation arrived at through the processes of free collective bargaining or other voluntary action to become effective:

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and statutes, including the Defense Production Act of 1950, as amended, and as President of the United States, it is hereby ordered as follows:

1. All regulations and orders issued pursuant to the Defense Production Act of 1950, as amended, stabilizing wages, salaries, and other compensation, are hereby suspended.

2. The wage, salary, and other compensation adjustments proposed in petitions pending before wage and salary control agencies may now be placed in effect without the approval of such agencies. To the extent that agreements involved in such petitions are conditioned upon approval under Title IV of the Defense Production Act, this order shall be deemed such approval, but such approval shall be subject to paragraph 3 hereof.

3. This order shall not operate to defeat any suit, action, prosecution, or administrative enforcement proceeding, whether heretofore or hereafter commenced, with respect to any right, liability, or offense possessed, incurred, or committed, prior to this date.

EXECUTIVE ORDER 10435

INSPECTION OF INCOME, EXCESS-PROFITS, DECLARED VALUE EXCESS-PROFITS, CAPITAL STOCK, ESTATE, AND GIFT TAX RETURNS BY THE SENATE COMMITTEE ON GOVERNMENT OPERATIONS

By virtue of the authority vested in me by sections 55 (a), 508, 603, 729 (a), and 1204 of the Internal Revenue Code (53 Stat. 29, 111, 171; 54 Stat. 989, 1008; 55 Stat. 722; 26 U. S. C. 55 (a), 508, 603, 729 (a), and 1204), it is hereby ordered that any income, excess-profits, declared value excess-profits, capital stock, estate, or gift tax return for the years 1945 to 1952, inclusive, shall, during the Eighty-third Congress, be open to inspection by the Senate Committee on Government Operations or the duly authorized subcommittee thereof in connection with its studies of the operation of Government activities at all levels with a view to determining its economy and efficiency, subject to the conditions stated in the Treasury decision[1] relating to the inspection of such returns by that Committee, approved by me this date.

This Executive order shall be effective upon its filing for publication in the FEDERAL REGISTER.

DWIGHT D EISENHOWER

Subpart—*Offering unfair, improper and deceptive inducements to purchase or deal:* § 3.2000 *Limited offers or supply.* Subpart—*Using misleading name—Goods:* § 3.2345 *Source or origin: Domestic product as imported.* In connection with the offering for sale, sale and distribution of perfumes and toilet waters in commerce, (1) using the words "Greetings from Paris," or a picture of the Eiffel Tower or any picturization indicative of France, in advertising products not compounded in France; or otherwise representing, directly or by implication, that such products are compounded in or imported from France; (2) using the words "Parfum du Soir", "Danse Apache," "Bois de Rose," "Jasmin Fleurage," "Feuille de Violette," "Eau D'Or," "Bailer Defendu," "Cyclamen des Alpes," "Oeillet," "Muguet de Mai" or "The Old French Glory," or any other words indicating French origin, as brand or trade names for perfumes or toilet waters compounded in the United States, without clearly and conspicuously stating, in immediate connection and conjunction therewith, that such products are compounded in the United States; (3) representing that any offer of products at a stated price must be accepted within a certain time, unless such offer is in fact so limited; (4) using the word "free" or any other word of similar import to designate, describe or refer to any product or to any ingredient contained therein which is not in fact a gift or gratuity, or the receipt of which is conditioned on the purchase of other products; (5) representing that products contain gold, unless substantial amounts of gold are in fact contained therein; or, (6) representing that the gold content in respondent's products prolongs the fragrance thereof; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and Desist order, George Altstadter trading as Argentum Laboratories, Philadelphia, Pa., Docket 5909, Nov. 6, 1952]

In the Matter of George Altstadter Trading as Argentum Laboratories

This proceeding was heard by William L. Pack, hearing examiner, upon the complaint of the Commission, respondent's answer, and hearings at which testimony and other evidence, duly recorded and filed in the office of the Commission, in support of and in opposition to the allegations of said complaint, were introduced before said examiner, theretofore duly designated by the Commission.

Thereafter the proceeding regularly came on for final consideration by said examiner, upon the complaint, answer thereto, testimony and other evidence, the filing of proposed findings and conclusions having been waived and oral argument not having been requested; and said examiner, having duly considered the record in the matter and having found that the proceeding was in the interest of the public, made his initial decision, comprising certain findings as to the facts,[1] conclusion drawn therefrom,[1] and order to cease and desist.

Thereafter, following respondent's appeal from said initial decision, the matter was disposed of by the Commission's "Order Denying Respondent's Appeal from Initial Decision of the Hearing Examiner, Decision of the Commission and Order to File Report of Compliance," dated November 7, 1952, as follows:

This matter came on to be heard by the Commission upon the respondent's

[1] Filed as part of the original document.

appeal from the hearing examiner's initial decision herein and brief in opposition thereto filed by counsel in support of the complaint (oral argument not having been requested).

Respondent in his appeal specifically objects only to that portion of the order contained in the initial decision which prohibits him from stating that his perfume contains gold unless it contains a substantial amount of gold. Respondent contends that the perfume so represented does, in fact, contain gold, that it is a vital part of his formula and that the fact it is present in small quantities is immaterial. The record shows that respondent considers the gold to act as a fixative in his perfume.

A consideration of respondent's advertisements in the record shows that they clearly imply that his perfume contains a substantial quantity of gold. Three members of the public, who had received certain of respondent's advertisements through the mail, testified that in their opinion a substantial gold content was implied by his advertisements.

An analysis of samples of perfume represented by respondent as containing gold was made by a chemist of the National Bureau of Standards who testified that they contained less than two thousandths of a microgram of gold per milliliter, an extremely small amount. This amount is less than the lowest concentration of gold found in sea water. There is no evidence of record indicating that such an infinitesimal concentration of gold has any effect as a fixative or otherwise in perfume. Also, in addition to respondent's claim as to the utility of value of gold in his perfume, the representation that the perfume contains pure gold in itself has an appeal to the purchasing public because of the prestige and intrinsic value of gold. Respondent's representation that perfume contains "Pure 24-Karat Gold" which, in fact, contains gold in such microscopic quantities, is false and deceptive.

The Commission, therefore, being of the opinion that the respondent's appeal is without merit and that the hearing examiner's initial decision is appropriate in all respects to dispose of this proceeding:

It is ordered, That the respondent's appeal from the hearing examiner's initial decision be, and it hereby is, denied.

It is further ordered, That the initial decision of the hearing examiner shall on the 6th day of November, 1952, become the decision of the Commission.

It is further ordered, That the respondent George Altstadter, an individual trading as Argentum Laboratories, shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with the order to cease and desist contained in said initial decision, a copy of which is attached hereto.[1]

The order to cease and desist in said initial decision, thus made the decision of the Commission, is as follows:

[1] Filed as part of the original document.

It is ordered, That the respondent, George Altstadter, individually and trading as Argentum Laboratories or trading under any other name, and his agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of perfumes and toilet waters in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Greetings from Paris," or a picture of the Eiffel Tower or any picturization indicative of France, in advertising products not compounded in France; or otherwise representing, directly or by implication, that such products are compounded in or imported from France.

2. Using the words "Parfum du Soir," "Danse Apache," "Bois de Rose," "Jasmin Fleurage," "Feuille de Violette," "Eau D'Or," "Baiser Defendu," "Cyclamen des Alpes," "Oeillet," "Muguet de Mai" or "The Old French Glory," or any other words indicating French origin, as brand or trade names for perfumes or toilet waters compounded in the United States, without clearly and conspicuously stating, in immediate connection and conjunction therewith, that such products are compounded in the United States.

3. Representing that any offer of products at a stated price must be accepted within a certain time, unless such offer is in fact so limited.

4. Using the word "free" or any other word of similar import to designate, describe or refer to any product or to any ingredient contained therein which is not in fact a gift or gratuity, or the receipt of which is conditioned on the purchase of other products.

5. Representing that products contain gold, unless substantial amounts of gold are in fact contained therein.

6. Representing that the gold content in respondent's products prolongs the fragrance thereof.

Issued: November 7, 1952.

By the Commission.

[SEAL] WM. P. GLENDENING, Jr.,
Acting Secretary.

[Docket 5954]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

HOME ARTS

Subpart—*Misrepresenting oneself and goods—Goods:* § 3.1680 *Manufacture or preparation;* § 3.1710 *Qualities or properties;* § 3.1735 *Sample, offer, or order conformance: Prices:* § 3.1825 *Usual as reduced or to be increased.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 3.1875 *Nonstandard character of product.* Subpart—*Offering unfair, improper and deceptive inducements to purchase or deal:* § 3.2060 *Sample, offer or order conformance;* § 3.2070 *Special offers, savings and discounts.* In connection with the offering for sale, sale and distribution in commerce, of respondent's photographic enlargements or reproductions and of frames and glasses therefor, (1) representing, directly or by implication, that the price at which any of respondent's products is offered for sale represents a special, reduced or discounted price, when such price is in fact the customary price at which said product is regularly sold; (2) representing, by any means or in any manner, that the respondent is conducting a drawing, lottery, plan, or scheme whereby a prospective customer is given a chance to obtain any of respondent's products at a special, reduced or discounted price; or that a prospective customer, by participating in any drawing, lottery, plan, or scheme, may be entitled to receive any of respondent's products at a special, reduced or discounted price; (3) exhibiting to a prospective customer, as a sample, any photograph or picture which is not in fact representative of the pictures sold by respondent; or representing, directly or by implication, that a picture to be made and delivered will be equal in type, quality, and workmanship to the sample displayed to the customer, unless the picture thereafter delivered is in fact of the same type, quality, and workmanship as such sample; (4) concealing from, or failing to disclose to, customers at the time pictures are ordered that the finished picture will be so shaped and designed that it can ordinarily be used only in an odd-style frame which is sold by respondent; or, (5) representing that the glass in the picture frames which respondent sells is special or unbreakable or that the picture is baked or pressed into the frame in a special way, if such is not the fact; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Chester Burr Renner trading as Home Arts, Cleveland, Ohio, Docket 5954, November 4, 1952]

In the Matter of Chester Burr Renner Trading as Home Arts

This proceeding was heard by John Lewis, hearing examiner, upon the complaint of the Commission, respondent's answer, and hearings at which testimony and other evidence in support of and in opposition to the allegations of the complaint were introduced before said examiner, theretofore duly designated by the Commission, and were duly recorded and filed in the office of the Commission.

Thereafter the proceeding regularly came on for final consideration by said examiner on the complaint, the answer thereto, testimony and other evidence, and proposed findings as to the facts and conclusions presented by counsel, oral argument not having been requested, and said examiner, having duly considered the record in the matter and having found that the proceeding was in the interest of the public, made his initial decision comprising certain findings as to the facts,[1] conclusion drawn therefrom,[1] and order to cease and desist.

No appeal having been filed from said initial decision of said hearing examiner

as provided for in Rule XXII, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order to cease and desist, accordingly, under the provisions of said Rule XXII became the decision of the Commission on November 4, 1952.

The said order to cease and desist is as follows:

It is ordered, That respondent, Chester Burr Renner, individually, and trading as Home Arts, or trading under any other name, and his agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondent's photographic enlargements or reproductions and of frames and glasses therefor, do forthwith cease and desist from:

1. Representing, directly or by implication, that the price at which any of respondent's products is offered for sale represents a special, reduced or discounted price, when such price is in fact the customary price at which said product is regularly sold.

2. Representing, by any means or in any manner, that the respondent is conducting a drawing, lottery, plan, or scheme whereby a prospective customer is given a chance to obtain any of respondent's products at a special, reduced or discounted price; or that a prospective customer, by participating in any drawing, lottery, plan, or scheme, may be entitled to receive any of respondent's products at a special, reduced or discounted price.

3. Exhibiting to a prospective customer, as a sample, any photograph or picture which is not in fact representative of the pictures sold by respondent; or representing, directly or by implication, that a picture to be made and delivered will be equal in type, quality, and workmanship to the sample displayed to the customer, unless the picture thereafter delivered is in fact of the same type, quality, and workmanship as such sample.

4. Concealing from, or failing to disclose to, customers at the time pictures are ordered that the finished picture will be so shaped and designed that it can ordinarily be used only in an odd-style frame which is sold by respondent.

5. Representing that the glass in the picture frames which respondent sells is special or unbreakable or that the picture is baked or pressed into the frame in a special way, if such is not the fact.

By "Decision of the Commission and order to file report of compliance," Docket 5954, November 4, 1952, which announced and decreed fruition of said initial decision, report of compliance was required as follows:

It is ordered, That the respondent herein shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with the order to cease and desist.

Issued: November 4, 1952.

By the Commission.

[SEAL] D. C. DANIEL, *Secretary.*

TITLE 18—CONSERVATION OF POWER

Chapter I—Federal Power Commission

Subchapter G—Approved Forms, Natural Gas Act

[Docket No. R-125; Order 164]

PART 260—STATEMENTS AND REPORTS (SCHEDULES)

PRESCRIBING FILING OF MONTHLY STATEMENT OF OPERATING REVENUES AND INCOME FOR NATURAL GAS COMPANIES (CLASSES A AND B)

FEBRUARY 3, 1953.

Pursuant to authority granted by the Natural Gas Act particularly sections 10 (a) and 16 of the act (52 Stat. 826, 830, 15 U. S. C. 717i, 717o), the Commission initiated this proceeding on November 13, 1952, to amend § 260.3 of Part 260 of its general rules and regulations and to prescribe a revised F. P. C. Form No. 11, Monthly Statement of Operating Revenues and Income for Natural Gas Companies (Classes A and B). Notice of proposed rule making giving any interested person opportunity to submit written comments concerning the proposed revision was published in the FEDERAL REGISTER on November 20, 1952 (17 F. R. 10602).

Only two companies submitted comments and the suggestion of one of them that questions concerning dividends declared on common and preferred stock be retained in the revised Form 11 has been adopted. The other company noted that some of its figures, such as construction work in progress, must be submitted on an estimated basis subject to later adjustment. This appears to be feasible without any change in the Form but estimates should be so marked.

We are of the opinion that further proceedings in this matter are unnecessary. Accordingly, the Commission considers it appropriate and in the public interest to promulgate this amendment to the regulations immediately.

Upon consideration of the record in this proceeding, the Commission further finds:

(1) Adoption and promulgation of the proposed amendment of § 260.3 of Part 260 of the general rules and regulations and of F. P. C. Form No. 11 as revised is necessary and appropriate for the purposes of the administration of the Natural Gas Act.

(2) Good cause exists for making the proposed amendment and F. P. C. Form No. 11 as revised effective as of the date of issuance of this order.

The Commission, therefore, acting pursuant to authority granted by the Natural Gas Act, particularly section 10 (a) and 16 thereof (52 Stat. 826, 830, 15 U. S. C. 717i, 717o) orders:

(A) The general rules and regulations of the Commission are hereby amended to the extent that § 260.3 of Part 260 of Subchapter G of Chapter I, Title 18 of the Code of Federal Regulations read as follows:

§ 260.3 *Form No. 11, Monthly statement of operating revenues and income for natural gas companies (classes A and B).* (a) FPC Form No. 11, Revised, Monthly Statement of Operating Revenues and Income for natural-gas companies, as defined in the Natural Gas Act, which are in Classes A and B, as defined in the Commission's Uniform System of Accounts Prescribed for Natural Gas Companies, subject to the provisions of the Natural Gas Act, be and the same hereby is approved.

(b) Each natural-gas company which is in Class A or B shall file with the Commission one copy of such Monthly Statement of Operating Revenues and Income, FPC Form No. 11, Revised, for the month of January 1953, and each month thereafter; such statement is to be filed on or before the last day of the month following that covered by the statement; such statement shall be signed by the Chief Accounting Officer of each natural-gas company reporting, but is not required to be under oath.

(c) Form No. 11, Revised, is designed to obtain monthly information concerning gas operating revenues, revenue deductions, and income including information consisting of (1) detail of operating expenses by functional account groups, including a statement of the cost of purchased gas and the volume purchased, (2) interest charged to construction, (3) gas construction work in progress, (4) gas materials and supplies, (5) volume and value of gas stored underground, and (6) dividend appropriations.

(B) The amended regulation § 260.3 and Form No. 11, Revised, referred to and hereby prescribed, be and the same hereby are made effective as of the date of issuance of this order.

(C) Order No. 131, dated April 17, 1946, and Form No. 11 thereby prescribed be and the same are hereby superseded.

(D) This order shall become effective on the date of issuance thereof and the Secretary of the Commission shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

(Sec. 16, 52 Stat. 830; 15 U. S. C. 717o. Interprets or applies sec. 10, 52 Stat. 826; 15 U. S. C. 717i)

Date of issuance: February 5, 1953.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 53-1353; Filed, Feb. 9, 1953; 8:50 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 24]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LOW FREQUENCY RANGE PROCEDURES

Station; frequency; identification; class	Minimum initial approach altitude from the direction and radio fix indicated	Final approach range course	Procedure turn minimum at distances from radio range station	Minimum altitude over range; final approach (ft.)	Station to airport		Field elevation (ft.)	Ceiling and visibility minimum					If visual contact not established over airport at authorized lauding minimums, or if landing not accomplished; remarks

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter E—Administrative Provisions Common to Various Taxes

[T. D. 5981]

PART 458—INSPECTION OF RETURNS

INSPECTION OF INCOME, EXCESS-PROFITS, DECLARED VALUE EXCESS-PROFITS, CAPITAL STOCK, ESTATE, AND GIFT TAX RETURNS BY THE SENATE COMMITTEE ON GOVERNMENT OPERATIONS

§ 458.316 *Inspection of returns by Senate Committee on Government Operations during 83d Congress.* (a) (1) Pursuant to the provisions of sections 55 (a), 508, 603, 729 (a), and 1204 of the Internal Revenue Code (53 Stat. 29, 111, 171; 54 Stat. 989, 1008; 55 Stat. 722; 26 U. S. C. 55 (a), 508, 603, 729 (a), and 1204), and of the Executive order[1] issued thereunder, any income, excess-profits, declared value excess-profits, capital stock, estate, or gift tax return for the years 1945 to 1952, inclusive, shall during the Eighty-third Congress, be open to inspection by the Senate Committee on Government Operations or the duly authorized subcommittee thereof, in connection with its studies of the operation of Government activities at all levels with a view to determining its economy and efficiency.

(2) The inspection of returns authorized in this section may be made by the Committee or such duly authorized subcommittee thereof, acting directly as a Committee or as a subcommittee, or by or through such examiners or agents as the Committee or the subcommittee may designate or appoint in its written request hereinafter mentioned. Upon written request by the Chairman of the Committee or of the authorized subcommittee to the Secretary of the Treasury, giving the names and addresses of the taxpayers whose returns it is necessary to inspect and the taxable periods covered by the returns, the Secretary and any officer or employee of the Treasury Department shall furnish such Committee or subcommittee with any data relating to or contained in any such return, or shall make such return available for inspection by the Committee or the subcommittee or by such examiners or agents as the Committee or the subcommittee may designate or appoint, in the office of the Commissioner of Internal Revenue. Any information thus obtained by the Committee or the subcommittee thereof shall be held confidential: *Provided, however,* That any portion or portions thereof relevant or pertinent to the purpose of the investigation may be submitted by the Committee to the United States Senate.

[1] See Title 3, Executive Order 10435, *supra.*

(b) Because of the immediate need of the said Committee to inspect the tax returns herein mentioned, it is found that it is impracticable and contrary to the public interest to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of that act.

(c) This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

(53 Stat. 467; 26 U. S. C. 3791)

G. M. HUMPHREY,
Secretary of the Treasury.

Approved: February 6, 1953.

DWIGHT D EISENHOWER,
The White House.

TITLE 32—NATIONAL DEFENSE

Chapter IV—Joint Regulations of the Armed Forces

Subchapter A—Armed Services Procurement Regulations

PART 404—INTERDEPARTMENTAL PROCUREMENT

PART 405—FOREIGN PURCHASES

MISCELLANEOUS AMENDMENTS

1. The following amendments and additions are made to Part 404—Interdepartmental Procurement (32 CFR Part 404). The amendments and additions herein pertain to procurements from or through the General Services Administration.

Part 404 is amended by revising § 404.000 and Subpart A as follows:

Sec.

404.000 Scope of part.

SUBPART A—PROCUREMENT FROM OR THROUGH THE GENERAL SERVICES ADMINISTRATION

404.101 General.
404.102 Procurement through use of Federal Supply Schedule contracts.
404.102–1 Mandatory items.
404.102–2 Optional use by the military departments.
404.102–3 Contents of orders.
404.102–4 Distribution of Federal Supply Schedules.
404.103 Federal Supply Service consolidated purchasing programs.
404.103–1 Mandatory use of consolidated purchasing programs.
404.103–2 Optional use of consolidated purchasing programs.
404.104 Federal Supply Service Stores Depots.
404.104–1 Common administrative supplies.
404.104–2 Supplies other than common administrative supplies.

AUTHORITY: §§ 404.000 to 404.104–2 issued under R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161.

§ 404.000 *Scope of part.* This part deals with the procurement of supplies and services by the Military Departments from or through any other Government department or agency, with the exception of the procurement of supplies and services under the authority of Part 403—Coordinated Procurement, of this chapter.

SUBPART A—PROCUREMENT FROM OR THROUGH THE GENERAL SERVICES ADMINISTRATION

§ 404.101 *General.* The procurement of common administrative supplies and services shall be through the General Services Administration to the extent provided in this subpart. Implementation of procurement from or through the General Services Administration as it affects military supply responsibilities shall be under the guidance of the staffs of the Munitions Board and of the General Services Administration. Determinations arrived at which modify or change military procurement responsibilities shall be based on recommendations of Task Groups having military departmental representation and shall be subject to the approval of the Munitions Board. The decisions of the Munitions Board shall be promulgated by Department of Defense Directives, which shall specify the extent of coverage of each determination including provisions for emergency procurement, and when supplies or services cannot be obtained within the time required.

§ 404.102 *Procurement through use of Federal Supply Schedule contracts.* The Federal Supply Service of the General Services Administration prepares and issues Federal Supply Schedules of indefinite quantity contracts entered into for items commonly used by agencies of the Government. The contracts provide that agencies of the Government may issue purchase orders direct to any Contractor listed in the Federal Supply Schedule, receive and inspect the shipment, and make payment direct to the Contractor without referring the transaction to the Federal Supply Service.

§ 404.102–1 *Mandatory items.* Those provisions of the Federal Supply Schedules approved by the Munitions Board as mandatory on the Department of Defense shall be complied with by the Military Departments in the procurement of supplies and services listed therein. Where appropriate, requirements for mandatory items shall be determined with reasonable accuracy and furnished to the General Services Administration sufficiently in advance to permit that Administration to accomplish planned contracting.

§ 404.102–2 *Optional use by the military departments.* Those Federal Supply Schedules which have not been designated as mandatory on the Department of Defense by the Munitions Board may be utilized by the Military Departments as another source of supply to the extent feasible.

§ 404.102–3 *Contents of orders.* Orders issued under contracts of the Federal Supply Service shall contain sufficient data to enable prompt identification of the correct listing in the proper Federal Supply Schedule.

§ 404.102–4 *Distribution of Federal Supply Schedules.* Federal Supply Schedules and catalogs of contractors holding contracts for supplies covered by such Schedules (including price lists), except catalogs which by special agreement may be furnished directly by such contractors, are supplied by the various General Services Administration regional offices, the locations of which are listed below:

GSA Region or District Office, and Address and Telephone No.

Region 1, Boston 9, Mass.; 620 Post Office and Court House; Liberty 2–5600.

Region 2, New York 3, N. Y.; 230 Hudson Street; Algonquin 5–4300.

Region 3, Washington 25, D. C.; Room 4130, Seventh and D Streets SW.; Republic 7–7500, Extension 3222.

Region 4, Atlanta 3, Ga.; 50 Whitehall Street SW.; Walnut 4121, Extension 662.

Region 5, Chicago 4, Ill.; Room 575, U. S. Court House, 219 South Clark Street; Harrison 7–4700. Cleveland 15, Ohio; WJW Building, Fifth Floor, 1375 Euclid Avenue; Cherry 1–7900.

Region 6, Kansas City 6, Mo.; Room 1900 Federal Office Building, 911 Walnut Street; Harrison 6464, Extension 361.

Region 7, Dallas 2, Tex.; Seventeenth Floor, 1114 Commerce Street; Riverside 6951.

Region 8, Denver, Colo.; Denver Federal Center; Tabor 2181.

Region 9, San Francisco 3, Calif.; 49 Fourth Street; Yukon 6–3111. Los Angeles 15, Calif.; 1031 South Broadway; Prospect 7841.

Region 10, Seattle 4, Wash.; Federal Office Building, 909 First Avenue; Seneca 3100.

§ 404.103 *Federal Supply Service consolidated purchasing programs.* The Federal Supply Service conducts consolidated purchasing programs for the delivery of definite quantities of selected items directly from vendors to Government depots for storage and subsequent issue by the using departments, and for delivery of definite quantities of selected items from vendors to use points or ports of embarkation. In this connection, the General Services Administration assigns purchase responsibility for certain common administrative supplies and services to civilian agencies.

§ 404.103–1 *Mandatory use of consolidated purchasing programs.* The mandatory use by the Departments of the Federal Supply Service consolidated purchasing programs covering selected common administrative supplies and services will be prescribed by Department of Defense Directives based on actions of the Munitions Board. Requirements of the Departments shall be determined and furnished sufficiently in advance to the Federal Supply Service so as to permit it to do planned purchasing.

§ 404.103–2 *Optional use of consolidated purchasing programs.* Optional use by the Departments of consolidated purchasing programs conducted by the Federal Supply Service is permitted for common administrative supplies and services which are not covered by the mandatory purchasing programs as required by Department of Defense Directives.

§ 404.104 *Federal Supply Service Stores Depots.* The Federal Supply Service operates a chain of stores depots located at the cities listed in § 404.102–4. Periodically, the Federal Supply Service publishes an illustrated Store Stock Catalog which shows standard items carried in stock for issue by all such stores depots, as well as special items carried in stock for issue only by certain stores depots. Prices for these stock items may be shown in the Store Stock Catalog or on separate price lists. Copies of the Store Stock Catalog and price lists may be obtained from any of these depots.

§ 404.104–1 *Common administrative supplies.* Military activities and installations located in the continental United States will, for those items which they are authorized to purchase locally for local consumption, consider the Federal Supply Service Stores Depots as the sole source of supply for the common administrative supplies listed in the Federal Supply Service Store Stock Catalog except where conditions are such that the use of imprest funds, Standard Form 44 or other simplified procurement methods is more practicable or economical. In the latter instances, procurement from other than Federal Supply Service Stores Depots is authorized.

§ 404.104–2 *Supplies other than common administrative supplies.* Military activities and installations located in the continental United States which are authorized to purchase locally their requirements for supplies may purchase supplies other than common administrative supplies from Federal Supply Service Stores Depots when (a) they have made prior arrangements with authorized field agencies of the Federal Supply Service to establish estimates of requirements and to assure availability of the supplies and quantities required; (b) the supplies are identified as being available to and used by Federal agencies generally through facilities of the Federal Supply Service Stores Depots; (c) military effectiveness will not be decreased; and (d) cost compares favorably with delivered cost of like supplies available from commercial sources. While Federal Supply Service Stores Depots are not mandatory on the Department of Defense except as stated above, Military Departments should require their facilities, particularly those where responsibility is administrative in nature, to utilize the Federal Supply Service Stores Depots in the interest of supply economy.

2. The following amendments are made to Part 405—Foreign Purchases (32 CFR Part 405). The amendments relate to: (1) Cases affected by the Buy-American Act where the lowest acceptable foreign bid is more than $25,000 and the differential between that bid and the lowest net cost of United States supplies is less than 25 percent of the foreign bid; (2) addition of hog bristles to the list of items excepted from the provisions of the Buy-American Act.

a. Section 405.105–1 is revised as follows:

§ 405.105–1 *Exceptions based on unreasonable cost.* It has also been administratively determined by the Secretaries of the three departments, in accordance with the provisions of § 405.104, that the cost would be unreasonable, and that therefore the prohibitions of the Buy American Act would not apply, when the lowest net cost of United States supplies exceeds the lowest net cost of foreign supplies, including duty, by 25 percent or more (100 percent in the case of foreign supplies costing $100 or less). However, in any case involving a differential of less than 25 percent, where the Contracting Officer, because of the amount involved, considers the differential to be unreasonable, he may submit the matter for consideration to the Secretary of the Department concerned; further, in any case involving a differential of less than 25 percent, and when the total amount of the lowest acceptable foreign proposal exceeds $25,000, the Contracting Officer shall submit the matter for consideration to the Secretary of the Department concerned.

b. The following item is added to the list of supplies to be procured for public use in § 405.109, between the items "Graphite" and "Hyoscine":

Hog bristles.

(R. S. 161, 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

J. C. HOUSTON, Jr.,
Acting Chairman,
Munitions Board.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Defense Mobilization

[Defense Mobilization Order 25]

DMO 25—Establishing the Position of Assistant Director for Production

There is hereby established within the Office of Defense Mobilization the position of Assistant Director for Production.

On behalf of the Director of Defense Mobilization, the Assistant Director for Production shall exercise the authority of the Director under Executive Order No. 10200, except the authority under section 2 (c) 5 thereof relating to certain voluntary agreements.

Actions heretofore taken by the authority of Executive Order 10200, including delegations of authority thereunder, are hereby ratified and confirmed and shall continue in effect until amended or rescinded by the Director or the Assistant Director for Production.

This order shall take effect on February 10, 1953.

OFFICE OF DEFENSE MOBILIZATION,
ARTHUR S. FLEMMING,
Acting Director

FEBRUARY 9, 1953.

[F. R. Doc. 53–1424; Filed, Feb. 9, 1953; 11:26 a. m.]

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 118, Supplementary Regulation 1, Amdt. 1]

CPR 118, SR 1—Certain Producers of of Bolts, Nuts, Screws, and Rivets

REVISION OF PERIOD DURING WHICH UNIFORM PRICE RELATIONSHIP MUST HAVE BEEN MAINTAINED

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Supplementary Regulation 1 to Ceiling Price Regulation 118 is hereby issued.

STATEMENT OF CONSIDERATIONS

Supplementary Regulation (SR) 1 to Ceiling Price Regulation (CPR) 118 permits producers of nuts, bolts, screws and rivets to apply to the Office of Price Stabilization for an adjustment of their ceiling prices established under CPR 118 if those ceiling prices do not bear the same relationship to the prices of competitive sellers as was maintained prior to the outbreak of hostilities in Korea. In order to qualify for an adjustment, a producer must establish that his ceiling prices under CPR 118 do not reflect the same uniform relationship to the prices of a competitive seller that was maintained during the period July 1, 1949, to June 30, 1950 (or during the period July 1, 1949, to March 31, 1950, for producers who can also show that the uniform relationship was not maintained for the last quarter of the year July 1, 1949–June 30, 1950, because prices were quoted on a firm quarterly basis). However, in the administration of SR 1 the Office of Price Stabilization has found that because of the extremely competitive conditions which existed in the industry from July 1949 to June 1950, particularly during the first six months of that period, it is not realistic to require that a uniform relationship between the applicant's prices and the prices of a competitive seller must have been maintained during the entire period from July 1, 1949, to June 30, 1950, or from July 1, 1949, to March 31, 1950. To require the applicant to establish that his prices bore a uniform relationship to a competitor's prices during any consecutive six months of the period from July 1, 1949, to June 30, 1950, would be in accordance with the realities of the situation and, on the other hand, would not provide a means by which a producer could obtain an adjustment not justified by his historical position in the industry.

SR 1 to CPR 118 is accordingly amended to permit producers of bolts, nuts, screws and rivets to apply for an adjustment of their ceiling prices established under SR 1 to CPR 118 if those ceiling prices do not bear the same relationship to the prices in the industry that the producer maintained during any consecutive six months of the period from July 1, 1949, to June 30, 1950.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Supplementary Regulation 1 to Ceiling Price Regulation 118 is amended in the following respects:

1. Section 1 is amended to read as follows:

SECTION 1. *What this supplementary regulation does.* This supplementary regulation permits producers of bolts, nuts, screws and rivets to apply for an adjustment of their ceiling prices established under CPR 118 if those ceiling prices do not bear the same relationship to the prices in the industry that the producer maintained during any consecutive six months of the period from July 1, 1949 to June 30, 1950.

2. Paragraph (a) of section 2 is amended to read as follows:

SEC. 2. *Application for individual adjustment*—(a) *Who may apply.* If you are a producer of bolts, nuts, screws or rivets you may apply for an adjustment in the ceiling price of any product which you produce if:

(1) During any consecutive six months of the period from July 1, 1949, to June 30, 1950, the price of the product covered by your application was maintained in a uniform relationship to the price for the same or similar product charged by a competitive seller; and

(2) Your ceiling price under CPR 118 does not bear the same relationship to the ceiling price of the same competitive seller that was maintained during that consecutive six months of the period from July 1, 1949, to June 30, 1950.

3. Subdivision (iii) of paragraph (b) (1) of section 2 is amended by adding the word "and" after the semicolon.

4. Subdivision (iv) of paragraph (b) (1) of section 2 is amended by deleting the word "and" after the semicolon.

5. Subdivision (v) of paragraph (b) (1) of section 2 is deleted.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Supplementary Regulation 1 to Ceiling Price Regulation 118 is effective February 6, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 6, 1953.

[F. R. Doc. 53-1382; Filed, Feb. 6, 1953; 4:51 p. m.]

[General Overriding Regulation 4, Revision 1, Amdt. 17]

GOR 4—EXEMPTIONS AND SUSPENSIONS OF CERTAIN CONSUMER SOFT GOODS

EXEMPTION OF PREVIOUSLY SUSPENDED COMMODITIES AND ADDITIONAL EXEMPTIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this amendment to General Overriding Regulation 4, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

The President of the United States has announced that he does not intend to ask for a renewal of price controls on April 30, 1953, when they expire. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This Amendment to GOR 4, Revision 1 is one of the actions by which OPS is carrying out that instruction.

GOR 4 was issued to provide a single listing of consumer soft goods as to which changing condition justified suspension or removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to the sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in the form of amendments adding additional groups of items which are to be exempted from price control.

This amendment exempts from price control the following additional commodities:

Synthetic fibers, hard and bast fibers and products containing 50% or more by weight or material cost of such fibers, apparel not previously exempted and a number of miscellaneous fabricated textile products, and textile waste. The amendment also exempts from price control at both the wholesale and retail levels all articles described in the categories set forth in Appendix B to Ceiling Price Regulation 7, regardless of whether their ceiling prices were established under the General Ceiling Price Regulation or under CPR 7.

This amendment further provides that all consumer soft goods for which price ceilings have previously been suspended are now exempt from price control.

This amendment also expressly continues the requirements heretofore in effect under the applicable regulations respecting preservation of records as to past transactions.

In view of the special nature and basis of this amendment, consultation with industry representatives was impracticable and unnecessary.

AMENDATORY PROVISIONS

General Overriding Regulation 4, Revision 1, as amended, is further amended as follows:

1. The following sentence is added after the first sentence in section 2: "However, any record relating to a commodity exempted from price control which you were required to have immediately prior to such exemption shall continue to be preserved, and made available for examination by the Office of Price Stabilization or any other authorized agency of the United States, in the manner and for the period stipulated in the regulation requiring you to have such record."

2. Section 2 is further amended by adding the following paragraphs:

(l) All sales of consumer soft goods as to which the application of ceiling price regulations has been suspended.

(m) All manufacturers' sales of apparel, apparel furnishings and apparel accessories made of textile materials, leather, fur, plastic, other materials which are normally served as part of the assembly operation, or a combination of such materials.

(n) Synthetic fibers.

(o) Hard and bast fibers and all products containing 50 percent or more by weight or material cost of such fibers.

(p) Manufacturers' sales of the following commodities, consisting of 50 percent or more, by weight or material cost, of raw wool, raw cotton or processed yarns or fabrics composed of wool, cotton, silk, synthetics or combinations thereof:

Applique.
Art goods for embroidering.
Badges.
Bags, except as designed for use as a component part of or accessory to industrial machinery or equipment, including:
  Coffee urn.
  Garment.
  Hat.
  Shoe.
Banners.
Batts and batting.
Bedspreads and spreads.
Bindings.
Blankets, including:
  Afghans.
  Automobile robes.
  Electric.
  Steamer rugs.
Bobbinet.
Braids.
Cases.
Cheese bandages and circles.
Cloth, including:
  Cleaning.
  Dish.
  Polishing.
  Wash.
  Wiping.
Comforters and quilts.
Cordage, rope, twine and thread.
Covers, including:
  Bedspring.
  Blanket.
  Canvas.
  Card table.
  Cotton bale.
  Mattress.
  Pillow.
Curtains and drapes, including:
  Door.
  Shower.
  Window.
Cushions, decorative and pin.
Diapers.
Emblems.
Filter cloths and bags, except as designed for use as a component part of or accessory to industrial machinery or equipment.
Flags.
Fringe and ball fringe.
Gimps.
Initials and insignia.
Labels.
Laces and embroideries.
Laces, boot and shoe.
Linens, bath, kitchen, table, and other household, including:
  Bath mats.
  Bed sheets.
  Bridge sets.
  Doilies and doily sets.
  Dresser sets.
  Napkins.
  Tablecloths.
  Pillow slips and cases.
  Place mats and luncheon sets.
  Scarves and runners.
  Towels and towel sets.
Looper clips.
Nets, seines (except hand nets), including:
  Fish.
  Laundry.
  Mosquito.
  Sports.
Notion novelties, including:
  Powder puffs.
  Sachets.
Pads and padding, including:
  Bed.
  Ironing board.
  Mattress.
  Table.
Pennants.
Pot holders.
Slipcovers, except glider covers and automobile seat covers, including:
  Chair.
  Sofa.
  Studio couch.
Soles and sole materials.
Tags.
Tapestries.
Tents.
Ticks and ticking.
Tracing cloth.
Upholstery filling.
Wadding.
Webbing, tape (except surgical adhesive tape), braid, cord (elastic and non-elastic), except fabricated covered rubber thread.
Welts.
Wicking.

(q) Raw and processed textile waste materials consisting of 50 percent or more, by weight or material cost, of cotton, silk, synthetics, or combinations thereof.

(r) Sales at wholesale or retail, except sales in the territories and possessions of the United States, of all articles described in the categories set forth in Appendix B to Ceiling Price Regulation 7—Retail Ceiling Prices for Certain Consumer Goods, regardless of whether their ceiling prices have been determined under the General Ceiling Price Regulation or under CPR 7. (A sale at wholesale or retail is a sale by a person who buys an article and resells it without substantially changing its form.)

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup., 2154)

Effective date. This amendment is effective February 6, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 6, 1953.

[F. R. Doc. 53-1383; Filed, Feb. 6, 1953; 4:51 p. m.]

[General Overriding Regulation 5, Revision 1, Amdt. 15]

GOR 5—EXEMPTIONS AND SUSPENSIONS OF CERTAIN CONSUMER DURABLE GOODS AND RELATED COMMODITIES

ADDITIONAL EXEMPTIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 15 to General Overriding Regulation 5, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

The President of the United States has announced that he does not intend to ask for a renewal of price controls on April 30, 1953, when they expire. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This amendment to GOR 5 is one of the actions by which OPS is carrying out that instruction.

GOR 5 was issued to provide a single listing of consumer durable goods and related commodities as to which changing conditions justified suspension or removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to the sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in the form of amendments adding additional groups of items which are to be exempted from price control.

This amendment exempts from price control all furniture, including but not limited to household, office, restaurant, professional, and public building furniture. It further provides that all consumer durable goods and related commodities for which price ceilings have previously been suspended are now exempt from price control.

This amendment also expressly continues the requirements heretofore in effect under the applicable regulations respecting preservation of records as to past transactions.

In view of the special nature and basis of this amendment, consultation with industry representatives was impracticable and unnecessary.

AMENDATORY PROVISIONS

Article II of General Overriding Regulation 5, Revision 1, is hereby amended in the following respects:

1. Section 2 is amended by adding thereto the following sentence: "However, any record relating to a commodity exempted from price control which you were required to have immediately prior to such exemption shall continue to be preserved, and made available for examination by the Office of Price Stabilization or any other authorized agency of the United States, in the manner and for the period stipulated in the regulation requiring you to have such record."

2. Section 4 is amended to read as follows:

SEC. 4. *Furniture.* All furniture, including but not limited to household, office, restaurant, professional, and public building furniture.

3. A new section 20 is added to Article II to read as follows:

SEC. 20. *Commodities previously suspended.* All sales of consumer durable goods and related commodities as to which the application of ceiling price regulations has been suspended.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 6, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 6, 1953.

[F. R. Doc. 53-1384; Filed, Feb. 6, 1953; 4:51 p. m.]

[General Overriding Regulation 7, Revision 1, Amdt. 19]

GOR 7—EXEMPTIONS AND SUSPENSIONS OF CERTAIN FOOD AND RESTAURANT COMMODITIES

LIVESTOCK, MEATS, FISH, RESTAURANTS AND DISTRIBUTION REGULATIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, Delegation of Authority by the Secretary of Agriculture with respect to meat, as amended, Economic Stabilization Agency General Order No. 2, and Economic Stabilization Agency General Order No. 5, Revision, this Amendment to General Overriding Regulation 7, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

The President of the United States has announced that he does not intend to ask for a renewal of price control authority on April 30, 1953, when the present legislation expires. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This amendment to General Overriding Regulation 7, Revision 1 (GOR 7), is one of the actions by which OPS is carrying out that instruction.

GOR 7 was issued to provide a single listing of certain food and restaurant commodities as to which changing conditions justified suspension or removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to the sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in the form of amendments adding additional groups of items which are to be exempted from control.

This amendment exempts from price control the following additional items:

1. All livestock and meat sold in continental United States, including fresh, frozen and processed beef, pork, lamb, veal, mutton, sausage and horsemeat, at all levels of distribution;

2. All edible fish, including Maine sardines, canned salmon and flat lake salt herring, except processed codfish sold outside continental United States;

3. All sales by restaurants in continental United States, which sales were formerly controlled by Ceiling Price Regulations 11 and 134.

This amendment also revokes all of the meat distribution regulations.

This amendment further provides that all food and restaurant commodities for which price ceilings have previously been suspended by GOR 7 are now exempt from price control.

This amendment also expressly continues the requirements heretofore in effect under the applicable regulations respecting preservation of records as to past transactions.

Section 4 of this regulation is a convenient listing of certain regulations which are revoked. The list is not exhaustive, and contains for the most part, regulations which are affected by this amendment.

In view of the special nature and basis of this amendment, consultation with industry representatives, including trade association representatives, was impracticable and unnecessary. In the judgment of the Director, this amendment complies with the applicable provisions of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

General Overriding Regulation 7, Revision 1, is amended in the following respects:

1. Section 1 of Article I is amended to read as follows:

SECTION 1. *What this revised regulation does.* The sections contained in Article II of this revised regulation exempt all sales of the commodities listed therein, unless otherwise stated, from any ceiling price regulation or distribu-

tion regulation issued by the Office of Price Stabilization and revoke certain specified regulations heretofore issued by the Office of Price Stabilization. Article II also provides for the preservation of records. The sections contained in Article III decontrol the commodities listed therein in accordance with the provisions of section 402 (d) (3) of the Defense Production Act of 1950, as amended.

2. Paragraph (a) of section 2 is amended by the addition of the following:

(4) In the continental United States, livestock and meat, including any product which contains 25 percent or more meat by weight.

3. Paragraph (b) of section 2 is amended by the addition of the following:

(2) Edible fish, except, outside continental United States, processed codfish.

4. Section 2 is further amended by the addition of new paragraphs (j), (k), (l) and (m) to read as follows:

(j) *Distilled spirits and wines.* Imported and domestic distilled spirits and wines, in bulk, by the drink, or packaged. Terms used in this section 2 (j) are contained in Article III of Ceiling Price Regulation 78, as amended, except that, as used in this section, the term "domestic" means anything produced in the continental United States, its territories and possessions and the term "imported" means anything produced outside of and introduced into the continental United States, its territories and possessions.

(k) *Cigars.* Cigars.

(l) *Processed ducks.* Processed ducks.

(m) *Soft drinks.* Soft drinks. As used in this paragraph, the term "soft drinks" means non-alcoholic beverages in bottles or in containers other than bottles, whether flavored or unflavored, carbonated or uncarbonated. The term does not include, however, bottled water which is neither flavored nor carbonated, fresh milk drinks, coffee, tea or chocolate.

5. Article II is amended by the addition of new sections 3 and 4 to read as follows:

SEC. 3. *Records.* If you were required by General Overriding Regulation 7 or any ceiling price regulation or distribution regulation to which Article II of this regulation applies to preserve any records, you shall continue to preserve, and make available for examination by the Office of Price Stabilization or any other authorized agency of the United States, in the manner and for the period set forth in that regulation, all such records which you were required to have immediately prior to the date that regulation was suspended or revoked or price controls were suspended or revoked for the particular commodity concerning which you were required to preserve records.

SEC. 4. *Revocations.* The regulations listed in this section 4 and all amendments thereto and revisions thereof hitherto issued by the Office of Price Stabilization, are revoked. This revocation exempts the sales formerly covered by the following regulations from price control:

(a) *Distribution Regulations.* Distribution Regulations 1, 2 and 3 and Distribution Procedural Regulation 1.

(b) *Ceiling Price Regulations.* Ceiling Price Regulations 11, 23, 24, 25, 26, 65, 74, 78 as supplemented, 79, 85, 92, 101, 109, 129 and 134.

(c) *Supplementary Regulations to GCPR.* Supplementary Regulations 34, 43, 47, 54, 61, 65 and 79 to the General Ceiling Price Regulation.

(d) *Supplementary Regulations to CPR 22.* Supplementary Regulation 15 to Ceiling Price Regulation 22.

6. Article III, including sections 10, 11, 12, 13, and 14, is revoked.

7. Article IV is designated Article III.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 6, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 6, 1953.

[General Overriding Regulation 3, Revision 1, Amdt. 1]

GOR 3—EXEMPTIONS OF CERTAIN RUBBER, CHEMICAL AND DRUG COMMODITY TRANSACTIONS

EXEMPTION OF LEGUME SEED INOCULANTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization General Order No. 2, this Amendment 1 to General Overriding Regulation 3, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 3, Revision 1, exempts from price control legume seed inoculants. As used herein, "legume seed inoculants" refer to cultures of living nitrogen-fixing bacteria intended for mixing with legume seeds prior to planting in order to increase the production of legume crops and improve the quality of the soil.

The cultures are grown in agar or other medium. Heavy suspensions of the bacteria are then mixed with a carrier such as moist humus, peat, agar or liquid. This combination comprises the commercial inoculant which farmers mix with the legume seeds just prior to planting.

In this country, legume seed inoculants are produced commercially by a small number of laboratories, seven of which account for over 95 percent of total production. These laboratories must retain specialized personnel and must be equipped for controlled production together with green house space or other suitable means for testing plants. The inoculants are perishable and must be used before their expiration dates. Some regulatory control over the industry is exercised by the United States Department of Agriculture and the laws of several states.

The total sales volume of legume seed inoculants, at the manufacturing level, is estimated to be some $4 million annually. Further, it is estimated that in most instances the inoculants represent no more than 0.1 percent of the farmers' total costs in raising and marketing legume crops.

It appears from this and other information available to the Director that the cost of legume seed inoculants is insignificant both in the cost of living and in the cost to the farmer of raising legume crops. It also appears that no significant price increases will result from this action.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Section 22 of General Overriding Regulation 3, Revision 1, is amended by adding at the end thereof the following paragraph:

(c) *Legume seed inoculants.* All sales of legume seed inoculants (cultures of living nitrogen-fixing bacteria intended for mixing with legume seeds prior to planting in order to increase the production of legume crops and improve the quality of the soil).

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 9, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 9, 1953.

[General Overriding Regulation 8, Amdt. 8]

GOR 8—PAPER, PAPERBOARD, CONVERTED PAPER AND PAPERBOARD PRODUCTS, ALLIED PRODUCTS AND SERVICES

EXEMPTION OF SALES OF PULPWOOD WHEN MADE BY WHOLLY OWNED PULPWOOD PROCUREMENT SUBSIDIARY TO ITS PARENT COMPANY

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 8 to General Overriding Regulation 8 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment exempts from price control sales of pulpwood when made by a wholly owned pulpwood procurement subsidiary to its parent pulp, paper or paperboard manufacturing company. Certain pulp, paper or paperboard manufacturers, which are integrated to the extent that they produce their own wood pulp, maintain wholly owned pulpwood procurement subsidiaries which supply the parent consumers with a substantial volume of their pulpwood. In most such

instances, the subsidiary deals exclusively with its parent company in selling pulpwood which has been produced from the affiliate's own lands or controlled stumpage, or which it has purchased in the open market. Such sales have already been exempted under such pulpwood regulations as Ceiling Price Regulations 38, 102 and 107.

Many transactions described above between parent and subsidiary are on an annual basis. In some instances the relationship is such that the subsidiary operates on a break-even basis. Under these circumstances, an estimate is made at the beginning of the year as to the approximate cost of each cord of pulpwood which will be delivered to the parent consumer, and the subsidiary receives payments throughout the year on the basis of the estimate. Very frequently at the end of the year, an overall adjustment in price is made between the parent and the subsidiary so that the subsidiary will not operate at a deficit.

This amendment is made retroactive to include all sales and deliveries of pulpwood made to the parent by the subsidiary on and after January 1, 1952. This provision is necessary in order to effectuate the objective of permitting the payment of the adjustment at the end of the year which will be founded upon the total of such pulpwood transactions completed during 1952.

The issuance of this amendment will extend this exemption to all pulpwood sales involving such subsidiary-parent arrangements. Experience with the effect of this exemption in the foregoing regulations demonstrates that this amendment will permit the pulp, paper and paperboard firms not previously covered by Ceiling Price Regulations 38, 102 and 107 to continue their established accounting practices and will serve principally to permit the companies to honor long-term contracts and subsidiaries to recover losses sustained during a period when rapidly rising costs prevented accurate cost estimates. It will have little effect on the future costs of pulpwood to these consuming mills, and will not afford any company an advantage in pulpwood procurement.

Accordingly, in consideration of the above facts, the Director of Price Stabilization finds that this amendment to General Overriding Regulation 8 is generally fair and equitable and in his opinion is necessary to effectuate the purposes of the Defense Production Act of 1950, as amended. In the formulation of this amendment there has been consultation with industry representatives including trade association representatives to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 8 is amended in the following respects:

1. Section 1 (a) is amended by the addition of subparagraph (6) to read as follows:

(6) Sales of pulpwood when made by wholly owned pulpwood procurement subsidiary to its parent pulp, paper or paperboard company or companies. This exemption applies to all sales and deliveries of pulpwood made by such a subsidiary to its parent company or companies on and after January 1, 1952.

2. Section 2 (a) is amended by the addition of subparagraph (9) to read as follows:

(9) "Wholly owned pulpwood procurement subsidiary" means any organization which is wholly owned by one or more pulp, paper or paperboard companies and is operated primarily for the purpose of supplying pulpwood to its parent company or companies.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to General Overriding Regulation 8 shall become effective February 9, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 9, 1953.

[General Overriding Regulation 14, Amdt. 38]

GOR 14—EXCEPTED SERVICES

TOWING SERVICES PERFORMED BY TUG AND BARGE OPERATORS WITHIN A SINGLE HARBOR AREA OR BETWEEN ADJOINING HARBOR AREAS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment 38 to General Overriding Regulation 14 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment exempts from price control towing services performed by tug and barge operators within a single harbor or between adjoining harbor areas, including the furnishing and renting of tug boats, barges, scows, and lighters for use within such area or areas.

The majority of persons engaged in these types of operations are common carriers subject to the jurisdiction of the Interstate Commerce Commission and, as such, are exempt from price control. It is the opinion of the Director of Price Stabilization that this circumstance will negate the possibility of untoward price increases by the parties exempted from price control by this amendment since the bulk of their competition will come from parties subject to Interstate Commerce Commission rate control.

The rates and charges of this industry have little effect upon the cost of living since towing charges represent only a minute portion of the retail price of any commodity. Because of the small size of this industry little or no contribution to the stabilization program would be made by a continuation of price control in this field. Further, the continuing of price control would impose undue administrative burden upon the Office of Price Stabilization since this industry is composed of many small-scale operators using many types of equipment and operating under varying rate structures thus making rate adjustments and enforcement extremely difficult.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their views. In the judgment of the Director of Price Stabilization this amendment is fair and equitable and will serve to effectuate the purposes of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

General Overriding Regulation 14, as amended, is further amended by adding at the end of paragraph (a) of section 3 a new subparagraph (135), as follows:

(135) Charges for towing services performed by tug and barge operators within a single harbor area or between adjoining harbor areas, including the furnishing and renting of tug boats, barges, scows, and lighters for use within such area or areas.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

This amendment to General Overriding Regulation 14 is effective February 9, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 9, 1953.

[F. R. Doc. 53-1413; Filed, Feb. 9, 1953; 11:16 a. m.]

[General Overriding Regulation 14, Amdt. 39]

GOR 14—EXCEPTED SERVICES

ADDITIONAL EXCEPTED SERVICES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 39 to General Overriding Regulation 14 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 39 to General Overriding Regulation 14 extends the list of exemptions contained in that regulation to include fees for the services of weighing, placing on and taking off scales, extracting samples, coopering and remarking rendered on or to bulk or part cargoes of commodities of foreign origin and which are in the process of being imported into the United States or sold or distributed after importation into the United States but before any domestic processing or fabrication.

In line with the policy of OPS to exempt services which have minor significance and negligible effect upon costs, this amendment exempts these particularly described services supplied by certain weighers and samplers. The charge for these services is quoted on imported commodities in bulk or in large lots. Charges in most cases are figured in the hundredths of one cent per pound and in some cases in the thousandths of one cent per pound. There is no evidence that decontrol of the service will have a significant adverse effect on the price level when considered in conjunc-

tion with previous decontrol of the related service of stevedoring. Exemption from control of these services present no substantial threat of diversion of materials and manpower from sellers remaining under control, and is a non-retail service which does not enter significantly into the cost of living of the average American family or into business costs.

Also exempted are rates, fees and charges for certain premium redemption facilities. It is customary for certain manufacturers to use premium coupons as a form of advertising for their products, and to pay the firm which redeems the coupons a service charge for this service, in order to divide the operating expenses among the cooperating firms. The participating manufacturers maintain the premium coupon arrangement as a form of advertising for the end products which they manufacture and sell, but the ceiling prices of the end products are governed by other ceiling regulations. The cost of the cooperative premium coupon redemption service is a very small portion of the total cost of selling and advertising such end products. Furthermore, there are only four or five companies which perform such a service as this, and the volume of the service is insignificant. This non-retail service does not enter significantly into the cost of living of the average American family or into business costs.

The control of these services involves administrative difficulties for OPS and for the sellers of these services which are disproportionate in relation to the effectiveness of the control and the contribution to the price stabilization program.

Prior to the formulation of these amendments, consultation was had with industry representatives, including trade association representatives to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 14, as amended, is further amended in the following respects:

Paragraph (a) of section 3 is amended by adding at the end thereof the following:

(136) Rates, fees and charges for the services of weighing, placing on and taking off scales, extracting samples, coopering and re-marking rendered on or to bulk or part cargoes of commodities of foreign origin, which are in the process of being imported into the United States or which are sold or distributed after importation into the United States before any domestic processing or fabrication.

(137) Charges made for the cooperative redemption of premium plan coupons.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 39 to General Overriding Regulation 14 shall be effective February 9, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 9, 1953.

Chapter IV—Salary and Wage Stabilization, Economic Stabilization Agency

SUSPENSION OF WAGE AND SALARY CONTROLS

EDITORIAL NOTE: For order suspending all regulations and orders issued pursuant to the Defense Production Act of 1950, as amended, stabilizing wages, salaries, and other compensation, see Executive Order 10434, *supra*.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 21—VOCATIONAL REHABILITATION AND EDUCATION

SUBPART A—REGISTRATION AND RESEARCH

DETERMINATION OF SUBSISTENCE ALLOWANCE AND OTHER CRITERIA RESPECTING INSTITUTIONAL ON-FARM TRAINING

In § 21.109, paragraphs (a), (b), and (c) are amended to read as follows:

§ 21.109 *Determination of subsistence allowance and other criteria respecting institutional on-farm training.* * * *

(a) *Compensation for productive labor.* Compensation for productive labor for a veteran who performs part of his course on a farm under his own control will be derived from the farm accounting record system kept as a part of the course of instruction and shall be determined on a calendar-year basis and reported by the veteran and certified by the veteran and the instructor on VA Form 7–1922, Report of Income—Institutional on-Farm Training. In the case of the veteran who performs part of his course as the employee of another, compensation for productive labor reported to the Veterans' Administration shall include all wages paid by the farmer-trainer whether in cash or kind including allowances for food, fuel, and shelter for the use of the trainee and his family as determined by the veteran, the farmer-trainer, and the instructor. In all cases the veteran will report and certify on VA Form 7–1922 total compensation from productive labor for employment other than in pursuit of his farm training course and will give the name(s) of employer(s), inclusive dates of employment, the number of hours of work per day, per week, or per month, and the amount of earnings. Where the veteran reports any outside employment the instructor will certify as to whether such employment interfered with the veteran's training program and give reasons for his conclusions.

(b) *Estimate of anticipated compensation.* At the time a veteran begins his course of institutional on-farm training, the anticipated compensation for productive labor for one calendar year will be developed by the veteran, the farmer-trainer, and the instructor and approved and certified by the instructor and forwarded through channels, as designated by the State approving agency, to the regional office of the Veterans' Administration. Where the veteran performs part of his course on a farm under his own control, the estimate will represent the veteran's and the instructor's judgment as to the income that may be expected from productive labor on the particular farm during a calendar year in accordance with the instructions in paragraph (a) of this section. Subsistence allowance will be authorized at the rates prescribed in § 21.104 (b), which rates when added to the monthly pro rata amount of compensation for productive labor will not exceed the statutory limitations provided in § 21.105. The authorization of subsistence allowance will show an ending date as of March 31 of the succeeding year.

(c) *Annual report.* On or before March 1 of each year thereafter (see paragraph (b) of this section) a report will be rendered on VA Form 7–1922 showing the compensation received for productive labor for the preceding calendar year and the anticipated income for the succeeding calendar year as derived from the records in the veteran's farm and home accounts and certified to by the veteran and the instructor as being to the best of their knowledge and belief a correct statement in support of the veteran's claim for subsistence allowance. If compensation reports are not submitted when due, subsistence allowance will terminate on March 31, and other training benefits will be discontinued on April 30, or date of last attendance at the school, whichever occurs first. If a compensation report is submitted after benefits have been discontinued, payment of subsistence allowance may be resumed, if appropriate, and if the veteran has continued to make satisfactory progress in his course, but not earlier than the date the delinquent report is received in the Veterans' Administration. If the total amount of subsistence payments and compensation for productive labor for the period covered by the report exceeds the statutory limit prorated over such period, the excess rate shall be recovered by pro rata reduction of the payment rate established for the succeeding period based upon estimated income, which estimate should not be less than the actual income for the preceding period. However, if the excess payment was equal to or less than the amount of subsistence allowance payable for 1 month at the new rate, the excess payment will be recovered in the first 2 months of the succeeding period. The subsistence allowance to be authorized for the first 2 months of the succeeding period will be the new rate less the amount to be recovered for each month. If the established rate was less than the amount authorized by statute, the deficiency will be adjusted by a retroactive award reflecting the correct rate to which the veteran was entitled. Upon termination of training through interruption, completion, exhaustion of entitlement, or for any other reason, a final report will be promptly made of income received since the latest report, and a final subsistence allowance adjustment will be made accordingly. In those instances where a veteran in an excess payment status withdraws from training and the excess payment has not been completely liquidated, authorization action will be effected to reflect the actual rate of sub-

sistence allowance to which the veteran was entitled in the previous period or periods. If the veteran fails to submit a report as required, further training under Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C., ch. 12), will be denied until the report is furnished. Any overpayment must be repaid. Reports at 4-month intervals will not be required. Subject to available entitlement, the course may be completed without subsistence allowance notwithstanding the income equals or exceeds the statutory limit.

(Sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9, sec. 2, 57 Stat. 43, as amended, sec. 400, 58 Stat. 287, as amended; 38 U. S. C. 11a, 701, 707, ch. 12 note. Interprets or applies secs. 3, 4, 57 Stat. 43, as amended, secs. 300, 1500–1504, 1506, 1507, 58 Stat. 286, 300, as amended; 38 U. S. C. 693g, 697–697d, 697f, g, ch. 12 note)

This regulation is effective February 10, 1953.

[SEAL] H. V. STIRLING,
Deputy Administrator.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 883]

ALASKA

WITHDRAWING PUBLIC LAND FOR USE OF DEPARTMENT OF THE AIR FORCE FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public land in Alaska is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the Department of the Air Force for military purposes:

TRACT 1

Beginning at a point on the mean high tide line on the easterly shore of Kotzebue Sound, from which Corner No. 6, U. S. Survey No. 2082, latitude 66° 53′ N., longitude 162° 38′ 30″ W., bears N. 10° 30′ E., 16,800 feet, thence by metes and bounds:

N. 53° 30′ E., 3,800 feet.
S. 36° 30′ W., 11,500 feet.
S. 53° 30′ W., 4,000 feet approximately, to mean high tide line on Kotzebue Sound.
Northwesterly 12,000 feet approximately, along the mean high tide line to the point of beginning.

The area described contains approximately 1,115 acres.

TRACT 2

A right-of-way 60 feet wide for an access roadway the center line of which is described as follows:

Beginning at a point on the center line of the existing road from the village of Kotzebue on approximately the ten foot contour line, from which Corner 6, U. S. Survey 2082 bears N. 15° E., 14,000 feet, thence along the ten foot contour line 3,400 feet to a point on the north boundary of Tract 1, above described.

It is intended that the land described shall be returned to the administration of the Department of the Interior when it is no longer needed for the purpose for which it is reserved.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

FEBRUARY 3, 1953.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket Nos. 10280, 10334]

PART 7—STATIONS ON LAND IN THE MARITIME SERVICE

PART 8—STATIONS ON SHIPBOARD IN THE MARITIME SERVICE

MISCELLANEOUS AMENDMENTS

In the matter of amendment of Part 7 of the Commission's rules to delete authority for coast stations to operate on the frequencies 4140, 6210, 8280, 12420, and 16560 kc., Docket No. 10280; and amendment of Parts 7 and 8 of the Commission's rules to delete frequencies in the band 11000–11100 kc. from those available to stations in the Maritime Mobile Service, Docket No. 10334.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 28th day of January 1953.

The Commission having under consideration its proposals in the above-entitled matters;

It appearing, that, in accordance with the requirements of section 4 (a) of the Administrative Procedure Act, notices of proposed rule making in Docket No. 10280 and Docket No. 10334, which made provision for the submission of written comments by interested parties, were duly published in the FEDERAL REGISTER on August 12, 1952 (17 F. R. 7351), and October 21, 1952 (17 F. R. 9567), respectively, and that the period for the filing of comments has now expired; and

It further appearing, that no comments on the proposed amendments have been filed; and

It further appearing, that finalization of the amendments herein ordered is urgent in order to permit timely action upon applications for renewals of licenses of affected stations which expire on February 1, 1953; and, therefore, compliance with the provisions of paragraph 4 (c) of the Administrative Procedure Act is impracticable; and

It further appearing, that the public interest, convenience, and necessity will be served by the amendments herein ordered, the authority for which is contained in section 303 (c) (f) and (r) of the Communications Act of 1934, as amended.

It is ordered, That effective immediately, Parts 7 and 8 of the Commisssion's rules are amended as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: January 29, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

1. Section 7.206 (a) is amended by inserting a footnote designator 5a preceding each of the following listed calling frequencies:

4140	8280	12420
6210	11040	16560

and by adding a footnote 5a to read as follows:

[5a] Not available after June 3, 1953.

2. Section 7.212 is amended by adding a new paragraph (d) to read as follows:

(d) After the dates hereinafter indicated a coast station shall not communicate with any mobile station which is transmitting on any radio-channel within a frequency band hereinafter indicated except solely to request the mobile station to transmit, for communication with that coast station, on an authorized radio-channel outside that frequency band; provided that this limitation shall not apply to the transmission or reception of safety communication:

Frequency band (kc):	*Date*
11000–11100	June 3, 1953

3. Section 7.304 (a) is amended by inserting footnote designator 1a preceding the listed frequency 11090 kc and by adding a footnote 1a to read as follows:

[1a] Not available after June 3, 1953.

4. Section 7.306 (c) is amended by inserting a footnote designator 5a preceding the listed frequency 11090 kc and by adding a footnote 5a to read as follows:

[5a] Not available after June 3, 1953.

5. Section 8.321 (a) (1) is amended by inserting a footnote designator 1b preceding each of the following listed frequencies:

11020	11050
11025	11055
11030	11060
11040 calling	11070

and by adding a footnote 1b to read as follows:

[1b] Not available after June 3, 1953.

6. Section 8.351 (a) is amended by inserting a footnote designator 0 preceding the listed frequency 11090 kc and by adding a footnote 0 to read as follows:

[0] Not available after June 3, 1953.

7. Section 8.355 (a) (3) is amended by inserting a footnote designator 5 after the frequency 11090 kc and by adding a footnote 5 to read as follows:

[5] Not available after June 3, 1953.

[F. R. Doc. 53-1324; Filed, Feb. 9, 1953; 8:47 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter B—Hunting and Possession of Wildlife

PART 6—MIGRATORY BIRDS AND CERTAIN GAME MAMMALS

ORDER PERMITTING KILLING OF WATERFOWL OR COOT IN AGRICULTURAL AREAS OF CALIFORNIA

Basis and purpose. To permit the taking of waterfowl and coot in portions of California by farmers and others as a means of saving valuable agricultural crops now being seriously threatened by large numbers of such birds in these areas. It has been determined from investigations and information received that serious agricultural crop depredations are likely to occur in portions of the State of California and that these depredations may be alleviated and a large portion of the crops saved from serious injury or destruction by authorizing such waterfowl or coot to be taken in the affected areas.

Since the following order is an emergency measure, notice and public procedure thereon are impracticable (60 Stat. 237; 5 U. S. C. 1001, et seq.), and it shall become effective immediately.

§ 6.54 *Order permitting the killing of waterfowl or coot in agricultural areas of California.* (a) Subject to the following conditions, restrictions, and requirements, such waterfowl or coot as are found damaging crops in agricultural areas in the Imperial, San Joaquin, and Sacramento Valleys and in other agricultural areas of California may be killed by shooting with a shotgun only on or over such crops during the period or periods to be announced in accordance with this section: *Provided, however,* That no period of shooting shall extend beyond April 15, 1953. The facts as to the existence of an emergency condition in any area requiring the killing of one or more species of waterfowl or coot as contemplated in this section, the extent of the area, and the period of time during which such killing may be permitted, shall be ascertained by the Director of the Fish and Wildlife Service and announced by him by suitable publication in the FEDERAL REGISTER and in the area where the emergency exists, which finding and announcement shall be final.

(b) Such birds as are killed under the provisions of this section may not be sold, offered for sale, bartered, or shipped for purposes of sale or barter, or be wantonly wasted or destroyed. They may be used as food for personal use within the State of California and they may be donated to hospitals and other charitable institutions within the State for use as food, but they may not be possessed by or served as food in any restaurant, club, or other public or private eating establishment. No carcasses of birds killed hereunder may be possessed under any circumstances beyond April 20, 1953.

(c) None of the aforesaid birds may be killed (1) from any artificial blind, sink, pit, boat, motor-driven vehicle or conveyance, or any other device; or (2) by the use of decoys, traps, or nets of any description.

(d) This section does not permit the killing of any waterfowl or coot in violation of any State law or regulation. The said section is an emergency measure designed to aid in relieving depredations and is not to be construed as a reopening or extension of the open hunting season prescribed for the State of California by regulations promulgated under the Migratory Bird Treaty Act (40 Stat. 755; 16 U. S. C. 704), which open hunting season has heretofore expired.

(Sec. 3, 40 Stat. 755, as amended; 16 U. S. C. 704. Interprets or applies E. O. 10250, June 5, 1951, 16 F. R. 5385)

DOUGLAS MCKAY,
Secretary of the Interior.

FEBRUARY 3, 1953.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 921]

HANDLING OF MILK IN SPRINGFIELD, MO., MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Springfield, Missouri, on August 7 and 8, 1952, pursuant to notice thereof which was issued on August 2, 1952 (17 F. R. 7094).

By an emergency decision of the Secretary of Agriculture issued on August 20, 1952 (17 F. R. 7743) and subsequent amendment to the order effective September 1, 1952, action has been taken with respect to the differentials to be applied in the determination of the Class I price for the period from September 1952 through February 1953. Said decision reserved for later determination the remaining issues contained in the hearing record.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Acting Assistant Administrator, Production and Marketing Administration, on January 5, 1953, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision concerning remaining issues in this proceeding. The notice of filing such recommended decision and opportunity to file written exceptions thereto were published in the FEDERAL REGISTER on January 8, 1953 (18 F. R. 158).

No exceptions were filed to the findings and conclusions of the Acting Assistant Administrator within the period reserved therefor.

The remaining material issues of record, herein decided, related to:

(1) The relationship between the Class I milk prices fixed under the Springfield, Missouri, and the St. Louis, Missouri, milk marketing orders (Order No. 21 and Order No. 3, respectively).

(2) The separate classification and pricing during certain months of milk moved in bulk form to locations more than 125 miles from City Hall in Springfield.

(3) Provision of location differentials to producers and handlers.

(4) Payment of administrative assessment on other source milk required to be reported.

Findings and conclusions. The findings and conclusions with respect to the material issues herein decided, all of which are based on the evidence introduced at the hearing and the record thereof, are as follows:

1. No permanent change should be made in the relationship between the Springfield and St. Louis Class I prices. The proviso that the Order No. 21 Class I price should not be less than the Order No. 3 (St. Louis) Class I price less 27 cents during the months of July through March should not be altered. The decision of the Acting Secretary issued November 21, 1951 (16 F. R. 11931) explained the basis for the relationship between the two Class I prices now contained in the Springfield order. The hearing record contains no evidence not considered previously which leads to a different conclusion. Relationships between supply and demand conditions for the two markets (Springfield and St. Louis) are continuing on substantially the same basis as they have been since Order No. 21 became effective.

The present provisions of the Springfield order are designed to keep blend prices as closely aligned as possible with those paid by St. Louis plants in the areas where the greatest amount of overlapping of the two milksheds occurs. Close price alignment is necessary in order to avoid shifting of producers from one market to the other not warranted by supply-demand conditions. The evidence indicates that the prices resulting from the present formulas have been in

as close alignment as is practically possible.

The record discloses no reason why it would be desirable to attract producers from the St. Louis market to Springfield handlers. Therefore, no change should be made in the Class I pricing provision which would increase Springfield prices relative to St. Louis prices, except that contained in the aforementioned emergency portion of this decision.

2. No change should be made in the classification and pricing of milk shipped in bulk more than 125 miles from City Hall in Springfield.

The cooperative association of milk producers which sponsored this proposal introduced considerable evidence intended to show that a large share of the milk under the Springfield order is not primarily associated with the Springfield market, but is shipped whenever used for Class I purposes to markets located more than 125 miles from Springfield. It was alleged that such sales tend to fall off rapidly early in the year, leaving such springtime production as might logically be considered to be associated therewith to be manufactured as Class II milk. This Class II milk is then pooled under the Springfield order, and allegedly reduces the blend price to producers whose milk is marketed primarily to consumers in the Springfield area. It was contended that an increase in the price of milk marketed for fluid use in other areas is necessary to offset the dilution of the pool which results when this milk remains in the Springfield area and is used in Class II.

A witness for the proponents testified that the purpose of this proposal was not to remove any producer or group of producers from the pool. This would seem to indicate that in the eyes of the proponents the adoption of the proposal would bring about greater equity among different groups of producers but would not result in withdrawal of producers from under the order.

The record is silent on this latter question as to whether such withdrawals actually would occur as a result of a provision such as that proposed. Furthermore, there is no evidence as to what effect any such withdrawals might have on the market as a whole.

Also not shown in the hearing record is the effect which such a provision might be expected to have on the volume of Class I milk in the pool. The record indicates that milk sold as Class I from Springfield to outside markets must be offered by handlers at prices which are competitive with prices of milk from other areas, otherwise Springfield pool milk cannot be marketed as Class I to these markets. The record does not provide an adequate basis for assessing what effect, if any, this proposed change in price would have on the volume of Class I milk sold in bulk to outside markets. While there was some indication that demand for fluid milk would be high in southwestern markets during the fall and winter of 1952–53, such a provision as that proposed should not be adopted on the basis of an apparently temporary market condition. Moreover, the price on all Class I milk has been increased during the emergency period as a result of the emergency action previously taken on the basis of this hearing record. In the absence of information as to long-run marketing conditions it is impossible to tell whether the adoption of this proposal, or any modification thereof, would reduce the sale of Springfield pool milk in Class I to such an extent as to result in a lower blend price to all producers.

Neither was it shown in the record that the adoption of this proposal would make available to the Springfield market milk which would otherwise not be available or that milk required for Class I use in Springfield was not made available as needed. In the absence of a clearer picture of the probable results of such an amendment it should not be incorporated into the order.

3. Location differentials should not be provided at this time to handlers or to producers. The record not only fails to provide an adequate basis for determining whether location differentials are necessary, but also fails to indicate clearly a method whereby such differentials would operate if they were deemed necessary.

The pattern of locational values of milk in the Springfield milkshed is unusually complicated. Producers throughout the milkshed now receive approximately the same blend price f. o. b. plant, regardless of where their milk is delivered. This applies likewise to St. Louis producers as well as those delivering to Springfield handlers. Handlers buying milk in the western portion of the milkshed compete with handlers regulated under the Neosho Valley order (Order No. 28) where producers prices tend to be somewhat higher. The location differentials proposed by the Greene County Milk Producers Association would tend to bring about some change in the price relationships which now exist. The record does not provide a basis for appraising what effect such a change might have on the flow of milk to different markets. Any resulting change in receipts of milk at the different plants might well necessitate some change in the pricing and perhaps other provisions of the order. What the nature and extent of additional changes should be was not shown.

The method of application of the proposal for location differentials is somewhat obscure. The proposal provides that such differentials apply to milk received at "receiving platforms." There is little evidence, however, as to what is meant by the term "receiving platform" and no evidence as to whether any such platforms are being used in the Springfield milkshed. Also not clear is how such differentials would be applied to diverted milk or milk moved in various forms.

In the absence of a more complete description of the intended application of the proposals for differentials and the effects of their adoption, no action of this nature should be taken.

4. No change should be made at this time in the administrative assessment provision of the order. The proponent of the proposal to make such change was apparently under the impression that an administrative assessment is levied against ungraded milk received at the plants of handlers. Since this is not the case, the effect of the proposed amendment would be only with respect to receipts of graded other source milk which is a minor item in the Springfield market. The record does not contain evidence as to whether an administrative assessment should be paid on any part or all of the other source graded milk in Springfield.

It is hereby ordered, That this decision be published in the FEDERAL REGISTER.

This decision filed at Washington, D. C., this 5th day of February 1953.

[SEAL] EZRA TAFT BENSON,
Secretary of Agriculture.

[F. R. Doc. 53–1364; Filed, Feb. 9, 1953; 8:53 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 2, 3]

[Docket No. 9552]

THEATRE TELEVISION SERVICE

NOTICE OF REVISED PROCEDURE

In the matter of allocation of frequencies and promulgation of rules and regulations for a theatre television service; Docket No. 9552.

In the portion of this hearing held in October 1952 the parties made two proposals as to the possible location of a theatre television service in the radio spectrum. These proposals are contained in Exhibit 14. Proposal No. 1 was to allocate the frequencies from 5925 to 6285 mc for the exclusive use of theatre television. Suggestions were made concerning moving the present occupants of those frequencies. It was suggested in that exhibit that, if the exclusive allocation of frequencies proposed was considered undesirable by the Commission, the frequencies assigned to theatre television could be used by others on a non-interfering basis, i. e., theatre television would be the primary user, and use by other services within the band would be predicated upon a showing that interference would not be caused to the theatre television interests. Proposal No. 2 was an alternative proposal, if it was decided that the exclusive or priority type of allocation for theatre television contained in Proposal No. 1 was not feasible. In that event, Proposal No. 2 suggested that provision for theatre television be made in the rules on a frequency-sharing basis with the industrial services. It was suggested that this could be accomplished by classifying theatre television as an industrial radio service and expanding the 6575 to 6875 mc band downward to include 6425 to 6575 mc for theatre television requirements.

In the summaries of testimony filed with the Commission on January 12, 1953, it is stated that S. H. Fabian will testify "that it is the recommendation of the National Exhibitors Theatre Television Committee that the inter-city and intra-city theatre television licensees

should be special common carriers." In the summary of testimony of Mitchell Wolfson it is stated that he will "support Mr. Fabian's recommendation that the licensees of theatre television be special common carriers and that there be no special 'eligibility' requirements or restrictions other than the statutory ones."

On January 15, 1953, the Western Union Telegraph Company filed with the Commission a petition requesting the Commission to issue an order in this proceeding providing for an investigation pursuant to the provisions of section 201 (a) of the Communications Act of 1934, as amended, looking toward a determination as to whether it is necessary or desirable in the public interest that there be physical connections and through routes between common carriers and the charges applicable thereto and the divisions of such charges in the event that the Commission should determine that a theatre television service should be established on a common carrier basis.

On January 21, 1953, the Motion Picture Association of America, Inc. and the National Exhibitors Theatre Television Committee filed a statement concerning Western Union's petition wherein it was stated that those parties believed it would be appropriate for the Commission to grant that petition. In this statement the following appears:

> It is the primary objective of the Motion Picture Association of America, Inc., and the National Exhibitors Theatre Television Committee in this proceeding to secure an exclusive allocation of spectrum in the microwave bands sufficient to permit the establishment of a nation-wide competitive theatre television service, including intercity relay transmission systems and local pick-up and distributing systems. It is the desire of the above organizations that frequencies be allocated on such a basis as to permit the establishment of such theatre television transmission services on a private non-common carrier basis. The possible forms such services might take will be the subject of testimony, and of statements by counsel at the forthcoming hearings herein, scheduled to resume on January 26, 1953.

It thus appears that the National Exhibitors Theatre Television Committee and Motion Picture Association of America have suggested that a theatre television service should be established on a "special common carrier" basis at certain points in this proceeding and on a "private non-common carrier basis" at another time. Likewise, these parties have suggested that frequencies presently allocated to common carrier fixed services (5975 to 6285 mc) should be allocated for the exclusive use of theatre-television or on a theatre-television primary use basis with use by other common carriers on a non-interfering basis. However, the parties have also suggested theatre television might be classified as an industrial radio service and share frequencies with the operational services. While the parties have presented testimony concerning engineering and frequency allocation considerations involved in determining which frequencies, if any, should be allocated for use by a theatre television service, there has been no explanation of other factors involved in the suggestions which these parties have made, nor does it appear from a review of the summaries of testimony yet to be presented that these parties plan to present testimony on these matters in the remaining portion of this hearing, other than testimony to the effect that theatre-television licensees should be "special common carriers."

In view of the foregoing questions, the Commission is unable to determine at this time whether the continuation of this proceeding as presently constituted would serve any useful purpose.

It is therefore ordered, That the notice of Procedure and Order of testimony issued herein on January 23, 1953, is amended to the extent that following the conclusion of direct testimony on the engineering and cost phases of this proceeding, the Commission will hear statements from counsel for the National Exhibitors Theatre Television Committee and Motion Picture Association of America before determining whether to proceed further with this hearing in accordance with that notice.

Counsel for National Exhibitors Theatre Television Committee and Motion Picture Association of America are requested to address themselves to the apparent inconsistencies in the record to date as above reflected and to deal particularly with the following questions:

1. Assuming a common carrier, offering only a theatre television service, is eligible to use existing common carrier allocations for such a purpose, why is it not feasible for theatre television to operate on the frequencies already allocated to common carrier services?

2. Why should common carrier frequencies be allocated to a theatre television service on an exclusive or primary use basis, and what justification is there for displacing other present users of those frequencies? What would be the nature of the "special common carrier" to which reference has been made?

3. Why is it deemed feasible to share frequencies in the industrial services but not in the common carrier services?

4. Under what concept would a theatre television service be established as an industrial service? What standards of licensee eligibility (not qualifications of particular applicants) would apply to applicants for licenses in such a service? What limitations, if any, would apply with respect to the persons or customers to whom such a service would be supplied?

5. What evidence will be introduced showing the extent, if any, to which frequencies allocated for a theatre television service will be applied for, by whom such applications would be filed, and when?

6. In addition to the cost evidence so far presented, which relates to the cost of transmission facilities only, what evidence will you introduce to show all the other costs of service, e. g., costs of production, etc., which will make it possible to determine the magnitude of ultimate cost of admission to a theatre patron?

7. What percentage of the time do you estimate programs would be shown by theatre television on a day-by-day basis?

8. Is it proposed that a theatre television service will provide programs of only live events, i. e., of programs that cannot reasonably be placed on film?

Adopted: January 29, 1953.

Released: January 30, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 10381]

RADIO BROADCAST SERVICES

TABLE OF TELEVISION CHANNEL ASSIGNMENTS

In the matter of amendment of § 3.606 (b) *Table of assignments,* rules governing television broadcast stations; Docket No. 10381.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. In accordance with a petition filed by Robert R. Thomas, Jr., Oak Hill, West Virginia, on January 7, 1953, and now made part of this docket, and it appearing that the petition complies with § 3.609 of the Commission's rules in that it proposes an assignment of a television channel in a community which is not listed in the table and is not within 15 miles of a city so listed nor would the proposed assignment require any other changes in the table, it is proposed to amend § 3.606 (b) *Table of assignments,* rules governing television broadcast stations, as follows:

a. Add to table of assignment under the State of West Virginia:

	Channel No.
Fayetteville	4

b. Amend the table of assignments under State of North Carolina as follows: [1]

	Channel No.
Chapel Hill	*4+

3. The purpose of the proposed amendment is to provide a television channel assignment in the community named in paragraph 2 above not otherwise available under the rules.

4. Authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended.

5. Any interested party who is of the opinion that the proposed amendment should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before February 27, 1953, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments

[1] This change required by the addition of Channel 4 to Fayetteville is merely with respect to the offset carrier requirement.

may be filed within 10 days from the last day for filing said original comments or briefs. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

6. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: January 28, 1953.

Released: January 30, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

RADIO BROADCAST SERVICES

TABLE OF TELEVISION CHANNEL ASSIGNMENTS

In the matter of amendment of § 3.606 (b) *Table of assignments*, rules governing television broadcast stations; Docket No. 10382.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. In accordance with a petition filed by the Mount Mitchell Broadcasters, Inc., Clingmans Peak, Yancey County, North Carolina, January 14, 1953, and now made part of this docket, and it appearing that the petition complies with § 3.609 of the Commission's rules in that it proposes an assignment of a television channel in a community which is not listed in the table and is not within 15 miles of a city so listed nor would the proposed assignment require any other changes in the table, it is proposed to amend § 3.606 (b) *Table of assignments*, rules governing television broadcast stations, as follows:

Add to table of assignments under the State of North Carolina:

	Channel No.
Burnsville	18

3. The purpose of the proposed amendment is to provide a television channel assignment in the community named in paragraph 2 above not otherwise available under the rules.

4. Authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended.

5. Any interested party who is of the opinion that the proposed amendment should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before February 27, 1953, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

6. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

[F. R. Doc. 53-1317; Filed, Feb. 9, 1953; 8:46 a. m.]

[47 CFR Part 6]

[Docket No. 10380]

PUBLIC RADIO COMMUNICATIONS SERVICES (OTHER THAN MARITIME MOBILE)

FREQUENCY TOLERANCES

In the matter of amendment of § 6.30 of the Commission's rules concerning frequency tolerances; Docket No. 10380.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. Section 6.30 of the Commission's rules and regulations sets forth a table of frequency tolerances applicable to fixed public service operations in the frequency range below 200 kc, between 1500 and 6000 kc, between 6000 and 30,000 kc and above 30,000 kc. As set forth hereinafter, it is proposed to amend this section of the rules to conform, with minor variations, to the Table of Frequency Tolerances set forth in Appendix 3 of the Radio Regulations, Atlantic City 1947, such amendments to become effective on May 1, 1953, as agreed to in the agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951).

3. Appendix 3, Atlantic City, provides that the frequency tolerance applicable to fixed stations operating on frequencies from 10 to 50 kc shall be 0.1 percent and on frequencies from 50 kc to 535 kc shall be 0.02 percent. The Commission proposes to adopt these tolerances without change in the amended rule.

4. Appendix 3 also provides that fixed stations operating on frequencies from 1605 to 4000 kc shall observe frequency tolerances of 0.005 percent when power is above 200 watts and 0.01 percent when power is below 200 watts. For the frequency range from 4000 kc to 30,000 kc, Appendix 3 requires that the tolerances for fixed station operations shall be 0.003 percent for power above 500 watts and 0.01 percent for power below 500 watts. As set forth in the Appendix attached hereto, the Commission proposes to establish the required tolerance in these two ranges at 0.003 percent. From information available to the Commission it appears that equipment used in the international fixed public service is capable of maintaining this tolerance and that it would be in the interest of good frequency utilization to require observance of this tolerance for operations on all frequencies between 1605 and 30,000 kc.

5. Existing § 6.30 of the rules establishes tolerances for operations above 30,000 kc. At present there are no International Fixed Public Service stations operating on a regular basis on frequencies above 30,000 kc. Therefore, it is not proposed to provide tolerance requirements for frequencies above this value at this time.

6. The proposed amendment is issued pursuant to the authority of sections 303 (c), (f) and (r) of the Communications Act of 1934, as amended, the Final Acts of the International Telecommunication and Radio Conferences, Atlantic City (1947) and the Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951).

7. Any interested party who is of the opinion that the proposed amendment should not be adopted may file with the Commission, on or before March 2, 1953, a written statement or brief setting forth his comments. Persons desiring to support the proposal may also file comments by the same date. Replies to such comments may be filed within ten days from the last date for filing the original comments. The Commission will consider all comments that are received before taking final action in the matter.

8. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: January 28, 1953.

Released: January 29, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

Amend § 6.30 to read as follows:

§ 6.30 *Tolerances.* The operating frequency of stations in the International Fixed Public Radiocommunication Service shall be maintained within a tolerance of plus or minus the assigned frequency as follows:

Frequency range:	*Tolerance (percent)*
10 to 50 kc	0.1
50 to 535 kc	0.02
1,605 to 30,000 kc	0.003

Office of International Trade

[Case No. 119]

MARION DUDEK

ORDER TERMINATING SUSPENSION ORDER AND RESTORING EXPORT PRIVILEGES

In the matter of Marion Dudek, New Orleans, Louisiana, respondent; Case No. 119.

After due hearing an order was entered against the above-named respondent, and others, on February 13, 1952 (17 F. R. 1623) denying and declaring him ineligible to obtain or use validated or general export licenses and to participate in any capacity, directly or indirectly, in any exportation of any commodity from the United States to any destination for an indefinite period and until such time and upon such conditions as the Office of International Trade would, upon application, reinstate him and restore the export privileges denied him by the terms of said order, provided more than sixty (60) days had elapsed from the date of the order. Said order extended also to any person, trade name, firm, corporation, or other business organization with which said respondent then or during the period of such order would be related by ownership or control or with which said respondent might hold a position of responsibility involving the receipt, handling, financing, transporting, or other servicing of commodities exported from the United States or the supervision of any person so engaged.

The said respondent has applied for restoration of export privileges denied to him by said order by petition dated January 27, 1953, and supplemental petition dated February 2, 1953, setting forth therein the grounds on which such relief is requested, including the allegation that more than sixty days has elapsed since the entry of said order.

The grounds alleged in said petition, as supplemented, have been carefully examined, and it appears therefrom that respondent has furnished good and sufficient reason and shown cause why said order should be terminated as to him and the privileges relating to exports denied to him by the provisions of said order fully restored.

Accordingly, on the petition of January 27, 1953, and the supplemental petition of February 2, 1953, and upon the entire record herein, it is resolved that said order of February 13, 1952, as it applies to the above-named respondent should be terminated and said respondent's export privileges reinstated: *Now, therefore, it is ordered:*

That the order of February 13, 1952, as it applies to respondent Marion Dudek be terminated and discontinued and that the privileges denied to said Marion Dudek under the provisions of said order applicable to him be and the same are hereby restored and reinstated from the date hereof.

Dated: February 4, 1953.

JOHN C. BORTON,
Assistant Director for Export Supply.

[Docket No. 8836]

HARBENITO BROADCASTING CO. (KGBS)

ORDER SUBSTITUTING PARTY TO PROCEEDING

In re application of Harbenito Broadcasting Co. (KGBS), Harlingen, Texas, for construction permit; Docket No. 8836, File No. BT–6350.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 29th day of January 1953;

The Commission having under consideration a petition filed January 9, 1953, by the Metropolitan Television Company, Denver, Colorado, requesting that it be substituted as a party in the above-entitled proceeding in place of the National Broadcasting Company, Inc., and that its notice of intention to participate in oral argument be accepted; and

It appearing, that the second Initial Decision in the above-entitled matter was released on July 23, 1952, and that the Commission has scheduled oral argument thereon to be held on February 16, 1953; and

It further appearing, that the National Broadcasting Company, a party to the above-entitled proceeding as the licensee of Station KOA, Denver, Colorado, filed exceptions to the aforementioned Initial Decision and requested oral argument thereon; that on August 27, 1952 the Commission authorized the assignment of the license of Station KOA from the National Broadcasting Company, Inc., to the Metropolitan Television Company; and that in the instant proceeding the Metropolitan Television Company, desiring to succeed to the rights of the National Broadcasting Company, Inc., as an exceptor and to participate in oral argument, has adopted as its own the exceptions heretofore filed by the National Broadcasting Company, Inc.;

It is ordered, That (1) the above-described petition of the Metropolitan Television Company is granted; (2) the Metropolitan Television Company is substituted as a party to the above-entitled proceeding in place of the National Broadcasting Company, Inc.; and (3) the notice of the intention of Metropolitan Television Company to participate in oral argument therein is accepted.

Released: January 30, 1953.

[Docket No. 10089]

JAMES M. TISDALE (WVCH)

ORDER CONTINUING HEARING

In re application of James M. Tisdale (WVCH), Chester, Pennsylvania, for construction permit; Docket No. 10089, File No. BP–8100.

The Commission having under consideration a motion filed on January 22, 1953, by Key Broadcasting Corporation, which is a party respondent in this proceeding, requesting a continuance of the hearing which is presently designated to commence on February 18, 1953;

It appearing that the moving party's engineering witness cannot be available on the date designated for hearing because of prior commitments; and

It further appearing that there is no opposition to the motion from the applicant, the other respondent or the Commission's Broadcast Bureau;

It is ordered, This 30th day of January, 1953, that the hearing is continued to March 25, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket Nos. 10289–10292]

HEAD OF THE LAKES BROADCASTING CO. ET AL.

ORDER AMENDING ISSUES

In re applications of Head of the Lakes Broadcasting Co., Superior, Wisconsin,

Docket No. 10289, File No. BPCT–621; Red River Broadcasting Co., Inc., Duluth, Minnesota, Docket No. 10290, File No. BPCT–903; for construction permits (Channel 3) for new television stations; Ridson, Incorporated, Superior, Wisconsin, Docket No. 10291, File No. BPCT–728; Lakehead Telecasters, Inc., Duluth, Minnesota, Docket No. 10292, File No. BPCT–981; for construction permits (Channel 6) for new television stations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 30th day of January, 1953;

The Commission having under consideration (1) a request filed August 11, 1952, by Head of the Lakes Broadcasting Company for deletion of the issue in the Channel 3 Duluth-Superior proceeding relating to the legal qualifications of the applicants;[1] (2) a request filed November 5, 1952 by Red River Broadcasting Company for deletion of the 307 (b) issue now specified in the Channel 6 Duluth-Superior proceeding,[2] and opposition thereto by Ridson, Incorporated; (3) a petition filed November 6, 1952 by Head of the Lakes Broadcasting Company for inclusion of a section 307 (b) issue in the Channel 3 proceeding, and opposition thereto by Red River Broadcasting Company; and (4) a petition filed November 10, 1952 by Head of the Lakes Broadcasting Company seeking consolidation of the applications in the separate Channel 3 and Channel 6 Duluth-Superior proceedings and waiver of procedural rules, and oppositions thereto by Ridson, Incorporated, by Lakehead Telecasters, Inc., and by the Chief of the Commission's Broadcast Bureau; and

It appearing, that since the filing of the Head of the Lakes request for deletion of the issue concerning the legal qualifications of the applicants in the Channel 3 proceeding, the parties have entered into a stipulation which, in effect, renders this request moot; and

It further appearing, that Red River Broadcasting Company is an applicant for Channel 3 in Duluth, and therefore has no standing to request deletion of the 307 (b) issue in the Channel 6 Duluth-Superior hearing; and that, in any event, Duluth and Superior are hyphenated communities for the purposes of the Commission's Table of Assignments, and the 307 (b) issue is therefore appropriate; and

It further appearing, that with respect to Head of the Lakes' petition for inclusion of a section 307 (b) issue in the Channel 3 proceeding, Head of the Lakes requests the use of Channel 3 in Superior and Red River requests the use of the same channel in Duluth; that the applicants in the Channel 3 proceeding therefore seek authority to establish television facilities in different communities which are hyphenated for the purposes of the Commission's Table of Assignments; and that it is therefore appropriate for the Commission to consider such applications in the light of section 307 (b) of the Communications Act; and

It further appearing, that with respect to the Head of the Lakes petition for consolidation of the applications in the Channel 3 and Channel 6 proceedings and for waiver of the Commission's rules, the procedure of separate hearings on a channel-by-channel basis is in accordance with Paragraph 991 of the Commission's Sixth Report and Order adopted April 14, 1952; that, as set forth therein, the Commission adopted this policy "in order to expedite the procedure with respect to the licensing of new television broadcast stations * * *", and specifically stated therein that "applications will be considered for grant only on the specific channel designated therein" and that "hearings held because of conflicts in channel requests within any city or hyphenated community will be limited to the applicants seeking the same channel"; that § 1.371, footnote 10 (i) of the Commission's rules, implements the foregoing provisions of Paragraph 991 of the Commission's Sixth Report and Order providing for processing and hearings on a channel-by-channel basis; and that in accordance with this rule, hearings with respect to other hyphenated communities are proceeding on a channel-by-channel basis; and

It further apearing, that there is no conflicting demand for a television channel as between the petitioner seeking Channel 3 in Superior and Ridson, Incorporated seeking Channel 6 in Superior; that the petitioner's application does not involve electrical interference with that of Ridson, Incorporated; that sections 309 (a) and 307 (b) of the Communications Act do not require the Commission to consider the applications as mutually exclusive or to afford petitioner a comparative hearing in a factual situation of this kind; and that the Commission In the Matter of Big Sioux Broadcasting Co., et al., 3 RR 1407, and In the Matter of Beloit Broadcasters, Inc., 4 RR 90, explored the substantive questions raised by the petitioner herein, and although these previous decisions related to standard broadcast applications rather than television, the principles enunciated therein are applicable to the instant petition requiring its denial;

Accordingly, it is ordered, That the above-described request of Head of the Lakes Broadcasting Company for deletion of the issue relating to the legal qualifications of the applicants is dismissed as moot; and

It is further ordered, That the above-described request of the Red River Broadcasting Company, Inc., for deletion of the 307 (b) issue in the Channel 6 proceeding is denied; and

It is further ordered, That the above-described petition for consolidation filed by Head of the Lakes Broadcasting Company is denied; and

It is further ordered, That the above-described petition of Head of the Lakes Broadcasting Company for inclusion of a 307 (b) issue in the Channel 3 proceeding, is granted, and that the Commission's order of July 11, 1952, designating for hearing the above-entitled applications of Head of the Lakes Broadcasting Company and Red River Broadcasting Company, Inc., is amended so that Issue No. 5 is renumbered as Issue No. 6 and a new Issue No. 5 is added as follows:

5. To determine in the light of section 307 (b) of the Communications Act of 1934, as amended, which, if either, of these applicants would provide the more fair, efficient and equitable distribution of radio (television) service.

Released: February 2, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 53–1321; Filed, Feb. 9, 1953; 8:46 a. m.]

[1] This request is contained in a Petition to Enlarge Issues filed August 11, 1952. Other portions of this petition were disposed of in the Commission's memorandum opinion and order of October 16, 1952 (FCC 52–1324; 81419).

[2] This request is set forth in a Response filed November 5, 1952 by Red River to the motion of Head of the Lakes for leave to amend its application. In the Examiner's order of November 6, 1952 (FCC 52M–575), granting the amendment, it is noted that the request for the deletion of the section 307 (b) issue must be determined by the Commission.

FEDERAL POWER COMMISSION

[Docket No. G–1158]

WILLMUT GAS & OIL CO. ET AL.

ORDER FURTHER POSTPONING ORAL ARGUMENT

FEBRUARY 3, 1953.

In the matter of Willmut Gas & Oil Company, et. al. v. United Gas Pipe Line Company; Docket No. G–1158.

By order issued January 15, 1953, the Commission postponed the oral argument scheduled to be had on January 30, 1953, in this proceeding to February 13, 1953, at the place and hour heretofore designated in the order issued herein on January 7, 1953.

The Commission finds: Orderly disposition of matters now pending before the Commission requires and good cause exists for the Commission upon its own motion to further postpone the date of oral argument in this proceeding as hereinafter ordered.

The Commission orders: The oral argument in this proceeding now scheduled for February 13, 1953, be and the same hereby is postponed to February 20, 1953, at the place and hour heretofore designated in the order issued herein on January 7, 1953.

Date of issuance: February 4, 1953.

By the Commission.

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

FEBRUARY 4, 1953.

Take notice that on January 26, 1953, El Paso Natural Gas Company (Appli-

cant), a Delaware Corporation with its principal office in El Paso, Texas, filed application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of certain transmission pipeline facilities hereinafter described.

Applicant proposes the construction and operation of a measuring and regulating station located on Applicant's existing 24-inch San Juan pipeline near valve No. 32 in the Northeast Quarter of section Twenty-six, Township Twenty-two North, Range Five East, Coconino County, Arizona, for the sale of approximately 17,297 Mcf of natural gas per year to Southern Union Gas Company by the third year of operation for resale to residents of the Wherry Housing Project near Bellemont, Arizona.

The estimated cost of the facilities which Applicant proposes to construct and operate is $6,900. Applicant proposes to finance these additional facilities from current working funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 23d day of February 1953. The application is on file with the Commission for public inspection.

DEPARTMENT OF THE INTERIOR

Office of the Secretary

ALASKA

NOTICE FOR FILING OBJECTIONS TO ORDER WITHDRAWING PUBLIC LAND FOR USE OF DEPARTMENT OF THE AIR FORCE FOR MILITARY PURPOSES [1]

For a period of 60 days from the date of publication of the above entitled order, persons having cause to object to the terms thereof may present their objections to the Secretary of the Interior. Such objections should be in writing, should be addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent, and extent. Should any objection be filed, whether or not a hearing is held, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 7–1482, 7–1483]

MERCK & CO., INC., AND TEXAS PACIFIC COAL AND OIL CO.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

In the matter of application by the Boston Stock Exchange for unlisted trading privileges in: Merck & Co., Inc., Common Stock, 16⅔¢ Par Value, 7–1482; Texas Pacific Coal and Oil Company, Common Stock, $10 Par Value, 7–1483.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 4th day of February A. D. 1953.

The Boston Stock Exchange, pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F–1 thereunder, has made application for unlisted trading privileges in the Common Stock, 16⅔¢ Par Value, of Merck & Co., Inc., registered and listed on the New York Stock Exchange; and the Common Stock, $10 Par Value, of Texas Pacific Coal and Oil Company, registered and listed on the New York Stock Exchange.

Rule X-12F–1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available for public inspection at the Commission's principal office in Washington, D. C.

Notice is hereby given that, upon request of any interested person received prior to February 24, 1953, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70–2984]

MIDDLE SOUTH UTILITIES, INC., AND MISSISSIPPI POWER & LIGHT CO.

ORDER AUTHORIZING INCREASE IN AUTHORIZED COMMON STOCK AND SALE OF COMMON STOCK BY SUBSIDIARY TO PARENT COMPANY

FEBRUARY 4, 1953.

Middle South Utilities, Inc. ("Middle South"), a registered holding company, and its electric utility subsidiary, Mississippi Power & Light Company ("Mississippi"), having filed an application-declaration pursuant to sections 6 (a), 7, 12 (c) and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-43 promulgated thereunder with respect to the following transactions:

Mississippi has presently outstanding 2,100,000 shares of common stock without nominal or par value, all of which are owned by Middle South. Mississippi proposes to issue and sell to Middle South and Middle South proposes to acquire 500,000 additional shares of such common stock at an aggregate purchase price of $3,000,000. Concurrently with the completion of the sale of its common stock, Mississippi proposes to transfer $2,000,000 from earned surplus to its common capital stock account.

Mississippi has authorized under its charter only 2,500,000 shares of common stock so that it is presently in a position to issue only 400,000 additional shares of such stock. Mississippi proposes to amend its charter at a special meeting of stockholders to be held on or about February 9, 1953, so as to increase its authorized shares of common stock to 5,000,000 shares.

The proceeds from the sale of its common stock will be used by Mississippi to finance, in part, its extensive program for the construction of new facilities and extensions and improvements of its present facilities.

Due notice having been given of the filing of the application-declaration and a hearing not having been requested or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act that said application-declaration be, and hereby is, granted and permitted to be-

come effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

ECONOMIC STABILIZATION AGENCY

Office of the Administrator

[Gen. Order 4, Amdt. 2]

ORGANIZATION AND FUNCTIONS OF OFFICE OF ECONOMIC STABILIZATION ADMINISTRATOR

1. *Legal basis.* By virtue of the authority vested in the Economic Stabilization Administrator by E. O. 10161 of September 9, 1950 (15 F. R. 6105), as amended; E. O. 10182 of November 21, 1950 (15 F. R. 8013), as amended; E. O. 10205 of January 16, 1951 (16 F. R. 419); E. O. 10233 of April 21, 1951 (16 F. R. 3503); E. O. 10276 of July 31, 1951 (16 F. R. 7535), as amended; E. O. 10281 of August 28, 1951 (16 F. R. 8789); E. O. 10290 of September 24, 1951 (16 F. R. 9795); E. O. 10293 of September 27, 1951 (16 F. R. 9927); E. O. 10377 of July 25, 1952 (17 F. R. 6891); and E. O. 10433 of February 4, 1953, this revision of previous redelegations of authority by the Economic Stabilization Administrator (16 F. R. 10009; 16 F. R. 12411; 17 F. R. 8408) is hereby issued.

2. The first three sentences of section 3.06 of General Order No. 4, dated May 1, 1951, are revised to read as follows:

.06 *Operations Office.* The Operations Office shall be headed by the Assistant Administrator who shall be the chief executive officer of the Economic Stabilization Agency. He will serve in a chief of staff capacity for the Office of the Economic Stabilization Administrator, with responsibility for all staff activities and general supervision over all personnel of the Office of the Administrator. The Deputy Assistant Administrator (Operations) shall exercise direct supervision over the activities of the following units: * * *

3. The present section 3.07 of General Order No. 4, Amendment 1 (Revised), September 16, 1952, and section 4 of General Order No. 4, dated May 1, 1951, are revoked. New sections 4, 5 and 6 are inserted as follows:

SEC. 4. *Redelegation to Assistant Administrator.* .01 Such redelegable functions delegated to the Administrator by the foregoing Executive orders are hereby further redelegated to the Assistant Administrator for the purpose of effectuating the President's program in the economic stabilization area, involving achievement of the following major objectives:

1. Orderly termination of wage, salary and price controls;

2. Orderly liquidation of the agencies whose programs are terminated, providing for the transfer of residual or continuing functions to appropriate continuing agencies;

3. Planning and developing policies and measures necessary for the stabilization of prices and wages in the event of an emergency requiring the reimposition of controls;

4. Reviewing and directing the rent control program consistent with broad policies established by the President and with the delegation provided in General Order No. 9, as amended.

In the performance of these delegated functions, the Assistant Administrator shall, where possible, submit to the Administrator those policy decisions which in his judgment are sufficiently major to require the attention of the Administrator.

SEC. 5. *Unavailability of the assistant administrator.* .01 The redelegable functions delegated to the Assistant Administrator by the foregoing are hereby further redelegated to the following officers of this Agency, under the circumstances, and in the alternative order described below:

1. In the event of the unavailability of the Assistant Administrator then to the Deputy Assistant Administrator (Operations);

2. In the event of the unavailability of the Assistant Administrator and the Deputy Assistant Administrator (Operations) then to the General Counsel.

The foregoing redelegated authority, in the order of alternatives described above, shall be exercised by the officer acting under said authority, as Acting Assistant Administrator.

SEC. 6. *Effect on other orders.* .01 Any other orders or parts of orders the provisions of which are inconsistent or in conflict with the provisions of this order are hereby superseded or amended accordingly.

This amendment shall be effective immediately.

Issued: Washington, D. C., February 6, 1953.

ARTHUR S. FLEMMING, *Economic Stabilization Administrator.*

[F. R. Doc. 53-1394; Filed, Feb. 9, 1953; 8:55 a. m.]

Office of Price Stabilization

[Ceiling Price Regulation 34, Supplementary Regulation 16, Special Order 5]

GENERAL MOTORS CORP.

CEILING PRICES FOR WHOLESALE LABOR WARRANTY SERVICES ON MODEL ARO-33 AND MODEL ARO-75 AIR CONDITIONERS

Statement of considerations. This Special Order 5, issued upon application of General Motors Corporation, 3044 West Grand Boulevard, Detroit, Michigan, pursuant to section 3 of Supplementary Regulation 16 to Ceiling Price Regulation 34, establishes the ceiling price for first-year wholesale labor warranty services rendered to General Motors Corporation, or its authorized distributors or dealers, on Model ARO-33 and Model ARO-75 (air conditioners) by dealers who have not sold the commodity to be serviced or by central service firms.

Section 3 of Supplementary Regulation 16 to Ceiling Price Regulation 34 provides that a manufacturer who is offering for sale a new model of an existing commodity, and who has customarily set or proposed uniform prices that have been adopted throughout the United States for wholesale labor warranty services sold by its dealers, or by central service firms, to it or its distributor organization, as an incident of the sale of commodities, may apply to the Office of Price Stabilization, Service Trades Branch, Washington 25, D. C., for a ceiling price for each new wholesale labor warranty service.

Models ARO-33 and ARO-75 (air conditioners) are new models of existing commodities manufactured by General Motors Corporation which has customarily set or proposed uniform prices that have been adopted throughout the United States for wholesale labor warranty services sold by its dealers or by central service firms to it, or its distributor organization, as an incident of the sale of commodities.

The contracts General Motors Corporation has with its authorized dealers require the dealers to provide labor warranty services to customers to whom they sell commodities, without any charge to anyone other than their mark-up on the commodity. If the dealer who sells the commodity, however, has no service department, or if one dealer sells in another dealer's service area, or if the customer moves from one service area to another, and in some other circumstances, the dealer who sells the commodity is not required to provide such warranty services, but he is required to pay a uniform price, set by General Motors Corporation, to his distributor who in turn will pay that price to another dealer, or to a central service firm, to provide such labor warranty services. When the commodity to be serviced is located in the service area of a different distributor, the distributor whose dealer sold the commodity pays the price for the labor warranty service to General Motors Corporation which in turn pays it to the distributor in whose service area the commodity is located, who in turn pays it to a dealer or central service firm to provide labor warranty services.

The ceiling price established by this Special Order is based upon anticipated direct labor costs of rendering the wholesale labor warranty service, and is in line with the ceiling prices for comparable wholesale labor warranty services furnished to General Motors Corporation. This ceiling price does not include the cost of new parts, which will be furnished by General Motors Corporation without charge to anyone.

This Special Order applies only to wholesale labor warranty services furnished to General Motors Corporation, or to its distributors or dealers, by dealers who have not sold the commodities to be serviced, or by central service firms.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 3 of Sup-

plementary Regulation 16 to Ceiling Price Regulation 34, this Special Order is hereby issued.

1. The ceiling price which General Motors Corporation, 3044 West Grand Boulevard, Detroit, Michigan, may pay for first-year wholesale labor warranty services, exclusive of new parts which will be furnished by General Motors Corporation without charge to anyone on the commodity described below, to central service firms or dealers who have not sold the commodity, and which such central service firms or dealers may charge General Motors Corporation or its distributors or dealers for such services is as follows:

Commodity:	*Ceiling price for first-year wholesale labor warranty services*
Model ARO–33	$8.50
Model ARO–75	15.00

2. Section 18 (c) of Ceiling Price Regulation 34 does not apply to services covered by this Special Order. All other provisions of Ceiling Price Regulation 34 except as changed by this Special Order remain in effect as to such services.

3. This Special Order, or any provision thereof, may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

Effective date. This Special Order shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

[F. R. Doc. 53–1306; Filed, Feb. 4, 1953; 4:53 p. m.]

[Ceiling Price Regulation 34, as Amended, Supplementary Regulation 3, as Amended, Section 5, Special Order 21]

GENERAL MOTORS CORP.

APPROVAL OF ADDITIONS ATTACHED TO LETTER TO DEALERS, DATED JANUARY 26, 1953

Statement of consideration. This Special Order, pursuant to section 5 of Supplementary Regulation 3 to Ceiling Price Regulation 34, approves certain supplements to Cadillac Emergency Service Bulletin CD–2 of General Motors Corporation application for approval for Cadillac Emergency Service Bulletin CD–2.

The Director of Price Stabilization has determined from the data submitted by General Motors Corporation approval of Cadillac Emergency Service Bulletin CD–2 that the approval of these supplements would not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

1. On and after the effective date of this order, the application for approval of Cadillac Emergency Service Bulletin CD–2 dated January 26, 1953 as covered in the General Motors Corporation application are authorized for use in establishing the time allowances for the operations described therein.

2. The following notice must be printed or stamped in a prominent position in the publication "approved by OPS February 5, 1953 by Special Order No. 21 issued under section 5 of SR 3 to CPR 34."

3. All provisions of Ceiling Price Regulation 34, as amended, and Supplementary Regulation 3, as amended, except as changed by this Special Order shall remain in full force and effect.

4. This Special Order or any provision thereof may be revoked, suspended or amended at any time by the Director of Price Stabilization.

Effective date. This order shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

[Ceiling Price Regulation 34, as Amended, Supplementary Regulation 3, as Amended, Section 5, Special Order 22]

CHRYSLER CORP.

APPROVAL OF ADDITIONS ATTACHED TO LETTER TO DEALERS, DATED JANUARY 27, 1953

Statement of consideration. This Special Order, pursuant to section 5 of Supplementary Regulation 3 to Ceiling Price Regulation 34, approves certain supplements to time allowances which appear in the Chrysler Corporation application for approval for interim time studies for new service operations.

The Director of Price Stabilization has determined from the data submitted by Chrysler Corporation, approval of interim time studies for new service operations that the approval of these supplements would not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

1. On and after the effective date of this order, the application for approval of interim time studies for new service operations dated January 27, 1953 as covered in the Chrysler Corporation application is authorized for use in establishing the time allowances for the operations described therein.

2. The following notice must be printed or stamped in a prominent position in the publication "Approved by OPS February 5, 1953 by Special Order No. 22 issued under section 5 of SR 3 to CPR 34."

3. All provisions of Ceiling Price Regulation 34, as amended, and Supplementary Regulation 3, as amended, except as changed by this Special Order shall remain in full force and effect.

4. This Special Order or any provision thereof may be revoked, suspended or amended at any time by the Director of Price Stabilization.

Effective date. This order shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

"COLD WALL" FRIGIDAIRE REFRIGERATORS

CHARGES FOR SERVICES FURNISHED BY DEALERS IN REPLACING UNITS

Statement of considerations. The ceiling price for services furnished by dealers in replacing units for "Cold Wall" Frigidaire refrigerators is adjusted by this Special Order pursuant to section 20 (c) of CPR 34, as amended.

This section authorizes the Director of Price Stabilization to adjust ceiling prices of sellers of an essential non-retail service which is in limited supply. In order to obtain an adjustment under this section, the buyer must demonstrate that he is purchasing an essential non-retail service as to which there is a limited supply available from sellers who are too numerous to make recourse to section 20 (b) of CPR 34, as amended, practicable. The purchaser must further demonstrate that these sellers are threatening to discontinue supplying him with such service, and in addition, the applicant must agree in writing to absorb any price increase over his seller's existing ceiling prices. The buyer may not apply for or obtain an increase in his suppliers' ceiling prices for the service supplied to him, which would bring the proposed increased ceiling prices in excess of the price he would be required to pay to other suppliers of the same service. The buyer's application must also show, to the extent practicable, the nature and extent of the sellers' direct labor and material cost increases incurred by them since their ceiling prices for that service were established. These cost increases will be considered by the OPS in determining the amount of price increase which may be granted. Where practicable the purchaser must state the names and addresses of the sellers and the ceiling prices of each seller.

It appears from information submitted in the application that applicant maintains arrangements with numerous service dealers (sellers) in replacing units for "Cold Wall" Frigidaire refrigerators. The Director of Price Stabilization has determined that the supply of such service is limited; that the increased ceiling prices for replacing units for such "Cold Wall" Frigidaire refrigerators will not exceed the prevailing prices at which the applicant could purchase the same service; that the applicant's suppliers are threatening to discontinue supplying such service because their ceiling prices are below prevailing rates; that the applicant has agreed to absorb any price increases and will not pass on such increases in the form of increased prices to others; and that the sellers of these services to the applicant are too numerous to make recourse to paragraph 20 (b) of CPR 34 practicable. The increased ceiling prices reflect the direct labor and material cost increases incurred by these sellers since their ceiling prices for the service were established, and such increases will not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 20 (c) of CPR 34, as amended, this Special Order is hereby issued.

1. The application of General Motors Corporation (Frigidaire Division), General Motors Building, 3044 West Grand Boulevard, Detroit 2, Michigan (hereinafter referred to as The Company) for an adjustment of the ceiling prices which service dealers (sellers) may charge applicant for replacing units for "Cold Wall" Frigidaire refrigerators is granted as follows:

On and after the effective date of this Special Order, the ceiling price for the service of replacing units for "Cold Wall" Frigidaire refrigerators to The Company by its franchised service dealers shall be Ten Dollars ($10.00).

2. The Company may pay to the sellers the increased price determined under paragraph 1 of this Special Order provided that it shall absorb the increase over the former ceiling price and shall not pass on such increase in rates in the form of increased prices to others.

3. Copies of this Order shall be provided by The Company to the sellers of this particular service. A copy of this Order shall be kept at the place of business of each of these firms and another copy shall be filed by each seller of this service with the appropriate District Office of the OPS with which each of the firms has filed or is required to file a statement of its ceiling prices under section 18 of CPR 34.

4. All provisions of CPR 34, as amended, except as changed by the pricing provisions of this Special Order shall remain in effect.

5. This Special Order or any provisions thereof may be revoked, suspended or amended by the Director of Price Stabilization at any time.

Effective date. This Order shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

[F. R. Doc. 53-1304; Filed, Feb. 4, 1953; 4:52 p. m.]

[Ceiling Price Regulation 34, as Amended, Section 20 (c), Special Order 24]

GENERAL MOTORS CORP.

ADJUSTMENT OF HOURLY LABOR RATE FOR LABOR WARRANTY SERVICES FURNISHED ON CERTAIN PRODUCTS

Statement of considerations. This Special Order 24, issued upon application of General Motors Corporation, 3044 West Grand Boulevard, Detroit, Michigan, pursuant to section 20 (c) of Ceiling Price Regulation 34, as amended, adjusts the hourly labor rate for labor warranty services furnished to General Motors Corporation on certain products.

Section 20 (c) of Ceiling Price Regulation 34 provides that a purchaser who buys non-retail services from sellers who are too numerous to make recourse to section 20 (b) thereof practicable, and who are threatening to discontinue supplying him with such services, may, if he agrees to absorb the price increase above the ceiling, apply to the Director of Price Stabilization, Washington, D. C., for permission to pay such sellers, for supplying such services, as much as but no more than he would be required to pay other suppliers therefor. Such application will be granted only where there is no practicable recourse to section 20 (b) and only to the extent that such approval will not interfere with the purposes of the Defense Production Act of 1950, as amended.

It appears that General Motors Corporation employs numerous repair stations to render warranty services, on the parts and accessories it manufactures and which are involved in this application, on the basis of the approximate direct labor costs involved in supplying such services. These are essential, non-retail services, in limited supply, and the sellers involved are too numerous to make recourse to section 20 (b) of Ceiling Price Regulation 34 practicable. The costs of performing these services have increased since 1947 when the present price of performing them was established. Many sellers are threatening to discontinue supplying these services on the ground that the present price does not reimburse them for their actual cost of labor and miscellaneous shop supplies. The price increases granted by this special order are no more than the direct labor cost increases these sellers have generally sustained; the resulting prices do not exceed the prevailing level of prices at which the applicant could purchase the same services; and the applicant has agreed to absorb the price increases and not pass them on to his customers. These price increases will not interfere with the purposes of the Defense Production Act of 1950, as amended.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to Section 20 (c) of Ceiling Price Regulation 34, as amended, this Special Order is hereby issued.

1. On and after the effective date of this Special Order, the ceiling price which authorized repair stations of United Motors Service Division of General Motors Corporation, 3044 West Grand Boulevard, Detroit 2, Michigan, may charge General Motors Corporation, and which General Motors Corporation may pay such repair stations, for labor warranty services on the commodities listed below, which it manufactures, is $1.75 per hour:

Delco-Remy Starting-Lighting-Ignition.
Delco Storage Batteries.
New Departure Ball Bearings.
Hyatt Roller Bearings.
AC Spark Plug Speedometer-Gauges-Odometer and Fuel Pumps.
Harrison Radiators, Heaters, Defrosters.
Delco Hydraulic Shock Absorbers.
Guide Lamp Lighting Equipment.
Rochester Carburetors.
Delco Brake Shoes, Wheel and Master Cylinders, Brake Fluid and Brake Parts.
Moraine Engine Connecting Rod and Crank Shaft Bearings.

2. All requests contained in the application for adjustment under consideration are denied to the extent they are not granted herein.

3. Section 18 (c) of Ceiling Price Regulation 34 does not apply to services covered by this Special Order. All other provisions of Ceiling Price Regulation 34 except as changed by this Special Order remain in effect as to such services.

4. This Special Order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

Effective date. This Special Order shall become effective February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

[F. R. Doc. 53-1305; Filed, Feb. 4, 1953; 4:53 p. m.]

[Ceiling Price Regulation 32, Supplementary Regulation 2, Section 3, Special Order 48]

CERTAIN FIELDS IN WYOMING

CRUDE PETROLEUM CEILING PRICES ADJUSTED ON AN IN-LINE BASIS

Statement of considerations. This special order adjusts the ceiling price for the sale of crude petroleum produced from the Byron and Garland Fields, Big Horn County, Wyoming; Oregon Basin Field, Park County, Wyoming; and Hidden Dome Field, Washakie County, Wyoming.

The Office of Price Stabilization has been requested to eliminate the differentials heretofore imposed upon crude petroleum produced from the Byron and Garland Fields, Big Horn County, Wyoming; Oregon Basin Field, Park County, Wyoming; and Hidden Dome Field, Washakie County, Wyoming. During the base period there was a lack of competitive factors and a temporary excess supply of heavy crude petroleum and as a result, the crude petroleum produced from the above fields was sold at a lower price than that paid for crude petroleum of comparable quality produced in this same general area. It appears that this condition has now been eliminated and these differentials should no longer be imposed.

From the information available to this office, it appears that the prices set forth in this order do not exceed the ceiling prices of comparable crude petroleum produced in this same area.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of Section 3 of Supplementary Regulation 2 to Ceiling Price Regulation 32, *It is ordered:*

1. That the ceiling price at the lease receiving tank for crude petroleum produced from the Byron and Garland Fields, Big Horn County, Wyoming; Oregon Basin Field, Park County, Wyoming; and Hidden Dome Field, Washakie County, Wyoming shall be: $1.28 per barrel for 15° API gravity and

below, increasing to $2.47 per barrel for 40° API gravity and above, as follows:

Gravity:	Price	Gravity:	Price
15–15.9	$1.28	28–28.9	$2.04
16–16.9	1.34	29–29.9	2.09
17–17.9	1.40	30–30.9	2.14
18–18.9	1.46	31–31.9	2.19
19–19.9	1.52	32–32.9	2.23
20–20.9	1.58	33–33.9	2.27
21–21.9	1.64	34–34.9	2.31
22–22.9	1.70	35–35.9	2.35
23–23.9	1.76	36–36.9	2.39
24–24.9	1.82	37–37.9	2.41
25–25.9	1.88	38–38.9	2.43
26–26.9	1.94	39–39.9	2.45
27–27.9	1.99	40 and above	2.47

2. All provisions of Ceiling Price Regulation 32, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified or revoked by the Director of Price Stabilization at any time.

Effective date. This special order shall become effective on February 5, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 4, 1953.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27771]

SYRUP FROM EAST ST. LOUIS, ILL., TO BOSTON, MASS., NEW YORK, N. Y., AND PHILADELPHIA, PA.

APPLICATION FOR RELIEF

FEBRUARY 5, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. C. Schuldt, Agent, for carriers parties to his tariff I. C. C. No. 3758, pursuant to fourth-section order No. 17220.

Commodities involved: Syrup, coloring, burnt sugar, carloads.

From: East St. Louis, Ill.

To: Boston, Mass., New York, N. Y., and Philadelphia, Pa.

Grounds for relief: Rail competition and circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 53–1345; Filed, Feb. 9, 1953; 8:48 a. m.]

[4th Sec. Application 27772]

COFFEE FROM NORTH ATLANTIC PORTS, TO BRUCETON AND ROOK, PA.

APPLICATION FOR RELIEF

FEBRUARY 5, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: C. W. Boin and I. N. Doe, Agents for carriers parties to fourth-section application No. 25291 et al.

Commodities involved: Coffee, green or roasted, carloads.

From: Boston, Mass., New York, N. Y., Baltimore, Md., Albany, N. Y., and Philadelphia, Pa.

To: Bruceton and Rook, Pa.

Grounds for relief: Rail competition, circuitous routes, port relations, and additional destinations.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[4th Sec. Application 27773]

MOTOR-RAIL-MOTOR RATES BETWEEN BOSTON, MASS., AND HARLEM RIVER, N. Y.

APPLICATION FOR RELIEF

FEBRUARY 5, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: The New York, New Haven and Hartford Railroad Company and Cooper's Express, Inc.

Commodities involved: Semi-trailers, loaded and empty, on flat cars.

Between: Boston, Mass., on the one hand, and Harlem River, N. Y., on the other.

Grounds for relief: Competition with motor carriers.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices), Department of Agriculture

Subchapter F—Insecticides

[Interpretation 13]

PART 162—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL INSECTICIDE, FUNGICIDE, AND RODENTICIDE ACT

INTERPRETATION WITH RESPECT TO SHIPMENTS FOR EXPERIMENTAL USE; PERMIT REQUIREMENTS

On December 20, 1952, there was published in the FEDERAL REGISTER (17 F. R. 11626) an amendment of § 162.17 (7 CFR 162.17) of the regulations for the enforcement of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U. S. C. 135–135k). Said amendment of § 162.17 necessitates the amendment of Interpretation 13 with respect to shipments for experimental use-permit requirements (7 CFR 162.111).

Therefore, pursuant to the authority vested in me by § 162.3 of the regulations (7 CFR 162.3) under the Federal Insecticide, Fungicide, and Rodenticide Act, said Interpretation 13 is amended to read as follows:

§ 162.111 *Interpretation with respect to shipments for experimental use; permit requirements—(a) Shipments for experimental use by certain Federal and State agencies.* The penalties provided for violation of section 3a of the act do not apply to the manufacturer or shipper of an economic poison intended only for experimental use by or under the supervision of any Federal or State agency authorized by law to conduct research in the field of economic poisons. This means that a manufacturer may freely ship economic poisons for experimental use by or under the supervision of the agencies indicated without registration or any other compliance with section 3a of the act. No Federal permits for these shipments are required.

(b) *Shipments for experimental use by others.* In the case of shipments of economic poisons for experimental use only, to parties other than Federal or State agencies authorized by law to conduct research in the field of economic poisons or to those working under their supervision, the same exemption from the penalties set forth for violation of section 3a of the act exists: *Provided,* That a permit has been obtained from the Department before shipment of the goods. This provision of the act is intended to apply primarily to shipments of products which have already been found to have economic poison value, but which are being tested further, usually on a larger scale, to determine their limitations. The information about their effectiveness is usually not sufficient to enable the preparation of adequate directions for use and adequate warning statements and, therefore, suitable labeling for registration cannot be prepared without further experimentation. This experimental work may be carried out on a large scale, including treatment of many acres of crops in various sections of the country. However, it must be carried out in such a way as to avoid injury to humans and useful animals. If the economic poison is to be tested

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

for a use which is likely to result in contamination of food or feed the affected food or feed must be disposed of without allowing it to be consumed by humans, or by useful animals except those used for toxicity tests, unless there is convincing evidence that the proposed use will not result in injury to them.

(c) *Sale of the product.* The economic poison may be sold to the user or may be supplied to him without charge. If it is not furnished without charge the label must bear, in addition to other required material, a statement of the names and percentages of the principal active ingredients in the product. This is intended to include the names and percentages of the ingredients commonly known as toxicants but not necessarily the names and percentages of ingredients which act primarily as solvents, emulsifiers, carriers or in a similar manner. The experimental work must be carried out by persons qualified to evaluate the results obtained. Offering the product for sale to anyone who wishes to purchase it is not considered marketing for experimental use only, and is prohibited. Products so offered will be subject to registration and all other requirements of the law.

(d) *Types of products and labeling.* (1) An economic poison shipped for experimental use may be one which has not previously been used as an economic poison, or it may be one which has had other economic poison uses and is now being tested for a new use.

(2) The labeling of all economic poisons shipped under permit must bear the following:

(i) The prominent statement "For Experimental Use Only" on the container label and any accompanying circular or other labeling.

(ii) A warning or caution statement if it is necessary for the protection of those who may handle or be exposed to the economic poison.

(iii) The name and address of the applicant for the permit.

(iv) The name of the formulation; and,

(v) If the economic poison is to be sold, the names and percentages of its principal active ingredients.

(e) *Specific and general permits.* (1) If a manufacturer desires to make a single shipment of an economic poison for experimental use, he may obtain a permit for that specific shipment; or

(2) If he desires to make more than one shipment of a single economic poison or closely allied economic poisons for experimental use, he may apply for a general permit. A general permit will be subject to the following limitations and may be cancelled at any time for any violation of its terms:

(i) It will be good only for a specified period of time, in no case exceeding one year.

(ii) It will be subject to the truthfulness of the representations made in the application for the permit.

(iii) It will apply only to one economic poison or closely allied group of such products. This provision is intended to include under one permit different formulations of the same material which are being tested to determine the best formulation for the particular use, but is not intended to include under one permit entirely different chemicals used as economic poisons.

(f) *Application for permits.* An application for a permit for shipment for experimental use should be made in duplicate on forms which may be obtained from the Insecticide Division, Livestock Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., giving in full the following information:

(1) Name and address of the shipper and place or places from which the shipment will be made.

(2) Proposed date of shipment or proposed shipping period not to exceed one year.

(3) A statement of the composition of material to be covered by the permit which should apply to a single material or group of closely allied formulations of the material.

(4) A statement of the approximate quantity to be shipped.

(5) Available data or information or reference to available data or information on the acute toxicity of the economic poison.

(6) A statement of the nature of the proposed experimental program, including the type of pests or organisms to be experimented with, the crops or animals for which the product is to be used, the areas where it is proposed to conduct the program, and including the results of previous tests where necessary to justify the quantity requested.

(7) When food or feed is likely to be contaminated, either a full statement of action which will be taken to prevent the food or feed from being consumed, except by laboratory or experimental animals, or convincing evidence that the proposed experiment will not result in injury to man or useful animals.

(8) The percentage of the total quantity specified under subparagraph (4) of this paragraph which will be supplied without charge to the user.

(9) A statement that the economic poison is intended for experimental use only.

(10) Proposed labeling for the product.

Applications will be considered as rapidly as possible. In special cases the manufacturer may request telegraphic notification at his expense of the issuance of the permit.

(g) *Limitation of quantity of economic poison permitted for experimental use.* When the available information on the effectiveness, toxicity or other hazards inherent in a proposed experimental use of an economic poison is not sufficient to assure that it is safe under the conditions of the experiment, the full quantity requested may not be permitted or other limitations may be placed upon the permit if necessary for the protection of the public. This is intended to apply particularly if the material is to be handled and applied by people who have not been especially trained in the use of poisons or if its use on a scale as broad as that requested is likely to constitute an unwarranted hazard.

(h) *Cancellation of permits.* A permit for shipment of an economic poison for experimental use may be cancelled at any time for any violation of its terms. It may also be cancelled if it appears upon further consideration that distribution of the product under the terms of the permit constitutes a hazard to the public.

(i) *Custom mixes.* Permits will not be issued for so-called custom mixes which are ordinarily economic poisons prepared to the special formula of the user. These are not intended for experimental use, but are special economic poisons intended for special uses. When shipped in interstate commerce, they are subject to the registration and other provisions of the law.

(j) *Shipment of products not classified as economic poisons.* Section 162.17 (a) (1) provides that a product is not an economic poison when it is being put through tests in which the purpose is only to determine its value for economic poison purposes or to determine its toxicity or other properties, and when the user does not expect to receive any benefit in pest control. This will, in general, include products being put through so-called screening tests or preliminary tests to determine whether further tests with them are worth while; products shipped to toxicological laboratories to determine their toxicity; products sent to chemical laboratories for chemical investigation; and products shipped for tests by testing laboratories which maintain test plots solely to evaluate the effectiveness of the product and not for the value of the crops obtained. Permits are not required for shipments of products of this type and they are not subject to the provisions of the act in any way. There is no requirement for any report concerning them to the Department, except when it is necessary to report the results of the tests to support claims when they are later submitted for registration or when an application for a permit for shipment for experimental use is submitted. However, confidential progress reports will be valuable to the Department.

(Sec. 6, 61 Stat. 168; 7 U. S. C. Sup. 135d)

The foregoing interpretation shall become effective upon its publication in the FEDERAL REGISTER.

Done at Washington, D. C., this 5th day of February 1953.

[SEAL] H. E. REED,
Director, Livestock Branch, Production and Marketing Administration.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs. Amdt. 60-2]

PART 60—AIR TRAFFIC RULES

DEFINITION OF CEILING

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 4th day of February, 1953.

The United States Weather Bureau has revised its procedures for the determination and measurement of "ceiling". A ceiling is now technically considered to be the lowest layer of clouds or obscuring phenomena reported as "broken", "overcast", or "obscuration" and not classified as "thin" or "partial". This change is significant in that a broken or overcast layer of clouds will no longer be reported as a ceiling if the layer is predominantly transparent. Concurrent with this change in procedure the Weather Bureau has also revised its definition of ceiling.

The purpose of this amendment is to bring the Civil Air Regulations into conformity with the foregoing changes in the procedure of ceiling determination.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 60 of the Civil Air Regulations (14 CFR Part 60, as amended) effective March 12, 1953.

By amending § 60.72 to read as follows:

§ 60.72 *Ceiling.* The height above the ground or water of the lowest layer of clouds or obscuring phenomena that is reported as "broken", "overcast", or "obscuration" and not classified as "thin" or "partial".

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007; 49 U. S. C. 501)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 53-1390; Filed, Feb. 10, 1953; 8:47 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 48]

PART 608—DANGER AREAS

ALTERATIONS

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act is not required. Part 608 is amended as follows:

1. In § 608.38, the Warren Grove, New Jersey, area (D-26), published on August 18, 1949, in 14 F. R. 5145, and amended on May 17, 1951, in 16 F. R. 4607, is further amended by changing the "Designated Altitudes" column to read: "Surface to unlimited".

2. In § 608.52, the Wendover, Utah, Northern Area (D-258), published on July 16, 1949, in 14 F. R. 4296, and amended on May 20, 1952, in 17 F. R. 4558, is further amended by changing the "Using Agency" column to read: "Castle AFB, Merced, California".

3. In § 608.52, the Wendover, Utah, Southern Area (D-259), published on July 16, 1949, in 14 F. R. 4296, and amended on January 24, 1952, in 17 F. R. 715, is further amended by changing the "Using Agency" column to read "Castle AFB, Merced, California".

4. In § 608.62, the Kaena Point, Territory of Hawaii, area (D-317), published on July 16, 1949, in 14 F. R. 4298, is amended by changing the "Using Agency" column to read: "United States Army, Pacific".

5. In § 608.62, the Island of Kahoolawe, Territory of Hawaii, area (D-327), published on July 16, 1949, in 14 F. R. 4298, and amended on November 29, 1951, in 16 F. R. 11993, is further amended by changing the "Using Agency" column to read: "Fleet Air Hawaii".

6. In § 608.62, the Kahuku, Island of Oahu, Territory of Hawaii, area (D-324), published on October 29, 1949, in 14 F. R. 6596, is amended by changing the "Using Agency" column to read: "United States Army, Pacific".

7. In § 608.62, the Kahuku Point, Island of Oahu, Territory of Hawaii, area (D-323), published on July 16, 1949, in 14 F. R. 4298, is amended by changing the "Using Agency" column to read: "Fleet Air Hawaii".

8. In § 608.62, the Makua, Island of Oahu, Territory of Hawaii, area (D-315), published on April 29, 1950, in 15 F. R. 2435, is amended by changing the "Using Agency" column to read: "United States Army, Pacific".

9. In § 608.62, the Mokuhooniki Rock, Island of Molokai, Territory of Hawaii, area (D-326), published on July 16, 1949, in 14 F. R. 4298, is amended by changing the "Using Agency" column to read: "Fleet Air Hawaii".

10. In § 608.62, the Mokuleia, Island of Oahu, Territory of Hawaii, area (D-333), published on July 16, 1949, in 14 F. R. 4298, is amended by changing the "Using Agency" column to read: "United States Army, Pacific".

11. In § 608.62, the Schofield, Island of Oahu, Territory of Hawaii, area (D-335), published on October 29, 1949, in 14 F. R. 6596, and amended on December 20, 1949, in 14 F. R. 7577, is further amended by changing the "Using Agency" column to read: "United States Army, Pacific".

12. In § 608.62, the West Molokai, Island of Molokai, Territory of Hawaii, area (D-325), published on December 31, 1949, in 14 F. R. 7883, is amended by changing the "Using Agency" column to read: "Fleet Air Hawaii".

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on February 13, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1366; Filed, Feb. 10, 1953; 8:45 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 5969]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

BENRUS WATCH CO., INC.

Subpart—*Discriminating in price under section 2, Clayton Act as amended—Price discrimination under 2 (a):* § 3.715 *Charges and price differentials;* § 3.725 *Cumulative quantity discounts and schedules.* In the sale of men's and women's watches or other jewelry products of like grade and quality to purchasers for resale within the United States and places subject to the jurisdiction of the United States, directly or indirectly, discriminating in price between said purchasers, where either or any of the purchases involved therein are in said commerce, by selling said products to any of said purchasers at prices which are higher than the prices at which said products are sold by respondent to any other of said purchasers (a) where respondent in the sale of said products to any purchaser charged such lower prices is in competition with any other seller and where such lower prices to said purchaser are lower by any amount which is determined or measured by said purchaser's volume or purchases of said products over a period of time, or (b) where any purchaser charged such lower prices is in competition in the resale of said products with any purchaser charged such higher prices; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 2, 38 Stat. 730, as amended; 15 U. S. C. 13) [Cease and desist order, Benrus Watch Company, Inc., New York, N. Y., Docket 5969, November 6, 1952]

This proceeding was instituted by complaint which charged respondents with discriminating in price between different purchasers of commodities of like grade and quality in violation of the provisions of subsection (a) of section 2 of the Clayton Act, as amended.

It was disposed of, as announced by the Commission's "Notice," dated November 7, 1952, through the consent settlement procedure provided in Rule V

of the Commission's Rules of Practice as follows:

The consent settlement tendered by the parties in this proceeding, a copy of which is served herewith, was accepted by the Commission on November 6, 1952, and ordered entered of record as the Commission's findings as to the facts, conclusion, and order in disposition of this proceeding.

Said order to cease and desist, thus entered of record, following the findings as to the facts [1] and conclusion,[1] reads as follows:

It is ordered, That the respondent Benrus Watch Company, Inc., a corporation engaged in commerce, as "commerce" is defined in the aforesaid Clayton Act, its officers, representatives, agents, and employees, directly or through any corporate or other device, in the sale of men's and women's watches or other jewelry products of like grade and quality to purchasers for resale within the United States and places subject to the jurisdiction of the United States, do forthwith cease and desist from directly or indirectly discriminating in price between said purchasers, where either or any of the purchases involved therein are in said commerce, by selling said products to any of said purchasers at prices which are higher than the prices at which said products are sold by respondent to any other of said purchasers (a) where respondent in the sale of said products to any purchaser charged such lower prices is in competition with any other seller and where such lower prices to said purchaser are lower by any amount which is determined or measured by said purchaser's volume or purchases of said products over a period of time, or (b) where any purchaser charged such lower prices is in competition in the resale of said products with any purchaser charged such higher prices.

It is further ordered, That the respondent shall, within sixty (60) days after the service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By direction of the Commission.

[SEAL] WM. P. GLENDENING, Jr.,
Acting Secretary.

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Overriding Regulation 8, Amdt. 9]

GOR 8—Paper, Paperboard, Converted Paper and Paperboard Products, Allied Products and Services

Exemption of Manufacturers' Sales of Milk Bottle Caps and Closures

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 9 to General Overriding Regulation 8 is hereby issued.

Statement of Considerations

This amendment exempts from price controls manufacturers' sales and deliveries of milk bottle caps and closures. These products, produced for the exclusive use of closing glass milk bottles are manufactured from paper, paperboard, cellophane black plate and aluminum foil, as well as from many combinations of these materials. In addition to the many combinations of materials, caps, and closures are made in various sizes and calipers.

There are eleven United States producers of milk bottle caps and closures, of which all but one are located east of the Mississippi River. In 1951 the total industry produced approximately 14 billion units valued at more than 26½ million dollars. However, there is a very substantial potential surplus within the industry and competition is very keen. At the present time, there are approximately 22 billion packages of milk produced annually in this country of which only 8 billion are packaged in all paper cartons. Within the past few years paper packaging has grown from about 2 billion to 8 billion units annually. This trend to paper packaging continues to increase at the expense of the glass bottle and the caps and closure industry.

Ceiling prices for this industry as established under CPR 133 permit each manufacturer to apply a uniform adjustment factor of 1.023 percent to his GCPR price for each milk bottle cap and closure item. The calculation of this adjustment factor was devised to equal the average percentage change in direct costs for the industry under CPR 22. GOR 35 allows the manufacturer to pass through any increased cost of black plate and aluminum to the consumer. This permits a slight increase in the ceiling price established under CPR 133 for caps and closures made from or containing either of these two materials. Decontrol of this industry may result in an advance in prices for some caps and closures but in no event is the advance in price of any item expected to exceed 5 percent. This increased cost will have no substantial bearing on the cost of a bottle of milk since the average cost of the closure is approximately only $1.90 per thousand. Consequently, this decontrol action will not have an inflationary effect on the economy or the cost of living because milk bottle caps and closures are an insignificant cost factor to the consumer. Neither will it result in a diversion of manpower or materials from more essential uses, nor cause difficulty in maintaining controls in other areas. In view of the foregoing circumstances, the Director finds that the administrative burden on the agency and affected industry of establishing and maintaining ceiling prices for manufacturers of milk bottle caps and closures would be disproportionate to the benefits gained thereby.

The Director of Price Stabilization finds that Amendment 7 to the General Overriding Regulation 8 is generally fair and equitable and in his judgment is necessary and proper to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended. In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

Amendatory Provisions

General Overriding Regulation 8 is amended in the following respects:

1. Section 1 (a) is amended by the addition of subparagraph (7) to read as follows:

(7) Manufacturers' sales of milk bottle caps and closures.

2. Section 2 (a) is amended by the addition of subparagraph (10) to read as follows:

(10) "Milk bottle caps and closures" include all products used as caps, closures or hoods for glass milk bottles, whether such products are made of paperboard, cellophane, aluminum, or any other material.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 9 to General Overriding Regulation 8 shall become effective February 10, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 10, 1953.

Chapter VI—National Production Authority, Department of Commerce

[NPA Reg. 1, Amendment 1 of February 10, 1953]

Reg. 1—Inventory Control

Miscellaneous Amendments

This amendment to NPA Reg. 1 as last amended December 24, 1952, is found necessary and appropriate to promote the national defense and is issued pur-

[1] Filed as part of the original document.

suant to the Defense Production Act of 1950, as amended. In the formulation of this amendment, consultation was had with industry representatives, including trade association representatives, and consideration was given to their recommendations.

NPA Reg. 1, as amended December 24, 1952, is hereby further amended in the following respects:

1. In Table IA thereof, under the heading "Metals and Minerals," the following items are deleted:

Tin:
Pig tin, primary or secondary.
All other materials and alloys containing 1.5 percent or more tin.

2. In Table IA thereof, under the heading "Metals and Minerals," the item "Scrap," is amended to read:

Scrap, ferrous and nonferrous (except antimony, bismuth, cadmium, lead, zinc, and tin scrap).

3. In Table IA thereof, the heading "Containers and Packaging Materials" and all items listed thereunder, together with the related footnote 1, are deleted.

4. In Table IB thereof, the following item and the number of days set opposite, are deleted:

Components and parts for electric light bulbs and tubes	60

5. In Table II the following items under the column headings indicated are deleted:

Materials:	*NPA order or regulation*
Pig tin	M–8
Lead-base alloys (1.5 percent or more tin)	M–8
All other materials and alloys containing 1.5 percent or more tin	M–8
Cans	M–25

(Sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect February 10, 1953.

NATIONAL PRODUCTION AUTHORITY,
By GEORGE W. AUXIER,
Executive Secretary.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 884]

LOUISIANA

TRANSFERRING JURISDICTION OVER THE OIL AND GAS DEPOSITS IN CERTAIN LANDS OWNED BY THE UNITED STATES

Whereas the hereinafter-described lands, title to which has been acquired by the United States, comprising a part of the Barksdale Bombing and Gunnery Range portion of the Barksdale Air Force Base Reservation, Louisiana, are reported to be subject to drainage of their oil and gas deposits by wells on adjacent lands in private ownership; and

Whereas it is necessary in the public interest that such protective action be taken as will prevent loss to the United States by reason of the drainage or threatened drainage from the said lands; and

Whereas, in order to facilitate such action, it is considered advisable that jurisdiction over the oil and gas deposits in such lands be transferred from the Department of the Air Force to the Department of the Interior; and

Whereas such transfer has the concurrence of the Secretary of the Air Force:

Now, therefore, by virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F. R. 4831) it is ordered as follows:

1. The jurisdiction over the oil and gas deposits in the following-described lands is hereby transferred from the Department of the Air Force to the Department of the Interior:

LOUISIANA MERIDIAN

T. 18 N., R. 11 W.,
Sec. 19, SW¼ and S½SE¼, those portions lying south of the south right-of-way line of the Vicksburg, Shreveport, and Pacific Railway Company;
Sec. 30.
T. 18 N., R. 12 W.,
Sec. 23, S½, that portion lying south of the south right-of-way line of the Vicksburg, Shreveport, and Pacific Railway Company;
Sec. 24, S½, that portion lying south of the south right-of-way line of the Vicksburg, Shreveport, and Pacific Railway Company;
Sec. 25, N½;
Sec. 26, NE¼.

The areas described aggregate approximately 1,900 acres.

2. The Secretary of the Interior shall take such action as may be necessary to protect the United States from loss on account of drainage or threatened drainage of oil and gas from such land.

3. The jurisdiction of the Department of the Interior over such lands shall be subject to the primary jurisdiction of the Department of the Air Force over the lands for air force purposes.

4. No oil and gas lessee shall use or invade, for any purpose, the surface of the SW¼NW¼, W½SW¼ sec. 30, T. 18 N., R. 11 W., S½N½ sec. 25 and S½NE¼ sec. 26, T. 18 N., R. 12 W.

5. Prior to any advertisement for bids the Department of the Air Force shall have the opportunity to indicate the further reservations and restrictions that are to be included in the proposed lease or leases.

6. All moneys received as royalties under leases, or otherwise, on account of oil and gas extracted from such land shall be paid into the Treasury of the United States and credited to miscellaneous receipts.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

FEBRUARY 5, 1953.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 988]

[Docket No. AO 195–A 5]

HANDLING OF MILK IN KNOXVILLE, TENN., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Farragut Hotel, 530 South Gay Street, Knoxville, Tennessee, beginning at 10:00 a. m., e. s. t., February 16, 1953, for the purpose of receiving evidence with respect to emergency, and other economic conditions which relate to the handling of milk in the Knoxville, Tennessee, marketing area and to the proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Knoxville, Tennessee, marketing area (7 CFR 988 et seq.). These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the order, as amended, regulating the handling of milk in the Knoxville, Tennessee, milk marketing area were proposed, as follows:

By Knoxville Milk Producers' Association and certain Knoxville Handlers.

1. Add the following proviso to § 988.51 (b):

Provided, That from the effective date hereof the price per hundredweight for all producer milk received at a fluid milk plant that is used to produce butter, or is transferred to a non-fluid milk plant located more than 50 miles from the Knox County Courthouse and used to produce any item other than those as set forth in § 988.41 (a) (1) shall be the price computed above less the appropriate amounts that will effectuate the orderly marketing of distress milk.

By the Knoxville Milk Producers' Association.

2. Delete § 988.72 (d) and substitute therefor:

(d) Compute the value on a 4.0 percent butterfat basis of the aggregate quantity of excess milk for all handlers included in the computation pursuant

to paragraph (a) of this section by multiplying the hundredweight of such milk not in excess of the total quantity of Class II milk included in such computation by the price(s) for Class II milk of 4.0 percent butterfat content beginning in series with the lowest price for Class II milk of 4.0 percent butterfat content: multiplying the hundredweight of such milk in excess of the total hundredweight of such Class II milk by the price for Class I milk of 4.0 percent butterfat content, and adding together the resulting amounts:

3. Amend § 988.15 to read as follows:

§ 988.15 *Base milk.* "Base milk" means milk received by a handler from a producer during any of the months of April through August which is not in excess of such producer's daily average base computed pursuant to § 988.60 multiplied by the number of days in such delivery period.

4. Add a new section to read as follows:

§ 988.34 *Reports to cooperative association.* On or before the 15th day after the end of each delivery period, the market administrator shall report to each cooperative association as described in § 988.88 (b), upon request by such association, the percentage of milk caused to be delivered by such association or by its members which was used in each class by each handler receiving any such milk. For the purpose of this report the milk so received shall be prorated to each class in proportion that the total receipts of milk from producers by such handler were used in each class.

By the Avondale Farms Creamery.

5. Amend § 988.41 (a) by adding thereto the following: "(3) in inventory variation"; and, amend § 988.41 (b) by deleting therefrom: "(2) in inventory variation".

By Dairy Branch, Production and Marketing Administration.

6. Make such changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the order now in effect may be procured from the Market Administrator, 205 Flatiron Building, 705 Broadway NE., Knoxville, Tennessee, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be inspected there.

Dated February 10, 1953, at Washington, D. C.

[SEAL] GEORGE A. DICE,
Deputy Assistant Administrator.

[F. R. Doc. 53-1442; Filed, Feb. 10, 1953; 11:19 a. m.]

NOTICES

CIVIL AERONAUTICS BOARD

[Docket No. 5947; Order Serial No. E-7141]

RENEWAL OF CERTAIN PROVISIONS OF ECONOMIC REGULATIONS AND INVESTIGATION OF INDIRECT AIR CARRIAGE OF PROPERTY

ORDER OF INVESTIGATION

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 5th day of February 1953.

The Board promulgated Part 296 of the Economic Regulations after finding in the Air Freight Forwarder Case, 9 CAB 473 (1948) that the services of freight forwarders should be permitted on a temporary basis and for a limited period during which experience could be developed upon which a permanent policy might be soundly determined. Part 296 of the Economic Regulations expires October 15, 1953; the trial period for forwarders, therefore, as envisaged by the Board in the Air Freight Forwarder Case, is drawing to a close.

The services now performed and to be performed by air carriers indirectly engaged in the air transportation of property present problems of unique and novel character in the field of air transportation. The imminent expiration of the aforesaid Part 296, and the holding by the Board in Docket 4902 that a shippers' association may be an indirect air carrier, requires a thorough investigation at this time into the problems of indirect air carriers of property as a means of analyzing the record of forwarder experience which has developed under Part 296, with a view to determining a sound permanent policy for the future of the indirect carrier (property) and for the forwarding industry. Particularly, further inquiry of a formal nature is now needed to determine the extent to which there may be a continuing need for air freight forwarders in view of the burgeoning of other indirect air carriers of property, e. g., so-called shippers' associations and shippers' cargo agents, and the extent to which there is a need for classification of all indirect air carriers of property, with suitable regulation to insure fullest development of each class. No question is raised at this time with respect to the activities of Railway Express Agency, Inc. (REA) which is authorized, under the exemption provision of section 1 (2), to carry on its operations for an indefinite period, or until such time as the Board may determine that such operations are no longer in the public interest. Also, REA is currently engaged in negotiations with the direct air carriers with a view to the filing with us of satisfactory revised air express agreements which we directed in the Air Freight Forwarder Case. Accordingly, we are excluding REA from the scope of this investigation.

The Board, acting pursuant to sections 1 (2), 205 (a), 416 (a) and 1002 (b) of the Civil Aeronautics Act of 1938, as amended, and deeming its action necessary to carry out the provisions of said act, and to exercise and perform its powers and duties thereunder: *It is ordered*, That:

1. An investigation be and it hereby is instituted by the Board into all matters relating to and concerning services of air carriers indirectly engaged in the air transportation of property. Such investigation shall include, inter alia, an inquiry into the following matters:

(a) The question of whether the public interest requires the renewal and/or amendment of Part 296 of the Economic Regulations;

(b) The extent to which there is a need for the classification of indirect air carriers, and the extent to which there is a need for sub-classifications within such possible indirect air carrier classifications;

(c) The extent to which existing requirements of law should be modified in their application to such classifications;

(d) The extent to which there is or may be a general need for indirect air carrier services, including the following: air freight forwarders using direct carriers, air freight forwarders using indirect carriers, shippers' associations, air express forwarders (other than REA), and other similar indirect air carrier services;

(e) The types of operation best adapted to performance of the services required to meet such need;

(f) The extent to which other activities should be engaged in by such indirect air carriers to meet such need;

(g) The extent to which indirect air carrier operations should be subjected to restrictions to prevent discriminatory and destructive practices and the nature of any such restrictions;

2. The following be and they hereby are made parties to this proceeding:

(a) Every holder of a letter of registration as an air freight forwarder (domestic);

(b) Every applicant for a letter of registration as an air freight forwarder (domestic);

(c) In addition thereto, the following:

(1) Manufacturers and Wholesalers Association Shipping Conference, c/o Leslie Spelman, Koret of California, 26 O'Farrell St., San Francisco, California;

(2) Carpel-Textile Association, Inc., c/o R. L. Corn, Room 530, 610 South Main, Los Angeles 14, California;

(3) Flower Consolidators of Southern California, 750 Maple Ave., Los Angeles 14, California;

(4) Consolidated Flower Shipments, Inc., Bay Area, c/o John C. Barulich, San

Francisco Municipal Airport, South San Francisco, California;

(5) Fashion Air Cooperative Association, 475—11th Avenue, New York, New York;

(6) John C. Barulich, c/o Consolidated Flower Shipments, Inc., Bay Area, San Francisco Municipal Airport, South San Francisco, California.

(7) Metropolitan Traffic and Receiving Unit, c/o Mr. O'Grady, Traffic Manager, Saks Fifth Avenue, New York, New York;

(8) Kansas City Shippers Association, c/o Mr. Higginbotham, Traffic Manager, Jones Store, Kansas City, Missouri;

(9) New England Carnation Growers Association, Inc., Logan International Airport, East Boston, Massachusetts;

(10) North Atlantic Lobster Institute, Portland, Maine;

(11) Boston Flower Exchange, Inc., Boston, Massachusetts;

3. This proceeding be and it hereby is set down for hearing before an examiner of the Board at a time and place hereafter to be designated, at which all interested parties will be afforded an opportunity to present their views and any relevant data relating to the subject matter of this proceeding;

4. This order be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] FRED A. TOOMBS,
Acting Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-168]

ELECTRIC BOND AND SHARE CO.

ORDER AUTHORIZING LIMITED ACQUISITIONS FOR PURPOSE OF STABILIZATION

FEBRUARY 3, 1953.

Electric Bond and Share Company ("Bond and Share"), a registered holding company, having previously filed an application for approval of a plan pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act"), proposing the disposition of its holdings of common stock of the Washington Water Power Company ("Washington Company"), to be received pursuant to a plan of American Power & Light Company, a registered holding company and a former subsidiary of Bond and Share, and the Commission having approved such plan by memorandum opinion and order entered July 30, 1952 (Holding Company Act Release No. 11412); and

Bond and Share having in due course received from American Power & Light Company 183,050 shares of common stock of the Washington Company, which shares it had undertaken to dispose of pursuant to the aforesaid plan, and Bond and Share having distributed to its stockholders, pursuant to a dividend, 105,007 shares of such stock, and having sold an additional 11,500 shares, leaving a balance of 66,543 shares remaining to be disposed of; and

Bond and Share having notified the Commission, pursuant to Rule U-44 (c) of the general rules and regulations under the act, of its intention to sell its remaining holdings of common stock of the Washington Company, such sale to be made pursuant to advertisement in appropriate newspapers of Bond and Share's intention to sell such stock and to receive sealed bids therefor from any persons who advise Bond and Share that they may desire to bid; and

Bond and Share having represented that, in connection with such sale, it desires to purchase, and requests authority from the Commission to acquire, not more than 10,000 shares of common stock of the Washington Company for the purpose of stabilizing the market for that stock, any such purchases to be made on the New York Stock Exchange, to commence at the opening of the market on the date on which the foregoing advertisement is published, to be at prices (exclusive of commissions) not in excess of the last preceding sale price of the Washington Company common stock on such exchange, and to continue until the acceptance or rejection by Bond and Share of any bid made for the Washington Company stock, and Bond and Share having further represented that it intends to sell any shares so purchased for stabilizing purposes together with the other shares of the Washington Company proposed to be sold; and

The Commission having notified Bond and Share that no declaration need be filed with respect to the proposed disposition pursuant to such notice, and that the ten-day period prescribed in Rule U-44 (c) has been waived; and

It appearing to the Comission that the proposed acquisition of shares of the Washington Company common stock for the purpose of stabilization, subject to the commitment to dispose of such stock, is appropriate and is in accordance with the applicable standards of the Act, and that an order should be entered approving such acquisitions:

It is ordered, That the application of Electric Bond and Share Company for authority to acquire not in excess of 10,000 shares of common stock of The Washington Water Power Company, for the purposes of stabilizing the market of that stock, in acordance with the application of Electric Bond and Share Company, be, and is hereby, approved, effective forthwith, subject to the terms and conditions contained in Rule U-44.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 203—CONDUCT OF MEMBERS AND EMPLOYEES AND FORMER MEMBERS AND EMPLOYEES OF THE COMMISSION.

Statement of purpose. The Securities and Exchange Commission is adopting a comprehensive regulation to restate the ethical principles which it believes should govern and have governed the conduct of members and employees and former members and employees of the Commission. The regulation includes a general statement of policy following essentially language used by a Subcommittee of the Senate Committee on Labor and Public Welfare in its report on Ethical Standards in Government, and in the related bill, S. 2293, 82d Cong., 1st Sess., 1951. The regulation also deals more specifically with limitations on outside or private employment, securities transactions, disclosure to superiors of personal interests which might conflict with official duties, negotiation for private employment by persons interested in matters pending before the Commission, and practice before the Commission by former members and employees of the Commission.

The more specific regulations are largely a revision of existing rules set forth in memoranda of instructions which have been issued to the staff from time to time, and previously published opinions concerning the propriety of practice by former employees. Among other things, the revision makes it clear that the substantive rules apply to members of the Commission as well as to employees. Some of the rules (particularly Rules 4 and 5 (§§ 203.4 and 203.5)) contain procedural provisions for reference of questions arising under the rules by an employee to his superior. While the Commissioners themselves cannot refer such a problem to a superior, it is contemplated that, in case of doubt as to the applicability of the substantive provisions, they will either refrain from participation in the matter or will request the advice of their associates, in accordance with past practice.

Paragraph (a) of Rule 6 (§ 203.6 (a)) prohibits without limit of time former members and employees from appearing before the Commission in a "particular matter" with respect to which they had a prior official responsibility or specific knowledge. This rule is intended to be declaratory of the practice which the Commission has applied in the advisory rulings that have been rendered from time to time in the past concerning the propriety of specific appearances by former members and employees. In attempting to state the rule in concrete terms, it is recognized that the concept of what constitutes a "particular matter" will require interpretation. In rendering such interpretations the basic policy consideration underlying the rule will require consideration of whether the appearance in question will involve an unethical conflict with prior official responsibilities.

Following is an illustration of the way the Commission believes Rule 6 (a) (§ 203.6 (a)) should be interpreted. An accountant on the Commission's staff has had occasion to deal officially with a registration statement or annual report for a particular company and after leaving the Commission joins an accounting firm which does accounting work for that company. In the absence of unusual circumstances, such an accountant would not be barred from doing accounting work in connection with future registration statements or annual reports for the same company. If, however, the accountant's official responsibilities had involved an investigation or accounting controversy of a continuing character, subsequent activities for the company involved, although pertaining to new filings, might be so related to the continuing investigation or controversy as to constitute an appearance in respect to the "particular matter" previously dealt with on behalf of the Commission.

Paragraph (b) of Rule 6 (§ 203.6 (b)) is a new provision which is designed to aid in the administration of the first part of the rule by requiring the filing of reports covering all appearances before the Commission during the first two years after ceasing to be a member or employee of the Commission.

The new regulation supersedes the previous memoranda on Outside or Private Employment (dated Feb. 14, 1949) and on Employees' Securities Transac-

Title 32A
Chapter III (OPS):
GOR 42 858

tions (Office Memorandum No. 51–F, dated July 14, 1950) and the statement of Commission policy on negotiation for private employment, as set forth in the minute of June 14, 1939. Rule 6 (§ 203.6) is intended to be the primary provision governing practice before the Commission by former members and employees and to make more specific and implement the principles enunciated in the statement of the Commission on that subject contained in Securities Act Release No. 1761 and in the opinion of general counsel contained in Securities Act Release No. 1934. However, the new regulation does not repeal the more general provision of Rule 11 (e) of the rules of practice (§ 0.11 (e)) relating to denial of the privilege of practicing before the Commission for unethical or improper professional conduct, on which Releases 1761 and 1934 were based.

The Commission deems this regulation to be included within the exception to section 4 (a) of the Administrative Procedure Act applicable, among other things, to "general statements of policy, rules of agency organization, procedure or practice," and deems notice and public procedures of the character specified in that section to be unnecessary. The Commission, of course, is open to suggestions with respect to the scope and content of the regulation, whether received before or after its effective date.

Statutory basis. This regulation is adopted pursuant to the authority conferred upon the Commission by the various statutes administered by it, particularly section 19 (a) of the Securities Act

of 1933, section 23 (a) of the Securities Exchange Act of 1934, section 20 (a) of the Public Utility Holding Company Act of 1935, section 319 of the Trust Indenture Act of 1939, section 38 (a) of the Investment Company Act of 1940, and section 211 (a) of the Investment Advisers Act of 1940.

Text of regulation. Part 203 is added to read as follows:

Sec.
203.1 General statement of policy.
203.2 Outside or private employment.
203.3 Securities transactions.
203.4 Action in cases of personal interest.
203.5 Negotiation for private employment.
203.6 Practice by former members and employees of the Commission.
203.7 Employees on leave of absence.
203.8 Violation and participation in violation of this part.

AUTHORITY: §§ 203.1 to 203.8 issued under secs. 19, 23, 48 Stat. 85, 901, as amended; sec. 20, 49 Stat. 833, sec. 319, 53 Stat. 1173, secs. 38, 211, 54 Stat. 841, 855; 15 U. S. C. 77s, 77sss, 78w, 79t, 80a–37, 80b–11.

§ 203.1 *General statement of policy.* It is deemed contrary to Commission policy for a member or employee of the Commission to:

(a) Engage, directly or indirectly, in any personal business transaction or private arrangement for personal profit which accrues from or is based upon his official position or authority or upon confidential information which he gains by reason of such position or authority; [1]

(b) Accept, directly or indirectly, any valuable gift, favor, or service from any person with whom he transacts business on behalf of the United States;

(c) Discuss or entertain proposals for future employment by any person outside the Government with whom he is transacting business on behalf of the United States; [2]

d) Divulge confidential commercial or economic information to any unauthorized person, or release any such information in advance of authorization for its release; [3]

(e) Become unduly involved, through frequent or expensive social engagements or otherwise, with any person outside the Government with whom he transacts business on behalf. of the United States; or

(f) Act in any official matter with respect to which there exists a personal interest incompatible with an unbiased exercise of official judgment.[4]

§ 203.2 *Outside or private employment.* (a) No member or employee shall permit his name to be associated in any way with any legal, accounting or other professional firm or office.[5]

(b) No employee shall have any outside or private employment or affiliation with any firm or organization incompatible with concurrent employment by the Commission. This applies particularly to employment or association with any registered broker, dealer, public utility holding company, investment company or investment adviser or directly or indirectly related to the issuance, sale or purchase of securities. It applies also to any legal, accounting, or engineering work for compensation involving matters in which the Federal government or any State, Territorial or municipal authority may be significantly interested.

(c) No employee shall accept or perform any outside or private employment which interferes with the efficient performance of his official duties.

(d) No employee shall accept or perform any outside or private employment specifically prohibited to Federal employees by statutes or executive order. For example:

(1) 18 United States Code, section 283, provides, among other things, that Federal employees are prohibited from acting as agent or attorney in prosecuting any claim against the United States or from aiding or assisting in any way, except as otherwise permitted in the discharge of official duties, in the prosecution or support of any such claims, or from receiving any gratuity, or any share of an interest in any claim from any claimant against the United States.

(2) 18 United States Code, section 281, provides, among other things, that Federal employees are prohibited from directly or indirectly receiving or agreeing to receive any compensation whatever for services rendered or to be rendered to any person in relation to any matter in which the United States is a party or directly or indirectly interested.

(3) 5 United States Code, section 58, provides that unless otherwise specifically authorized by law, no money appropriated by any act shall be available for payment to any person receiving more than one salary when the combined amount of said salaries exceeds the sum of $2,000 per annum.

(4) Executive Order No. 9 of January 17, 1873, prohibits, subject to exceptions, Federal employees from accepting or holding office under a State, Territorial, County or municipal authority.

(e) No employee shall appear in court or on a brief in a representative capacity (with or without compensation) or otherwise accept or perform legal, accounting or engineering work for compensation unless specifically authorized by the Commission. Requests for such authorization shall be submitted to the division or office head or regional administrator concerned, together with all pertinent facts regarding the proposed employment, such as the name of the employer, the nature of the work to be performed, and its estimated duration. Division and other office heads and regional administrators shall forward all requests, together with their recommendations thereon, to the Director of Personnel for presentation to the Commission.

§ 203.3 *Securities transactions.* (a) This section applies to all transactions effected by or on behalf of a member or employee. Members and employees are considered to have sufficient interest in the security and commodity transactions of their husbands or wives so that such transactions must be reported and are subject to all the terms of this section.

(b) No member or employee shall effect any transaction in a security except for bona fide investment purposes. Unless otherwise determined by the Commission for cause shown, any purchase which is held for less than one year will be presumed not to be for investment purposes. Any employee who believes the application of this paragraph will result in undue hardship in a particular case may make written application to the Commission (through the Division of Personnel, attention of Director of Personnel) setting out in detail the reasons for his belief and requesting a waiver.

(c) No member or employee shall effect any purchase or sale of a future contract for any commodity without the prior approval of the Commission.

(d) No member or employee shall carry securities on margin; nor shall any member or employee borrow funds or securities with or without collateral for the purpose of purchasing or carrying securities or commodities with the proceeds unless prior approval of the Commission has been secured.

(e) No member or employee shall sell a security which he does not own, or the sale of which is consummated by the delivery of a security borrowed by or for such member's or employee's account.

(f) No member or employee shall purchase any security which is the subject of a registration statement filed under the Securities Act of 1933, or of a letter of notification filed under Regulation A, or any other security of the same issuer, while such a registration statement or letter of notification is pending or during

[1] Members of the Commission are subject also to the following prohibition in section 4 (a) of the Securities Exchange Act of 1934: "* * * No commissioner shall engage in any other business, vocation, or employment than that of serving as commissioner, nor shall any commissioner participate, directly or indirectly, in any stock-market operations or transactions of a character subject to regulation by the Commission pursuant to this title * * *". Detailed provisions regarding outside or private employment and transactions in securities and commodities are set forth in §§ 203.2 and 203.3. Further provisions regarding use and disclosure of confidential information are set forth in paragraph (d) of this section and in the note appended thereto.

[2] Detailed provisions regarding negotiation for future employment are set forth in § 203.5.

[3] The policy regarding confidential information stated in paragraphs (a) and (d) of this section is intended to cover cases where, apart from specific prohibitions in any statute or other rule, the disclosure or use of such information would be unethical. Detailed prohibitions regarding disclosure or use of confidential information are set forth in Rule 122 under the Securities Act of 1933; section 24 (c) and Rule X-4 under the Securities Exchange Act of 1934; section 22 (a) and Rule U-104 under the Public Utility Holding Company Act of 1935; section 45 (a) and Rule N-45A-1 under the Investment Company Act of 1940; and section 210 (b) under the Investment Advisers Act of 1940.

[4] Section 203.4 provides a procedure for relieving employees from assignments in certain cases, including those covered by paragraph (f) of § 203.1.

[5] With respect to members, this paragraph supplements the statutory prohibition of outside employment contained in section 4 (a) of the Securities Exchange Act, quoted in footnote 1. The remaining provisions of this section are not made applicable to members in view of the provisions of section 4 (a).

the first thirty days after its effective date.

(g) No member or employee shall purchase securities of (1) any holding company registered under section 5 of the Public Utility Holding Company Act of 1935, or any subsidiary thereof, or (2) any company if its status under such act or the applicability of any provision of the act to it is known by the employee to be under consideration.

(h) No member or employee shall purchase any securities issued by any investment company prima facie subject to the jurisdiction of the Commission under the provisions of the Investment Company Act of 1940.

(i) No member or employee shall purchase any security which to his knowledge is involved in any pending investigation by the Commission or in any proceeding before the Commission or to which the Commission is a party.

(j) No member or employee shall purchase any securities of any company which is in receivership or which is undergoing reorganization under section 77–B or Chapter X of the Bankruptcy Act.

(k) The restrictions imposed in paragraphs (f) to (j) of this section do not apply to the exercise of a privilege to convert or exchange securities; to the exercise of rights accruing unconditionally by virtue of ownership of other securities (as distinguished from a contingent right to acquire securities not subscribed for by others); or to the acquisition and exercise of rights in order to round out fractional shares.

(l) Members and employees shall report every transaction in any security or commodity within three business days. (Reports submitted by employees in field offices must be placed in the mails within three days of the date of each transaction.) Other changes in holdings resulting from inheritance or from reclassifications, gifts, stock dividends or split-ups, for example, shall be reported promptly. These reports shall be prepared on the official form provided for this purpose, copies of which may be procured from the Division of Personnel (Form SE–P–3). These reports shall be transmitted to the Director of Personnel. The envelope should be marked "Confidential."

(m) At the time of taking the Oath of Office new members and employees shall fill in the information required on Form SE–P–4 relating to securities owned, accounts with securities firms, and relatives who are partners or officers of securities firms, investment companies, investment advisers or public utilities.

(n) This section does not apply to personal notes, individual real-estate mortgages, United States Government securities, and securities issued by building and loan associations or co-operatives.

§ 203.4 *Action in cases of personal interest.* Any employee assigned to work on any application, filing, or matter of a company in which he then owns any securities or has any personal interest or with which he has been employed or associated in the past, shall immediately advise the division director or other office head or regional administrator of the fact. Division directors, other office heads and regional administrators are authorized to direct the reporting employee to continue with the assignment in question where this appears in the interest of the Government, taking into account (a) the policy stated in § 203.1 (f), (b) the general desirability of avoiding situations that require a question of conflict of interest to be resolved, (c) the extent the employee's activities will be supervised, and (d) the difficulty of assigning the matter to some other employee. Where the employee in question is not relieved of the assignment, his written report concerning the nature of his interests shall be forwarded to the Director of Personnel with a notation that he has been directed to continue the assignment together with such explanation, if any, as may seem appropriate. In the event that a division director or other office head or regional administrator deems that he has, himself, such personal interest in a transaction as may raise a question as to his disinterestedness, he may delegate his responsibility in the matter to a subordinate, but in that event shall submit a brief memorandum of the circumstances to the Director of Personnel.

§ 203.5 *Negotiation for private employment.* (a) The provisions of § 203.1 (c) are deemed to preclude negotiation for private employment by an employee who is immediately engaged in representing the Commission in any matter in which the prospective employer is opposing counsel or person chiefly affected. With the approval of his superior or the Commission an employee may be relieved of any assignment which, in the absence of such relief, might preclude such negotiation.

(b) No employee shall undertake to act on behalf of the Commission in any capacity in a matter that, to his knowledge, affects even indirectly any person outside the Government with whom he is discussing or entertaining any proposal for future employment, except pursuant to the direction of the Commission, his division director or other office head, or his regional administrator, as provided in § 203.4.

§ 203.6 *Practice by former members and employees of the Commission.* (a) No person shall appear in a representative capacity before the Commission in a particular matter if such person, or one participating with him in the particular matter, personally considered it or gained personal knowledge of the facts thereof while he was a member or employee of the Commission. As used in this paragraph, a single investigation or formal proceeding, or both if they are related, shall be presumed to constitute a particular matter for at least two years irrespective of changes in the issues. However, in the case of proceedings in which the issues change from time to time, such as proceedings involving compliance with section 11 of the Public Utility Holding Company Act, this paragraph shall not be construed as prohibiting appearance in such a proceeding, more than two years after ceasing to be a member or employee of the Commission, unless it appears to the Commission that there is such identity of particular issues or pertinent facts as to make it likely that confidential information, derived while a member or employee of the Commission, would have continuing relevance to the proceeding, so as to make the participation therein by the former member or employee of the Commission unethical or prejudicial to the interests of the Commission.

(b) Any former member or employee of the Commission who, within two years after ceasing to be such, is employed or retained as the representative of any person outside the Government in any matter in which it is contemplated that he will appear before the Commission shall, within ten days of such retainer or employment, or of the time when appearance before the Commission is first contemplated, file with the Secretary of the Commission a statement as to the nature thereof together with any desired explanation as to why it is deemed consistent with this section. Employment of a recurrent character may be covered by a single comprehensive statement. Each such statement should include an appropriate caption indicating that it is filed pursuant to this rule. The reporting requirements of this paragraph do not apply to communications incidental to court appearances in litigation involving the Commission.

(c) As used in this section, the term "appear before the Commission" means personal appearance before or personal communication with the Commission or any member or employee thereof, in connection with any interpretation or matter of substance arising under the statutes administered by the Commission.

(d) Persons in doubt as to the applicability of this section may apply for an advisory ruling of the Commission.

§ 203.7 *Employees on leave of absence.* The provisions of this part relative to employees of the Commission are applicable to employees on leave with pay or on leave without pay other than extended military service.

§ 203.8 *Violation and participation in violation of this part.* Knowing participation in a violation of this part by persons not within the scope of this part shall likewise be deemed improper conduct and in contravention of Commission rules. Departure from the regulations in this part without specific approval may be cause for removal or for disqualification from appearing and practicing before the Commission.

The foregoing regulation shall become effective March 9, 1953, except that it shall be effective immediately with respect to members and employees of the Commission having actual knowledge of its provisions.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

FEBRUARY 4, 1953.

[F. R. Doc. 53–1410; Filed, Feb. 11, 1953; 8:47 a. m.]

TITLE 20—EMPLOYEES' BENEFITS

Chapter II—Railroad Retirement Board

PART 335—SICKNESS BENEFITS AND MATERNITY BENEFITS

FILING OF STATEMENTS; WHEN FORMS CONSIDERED FILED

Pursuant to the general authority contained in section 12 of the act of June 25, 1938 (52 Stat. 1094, 1107; 45 U. S. C. 362), §§ 335.104 (d) and 335.204 (e) of the regulations of the Railroad Retirement Board under such act (12 F. R. 8441) are amended by Board Order 53–23, dated January 27, 1953, to read as follows:

§ 335.104 *Filing statement of sickness and claim for sickness benefits.* * * *

(d) *When form considered filed.* A form shall be considered filed within the time prescribed with regard to it in paragraph (a) or (b) of this section if (1) the form was received at an office of the Board within the prescribed time; (2) the form was mailed to an office of the Board within the time specified in the instructions on the form, and was received there; (3) the employee made such effort to file the form within the prescribed time as a reasonable person could be expected to make in the same situation, but was prevented from doing so by circumstances beyond his control, and the form was received at an office of the Board within a reasonable time after the circumstances which had prevented the employee from filing the form were removed; (4) the employee registered for the day in question under § 325.12 of this chapter, but his claim for such day as a day of unemployment was denied on the ground that he was not able to work on such day, and the form was received at an office of the Board within a reasonable time; or (5) a female employee filed a statement of maternity sickness with a view to obtaining maternity benefits for the day in question, and the form was received at an office of the Board within a reasonable time: *Provided, however,* That a form may not in any event be considered filed within the time prescribed with regard to it in paragraph (a) or (b) of this section unless it is received at an office of the Board within two years of the day in question.

§ 335.204 *Filing statement of maternity sickness and supplement and claim for maternity benefits.* * * *

(e) *When form considered filed.* A form shall be considered filed within the time prescribed with regard to it in paragraphs (a), (b), or (c) of this section if (1) the form was received at an office of the Board within the prescribed time; (2) the form was mailed to an office of the Board within the time specified in the instructions on the form, and was received there; (3) the employee made such effort to file the form within the prescribed time as a reasonable person could be expected to make in the same situation, but was prevented from doing so by circumstances beyond her control, and the form was received at an office of the Board within a reasonable time after the circumstances which had prevented the employee from filing the form were removed; (4) the employee registered for the day in question under § 325.12 of this chapter, but her claim for such day as a day of unemployment was denied on the ground that she was not available for work or was not able to work on such day, and the form was received at an office of the Board within a reasonable time; or (5) the employee claimed sickness benefits for the day in question under Subpart A of this part, and the form was received at an office of the Board within a reasonable time: *Provided, however,* That a form may not in any event be considered filed within the time prescribed with regard to it in paragraph (a), (b) or (c) of this section unless it is received at an office of the Board within two years of the day in question.

(Sec. 12, 52 Stat. 1107, as amended; 45 U. S. C. 362. Interprets or applies sec. 1, 52 Stat. 1094, as amended, 45 U. S. C. 351)

Dated: February 6, 1953.

By authority of the Board.

MARY B. LINKINS,
Secretary of the Board.

[F. R. Doc. 53–1404; Filed, Feb. 11, 1953; 8:46 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter G—Procurement

ARMY PROCUREMENT PROCEDURE

Chapter V of Title 32 is amended in the following manner:

PART 590—GENERAL PROVISIONS

1. Section 590.253–2 is revised and §§ 590.306, 590.306–1, 590.306–50, and 590.306–51 are added as follows:

§ 590.253–2 *Principal purchasing offices.* The following are designated as the principal purchasing offices of the Army Establishment:

CHEMICAL CORPS

Atlanta Chemical Procurement District, Atlanta, Ga.
Boston Chemical Procurement District, Boston Army Base, Boston, Mass.
Chicago Chemical Procurement District, Chicago, Ill.
Dallas Chemical Procurement District, Dallas, Tex.
New York Chemical Procurement District, New York, N. Y.
San Francisco Chemical Procurement District, Oakland Army Base, Oakland, Calif.
Chemical Corps Procurement Agency, Army Chemical Center, Md.

CORPS OF ENGINEERS

Chicago Procurement Office, Corps of Engineers, Chicago, Ill.
District Engineer Office, New York District, Corps of Engineers, New York, N. Y.
District Engineer Office, Philadelphia District, Corps of Engineers, Philadelphia, Pa.
District Engineer Office, Pittsburgh District, Corps of Engineers, Pittsburgh, Pa.
District Engineers Office, St. Louis District, Corps of Engineers, St. Louis, Mo.
Division Engineer Office, South Atlantic Division, Lumber Branch, Corps of Engineers, Atlanta, Ga.
District Engineer Office, Portland District, Lumber Branch, Corps of Engineers, Portland, Oreg.

ARMY MEDICAL SERVICE

Armed Services Medical Procurement Agency, Brooklyn, N. Y.

ORDNANCE CORPS

Aberdeen Proving Ground, Aberdeen Proving Ground, Md.
Ordnance Tank-Automotive Center, Detroit, Mich.
Ordnance Ammunition Center, Joliet, Ill.
Ordnance Small Arms Ammunition Center, St. Louis, Mo.
Detroit Arsenal, Center Line, Mich.
Frankford Arsenal, Philadelphia, Pa.
Picatinny Arsenal, Dover, N. J.
Raritan Arsenal, Metuchen, N. J.
Rock Island Arsenal, Rock Island, Ill.
Springfield Armory, Springfield, Mass.
Watertown Arsenal, Watertown, Mass.
Watervliet Arsenal, Watervliet, N. Y.
Rossford Ordnance Depot, Toledo, Ohio.
Birmingham Ordnance District, Birmingham, Ala.
Boston Ordnance District, Boston Army Supply Base, Boston, Mass.
Chicago Ordnance District, Chicago, Ill.
Cincinnati Ordnance District, Cincinnati, Ohio.
Cleveland Ordnance District, Cleveland, Ohio.
Detroit Ordnance District, Detroit, Mich.
Los Angeles Ordnance District, Pasadena, Calif.
New York Ordnance District, New York, N. Y.
Philadelphia Ordnance District, Philadelphia, Pa.
Pittsburgh Ordnance District, Pittsburgh, Pa.
Rochester Ordnance District, Rochester, N. Y.
St. Louis Ordnance District, St. Louis, Mo.
San Francisco Ordnance District, Oakland Army Base, Oakland, Calif.
Springfield Ordnance District, Springfield Armory, Springfield, Mass.

QUARTERMASTER CORPS

Oakland Quartermaster Procurement Agency, Oakland, Calif.
New York Quartermaster Procurement Agency, New York, N. Y.
Quartermaster Supply Section, Columbus General Depot, U. S. Army, Columbus, Ohio.
Chicago Quartermaster Depot, Chicago, Ill.
Philadelphia Quartermaster Depot, Philadelphia, Pa.
Headquarters, QM Market Center System, Chicago, Ill.

SIGNAL CORPS

Signal Corps Supply Agency, Philadelphia, Pa.
Laboratory Procurement Office, Signal Corps Supply Agency, Fort Monmouth, N. J.
NSA Procurement Office, Procurement and Distribution Division, CCSigO, Washington, D. C.

TRANSPORTATION CORPS

Transportation Corps Central Procurement Agency, Marietta TC Depot, Marietta, Pa.

§ 590.306 *Place of delivery.*

§ 590.306–1 *Domestic shipments.* (a) Bids and proposals will be evaluated on the basis of over-all cost to the Government. In connection with bids or proposals submitted on an f. o. b. origin basis, transportation costs between the source of supply and the designated destination point or points will be considered in determining the lowest estimated cost to the Government.

(b) To facilitate the evaluation of bids and proposals and to assure accurate analyses, Contracting Officers will request the advisory services of local transportation officers to assist in determining the lowest possible transportation costs to a given point.

§ 590.306–50 *Furnishing of freight rates.* (a) The function of furnishing freight rates for use by Contracting Officers for the evaluation of bids and proposals as required by § 590.306–1 has been assigned to continental army commanders. Continental army commanders will establish procedures within their respective areas for furnishing rates and will maintain centralized tariff files in the Office of the Army Transportation Officer in order to provide a rate quoting service to purchasing offices. The rate quoting service operated by continental army commanders for purchasing offices is under the technical supervision of the Chief of Transportation.

(b) Purchasing offices will obtain freight rates from the Army Transportation Officer in the headquarters of the continental army command within whose geographical limits the purchasing offices are located regardless of the origin and destination points of the intended purchases, except that a rate quoting service will be provided in the Office of the Chief of Transportation for purchasing offices assigned within the Military District of Washington.

§ 590.306–51 *Oversea purchases.* Subject to any instructions which may be issued by the Head of the Procuring Activity involved, Contracting Officers are authorized to deviate from § 590.306 of this chapter and § 400.306 of this title in effecting procurement outside the continental United States.

2. Sections 590.350 and 590.355–1 are revised and in § 590.357 paragraph (a) is revised and paragraph (c) is rescinded as follows:

§ 590.350 *F. o. b. purchasing policy.* See § 400.306 of this title and § 590.306.

§ 590.355–1 *Statement of policy.* It is the policy of the Military Departments that information be disseminated as widely as possible, each week, with respect to awards of unclassified contracts, exceeding $25,000 in amount, whether entered into after formal advertising or negotiation. One objective of this policy is to provide opportunities for small business concerns to learn of and solicit subcontracting work.

§ 590.357 *Selection of contractor.* * * *

(a) A pre-award qualification check or survey will be made of the technical and financial capabilities of the prospective Contractor in order to provide the basis for evaluating responsibility. Qualification checks or surveys may be curtailed to the extent the prospective Contractor's qualifications are known to be satisfactory or when not required in the judgment of the Contracting Officer. The contract file of the Contracting Officer will contain a record of his determination of the responsibility of the Contractor in all cases over $1,000, with such supporting evidence as is secured by him through qualification checks or surveys. In the event the Contracting Officer determines that a pre-award survey need not be made, a statement to that effect with supporting reasons for the waiver on all contracts over $1,000 will be made a part of the contract file.

* * * * *

(c) [Revoked.]

3. Sections 590.456, 590.602 (a) and 590.604–2 are revised as follows:

§ 590.456 *Responsibility for insuring the availability of funds.* Contracting Officers will, prior to the incurrence of an obligation, obtain from the Fiscal Officer a certificate which will contain a citation of the proper funds to be charged and a statement that sufficient funds are available for payment of the contractual obligation to be incurred. The certificate shall be retained in the contract file. The Fiscal Officer who is accounting for the funds will be responsible for determining the proper funds to be charged and the sufficiency thereof and for reserving in the fiscal accounts an amount sufficient to pay the obligation to be incurred.

§ 590.602 *Execution of contracts; requirements*—(a) *Statement as to availability of funds.* The appropriation and allotment chargeable will be cited on all contracts, purchase orders, and delivery orders. The signature of a Contracting Officer on a contract, purchase order, or delivery order constitutes a certification of the availability and sufficiency of the funds cited.

* * * * *

§ 590.604–2 *Leases of Government personal property.* Leases of Government personal property, regardless of amount, except as heretofore or hereafter may be delegated by the Secretary will be submitted for approval by the Secretary. Requests for approval will be addressed to the Chief, Purchases Branch, Assistant Chief of Staff, G–4, Department of the Army.

4. Sections 590.604–12 is revised and in § 590.607–1 (b) subparagraphs (5) and (6) are revised as follows:

§ 590.604–12 *Contract review.* At least one competent person, whether or not presently assigned to such office, will be assigned to the duty of reviewing in an advisory capacity all contracts prior to contract approval by the subordinate commanders or chiefs of field offices. This review will apply to both advertised and negotiated procurements, regardless of the level of procuring authority, and will be for the purpose of insuring that the clauses and conditions of the contract comply with the principles of good procurement and that the interest of the Government is adequately protected. In those instances wherein this is impracticable this provision may be waived upon determination made to that effect by the army commander, major oversea commander, Commanding General, Military District of Washington, or the head of a technical service, as appropriate.

§ 590.607–1 *Cost-reimbursement type contracts.* * * *

(b) *Differences and disputes.* * * *

(5) In the event that the Head of the Procuring Activity and the Comptroller of the Army are unable to agree, the dispute will be referred direct to the Secretary, who will render a final decision on the issues involved.

(6) Determination reached by the informal board will have the effect of a directive and will be so recognized by both the Contracting Officer and the Regional Auditor. Decisions by the Secretary will also be in the form of a directive and will have the same effect. Payment will then be made in accordance with the decisions reached. Such decisions do not preclude a contractor from seeking redress under any applicable provisions of the contract.

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup 151–161)

PART 591—PROCUREMENT BY FORMAL ADVERTISING

1. In § 591.201 paragraph (k) is added and in § 591.401 paragraph (b) is revised as follows:

§ 591.201 *Preparation of forms.* * * *

(k) *Price escalation.* If it is anticipated that some or all of the bidders will respond with bids including escalation provisions, the Invitations for Bids will clearly state the escalation clause (to be selected from those appearing in § 596.–151 of this chapter) which may be used and that will be considered responsive, and will further state that all bids will be evaluated after applying the maximum amount of possible escalation.

§ 591.401 *Opening of bids.* * * *

(b) The Contracting Officer will decide when the specified time has arrived. He will then personally and publicly open all bids received and, when practicable, read them aloud to the bidders present.

* * * * *

2. Section 591.404 is revised, and in § 591.406 paragraph (b) is revised, and in § 591.407 paragraph (a) is revised as follows:

§ 591.404 *Minor informalities or irregularities in bids.* (a) Suppliers frequently submit with their bids additional information on letterheads or other forms which incorporate printed terms and conditions used by the supplier in his commercial business. These printed terms and conditions are very often in conflict with the general provisions or may contain language affecting bid prices. Unless it clearly appears on the face of the bid that such terms and conditions are intended to be a part of the bid, the bidder shall be given an opportunity to state whether or not they are so intended. If the bidder submits a written statement that such terms and conditions were not intended to form a part of the bid, they may be disregarded in considering the bid.

(b) A bidder failing to furnish, (1) information regarding his aggregate number of employees, (2) his status as a source of supply as defined in § 400.201–9 of this title and § 590.201–9 of this chapter, or (3) the place of man-

ufacture of the supplies being purchased, will be permitted to make such representations after the bid opening but prior to award.

§ 591.406 *Award.* * * *

(b) *Price escalation.* (1) If the invitation for bids specifies the escalation clause that will be considered responsive, bids containing such provision will be evaluated by applying the maximum amount of escalation and award will be made to the bidder whose maximum price is lowest to the Government, providing the bid is otherwise responsive to conditions of the invitation.

(2) If the invitation for bids is silent on the matter of escalation, bids may not be rejected solely on the basis of inclusion of an escalation article; evaluation will be performed in the manner prescribed in subparagraph (1) of this paragraph. Authority for use of clauses other than those appearing in § 596.151 of this chapter must be received from Assistant Chief of Staff, G–4. In those instances where bidders respond with different types of escalation clauses and it is impossible to evaluate the bids adequately, the bids should be rejected and readvertisement effected with the invitation for bids containing an escalation article appearing in § 596.151 of this chapter.

* * * * *

§ 591.407 *Information to bidders*—(a) *Unclassified awards.* In the case of all unclassified formally advertised contracts, the purchasing office will (1) notify unsuccessful bidders of the fact that their bids were not accepted, and (2) extend the appreciation of the purchasing office for the interest the unsuccessful bidder has shown in submitting a bid. Should additional information be sought, purchasing offices will either (1) provide the unsuccessful bidder with the name and address of the successful bidder, together with the contract price, or (2) inform the inquirer that a copy of the Abstract of Bids is available for inspection at the purchasing office and at the Procurement Information Center, Washington, D. C., in the event this location is more convenient from a geographical viewpoint than the purchasing office (see § 591.405 (c)).

* * * * *

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 592—PROCUREMENT BY NEGOTIATION

1. Section 592.213–3 is revised to read as follows:

§ 592.213–3 *Limitation.* Procurements will not be negotiated under this authority unless the supplies to be purchased have been approved for standardization by the Secretary. Requests for standardization shall be submitted to the Advisory Committee on Procurement Without Advertising of Technical Equipment and Components, established by AR 15–440, which committee will act in an advisory capacity to the Secretary. Additional procedures with respect to the standardization of technical equipment may be issued by the committee. In the case of formal advertising contemplating subsequent negotiation of procurements of the same equipment from the successful bidder in the interest of standardization of equipment and interchangeability of parts, see § 591.201 (j) of this chapter.

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 594—INTERDEPARTMENTAL PROCUREMENT

1. Section 594.000, the headnote of subpart A, and § 594.101 are revised to read as follows:

§ 594.000 *Scope of part.* Supplementary to, but consistent with Part 404 of this title, this part sets forth the policy with respect to (a) procurement of supplies and services from or through the General Services Administration, (b) procurement of printing and related supplies, and (c) procurement of prison-made and blind-made products.

SUBPART A—PROCUREMENT FROM OR UNDER GENERAL SERVICES ADMINISTRATION

§ 594.101 *Statement of policy*—(a) *Requirement.* It is the requirement of this part that purchases will be made in accordance with Subpart A, Part 400 of this title.

(b) *Emergency purchase.* In any case when, pursuant to paragraph (a) of this section, purchase of a mandatory item listed by General Services Administration is not made, the voucher submitted to the Disbursing Officer for payment shall contain a finding that the purchase was justified as the item could not be furnished by General Services Administration by the time such item was required. Such a finding shall be final and conclusive. The authority to make such a finding is vested in the Heads of Procuring Activities, with authority to redelegate. In each instance, the finding will set forth the specific reasons why the time element made the purchasing necessary.

2. Sections 594.103 and 594.104 are revoked, in § 594.301 paragraph (a) is revised and § 594.302 is revised as follows:

§ 594.103 *Procurement from Supply Centers of Federal Supply Service.* [Revoked.]

§ 594.104 *Use of Stock Catalog, Federal Supply Service, Washington, D. C.* [Revoked.]

§ 594.301 *Prison made products.*—(a) *Requirement.* All items manufactured by, and all services rendered by Federal Prison Industries, Inc., shall be purchased from that agency, except (1) in those instances in which a general or special clearance for the purchase of the item or service from commercial sources has been granted, or (2) for items being purchased in less than carload lots in accordance with § 404.301 of this title.

* * * * *

§ 594.302 *Blind made products.*—(a) *Exceptions.* Purchase of supplies listed in the Schedule of Blind-Made Products need not be made from non-profit-making agencies for the blind when (1) a general clearance for the purchase of the items from commercial sources has been granted, (2) the procurement does not exceed a single unit as listed in such Schedule, (3) the supplies are for use outside the continental United States, or (4) purchased from a Federal Supply Service Center.

(b) *General clearance.* A general clearance, dated June 3, 1942, has been granted the Department by the Committee on Purchases of Blind-Made Products to purchase from commercial sources any item listed in the Schedule of Blind-Made Products when military necessity requires delivery of the article needed within a period of two weeks.

(c) *Special clearance.* The Federal Supply Service, General Services Administration, may grant a special clearance permitting procurement from commercial sources of supplies listed in such Schedule of Blind-Made Products (1) when necessary to meet emergency requirements or (2) when no agency for the blind is in a position to furnish the required supplies.

(d) *Procurement procedure.* Procurement of items listed in the Schedule of Blind-Made Products will be in accordance with the detailed regulations, instructions, and ordering procedures prescribed in such schedule and any amendments or price lists issued in connection therewith. Current copies of such schedule may be obtained from the Federal Supply Service, General Services Administration, Washington 25, D. C.

(e) *Procurement priority.* When supplies manufactured by non-profit-making agencies for the blind are similar to those manufactured in Federal penitentiaries, procurement priority will be given to the Federal Prison Industries, Inc.

(f) *Clearance reference.* It is not necessary to attach a copy of the general clearance to the procurement contract or voucher. A reference on either the contract or voucher to "General Clearance dated June 3, 1942" is sufficient.

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 595—FOREIGN PURCHASES

1. Section 595.103–4 is revised and in § 595.107, paragraph (c) is revised as follows:

§ 595.103–4 *Nonavailability of supplies or materials.* (a) The Secretary has delegated to the Assistant Chief of Staff, G–4, Department of the Army, authority to determine under the provisions of the Buy American Act upon a proper showing of facts, that certain articles, materials, or supplies of the class and kind to be used by the Army Establishment, or the articles, materials, or supplies from which they are manufactured, are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality; and to authorize the purchase from foreign sources, and use by the Army Establishment, of such articles, materials, or supplies from which they are manufactured, as are determined after a proper showing of fact, to be not mined, produced, or manufactured, as the case may be, in the

United States in sufficient and reasonably available commercial quantities and of a satisfactory quality. This authority has been successively redelegated to the Chiefs and Assistant Chiefs of the Procurement Division, and Purchases Branch of that Division, respectively, in the Office of the Assistant Chief of Staff, G–4. A delegation has also been made to the heads of technical services. (See paragraph (c) of this section.)

(b) Section 405.103–4 of this title will be applied and used only after a determination, in writing, has been made by the Chief, Purchases Branch, Office, Assistant Chief of Staff, G–4 or by the head of the technical service, his deputy, or a general officer personally selected by him, as authorized in paragraph (c) of this section. Requests for such determinations shall be forwarded through channels and will contain the following information:

(1) Description of the item or items (include unit and quantity).

(2) Estimated cost.

(3) State whether duty is included in estimated cost (if duty is not included but normally would be included therein, give reason for inclusion).

(4) If item is to be procured f. o. b. origin, show transportation costs necessary to deliver to destination.

(5) Country of origin.

(6) Name and address of proposed contractor.

(7) Brief statement as to necessity for procurement.

(8) State what effort was made to procure a similar item of domestic origin (if there is no known domestic item which may be used as a reasonable substitute, so state).

(c) The determination referred to in paragraph (a) of this section may be made by the heads of technical services, subject to the following:

(1) This authority will not be used for exemptions under § 405.104 or § 405.105–1 of this title. The head of the technical service is further authorized to redelegate to the deputy of the technical service or a general officer personally selected by the head of the technical service and appropriately assigned with respect to the procurement responsibilities involved.

(2) There will be forwarded once a month to the Assistant Chief of Staff, G–4, Attn: Chief, Purchases Branch, a copy of all determinations and exemptions made by the Heads of the Technical Services. All determinations and exemptions will be collected and forwarded once a month, so as to be received in Office, Assistant Chief of Staff, G–4, by the 10th of the month following the month during which the exemption was granted.

(3) A determination is prepared in substantially the following form:

CERTIFICATE

Pursuant to the authority contained in Section 2, Title III of the act of March 3, 1933, popularly called the Buy American Act (47 Stat. 1520; 41 U. S. C. 10a–d) and authority delegated to me by the Chief of Procurement Division, Office of the Assistant Chief of Staff, G–4, I hereby determine:

a. (Statement of the items to be procured and the necessity for this procurement and basis of nonavailability.)

Based upon the above showing of fact it is determined that the above described items are not mined, produced, or manufactured, or the articles, materials or supplies from which they are manufactured, are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

Accordingly, an exception is hereby granted under the provisions of the Buy American Act to the requirement that the above described procurement to be made from domestic sources and that it be of domestic origin. Authority is granted to procure the above described item(s) of foreign (Foreign Country) at an estimated total cost of $ (Total Dollar Cost including transportation and duty).

(d) When a determination has been made to the effect that the provisions of the Buy American Act are not applicable to the purchase, the signed copy of such determination will be attached to the voucher upon which payment is made.

§ 595.107 *References in contractual documents.* * * *

(c) *Special clause for the construction, alteration, or repair of public buildings and public works.* The specifications accompanying the invitation for bids for the construction, alteration, or repair of public buildings or public works in the United States will contain the following:

Because the materials listed in § 405.109 of this title, or the materials from which they are manufactured, are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality, their use in the work herein specified (subject to the requirements of the specifications) is authorized, without regard to the country of origin.

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 596—CONTRACT CLAUSES AND FORMS

1. Section 596.103–8 is revised to read as follows:

§ 596.103–8 *Assignment of claims—*(a) *Set-off as against assignee.* (1) In time of war or national emergency proclaimed by the President (including the national emergency proclaimed December 16, 1950) or by act or joint resolution of the Congress, contracts of the Army Establishment, as well as certain other Government agencies, may provide that payments due or to become due under such contracts shall not be subject to reduction or set-off as against an assignee.

(2) Such provision is contained in the last sentence of clause (a) of the Assignment of Claims clause, set forth in § 406.103–8 of this title, which reads as follows:

* * * Nothwithstanding any other provision of this contract, payments to an assignee of any moneys due or to become due under this contract shall not, to the extent provided in said Act, as amended, be subject to reduction or set-off.

In cases where special circumstances make it advisable in the best interests of the Government, Heads of Procuring Activities may authorize deletion of the above quoted sentence. In any event, the sentence will be deleted from (i) contracts entered into with foreign contractors, (ii) contracts for transportation of persons or property and (iii) contracts entered into after a war or national emergency proclaimed by the President or by act or joint resolution of the Congress has been terminated in such manner.

(3) Provisions having the same general effect although not precisely as quoted in subparagraph (2) of this paragraph, such as that previously authorized in § 406.103–8 of this title, will nevertheless entitle the assignee to the benefits of Public Law 30, 82d Congress.

(4) Reduction of or set-off from payments to be made to an assignee will be effected with respect to liabilities of the assignor to the Government arising out of matters in connection with the contract, or of amounts which may be collected or withheld from the assignor in accordance with, or for failure to comply with, the terms of the contract, except as stated in § 406.103–8 of this title. Examples of cases in which set-off will be made include (but are not limited to):

(i) Amounts due pursuant to price redetermination clauses.

(ii) Deduction of liquidated damages.

(iii) Excess costs and damages after termination for default.

(iv) Equitable adjustments and rejections under the Changes, Inspection and Guaranty clauses.

(v) Damages resulting from fraud or criminal conduct.

(5) It is the view of the Department of the Army, concurred in by the General Counsel, Office of the Comptroller General and the American Bankers Association, that existing contracts containing the provision against set-off included in § 406.103–8 of this title, need not be amended in order to obtain the benefits of Public Law 30, 82d Congress. Accordingly existing contracts will not be amended for the above purpose.

(b) *Refunds, etc., of payments received by assignees.* In any case in which moneys due or to become due under any contract are or have been assigned pursuant to section 1 of the Assignment of Claims Act of 1940, as amended, no liability of any nature of the assignor to the United States or any department or agency thereof, whether arising from or independently of such contract, shall create or impose any liability on the part of the assignee to make restitution, refund, or repayment to the United States of any amount heretofore since July 1, 1950, or hereafter received under the assignment.

(c) *Filing of notice of assignment.* The assignee shall file written notice of the assignment together with a true copy of the instrument of assignment with:

(1) The Contracting Officer.

(2) The surety or sureties upon the bond or bonds, if any, in connection with the contract.

(3) The Disbursing Officer, if any, designated in the contract to make payment.

(d) *Assignor's statement.* Where direct payment is made to an assignee, the contractor will furnish on each voucher,

invoice, or other supporting paper, a statement to the effect that he recognizes the assignment, its validity, and the right of the assignee to receive payment.

(e) *Information to be furnished to assignees.* Contracting Officers will, upon request of the contractor, furnish proposed assignees information regarding the status of the contract at the time of the assignment. In so doing, the Contracting Officer will advise the assignee that the information is so furnished only for confidential use in connection with the assignment.

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 597—TERMINATION

1. Section 597.704 is hereby revoked.

§ 597.704 *Termination clause for research and development contracts.* [Revoked.]

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 598—PATENTS AND COPYRIGHTS

1. Section 598.301–10 is revised to read as follows:

§ 598.301–10 *Existing delegations under paragraphs (a), (b), (c) and (d) of § 598.301–9.* (a) The powers, duties, and authorities described in paragraphs (a), (b), (c) and (d) of § 598.301–9 have been delegated by the Under Secretary of the Army or by the Officers designated in § 598.301–9 to each of the following offices, boards, agents or persons as indicated in the following tabulation:

Delegate	Powers, duties, and authorities described in paragraphs—			
	(a)	(b)	(c)	(d)
Heads of the Technical Services	X	X	X	X
Royalty Board, Office of the Chief of Ordnance	X	X	X	
The Chief of each Ordnance Procurement District (when such position is filled by a commissioned officer ou active duty)				X
The Deputy Chief of each Ordnance Procurement District (when such position is filled by a commissioned officer on active duty and when the position of District Chief is not filled by a commissioned Officer on active duty)				X
Commanding General, Ordnance Tank Automotive Center				X
Commanding Officer, Detroit Arsenal				X
Commanding Officer, Frankfort Ordnance Arsenal				X
Commanding Officer, Picatinny Ordnance Arsenal				X
Commanding Officer, Rock Island Ordnance Arsenal				X
Commanding Officer, Springfield Ordnance Armory				X
Commanding Officer, Watertown Ordnanco Arsenal				X
Commanding Officer, Watervlict Ordnance Arsenal				X
Chief, Legal Division, Office of the Chief Signal Officer	X	X	X	X
Royalty Adjustment Board, Office of The Quartermaster General	X	X	X	X
Royalty Adjustment Board, Office of the Chief of Engineers	X	X		X
Royalty Adjustment Board, Office of The Surgeon General	X	X		X
Chief, Legal Division, Office of the Chief of Transportation	X	X		

(b) If the head of a technical service desires that any of the powers, duties, and authorities set forth in § 598.301–9 be further delegated to any officer or employee within his command or jurisdiction, or that a board to receive such delegation be created within his service or command, a request to that effect may be transmitted to the appropriate office specified in § 598.301–9. Such request shall include the name, rank or grade, and a brief statement of qualifications with respect to each officer or employee to whom the delegation is desired.

(c) Where any of the powers, duties, and authorities set forth in § 598.301–9 have been or are hereafter delegated to a board, the said board shall, unless otherwise provided in the instrument of delegation, consist of three officers or employees of the service or command concerned, who shall be designated and appointed as provided in § 598.301–9. Unless otherwise provided in the instrument of delegation (1) a majority of said board shall determine its action, (2) any instrument or contract whatsoever evidencing action taken by the board may be signed in its name by any member of the board, and (3) any two members of such board shall constitute a quorum.

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 599—BONDS AND INSURANCE

1. Section 599.102 is revoked.

§ 599.102 *Bid bonds.* [Revoked.]

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 600—FEDERAL, STATE, AND LOCAL TAXES

1. Paragraph (a) of § 600.350 is revised to read as follows:

§ 600.350 *Questions of applicability of tax laws; negotiations.* (a) It is desired that uniformity of action on behalf of the Army Establishment in tax matters be maintained. Independent conferences or direct negotiations with State and local tax authorities will not be undertaken by Army Establishment or contractor personnel for the purpose of obtaining exemption, refund, or for determining the applicability of any tax, except upon express authority of the Office of The Judge Advocate General. In this connection attention is invited to paragraph 12, AR 27–5, April 3, 1951, relating to requests for Government representation in legal proceedings of interest to the Department of the Army. The Department of the Army is interested in legal proceedings arising out of the imposition of assessments of taxes upon contractors in instances where the contracts contain provisions that may form a proper basis for demands by them for reimbursement by the government in connection with the proceedings. Requests for representation or intervention by the Department of Justice in such proceedings will be made by The Judge Advocate General, if necessary and proper, and will not be made by others in the Army Establishment.

* * * * *

(R. S. 161; 5 U. S. C. 22. Interpret or apply 62 Stat. 21; 41 U. S. C. Sup. 151–161)

PART 601—LABOR

1. In § 601.101 (b) subparagraphs (3) and (4) are revised as follows:

§ 601.101 *Labor relations.* * * *

(b) *Labor responsibility.* * * *

(3) The Head of the Procuring Activity is authorized to communicate with local labor organizations, and the local offices of State and Federal agencies, for the purpose of removing necessary material from strikebound facilities in accordance with procedures prescribed in Subpart K of this part.

(4) Where any labor dispute, work stoppage, or threatened work stoppage significantly affects or threatens to affect important procurement, the Head of the Procuring Activity will submit a Report of Labor Disputes, Reports Control Symbol JAG–10, by the most expeditious and practical means available to The Judge Advocate General (Attn: Chief, Industrial Relations Branch) with an informational copy to the Assistant Chief of Staff, G–4, Department of the Army (Attn: Chief, Production Branch). Such report will include the following data, to the extent pertinent:

(i) Name and location of manufacturer; name and title of company official contacted (if manufacturer is a subcontractor, include the name and location of the prime contractor(s)).

(ii) Items being produced (if a subcontractor is involved, identify the prime contract items).

(iii) Name and national affiliation of union locals involved; names of local union official and result of any contacts with same.

(iv) Effect of production of Army matériel.

(v) Detailed description of critical items (if any) which should be removed from plant or continued to be processed there with mutual consent of contractor and union, if obtainable.

(vi) Date of commencement of the dispute and date of important incidents of the dispute such as notice of strike, strikes, lockouts, settlements, etc.

(vii) Statement of any action taken or contemplated by the manufacturer.

(viii) Contract number(s) and type thereof (fixed-fee, lump-sum, unit price, etc.).

(ix) The issues or probable issues involved.

(x) Estimated number of employees directly and indirectly involved; estimated number who may be involved ultimately, both directly and indirectly; total number of employees at the facility.

(xi) Identity of any cognizant State and/or Federal authority engaged in mediation and conciliation activities.

(xii) Adequacy of plant guards and local police for protection of Government property, indicating whether plant-guard personnel are members of a union and, if so, local number and name, national

affiliation, and whether it is expected that they will go on strike.

(xiii) The quantity of services or military items involved, scheduled performance or delivery dates and the relation of the production affected by the dispute to the total military procurement program with respect to those services or military items.

(xiv) The stocks of the affected items on hand by the Procuring Activity and the current and anticipated rate of their depletion.

(xv) The existence or nonexistence of alternative facilities to furnish the military items involved within the time required.

(xvi) An appraisal of the degree and extent of emergency which is presented by the threatened or actual stoppage.

(xvii) Additional pertinent information including, when applicable, the effect on care and maintenance of Government-furnished equipment or matériel.

When time considerations do not permit expeditious reporting of all the information in this subparagraph, whatever information is immediately available should be furnished in the initial report. However, in such circumstances the additional information required in this subparagraph will be submitted by the most expeditious means as soon as possible. Supplemental reports will be submitted as necessary to report important development following the initial report. In situations of urgency, initial and supplemental reports should be made by telephone (Chief, Industrial Relations Branch, JAGO), or other informal means, but in all such cases the information informally submitted shall be confirmed in writing as soon as possible thereafter.

* * * * *

2. A new Subpart K, including §§ 601.1101, 601.1150, 601.1151, 601.1152, and 60.1153, is added to Part 601 as follows:

SUBPART K—REMOVAL OF ITEMS FROM FACILITIES AFFECTED BY WORK STOPPAGE

Sec.

601.1101 Basic considerations.
601.1150 Determination of urgency.
601.1151 Administrative procedure.
601.1152 Coordination.
601.1153 Avoidance of detrimental incidents.

§ 601.1101 *Basic considerations.* Policy and procedure governing the removal of items from facilities affected by work stoppage prescribe that principal reliance with respect to such removals be placed on cooperative arrangements and voluntary concurrence. In this connection, it is emphasized that the Department of Defense Policy Governing Participation in Industrial Labor Relations Matters Affecting Military Procurement, provides that agencies of the Department shall remain impartial in, and shall refrain from taking a position on the merits of, a labor dispute and shall undertake the mediation of such dispute. Removal of items by Procuring Activities will be in accordance with that expressed policy.

§ 601.1150 *Determination of urgency.* Before action leading to the removal of any item is initiated, assurance will be secured that the item in question is urgently needed. Among the factors to be considered in determining urgency are:

(a) Whether the product is in such short supply that unless it is removed there will be a failure to meet schedules for urgently needed military items.

(b) Whether there are alternative sources of supply of such products reasonably available to furnish the particular item within the time within which delivery is required.

§ 601.1151 *Administrative procedure.* Where urgency is clearly established, Procuring Activities may seek the removal of military items from facilities effected by a work stoppage in accordance with the following procedures:

(a) An attempt will be made to work out an arrangement with plant management and the local union involved for the removal of the required items by the shipping means normally used by the company.

(b) If the course prescribed in paragraph (a) of this section is not successful, an effort will be made to obtain the concurrence of both parties to the labor dispute for removal of the items by military vehicles and, if necessary, by military personnel.

(c) If the procedures prescribed in paragraphs (a) and (b) of this section fail, and upon a determination by the Head of the Procuring Activity that additional efforts should be made to accomplish removal of the items in question, the Head of the Procuring Activity will submit the matter to the Procurement Secretary, Attn: Office of the Labor Adviser, with appropriate recommendation and comment to insure effective and coordinated action. Referrals of removal cases to the Procurement Secretary will include the following information:

(1) Name and address of company from which items are to be removed.

(2) Name of company official who may be contacted for purposes of effectuating removal.

(3) Identification and address of local union.

(4) Name of local union official who may be contacted for purposes of effectuating removal.

(5) Brief statement relating to the reasons for the necessity of removing the items in question.

(6) Description of items to be removed: Nature of items, amount, approximate weight, purchase order number, shop or number.

(7) Amount of work required preparatory to shipment of items.

(8) Mode of transportation by which items are to be removed.

(9) Destination of items.

(d) All action taken pursuant to paragraphs (a) and (b) of this section will be reported, through channels, to the Procurement Secretary, Attn: Office of the Labor Adviser.

§ 601.1152 *Coordination.* (a) Where two or more Procuring Activities are, or may become, involved in the removal of urgent items from a facility affected by a work stoppage, efforts will be made by the Procuring Activities concerned to agree on a single Procuring Activity, where practicable, to effectuate removal arrangements.

(b) In situations affecting one or both of the other military departments, removal arrangements should be similarly coordinated, where practicable, by the Procuring Activities involved, with representatives of other military departments.

§ 601.1153 *Avoidance of detrimental incidents.* It is emphasized that the express policy of the Department of Defense with respect to the removal of items from facilities affected by work stoppages is to avoid the use of force or the appearance of force, and care will be taken to prevent the occurrence of incidents detrimental to harmonious relations with labor and management.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Overriding Regulation 42, Amdt. 6]

GOR 42—ADJUSTMENTS UNDER THE INDUSTRY EARNINGS STANDARD FOR MACHINERY AND RELATED MANUFACTURED GOODS AND BUILDING MATERIALS

ASBESTOS PAPER, ASBESTOS MILLBOARD AND CONVERTED PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 6 to General Overriding Regulation 42 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 42 provides for interim adjustments in the ceiling prices of asbestos paper, asbestos millboard and converted products. It was found after a statistical survey of the industry that these adjustments are required under the "Industry Earnings Standard." This standard, which is explained in more detail in the statement of considerations accompanying the original GOR 42, is applied by OPS to insure that ceiling prices of commodities are generally fair and equitable.

The adjustments authorized herein are to be applied to the present selling prices of the commodities. The industry has continued to sell at its GCPR ceiling prices, none of the firms in the industry have applied for "Capehart" adjustments.

The increased cost of asbestos paper which may result from the issuance of

this amendment was taken into account in calculating the adjustment for converted products. Increased costs of outbound transportation were also taken into account in determining the amounts of the adjustments authorized by this amendment.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 42 is amended in the following respect:

1. Article II is amended by the addition of the following section 26:

SEC. 26 *Asbestos paper, asbestos millboard and converted products*—(a) *Commodities included.* (1) Asbestos paper, which is defined as a flexible felted material, composed principally of asbestos fiber and binder, and manufactured in various weights and thicknesses for various insulating purposes and for use in the manufacture of asbestos paper insulation as defined below.

(2) Asbestos millboard, which is defined as a material in the form of semi-flexible sheets of various sizes and thicknesses, composed principally of asbestos fiber and binder, manufactured for such industrial uses as protection against fire, heat and acid fumes.

(3) Converted products, which consist of asbestos paper insulation and wool felt insulation. Asbestos paper insulation is defined as any of several types of insulating materials which are composed of layers of asbestos paper in the form of pipe covering, blocks or flat, curved or flexible sheets used for such purposes as insulating low pressure steam pipes and boilers, hot water storage tanks, medium high temperature steam pipes and boilers, and warm air pipes and ducts. Wool felt insulation is defined as any of several types of insulating materials which are composed of layers of wool felt paper, sometimes with the addition of waterproof liners and wrappers, used for insulating hot and cold water pipes and preventing condensation on cold water pipes. This paragraph does not include the materials known as "building paper," or any material when used in the manufacture of roofing, or any other material not included in the terms "asbestos paper," "asbestos millboard," "asbestos paper insulation" or "wool felt insulation" by ordinary business usage.

(b) *Adjustment period price.* The adjustment period price for each commodity included in paragraph (a) of this section is the highest price at which it was delivered or offered for delivery during the period October 1, 1952 to February 11, 1953, not to exceed the applicable ceiling price then in effect.

(c) *Percentage adjustments.* The percentage adjustment for each commodity or group of commodities included in this section 26 is the percentage listed below opposite that commodity or group of commodities:

Commodity:	*Percentage adjustment (percent)*
Asbestos paper	6.25
Asbestos millboard	106.25
Converted products	103.2

(d) *Relationship to GOR 35.* The adjusted ceiling prices established by this section may be further adjusted under the provisions of General Overriding Regulation 35 (Pass through for pig-iron, steel copper and aluminum cost increases), where applicable, for the purposes of GOR 35. The adjusted ceiling price under this section shall constitute the "old ceiling price" as defined in section 21 of GOR 35.

(e) *Effective date.* The adjustment authorized by this section 26 becomes effective February 11, 1953.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 11, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 11, 1953.

NOTICES

DEPARTMENT OF DEFENSE

Department of the Army

OFFICE OF CHIEF SIGNAL OFFICER

STATEMENT OF ORGANIZATION AND FUNCTIONS OF AGENCIES DEALING WITH THE PUBLIC

Paragraph (j) (7) of section 2, statement of organization and functions, published in 16 F. R. 7775, August 8, 1951, is amended to include subdivisions (x) and (xi), as follows:

SEC. 2. *Organization and functions of agencies dealing with the public.* * * *

(j) *Office of the Chief Signal Officer.* * * *

(7) *Organization.* * * *

(x) Procurement of the items of Signal Corps equipment and services mentioned below is handled by the Signal Corps Supply Agency and its branches at the following locations:

(*a*) Signal Corps Supply Agency, 225 South Eighteenth Street, Philadelphia 3, Pennsylvania (Telephone: Kingsley 6-3200), Chicago Regional Office, SCSA, 615 West Van Buren Street, Chicago 7, Illinois (Telephone: Andover 3-0234), Los Angeles Regional Office, SCSA, Parkway Building, 117 East Colorado Street, Pasadena 1, California (Telephone: Ryan 1-6655), New York Regional Office, SCSA, 70 East Tenth Street, New York 3, New York (Telephone: Spring 7-4200).

Antenna equipment.
Batteries, primary.
Capacitors.
Coils.
Cords and cable assemblies.
Electrical test equipment.
Electron tubes.
Facsimile and sound equipment.
Flashlights and lanterns.
Headsets and microphones.
Industry preparedness measures.
Insulators and insulating material.
Line construction material.
Meteorological equipment.
Pigeon equipment.
Quartz crystals.
Radar equipment.
Radio equipment.
Radiological detecting devices.
Reels, wire and cable.
Splicing material.
Teletypewriter equipment.
Tool equipment.
Transitors.
Wire and cable, communications.
Wire communications equipment, field.
Wire communications equipment, fixed plant.
Miscellaneous communications and electronics parts and materials.

(*b*) Laboratory Procurement Office, Signal Corps Supply Agency, Watson Area, Fort Monmouth, New Jersey (Telephone: Eatontown 3-1060). (Contracts for basic research on Signal Corps equipment and for developmental items.)

(c) Pictorial Center Procurement Office, SCSA, 35-11 35th Avenue, Long Island City 1, New York (Telephone: Ravenswood 6-2000). (Production of Motion Pictures, including hiring of actors, narrators, directors, and similar personnel, and photographic equipment and supplies, except film and photographic paper.)

(xi) The Signal Corps Supply Agency and its branches maintain bidders' lists containing names and addresses of responsible producers and regular dealers in the items listed in subdivision (x) of this subparagraph. Applications by producers and dealers to have their names placed on such bidders' lists may be made in writing to the Deputy for Procurement, Signal Corps Supply Agency, 225 S. Eighteenth Street, Philadelphia 3, Pennsylvania, or the Commanding Officer of appropriate regional office, or the Laboratory Procurement Office, Watson Area, Fort Monmouth, New Jersey; details should be furnished concerning the types of material produced or dealt in, plant capacity or quantities available and other facts showing capability to perform contracts which may be awarded. Invitations to bid are sent by contracting officers only to persons and companies listed on bidders' lists. Other interested parties may inspect copies of invitations which are posted on bulletin boards maintained in the procuring offices and available in the Procurement Information Center, in the Old Post Office Building, Washington, D. C. Drawings and specifications, if available, are supplied to

bidders by contracting officers. Invitations to bid are issued in quintuplicate. Bids are required to be completed in accordance with instructions issued with the invitations. One copy of the bid should be retained by the bidder and four copies in a sealed envelope must be submitted to the contracting officer at the place and on or before the hour and date specified in the invitation. In the case of formally advertised procurements, public openings of bids are held, ordinarily thirty (30) days after the issuance of invitations. Bidders or their representatives may be present at the public opening of bids.

[SEAL] WM. E. BERGIN,
Major General, U. S. Army,
The Adjutant General.

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.166, as amended December 31, 1951; 16 F. R. 12043 and June 2, 1952; 17 F. R. 3818).

The Andala Co., Coffee Street, Andalusia, Ala., effective 1-27-53 to 7-26-53; 20 learners for expansion purposes (work shirts and pants).

Colonial Fashions, Inc., 114 North Union Street, Petersburg, Va., effective 1-28-53 to 7-27-53; 75 learners for expansion purposes (dresses).

Dublin Garment Co., Temporary Building, 403 East Jackson Street, Dublin, Ga., effective 2-2-53 to 8-1-53; 75 learners for expansion purposes (sport shirts).

Dungaree Corp. of America, 194 Silver Street, Sharon, Pa., effective 1-31-53 to 7-30-53; 10 learners for expansion purposes (dungarees).

Dungaree Corp. of America, 194 Silver Street, Sharon, Pa., effective 1-31-53 to 1-30-54; 10 learners (dungarees).

Dunhill Shirt Co., Holden, Mo., effective 1-30-53 to 7-29-53; 10 learners for expansion purposes-(men's shirts).

Duti-Duds, Inc., 1117 Clay Street, Lynchburg, Va., effective 1-29-53 to 7-28-53; 10 learners for expansion purposes (nurses', maids' uniforms).

Ely & Walker Factory, Paragould, Ark., effective 1-30-53 to 1-29-54; 10 percent of the productive factory force (sport shirts).

Exmore Shirt Co., Inc., Broad Street, Exmore, Va., effective 1-28-53 to 7-27-53; 75 learners for expansion purposes (dress and sport shirts).

Forest City Manufacturing Co., DeQuoin, Ill., effective 2-2-53 to 5-1-53; 15 learners for expansion purposes (dresses).

Har-Tin Manufacturing Co., 1339 North Main Avenue, Scranton, Pa., effective 1-29-53 to 1-28-54; 6 learners (women's dresses).

Huggins Garment Co., Inc., Donaids, S. C., effective 1-29-53 to 1-28-54; 5 learners (sport and utility shirts).

Marja Brassiere Co., Inc., 210-12 East Commerce Street, Jacksonville, Tex., effective 2-2-53 to 2-1-54; 10 percent of the productive factory force (brassieres).

Mode O'Day Corp., 607 West Main Street, Osawatomie, Kans., effective 1-28-53 to 7-27-53; 30 learners for expansion purposes (ladies' blouses).

Patterson Manufacturing Co., Siloam Springs, Ark., effective 1-29-53 to 1-28-54; 10 learners (dungarees and ladies' sportswear).

Rival Dress Co., 110 West Blaine Street, McAdoo, Pa., effective 1-26-53 to 1-25-54; 10 learners (dresses).

H. A. Satin & Co., Inc., 2013 West Iowa Street, Evansville, Ind., effective 1-28-53 to 7-27-53; 10 learners for expansion purposes (women's cotton dresses).

I. Schneierson & Sons, Inc., Sanford, N. C., effective 1-30-53 to 1-29-54; 10 learners (women's cotton and rayon slips and petticoats).

I. Schneierson & Sons, Inc., Randleman, N. C., effective 1-30-53 to 1-29-54; 10 percent of the productive factory force (women's cotton slips and petticoats).

I. Schneierson & Sons, Inc., Silver City, N. C., effective 1-30-53 to 1-29-54; 10 percent of the productive factory force (women's rayon slips and petticoats).

Seekay Manufacturing Co., 320 Convent Street, Laredo, Tex., effective 1-29-53 to 1-28-54; five learners (children's dresses).

Sorbeau Juvenile Manufacturing Co., 821 Central Avenue, Dubuque, Iowa, effective 2-14-53 to 2-13-54; five learners (infants wear).

Tidewater Garment Co., Inc., 2309 Washington Avenue, Newport News, Va., effective 2-2-53 to 2-1-54; 10 learners (dresses and gowns).

United Pants Co., Inc., Nuangola Branch R. D. No. 2, Mountain Top, Pa., effective 1-31-53 to 1-30-54; five learners (trousers and jackets).

Williamson-Dickie Manufacturing Co., Bainbridge, Ga., effective 1-27-53 to 7-26-53; 50 learners for expansion purposes (work clothing).

Cigar Industry Learner Regulations (29 CFR 522.201 to 522.211, as amended October 27, 1952; 17 F. R. 8633).

Alles & Fisher, Inc., 716 Columbus Avenue, Boston 20, Mass., effective 1-29-53 to 1-28-54;

10 percent of the productive factory force engaged in the learner occupations; cigar machine operating, 320 hours; packing (cigars retailing at more than 6 cents), 320 hours; stripping, 160 hours; each 65 cents per hour.

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as revised November 19, 1951; 16 F. R. 10733).

Acme Hosiery Mills, Inc., North Street, Asheboro, N. C., effective 1–30–53 to 1–29–54; 5 percent of the productive factory force.

Standard Hosiery Mills, Inc., Pittsboro Division, Pittsboro, N. C., effective 1–29–53 to 1–28–54; five learners.

Vermont Hosiery & Machinery Co., Northfield, Vt., effective 1–29–53 to 1–28–54; five learners.

Independent Telephone Industry Learner Regulations (29 CFR 522.82 to 522.93, as amended January 25, 1950; 15 F. R. 398).

The Crawford Telephone & Telegraph Co., Girard, Kans., effective 1–28–53 to 1–27–54.

Home Telephone Co., Smithfield, Va., effective 1–29–53 to 1–28–54.

The following special learner certificate was issued in Puerto Rico to the company hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Caribe Aircraft Radio Corp., Coamo, P. R., effective 1–26–53 to 7–25–53; 40 learners; subassembly of radio parts, 240 hours at 35 cents per hour; assembly of parts into radios, 360 hours at 35 cents per hour; testers, 360 hours at 35 cents per hour; machine shop operators, 320 hours at 33 cents per hour, 320 hours at 35 cents per hour, 320 hours at 37 cents per hour (subassembly and assembly of radios).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 3d day of February 1953.

MILTON BROOKE,
Authorized Representative of the Administrator.

[Docket No. G–2063]

NORTHERN NATURAL GAS CO.

NOTICE OF AMENDED AND SUPPLEMENTED APPLICATION

FEBRUARY 6, 1953.

Take notice that Northern Natural Gas Company (Applicant), a Delaware corporation with its principal office at 2223 Dodge Street, Omaha, Nebraska, filed on September 12, 1952, supplemented September 29 and October 27, 1952, and amended and supplemented on January 26, 1953, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of the natural-gas transmission pipe-line facilities hereinafter described.

Applicant proposes to construct, at the estimated cost indicated below, the following facilities, all as more fully described in the application as amended and supplemented:

(I) Proposed to be constructed prior to January 1, 1954.

(A) MAIN PIPELINE ADDITIONS

	Diameter (inches)	Length (miles)	Estimated cost
(1) Between El Paso Natural Gas Co.'s, Dumas, Tex., compressor station and applicant's Sunray compressor station	30	14.6	$1,228,000
(2) Between applicant's Sunray compressor station and its Texas valve No. 5, at junction of its Sunray and Skellytown pipelines	30	37.3	2,825,000
(3) Texas valve No. 5, north (second line)	30	20.4	1,608,000
(4) Beaver, Kans., north (second line)	30	15.8	1,243,000
(5) Sublette, Kans., east (third line)	26	9.4	502,000
(6) Bushton, Kans., north (fourth line)	30	9.9	786,000
(7) Clifton, Kans., north (fifth line)	30	10.6	879,000
(8) Palmyra, Nebr., northeast (third line)	30	33.3	2,694,000
(9) Oakland, Iowa, north (third line)	30	39.2	3,396,000
(10) Ogden, Iowa, north (third line)	30	31.6	2,642,000
(11) South Sioux City, Iowa, north (second line)	24	15.9	800,000

General administration	465,000
(II) Total estimated cost	21,640,000
Total estimated cost for G-2063 project	66,248,000

Applicant proposes to finance the proposed facilities through the issuance and sale of additional common stock and debentures as outlined and described in the application as amended and supplemented, particularly the first supplement thereto.

The installation of the proposed facilities, according to the amended and supplemented application,[1] will provide the added facilities required by Applicant to receive peak day volumes of 200 MMcf in 1954 and 300 MMcf in 1955 and thereafter from Permian Basin Pipeline Company, as proposed to be supplied by that company under its amended and supplemented application now pending before the Commission in Docket No. G-1928.[2] The application states that installation of the G-2063 facilities, upon receipt of 200 MMcf of natural gas from Permian in 1954, will increase Applicant's daily system salable capacity from 818 MMcf[3] to 1,019 MMcf, and upon recept of the additional 100 MMcf from Permian in 1955, will increase such capacity to 1,112 MMcf.

Applicant states that the proposed capacity increase resulting from the facilities proposed will be adequate to supply the additional contract demand volumes, beyond such volumes as are proposed to be supplied by Applicant's Docket No. G-1618 capacity, which Applicant's gas utility customers have requested for the presently served communities for use during the 1953-1954 heating season, and, in addition, will provide approximately 17 MMcf per day for certain new communities not presently served natural gas.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 26th day of February 1953. The application, as amended and supplemented, is on file with the Commission for public inspection.

[1] Notice of the G-2063 application filed on September 12, 1952, as supplemented on September 29 and October 27, 1952, was published in the Federal Register on November 1, 1952 (17 F. R. 9907-9908).

[2] Notice of the G-1928 application filed on March 28, 1952, as supplemented on September 5 and October 7, 1952, and supplemented and amended on November 20, 1952, was published in the Federal Register on January 30, 1953 (18 F. R. 658).

[3] The application states that Applicant assumes, in its G-2063 application, that the additional facilities involved In the Matter of Northern Natural Gas Company, Docket No. G-1618, will be constructed and placed in service prior to January 1, 1954.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54–168]

ELECTRIC BOND AND SHARE CO.

ORDER GRANTING RECITALS

FEBRUARY 5, 1953.

Electric Bond and Share Company ("Bond and Share"), a registered holding company, having previously filed an application for approval of a plan pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act"), proposing the disposition of its holdings of common stock of the Washington Water Power Company ("Washington Company"), to be received pursuant to a plan of American Power & Light Company, a registered holding company and a former subsidiary of Bond and Share, and the Commission having approved such plan by memorandum opinion and order entered July 30, 1952 (Holding Company Act Release No. 11412); and

Bond and Share having in due course received from American Power & Light Company 183,050 shares of common stock of the Washington Company, which shares it had undertaken to dispose of pursuant to the aforesaid plan, and Bond and Share having distributed to its stockholders, pursuant to a dividend, 105,007 shares of such stock, and having sold an additional 11,500 shares, leaving a balance of 66,543 shares remaining to be disposed of; and

Bond and Share having on February 3, 1953, notified the Commission, pursuant to Rule U-44 (c) of the general rules and regulations of the act, of its intention to sell its remaining holdings of the common stock of the Washington Company, together with any shares (not to exceed 10,000) purchased for the purpose of stabilization pursuant to authority of this Commission entered by order dated February 3, 1953, and the Commission having on February 3, 1953, notified Bond and Share that no declaration need be filed with respect to such proposed disposition, and that the ten-day period prescribed in Rule U-44 (c) was being waived; and

Bond and Share having requested that the Commission enter an order containing the recitals required by section 1808 (f) and Supplement R of the Internal Revenue Code, and the Commission deeming it appropriate that such request be granted;

It is ordered and recited, That the sale and transfer by Electric Bond and Share Company of 66,543 shares of common stock of the Washington Water Power Company to Blythe & Co., Inc., is necessary or appropriate to the integration and simplification of the holding company system of which Electric Bond and Share Company is a member and is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, all in accordance with the meaning and requirements of the Internal Revenue Code and section 1808 (f) and Supplement R thereof.

By the Commission.

[File No. 54–210]

SOUTHERN NATURAL GAS CO. AND ALABAMA GAS CORP.

NOTICE REGARDING PLAN AND ORDER FOR HEARING

FEBRUARY 6, 1953.

Notice is hereby given that Southern Natural Gas Company ("Southern"), a registered holding company and Alabama Gas Corporation ("Alabama"), a public utility subsidiary of Southern, have filed an application for approval of a plan under section 11 (e) of the Public Utility Holding Company Act of 1935 ("act") for compliance with section 11 (b) thereof.

Southern, a Delaware corporation, is engaged in the production and purchase and the interstate transmission and sale of natural gas. Alabama, a corporation organized under the laws of the State of Alabama, is Southern's only public utility subsidiary, and is engaged in the distribution of natural and manufactured gas solely in Alabama. Of the total of 841,198 shares of Alabama common stock outstanding, 831,765.48 shares (98.88 percent) are held by Southern and the remaining 9,432.52 shares (1.12 percent) are publicly held. Southern's other subsidiaries (not directly involved herein) are Apex Gas Company, Inc., a small gas transmission company operating solely in Louisiana, and Coastal Pipe Line Company, an inactive corporation, both wholly owned.

The plan provides that the common stock of Alabama held by Southern will be distributed pro rata to the holders of common stock of Southern on a record date (to be fixed by the Board of Directors of Southern) at least ten but not more than twenty days prior to the distribution date at the rate of 0.24306 share of Alabama common stock for each share of Southern common stock. No fractions of shares shall be distributed. Such common stock of Alabama which is not to be distributed due to fractional shares shall be sold by Southern on or before the distribution date (but after the record date) or as soon as practicable after the distribution date, and there shall be distributed as soon as practicable after such sale to each holder of common stock of Southern on the record date otherwise entitled to receive a fraction of a share of Alabama common stock an amount of cash equivalent to his pro rata share of the proceeds of sale, without deduction of expenses and taxes incident to the sale.

A distributing agent or agents will be appointed to distribute the Alabama shares and/or cash in lieu of fractional shares.

The Commission will be notified, at least five days in advance of any distribution under the plan, of the arrangements which shall have been made for carrying out such distribution and the transactions incident thereto and for the designation of the distributing agent or agents, and may proceed in accordance with such arrangements in the absence of objection from the Commission made within five days of the filing of such notification with the Commission.

The shares of Alabama common stock distributed to Southern stockholders shall be accompanied by pertinent information concerning Alabama in such form as the Commission shall approve before the mailing thereof.

At or before the distribution of Alabama stock and cash by Southern to its stockholders as provided in this plan, (1) the three representatives of Southern on the Board of Directors of Alabama shall resign from such Board and the representative of Alabama on the Board of Directors of Southern shall resign from such Board, (2) Southern and Alabama shall cease to have any common officers, and (3) the Board of Directors of Alabama shall be reconstituted, with a majority of the directors consisting of persons who are not officers or employees of Alabama. The Certificate of Incorporation of Alabama will be amended to provide for cumulative voting and in certain other respects.

The plan provides that Southern shall pay such fees, expenses and remuneration in connection with the plan and its consummation as are approved, determined, awarded, allowed or allocated by the Commission.

The plan is conditioned, among other things, upon the Commission making the necessary findings and recitals in accordance with the requirements of Supplement R and section 1808 (f) of the Internal Revenue Code, as amended, and that upon its consummation Southern will be entitled to an order under section 5 (d) of the act declaring that it has ceased to be a holding company under the act and that its registration under the act has ceased to be in effect.

The Commission being required by the provisions of section 11 (e) of the act, before approving any plan submitted thereunder, to find after notice and opportunity for hearing that the plan as submitted, or as thereafter amended, is necessary to effectuate the provisions of section 11 (b), and is fair and equitable to the persons affected thereby; and

It appearing appropriate to the Commission that notice be given and a hearing be held upon said plan, to afford all interested persons an opportunity to be heard with respect thereto:

It is ordered, That a hearing on said plan be held on February 24, 1953, at 10:00 a. m., e. s. t., at the offices of the Commission, 425 Second Street NW., Washington 25, D. C. On such date, the Hearing Room Clerk in Room 193 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in the proceedings, is directed to file with the Secretary of the

Commission on or before February 20, 1953, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the plan and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters and questions upon further examination:

(1) Whether the plan, as submitted or as it may be amended, is necessary to effectuate the provisions of section 11 (b) of the act and is fair and equitable to the persons affected thereby;

(2) Whether and to what extent the plan, as submitted or as it may be amended, should be modified, or terms and conditions imposed, to ensure adequate protection of the public interest and the interest of investors and consumers, and to prevent the circumvention of the act and rules and regulations thereunder;

(3) Whether the accounting entries in connection with the proposed transactions are appropriate and in accordance with sound accounting principles;

(4) Whether the fees, expenses, or other remunerations to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount;

(5) Whether, upon consummation of said plan, Southern will be entitled to an order under section 5 (d) of the act declaring that it has ceased to be a holding company under the act;

(6) Generally whether the transactions proposed in such plan comply with the requirements of the applicable provisions of the act and rules promulgated thereunder;

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing copies of this order by registered mail to Alabama and Southern, to the Federal Power Commission, the Alabama Public Service Commission, and the Mayor of Birmingham, Alabama; that notice shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to the persons on the mailing list of this Commission for releases under the act, and that further notice be given to all persons by publication of this notice and order in the FEDERAL REGISTER.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2982]

NEW ENGLAND ELECTRIC SYSTEM

NOTICE REGARDING ACQUISITION OF PROMISSORY NOTES

FEBRUARY 6, 1953.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by New England Electric System ("NEES"), a registered holding company. NEES has designated sections 9 and 10 of the act and Rule U-23 thereunder as applicable to the proposed transactions, which are summarized as follows:

NEES presently holds a promissory note of What Cheer Associates, Inc. ("What Cheer") in the reduced principal amount of $3,040,000. This note bears interest on the unpaid balance at 4 percent per annum and is payable in annual installments from December 1, 1951, through December 1, 1957. NEES acquired this note as part of the consideration for the sale in 1951 of its security holdings of United Electric Railways Company ("UER"), the name of which has been changed to United Transit Company ("UTC"). See New England Electric System, Holding Company Act Release No. 10387. This note provided that there might be substituted for the original collateral, consisting of stock and bonds of UER, a mortgage note of that company.

NEES proposes in its application to acquire a new collateral promissory note of What Cheer in a principal amount equal to the then unpaid balance on the note presently held. The new note will bear interest on the unpaid balance at 4 percent per annum and will be payable in the amounts of $504,600 on April 1, 1953, $500,000 on July 1, 1953, and December 1, 1953, and $250,000 annually thereafter (the last payment being $285,400 due December 1, 1959). The collateral for the new note will consist of a first mortgage note of UTC on substantially all of its property in a principal amount equal to the principal amount of the new note and 37,500 shares (82 percent) of UTC capital stock.

The application states that incidental services in connection with the proposed note issues will be performed, at cost, by New England Power Service Company, an affiliated service company, such cost being estimated not exceed $1,000. The application further states that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed acquisitions. However, it is stated that the issuance of the new note by UTC and a reduction of its capital stock which it is expected will take place concurrently therewith are subject to the approval of the Rhode Island Public Utility Administrator and that the proposed acquisitions will be consummated only after such approval has been obtained.

NEES requests that the Commission's order herein become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than February 19, 1953, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason or reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, the application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 53-1407; Filed, Feb. 11, 1953; 8:47 a. m.]

[File No. 70-2994]

CENTRAL MAINE POWER CO.

NOTICE OF PROPOSED ISSUANCE AND SALE OF BONDS

FEBRUARY 6, 1953.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Central Maine Power Company ("Central Maine"), a public utility subsidiary of New England Public Service Company, a registered holding company. Applicant has designated the third sentence of Section 6 (b) of the act and Rule U-50 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than February 20, 1953, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues, if any, of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after February 20, 1953, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Central Maine proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $10,000,000 principal amount of First and General Mortgage Bonds, Series U, -- percent, due 1983. The bonds will be issued and secured under the company's First and General Mortgage, as amended and supplemented. The interest rate, the pub-

lic offering price and other pertinent details will be supplied by amendment.

The net proceeds from the sale of bonds will be applied toward the payment of the company's outstanding short-term notes, which are expected to total $10,500,000 at the time of the issuance and sale of said bonds.

The application states that the company's present construction plans for 1953 now call for expenditures of approximately $16,400,000. In addition to the issue of bonds herein proposed, the company intends, subject to favorable market conditions, to issue, prior to January 1, 1954, a sufficient number of shares of common stock to produce $10,000,000.

It is represented that the Public Utilities Commission of Maine has jurisdiction over the proposed issuance and sale of the bonds and that a copy of the order authorizing the proposed transactions will be supplied by amendment.

It is requested that the Commission's order herein be accelerated and become effective upon its issuance.

By the Commission.

FALL RIVER ELECTRIC LIGHT CO. AND EASTERN UTILITIES ASSOCIATES

NOTICE OF FILING REGARDING PROPOSED ISSUANCE AND SALE OF BONDS AND PLEDGING OF ASSETS AND PORTFOLIO SECURITIES

FEBRUARY 6, 1953.

Notice is hereby given that an application-declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 (the "act"), by Eastern Utilities Associates ("EUA"), a registered holding company, and its public-utility subsidiary company, Fall River Electric Light Company ("Fall River"). EUA owns 98½ percent of the voting shares of Fall River. EUA and Fall River have designated sections 6 and 12 of the act and Rules U-23, U-42 (b) (2), U-44 and U-50 thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than February 18, 1953, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after February 18, 1953, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Fall River proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $6,800,000 principal amount of First Mortgage and Collateral Trust Bonds __ Percent Series, due 1983 and proposes to pledge as security therefor all of its assets (with certain specified exceptions) and its investment in the stock and debt securities of Montaup Electric Company, a subsidiary of Fall River. The bonds will be issued under an Indenture of First Mortgage and Deed of Trust, dated January 1, 1953, between Fall River and State Street Trust Company, Boston, Massachusetts, as Trustee. The proceeds from the sale of the bonds will be applied to the redemption of $2,000,000 principal amount of presently outstanding First Mortgage Bonds, 3⅛ Percent Series, due 1968, and to the payment and discharge of short-term promissory notes outstanding in the aggregate principal amount of $4,800,000.

It is stated in the application-declaration that the order of the Department of Public Utilities of Massachusetts authorizing the proposed issuance and sale of the bonds will be supplied by amendment.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application No. 27777]

PAPER ARTICLES FROM WEST MONROE, LA., TO POINTS IN WESTERN TRUNK-LINE TERRITORY

APPLICATION FOR RELIEF

FEBRUARY 9, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariff I. C. C. No. 4038.

Commodities involved: Paper and paper articles, in carloads.

From: West Monroe, La.

To: Points in Zone 1 of western trunk-line territory.

Grounds for relief: Rail competition, additional routes, and circuity.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 4038, Supp. 7.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 53–1417; Filed, Feb. 11, 1953; 8:48 a. m.]

[4th Sec. Application 27778]

MIXED FEED FROM SAVANNAH AND PORT WENTWORTH, GA., TO PINETTA, FLA., AND POINTS IN GEORGIA

APPLICATION FOR RELIEF

FEBRUARY 9, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Feed, animal or poultry, carloads and less than carloads.

From: Savannah and Port Wentworth, Ga., mixed in transit at Macon, Ga.,

To: Pinetta, Fla., Gracewood, Ga., and other Georgia points.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1308, Supp. 7.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 53–1418; Filed, Feb. 11, 1953; 8:48 a. m.]

[4th Sec. Application 27779]

SYRUP FROM KEOKUK, IOWA, TO EASTERN PORT CITIES

APPLICATION FOR RELIEF

FEBRUARY 9, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. C. Schuldt, Agent, for carriers parties to his tariff I. C. C. No. 3758, pursuant to fourth-section order No. 17220.

Commodities involved: Syrup, coloring, burnt sugar, carloads.

From: Keokuk, Iowa.

To: Baltimore, Md., and other eastern port cities.

Grounds for relief: Competition with rail carriers and circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 27780]

FERRO-CHROME FROM CHARLESTON, S. C., TO IRONTON, OHIO

APPLICATION FOR RELIEF

FEBRUARY 9, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Ferro-chrome, in bulk or in packages, carloads.

From: Charleston, S. C.

To: Ironton, Ohio.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1079, Supp. 57.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

DEPARTMENT OF JUSTICE

Office of Alien Property

[Vesting Order 19162]

JOHN DIEDRICH

In re: Estate of John Diedrich, deceased. File No. D-28-10711, E & T No. 17252.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Katherine Diedrich, whose last known address is Germany, on or since December 11, 1941, and prior to January 1, 1947 was a resident of Germany and is, and prior to January 1, 1947 was a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person identified in subparagraph 1 hereof, in and to the estate of John Diedrich, deceased, is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by Arthur H. Gruhle, Public Administrator, acting under the judicial supervision of the County Court, Sheboygan County, Sheboygan, Wisconsin.

and it is hereby determined:

4. That the national interest of the United States requires that the person identified in subparagraph 1 hereof be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193.

Executed at Washington, D. C., on February 6, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General, Director, Office of Alien Property.

Washington, Friday, February 13, 1953

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Production and Marketing Administration and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Loans, Purchases, and Other Operations

[1952 C. C. C. Grain Price Support Bulletin 1, Amdt. 1 to Supp. 2, Wheat]

PART 601—GRAINS AND RELATED COMMODITIES

SUBPART—1952 CROP WHEAT LOAN AND PURCHASE AGREEMENT PROGRAM

SUPPORT RATES AT DESIGNATED TERMINAL MARKETS

The regulations issued by the Commodity Credit Corporation and the Production and Marketing Administration published in 17 F. R. 3693, 4103, 4834, 5785, 6069, 7363, and 8795 and containing the specific requirements for the 1952-crop Wheat Price Support Program are hereby amended as follows:

Section 601.1711 (b) is amended by making the following changes in the basic county support rates:

Iron and Washington Counties, Utah, are changed from $1.96 to $1.99 per bushel.

Washington County, Ohio, is changed from $2.26 to $2.28 per bushel.

Union County, New Mexico, is changed from $2.10 to $2.13 per bushel.

Lincoln County, Washington, is changed from $2.12 to $2.13 per bushel.

Johnson County, Wyoming, is changed from $2.05 to $2.04 per bushel.

(Sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup. 714b. Interprets or applies sec. 5, 62 Stat. 1072, secs. 101, 401, 63 Stat. 1053; 15 U. S. C. Sup. 714c, 7 U. S. C. Sup. 1421, 1441)

Issued this 9th day of February 1953.

[SEAL] JOHN H. DEAN,
Acting Vice President,
Commodity Credit Corporation.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 930—MILK IN TOLEDO, OHIO, MARKETING AREA

ORDER AMENDING ORDER, AS AMENDED, REGULATING HANDLING

§ 930.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order, as amended, and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such

findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Toledo, Ohio, on August 11 and 12, 1952, upon a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, amending the order, which is marketed within the Toledo, Ohio, marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order is approved or favored by at least two-thirds of the producers who, during the determined representative period (October 1952), were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Toledo, Ohio, marketing area, shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. a. Delete § 930.45 (a) and substitute therefor the following:

(a) Subtract from the total pounds of butterfat in Class III milk the total pounds of butterfat shrinkage allowed pursuant to § 930.41 (c) (2).

b. Delete paragraphs (c), (d) and (e) of § 930.45 and substitute therefor the following:

(c) Subtract from the pounds of butterfat remaining in each class, in series beginning with the lowest-priced utilization, the pounds of butterfat in other source milk.

c. Redesignate paragraph (f) of § 930.45 as paragraph (d).

2. In subdivision (i) of § 930.50 (a) (2) delete the phrase "in the second and third months preceding" and substitute therefor the phrase "in the first and second months preceding".

3. In subdivision (ii) of § 930.50 (a) (2) change the tabulation to read as follows:

Month for which the price is being computed:	*Standard utilization percentage*
January	92
February	86
March	83
April	83
May	81
June	78
July	76
August	80
September	86
October	90
November	93
December	95

4. In subdivision (iii) of § 930.50 (a) (2) replace the colon preceding the word "*Provided*" with a period and delete all language appearing thereafter.

5. In § 930.74 delete the phrase "4 cents per hundredweight" and substitute therefor the phrase "6 cents per hundredweight".

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C. this 10th day of February 1953, to be effective on and after the 1st day of April 1953.

[SEAL] EZRA TAFT BENSON,
Secretary of Agriculture.

[F. R. Doc. 53-1465; Filed, Feb. 12, 1953; 8:49 a. m.]

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

PART 224—DISCOUNT RATES

1. Pursuant to section 14 (d) of the Federal Reserve Act, and for the purpose of adjusting discount rates with a view of accommodating commerce and business in accordance with other related rates and the general credit situation of the country, Part 224 is amended to read as follows:

Sec.
224.1 Scope of part.
224.2 Advances and discounts for member banks under sections 13 and 13a.
224.3 Advances to member banks under section 10 (b).
224.4 Advances to persons other than member banks.
224.5 Rates to industrial or commercial businesses under Section 13b.
224.6 Rates to financing institutions under section 13b.
224.7 Findings.

AUTHORITY: §§ 224.1 to 224.7 issued under sec. 11 (i), 38 Stat. 262; 12 U. S. C. 248 (i). Interprets or applies sec. 14 (d), 38 Stat. 264, as amended; 12 U. S. C. 357.

§ 224.1 *Scope of part.* The following are the rates to be charged by the Federal Reserve Banks as established by such Banks and as reviewed and determined by the Board of Governors of the Federal Reserve System, pursuant to the provisions of section 14 (d) of the Federal Reserve Act. All rates are stated in percent per annum. Except as otherwise provided, these rates are effective immediately.

§ 224.2 *Advances and discounts for member banks under section 13 and 13a.* The rates for all advances and discounts under sections 13 and 13a of the Federal Reserve Act (except advances under the last paragraph of such section 13 to individuals, partnerships or corporations other than member banks) are:

Federal Reserve Bank of—	Rate	Effective
Boston	2	Jan. 20, 1953
New York	2	Jan. 16, 1953
Philadelphia	2	Do.
Cleveland	2	Do.
Richmond	2	Jan. 23, 1953
Atlanta	2	Jan. 16, 1953
Chicago	2	Do.
St. Louis	2	Do.
Minneapolis	2	Do.
Kansas City	2	Do.
Dallas	2	Jan. 23, 1953
San Francisco	2	Jan. 20, 1953

§ 224.3 *Advances to member banks under section 10 (b).* The rates for advances to member banks under section 10(b) of the Federal Reserve Act are:

Federal Reserve Bank of—	Rate	Effective
Boston	2½	Jan. 20, 1953
New York	2½	Jan. 16, 1953
Philadelphia	2½	Do.
Cleveland	2½	Do.
Richmond	2½	Jan. 23, 1953
Atlanta	2½	Jan. 16, 1953
Chicago	2½	Do.
St. Louis	2½	Do.
Minneapolis	2½	Do.
Kansas City	2½	Do.
Dallas	2½	Jan. 23, 1953
San Francisco	2½	Jan. 20, 1953

§ 224.4 *Advances to persons other than member banks.* The rates for advances to individuals, partnerships or corporations other than member banks secured by direct obligations of the United States under the last paragraph of section 13 of the Federal Reserve Act are:

Federal Reserve Bank of—	Rate	Effective
Boston	3	Jan. 20, 1953
New York	3	Jan. 16, 1953
Philadelphia	2¾	Do.
Cleveland	2¾	Aug. 25, 1950
Richmond	3	Jan. 23, 1953
Atlanta	3	Jan. 16, 1953
Chicago	2¾	Aug. 13, 1948
St. Louis	2½	Jan. 12, 1948
Minneapolis	3	Jan. 26, 1953
Kansas City	2¾	Jan. 16, 1953
Dallas	3	Jan. 23, 1953
San Francisco	3	Jan. 20, 1953

§ 224.5 *Rates to industrial or commercial businesses under section 13b.* The rates to industrial and commercial businesses (including loans made in participation with financial institutions) under section 13b of the Federal Reserve Act are:

Federal Reserve Bank of—	On loans	On commitments	Effective
Boston	3-5½	½-1½	Jan. 20, 1953
New York	3-5½	½-1⅜	Jan. 16, 1953
Philadelphia	2½-5	½-1¼	May 20, 1942
Cleveland	2½-5	½-1¼	May 8, 1942
Richmond	2½-5	½-1¼	May 23, 1942
Atlanta	2¾-5	¾-1¼	Jan. 16, 1953
Chicago	2½-5	¼-1¼	Oct. 5, 1944
St. Louis	3-5	½-1¼	Aug. 19, 1948
Minneapolis	3-5½	½-1⅜	Jan. 26, 1953
Kansas City	2¾-5	½-1¼	Jan. 16, 1953
Dallas	3-5½	½-1⅜	Jan. 23, 1953
San Francisco	3-5½	½-1⅜	Jan. 20, 1953

§ 224.6 *Rates to financing institutions under section 13b.* The rates to financing institutions under section 13b of the Federal Reserve Act are:

Federal Reserve Bank of—	On discounts or purchases		On commitments	Effective
	Portion for which institution is obligated	Remaining portion		
Boston	(1)	(3)	½-1½	Aug. 13, 1948
New York	(1)	(3)	½-1⅜	Jan. 16, 1953
Philadelphia	(2)	(3)	½-1¼	May 20, 1942
Cleveland	(1)	(3)	½-1¼	Jan. 12, 1948
Richmond	(1)	(3)	½-1¼	May 23, 1942
Atlanta	(1)	(3)	[4] ¾-1¼	Jan. 16, 1953
Chicago	2½-5	2½-5	¼-1¼	Oct. 5, 1944
St. Louis	2-2½	(3)	¼-1¼	Jan. 16, 1953
Minneapolis	(1)	(3)	½-1¼	May 16, 1942
Kansas City	(1)	(3)	½-1¼	June 6, 1942
Dallas	(1)	(3)	([5])	May 16, 1942
San Francisco	(1)	(3)	[6] ½-1⅜	Jan. 20, 1953

[1] Rate charged borrower less commitment rate.
[2] Rate charged borrower, but not exceeding 1 percent above rate under § 224.2.
[3] Rate charged borrower.
[4] ½ percent on undisbursed portion of loan.
[5] ¼ percent on undisbursed portion of loan. 10-25 percent of loan rate with minimum of ½ percent on disbursed portion of loan.
[6] ¼ percent on undisbursed portion of loan.

§ 224.7 *Findings*—(a) *No notice or public participation; rates effective immediately.* There is no notice or public participation when rates now or hereafter specified in this part are reviewed and determined. The Board of Governors of the Federal Reserve System finds that in this situation such notice and public participation are impracticable, unnecessary, and contrary to the public interest for the reasons stated in section 2 (e) of the Board's rules of procedure (§ 262.2 (e) of this chapter), and especially because such procedure would prevent the action from becoming effective as promptly as necessary, would permit unfair profits, would unreasonably interfere with the necessary actions of the Board, would not aid the persons affected, and would otherwise serve no useful purpose. For the same reasons, and good cause found, the effective dates of these rates, as now or hereafter reviewed and determined, are not deferred for 30 days; and except as otherwise provided, such rates are effective immediately.

(b) *Only changes in rates published.* Under section 14 (d) of the Federal Reserve Act, rates must be established at each Federal Reserve Bank every fourteen days, or oftener if deemed necessary by the Board of Governors of the Federal Reserve System. To avoid frequent and unnecessary publication of the fact that an existing rate is continued, only changes in rates will be published; and the fact that no new rate is published means that the existing rate has been continued.

2. For the reasons and good cause found as stated in § 224.7, there is no notice, public participation, or deferred effective date in connection with this action.

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

[F. R. Doc. 53-1436; Filed, Feb. 12, 1953; 8:45 a. m.]

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5982; Regs. 130]

PART 40—EXCESS PROFITS TAX; TAXABLE YEARS ENDING AFTER JUNE 30, 1950

COMPUTATION OF EXCESS PROFITS NET INCOME

On November 15, 1952, a notice of proposed rule making was published in the FEDERAL REGISTER (17 F. R. 10468) to amend Regulations 130 (26 CFR Part 40). No objections to the rules proposed having been received within the thirty days following such publication, such regulations are hereby amended by adding at the end of § 40.433 (b)-2 (a), as amended by Treasury Decision 5973, approved January 16, 1953, the following new sentence: "In making the adjustment required by section 433 (b) (6) for dividends received, the limitation provided in section 26 (b) with respect to dividends in kind shall be applicable only if the dividend was received after August 31, 1950."

(53 Stat. 32; 26 U. S. C. 62)

[SEAL] JUSTIN F. WINKLE,
Acting Commissioner of Internal Revenue.

Approved: February 9, 1953.

ELBERT P. TUTTLE,
Acting Secretary of the Treasury.

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter E—Organized Reserves

PART 561—OFFICERS' RESERVE CORPS

APPOINTMENTS

Section 561.20 is revised as follows:

§ 561.20 *Appointment of professional and technical personnel as Reserve commissioned officers of the Army*—(a) *General.* This section prescribes the requirements whereby qualified professional and technical experts or specialists of the following categories may be appointed as Reserve commissioned officers of the Army for service in the Army Reserve.

Aeronautical engineering.
Automotive engineering.
Bacteriology.
Biochemistry.
Biological sciences.
Business administration.
Chemical engineering and chemistry.
Civil affairs (military government).
Civil engineering.
Education specialists.
Electrical accounting machine specialists.
Electrical engineering, including radio, television, and wire communications.
Entomology.
Fire prevention and fire fighting.
Food technology (inspection, procurement, testing, research, and related subjects).
Geographers.
Geology, geophysics, and meteorology.
Geopolitical and area specialists.
Harbor craft specialists.
Highway engineering and traffic.
Historical editors.
Industrial specialists (engineering, management, and security).
Language and foreign liaison.
Law enforcement officials, administrators, and allied investigative specialists.
Legal.
Marine engineering.
Mathematicians, statisticians, and physicists.
Mechanical engineering.
Metallurgical engineering.
Mining engineering.
Naval architectural.
Nuclear specialists (nuclear physicists and radiological chemists).
Parasitology.
Penology.
Petroleum and natural gas engineering.
Pharmacology and toxicology.
Photographic (still, motion picture, television, and related subjects).
Postal.
Printing and reproduction.
Psychology.
Psychological warfare (journalism, international relations, psychology, and related subjects).
Public information, including field press censorship.
Public works and utilities.
Purchasing, storage, and distribution (logistics).
Radar engineering.
Railway service.
Safety engineering.
Submarine diving.
Traffic management.

(b) *Branch.* (1) Appointment of individuals under this section will not be made for assignment in the following branches: Armor, Artillery, Infantry, Chaplains, Judge Advocate General's Corps, Army Medical Service branches, or Staff Specialist.

(2) Women professional or technical specialists will be assigned to the Women's Army Corps and detailed to the appropriate branch.

(3) Subject to the restrictions of subparagraphs (1) and (2) of this paragraph, the branch in which assignment is to be made will be determined by the authority tendering appointment, based upon the qualifications of the applicant and the needs of the service.

(c) *Grade.* Initial appointments are authorized in recognition of advanced professional or technical experience and training, in accordance with the grades indicated in paragraph (f) (4) of this section. However, when specifically authorized by the Department of the Army, appointment up to and including the grade of colonel may be made in cases of outstanding personnel for whom a critical shortage exists in the active military service, provided qualified Reserve personnel are not available.

(d) *Limitations on appointments.* Appointments will be limited to:

(1) Those necessary to fill existing vacancies in the Ready Reserve troop program units, and for mobilization designation vacancies when there are no qualified officers of appropriate or lower grade available to fill such vacancies.

(2) Those necessary to meet the need for Ready Reserve reinforcements under quotas announced by the Department of the Army.

(3) Those necessary to meet the need for officers for active duty.

(e) *General requirements.* See §§ 561.2 through 561.10.

(f) *Special requirements.* (1) The applicant must possess professional or technical ability as required to perform the duties appropriate to the grade to which appointed and branch to which assigned.

(2) For appointment to fill vacancies, the applicant's services must be required for a particular vacancy, and there must be no qualified Reserve commissioned officer of the appropriate grade or lower grade available to fill the vacancy.

(3) For appointment and concurrent active duty, the applicant's services must be required for active duty when qualified Reserve personnel are not available.

(4) Except for the provisions of subparagraph (5) of this paragraph, applicants for appointment must have graduated from a recognized college or university, preferably with major field of study closely related to the specialty for which applying, must have at least the minimum number of years of qualifying experience indicated below, and must not have attained the birthday shown below prior to appointment in the grade indicated:

Grade	Age	Years experience
Second Lieutenant	28	1
First Lieutenant	33	3
Captain	39	7

(5) Each year of graduate education in the field for which the applicant is being considered may be counted as a year of qualifying experience. Experience in an allied field of specification acceptable to the administrative or technical service concerned may be considered in computing minimum qualifying experience.

(i) For service in Military Railway Service units and for service as postal specialists, 4 years of qualifying experience may be substituted in lieu of graduation from a recognized college.

(ii) For service in harbor craft units, the following may be substituted in lieu of graduation from a recognized college:

(*a*) The possession by the applicant of a license, which is required in the case of a civilian ship officer in the American Merchant Marine and issued in accordance with the general rules and regulations of the Board of Supervisory Inspectors of the Merchant Marine Inspection Service, the United States Coast Guard, or the Bureau of Marine Inspection and Navigation;

(*b*) A diploma or record of graduation from the Merchant Marine Academy;

(*c*) A certificate as senior navigator from the Coast Guard Auxiliary; or

(*d*) A United States Power Squadron Certificate as a navigator.

(iii) For appointment for assignment as postal specialist, the following is required:

(*a*) Experience in an administrative, executive, or supervisory capacity in the United States Post Office Department, or

(*b*) Experience in the Military Postal Service as a warrant officer or in one of the first three noncommissioned officer grades. A minimum of 1 year of such experience is required for the grade of second lieutenant, 3 years for the grade of first lieutenant, and 5 years for the grade of captain.

(6) The Department of the Army will consider on an individual basis, requests for waiver of age, education, and/or experience in exceptional cases of outstanding professional or technical personnel for whom a critical shortage exists in the active military service. Requests for waivers will be forwarded to The Adjutant General, Department of the Army, Washington 25, D. C., ATTN: AGPR–A.

(g) *Vacancies and quotas.* Individuals interested in appointment may secure information as to vacancies from unit commanders or chiefs of military districts. Information relative to quotas for active duty or for appointment under quotas announced periodically may be secured from the appropriate area commander.

[SR 140–105–8, Jan. 14, 1953] (Pub. Law 476, 82d Cong.)

[SEAL] WM. E. BERGIN,
Major General, U. S. Army,
The Adjutant General.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 34, Amdt. 2 to Supplementary Regulation 25]

CPR 34—SERVICES

SR 25—POWER LAUNDRIES IN PHILADELPHIA, PENNSYLVANIA, AREA

ADDITIONAL POWER LAUNDRIES IN THE PHILADELPHIA, PENNSYLVANIA, AREA

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 2 to Supplementary Regulation 25 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

Supplementary Regulation 25 to Ceiling Price Regulation 34, issued November 10, 1952 permitted an increase in ceiling prices for certain power laundry services and dry cleaning services supplied by power laundries located in the City of Philadelphia, Pennsylvania. An increase in ceiling prices was also given to independent routemen and stores, known in the laundry and dry cleaning industry as "bobtailers", in order that customary differentials between classes of power laundry service purchasers might be maintained. That supplementary regulation did not permit the increase to be applied to the diaper supply and linen supply services of such laundries. Amendment 1 to Supplementary Regulation 25, effective December 18, 1952, extended the coverage of that supplementary regulation to include power laundries located in certain other areas close to Philadelphia namely, Camden, Gloucester, and Burlington Counties, New Jersey and the City of Hammonton in Atlantic County, New Jersey. This amendment permits the same 9 percent increase in ceiling prices for additional power laundries located in Delaware County, Pennsylvania (except the City of Ardmore). These power laundries are in a competitive position with others previously covered by Supplementary Regulation 25.

A study of the operating costs and profit margins of these power laundries which provide 83 percent of the total sales of services furnished by these laundries amounting to an estimated $1,150,000 reveals that increased labor and material costs have impaired the pre-Korean earnings of such laundries. In addition, substantial wage increases within the formula of Wage Stabilization Board regulations have resulted in further impairment of earnings. The price increase granted herein has been determined to be the minimum necessary to maintain the financial stability of these laundries in order to assure a continued supply of these essential services. The uniform increase has been determined in accordance with the standards for in-

dividual adjustments under Section 20 of Ceiling Price Regulation 34.

All other considerations which were set forth in the Statement of Considerations to Supplementary Regulation 25 to Ceiling Price Regulation 34 are equally applicable to the power laundries located in the areas included in this amendment.

In the formulation of this amendment, the Director has consulted insofar as practicable with representative suppliers of these services, including representatives of trade associations, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization the increases permitted by this amendment are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

Supplementary Regulation 25 to Ceiling Price Regulation 34 is amended as follows:

1. Insert after the word "Philadelphia" and before the word "Pennsylvania", wherever they appear in sections 1 and 3, the phrase "and the County of Delaware (except the City of Ardmore)".

2. The title of Supplementary Regulation 25 as it appeared in Amendment 1 is corrected to read as follows: SR 25—Power Laundries In Philadelphia, Pennsylvania, Area.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 12, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 12, 1953.

[F. R. Doc. 53-1531; Filed, Feb. 12, 1953; 10:32 a. m.]

[Ceiling Price Regulation 34, Supplementary Regulation 40]

CPR 34—SERVICES

SR 40—DIAPER SUPPLY SERVICES IN PITTSBURGH, PENNSYLVANIA

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this Supplementary Regulation 40 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Supplementary Regulation 40 to Ceiling Price Regulation 34 permits an increase in the ceiling prices of the diaper supply services furnished by retail diaper suppliers in Pittsburgh, Pennsylvania.

Sharply increased costs of materials and supplies together with wage increases recently granted with Wage Stabilization Board approval have made repair and replacement of worn out and obsolete equipment virtually impossible. These factors have resulted in substantial financial hardship to these diaper service suppliers.

Under the provisions of this supplementary regulation, ceiling prices of diaper service suppliers in Pittsburgh, Pennsylvania, may be increased by 8 percent, such adjustment to be applied to the total amount of each invoice rendered to the customer and identified as the "OPS permitted price increase," or, at the option of the individual diaper service supplier, the established flat price for each article may be increased 8 percent. The adjusted flat price must, within ten days after determination, be filed with the appropriate Office of Price Stabilization District Office.

Provision is made to retain such services under Ceiling Price Regulation 34: *Provided, however,* That diaper service suppliers subject to this supplementary regulation may not, after the effective date of this supplementary regulation, obtain an adjustment of their ceiling prices under section 20 of Ceiling Price Regulation 34, as amended. In addition, adjustments previously granted under that section are automatically revoked as of the effective date of this supplementary regulation.

In the formulation of this supplementary regulation, the Director has consulted insofar as practicable with representative suppliers of these services including representatives of trade associations, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization the increases permitted by this supplementary regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

REGULATORY PROVISIONS

Sec.
1. Purpose.
2. Relationship to Ceiling Price Regulation 34.
3. Adjustment of ceiling prices.
4. Application of section 20 of Ceiling Price Regulation 34.
5. Definitions.

AUTHORITY: Sections 1 to 5, issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Supp. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Supp. 2101-2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR 1950 Supp.

SECTION 1. *Purpose.* This supplementary regulation permits diaper service suppliers located in Pittsburgh, Pennsylvania to increase the ceiling prices of their retail diaper supply services by 8 percent, in the manner provided in section 3. This supplementary regulation shall not apply to any other services supplied by such diaper service suppliers.

SEC. 2. *Relationship to Ceiling Price Regulation 34.* All provisions of Ceiling Price Regulation 34, as amended, except as affected by the provisions of this supplementary regulation, shall remain in effect.

SEC. 3. *Adjustment of ceiling prices.* You may, to the extent you furnish diaper supply services at retail from locations in Pittsburgh, Pennsylvania, increase your ceiling prices by 8 percent for diaper supply services thus supplied by either of the following methods:

(a) You may apply such an adjustment to the total amount of each invoice rendered to the customer, provided you shall clearly write or stamp beside the adjustment on each invoice the words "OPS permitted price increase". If you use this method of applying your price increase you need not make the supplementary filing required by section 18 (c) of Ceiling Price Regulation 34.

(b) You may, in lieu of the method provided in paragraph (a) of this section, increase by 8 percent the flat price of each diaper supply service article. Within ten days after your prices are established under this paragraph, you must prepare and file with your district office of Office of Price Stabilization a supplemental statement as required by section 18 of Ceiling Price Regulation 34. You may not establish prices under paragraph (a) of this section once you have elected to establish prices under this paragraph.

(c) If the increase calculated in paragraphs (a) and (b) of this section results in a fraction of a cent, the ceiling price must be decreased to the next lower cent if the fractional cent is less than one-half cent, or may be increased to the next higher cent if the fraction is one-half cent or more.

SEC. 4. *Application of section 20 of Ceiling Price Regulation 34.* (a) No seller of diaper supply services at retail subject to this supplementary regulation may, after the effective date of this regulation, obtain an increase in his ceiling prices for such diaper supply services under section 20 of Ceiling Price Regulation 34, as amended. All orders establishing ceiling prices of any seller of diaper supply services subject to this supplementary regulation issued under either section 20 (a), (b) or (c) of Ceiling Price Regulation 34 are hereby revoked, upon the effective date of this regulation.

SEC. 5. *Definitions.* (a) As used in this supplementary regulation the term:

(1) "Diaper supply services" means the supplying to retail customers on a rental basis, of clean laundered diapers by the owner of these items.

(2) The term "Retail" refers to the sale of diaper supply services directly to the ultimate consumer, except commercial, industrial, and governmental users.

Effective date. This Supplementary Regulation 40 to Ceiling Price Regulation 34 shall become effective February 12, 1953.

NOTE: The reporting requirements of this supplementary regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1952.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 12, 1953.

[F. R. Doc. 53-1532; Filed, Feb. 12, 1953; 10:32 a. m.]

[Ceiling Price Regulation 60, Amdt. 1 to Supplementary Regulation 4]

CPR 60—Castings

SR 4—Adjustment in Ceiling Prices for Producers of High Alloy Steel Castings

Clarification of Ceiling Price Which May Be Increased by Industry Earnings Standard Adjustment

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Supplementary Regulation 4, Ceiling Price Regulation 60 is hereby issued.

Statement of Considerations

The purpose of this amendment to Supplementary Regulation (SR) 4 to Ceiling Price Regulation (CPR) 60 is to provide clearly that the Industry Earnings Standard adjustment permitted by SR 4 to CPR 60 may be applied to current ceiling prices, even though they may represent ceiling prices established under CPR 60 and then adjusted under some other regulation (except General Overriding Regulation (GOR) 35) and that the adjustment is not required to be applied only to unadjusted CPR 60 ceiling prices.

The basis for this amendment to Supplementary Regulation 4 is the same as that for Amendment 1 to SR 1 to CPR 60 and the Statement of Considerations thereto is equally applicable to this amendment.

In view of the technical nature of this amendment, consultation with industry representatives, involving trade association representatives, has not been deemed practicable or necessary prior to its issuance.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and conform in all respects to the applicable provisions of that act.

Amendatory Provisions

1. Section 1 of SR 4 to CPR 60 is amended to read as follows:

Section 1. *What this supplementary regulation does.* This supplementary regulation permits producers of high alloy steel castings to increase the ceiling prices of such castings which were in effect immediately before the effective date of this supplementary regulation by 3.5 percent.

2. Section 2 of SR 4 to CPR 60 is amended to read as follows:

Sec. 2. *Adjustment of ceiling prices.* If you are a producer of high alloy steel castings you may increase your ceiling prices for them which were in effect immediately before the effective date of this supplementary regulation by 3.5 percent. You may also increase the ceiling prices which were in effect immediately before the effective date of this supplementary regulation for equipment furnished by you in connection with your sales of such castings by 3.5 percent. The ceiling prices to which this increase may be applied are either those established under CPR 60, or those ceiling prices as adjusted pursuant to any other OPS regulation such as GOR 10, GOR 21 or GOR 29, but not including GOR 35.

3. Section 3 of SR 4 to CPR 60 is amended by adding a sentence at the end thereof reading as follows: "You may not, however, apply the 3.5 percent adjustment permitted in section 2 above to ceiling prices which include the adjustment provided under GOR 35."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Supplementary Regulation 4 to Ceiling Price Regulation 60 is effective February 12, 1953.

Joseph H. Freehill,
Director of Price Stabilization.

February 12, 1953.

[F. R. Doc. 53-1533; Filed, Feb. 12, 1953; 10:32 a. m.]

[General Ceiling Price Regulation, Amdt. 5 to Supplementary Regulation 100, Revision 1]

GCPR, SR 100—Adjustments for Iron and Steel Products

Rounding

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment to Supplementary Regulation 100, Revision 1, to the General Ceiling Price Regulation is hereby issued.

Statement of Considerations

Section 2 of Supplementary Regulation 100, Revision 1 to the General Ceiling Price Regulation permits the rounding of ceiling prices which are adjusted under that supplementary regulation by using a percentage figure. If a ceiling price is the sum of a base price, plus extras and deductions, the language of section 9, as originally issued appears to require that the total ceiling price be rounded rather than its components, the ceiling base price and the extras and deductions.

That requirement proved to be unsatisfactory with respect to products whose ceiling prices are calculated by adding to (or deducting from) a ceiling base price extras and deductions expressed in dollars and cents per unit. As to these products the foregoing requirement meant that if the ceiling price increases under SR 100, Revision 1, to GCPR yielded unrounded figures for the base prices or extras and deductions, the producer had to state these unrounded figures in his price lists and invoices and was only permitted to separately round the total prices in each invoice. This involved administrative burden and resulted in actual invoice prices which were sometimes higher and sometimes lower than the exact sum of the listed base price and applicable extras and deductions.

To remedy that situation this amendment gives an option to the producers to round their ceiling base prices and extras and deductions expressed in dollars and cents per unit, rather than to round their total ceiling prices.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable and due consideration has been given to their recommendations.

Amendatory Provisions

Supplementary Regulation 100, Revision 1 to the General Ceiling Price Regulation is amended, as follows:

Section 9 is amended to read:

Sec. 9. *Rounding adjusted ceiling prices.* You may round any adjusted ceiling price for which an increase is determined under this supplementary regulation by using a percentage figure, so that it will be expressed in the nearest cent or fraction of a cent you normally employ. If the increase is calculated under this supplementary regulation by multiplying the sum of a ceiling base price, plus extras and deductions expressed in dollars and cents per unit, you may separately round your adjusted base price and your adjusted extras and deductions instead of rounding the total adjusted ceiling price. If you elect to round any ceiling price covered by this section you must round all such ceiling prices so as to reflect decreases as well as increases.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 12, 1953.

Joseph H. Freehill,
Director of Price Stabilization.

February 12, 1953.

Chapter VI—National Production Authority, Department of Commerce

[CMP Regulation No. 1, Direction 19, as Amended February 12, 1953]

CMP Reg. 1—Basic Rules of the Controlled Materials Plan

Dir. 19—Ex-Allotment Acquisition and Use of Carbon Conversion Steel

This amended direction under CMP Regulation No. 1 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amended direction, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the direction affects many different industries.

Explanatory

Direction 19, as last amended August 28, 1952, to CMP Regulation No. 1 is further amended to extend its provisions to include the second calendar quarter of 1953, in addition to the third and fourth

calendar quarters of 1952 and the first calendar quarter of 1953.

REGULATORY PROVISIONS

Sec.

1. What this direction does.
2. Definitions.
3. Acquisition and use without submitting application.
4. Acquisition and use pursuant to application submitted and approved.
5. Orders for carbon conversion steel.
6. Transfer of carbon conversion steel.
7. Applicability of other regulations and orders.

AUTHORITY: Sections 1 to 7 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 3 CFR, 1951 Supp.

SECTION 1. *What this direction does.* This direction establishes a procedure by which persons with authorized production schedules for the manufacture of Class A and B products containing steel may obtain quantities of carbon conversion steel without charging allotment authority received under the Controlled Materials Plan. This procedure is designed to limit the use of the additional authority granted herein to situations where such carbon conversion steel will be produced in excess of the supply of carbon steel available for delivery against other orders.

SEC. 2. *Definitions.* As used in this direction:

(a) "Finished carbon conversion steel" means carbon steel in the forms and shapes indicated in Schedule I of CMP Regulation No. 1, which has been obtained by a person in consequence of such person or some other person having furnished, directly or indirectly, to one or more steel producers or converters, semifinished carbon conversion steel (which is carbon steel in a less-finished form such as, but not limited to, ingots, blooms, billets, slabs, rods, skelp, and hot-rolled sheets in coils) for the express purpose of having such semifinished carbon conversion steel processed into another form indicated in Schedule I of CMP Regulation No. 1.

(b) "Product class" means a product class code as shown in the Official CMP Class B Product List.

SEC. 3. *Acquisition and use without submitting application.* Any producer of Class B products may, by self-authorization and without charging any allotment, order up to 500 tons of finished carbon conversion steel per calendar quarter for delivery during the third and fourth calendar quarters of 1952 and the first and second calendar quarters of 1953 with respect to each product class for which he has received or hereafter receives one or more authorized production schedules and related allotments of carbon steel. He may use any finished carbon conversion steel so acquired to increase such authorized production schedule or schedules: *Provided, however,* That if any such authorized production schedule contains a specific limitation on the number of units which may be produced, he may not exceed that unit limitation. A producer of Class B products shall submit an application in accordance with the provisions of section 4 of this direction for any calendar quarter and product class in which his requirements for delivery of finished carbon conversion steel exceed 500 tons.

SEC. 4. *Acquisition and use pursuant to application submitted and approved.* (a) Any producer of Class A products who desires to order finished carbon conversion steel for delivery during the third or fourth calendar quarter of 1952 or the first or second calendar quarter of 1953, without charging an allotment, shall submit an application to NPA in accordance with the provisions of paragraph (c) of this section: *Provided, however,* That no such producer shall request authorization to order for delivery during the third calendar quarter of 1952 with respect to any authorized production schedule, without charging the related allotment, a quantity of finished carbon conversion steel which exceeds 20 percent of his related allotment of carbon steel for such schedule: *And provided further,* That no such producer shall request authorization to order for delivery during the fourth calendar quarter of 1952 or the first or second calendar quarter of 1953 with respect to any authorized production schedule, without charging the related allotment, a quantity of finished carbon conversion steel which exceeds 40 percent of his related allotment of carbon steel for such schedule.

(b) Any producer of Class B products who desires to order more than 500 tons of finished carbon conversion steel with respect to any product class for delivery during the third or fourth calendar quarter of 1952 or the first or second calendar quarter of 1953, without charging an allotment, shall submit an application to NPA in accordance with the provisions of paragraph (c) of this section for authorization to order finished carbon conversion steel with respect to such product class for delivery during such calendar quarter: *Provided, however,* That no such producer shall request authorization to order for delivery during the third calendar quarter of 1952 with respect to any product class, without charging an allotment, a quantity of finished carbon conversion steel which exceeds 20 percent of his total net allotment of carbon steel for such product class for the third calendar quarter of 1952: *And provided further,* That no such producer shall request authorization to order for delivery during the fourth calendar quarter of 1952 or the first or second calendar quarter of 1953 with respect to any product class, without charging an allotment, a quantity of finished carbon conversion steel which exceeds 40 percent of his total net allotment of carbon steel for such product class for the third calendar quarter of 1952.

(c) Each application filed pursuant to paragraph (a) or (b) of this section shall be submitted by letter in triplicate to the Iron and Steel Division, National Production Authority, Washington 25, D. C., Ref.: Direction 19 to CMP Regulation No. 1. Each application shall set forth the following facts:

(1) The name and address of the plant of the supplier of semifinished carbon conversion steel.

(2) For each such plant, a description of the semifinished carbon conversion steel product (ingot, billet, bloom, slab, etc.).

(3) For each such product, the tonnage by months of shipment.

(4) For each such product, the name and address of each plant providing a finishing facility in the conversion process.

(5) For each such plant (finishing facility) a description of the carbon steel product to be produced in the forms and shapes indicated in Schedule I of CMP Regulation No. 1.

(6) For each such carbon steel product, the tonnage by months of shipment.

(d) NPA will issue authorizations to acquire and use carbon conversion steel pursuant to applications submitted in accordance with the provisions of this section. Any person who receives such an authorization may, subject to the terms and conditions of such authorization, acquire finished carbon conversion steel in the quantities indicated without charging his allotment authority and use such steel to increase his authorized production schedule: *Provided, however,* That no person who has received an authorized production schedule for a Class B product or products which contains a specific limitation on the number of units which may be produced, shall exceed such unit limitation. In appropriate cases NPA may, in such authorization, specify restrictions upon the use of the related allotment authority to prevent increases in demand for certain forms and shapes of carbon steel which are in short supply.

SEC. 5. *Orders for carbon conversion steel.* (a) Any person who is authorized to acquire and use finished carbon conversion steel pursuant to section 3 or section 4 of this direction, may place authorized controlled material orders, without charging his allotment, for such finished carbon conversion steel with the finished conversion steel producer, and such producer may accept and fill such orders if they will not interfere with production and other directives which may be issued from time to time to such steel producer by NPA, or with the acceptance and filling of orders which such steel producer is required to accept pursuant to any regulation or order of NPA. The person ordering such steel shall make his own arrangements for obtaining the semifinished carbon conversion steel with the original ingot producer, or the finished conversion steel producer. In arranging to purchase the semifinished carbon conversion steel from an original ingot producer or an intermediate producer, such person shall furnish to such original ingot producer or intermediate producer a certification in the following form:

Certified under Direction 19 to CMP Regulation No. 1

which shall be signed as provided in section 8 of NPA Reg. 2. This certification shall constitute a representation to the original ingot producer or intermediate producer and to NPA that such person is authorized to place such order under the provisions of this direction to obtain the quantity of semifinished conversion steel covered by the delivery order, for conversion into finished conversion steel, and that he will furnish an authorized controlled material order to the finished conversion steel producer. Notwithstanding the provisions of any NPA regulation or order, a producer of semifinished carbon conversion steel may deliver semifinished carbon conversion steel pursuant to such a certification: *Provided, however,* That such delivery shall not interfere with production and other directives which may be issued from time to time to such steel producer by NPA, or with delivery on orders which such steel producer is required to accept pursuant to any regulation or order of NPA.

(b) An authorized controlled material order placed pursuant to the provisions of paragraph (a) of this section shall contain the same allotment symbol which identifies the allotment that accompanies the authorized production schedule in which the finished carbon conversion steel will be used.

SEC. 6. *Transfer of carbon conversion steel.* (a) In addition to increasing his own authorized production schedule, a person who is entitled to order, who has ordered, or who has received delivery of, finished carbon conversion steel pursuant to the provisions of this direction, may direct the delivery of all or part of such steel to a producer of Class A products to whom he has given an authorized production schedule. A person who so directs delivery of a quantity of finished carbon conversion steel to a producer of Class A products must charge such quantity against the total quantity of such steel which he is entitled to order. A producer of Class A products who receives such steel from his customer may use it to fulfill the authorized production schedule which he has received from that customer or to replace in inventory material used to fulfill such schedule. If such a producer has received authorization from NPA pursuant to section 4 of this direction to order finished carbon conversion steel with respect to such schedule, he must charge the quantity of such steel which he receives from his customer against the quantity which he was authorized to order with respect to such schedule.

(b) If it develops after a person has received delivery of finished carbon conversion steel pursuant to the provisions of this direction that he cannot use such steel for a purpose permitted by this direction, he shall not use or dispose of it except as provided in paragraph (a) of this section or in section 17 (d) of CMP Regulation No. 1.

SEC. 7. *Applicability of other regulations and orders.* The provisions of CMP Regulation No. 1, including the directions and amendments thereto, and of any other NPA regulation and order heretofore issued, are superseded to the extent to which they are inconsistent with the provisions of this direction. A user of controlled material may accept delivery of finished carbon conversion steel acquired pursuant to the provisions of this direction without regard to the inventory provisions of CMP Regulation No. 2, and need not include such steel in computing his inventory for purposes of that regulation. In all other respects, the provisions of all NPA regulations and orders heretofore issued shall remain in full force and effect.

NOTE: All reporting and record-keeping requirements of this direction have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This direction as amended shall take effect February 12, 1953.

NATIONAL PRODUCTION AUTHORITY,
By GEORGE W. AUXIER,
Executive Secretary.

[F. R. Doc. 53-1542; Filed, Feb. 12, 1953; 11:42 a. m.]

[Revised CMP Regulation No. 6, Direction 7, as Amended February 12, 1953]

CMP REG. 6—CONSTRUCTION

DIR. 7—EX-ALLOTMENT ACQUISITION AND USE OF CARBON CONVERSION STEEL

This direction as amended under Revised CMP Regulation No. 6 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amended direction, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

EXPLANATORY

This direction as amended affects Direction 7, as amended August 28, 1952, to Revised CMP Regulation No. 6, by amending sections 3 and 4, providing for the placing of orders for delivery in the second calendar quarter of 1953 of finished carbon conversion steel; and by deleting section 6 which provided the direction was not applicable to persons engaged in the construction of recreational, entertainment, or amusement construction projects.

REGULATORY PROVISIONS

Sec.
1. What this direction does.
2. Definition.
3. Acquisition and use without submitting application.
4. Acquisition and use pursuant to application submitted and approved.
5. Orders for carbon conversion steel.
6. Exemptions.
7. Disposal of carbon conversion steel.
8. Applicability of other regulations and orders.

AUTHORITY: Sections 1 to 8 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 3 CFR, 1951 Supp.

SECTION 1. *What this direction does.* This direction establishes a procedure by which persons with construction schedules authorized pursuant to Revised CMP Regulation No. 6, or NPA Order M-100, may obtain quantities of carbon conversion steel without charging allotment authority received under the Controlled Materials Plan. This procedure is designed to limit the use of the additional authority granted herein to situations where such carbon conversion steel will be produced in excess of the supply of carbon steel available for delivery against other orders.

SEC. 2. *Definition.* As used in this direction, "finished carbon conversion steel" means carbon steel in the forms and shapes indicated in Table II of Revised CMP Regulation No. 6, which has been obtained by a person in consequence of such person or some other person having furnished, directly or indirectly, to one or more steel producers or converters, semifinished carbon conversion steel (which is carbon steel in a less-finished form such as, but not limited to, ingots, blooms, billets, slabs, rods, skelp, and hot-rolled sheets in coils) for the express purpose of having such semifinished carbon conversion steel processed into another form indicated in Table II of Revised CMP Regulation No. 6.

SEC. 3. *Acquisition and use without submitting application.* Any person who has received an authorized construction schedule and a related allotment of carbon steel for the third or fourth calendar quarter of 1952 or the first or second calendar quarter of 1953 may, by self-authorization, order for delivery in each of such calendar quarters, with respect to each such authorized construction schedule, up to 500 tons of finished carbon conversion steel without charging the related allotment; and use such steel to increase such authorized construction schedule: *Provided, however,* That if his requirements for delivery with respect to any such schedule in any such calendar quarter exceed 500 tons of finished carbon conversion steel, he shall submit an application in accordance with the provisions of section 4 of this direction.

SEC. 4. *Acquisition and use pursuant to application submitted and approved.* (a) Any person who has received an authorized construction schedule and a related allotment of carbon steel for the third or fourth calendar quarter of 1952, or the first or second calendar quarter of 1953, and who desires to acquire and use, without charging the related allotment, more than 500 tons of finished carbon conversion steel in either of such quarters with respect to any such authorized schedule, shall submit an application to NPA in accordance with the provisions of paragraph (b) of this section: *Provided, however,* That no such person shall request authorization to order for delivery with respect to any such schedule in any such calendar quarter, without charging the related allotment, a quantity of finished carbon conversion steel which exceeds 20 percent

of the tonnage of his allotment of carbon steel for such schedule in the third calendar quarter of 1952, or 40 percent of the tonnage of his allotment of carbon steel for such schedule in the fourth calendar quarter of 1952 or the first or second calendar quarter of 1953.

(b) Each application filed pursuant to paragraph (a) of this section shall be submitted by letter in triplicate to the Iron and Steel Division, National Production Authority, Washington 25, D. C., Ref: Direction 7 to Revised CMP Regulation No. 6. Each application shall set forth the following facts:

(1) The name and address of the plant of the supplier of semifinished carbon conversion steel.

(2) For each such plant, a description of the semifinished carbon conversion steel product (ingot, billet, bloom, slab, etc.).

(3) For each such product, the tonnage by months of shipment.

(4) For each such product, the name and address of each plant providing a finishing facility in the conversion process.

(5) For each such plant (finishing facility) a description of the carbon steel product to be produced in the forms and shapes indicated in Table II of Revised CMP Regulation No. 6.

(6) For each such carbon steel product, the tonnage by months of shipment.

(c) NPA will issue authorizations to acquire and use carbon conversion steel pursuant to applications submitted in accordance with the provisions of this section. Any person who receives such an authorization may, subject to the terms and conditions of such authorization, acquire finished carbon conversion steel in the quantities indicated without charging his allotment authority, and use such steel to increase his authorized construction schedule. In appropriate cases NPA may, in such authorization, specify restrictions upon the use of the related allotment authority to prevent increases in demand for certain forms and shapes of carbon steel which are in short supply.

SEC. 5. *Orders for carbon conversion steel.* (a) Any person who is authorized to acquire and use finished carbon conversion steel pursuant to section 3 or section 4 of this direction, may place authorized controlled material orders, without charging his allotment, for such finished carbon conversion steel with the finished conversion steel producer, and such producer may accept and fill such orders if they will not interfere with production and other directives which may be issued from time to time to such steel producer by NPA, or with the acceptance and filling of orders which such steel producer is required to accept pursuant to any regulation or order of NPA. The person ordering such steel shall make his own arrangements for obtaining the semifinished carbon conversion steel with the original ingot producer, or the finished conversion steel producer. In arranging to purchase the semifinished carbon conversion steel from an original ingot producer or an intermediate producer, such person shall furnish to such original ingot producer or intermediate producer a certification in the following form:

Certified under Direction 7 to Revised CMP Regulation No. 6

which shall be signed as provided in section 12 of Revised CMP Regulation No. 6. This certification shall constitute a representation to the original ingot producer or intermediate producer and to NPA that such person is authorized to place such order under the provisions of this direction to obtain the quantity of semifinished conversion steel covered by the delivery order, for conversion into finished conversion steel, and that he will furnish an authorized controlled material order to the finished conversion steel producer. Notwithstanding the provisions of any NPA regulation or order, a producer of semifinished carbon conversion steel may deliver semifinished carbon conversion steel pursuant to such a certification: *Provided, however,* That such delivery shall not interfere with production and other directives which may be issued from time to time to such steel producer by NPA, or with delivery on orders which such steel producer is required to accept pursuant to any regulation or order of NPA.

(b) An authorized controlled material order placed pursuant to the provisions of paragraph (a) of this section shall contain the same allotment symbol which identifies the allotment that accompanies the authorized construction schedule in which the finished carbon conversion steel will be used.

SEC. 6. *Exemptions.* (Deleted February 12, 1953.)

SEC. 7. *Disposal of carbon conversion steel.* (a) In addition to increasing his own authorized construction schedule, a person who is entitled to order, who has ordered, or who has received delivery of, finished carbon conversion steel pursuant to the provisions of this direction, may direct the delivery of all or part of such steel to a producer of Class A products to whom he has given an authorized production schedule. A person who so directs delivery of a quantity of finished carbon conversion steel to a producer of Class A products must charge such quantity against the total quantity of such steel which he is entitled to order. A producer of Class A products who receives such steel from his customer may use it to fulfill the authorized production schedule which he has received from that customer or to replace in inventory material used to fulfill such schedule. If such a producer has received authorization from NPA pursuant to section 4 of this direction to order finished carbon conversion steel with respect to such schedule, he must charge the quantity of such steel which he receives from his customer against the quantity which he was authorized to order with respect to such schedule.

(b) If it develops after a person has received delivery of finished carbon conversion steel pursuant to the provisions of this direction that he cannot use such steel for a purpose permitted by this direction, he shall not use or dispose of it except as provided in paragraph (a) of this section or in section 17 (d) of CMP Regulation No. 1.

SEC. 8. *Applicability of other regulations and orders.* The provisions of CMP Regulation No. 1, Revised CMP Regulation No. 6, and NPA Order M–100, including the directions and amendments thereto, and of any other NPA regulation and order heretofore issued, are superseded to the extent to which they are inconsistent with the provisions of this direction. A user of controlled material may accept delivery of finished carbon conversion steel acquired pursuant to the provisions of this direction without regard to the inventory provisions of CMP Regulation No. 2, and need not include such steel in computing his inventory for purposes of that regulation. Further, no person shall obtain or use any form or shape of finished carbon conversion steel pursuant to this direction if the acquisition or use of such type of form or shape is prohibited by Revised CMP Regulation No. 6 or NPA Order M–100. In all other respects, the provisions of all NPA regulations and orders heretofore issued shall remain in full force and effect.

NOTE: All reporting and record-keeping requirements of this direction have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This direction, as amended, shall take effect February 12, 1953.

NATIONAL PRODUCTION AUTHORITY,
By GEORGE W. AUXIER,
Executive Secretary.

[F. R. Doc. 53–1543; Filed, Feb. 12, 1953; 11:42 a. m.]

TITLE 46—SHIPPING

Chapter I—Coast Guard, Department of the Treasury

Subchapter J—Electrical Engineering

[CGFR 53–3]

PART 111—ELECTRICAL SYSTEM; GENERAL REQUIREMENTS

MISCELLANEOUS CHANGES TO AGREE WITH AMERICAN BUREAU OF SHIPPING RULES

The notice of proposed rule making published in the FEDERAL REGISTER dated June 24, 1952, described as Item XXII the establishment of general requirements for electrical systems on merchant vessels and Volume 4 of the Agenda contained the specific proposals to be considered at the public hearing held July 22, 1952. Prior to and at the public hearing many comments were received suggesting changes to proposed regulations which were identical in wording to corresponding parts of the American Bureau of Shipping Rules. Copies of these comments were given to the American Bureau of Shipping for consideration. The American Bureau of Shipping Technical Committee considered the proposed changes and has completed action to include certain revisions in the 1953 American Bureau of Shipping Rules. It was not possible to complete the study and to obtain concurrent action by October 18, 1952, when the Coast Guard

had to publish the Electrical Engineering Regulations in the FEDERAL REGISTER in order to have effective requirements by November 19, 1952. Therefore, the miscellaneous changes in this document reflect the views of comments submitted which have been concurred in by the American Bureau of Shipping. The changes in the regulations are necessary in order to have agreement between the Coast Guard Regulations and the American Bureau of Shipping Rules as provided in section 5 of the act of May 27, 1936, as amended (46 U. S. C. 369). In view of the foregoing it is hereby found that compliance with the notice of proposed rule making, public rule making procedure thereon, and effective date requirements of the Administrative Procedure Act is impracticable and contrary to the public interest.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), to promulgate regulations in accordance with the statutes cited with the regulations below, the following amendments are prescribed and shall become effective on and after the date of publication of this document in the FEDERAL REGISTER:

SUBPART 111.05—GENERAL REQUIREMENTS

1. Section 111.05–15 is amended by changing paragraphs (b) and (d) to read as follows:

§ 111.05–15 *General considerations.* * * *

(b) *Protection from bilge water.* All generators, motors, and electric couplings are to be so arranged that they cannot be damaged by bilge water, and if necessary a watertight coaming should be provided to form a well around the base of such equipment with provisions for removing water from the well.

* * * * *

(d) *Watertight equipment.* All electrical equipment exposed to the weather or located in spaces where they would be exposed to seas, splashing, or other severe moisture condition should be of the watertight type or be protected by means of watertight enclosures which should be such as to prevent the exposure of the equipment to temperatures in excess of those for which they have been designed.

SUBPART 111.10—GENERATORS

2. Section 111.10–15 (d) is amended to read as follows:

§ 111.10–15 *Generator construction.* * * *

(d) *Terminal arrangement.* All generator terminals should be protected against accidental contact, mechanical damage, and where necessary, against dripping moisture by drip shields or dripproof enclosures. Where cables enter dripproof enclosures from the sides or top, they should be provided with terminal tubes.

* * * * *

SUBPART 111.15—STORAGE BATTERIES

3. Section 111.15–25 is amended to read as follows:

§ 111.15–25 *Overload and reverse-current protection.* (a) An overload protective device shall be placed in each battery conductor, except that engine cranking batteries and batteries with a nominal potential of 6 volts or less need not be protected against overload. For location of overcurrent devices with regard to battery rooms, see § 111.15–5 (a).

(b) The charging equipment (except when a rectifier is employed) for all batteries with a nominal voltage more than 20 percent of line voltage shall provide automatic protection against reversal of current.

SUBPART 111.20—TRANSFORMERS

4. Section 111.20–5 is amended to read as follows:

§ 111.20–5 *Temperature rise.* (a) The temperature rises, based on an ambient temperature of 40 degrees C., shall not exceed the following:

Class A insulation	*Class B insulation*
55° C.	80° C.

(b) If the ambient temperature exceeds 40 degrees C. the transformer shall be derated so that the total temperature given in this section is not exceeded. Temperatures are to be taken by the resistance method of temperature determination.

SUBPART 111.25—MOTORS

5. Section 111.25–5 (b) is amended to read as follows:

§ 111.25–5 *Nameplates* * * *

(b) For alternating-current motors, in addition to the applicable parts listed in paragraph (a) of this section, the nameplates shall be marked with the following information:

(1) Number of phases;

(2) Frequency;

(3) Power factor (synchronous motors only);

(4) Exciter voltage (synchronous motors only);

(5) Exciter current (synchronous motors only);

(6) Secondary voltage (polyphase wound-rotor induction motors only);

(7) Secondary amperes at rated load (polyphase wound rotor induction motors only); and,

(8) For motors rated at ½ horsepower or larger, except a polyphase wound-rotor motor, a code letter to show its input in kilovolt-amperes with locked rotor selected from the table given in section 94304, Chapter 9, National Electrical Code.

SUBPART 111.35—SWITCHBOARDS AND PROPULSION CONTROLS

6. Section 111.35–5 is amended by changing paragraphs (c) and (e) to read as follows:

§ 111.35–5 *Switchboard bus bars and wiring.* * * *

(c) *Arrangement of bus bars and wiring.* The arrangement of bus bars and wiring on the back of switchboards shall be such that all lugs are readily accessible. Soldering lugs, where used, should have a solder contact length at least 1½ times the diameter of the conductor and all nuts and connections should be fitted with efficient locking devices to prevent loosening due to vibration.

* * * * *

(e) *Switchboard wiring.* Instrument and control wiring should be of the stranded type not smaller than 4000 CM and should have flame-retarding insulation. Wiring from hinged panels should be of the extra flexible type.

7. Section 111.35–25 (k) is amended to read as follows:

§ 111.35–25 *Electric propulsion control.* * * *

(k) *Features for other services.* If the propulsion generator is used for other purposes than for propulsion, such as dredging, cargo oil pumps, and other special services, overload protection in the auxiliary circuit and means for making voltage adjustments should be provided at the control board. When propulsion alternating-current generators are used for other services for operation in port, the port excitation control should be provided with a device that should operate just below normal idling speed of the generator to automatically remove excitation.

SUBPART 111.45—MOTOR CIRCUITS AND CONTROLLERS

8. Section 111.45–1 (p) is amended to read as follows:

§ 111.45–1 *Motor controllers, general requirements.* * * *

(p) *Alternating-current manual auto-starters.* Alternating-current manual auto-starters with self-contained auto-transformers should be provided with switches of the quick-make-and-break type and the starter should be arranged so that it will be impossible to throw to the running position without having first thrown to the starting position. Switches should be preferably of the contactor or air-break type. In case oil is necessary, the starter should not leak when tilted to an angle of 15 degrees and should be constructed to prevent the liquid from splashing out due to the rolling of the vessel.

SUBPART 111.60—WIRING METHODS AND MATERIALS

9. Subparagraphs (2), (3), (8), (10), and (12) of § 111.60–10 (b) are amended to read as follows:

§ 111.60–10 *Wire and cable installation.* * * *

(b) *Ship's service cables.* * * *

(2) *Cables supports and radii of bends.* Where cables are run in groups they should preferably be supported in metal hangers arranged as far as practicable to permit painting of the surrounding structure without undue disturbance to the installation. Single cable runs may be supported by metal clips screwed directly to deck or bulkhead except on watertight bulkheads. Cables grouped in a single hanger should be limited preferably to two banks. Supports are to be spaced no more than 18 inches apart where vertical and 14 inches where horizontal. Cables running transversely to and supported by clips or straps on the under side of beams should be run on backing plates, cable racks, or the equiva-

lent. Metal supports should be designed to secure cable without damage to insulation or armor and are to be so arranged that the cables will bear over a length of at least ½ inch. Leaded and armored cables shall not be bent to a smaller radius than 8-cable diameters; other cables may be bent to a 6-cable diameter radius.

(3) *Alternating-current cable installations.* In order to avoid over-heating by induction, all phase wires should be contained within the same armor by use of multiple conductor cables. Single-conductor cables may be used, however, where carrying negligible currents or where there are no closed magnetic circuits around the individual cables.

* * * * *

(8) *Feeder cables.* Feeders of every description shall be located with a view to avoiding, as far as practicable, spaces where excessive heat and gases may be encountered as well as spaces where they may be exposed to damage such as exposed sides of deck houses. Electrical conductors shall not enter oil tanks nor shall they pass through cofferdams immediately adjacent to and extending below the top of the oil tanks except that branch circuits may be installed in accordance with § 111.60–40.

* * * * *

(10) *Cables behind sheathing.* Cables may be installed behind sheathing but they must not be installed behind nor imbedded in structural insulation; they should pass through such insulation at right angles and should be protected by continuous pipe with a stuffing tube at one end. For deck penetrations this stuffing tube should be at the upper end of the pipe and for bulkhead penetrations it should be on the uninsulated side of the bulkhead. For refrigerated space insulation the continuity of the pipe should be broken by the insertion of an insulated coupling of phenolic or similar material to minimize sweating of the pipe and adjacent bulkhead.

* * * * *

(12) *Lightning ground conductor.* Lightning ground conductor should be fitted to each wooden mast or topmast. They need not be fitted to steel masts.

(R. S. 4405, as amended, 4462, as amended; 46 U. S. C. 375, 416. Interpret or apply R. S. 4399, 4400, 4417, 4418, 4421, 4426, 4427, 4433, 4453, as amended, sec. 14, 29 Stat. 690, sec. 10, 35 Stat. 428, 41 Stat. 305, 49 Stat. 1384, 1544, sec. 3, 54 Stat. 346, sec. 2, 54 Stat. 1028, sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 361, 362, 391, 392, 399, 404, 405, 411, 435, 366, 395, 363, 369, 367, 1333, 463a, 50 U. S. C. App. 1275. E. O. 10402, Oct. 30, 1952, 17 F. R. 9917)

Dated: February 9, 1953.

[SEAL] MERLIN O'NEILL,
Vice Admiral, U. S. Coast Guard,
Commandant.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

United States Coast Guard

[33 CFR Parts 121, 126]

[46 CFR Parts 10, 45, 56, 75, 76, 94, 95, 137, 146, 160, 162, 164]

[CGFR 53–2]

NAVIGATION AND VESSEL INSPECTION REGULATIONS; SECURITY OF VESSELS AND WATERFRONT FACILITIES

PUBLIC HEARING ON PROPOSED CHANGES

1. The Merchant Marine Council will hold a public hearing on Tuesday, March 24, 1953, commencing at 9:30 a. m., in Room 4120, Coast Guard Headquarters, 13th and E Sts. NW., Washington, D. C., for the purpose of receiving comments, views, and data on certain proposed changes in the rules and regulations governing navigation and vessel inspection, security of vessels and waterfront facilities, as generally described in Items I to XIX, inclusive, below.

2. The proposed changes in the regulations, together with the statutory authority for making such changes, are generally described by subjects in paragraphs 5 to 42, inclusive. The Merchant Marine Council Semi-Annual Meeting Agenda (CG 249) has been prepared. This agenda contains the specific changes proposed and where possible the present and proposed regulations are set forth in comparison form, together with reasons for the changes where necessary. Copies of this agenda have been mailed to persons and organizations who have expressed a continued interest in the subjects under consideration and have requested that copies be furnished them. Copies of the agenda will be furnished upon request to the Commandant (CMC), United States Coast Guard, Washington 25, D. C., so long as they are available. After the extra copies for distribution are exhausted, copies will be available for reading purposes only in Room 4104, Coast Guard Headquarters, or at the offices of the various Coast Guard District Commanders.

3. Comments on the proposed regulations are invited. All persons who desire to submit written comments, data, and views, prior to the hearing for consideration in connection with the proposed changes should submit them in writing for receipt prior to March 23, 1953, by the commandant (CMC), Coast Guard Headquarters, Washington, D. C., or comments, data, and views may be presented orally or in writing at the hearing. In order to insure consideration of comments and to facilitate checking and recording, it is essential that each comment regarding a proposed section shall be submitted on Form CG 3287, showing the section number, proposed change, the reason or basis (if any), and the name, business firm or organization (if any), and the address of the submitter. There is a small quantity of this form attached at the end of each agenda. In the event additional forms are required, they may be obtained upon request from the Commandant (CMC), or from any Coast Guard District Commander. Oral comments may be submitted before the Merchant Marine Council on March 24, 1953.

4. At this public hearing the proposed changes in the regulations will be considered in the order of the item numbers assigned to the various subjects under consideration.

ITEM I—MERCHANT MARINE LICENCES; PERIOD OF GRACE FOR RENEWAL

5. It is proposed to amend 46 CFR 10.02–9 (d) (1), regarding the period of grace allowed where the holder of a merchant marine license had no reasonable opportunity for renewal. This proposed amendment is to clarify the language and does not change the basic divisions regarding renewal of mechant marine licenses.

6. The authority for regulations regarding renewal of license is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. This regulation interprets or applies R. S. 4426, 4438a, 4447, as amended, sec. 2, 29 Stat. 188, secs. 1, 2, 49 Stat. 1544, sec. 17, 54 Stat. 166, sec. 5, 55 Stat. 244, 245, and sec. 3, 62 Stat. 233; 46 U. S. C. 404, 224a, 233, 225, 367, 526p, 229c, and 50 U. S. C. App. 1275.

ITEM II—WELDING—MARINE ENGINEERING REGULATIONS

7. It is proposed to amend 46 CFR 56.01–10, regarding qualification of welders, by permitting the use of radiographic test procedures in determining the quality of the test plate welds. It is proposed to add a new § 56.05–3 to 46 CFR Part 56 which will establish the qualifications of radiographic test procedures. It is proposed to amend 46 CFR 56.05–5, regarding nondestructive tests to limit the use of magnetic particle testing to certain maximum pipe wall thicknesses and diameters and to require radiographic examination where such thicknesses or diameters are exceeded. These proposed changes are the result of requests from the shipbuilding industry.

8. The authority for regulations on marine engineering is in R. S. 4405, as amended, and 4462, as amended, 46 U. S. C. 375, 416. These regulations interpret or apply R. S. 4399, 4400, 4417, 4417a, 4418, 4421, 4426–4431, 4433, 4434, 4453, as amended, sec. 14, 29 Stat. 690, 41 Stat. 305, 49 Stat. 1544, sec. 17, 54 Stat. 166, sec. 3, 54 Stat. 346, sec. 2, 54 Stat. 1028, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 361, 362, 391, 391a, 392, 399, 404–409, 411, 412, 435, 489, 366, 363, 367, 526p, 1333, 463a, 50 U. S. C. App. 1275.

ITEM III—EMERGENCY DRINKING WATER FOR LIFEBOATS AND LIFE RAFTS—RULES AND REGULATIONS FOR PASSENGER, CARGO, AND MISCELLANEOUS VESSELS

9. It is proposed to add a new specification as Subpart 160.026 to 46 CFR Part 160 in Subchapter Q—Specifications, regarding "Water, Emergency Drinking (In Hermetically Sealed Containers) for Merchant Vessels." The proposed specification covers an emergency drinking water container of the "beer can" type filled with approximately one-third quart of drinking water inhibited against corrosion in the can hermetically sealed under vacuum, and sets forth requirements regarding the container, type water permitted, marking, sampling, inspection, and tests of production lots and procedures for approval, which are requirements for the manufacturer to follow. It is also proposed to amend 46 CFR 75.20–15 (kk), 75.20–25 (n), 94.20–15 (ii), and 94.20–25 (n) to require that on and after September 1, 1953, all new and replacement emergency drinking water for lifeboats and life rafts on passenger, cargo, and miscellaneous vessels shall be in compliance with the proposed specification and to limit the service life of such equipment to 5 years from date of packing. The water and container specified in the proposed specification are in substantial agreement with Specification MIL–W–15117A as used by the Department of the Navy except for markings required on the container.

10. The authority for the regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417, 4418, 4426, 4488, 4491, as amended, secs. 1, 2, 49 Stat. 1544, sec. 3, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391, 392, 404, 481, 489, 367, 1333, 50 U. S. C. App. 1275.

ITEM IV—LENGTH OF SERVICE LINE FOR IMPULSE-PROJECTED ROCKET TYPE LINE-THROWING APPLIANCE—RULES AND REGULATIONS FOR PASSENGER, CARGO, AND MISCELLANEOUS VESSELS

11. It is proposed to amend 46 CFR 75.45–15 (a) (3) and 94.45–15 (a) (3) and the first sentence of § 160.040–4 (c), regarding the length of service line for impulse-projected rocket type line-throwing appliances. These changes are being made at the request of industry and will change the present requirement for the fixed length of 1,000 feet for a service line to a flexible length in order that the length of line required will be the proper length for the impulse-projected rocket type line-throwing appliance as based on tests conducted prior to its approval and such length will be specified in the equipment approval.

12. The authority for the regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417, 4418, 4426, 4488, 4491, as amended, secs. 1, 2, 49 Stat. 1544, sec. 3, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391, 392, 404, 481, 489, 367, 1333, 50 U. S. C. App. 1275.

ITEM V—OIL FUEL UNITS OR SETTLING TANKS—RULES AND REGULATIONS FOR PASSENGER, CARGO, AND MISCELLANEOUS VESSELS

13. It is proposed to amend 46 CFR 76.05–1 (a) by revising the requirements of Table 76.05–1 (a) and 95.05–10 (a) (3), regarding fixed fire extinguishing systems in order to reflect an interpretation of the term "oil fuel units or settling tanks" as used in regulations 50i (iii) and 51d (iii) of the International Convention for Safety of Life at Sea, 1948, as meaning oil fire boilers, main or auxiliary, fuel oil service pumps, and such fuel oil units as the heaters, strainers, valves, manifolds, or fittings that are subject to the discharge pressures of the fuel oil service pumps. These proposed changes are based on correspondence with the British, discussions with members of industry, and a study of merchant vessel plans submitted to the Coast Guard, and it is felt an interpretation is necessary in order to determine the required amount of carbon dioxide to be carried to provide total flooding in the engine room.

14. The authority for these regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417, 4418, 4426, 4470, 4471, 4477, 4479, 4483, as amended, 49 Stat. 1544, sec. 17, 54 Stat. 166, sec. 3, 54 Stat. 346, sec. 2, 54 Stat. 1028, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391, 392, 404, 463, 464, 470, 472, 476, 367, 526p, 1333, 463a, 50 U. S. C. App. 1275.

ITEM VI—KAPOK AND FIBROUS GLASS LIFE PRESERVERS—SPECIFICATIONS

15. It is proposed to revise and bring up to date 46 CFR 160.002–1 to 160.002–7, inclusive, and 160.005–1 to 160.005–7, inclusive, which contain the specification requirements for kapok life preservers and fibrous glass life preservers for merchant vessels. The proposed changes in the specification requirements include provisions for mildew-inhibiter treatment of fabrics and thread, addition of reinforcing tape under armholes, and an increase in sampling for tests from 1 in 250 to 1 in 100. The specification requirements are for the manufacturer to follow in manufacturing life preservers and covers design, construction, materials, sampling, tests, and inspection, and procedures for approval. The proposed changes set forth requirements which will be required to be met by the manufacturer in order to receive or retain approval for such equipment. Such equipment presently approved and manufactured will not be required to be changed, but may be continued in use so long as it is in good and serviceable condition.

16. The authority for regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4405, 4417a, 4426, 4488, 4491, 4492, as amended, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 164, 166, 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391a, 404, 481, 489, 490, 367, 396, 526e, 526p, 1333, 50 U. S. C. App. 1275.

ITEM VII—CORK AND BALSA WOOD LIFE PRESERVER; REPAIRING AND CLEANING LIFE PRESERVERS—SPECIFICATIONS

17. It is proposed to revise and bring up to date 46 CFR 160.003–1 to 160.003–7, inclusive, and 160.004–1 to 160.004–7, inclusive, containing the specification requirements for cork life preservers and balsa wood life preservers, respectively. It is also proposed to cancel 46 CFR 160.006–3, regarding re-covering of life preservers and to change the heading for Subpart 160.006 to "Life Preservers; Repairing and Cleaning." The changes proposed in the specification requirements for cork and balsa wood life preservers are being made to clarify the requirements and to make the language regarding inspections and tests more explicit. The dimensions of the blocks of cork and balsa wood have been increased but made approximate in size to allow for reasonable variations. New requirements include provisions for mildew-inhibiter treatment of fabrics and thread used, addition of reinforcing tape around the neck line, and an increase in the number of samples selected for tests from 1 in 250 to 1 in 100. These specifications set forth the requirements for the manufacturer to follow in manufacturing such equipment and covers design, construction, workmanship, sampling, tests and inspections, marking, and procedures for approval, which will be required to be met by the manufacturer in order to receive approval for such equipment or to retain approval previously granted. However, such equipment presently in service on merchant vessels will not be required to be changed but may be continued in service so long as it is in good and serviceable condition.

18. The authority for regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4405, 4417a, 4426, 4488, 4491, 4492, as amended, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 164, 166, 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391a, 404, 481, 489, 490, 367, 396, 526e, 526p, 1333, 50 U. S. C. App. 1275.

ITEM VIII—LIFEBOATS—SPECIFICATIONS

19. It is proposed to revise 46 CFR 160.035–1, 160.035–2, 160.035–3, 160.035–5, 160.035–10, and 160.035–11, in the specification for lifeboats. These changes in the lifeboat specification requirements are being made in order to clarify the intent of certain provisions and to reflect the Coast Guard interpretation of certain provisions in the International Convention for Safety of Life at Sea, 1948. Many of these changes are based on inquiries received from industry. The proposed changes deal with applicable specifications for materials, general requirements for lifeboats, construction requirements, inspection and testing, and procedures for approval. The proposed changes set forth requirements which will be required to be met by the manufacturer in order to receive or to retain approval for such equipment. However, such equipment presently installed on merchant vessels will not be required to be changed but may be con-

tinued in use so long as it is in good and serviceable condition.

20. The authority for the regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417a, 4426, 4481, 4488, 4491, 4492, sec. 11, 35 Stat. 428, secs. 1, 2, 49 Stat. 1544, sec. 3, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391a, 404, 474, 489, 490, 396, 367, 1333, and 50 U. S. C. App. 1275.

ITEM IX—COMBINATION SOLID STREAM AND WATER FOG FIRE HOSE NOZZLES—SPECIFICATIONS

21. It is proposed to add a new specification as Subpart 162.027 to 46 CFR Part 162 in Subchapter Q—Specifications, regarding "Combination Solid Stream and Water Fog Fire Hose Nozzles." This proposed specification sets forth the requirements for the manufacturer to follow in manufacturing such equipment and covers applicable specifications, arrangement, construction, materials, inspections and tests required, marking, and procedure for approval. A similar proposed specification was included in the agenda of the Merchant Marine Council and considered as Item XII at a public hearing held March 25, 1952 (17 F. R. 1729). Many comments were received at that time which indicated that further study was necessary. This proposed specification contains the results of the study made and includes the suggestions and comments received from industry where practicable. The principal provisions of the specification have been agreed to by the interested manufacturers. The proposed specification sets forth the requirements which will be required to be met by the manufacturer in order to receive or retain approval for such equipment. However, such equipment presently installed on merchant vessels will not be required to be changed but may be continued in use so long as it is in good and serviceable condition.

22. The authority for these regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417, 4417a, secs. 1, 2, 49 Stat. 1544, 54 Stat. 1026, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391, 391a, 367, 1333, 463a, 50 U. S. C. App. 1275.

ITEM X—DECK COVERINGS—SPECIFICATIONS

23. It it proposed to amend 46 CFR 164.006–4 and 164.006–5, regarding inspection and testing required and procedure for approval for deck coverings. The proposed changes will bring the specification up to date and will remove it from an interim status. The changes in the method of testing deck coverings are based on requests from industry.

24. The authority for the regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417a, 4426, 49 Stat. 1384, 1544, 54 Stat. 346, 1028, and sec. 5, 55 Stat. 244, 245, as amended, 46 U. S. C. 391a, 404, 367, 369, 463a, 1333, 50 U. S. C. App. 1275.

ITEM XI—BULKHEAD PANELS—SPECIFICATIONS

25. It is proposed to amend 46 CFR 164.008–1 to 164.008–4, inclusive, regarding specification requirements for bulkhead panels. The proposed changes revise the temperature test requirements to agree with 46 CFR 72.05–10 (c) (2) and the International Convention for Safety of Life at Sea, 1948, by providing that the temperature rise at any point on the unexposed side of the bulkhead panels for merchant vessels during the fire tests for approval as a class B–15 bulkhead panel shall be not greater than 250° F. above the original temperature. The proposed changes also bring the requirements up to date and include revised procedures for approval. The specification for bulkhead panels sets forth requirements regarding applicable specifications, material, inspection and testing required, and procedures for approval which will be required to be met by the manufacturer in order to receive or retain approval for such material.

26. The authority for the regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417a, 4426, 49 Stat. 1384, 1544, 54 Stat. 346, 1028, and sec. 5, 55 Stat. 244, 245, as amended, 46 U. S. C. 391a, 404, 367, 369, 463a, 1333, 50 U. S. C. App. 1275.

ITEM XII—INCOMBUSTIBLE MATERIALS—SPECIFICATIONS

27. It is proposed to revise 46 CFR 164.009–2, 164.009–3, and 164.009–4, in the specification for incombustible materials for merchant vessels. The proposed changes deal with materials, inspection and testing required, and procedures for approval which will be required to be met by the manufacturer in order to receive or retain approval for such equipment. The major change proposed revises the method of testing incombustible materials from the heated tube method to a horizontal flame test method. This is found to be necessary since the heated tube test method gave questionable results when used with certain incombustible materials, particularly those of a fibrous type. A preliminary draft of the proposed changes in this specification was sent to industry for comment and where practicable these comments were incorporated into the proposed changes.

28. The authority for the regulations is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulations interpret or apply R. S. 4417a, 4426, 49 Stat. 1384, 1544, 54 Stat. 346, 1028, and sec. 5, 55 Stat. 244, 245, as amended, 46 U. S. C. 391a, 404, 367, 369, 463a, 1333, 50 U. S. C. App. 1275.

ITEM XIII—ADMONITIONS TO LICENSED AND CERTIFICATED MERCHANT MARINE PERSONNEL IN LIEU OF HEARINGS

29. It is proposed to amend 46 CFR 137.05–5 (a) (2), regarding the procedures in suspension and revocation proceedings to provide an alleged offender the right to have a hearing before an examiner in lieu of an admonishment. The present regulations provide that an investigating officer may orally admonish licensed and certificated personnel in the merchant marine if he finds there is a basis for the complaint but that the violation is not of a serious character, or that it is of a serious character but with extenuating circumstances, or where the ends of justice will be best served, or where the exigencies of the situation are such that formal proceedings would be impracticable. This procedure has been criticized because the alleged offender who was admonished was not being afforded upon request a hearing before an examiner under the Administrative Procedure Act. The proposed change is to definitely provide the right of the alleged offender in this type of case to request and have a hearing before an examiner.

30. The authority for the regulation is in R. S. 4405, as amended, and 4462, as amended; 46 U. S. C. 375, 416. The regulation interprets or applies R. S. 4450, as amended, secs. 1, 2, 49 Stat. 1544, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 239, 367, 50 U. S. C. App. 1275.

ITEM XIV—CLASS A EXPLOSIVES—HANDLING AND TRANSPORTATION OF

31. The provisions of R. S. 4472 (46 U. S. C. 170), regarding class A explosives were revised by Public Law 562, 82d Congress, approved July 16, 1952. In order that the regulations will be in agreement with Public Law 562, it is proposed to amend 46 CFR 146.02–9, 146.02–10, 146.02–11, 146.05–14, 146.05–15, 146.06–6, 146.20–15, 146.20–85, 146.20–87, 146.29–1, 146.29–7, and 146.29–8 in the regulations governing the transportation or stowage of explosives or other dangerous articles or substances and combustible liquids on board vessels. It is also proposed to amend 33 CFR 126.17, 126.19, 126.21, 126.25, and 126.27 in the regulations governing the handling of explosives or other dangerous cargoes within or contiguous to waterfront facilities, in order that these requirements will be consistent with the Dangerous Cargo Regulations and will carry out the intent of Public Law 562.

32. The authority for Dangerous Cargo Regulations in 46 CFR Part 146 is in R. S. 4405, as amended, 4462, as amended, and 4472, as amended; 46 U. S. C. 375, 416, 170. These regulations interpret or apply sec. 5, 55 Stat. 244, 245, as amended, 50 U. S. C. App. 1275. The authority for the regulations governing the handling of explosives or other dangerous cargoes within or contiguous to waterfront facilities in 33 CFR Part 126 is in Executive Order 10173, as amended. These regulations interpret or apply 40 Stat. 220, as amended, R. S. 4417a, and 4472, as amended; 50 U. S. C. 191, 46 U. S. C. 391a, 170.

ITEM XV—CORROSIVE LIQUIDS—DANGEROUS CARGO REGULATIONS

33. It is proposed to revise 46 CFR 146.23–35, 146.23–40, and 146.23–45, regarding the bulk transportation of sulfuric acid and spent sulfuric acid in order to clarify, bring up to date, and establish uniform requirements. It is also proposed to revise 46 CFR 146.23–50, regarding the bulk transportation of

hydrochloric acid in order to clarify, bring up to date, and establish uniform requirements.

34. The authority for these regulations is in R. S. 4405, as amended, 4462, as amended, and 4472, as amended; 46 U. S. C. 375, 416, 170. The regulations interpret or apply sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. App. 1275.

ITEM XVI—ANHYDROUS AMMONIA; COMPRESSED GAS—DANGEROUS CARGO REGULATIONS

35. It is proposed to revise 46 CFR 146.24–85, regarding the bulk transportation of anhydrous ammonia. The proposed changes deal with method of lading, safety relief valves, and other changes so that the requirements will be compatible with similar requirements governing the transportation of other compressed gases. These changes are the result of a request from industry.

36. The authority for these regulations is in R. S. 4405, as amended, 4462, as amended, and 4472, as amended; 46 U. S. C. 375, 416, 170. The regulations interpret or apply sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. App. 1275.

ITEM XVII—COMBUSTILE LIQUIDS—DANGEROUS CARGO REGULATIONS

37. It is proposed to revise §§ 146.26–1 to 146.26–100, inclusive, in the subpart entitled "Detailed Regulations Governing Combustile Liquids." The proposed changes bring these requirements into closer alignment with those governing inflammable liquids. The proposed changes provide for a number of combustible liquids not previously specifically named which are being shipped by water in increasing quantities and are also in general agreement with the regulations prescribed by the Interstate Commerce Commission. It is also proposed to renumber all the sections within this subpart in order to allow for future expansion in the regulations. Where these sections appear as references in other subparts in 46 CFR Part 146 they will be corrected accordingly.

38. The authority for these regulations is in R. S. 4405, as amended, 4462, as amended, and 4472, as amended; 46 U. S. C. 375, 416, 170. The regulations interpret or apply sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. App. 1275.

ITEM XVIII—HAZARDOUS ARTICLES—DANGEROUS CARGO REGULATIONS

39. It is proposed to amend 46 CFR 146.27–1 to 146.27–100, inclusive, in the subpart entitled "Detailed Regulations Governing Hazardous Articles." The various changes proposed regarding hazardous articles have become necessary as the result of evaluation of additional data on the water transportation of these commodities. The proposed changes include authorizing new containers for various hazardous articles, permitting shipment of cotton that has been wet under certain stowage conditions, and removing restrictions on certain articles that have been determined nonhazardous. In accordance with the recommendations of the Interagency Committee it is proposed to add ammonium sulphate nitrate as a hazardous article. It is also proposed to renumber all the sections within this subpart in order to allow for future expansion in the regulations. Where these sections appear as references in other subparts in 46 CFR Part 146 they will be corrected accordingly.

40. The authority for these regulations is in R. S. 4405, as amended, 4462, as amended, and 4472, as amended; 46 U. S. C. 375, 416, 170. The regulations interpret or apply sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. App. 1275.

ITEM XIX—LOAD LINES FOR GREAT LAKES VESSELS

41. It is proposed to amend 46 CFR 45.01–15, 45.01–75, 45.05–5, 45.05–15, 45.15–17, and 45.20–80 and to add new §§ 45.01–17 and 45.15–96 in the Load Line Regulations for the Great Lakes. In accordance with requests from industry and in the line of experience which had been acquired in the operation of bulk freighters and tankers on the Great Lakes, it is proposed to revise the Load Line Regulations for Great Lakes Vessels by changing the period of the intermediate and summer seasons and to establish a new load line mark "MS" for a new season to be known as "Midsummer" which will be applicable to tankers and freighters regularly carrying bulk cargoes, such as grain, coal, ore, or rock.

42. The authority for the regulations is in sec. 2, 49 Stat. 888, as amended; 46 U. S. C. 88a.

Dated: February 4, 1953.

[SEAL] MERLIN O'NEILL,
Vice Admiral, U. S. Coast Guard, Commandant.

NOTICES

DEPARTMENT OF AGRICULTURE

Office of the Secretary

LOS ANGELES GRAIN EXCHANGE

ORDER VACATING DESIGNATION AS CONTRACT MARKET

On October 24, 1922, the Los Angeles Grain Exchange was designated as a contract market under the provisions of the Grain Futures Act (42 Stat. 998), such designation being continued in full force and effect under the Commodity Exchange Act (49 Stat. 1491; 7 U. S. C. 1–17a), which amended the Grain Futures Act and provided that such act be thereafter cited as the Commodity Exchange Act (7 U. S. C. 1). In a notice addressed to the Secretary of Agriculture, received January 23, 1953, the Los Angeles Grain Exchange, by its president, has requested that its designation as a contract market under the Commodity Exchange Act be vacated, effective May 1, 1953.

The Los Angeles Grain Exchange has complied with all requirements of law regarding the vacation of its designation as a contract market under the Commodity Exchange Act. Pursuant to the authority vested in me under section 7 of the Commodity Exchange Act (7 U. S. C. 11) and in accordance with the direction therein contained, it is hereby ordered that the designation of the Los Angeles Grain Exchange as a contract market under the Commodity Exchange Act be vacated.

This order shall become effective May 1, 1953.

Copies of the said notice and of this order shall be sent to all other contract markets.

Dated this 9th day of February 1953.

[SEAL] EZRA TAFT BENSON,
Secretary of Agriculture.

CIVIL AERONAUTICS BOARD

[Docket No. 3041 et al.]

TRANSATLANTIC CARGO CASE (REOPENED U. S.-EUROPE-MIDDLE EAST CARGO CASE)

NOTICE OF HEARING

In the matter of applications for certificates of public convenience and necessity to provide scheduled air transportation of property between points in the United States on one hand and points in Europe and the Middle East on the other.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 401 and 1001 thereof, that a hearing in the above-indicated proceeding will be held on March 3, 1953, at 10:00 a. m., e. s. t., in the Auditorium, Department of Commerce, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner Herbert K. Bryan.

Without limiting the scope of the issues to be considered, particular attention will be directed to the following:

1. Whether the public convenience and necessity require the issuance of a certificate or certificates of public convenience and necessity to authorize air transportation of property between various points in the United States, on one hand, and various points in Europe and the Middle East, on the other; and

2. Whether applicants for certificates are fit, willing and able to provide such services as may be found required by the public convenience and necessity.

For further details of the issues involved in this proceeding, interested par-

ties are referred to the applications, pertinent orders of the Civil Aeronautics Board, and the prehearing conference report which are on file with the Civil Aeronautics Board.

Notice is further given that any person, other than parties of record, desiring to be heard in this proceeding, should file with the Board on or before March 3, 1953, a statement setting forth the issues of law or fact upon which he desires to be heard.

Dated at Washington, D. C., February 10, 1953.

[SEAL] FRANCIS W. BROWN,
Chief Examiner.

[File No. 70-2987]

NIAGARA MOHAWK POWER CORP.

ORDER AUTHORIZING ISSUANCE AND SALE OF BONDS AND SHARES OF COMMON STOCK AT COMPETITIVE BIDDING

FEBRUARY 9, 1953.

Niagara Mohawk Power Corporation ("Niagara Mohawk"), a public utility company and an exempt holding company, of which the United Corporation, a registered holding company, owned, as of January 15, 1953, 9.48 percent of the outstanding voting securities, having filed an application, and amendments thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") with respect to the following transactions:

Niagara Mohawk proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $25,000,000 principal amount of General Mortgage Bonds __ Percent Series, due February 1983, and 1,000,000 shares of its common capital stock without par value, the proceeds of which will be used to retire outstanding bank loans maturing March 1, 1953, in the aggregate principal amount of $40,000,000 and for construction requirements. Applicant has requested that the Commission's order permit shortening of the ten-day period for inviting sealed bids pursuant to Rule U-50 and that the Commission's order herein become effective upon its issuance.

Due notice having been given of the filing of the application, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and the interest of investors and consumers that said application, as amended, be granted:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that said application, as amended, be, and hereby is, granted forthwith, subject to the terms and conditions prescribed in Rule U-24 and subject to the further condition that the proposed sale of bonds and common stock shall not be consummated until the results of competitive bidding and a final order of the Public Service Commission of the State of New York approving the issue and sale of said bonds and stock shall have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed, which order may contain such further terms and conditions as may then be deemed appropriate.

It is further ordered, That the ten-day period for inviting sealed bids pursuant to Rule U-50 with respect to said bonds and common stock be, and hereby is, shortened to six days.

It is further ordered, That jurisdiction be, and hereby is, reserved over the payment of all fees and expenses to be incurred in connection with the proposed transactions.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 53-1438; Filed, Feb. 12, 1953; 8:45 a. m.]

MITCHELL SECURITIES CORP.

ORDER FOR PROCEEDINGS AND NOTICE OF HEARING

In the matter of Mitchell Securities Corporation, 129 Allen Building, Midland, Texas.

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 9th day of February 1953.

I. The Commission's public official files disclose that Mitchell Securities Corporation, a New York Corporation, hereinafter referred to as registrant, is registered as a broker-dealer pursuant to section 15 (b) of the Securities Exchange Act of 1934.

II. The Records Officer of the Commission has filed with the Commission a statement, a copy of which is attached hereto and made a part hereof,[1] stating that registrant did not file with the Commission reports of his financial condition during the calendar years 1951 and 1952, as required by section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted thereunder.

III. The information reported to the Commission by its Records Officer as set forth in Paragraph II hereof tends, if true, to show that registrant violated section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted under said section.

IV. The Commission, having considered the aforesaid information, deems it necessary and appropriate in the public interest and for the protection of investors that proceedings be instituted to determine:

(a) Whether the statement referred to in Paragraph II hereof is true;

(b) Whether registrant has wilfully violated section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted under said section;

(c) Whether, pursuant to section 15 (b) of the Securities Exchange Act of 1934, it is in the public interest to revoke registration of registrant; and

(d) Whether, pursuant to section 15 (b) of the Securities Exchange Act of 1934, pending final determination, it is necessary or appropriate in the public interest or for the protection of investors to suspend the registration of registrant.

V. *It is ordered,* That registrant be given an opportunity for hearing as set forth in Paragraph IV hereof on the 16th day of March 1953, at the main office of the Securities and Exchange Commission, located at 425 Second Street NW., Washington 25, D. C., before a Hearing Examiner to be designated by the Commission. On such date the Hearing Room Clerk in Room 193, North Building, will advise the parties and the Hearing Examiner as to the room in which such hearing will be held. The Commission will consider any motion with respect to a change of place of said hearing if said motion is filed with the Secretary of the Commission on or before March 9, 1953. Upon completion of any such hearing in this matter the Hearing Examiner shall prepare a recommended decision pursuant to Rule IX of the rules of practice unless such decision is waived.

It is further ordered, That in the event registrant does not appear personally or through a representative at the time and place herein set or as otherwise ordered, the Hearing Room Clerk shall file with the Records Officer of the Commission a written statement to that effect and thereupon the Commission will take the record under advisement for decision.

[1] Filed as part of the original document.

This order and notice shall be served on registrant personally or by registered mail forthwith, and published in the FEDERAL REGISTER not later than fifteen (15) days prior to March 16, 1953.

In the absence of an appropriate waiver, no officer or employee of the Commission engaged in the performance of investigative or prosecuting functions in this or any factually related proceeding will be permitted to participate or advise in the decision upon the matter except as witness or counsel in proceedings held pursuant to notice. Since this proceeding is not "rule making" within the meaning of section 4 (c) of the Administrative Procedure Act, it is not deemed to be subject to the provisions of the section delaying the effective date of any final Commission action.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

Recording Secretary.

[F. R. Doc. 53-1431; Filed, Feb. 9, 1953; 4:06 p. m.]

[Ceiling Price Regulation 17, Section 11 (d), Special Order No. 4, Revised]

BELLINGHAM MARKETING AREA

ADJUSTMENT OF TANK WAGON CEILING PRICES OF FUEL OIL DISTRIBUTORS

Statement of considerations. This revision of Special Order No. 4 extends the coverage of the Bellingham-Ferndale marketing area to include certain additional cities and towns. The Statement of Considerations accompanying Special Order No. 4, being equally applicable to the extended area, is incorporated herein by reference.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of section 11 (d) of Ceiling Price Regulation 17 and Delegation of Authority No. 72, *It is ordered:*

1. That the ceiling price of heating oil distributors in the Bellingham marketing area for tank wagon sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) to consumers shall be increased by $0.004 per gallon. The Bellingham marketing area is defined as that area in which dealers located in Bellingham, Ferndale, Blaine, Lynden, Sumas, Everson and Deming make deliveries without an additional charge.

2. All provisions of Ceiling Price Regulation 17, except as inconsistent with the provisions of this revised order, shall remain in full force and effect as to the commodities covered by this revised order.

3. This revised order may be amended, modified, or revoked at any time.

Effective date. This revised Special Order shall become effective on February 7, 1953.

MURIEL MAWER,
Acting Regional Director, Region XIII, Office of Price Stabilization.

FEBRUARY 6, 1953.

[F. R. Doc. 53-1386; Filed, Feb. 6, 1953; 4:54 p. m.]

[Ceiling Price Regulation 17, Section 11 (d), Special Order No. 17]

SPOKANE, WASHINGTON, MARKETING AREA

ADJUSTMENT OF TANK WAGON CEILING PRICES OF FUEL OIL DISTRIBUTORS

Statement of considerations. This special order adjusts the ceiling prices for sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) by tank wagon distributors in the Spokane, Washington, Marketing Area.

The Office of Price Stabilization was requested by distributors in the Spokane, Washington, marketing area to conduct a survey to determine whether increased costs have reduced the net margins in the area below a point sufficient to maintain the level of earnings in the year ending May 31, 1950. The results of that survey show that an upward adjustment is necessary to bring earnings to that level.

There are hundreds of heating oil sellers at the tank wagon level in this Region and the need for relief is not uniform but varies from marketing area to marketing area. Thus it is concluded that the adjustment must be on a marketing area basis rather than on a region-wide basis. For the purpose of this special order the market area has been defined as the area of reseller competition, which is the same as the free delivery zones.

The adjustment granted by this order does no more than bring earnings to the level of the year ending May 31, 1950. It is therefore, consistent with the provisions of section 11 (d) of Ceiling Price Regulation 17.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of Section 11 (d) of Ceiling Price Regulation 17 and Delegation of Authority No. 72, *it is ordered:*

1. That the ceiling price of heating oil distributors in the Spokane marketing area for tank wagon sales of heating oils (Kerosene, No. 1 and 2 Oils, Furnace Oil, Range Oil and Stove Oil) to consumers shall be increased by $0.0003 per gallon. The Spokane marketing area is defined as that area surrounded by the cities and towns of Spokane, Deepcreek, Denison, Chattaroy, Four Lakes and Mica, together with the immediately adjacent areas in which dealers in the named cities and towns make deliveries without additional charge.

2. All provisions of Ceiling Price Regulation 17, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified, or revoked at any time.

Effective date. This special order shall become effective on February 7, 1953.

MURIEL MAWER,
Acting Regional Director, Region XIII, Office of Price Stabilization.

FEBRUARY 6, 1953.

[F. R. Doc. 53-1387; Filed, Feb. 6, 1953; 4:54 p. m.]

[Ceiling Price Regulation 34, as Amended, Supplementary Regulation 3, as Amended, Section 5, Special Order 23]

NASH KELVINATOR

APPROVAL OF ADDITIONS ATTACHED TO LETTER TO DEALERS, DATED JANUARY 28, 1953

Statement of consideration. This Special Order, pursuant to section 5 of Supplementary Regulation 3 to Ceiling Price Regulation 34, approves certain supplements to flat rate time allowances USZ 53-1P and USD 53-1P of Nash Kelvinator for approval for supplemental flat rate time allowance.

The Director of Price Stabilization has determined from the data submitted by Nash Kelvinator approval of supplemental flat rate time allowances USZ 53-1P and USD 53-1P that the approval of these supplements would not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

1. On and after the effective date of this order, the application for approval of supplemental flat rate time allowances USZ 53-1P and USD 53-1P dated January 28, 1953 as covered in the Nash Kelvinator application is authorized for use in establishing the time allowances for the operations described therein.

2. The following notice must be printed or stamped in a prominent position in the publication "Approved by OPS February 7, 1953 by Special Order No. 23 issued under section 5 of SR 3 to CPR 34."

3. All provisions of Ceiling Price Regulation 34, as amended, and Supplementary Regulation 3, as amended, except as changed by this Special Order shall remain in full force and effect.

4. This Special Order or any provision thereof may be revoked, suspended or amended at any time by the Director of Price Stabilization.

Effective date. This order shall become effective February 7, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 6, 1953.

[F. R. Doc. 53-1388; Filed, Feb. 6, 1953; 4:55 p. m.]

[Ceiling Price Regulation 34, as Amended, Supplementary Regulation 3, as Amended, Section 5, Special Order 24]

NASH KELVINATOR

APPROVAL OF ADDITIONS ATTACHED TO LETTER TO DEALERS, DATED JANUARY 28, 1953

Statement of consideration. This Special Order, pursuant to section 5 of Supplementary Regulation 3 to Ceiling Price Regulation 34, approves certain supplements to flat rate time allowances USZ 53-1D and USD 53-1D of Nash Kelvinator for approval for supplemental flat rate time allowance.

The Director of Price Stabilization has determined from the data submitted by Nash Kelvinator approval of supplemental flat rate time allowances USZ 53-1D and USD 53-1D that the approval of these supplements would not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

1. On and after the effective date of this order, the application for approval of supplemental flat rate time allowances USZ 53-1D and USD 53-1D dated January 28, 1953, as covered in the Nash Kelvinator application is authorized for use in establishing the time allowances for the operations described therein.

2. The following notice must be printed or stamped in a prominent position in the publication "Approved by OPS, February 7, 1953, by Special Order No. 24 issued under section 5 of SR 3 to CPR 34."

3. All provisions of Ceiling Price 34, as amended, and Supplementary Regulation 3, as amended, except as changed by this Special Order shall remain in full force and effect.

4. This Special Order or any provision thereof may be revoked, suspended or

amended at any time by the Director of Price Stabilization.

Effective date. This order shall become effective February 7, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 6, 1953.

[F. R. Doc. 53-1389; Filed, Feb. 6, 1953; 4:55 p. m.]

[Ceiling Price Regulation 34, as Amended, Supplementary Regulation 3, as Amended, Section 5, Special Order 25]

STUDEBAKER CORP.

APPROVAL OF ADDITIONS ATTACHED TO LETTER TO DEALERS, DATED FEBRUARY 5, 1953

Statement of consideration. This Special Order, pursuant to section 5 of Supplementary Regulation 3 to Ceiling Price Regulation 34, approves certain supplements to service operations N-300-S, H-201-S, H-200-S of Studebaker Corp. for approval for supplemental service operations.

The Director of Price Stabilization has determined from the data submitted by Studebaker Corp. approval of supplemental service operations N-300-S, H-201-S and H-200-S that the approval of these supplements would not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

1. On and after the effective date of this order, the application for approval of supplemental service operations N-300-S, H-201-S and H-200-S dated February 5, 1953 as covered in the Studebaker Corporation application is authorized for use in establishing the service operations described therein.

2. The following notice must be printed or stamped in a prominent position in the publication "Approved by OPS February 10, 1953, by Special Order No. 25 issued under section 5 of SR 3 to CPR 34."

3. All provisions of Ceiling Price 34, as amended, and Supplementary Regulation 3, as amended, except as changed by this Special Order shall remain in full force and effect.

4. This Special Order or any provision thereof may be revoked, suspended or amended at any time by the Director of Price Stabilization.

Effective date. This order shall become effective February 10, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 9, 1953.

[F. R. Doc. 53-1429; Filed, Feb. 9, 1953; 4:06 p. m.]

[Ceiling Price Regulation 34, as Amended, Supplementary Regulation 3, as Amended, Section 5, Special Order 26]

FORD MOTOR CO.

APPROVAL OF ADDITIONS ATTACHED TO LETTER TO DEALERS DATED FEBRUARY 5, 1953

Statement of consideration. This Special Order, pursuant to section 5 of Supplementary Regulation 3 to Ceiling Price Regulation 34, approves certain supplements to Suggested Time Schedule, FPSB-7 of Ford Motor Co. for approval for Suggested Time Schedule, FPSB-7.

The Director of Price Stabilization has determined from the data submitted by Ford Motor Co. approval of Suggested Time Schedule, FPSB-7 that the approval of these supplements would not be inconsistent with the purposes of the Defense Production Act of 1950, as amended.

1. On and after the effective date of this order, the application for approval of Suggested Time Schedule, FPSB-7 dated February 5, 1953 as covered in the Ford Motor Application is authorized for use in establishing the time allowances for the operations described therein.

2. The following notice must be printed or stamped in a prominent position in the publication "Approved by OPS February 10, 1953, by Special Order No. 26 issued under section 5 of SR 3 to CPR 34."

3. All provisions of Ceiling Price 34, as amended, and Supplementary Regulation 3, as amended, except as changed by this Special Order shall remain in full force and effect.

4. This Special Order or any provision thereof may be revoked, suspended or amended at any time by the Director of Price Stabilization.

Effective date. This order shall become effective February 10, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

DEPARTMENT OF JUSTICE

Office of Alien Property

[Supplemental Vesting Order 19163]

MARIE RIPPMAN

In re: Estate of Marie Rippman, also known as Marie W. Rippmann, deceased. File No. D-28-13076: E. T. Sec. 17191.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That the domiciliary personal representatives, names unknown, and the heirs, next-of-kin, legatees, devisees and distributees of Martha Walcker, deceased, who there is reasonable cause to believe are and, on or since December 11, 1941, and prior to January 1, 1947, were residents of Germany, are and prior to January 1. 1947, were nationals of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraph 1 hereof, and each of them, in and to the Estate of Marie Rippman, also known as Marie W. Rippmann, deceased, is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, owing to, or which is evidence of ownership or control by the aforesaid nationals of a designated enemy country (Germany);

3. That such property is in the process of administration by Ben H. Brown, Public Administrator of Los Angeles County, Calif., as administrator, acting under the judicial supervision of the Superior Court of the State of California, in and for the County of Los Angeles;

and it is hereby determined:

4. That the national interest of the United States requires that the persons identified in subparagraph 1 hereof be treated as persons who are and prior to January 1, 1947, were nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 9, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 19165]

AGNES FESER

In re: Bank account owned by Agnes Feser. F-28-32055-E-1.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Agnes Feser, whose last known address is 14b Eberhardzell, Post Biberach, Wurtemberg, Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany and is, and prior to January 1, 1947, was a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of the Hudson County National Bank, 95 River Street, Hoboken, New Jersey, arising out of a Savings Account

numbered 40621, entitled Agnes Feser, maintained with the aforesaid bank, together with any and all rights to demand, enforce and collect the same,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Agnes Feser, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the person identified in subparagraph 1 hereof, be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 9, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

FEDERAL REGISTER

VOLUME 18 NUMBER 31

Washington, Saturday, February 14, 1953

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Tangerine Reg. 134]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.615 *Tangerine Regulation 134*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines, grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of tangerines, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than February 16, 1953. Shipments of tangerines, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until February 16, 1953; the recommendation and supporting information for continued regulation subsequent to February 15 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 10; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such tangerines; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of tangerines; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., February 16, 1953, and ending at 12:01 a. m., e. s. t., March 2, 1953, no handler shall ship:

(i) Any tangerines, grown in the State of Florida, that do not grade at least U. S. No. 2;

(ii) Any tangerines, grown in the State of Florida, which are of a size smaller than the size that will pack 246 tangerines, packed in accordance with the requirements of a standard pack, in a half-standard box (inside dimensions 9½ x 9½ x 19⅛ inches; capacity 1,726 cubic inches); or

(iii) Any tangerines, grown in the State of Florida, that grade U. S. No. 2 which are (*a*) of a size larger than the size that will pack 150 tangerines, or (*b*) of a size smaller than the size that will pack 210 tangerines, packed in accordance with the requirements of a standard pack, in a half-standard box (inside dimensions 9½ x 9½ x 19⅛ inches; capacity 1,726 cubic inches).

(2) As used in this section, "handler," "ship," and "Growers Administrative Committee" shall have the same meaning as when used in said amended marketing agreement and order; and "U. S. No. 1 Russet," "U. S. No. 2," and "standard pack" shall have the same meaning as when used in the revised United States Standards for Florida Tangerines (§ 51.417 of this title; 17 F. R. 8377).

[Grapefruit Reg. 176]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.616 *Grapefruit Regulation 176*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendatoins of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than February 16, 1953. Shipments of grapefruit, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until February 16, 1953; the recommendation and supporting information for continued regulation subsequent to February 15 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 10; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., February 16, 1953, and ending at 12:01 a. m., e. s. t., March 2, 1953, no handler shall ship:

(i) Any white seeded grapefruit, grown in the State of Florida, which do not grade at least U. S. No. 1 Russet;

(ii) Any pink seeded grapefruit, grown in the State of Florida, which do not grade at least U. S. No. 2;

(iii) Any seedless grapefruit, grown in "Regulation Area II," which do not grade at least U. S. No. 2 Russet;

(iv) Any white seedless grapefruit, grown in "Regulation Area I," which do not grade at least U. S. No. 2;

(v) Any pink seedless grapefruit, grown in "Regulation Area I," which do not grade at least U. S. No. 2 Russet;

(vi) Any seeded grapefruit, other than pink grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(vii) Any pink seeded grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 80 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(viii) Any white seedless grapefruit, grown in "Regulation Area I," that grade U. S. No. 2 or U. S. No. 2 Bright which are (*a*) of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box, or (*b*) of a size larger than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(ix) Any white seedless grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(x) Any pink secdless grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 112 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, "handler," "variety," "ship," "Regulation Area I," and "Regulation Area II" shall have the same meaning as when used in said amended marketing agreement and order; and "U. S. No. 1 Russet," "U. S. No. 2," "U. S. No. 2 Russet," "standard pack," and "standard nailed box" shall have the same meaning as when used in the revised United States Standards for Florida Grapefruit (§ 51.193 of this title; 17 F. R. 7408).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 12th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Lemon Reg. 471, Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

Findings. 1. Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in the State of California or in the State of Arizona.

Order, as amended. The provisions in paragraph (b) (1) (ii) of § 953.578 (Lemon Regulation 471, 18 F. R. 796) are hereby amended to read as follows:

(ii) District 2, 225 carloads.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 12th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 53-1565; Filed, Feb. 13, 1953; 8:45 a. m.]

[Lemon Reg. 472]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.579 *Lemon Regulation 472*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on February 11, 1953; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., February 15, 1953, and ending at 12:01 a. m., P. s. t., February 22, 1953, is hereby fixed as follows:

(i) District 1: 25 carloads;

(ii) District 2: 250 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 471 (18 F. R. 796) and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2," and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 12th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 53-1566; Filed, Feb. 13, 1953; 8:45 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6030]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

LEONARDS AND LEE SURPLUS SALES CO. ET AL.

Subpart—*Advertising falsely or misleadingly:* § 3.70 *Fictitious or misleading guarantees;* § 3.85 *Government approval, connection, or standards: Government indorsement: Standards, specifications, or source;* § 3.90 *History of product or offering;* § 3.110 *Indorsements, approval or testimonials;* § 3.130 *Manufacture or preparation;* § 3.155 *Prices—Exaggerated as regular and customary;* § 3.235 *Source or origin—Government;* § 3.245 *Specifications or standards conformance;* § 3.285 *Value.* Subpart—*Claiming or using indorsements or testimonials falsely or misleadingly:* § 2.330 *Claiming or using indorsements or testimonials falsely or misleadingly.* Subpart—*Offering unfair, improper and deceptive inducements to purchase or deal:* § 3.1980 *Guarantee, in general.* In connection with the offering for sale, sale or distribution of merchandise in commerce, representing (1) that articles of merchandise are surplus goods of any of the armed services of the United States, or of the Allied Powers, or of any other nation or group of nations, unless such is the fact; (2) that any article or articles of merchandise were purchased, or otherwise acquired, directly or indirectly, from the United States Government, or any branch thereof, or from the Allied Powers, or from any other nation or group of nations, unless such merchandise was in fact so acquired; (3) that any article of merchandise is standard or regulation merchandise of, or meets the specifications or requirements of, any of the armed services of the United States, or of the National Bureau of Standards or any other branch of the United States Government, or of the Allied Powers, or of any other nation or group of nations, unless such is the fact; (4) that any merchandise offered for sale or sold has a retail price in excess of the price at which such merchandise is usually and customarily sold; (5) that any merchandise is guaranteed unless the nature and extent of the guarantee and the manner and form in which the guarantor will perform thereunder are clearly and conspicuously disclosed; or, (6) that binoculars offered for sale were manufactured on Karl Zeiss tools, or on any other well known brand of tools, or are the choice of any of the armed services of the United States, unless such is the fact; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Leonards and Lee Surplus Sales Company et al., Chicago, Ill., Docket 6030, November 6, 1952]

In the Matter of Leonards and Lee Surplus Sales Company, a Corporation, and Nat M. Reznick, Sheldon Leibowitz and Marvin Leibowitz, Individually and as Officers of Said Corporation, and Nat M. Reznick, Sheldon Leibowitz and Marvin Leibowitz, Copartners, Doing Business as Normscope Surplus Sales

This proceeding was instituted by complaint which charged respondents with the use of unfair methods of competition in violation of the provisions of the Federal Trade Commission Act.

It was disposed of, as announced by the Commission's "Notice," dated November 10, 1952, through the consent settlement procedure provided in Rule V of the Commission's rules of practice as follows:

The consent settlement tendered by the parties in this proceeding, a copy of which is served herewith, was accepted by the Commission on November 6, 1952, and ordered entered of record as the Commission's findings as to the facts, conclusion, and order in disposition of this proceeding.

Said order to cease and desist, thus entered of record, following the findings as to the facts[1] and conclusion,[1] reads as follows:

It is ordered, That the respondents, Leonards and Lee Surplus Sales Company, a corporation, and its officers, and Nat M. Reznick, Sheldon Leibowitz and Marvin Leibowitz, individually and as officers of said corporation, and as copartners doing business as Normscope Surplus Sales, or under any other name, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of merchandise in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing directly or by implication:

1. That articles of merchandise are surplus goods of any of the armed services of the United States, or of the Allied Powers, or of any other nation or group of nations, unless such is the fact;

2. That any article or articles of merchandise were purchased, or otherwise acquired, directly or indirectly, from the United States Government, or any branch thereof, or from the Allied Powers, or from any other nation or group of nations, unless such merchandise was in fact so acquired.

3. That any article of merchandise is standard or regulation merchandise of, or meets the specifications or requirements of, any of the armed services of the United States, or of the National Bureau of Standards or any other branch of the United States Government, or of the Allied Powers, or of any other nation or group of nations, unless such is the fact;

4. That any merchandise offered for sale or sold has a retail price in excess of the price at which such merchandise is usually and customarily sold;

5. That any merchandise is guaranteed unless the nature and extent of the guarantee and the manner and form in which the guarantor will perform thereunder are clearly and conspicuously disclosed;

6. That binoculars offered for sale were manufactured on Karl Zeiss tools, or on any other well known brand of tools, or are the choice of any of the armed services of the United States, unless such is the fact.

It is further ordered, That respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Issued: November 10, 1952.

By direction of the Commission.

[SEAL] WM. P. GLENDENING, JR., *Acting Secretary.*

[Docket 6016]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

AMERICAN ASSN. OF ORTHODONTISTS AND T. WALLACE SORRELS

Subpart—*Aiding, assisting and abetting unfair or unlawful act or practice:* § 3.290 *Aiding, assisting and abetting unfair or unlawful act or practice.* Subpart—*Coercing and intimidating:* § 3.380 *Publishers of advertising mediums of competitors.* Subpart—*Combining or conspiring:* § 3.470 *To restrain and monopolize trade.* Subpart—*Cutting of competitors' or others' access to customers or market:* § 3.560 *Interfering generally with distributive outlets;* § 3.565 *Interfering with advertising mediums.* Subpart—*Cutting off competitors' or others' supplies or service:* § 3.613 *Advertising contacts.* I. In or in connection with the offering for sale, sale and distribution in commerce, of supplies, devices and appliances used by dentists in the practice of orthodontia, generally recognized as referring to the regulation of the teeth through the use in the oral cavity of certain supplies, devices and appliances, and on the part of respondent, The American Association of Orthodontists, its officers, etc., and T. Wallace Sorrels, entering into, cooperating in, carrying out or continuing any combination, agreement, understanding or planned common course of action between any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to (a) attempt to prevent or prevent those engaged in the manufacture and sale of supplies, devices and appliances, used by dentists and orthodontists in the practice of orthodontia from having access to media of advertising serving the dental profession; (b) attempt to prevent or pre-

vent dentists from having the benefit of advertising by those engaged in the manufacture and sale of supplies, devices and appliances needed by dentists in the practice of orthodontia; (c) attempt to coerce or coerce and compel by threats of boycott, acts of intimidation and other means, publishers and editors of trade publications in the dental field, or others, from soliciting or publishing advertisements from those engaged in the manufacture and sale of supplies, devices and appliances used by dentists in the practice of orthodontia; or (d) use The American Association of Orthodontists or any successor association, or group, as an instrumentality or medium for carrying on and making effective any of the aforesaid acts and practices; and, II, knowingly contributing, on the part of each of said members of said association, and on the part of respondent T. Wallace Sorrels, to the accomplishment of any of the aforesaid acts, practices or things; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, The American Association of Orthodontists et al., White Plains, N. Y., Docket 6016, November 6, 1952]

This proceeding was instituted by complaint which charged respondents with the use of unfair methods of competition in violation of the provisions of section 5 of the Federal Trade Commission Act.

It was disposed of, as announced by the Commission's "Notice," dated November 10, 1952, through the consent settlement procedure provided in Rule V of the Commission's rules of practice as follows:

The consent settlement tendered by the parties in this proceeding, a copy of which is served herewith, was accepted by the Commission on November 6, 1952, and ordered entered of record as the Commission's findings as to the facts, conclusion, and order in disposition of this proceeding.

Said order to cease and desist, thus entered of record, following the findings as to the facts[1] and conclusion,[1] reads as follows:

It is ordered, That the respondents, The American Association of Orthodontists, a corporation, its officers, directors and members, and T. Wallace Sorrels, directly or indirectly, in or in connection with the offering for sale, sale or distribution in commerce, between and among the several States of the United States, and in the District of Columbia, of supplies, devices and appliances used by dentists in the practice of orthodontia,[2] do forthwith cease and desist from entering into, cooperating in, carrying out or continuing any combination, agreement, understanding or planned common course of action between any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to do or perform any of the following acts or things:

(a) Attempting to prevent or preventing those engaged in the manufacture and sale of supplies, devices and appliances used by dentists and orthodontists in the practice of orthodontia[2] from having access to media of advertising serving the dental profession.

(b) Attempting to prevent or preventing dentists from having the benefit of advertising by those engaged in the manufacture and sale of supplies, devices and appliances needed by dentists in the practice of orthodontia.[2]

(c) Attempting to coerce or coercing and compelling by threats of boycott, acts of intimidation and other means, publishers and editors of trade publications in the dental field, or others, from soliciting or publishing advertisements from those engaged in the manufacture and sale of supplies, devices and appliances used by dentists in the practice of orthodontia.[2]

(d) Using The American Association of Orthodontists or any successor association, or group, as an instrumentality or medium for carrying on and making effective any of the aforesaid acts and practices.

It is further ordered, That each of the respondents members of respondent The American Association of Orthodontists and T. Wallace Sorrels do forthwith cease and desist from knowingly contributing to the accomplishment of any of the acts, practices, or things prohibited in paragraphs (a) to (d), inclusive, of this order.

It is further ordered, That the respondents shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Issued: November 10, 1952.

By direction of the Commission.

[SEAL] WM. P. GLENDENING, JR., *Acting Secretary.*

[F. R. Doc. 53-1493; Filed, Feb. 13, 1953; 8:51 a. m.]

[1] Filed as part of the original document.

[2] It is generally recognized that the words "orthodontic" and "orthodontia" refer to the regulation of the teeth through the use in the oral cavity of certain supplies, devices and appliances.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 146—CERTIFICATION OF BATCHES OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

BIOLOGICAL DRUGS THAT CONTAIN ANTIBIOTICS

By virtue of the authority vested in the Federal Security Administrator by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 52 Stat. 1040, 1055, as amended by 59 Stat. 463, 61 Stat. 11, 63 Stat. 409; 21 U. S. C. 357), the regulations for certification of antibiotic and antibiotic-containing drugs (21 CFR, 1951, Supp., 146) are amended as indicated below:

Part 146 is amended by adding the following new section:

§ 146.83 *Biological drugs that contain antibiotics.* Biological drugs that contain penicillin, streptomycin, dihydrostreptomycin, aureomycin, bacitracin, or chloramphenicol, and the purpose of the antibiotic is for use only as a preservative and the biological drug is conspicuously so labeled, shall be exempt from the requirements of sections 502 (l) and 507 of the act, if such drugs are licensed under the Public Health Service Act of July 1, 1944 (58 Stat. 682; 42 U. S. C. 201 et seq.) or under the Virus-Serum-Toxin Act of March 4, 1913 (37 Stat. 832; 21 U. S. C. 151 et seq.).

This order, which provides for exemption from certification of biological drugs that contain penicillin, streptomycin, dihydrostreptomycin, aureomycin, bacitracin, or chloramphenicol, if the antibiotic is used only as a preservative and the biological drug is conspicuously so labeled, provided such drugs are licensed under the Public Health Service Act of July 1, 1944, or under the Virus-Serum-Toxin Act of March 4, 1913, shall become effective upon publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay providing for the aforesaid amendment.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371)

Dated: February 11, 1953.

[SEAL] OVETA CULP HOBBY, *Administrator.*

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5984, Regs. 111]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

REMOVAL OF 5 PERCENT LIMITATION IN DEDUCTION OF MEDICAL EXPENSES FOR TAXPAYERS AGED 65 OR OVER

On December 2, 1952, notice of proposed rule making, regarding amendments to conform Regulations 111 (26 CFR Part 29) to section 307 of the Revenue Act of 1951, approved October 20, 1951, was published in the FEDERAL REGISTER (17 F. R. 10869). No objection to the rules proposed having been received, the amendments to Regulations 111 set forth below are hereby adopted.

PARAGRAPH 1. There is inserted immediately preceding § 29.23 (x)-1 the following:

SEC. 307. MEDICAL EXPENSES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *Amendment of section 23 (x).* Section 23 (x) (relating to medical, dental, etc., expenses) is hereby amended to read as follows:

(x) *Medical, dental, etc., expenses.* Expenses paid during the taxable year, not compensated for by insurance or otherwise, for medical care of the taxpayer, his spouse, or a dependent specified in section 25 (b) (3)—

(1) If neither the taxpayer nor his spouse has attained the age of 65 before the close of the taxable year, to the extent that such expenses exceed 5 per centum of the adjusted gross incomc; or

(2) If either the taxpayer or his spouse has attained the age of 65 beforc the close of the taxable year, (A) the amount of such expenses for the care of the taxpayer and his spouse, and (B) the amount by which such expenses for the care of such dependents exceed 5 per centum of the adjusted gross income.

The deduction under this subsection shall not be in excess of $1,250 multiplied by the number of exemptions allowed under section 25 (b) for the taxable year (exclusive of exemptions allowed under section 25 (b) (1) (B) or (C), with a maximum deduction of $2,500, except that the maximum deduction shall be $5,000 in the case of a joint return of husband and wife under section 51 (b). The term "medical care", as used in this subsection, shall include amounts paid for the diagnosis, cure, mitigation, treatment, or prevention of disease, or for the purpose of affecting any structure or function of the body (including amounts paid for accident or health insurance). The determination of whether an individual is married at any time during the taxable year shall be made in accordance with the provisions of section 51 (b) (5).

(b) *Effective date.* The amendment made by this section shall be applicable with respect to taxable years beginning after December 31, 1950.

PAR. 2. Section 29.23 (x)–1, as amended by Treasury Decision 5687, approved February 16, 1949, is further amended as follows:

(A) By striking therefrom paragraph (c) and inserting in lieu thereof the following:

(c) In the case of medical expenses for the care of a person who is the taxpayer's spouse or dependent, the deduction under section 23 (x) is allowable if the status of such person as "spouse" or "dependent" of the taxpayer exists either at the time the expenses were incurred or at the time the payment of the expenses was made. Thus, payments made in June 1942, by A, for medical services rendered B, his wife, in 1941 may be deducted by A for 1942 even though prior to payment for that year B died or secured a divorce; and payments made in July 1942, by C for medical services rendered D in 1941 may be deducted by C for 1942 even though C and D were not married until June 1942. However, with respect to taxable years beginning after December 31, 1950, the status of a person as the "spouse" of the taxpayer must exist as of the close of the taxable year of the taxpayer in which either the expenses were incurred or the payment was made, or, in the case of the death of the spouse in either such year, as of the time of such death. In determining whether such status exists a taxpayer who is legally separated from his spouse under a decree of separate maintenance is not considered as married.

(B) By inserting in the first sentence of paragraph (e), immediately following "after December 31, 1943," the following: "and before January 1, 1951,".

(C) By striking the last sentence of paragraph (e) and inserting in lieu thereof the following new paragraphs (f) and (g) and by redesignating present paragraphs (f), (g) and (h) as paragraphs (h), (i) and (j):

(f) For taxable years beginning after December 31, 1950, there is no 5 percent limitation on the deduction for medical expenses, not compensated for by insurance or otherwise, expended for the care of taxpayer or his spouse, where either the taxpayer or his spouse has attained the age of 65 before the close of the taxable year. In such cases the taxpayer may deduct (subject to the maximum deduction allowable as described in this section for taxable years beginning after December 31, 1947): (1) The amount of all payments for the medical care of the taxpayer and his spouse; and (2) the amount by which his payments for the medical care of his dependents exceeds 5 percent of his adjusted gross income. In determining the amount of medical expenses deductible under subparagraph (2) of this paragraph (see section 23 (x) (2) (B)) the amount deductible under subparagraph (1) of this paragraph (see section 23 (x) (2) (A)) shall not be included for the purpose of meeting the 5 percent limitation. (For computations illustrating this rule, see examples (6) and (7) at the end of this section.) In determining the age of an individual for the purposes of the unlimited deduction of medical payments for old age, the last day of the taxable year of the taxpayer is the controlling date. Thus, a taxpayer who has not attained the age of 65 at the end of the taxable year may not claim the unlimited deduction with respect to payments made for the medical care of himself or his spouse if the spouse dies before attaining the age of 65 even though such spouse would have attained the age of 65 before the close of the taxable year of the taxpayer.

(g) The deduction for medical expenses shall not be deemed to have been allowed for any taxable year for which the taxpayer claimed and was allowed the standard deduction under section 23 (aa).

(D) By inserting after example 5 the following:

Example (6). Taxpayer E, who attained the age of 65 years on February 22, 1951, makes his return on the basis of the calendar year. During the year 1951, E has adjusted gross income of $8,000, and pays the following medical bills: (a) $240 (3% of adjusted gross income) for the medical care of himself and his spouse, and (b) $320 (4% of adjusted gross income) for the medical care of his dependent son. The allowable deduction under section 23 (x) is $240. No deduction is allowable for the amount of $320 paid for medical care of the dependent son since the amount of such payment (determined without regard to the payments for the care of the taxpayer and his spouse) does not exceed 5 percent of adjusted gross income.

Example (7). H and W make a joint return for the calendar year 1951 on which four exemptions are allowed (exclusive of exemptions under section 25 (b) (1) (B) or (C)), one for each taxpayer and two for their dependent minor children. W became 65 years of age on August 15, 1951. The adjusted gross income of H and W in 1951 is $40,000 and they pay in such year the following amounts for medical care: (a) $1,500 for the medical care of H; (b) $2,500 for the medical care of W; and (c) $3,500 for the medical care of the children. The allowable deduction under section 23 (x) for medical expenses paid in 1951 is $5,000 computed as follows:

Payment for medical care of H and W in 1951		$4,000
Payment for medical care of children in 1951	$3,500	
Less 5 percent of $40,000 (adjusted gross income)	2,000	
		1,500
		5,500
Maximum allowable deduction in 1951		5,000

(53 Stat. 32, 467; 26 U. S. C. 62, 3791)

[SEAL] JUSTIN F. WINKLE,
Acting Commissioner of Internal Revenue.

Approved: February 10, 1953.

ELBERT P. TUTTLE,
Acting Secretary of the Treasury.

[T. D. 5985; Regs. 111]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

MISCELLANEOUS AMENDMENTS

On November 11, 1952, notice of proposed rule making with respect to exchanges or distributions in obedience to orders of the Securities and Exchange Commission was published in the FEDERAL REGISTER (17 F. R. 10263). No objections to the proposed rules having been received, Regulations 111 (26 CFR Part 29) are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 29.373–1 the following:

SEC. 338. EXCHANGES AND DISTRIBUTIONS IN OBEDIENCE TO ORDERS OF SECURITIES AND EXCHANGE COMMISSION (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *Definition of system group.* Section 373 (d) (1) (relating to the definition of the term "system group") is hereby amended to read as follows:

(1) At least 90 per centum of each class of the stock (other than (A) stock which is preferred as to both dividends and assets, and (B) stock which is limited and preferred as to dividends but which is not preferred as to assets but only if the total value of such stock is less than 1 per centum of the aggregate value of all classes of stock which are not preferred as to both dividends and assets) of each of the corporations (except the common parent corporation) is owned directly by one or more of the other corporations; and.

(b) *Effective date.* The amendment made by subsection (a) shall be applicable with respect to taxable years affected by an exchange or distribution made after December 31, 1947.

PAR. 2. Section 29.373–1 (d) is amended as follows:

(A) By amending the headnote thereof to read as follows:

(d) *"System group"—(1) Taxable years affected by an exchange or dis-*

tribution made before January 1, 1948.
* * *

(B) By striking from the first sentence thereof "The term 'system group' is defined" and inserting in lieu thereof the following: "For taxable years affected by an exchange or distribution made before January 1, 1948, the term 'system group' is defined".

(C) By adding at the end thereof the following subparagraph (2):

(2) *Taxable years affected by an exchange or distribution made after December 31, 1947.* For taxable years affected by an exchange or distribution made after December 31, 1947, the term "system group" is defined in section 373 (d) to mean one or more chains of corporations connected through stock ownership with a common parent corporation, if at least 90 percent of each class of stock (other than (i) stock which is preferred as to both dividends and assets, and (ii) stock which is limited and preferred as to dividends but which is not preferred as to assets but only if the total value of such stock is less than 1 percent of the aggregate value of all classes of stock which are not preferred as to both dividends and assets) of each of the corporations (except the common parent corporation) is owned directly by one or more of the other corporations, and if the common parent corporation owns directly at least 90 percent of each class of stock (other than stock preferred as to both dividends and assets) of at least one of the other corporations; but no corporation is a member of a system group unless it is either a registered holding company or a majority-owned subsidiary company. While the type of stock which must, for the purpose of this definition, be at least 90 percent owned may be different from the voting stock which must be more than 50 percent owned for the purpose of the definition of a majority-owned subsidiary company under section 373 (c), as a general rule both types of ownership tests must be met under section 373 (d), since a corporation, in order to be a member of a system group, must also be a registered holding company or a majority-owned subsidiary company.

[T. D. 5986; Regs. 130]

PART 40—EXCESS PROFITS TAX; TAXABLE YEARS ENDING AFTER JUNE 30, 1950

EXCLUSION FROM EXCESS PROFITS NET INCOME DERIVED FROM FOREIGN SOURCES OF CERTAIN INCOME

On December 16, 1952, notice of proposed rule making with respect to amendments of Regulations 130, § 40.433 (a)-2 (m), relating to the exclusion from excess profits net income of certain income derived from foreign sources, was published in the FEDERAL REGISTER (17 F. R. 11366). After consideration of such relevant suggestions as were presented by interested persons regarding the proposals, the amendments to Regulations 130 (26 CFR Part 40) set forth below are hereby adopted:

PARAGRAPH 1. Section 40.433 (a)-2, as amended by Treasury Decision 5973, approved January 16, 1953, is further amended by striking out all of paragraph (m) and substituting in lieu thereof the following:

(m) (1) Under section 433 (a) (1) (M) there shall be excluded income derived from sources within any foreign country to the extent that such income—

(i) But for monetary, exchange, or other restrictions imposed by such foreign country, or

(ii) But for the taxpayer's election to defer the reporting of such income under a method of accounting, approved by the Commissioner, applicable to income which could not be readily converted into United States dollars or into other money or property readily convertible into United States dollars,

would have been includible in the gross income of the taxpayer for any taxable year which preceded its first taxable year ended after June 30, 1950. If such income is includible in the gross income of the taxpayer for a taxable year succeeding the first taxable year ended after June 30, 1950, and, but for such restrictions or such election, would have been includible in the gross income of the taxpayer for its first taxable year ended after June 30, 1950, and if such first taxable year began prior to July 1, 1950, such income shall be excluded in an amount which is the same proportion of such income as the number of days prior to July 1, 1950, in such first taxable year is of the total number of days in such first taxable year. Deductions properly chargeable and allocable to the income excluded under section 433 (a) (1) (M) shall not be allowed.

(2) For the purpose of this paragraph:

(i) The term "blocked foreign income" means income derived from sources within any foreign country during any taxable year which would, but for the restrictions or the election described in subparagraph (1) of this paragraph, have been includible in the gross income of the taxpayer for such taxable year.

(ii) The term "unblocked foreign income" means income which was "blocked foreign income" during the taxable year in which it was derived from sources within any foreign country, but which becomes includible in the gross income of the taxpayer for any subsequent taxable year, whether as a result of the removal of such restrictions, or of such income becoming readily convertible into United States dollars or into other money or property readily convertible into United States dollars, or for other reasons.

(3) In cases where unblocked foreign income cannot be specifically identified as the blocked foreign income or portion thereof of a particular taxable year, the determination whether unblocked foreign income from sources within any foreign country has become includible in the gross income of the taxpayer for a taxable year ending after June 30, 1950, and the determination of the taxable year in which any such unblocked foreign income would have been includible but for the restrictions or the election, shall be made in accordance with the following rules:

(i) The aggregate amount includible in gross income for the taxable year in respect of income derived from sources within such foreign country shall first be deemed attributable to the income derived from sources within such foreign country during such taxable year. To the extent that such unblocked foreign income is attributable to income so derived during the taxable year, such unblocked foreign income shall not be excluded under section 433 (a) (1) (M).

(ii) The amount of such unblocked foreign income in excess of the portion thereof attributable to income derived from sources within such foreign country during such taxable year under the rule stated in subdivision (i) of this subparagraph shall be deemed to be attributable to the earliest blocked foreign income derived from sources within such foreign country, which blocked foreign income has not been previously deemed unblocked in a prior taxable year. Such excess shall be excluded under section 433 (a) (1) (M) only to the extent of the aggregate of the blocked foreign income derived from sources within such foreign country in all taxable years beginning prior to July 1, 1950, but such aggregate shall be reduced by the proportion of the blocked foreign income derived from sources within such foreign country during the taxpayer's first taxable year ending after June 30, 1950, if such taxable year began prior to July 1, 1950, as the number of days after June 30, 1950, in such first taxable year is of the total number of days in such first taxable year.

In determining whether unblocked foreign income which becomes includible in the gross income of the taxpayer for a taxable year ending after June 30, 1950, can be specifically identified as attributable to the blocked foreign income or portion thereof derived from sources within such foreign country in a particular taxable year, effect shall be given to the previous application of the rules in subdivisions (i) and (ii) of this subparagraph to unblocked foreign income derived from sources within such foreign country which became includible in gross income of the taxpayer for a prior taxable year ending after June 30, 1950.

(53 Stat. 32, 467; 26 U. S. C. 62, 3791. Interprets or applies 64 Stat. 1142; 26 U. S. C. Sup. 433)

[SEAL] JUSTIN F. WINKLE,
Acting Commissioner of Internal Revenue.

[T. D. 5983; Regs. 130]

PART 40—EXCESS PROFITS TAX; TAXABLE YEARS ENDING AFTER JUNE 30, 1950

EXCESS PROFITS CREDIT OF REGULATED PUBLIC UTILITIES ENTITLED TO BENEFITS OF SECTION 448 OF THE INTERNAL REVENUE CODE

On June 27, 1952, a notice of proposed rule making was published in the FEDERAL REGISTER (17 F. R. 5772) to conform Regulations 130 (26 CFR, Part 40) to sections 513 and 514 of the Revenue Act of 1951, approved October 20, 1951, and to express in greater detail the regulations under section 448 of the Internal Revenue Code, relating to the excess profits credit of regulated public utilities. After consideration of all relevant matter presented by interested persons regarding the rules proposed, the amendments to Regulations 130 set forth below are hereby adopted.

PARAGRAPH 1. There is inserted immediately preceding § 40.448–1 the following:

SEC. 513. EXCESS PROFITS CREDIT—REGULATED PUBLIC UTILITIES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

Section 448 (c) (3) (relating to regulated public utilities) is hereby amended to read as follows:

(3) 6 per centum in the case of a corporation engaged as a common carrier (A) in the furnishing or sale of transportation by railroad, if subject to the jurisdiction of the Interstate Commerce Commission, or (B) in the furnishing or sale of transportation of oil or other petroleum products (including shale oil) by pipe line, if subject to the jurisdiction of the Interstate Commerce Commission or if the rates for such furnishing or sale are subject to the jurisdiction of a public service or public utility commission or other similar body of the District of Columbia or of any State.

SEC. 514. CONSOLIDATED RETURNS OF REGULATED PUBLIC UTILITIES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

Section 448 (e) (relating to consolidated returns of regulated public utilities) is hereby amended by adding at the end thereof the following new sentence: "For purposes of filing a consolidated return with its railroad lessee corporation, a railroad lessor corporation described in section 434 (d) (without regard to the requirement of payment of the lessor's taxes by the lessee) shall be considered a corporation described in subsection (c) (3)."

SEC. 523. EFFECTIVE DATE OF TITLE V (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

* * * the amendments made by this title (including sections 513 and 514) shall be applicable only with respect to taxable years ending after June 30, 1950.

PAR. 2. Section 40.448–1 is amended by adding at the end thereof the following: "For rules applicable to consolidated returns of affiliated corporations which include regulated public utilities, see § 29.141–1 of this chapter (Regulations 111) and see Part 24 of this chapter (Regulations 129)."

PAR. 3. Section 40.448–2 is amended as follows:

(A) By striking paragraph (a) (3) and inserting in lieu thereof the following:

(3) A corporation engaged as a common carrier (i) in the furnishing or sale of transportation by railroad, if subject to the jurisdiction of the Interstate Commerce Commission, or (ii) in the furnishing or sale of transportation of oil or other petroleum products (including shale oil) by pipe line, if subject to the jurisdiction of the Interstate Commerce Commission or if the rates for such furnishing or sale are subject to the jurisdiction of a public service or public utility commission or other similar body of the District of Columbia or of any State.

(B) By redesignating paragraphs (b), (c), and (d) thereof as paragraphs (d), (e), and (f), respectively.

(C) By striking the last sentence of paragraph (a) and inserting in lieu thereof the following: "For the purpose of this section, the term 'a corporation engaged in the furnishing or sale' includes a corporation (i) whose operations are an integral part of 'the furnishing or sale' of a product or service described in section 448 (c) and this section by an interconnected and coordinated public utility system or systems and (ii) whose rates for furnishing products or services to the system or systems are established or approved by a regulatory body described in this paragraph under the same type of regulation applicable to the system or systems for the products or services described in section 448 (c) and this section."

(D) By adding paragraphs (b) and (c) to read as follows:

(b) *Rates.* (1) If a schedule of rates has been filed with any regulatory body described in paragraph (a) of this section having the power to disapprove such rates, then such rates shall be considered as established or approved rates for the purpose of paragraph (a) of this section even though such body has taken no action on the filed schedule.

(2) Rates fixed by contract between the public utility and the purchaser, except where the purchaser is the United States, a State, the District of Columbia, or an agency or political subdivision of the United States, a State, or the District of Columbia, shall not be considered as established or approved rates for the purpose of paragraph (a) of this section in those cases where they are not subject to direct control, or where no maximum rate for such contract rates has been established, by the United States, a State, the District of Columbia, or by any agency or political division thereof. But see subparagraph (3) of this paragraph.

(3) If the taxpayer establishes to the satisfaction of the Commissioner that its revenue from regulated rates described in subparagraph (1) or (4) of paragraph (a) of this section and from unregulated rates are derived from its operation of a single interconnected and coordinated system or from its operation of more than one such system, and that an unregulated rate applicable in the operation of such system or systems has been and is substantially as favorable to users and consumers as a comparable regulated rate applicable in the operation of such system or systems, the revenue from such unregulated rate shall be considered, for the purpose of paragraph (a) of this section, as income derived from sources described in subparagraph (1) or (4) of paragraph (a) of this section. For the purpose of determining whether or not an unregulated rate has been and is substantially as favorable to users and consumers as a comparable regulated rate, due consideration shall be given to the factors recognized by the regulatory body described in paragraph (a) of this section under whose jurisdiction the comparable regulated rate is established or approved.

(c) *By-products and residual products.* If by-products or residual products are a direct and necessary incident to the furnishing of products or services described in section 448 (c), and if the revenue from such by-products or residual products is applied in reduction of the cost of furnishing the products or services described in section 448 (c) or is otherwise reflected in the rates established or approved by the regulatory body for such products or services, then the revenue from such by-products or residual products shall be considered as derived from sources described in section 448 (c).

(E) By striking subparagraph (2) of paragraph (e) thereof (as redesignated by item (B) above), and by substituting therefor the following:

(2) In the case of a corporation described in paragraph (a) (1) (i) or (ii), (2) or (4) of this section, if the corporate books of account are maintained in accordance with systems of accounts prescribed by an appropriate regulatory body (or, if not so prescribed, are maintained in accordance with the uniform systems of accounts prescribed by the Federal Power Commission or the National Association of Railway and Utility Commissioners), the adjusted invested capital for such taxable year shall be the sum of the average outstanding common and preferred capital stock, accounts for the taxable year and the average capital and earned surplus accounts for the taxable year, as properly recorded on the corporate books of account. The following rules shall apply for the purpose of this paragraph:

(i) The determination of the adjusted invested capital for any taxable year shall be made without regard to the profits or loss for such taxable year computed in accordance with such system of accounts and without regard to distributions out of the profits for such taxable year so computed. In determining whether a distribution is out of the profits for the taxable year, such profits shall be computed as of the close of such taxable year without diminution by reason of any distribution made during such taxable year or by reason of the income and excess profits tax for such taxable year and the determination shall be made without regard to the amount of the profits at the time the distribution was made.

(ii) The term "an appropriate regulatory body" as used in this section means a regulatory body described in section 448 (c) (1) and in paragraph (a) (1) of this section, under whose jurisdiction the corporation operates.

(iii) The average of any account (such as the common stock account or the capital surplus account) shall be the sum, divided by the number of days in the taxable year, of the amount of such account as of the beginning of each day of the taxable year.

(iv) If the adjusted invested capital for any taxable year is computed by the method prescribed by this paragraph, the taxpayer must attach a statement to its return for such taxable year setting forth all the facts which require the use of such method.

PAR. 4. Section 40.448–3 is amended as follows:

(A) By changing the cross reference in paragraph (a) thereof from "§ 40.448–2 (c)" to "§ 40.448–2 (e)", by changing the cross reference in paragraph (c) thereof from "§ 40.448–2 (d)" to "§ 40.448–2 (f)", and by changing the cross reference in paragraph (d) thereof from "§ 40.448–2 (b)" to "§ 40.448–2 (d)".

(B) By adding at the end of paragraph (a) thereof the following:

* * * In case the corporation is described in § 40.448–2 (a) (1), (2), (3), or (6), and is also described in § 40.448–2 (a) (4) or (5), the computation under the preceding sentence shall be as follows:

(1) A first amount shall be computed by applying a 6 percent rate to the sum of the items specified in the preceding sentence;

(2) A second amount shall be computed by applying a one percent rate to the sum of the items specified in the preceding sentence;

(3) There shall be added to the first amount so much of the second amount as the ratio of the gross income from the operations described in § 40.448–2 (a) (4) and (5) bears to the total gross income from the operations described in § 40.448–2 (a).

For the purpose of this paragraph gross income shall be computed without regard to dividends and capital gains and losses.

(53 Stat. 32, 467; 26 U. S. C. 62, 3791)

[SEAL] JUSTIN F. WINKLE,
Acting Commissioner of Internal Revenue.

Approved: February 10, 1953.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Overriding Regulation 3, Revision 1, Amdt. 2]

GOR 3—EXEMPTIONS AND SUSPENSIONS OF CERTAIN RUBBER, CHEMICAL AND DRUG COMMODITY TRANSACTIONS

ADDITIONAL EXEMPTIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this Amendment 2 Revision 1 of General Overriding Regulation 3 is hereby issued.

STATEMENT OF CONSIDERATIONS

The President of the United States has announced that he does not intend to ask for a renewal of price control authority on April 30, 1953, when the present legislation expires. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This amendment to General Overriding Regulation 3, Revision 1, is one of the actions by which OPS is carrying out that instruction.

GOR 3, originally issued to provide for exemption of certain limited rubber, chemical and drug commodity transactions, was revised on January 23, 1953, to provide a single listing of rubber, chemical and drug commodity transactions as to which changing conditions justified suspension or removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to the sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in the form of amendments adding additional groups of items which are to be exempted from price control.

This amendment exempts from price control sales at all levels of distribution of rubber raw materials, commodities composed of rubber and certain services performed by or in connection with the rubber industry. Among such commodities exempted from control are such familiar consumer goods as automobile tires and tubes, rubber footwear, rubber coated fabrics, apparel, bathing caps, drug, medical, surgical and other sundries, matting, and flooring. Also exempted from price control are rubber raw materials including imported crude natural rubber and latex, synthetic rubber, reclaimed rubber and scrap rubber. Among the industrial commodities exempted hereby are such products as V-belts, belting, hose and tubing, sponge rubber products, thread, hard rubber products, friction tape, rubber automotive and machinery parts.

This amendment further provides that those rubber commodities for which price ceilings have previously been suspended are now exempt from price control.

This amendment also continues the requirements heretofore in effect under the applicable regulations respecting preservation of records as to past transactions.

In view of the special nature and basis of this amendment, consultation with industry representatives was impracticable and unnecessary.

AMENDATORY PROVISIONS

GOR 3, Revision 1, is amended in the following respects:

1. Section 20 is hereby amended by adding at the end thereof the following: "However any record relating to a commodity exempted from price control which you were required to have immediately prior to such exemption shall continue to be preserved, and made available for examination by the Office of Price Stabilization or any other authorized agency of the United States, in the manner and for the period stipulated in the regulation requiring you to have such record."

2. Section 23 is hereby amended by adding a new paragraph to read as follows:

(b) All sales of rubber materials, services and rubber commodities:

(1) *Rubber materials.*

Natural Crude Rubber and natural rubber latices.
Synthetic rubber and latices, including but not limited to, GR–S, neoprene, butyl, nitril and thiokol types.
Reclaimed rubber ("Reclaimed rubber" means all kinds, grades, and qualities of the rubber material recovered from any vulcanized scrap rubber).
Scrap rubber.
Milled and calendered compounds.
Chlorinated and cyclized rubber.

(2) *Rubber services.*

Tire mileage—the rental and servicing of tires for taxi, bus, truck and other fleet operators.
Master-batching, custom reclaiming and custom master-batching services formerly covered by CPR 58, and milled and calendered compounding.
Job-coating of fabrics.

(3) *Rubber commodities.*

Tires and tubes. All sales, including those to private brand owners and U. S. Government agencies, of all types of new and used pneumatic tires and tubes for original equipment and replacement use, semi-pneumatic and solid industrial and agricultural tires.
Basic tire carcases, recapped and retreaded tires.
Footwear, vulcanized as a unit.
Rubber and high styrene heels and soles.
Stationers' bands.
Erasers.
Drug, medical, surgical, dental, veterinary and mortuary rubber sundries.
Gloves, including dipped fabric gloves.
Bathing caps.
Thread, bare and covered.
Friction tape and rubber tape.
V-belts.
Flat rubber belting.
Chute and launder lining.
Hose and tubing.
Linings and coverings for tanks, tank cars, pipe, pipe fittings, paper mill rolls, steel mill rolls, industrial rolls, propeller shafts and other industrial equipment.
Hard rubber products, including battery separators and molded goods.
Latex foam sponge products, formerly suspended under section 33.
Chemically blown sponge products.
Sponge rubber rug underlay of any type.
Rubberized fiber and hair cushioning.
Tile and flooring and accessories.
Mats and matting.
Hydraulic brake cups and boots.
Typewriter platens and rolls.
Graphic arts products including printers' and engravers' gums, offset blankets and newspaper blankets.
Camelback and tire and tube repair materials.
Fabrics coated with a continuous film of rubber, synthetic rubber, pyroxylin, cellulose ester, cellulose ether, synthetic resin, oxidizable oil or combinations thereof, including artificial leather made from nonwoven fibrous products, oilcloth, bookcloth and window-shade cloth, as well as job coating and combined fabrics. Unsupported sheeting ("Unsupported sheeting" means a pliable unsupported continuous film of rubber, synthetic rubber, polyvinyl chloride resin or combinations thereof, having a gauge thickness of not less than

10 mils. For the purpose of this regulation, polyvinyl chloride resin means a polymer or copolymer, the main constituent of which is vinyl chloride in the amount of not less than 80 percent by weight).
Cements, liquid compounds and dispersions.
Dipped goods, not elsewhere listed.
Apparel not normally sewed as part of the assembly operations.
Sheet, slab and cut stock.
Pressure sensitive tape.
Sheet packing, including compressed rubber and asbestos sheet.
Jar rings.
Life rafts, pontoons, buoys, and other flotation equipment.
Balloons, all types.
Air bags, utility bags, bellows, safety helmets and masks, sleeves, diaphragms and other hand made products vulcanized as a unit.
Bearings.
Brake linings.
Latex covered products such as baskets, buckets, dippers, funnels.
Molded, extruded and cut rubber goods not elsewhere listed.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 12, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

[General Overriding Regulation 7, Revision 1, Amdt. 20]

GOR 7—EXEMPTIONS AND SUSPENSIONS OF CERTAIN FOOD AND RESTAURANT COMMODITIES

FATS, OILS, SOAPS, CLEANSERS, DETERGENTS, POULTRY AND EGGS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to General Overriding Regulation 7, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

The President of the United States has announced that he does not intend to ask for a renewal of price control authority on April 30, 1953, when the present legislation expires. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This amendment to General Overriding Regulation 7, Revision 1 (GOR 7), is one of the actions by which OPS is carrying out that instruction.

GOR 7 was issued to provide a single listing of certain food and restaurant commodities as to which changing conditions justified suspension or removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to the sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in the form of amendments adding additional groups of items which are to be exempted from control.

This amendment exempts from price control, at all levels of distribution, the following additional items:

1. All fats and oils, including shortening, lard, salad oils, salad dressings and mayonnaise; but excluding margarine.
2. All poultry, game and eggs;
3. All soaps, cleansers and detergents.

In view of the special nature and basis of this amendment, consultation with industry representatives, including trade association representatives, was impracticable and unnecessary. In the judgment of the Director, this amendment complies with the applicable provisions of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

General Overriding Regulation 7, Revision 1, is amended in the following respects:

1. Paragraph (l) of section 2 is amended to read as follows:

(l) *Poultry and eggs.* Poultry, game and eggs, sold in the continental United States.

2. Section 2 is amended by adding new paragraphs (n) and (o) to read as follows:

(n) *Fats and oils.* Except for sales made in the territories and possessions, fats and oils, including shortening, lard, salad oils and dressings, and mayonnaise; but excluding margarine.

(o) *Cleansers.* Soaps, cleansers and synthetic detergents.

3. Paragraph (b) of section 4 is amended to read as follows:

(b) *Ceiling Price Regulations.* Ceiling Price Regulations 6, 10, 11, 23, 24, 25, 26, 65, 74, 78 as supplemented, 79, 85, 92, 101, 109, 129 and 134.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup., 2154)

Effective date. This amendment is effective February 12, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 12, 1953.

[F. R. Doc. 53-1571; Filed, Feb. 12, 1953; 5:13 p. m.]

[General Overriding Regulation 8, Amdt. 10]

GOR 8—PAPER, PAPERBOARD, CONVERTED PAPER AND PAPERBOARD PRODUCTS, ALLIED PRODUCTS AND SERVICES

GENERAL DECONTROL OF PULP, PAPER AND PAPERBOARD COMMODITIES AND SERVICES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 10 to General Overriding Regulation 8 is hereby issued.

STATEMENT OF CONSIDERATIONS

The President of the United States has announced that he does not intend to ask for a renewal of price control authority on April 30, 1953, when the present legislation expires. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This amendment to GOR 8 is one of the actions by which OPS is carrying out that instruction.

GOR 8 was issued to provide a single listing of certain commodities and related services of the Pulp, Paper and Paperboard Branch of the Forest Products Division as to which changing conditions justified suspension or removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to the sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in form of amendments adding additional groups of items which are to be exempted from price control.

This amendment exempts from price control all of the commodities and related services hitherto remaining subject to price control under the jurisdiction of the Pulp, Paper and Paperboard Branch, including those which had been previously only suspended from price control.

This amendment also expressly continues the requirements heretofore in effect under the applicable regulations respecting preservation of records as to past transactions.

In view of the special nature and basis of this amendment, consultation with industry representatives was impracticable and unnecessary.

AMENDATORY PROVISIONS

General Overriding Regulation 8 is amended in the following respects:

1. Section 1 is amended to read as follows:

SECTION 1. *Sales of commodities and services exempted from price control.* (a) All pulp, paper, paperboard and allied commodities and services covered by the Forest Products Division of the Office of Price Stabilization, and sold in the continental United States, such as, but not limited to, waste materials, pulpwood, matches, woodpulp, paper, paperboard and converted paper and converted paperboard, and printing are hereby exempted from price control.

(b) Any record, relating to a pulp, paper, paperboard or allied commodity or service exempted from price control, which you were required to have immediately prior to such exemption shall continue to be preserved and made available for examination by the Office of Price Stabilization or any other authorized agency of the United States, in the manner and for the period stipulated in the regulation requiring you to have such record.

2. Section 2 is hereby deleted.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 12, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 12, 1953.

[F. R. Doc. 53-1572; Filed, Feb. 12, 1953; 5:14 p. m.]

[General Overriding Regulation 9, Amdt. 40]

GOR 9—Exemptions of Certain Industrial Materials and Manufactured Goods

Certain ferrous and nonferrous metals and nonmetallic minerals, metal scrap, secondary nonferrous metal, iron ore, certain building materials and construction services, castings, forgings and machinery and equipment rentals

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 40 to General Overriding Regulation 9 is hereby issued.

Statement of considerations

The President of the United States has announced that he does not intend to ask for a renewal of price control authority on April 30, 1953, when the present legislation expires. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This amendment to GOR 9 is one of the actions by which OPS is carrying out that instruction.

GOR 9 was issued to provide a single listing of industrial materials and manufactured goods as to which changing conditions justified suspension or removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to the sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in form of amendments adding additional groups of items which are to be exempted from price control.

This amendment exempts from price control certain ferrous and nonferrous metals and non-metallic minerals, metal scrap, secondary nonferrous metal, iron ore, certain building materials and construction services, castings, forgings and machinery and equipment rentals.

This amendment further provides that all industrial materials and manufactured goods for which price ceilings have previously been suspended are now exempt from price control.

This amendment also expressly continues the requirements heretofore in effect under the applicable regulations respecting preservation of records as to past transactions.

In view of the special nature and basis of this amendment, consultation with industry representatives was impracticable and unnecessary.

Amendatory provisions

1. Section 2 (a) of General Overriding Regulation 9 is amended by the addition of the following:

(40) *Certain non-ferrous metals and non-metallic minerals.* Sales of the following non-ferrous metals and non-metallic minerals:

Andalusite.
Antimony metal.
Antimony (needle).
Antimony residues.
Antimony sulphides (metals).
Aplite.
Asbestos textile products (cable, filters, cloth, tape, lapp, yarn, roving, wick, thread, listing, tubing, rope, cord).
Babbitt metal scrap.
Baddeleyite.
Barite (barytes or barium sulphate).
Barium metal.
Bismuth.
Boron carbide (abrasive grain).
Borosil.
Bortam.
Brucite (when used for magnesium metal).
Cadmium, metallic (primary, secondary anodes, special shapes, bars, sticks, other straight and flat forms).
Cadmium scrap.
Carolina stone.
Casting metal (lead base).
Celestite.
Cerium.
Chalk (bulk).
Clays (activated, ball, bleaching, china, paper, slip, stoneware).
Cornwall stone.
Corundum.
Diamond dust.
Diamonds (industrial).
Diatomite (diatomaceous earth).
Die cast scrap and die cast slab.
Drilling mud.
Emery.
Engraver's plates (zinc).
Feldspar.
Flint (except cigarette lighter).
Fluorspar (ceramic and metallurgical grades).
Frit.
Gallium.
Garnet.
Gasket metal (lead).
Germanium.
Gilsonite.
Gold ores and concentrates.
Gold semi-fabricated (except dental gold).
Graphite products (except for electrical uses).
Greensand.
Ground mica.
Halloysite.
Ilmenite.
Iridium metal (waste, and products except jewelry).
Kieselguhr.
Lead (antimonial).
Lead bars.
Lead (bullet, rod or wire).
Lead bullion.
Lead flashing sheet.
Lead (metallic).
Lead net or seine.
Lead ores and concentrates.
Lead ores-royalties.
Lead pipe and sheet (antimonial, chemical, tellurium, and tellurium antimonial).
Lead pipe (tin lined).
Lead powder.
Lead (primary).
Lead residues.
Lead scrap.
Lead (secondary, including caulking lead).
Lead shot (drop shot, buckshot, chilled).
Lead tape.
Lead wire.
Lithium compounds.
Lithium metal.
Lithium ores and concentrates.
Magnesium and magnesium alloy ingot.
Magnesium ingot (remelt).
Magnesium ingot (secondary).
Magnesium mill products (sheet, strip, rod, tubing, plate and shapes).
Magnesium rerolling slabs and powder.
Magnesium scrap.
Masurium.
Meerschaum.
Mesothorium.
Monazite (rare earths).
Mullito.
Olivine.
Optical calcite (Iceland spar).
Osmium metal (waste and products except jewelry).
Perlite.
Pewter and pewter scrap.
Phosphate rock.
Palladium metal (waste and products except jewelry).
Platinum metal (waste and products except jewelry).
Pumice.
Pumicite.
Quartz crystals.
Radium.
Roofing gradules.
Rottenstone.
Ruthenium metal (waste and products except jewelry).
Selenium.
Sepiolite.
Shale.
Silvaz alloy.
Silver scrap.
Silver (semi-fabricated alloys, wire sheet, blanks, circles, solders, brazing alloys, silverclad metals, silver inlays, etc.).
Slate flour.
Solder and babbitt metal containing silver.
Solder (pig, bar, wire).
Solder residues.
Strotianite.
Thorium (rare earths).
Tin ores and concentrates.
Tin primary (pig and special shapes).
Tin residues.
Tin (sheet, pipe, bar, extruded products, pulverized, tape and anodes).
Tripoli.
Type metal residues.
Type metals (electrotype, linotype, monotype, stereotype).
Vermiculite.
Volcanic ash.
Whiting (chalk).
Witherite.
Zinc anodes and special shapes.
Zinc base alloys (primary, secondary).
Zinc dross.
Zinc dust.
Zinc lithographers' plates.
Zinc metallic.
Zinc (milling, smelting, refining).
Zinc ores and concentrates.
Zinc ores-royalties.
Zinc (primary slab).
Zinc residues.
Zinc rolled products (sheet, strip, plate, etc.).
Zinc scrap.
Zircon.
Bentonite.
Quartzite.
Canister.
Wollastonite.
Porophyllite.
Indium.

(41) *Castings.* Sales of "castings" which includes any product produced from molten metal or alloy which is formed in a mold or die and on which no further operations are performed, except cleaning, snagging, rough grinding, inspecting, testing, rough drilling, or machining only for the purpose of inspecting or cleaning, including any such product upon which further operations are performed, but only if the product is designed solely to meet the buyer's specifications. It specifically includes cast rolling mill rolls whether or not such rolls are sold by the manufacturer of the rolling mill machinery.

(42) *Forgings.* Sales of "forgings" including any ferrous or non-ferrous metal product formed by the use of power-hammers, presses, upsetters or forging machines upon which no further opera-

tions are performed, except basic cleaning, trimming, sizing, coining, rough grinding, and rough drilling or machining only for the purpose of inspecting or cleaning. It also includes any such product which has been further finished by heat treating, welding, machining, plating or other similar operations to meet the buyer's specifications. It does not include forgings which are components, repair parts or subassemblies of a machine when sold by the manufacturer of that machine.

(43) *Collapsible tubes.* Sales of "collapsible tubes" including fabricated aluminum, tin, lead and tin-lead alloy collapsible tubes, and the service of converting tin, lead and tin-lead alloy into collapsible tubes.

(44) *Construction services.* Services including any transaction in which the seller furnishes labor service, or any combination of labor, materials and services under contract (express or implied) for building, highway, heavy railroad and miscellaneous construction. This includes the installation or incorporation of materials or equipment into a building, structure, or construction project, or on a right of way, either in new or additional construction, or otherwise; the removal of materials or equipment therefrom; or the repair, remodeling or alteration of an existing building or structure or construction project; the installation, modification and repair of production and processing facilities, whether or not connected with building construction and shop fabrication by the installer of materials to be installed by him in connection with any of the foregoing. This does not include transactions covered by CPR 156.

(45) *Paints, varnishes and lacquers.* Sales of paints, mixed and ready for use or in dry or paste form; varnishes, including spirit varnishes but not including shellac gum; lacquers and lacquer thinner; fillers, putty and caulking compounds; paint and varnish removers; "water-proofing" compounds, excepting metallic compounds, but including roof coating and roof cements; artists' oils and water colors; enamels; and top dressings.

(46) *Metal cap and crown closures.* Sales of metal caps used as screw, lug, vacuum and friction closures for commercial glass containers; metal home canning closures, including one-piece metal screw caps and two-piece closures consisting of a metal screw-band and a cap with flowed-on rubber seal; crown closures which are metallic caps produced by punch press operation, from one quarter pound steel tin plate or one-half pound black sheet steel, containing a gas tight cork liner; and all "extras" supplied by the manufacturer of the cap or closure, such as lithographing, printing, coloring, coating and packaging.

(47) *Window glass.* Sales of window glass; also referred to as "sheet glass", including common window glass, thin glass, and heavy or crystal sheet glass, both flat and bent; and any crating or packaging for the shipment thereof supplied by the manufacturer.

(48) *Glass containers.* Sales of empty glass containers manufactured for use in the commercial packing, packaging, bottling or similar accommodation of products such as foods, drugs, household and industrial products, chemicals, toiletries and cosmetics, and alcoholic and non-alcoholic beverages; and empty glass containers manufactured for use in home canning; and glass prescription ware.

(49) *Prefabricated structures.* Sales of "prefabricated structures", when made predominately of wood or metal, designed as shelters for persons, animals or goods, and as shelters for commercial and industrial activities, but not including fabricated steel industrial erections or installations. The term "prefabricated structure" applies to parts and components fabricated in a factory in such form that construction or erection thereof into a pre-designed structure requires merely the assembling and uniting the standardized parts, and components at the construction site.

(50) *Metal scrap and secondary nonferrous metals.* Sales of metal scrap and secondary nonferrous metals. "Secondary nonferrous metals" means any refined metal or alloy, other than iron and steel, in the production of which twenty-five percent or more of the metal used is nonferrous scrap.

(51) *Iron ore.* Sales of iron ore.

(52) *Rental of certain machinery and equipment.* All rental of machinery and equipment listed in Appendix A to CPR 30 or Appendix A to CPR 67.

2. Items (1) through (8) in section 2 (b) of GOR 9 are hereby added to the listing in section 2 (a), and redesignated as subparagraphs (53) through (60), respectively.

3. Section 2 (b) is hereby deleted.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Supp. 2154)

Effective date. This amendment shall become effective February 12, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 12, 1953.

[F. R. Doc. 53-1573; Filed, Feb. 12, 1953; 5:14 p. m.]

[General Overriding Regulation 12, Revision 1]

GOR 12—EXEMPTION OF CERTAIN FUEL PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended (Public Law 774, 81st Cong.), Executive Order 10161 (F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this General Overriding Regulation 12, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

The President of the United States has announced that he does not intend to ask for a renewal of price control authority on April 30, 1953, when the present legislation expires. He has stated that in the meantime steps will be taken to eliminate controls in an orderly manner. The Office of Price Stabilization has been instructed to proceed accordingly.

This revision of GOR 12 is one of the actions by which OPS is carrying out that instruction.

GOR 12 was issued to provide a single listing of certain fuels and related commodities as to which changing conditions justified removal of price ceilings. A similar general regulation has been issued for each of the major commodity areas. Since these regulations are generally familiar to these sellers affected, the actions removing controls will utilize the convenient pattern already thus provided, and will be in the form of amendments adding additional groups of items which are to be exempted from price control. In this instance, because of several changes which are being made in the body of the regulation aimed at simplification and standardization in relation to other general overriding regulations, the action takes the form of a revision of GOR 12.

This revised GOR 12 exempts from price control the following additional fuel products: All sales heretofore subject to CPR–13 (retail sales of petroleum products), all sales heretofore subject to CPR 17 except Number 2 heating oil (gasolines, naphthas, fuel oils and liquefied petroleum gases, natural gas, petroleum gas, casinghead gas and refinery gas), all sales subject to CPR–32 (crude oil), all sales heretofore subject to CPR–63 (lubricating oil, greases, waxes, and certain other petroleum products), and all sales heretofore subject to CPR–66 (asphalt and asphalt products).

This revised regulation also expressly continues the requirements heretofore in effect under the applicable ceiling price regulations respecting preservation of records as to past transactions.

In view of the special nature and basis of this revised regulation, consultation with industry representatives was impracticable and unnecessary.

REGULATORY PROVISIONS

Sec.
1. What this regulation does.
2. Exemptions.
3. Exempt Products or Transactions (Solid Fuels).
4. Exempt Products or Transactions (Petroleum).

AUTHORITY: Sections 1 to 4 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR 1950 Supp.

SECTION 1. *What this regulation does.* This regulation exempts all sales of the products and related services hereinafter listed from any ceiling price regulation issued by the Director of Price Stabilization.

SEC. 2. *Exemptions.* No ceiling price regulation issued by the Director of Price Stabilization shall apply to the products or related services listed in Sections 3 and 4 of this regulation. However, any record relating to a commodity or service exempted from price control which you were required to have immediately prior to such exemption shall continue to be preserved, and made available for examination by the Office of Price Stabilization or any other authorized agency of the United States, in the manner and

for the period stipulated in the regulation requiring you to have such record.

SEC. 3. *Exempt products or transactions (solid fuels).* (a) Sales by producers or distributors of Pennsylvania anthracite when sold and delivered under the trade name, "Anthrafilt," for use as a filter medium.

(b) Sales by producers or distributors of bituminous coal when sold and delivered as seacoal facing for use on a non-fuel basis in the preparation of molds for castings.

(c) Sales by producers or distributors of Pennsylvania anthracite when sold and delivered under the trade name "Philterkol," a specially prepared anthracite used as a medium in hot process filtration.

SEC. 4. *Exempt products or transactions (petroleum).* (a) All retail sales of petroleum products covered by CPR–13 and the supplements thereto, except number 2 heating oil.

(b) With the exception of Number 2 heating oil, all sales of gasolines, naphthas, fuel oils, and liquefied petroleum gases, natural gas, petroleum gas, casinghead gas and refinery gas covered by CPR–17.

(c) All sales of crude oil covered by CPR–32.

(d) All sales of lubricating oils, greases, waxes, and certain other petroleum products covered by CPR–63.

(e) All sales of asphalt and asphalt products covered by CPR–66.

Effective date. This General Overriding Regulation 12, Revision 1 shall become effective February 12, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 12, 1953.

[F. R. Doc. 53–1574; Filed, Feb. 12, 1953; 5:14 p. m.]

[Ceiling Price Regulation 34, Supplementary Regulation 41]

CPR 34—SERVICES

SR 41—WINDOW WASHING SERVICES IN CHICAGO, ILLINOIS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Supplementary Regulation 41 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Supplementary Regulation 41 to Ceiling Price Regulation 34 permits a uniform increase in ceiling prices for window washing services supplied within the limits of the City of Chicago, Illinois, by sellers located there.

A study of the operating costs and profit margins of a representative number of such sellers reveals that increased labor and material costs have impaired their pre-Korean earnings. Effective November 1, 1952, these suppliers granted their employees a six cent per hour wage increase, and six paid holidays whereas there were no paid holidays before, with the result that the earnings of these suppliers will be further impaired. It has been well established that direct labor costs in this industry generally amount to from 60 to 80% of selling price. Very small wage increases, therefore, result in almost immediate financial hardship for these service businesses.

The amount granted herein has been determined to be the minimum necessary to maintain the financial stability of these suppliers of window washing services in order to assure a continued supply of these essential services.

Under the provisions of this supplementary regulation, the charges of these suppliers of window washing services may be increased by 8 percent. This uniform increase was determined in accordance with the standards for individual adjustment under section 20 of Ceiling Price Regulation 34.

In the future, suppliers of window washing services subject to this supplementary regulation may not obtain an adjustment of their ceiling prices for their window washing services under section 20 of Ceiling Price Regulation 34. In addition adjustments granted under that section are automatically revoked as of the effective date of this supplementary regulation.

In the formulation of this supplementary regulation, the Director has consulted insofar as practicable with representative suppliers of these services, including representatives of trade associations, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization, the increases permitted by this supplementary regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

REGULATORY PROVISIONS

Sec.
1. Purpose.
2. Relationship to Ceiling Price Regulation 34.
3. Adjustment of ceiling prices.
4. Applicability of section 20 of Ceiling Price Regulation 34.
5. Definitions.

AUTHORITY: Sections 1 to 5 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR 1950 Supp.

SECTION 1. *Purpose.* This supplementary regulation permits suppliers of window washing services located in the city of Chicago, Illinois, to increase their ceiling prices for window washing services, rendered within the limits of that city, by 8 percent.

SEC. 2. *Relationship to Ceiling Price Regulation 34.* All provisions of Ceiling Price Regulation 34, as amended, except as affected by the provisions of this supplementary regulation, shall remain in effect.

SEC. 3. *Adjustment of ceiling prices.* If you are located within, and supply window washing services within, the limits of the City of Chicago, Illinois, you may increase your ceiling prices for such services by 8 percent.

SEC. 4. *Applicability of section 20 of Ceiling Price Regulation 34.* (a) A seller subject to this supplementary regulation may not, after the effective date of this supplementary regulation, apply for an adjustment of any of his ceiling prices, covered by this supplementary regulation, under section 20 of Ceiling Price Regulation 34, as amended.

(b) The adjustment of ceiling prices granted by section 3 of this supplementary regulation shall be the maximum adjustment permitted any such supplier of such services in lieu of, and irrespective of, any adjustment heretofore granted any such supplier in respect of such services under the provisions of Ceiling Price Regulation 34, as amended. Any order adjusting the ceiling prices of any such supplier's window washing services, rendered in the City of Chicago, Illinois, under section 20 of Ceiling Price Regulation 34, as amended, is hereby revoked as of the effective date of this supplementary regulation.

SEC. 5. *Definitions.* (a) "Window washing services", as used in this supplementary regulation, means the washing and cleaning of sash, casement, and plate glass windows, glass partitions, and glass doors.

Effective date. This supplementary regulation is effective February 13, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 13, 1953.

[F. R. Doc. 53–1601; Filed, Feb. 13, 1953; 11:15 a. m.]

[Ceiling Price Regulation 34, Supplementary Regulation 42]

CPR 34—SERVICES

SR 42—LINEN AND DIAPER SUPPLY SERVICES IN WHEELING, WEST VIRGINIA

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this Supplementary Regulation 42 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Supplementary Regulation 42 to Ceiling Price Regulation 34 permits an increase in the ceiling prices of linen and diaper supply services furnished by linen and diaper suppliers in Wheeling, West Virginia.

An analysis of the operating costs and profit margins of sellers who provide all of the linen and diaper supply services in the area reveals that they are suffering an impairment of their pre-Korean earnings as a result of increased costs of operation resulting from wage increases, replacement of worn out, and obsolete equipment, and higher costs of materials.

Under the provisions of this supplementary regulation, ceiling prices of linen and diaper suppliers in Wheeling, West Virginia, may be increased by 8 percent, such adjustment to be applied to the total amount of each invoice rendered to the customer and identified as the "OPS permitted price increase", or, at the option of the individual linen and

diaper supplier, the established flat price for each article may be increased 8 percent. The adjusted flat price must, within ten days after determination, be filed with the appropriate Office of Price Stabilization District Office as required by section 18 of Ceiling Price Regulation 34, as amended.

The uniform increase has been determined in accordance with the standards for individual adjustments under section 20 of Ceiling Price Regulation 34, as amended.

Linen and diaper suppliers subject to this supplementary regulation may not, after the effective date of this supplementary regulation, obtain an adjustment of their ceiling prices under section 20 of Ceiling Price Regulation 34, as amended. In addition, adjustments previously granted under that section are automatically revoked upon the effective date of this supplementary regulation.

In the formulation of this supplementary regulation, the Director has consulted insofar as practicable with representative suppliers of these services, including representatives of trade associations, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization the increases permitted by this supplementary regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

REGULATORY PROVISIONS

Sec.
1. Purpose.
2. Relationship to Ceiling Price Regulation 34.
3. Adjustment of ceiling prices.
4. Application of section 20 of Ceiling Price Regulation 34.
5. Definitions.

AUTHORITY: Sections 1 to 5, issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Supp. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Supp. 2101–2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR 1950 Supp.

SECTION 1. *Purpose.* This supplementary regulation permits linen and diaper suppliers located in Wheeling, West Virginia, to increase the ceiling prices of their linen and diaper supply services by 8 percent. This supplementary regulation shall not apply to any other services supplied by such linen and diaper suppliers.

SEC. 2. *Relationship to Ceiling Price Regulation 34.* All provisions of Ceiling Price Regulation 34, as amended, except as affected by the provisions of this supplementary regulation, shall remain in effect.

SEC. 3. *Adjustment of ceiling prices.* You may, to the extent you furnish linen and diaper supply services from locations in Wheeling, West Virginia, increase your ceiling prices by 8 percent for linen and diaper supply services thus supplied by either of the following methods:

(a) You may apply such adjustment to the total amount of each invoice rendered to the customer, provided you shall clearly write or stamp beside the adjustment on each invoice the words "OPS permitted price increase". If you use this method of applying your price increase you need not make the supplementary filing required by section 18 (c) of Ceiling Price Regulation 34, as amended.

(b) You may in lieu of the method provided in paragraph (a) of this section, increase by 8 percent the flat price of each linen and diaper supply service article. Within ten days after your prices are established under this paragraph you must prepare and file with your district office of the Office of Price Stabilization a supplemental statement as required by section 18 of Ceiling Price Regulation 34. You may not establish prices under paragraph (a) of this section once you have elected to establish prices under this paragraph.

(c) If the increase calculated in paragraphs (a) and (b) of this section results in a fraction of a cent, the ceiling price must be decreased to the next lower cent if the fractional cent is less than one-half cent, or may be increased to the next higher cent if the fraction is one-half cent or more.

SEC. 4. *Application of section 20 of Ceiling Price Regulation 34.* (a) No seller of linen and diaper supply services subject to this supplementary regulation, may, after the effective date of this regulation, apply for an adjustment of any of his ceiling prices for linen and diaper supply services under section 20 of Ceiling Price Regulation 34, as amended. All orders establishing ceiling prices of any seller of linen and diaper supply services subject to this supplementary regulation issued under either section 20 (a), (b) or (c) of Ceiling Price Regulation 34, as amended, are hereby revoked, upon the effective date of this regulation.

SEC. 5. *Definitions.* (a) As used in this supplementary regulation the term:

(1) "Linen supply services" means the supplying to others, on a rental basis, of clean laundered linen or garments by the owner of these items. The term "linen", as used in this definition, is not confined to articles made of linen textiles, but includes articles consisting of any fabric which are commonly laundered as distinguished from being dry cleaned.

(2) "Diaper supply services" means the supplying to retail customers on a rental basis, of clean laundered diapers by the owner of these items.

Effective date. This supplementary regulation is effective February 13, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 13, 1953.

[F. R. Doc. 53–1602; Filed, Feb. 13, 1953; 11:15 a. m.]

[General Ceiling Price Regulation, Supplementary Regulation 133]

GCPR, SR 133—CEILING PRICE OF BERYLLIUM COPPER MASTER ALLOY

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Supplementary Regulation 133 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This supplementary regulation establishes a ceiling price for beryllium copper master alloy.

Beryllium copper master alloy is an important alloying material principally alloyed in materials used in the defense program. The beryllium used in this alloy is derived from beryl ore, ninety percent of which is imported from Brazil and South Africa. Since the beginning of the Korean hostilities, the price of this imported ore has increased over 100 percent. To secure the continued importation of this ore, its price has been exempted under the provisions of General Overriding Regulation 9. The producers of beryllium copper master alloy have had to absorb this continually increasing cost in the production of their product. It has been represented to this Agency that unless price relief is granted, the master alloy can no longer be produced. The price set forth in this regulation is considered the minimum sufficient to secure the continued production of beryllium copper master alloy.

The provisions of either Supplementary Regulation 125 to the General Ceiling Price Regulation or General Overriding Regulation 35 shall not apply to this material and only the adjustments allowed by this Supplementary Regulation may be taken. The provisions of these regulations, permit an adjustment in ceiling price for the primary copper content of the master alloy. This supplementary regulation establishes a ceiling price for the primary copper content of the master alloy which is not less than the price which would be received under the provisions of the above mentioned regulations.

In the formulation of this regulation, there has been consultation with industry representatives, including trade representatives, to the extent practicable and full consideration has been given to their recommendations.

REGULATORY PROVISIONS

Sec.
1. What this supplementary regulation does.
2. Ceiling price.
3. Applicability of other regulations.

AUTHORITY: Sections 1 to 3 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *What this supplementary regulation does.* This supplementary regulation establishes a ceiling price for beryllium copper master alloy. Beryllium copper master alloy is an alloy of copper and beryllium containing about four percent beryllium and 96 percent copper.

SEC. 2. *Ceiling price.* The ceiling price for beryllium copper master alloy is the sum of 37.72 cents multiplied by the number of pounds of beryllium contained in the quantity of alloy sold and 29.3

cents multiplied by the number of pounds of copper contained in the quantity of alloy sold.

SEC. 3. *Applicability of other regulations.* After you have recalculated your ceiling price in accordance with section 2, the provisions of Supplementary Regulation 125 to the General Ceiling Price Regulation or General Overriding Regulation 35 may not be used to adjust this ceiling price. Except to the extent expressly modified or supplemented by this supplementary regulation, all provisions of the General Ceiling Price Regulation shall be applicable to the sales of beryllium copper master alloy.

Effective date. This Supplementary Regulation is effective February 13, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 13, 1953.

ILLINOIS AND PENNSYLVANIA

Effective February 14, 1953, Schedules A of Rent Regulation 1 and Rent Regulation 2 are amended as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

Issued this 11th day of February 1953.

WILLIAM G. BARR,
Acting Director of Rent Stabilization.

1. Item 91 of Schedule A of Rent Regulation 1 is amended to read as follows:

State and name of defense-rental area	Class	County or counties in defense-rental area under regulation	Maximum rent date	Effective date of regulation
Illinois				
(91) Champaign-Vermilion.	B	In CHAMPAIGN COUNTY, the villages of Ludlow and Rantoul; in VERMILION COUNTY, the city of Georgetown and the villages of Potomac, Tilton, and Westville.	Mar. 1, 1942	Sept. 1, 1942
	C	In CHAMPAIGN COUNTY, the villages of Ludlow and Rantoul.	Aug. 1, 1952	Jan. 8, 1953

2. Item 91 of Schedule A of Rent Regulation 2 is amended to read as follows:

State and name of defense-rental area	Class	County or counties in defense-rental area under regulation	Maximum rent date	Effective date of regulation
Illinois				
(91) Champaign-Vermilion.	B	In CHAMPAIGN COUNTY, the villages of Ludlow and Rantoul.	Mar. 1, 1942	Sept. 1, 1942
	C	----do----	Aug. 1, 1952	Jan. 8, 1953

3. Item 267 of Schedule A of Rent Regulation 1 and Rent Regulation 2 is amended to read as follows:

State and name of defense-rental area	Class	County or counties in defense-rental area under regulation	Maximum rent date	Effective date of regulation
Pennsylvania				
(267) Pittsburgh	B	In ALLEGHENY COUNTY, the cities of Clairton, Duquesne, McKeesport and Pittsburgh, the townships of Aleppo, Baldwin, East Deer, Elizabeth, Forward, Harmar, Harrison, Indiana, Leet, Neville, Richland, Sewickley, South Fayette, South Versailles, Springdale, Stowe, West Deer, and Wilkins, the boroughs of Aspinwall, Baldwin, Blawnox, Brackenridge, Braddock, Braddock Hills, Brentwood, Bridgeville, Carnegie, Castle Shannon, Coraopolis, Dravosburg, East McKeesport, East Pittsburgh, Emsworth, Etna, Glassport, Glenfield, Heidelberg, Homestead, Leetsdale, McDonald, McKees Rocks, Millvale, Mount Oliver, Munhall, North Braddock, Pitcairn, Port Vue, Rankin, Sharpsburg, Springdale, Swissvale, Tarentum, Trafford, Turtle Creek, Verona, Versailles, Wall, West Elizabeth, West Homestead, West Mifflin, White Oak, and Wilmerding, and all unincorporated localities in ALLEGHENY COUNTY, except those in the townships of Crescent, Franklin, Hampton, Moon, Mount Lebanon, North Fayette, Ohio, Penn and Shaler, and the boroughs of Bethel, Churchill, Elizabeth, Ingram, Rosslyn Farms and Wilkinsburg; in ARMSTRONG COUNTY, the township of Pine, the boroughs of Ford City, Kittaning, North Appollo and West Kittaning, and all unincorporated localities; in BEAVER COUNTY, the townships of Center, Hanover, Harmony and Potter, and the boroughs of Aliquippa and Monaca, and that part of BEAVER COUNTY north and east of the Ohio River, (except the townships of Economy and Brighten and the boroughs of Ambridge and Beaver), and all unincorporated localities in BEAVER COUNTY, except those in the township of Brighten and the borough of Beaver; in FAYETTE COUNTY, the cities of Connellsville and Uniontown, the townships of Dunbar, Franklin, German, Perry, Redstone and Washington, the boroughs of Belle Vernon, Brownsville, Dawson, Dunbar, Everson, Fairchance, Fayette City, Masontown, South Connellsville and Vanderbilt, and all unincorporated localities except those in the townships of Henry Clay, Stewart and Wharton; in GREENE COUNTY, all unincorporated localities, if any, in the townships of Cumberland, Dunkard, Jefferson, Monongahela, Morgan, and Franklin; in LAWRENCE COUNTY, the boroughs of Bessemer, and Ellwood City, and all unincorporated localities except those in the borough of New Wilmington; in WASHINGTON COUNTY, the cities of Monongahela and Washington, the townships of Canton, East Pike Run, North Strabane, Smith and South Strabane, the boroughs of Allenport, Beallsville, Bentleyville, Burgettstown, California, Canonsburg, Centreville, Charleroi, Coal Center, Cokeburg, Donora, Dunlevy, Ellsworth, McDonald, New Eagle, North Charleroi, Roscoe, Speers, Stockdale, West Brownsville, and all unincor-	Mar. 1, 1942	July 1, 1942

Pennsylvania—Con.				
		porated localities except those in the townships of East Finley, Morris, South Franklin, and West Finley; in WESTMORELAND COUNTY, the cities of Arnold, Jeanette, Monessen and New Kensington, the town of Oklahoma, the townships of East Huntingdon, Rostraver, Unity and Upper Burrell, the boroughs of East Vandergrift, Export, Irwin, Mount Pleasant, North Belle Vernon, North Irwin, Penn, Scottdale, South Greensburg, Trafford, Vandergrift and West Newton, and all unincorporated localities in WESTMORELAND COUNTY except the township of Sewickley.		
(277) Pittsburgh	B	In LAWRENCE COUNTY, all incorporated municipalities except the city of New Castle and the boroughs of Bessemer, Ellwood City, and New Wilmington.	Sept. 30, 1952	Oct. 8, 1952
	C	LAWRENCE COUNTY, except the city of New Castle and the borough of New Wilmington; and in BEAVER COUNTY, that portion of the borough of Ellwood City located therein.	Aug. 1, 1952	Dec. 10, 1952
	A	In LAWRENCE COUNTY, the borough of New Wilmington.	do	Do.
	C	That part of BEAVER COUNTY north and east of the Ohio River, except the townships of Brighton, Economy, and Harmony, and the boroughs of Ambridge, Baden, Beaver, and Conway, and that part of the borough of Ellwood City which lies in BEAVER COUNTY.	Oct. 1, 1950	Feb. 28, 1952
	C	In BEAVER COUNTY, the townships of Center and Potter, and the borough of Monaca.	do	Apr. 1, 1952
	A	In BEAVER COUNTY, Brighton Township	do	Feb. 28, 1952

These amendments decontrol the following, based entirely on a resolution submitted under section 204 (j) (3) of the act:

The Township of Hampton in Allegheny County, Pennsylvania, a portion of the Pittsburgh Defense-Rental Area.

These amendments also decontrol:

(1) The Cities of Champaign and Urbana in Champaign County, Illinois, portions of the Champaign-Vermilion Defense-Rental Area, and all unincorporated localities in the Defense-Rental Area, the said Cities of Champaign and Urbana being the major portion of the Defense-Rental Area, based on resolutions submitted under section 204 (j) (3) of the act; and

(2) Any remaining incorporated localities in Champaign County, Illinois, under rent control immediately prior to the effective date of these amendments, except the Villages of Ludlow and Rantoul, on the initiative of the Director of Rent Stabilization.

[F. R. Doc. 53-1497; Filed, Feb. 13, 1953; 8:52 a. m.]

[Rent Regulation 3, Amdt. 118 to Schedule A]

[Rent Regulation 4, Amdt. 60 to Schedule A]

RR 3—Hotels

RR 4—Motor Courts

Schedule A—Defense-Rental Areas

ILLINOIS

Effective February 14, 1953, Rent Regulation 3 and Rent Regulation 4 are amended so that the item indicated below of Schedule A reads as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

Issued this 11th day of February 1953.

WILLIAM G. BARR,
Acting Director of Rent Stabilization.

Name of defense-rental area	State	County or counties in defense-rental area under regulation	Maximum rent date	Effective date of regulation
(91) Champaign-Vermilion.	Illinois	In CHAMPAIGN COUNTY, the villages of Ludlow and Rantoul.	Aug. 1, 1952	Jan. 8, 1953

These amendments decontrol the following:

(1) The Cities of Champaign and Urbana in Champaign County, Illinois, portions of the Champaign-Vermilion Defense-Rental Area, and all unincorporated localities in the Defense-Rental Area, the said Cities of Champaign and Urbana being the major portion of the Defense-Rental Area, based on resolutions submitted under section 204 (j) (3) of the act; and

(2) Any remaining incorporated localities in Champaign County, Illinois, under rent control immediately prior to the effective date of these amendments, except the Villages of Ludlow and Rantoul, on the initiative of the Director of Rent Stabilization.

[F. R. Doc. 53-1498; Filed, Feb. 13, 1953; 8:53 a. m.]

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[6th Gen. Rev. of Export Regs., Amdt. 31 [1]]

Part 370—Scope of Export Control by Department of Commerce

Part 373—Licensing Policies and Related Special Provisions

Part 382—Denial or Suspension of Export Privileges

MISCELLANEOUS AMENDMENTS

1. Section 370.7 *Exportation of commodities subject to Atomic Energy Act,* is amended in the following particulars:

a. The parenthetical reference to "(11 CFR, Parts 40 and 50)" is amended to read as follows: "(10 CFR Parts 40 and 50)".

b. Paragraph (b) *Facilities for the production of fissionable material* of Note 1: *Definitions,* following § 370.7 is amended to read as follows:

(b) *Facilities for the production of fissionable material.* As defined in the Atomic Energy Act of 1946, the term "facilities for the production of fissionable material" is to be construed to mean (1) any equipment or device capable of such production and (2) any important component part especially designed for such equipment or devices as determined by the Commission. Such facilities are classified as either Class I or Class II facilities in the regulations cited and are listed therein as follows:

Class I facilities: Any facility (other than a Class II facility) capable of producing any fissionable material, such as (1) nuclear reactors or piles, (2) facilities capable of the separation of isotopes of uranium, and (3) electronuclear machines (e. g., cyclotrons, synchrocyclotrons and linear ion accelerators) capable of imparting energies in excess of 1 Mev each to positively charged nuclear particles or ions. (The term "electronuclear machines" does not include X-ray generators.)

Class II facilities: (1) Radiation detection instruments, and their major components, designed, or capable of being adapted, for detection or measurement of nuclear radiations, such as alpha and beta particles, gamma radiation, neutron and protons, including the following:

(i) Geiger Mueller, proportional, or parallel plate counter scalers.

(ii) Geiger Mueller or proportional counter rate meters.

(iii) Scalers (adaptable to radiation detection).

(iv) Geiger Mueller and proportional detectors, audio or mechanical.

(v) Integrating ionization chamber meters and ionization chamber rate meters.

(vi) Geiger Mueller, proportional, or parallel plate counter detector components.

(vii) Electrometer tube circuits and dynamic condenser electrometers (vibrating reed, vibrating diaphragm, etc.) capable of measuring currents of less than 1 micro-microampere.

[1] This amendment was published in Current Export Bulletin No. 693, dated February 5, 1953, and in the reprint pages dated February 5, 1953.

(viii) Counter pulse rate meters.
(ix) Amplifiers designed for application in nuclear measurements, including linear amplifiers, preamplifiers and distributed (chain) amplifiers.
(x) Geiger Mueller quenching units.
(xi) Geiger Mueller or proportional coincidence units.
(xii) Dosimeters and electrometers, pocket and survey types, including electroscopes incorporating radiation measurement scales.
(xiii) Chambers, pocket type, with electrometer charger-reader.
(xiv) Electrometer tubes designed to operate with grid currents of less than 0.1 micromicroampere.
(xv) Resistors, values above 1,000 megohms.
(xvi) Scintillation counters incorporating a photomultiplier tube.
(xvii) Photomultiplier tubes having photocathode sensitivity of 10 or more microamperes per lumen, and an average amplification greater than 10^5.
(2) Mass spectrometers and mass spectrographs, of all mass ranges, and their major components, including the following:
(i) Leak detectors, mass spectrometer, light gas type.
(ii) Mass spectrometers or mass spectrographs.
(iii) Iron sources, mass spectrometer or spectrograph type.
(iv) Acceleration and focusing tubes, mass spectrometer and spectrograph types.
(v) Ionization chambers, mass spectrometer detector types.
(vi) Micromicroammeters capable of measuring current of less than 1.0 micromicroampere.
(vii) Electrometer tubes designed to operate with grid currents of less than 0.1 micromicroampere.
(viii) Resistors, values above 1,000 megohms.
(3) Vacuum diffusion pumps 12 inches diameter and larger (diameter measured inside the barrel at the inlet jet).
(4) Electronuclear machines, and their basic component parts, capable, with or without modification, of sustaining potential differences in excess of 100,000 volts against the discharging action of positive ion currents in excess of 10^{-7} amperes, such as belt-type electrostatic generators (Van der Graaf machines).
Exemptions: The listing above of electrometer-type electronic tubes and resistors does not constitute such items component parts of radiation detection equipment or mass spectrometers when they have been actually incorporated into (or packed as spares for shipment with) instruments (such as, but not limited to pH meters, spectrophotometers, moisture meters, and kilovoltmeters) not capable of detection or measurement of nuclear radiation or not capable of use as mass spectrometers.

c. NOTE 2: *License applications* following § 370.7 is amended to read as follows:

2. *License applications.* Applications for license to export source materials and facilities for the production of fissionable material should be made directly to the United States Atomic Energy Commission in the manner prescribed in the regulations cited. Copies of the regulations, together with forms and instructions for making license applications, may be obtained from the following address:

U. S. Atomic Energy Commission,
Attention: Licensing Controls Branch,
Washington 25, D. C.

2. Section 373.51 *Supplement 1; time schedules for submission of applications for licenses to export certain Positive List commodities* is amended by deleting the following entries and related submission dates:

Dept. of Commerce Schedule B No.	Commodity	Submission dates—Fourth quarter, 1952
	Commodities other than controlled materials:	
619950	Other tin manufactures, n. e. c.	Sept. 1–Sept. 15, 1952.
830960	Sulfuric acid, all grades	Oct. 1–Oct. 31, 1952.

3. Section 382.51 *Table of compliance orders currently in effect denying export privileges* paragraph (b) *Table of compliance orders* is amended in the following particulars:

a. The following entries are added:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	Federal Register citation
Brodsky, Isadore J., Ontario St. east of Richmond St., Philadelphia 34, Pa.	1-9-53	4-9-53	General and validated licenses, all commodities, any destination.	18 F. R. 333, 1-15-53.
Manufacture Nouvelle de Textiles (Manotex), 3 rue Olivier de Serres, Paris 15, France.	8-3-49	Duration	General and validated licenses, all commodities, any destination. (Company related to Bernard Liebermann, which see.)	14 F. R. 4913, 8-9-49.
Philadelphia Hide Corp., Ontario St. east of Richmond St., Philadelphia 34, Pa.	1-9-53	4-9-53	General and validated licenses, all commodities, any destination.	18 F. R. 333, 1-15-53.

b. The following entries are deleted:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	Federal Register citation
Sklut, Morton, 236 Liberty St., Wilmington, Del.	12- 8-52	1-7-53	General and validated licenses, all commodities, any destination.	17 F. R. 11242, 12-12-52.
Sklut Hide & Fur Co., 236 Liberty St., Wilmington, Del.	12- 8-52	1-7-53	General and validated licenses, all commodities, any destination.	17 F. R. 11242, 12-12-52.
IPSA, A. G. fur Petroleum industrie, Rothkreuz, Switzerland.	9-24-51	Duration	General and validated licenses, all commodities, any destination. (Company related to Albert von Tscharner, which see.)	16 F. R. 10888, 10-3-51.

This amendment shall become effective as of February 5, 1953.

(Sec. 3, 63 Stat. 7; 65 Stat. 43; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

LORING K. MACY,
Director, Office of International Trade.

[F. R. Doc. 53–1426; Filed, Feb. 13, 1953; 8:45 a. m.]

[6th Gen. Rev. of Export Regs., Amdt. P. L. 29 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The following commodities are added to the Positive List:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required	Commodity lists
	Metal salts of organic compounds, except paint and varnish driers (specify by name):					
839750	Lead styphnate (lead trinitroresorcinate) [1]	Lb.	SALT 64	25	RO	A
	Other industrial chemicals:					
839900	Germanium compounds [1]	-------	SALT	None	RO	A

[1] The commodities included in this Positive List entry are added to the commodities subject to the IC/DV procedure (§ 373.34 of this subchapter), effective Mar. 23, 1953, as indicated in the column headed "Commodity Lists."

This part of the amendment shall become effective as of 12:01 a. m., February 12, 1953.

[1] This amendment was published in Current Export Bulletin No. 693, dated February 5, 1953.

2. The following commodities are deleted from the Positive List:

Dept. of Commerce Schedule B No.	Commodity
504500	Emulsion wax, chief value paraffin wax; Indrolatum; and slop wax.
504600	Benowax; and Pennwax; Cabax wax; Diax-O-Wax; and Velatrum wax.
	Carbon or graphite products (natural and artificial):
547800	Lighting carbons, projector type only. [1]
	Basic hardware:
	Hinges and butts:
618150	Brass and bronze.
618150	Other metals, except aluminum, copper, zinc, iron and steel.
	Bolts, screws, nuts, rivets, and washers, n. e. c., not specially fabricated for particular machines or equipment (specify by name):
618263	Brass and bronze.
618263	Phosphor bronze and other copper-base alloys.
618265	Aluminum, except wire bolts, wire screws, and wire rivets.
618265	Copper; lead; and zinc.
618265	Other nonferrous metals.
	Nails, staples, spikes, and tacks:
	Wire nails, staples, and spikes (all nails, staples and spikes made from wire):
618269	Copper, brass and bronze, except staples for office use.
618269	Other nonferrous metals, except staples for office use and except aluminum and aluminum-base alloy nails, staples, and spikes.
	Nails, staples, and spikes, except wire:
618273	Copper, brass and bronze.
618273	Other nonferrous metals.
618274	Tacks, copper, brass and bronze, except thumbtacks.
618274	Tacks, other nonferrous metals, except thumbtacks.
	Builders' hardware, n. e. c., and specially fabricated parts, n. e. c. (specify by name):
618310	Copper-base alloys, except brass and bronze.
618350	Aluminum; copper; lead; and zinc.
618350	Other nonferrous metals (specify type of metal) (report iron and steel builders' hardware, n. e. c., in 618300).
	Hardware, n. e. c., copper base alloys (including brass and bronze) (specify by name):
618830	Brass or bronze lawn sprinklers (formerly 619950).
618858	Plumbers' brass goods (specify by name) (report brass pipe valves in 774465).
	Fabricated steel products:
618974	Fence posts, iron and steel.
	Shipping containers for oil, gas, and other liquids and solids (all metals) (report storage tanks in 618967 and 618971):
	Filled shipping containers:
619012	Milk cans.[2]
	Unfilled shipping containers:
619022	Milk cans with a capacity of 5 or more gallons, fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A." [3]
619850	Type, for printing (report type metal in 651510).
	Metal manufactures, n. e. c., and parts, n. e. c.:
	Other metals, except precious (specify by name and type of metal):
619950	Other tin manufactures, n. e. c.[4]
621305	Spiegeleisen.
622090	Ferrophosphorous (specify phosphorous content).
	Nonferrous metals and alloys in crude form, scrap, and semifabricated forms, n. e. c. (specify by name):
664998	Crystalline silicon.[5]
	Heat exchangers (except refrigeration type), and steam specialty heaters, and specially fabricated parts, n. e. c. (specify by name):
771300	Cooling towers, and specially fabricated parts, n. e. c., for petroleum refinery installations.
771300	Cooling towers, and specially fabricated parts, n. e. c., for refrigeration or air conditioning installations, or chemical or pharmaceutical machinery installations.
	Lubrication equipment, n. e. c., and specially fabricated parts, and accessories, n. e. c.:
775090	Grease cups, lubricators, nozzles and oil cups, brass and bronze.
	Industrial manufacturing and service industries machines, n. e. c., and specially fabricated parts, n. e. c. (specify by name):
775998	Fertilizer-manufacturing machinery, and specially fabricated parts, n. e. c.

[1] By this amendment, the entry presently on the Positive List under Schedule B No. 547800 is revised to read as follows: "Lighting carbons, except projector type."

[2] By this amendment, the second entry presently on the Positive List under Schedule B No. 619012 is revised to read as follows: "Other, except milk cans."

[3] By this amendment, the second and third entries presently on the Positive List under Schedule B No. 619022 are revised by the addition of the words "except milk cans."

[4] By this amendment, the last entry presently on the Positive List under Schedule B No. 619950 is revised by adding tin manufactures other than shot, slugs, and collapsible tubes to the exceptions listed therein.

[5] By this amendment, the last entry presently on the Positive List under Schedule B No. 664998 is revised to read as follows: "Other metals and alloys in crude form, scrap, and semifabricated forms, n. e. c. except crystalline silicon.

Dept. of Commerce Schedule B No.	Commodity
	Plastics and resin materials:
	Synthetic resins in all unfinished forms, except laminated (report laminated plastics in 826010 and 826050):
	Ester gums (reaction products of rosin or modified rosins with glycerine or other alcohols):
825100	Pentaerythritol abietate (rosin ester of pentaerythritol) (including Pentalyn).
	Acids and anhydrides:
	Inorganic:
	Inorganic acids and anhydrides, n. e. c. (specify by name):
830980	Hydrofluoric acid.
	Organic chemicals not of coal-tar origin, n. e. c. (specify by name):
832990	Tributyl phosphate.
	Aluminum compounds, n. e. c. (specify by name):
833900	Aluminum fluoride.
	Potassium compounds, except fertilizers (report fertilizers and fertilizer materials in 850500-855100):
	Potassium compounds, n. e. c. (specify by name):
835900	Potassium fluoride.
	Sodium compounds:
837990	Sodium fluoride.
	Other industrial chemicals:
839900	Rhodium chloride.
843800	Paints containing radium.

This part of the amendment shall become effective as of 12:01 a. m., February 5, 1953.

3. The following are changed from R to RO commodities:

Dept. of Commerce Schedule B No.	Commodity
	Internal-combustion engines, n. e. c., and parts, n. e. c.:
	Diesel and semi-Diesel:
714500	Marine, 200 brake horsepower and under (at normal speed), injection type (specify brake horsepower).
714620	Marine, over 200, up to and including 500 brake horsepower (at normal speed), injection type (specify brake horsepower).
714640	Marine, over 500, up to and including 1,000 brake horsepower (at normal speed), injection type (specify brake horsepower).

This part of the amendment shall become effective as of 12:01 a. m., February 12, 1953.

4. The dollar value limit in the column headed "GLV dollar-value limit" set forth opposite the commodities listed below is amended to read as follows:

Dept. of Commerce Schedule B No.	Commodity	GLV dollar-value limit
	Internal-combustion engines, n. e. c., and parts, n. e. c.:	
	Diesel and semi-Diesel:	
714500	Marine, 200 brake horsepower and under (at normal speed), injection type (specify brake horsepower).	None
715900	Parts, n. e. c., specially fabricated for internal combustion locomotives (specify H. P. and RPM of engines requiring parts).	250

This part of the amendment shall become effective as of 12:01 a. m., February 12, 1953.

5. The following revisions are made in commodity descriptions. These revisions include changes in GLV dollar-value limits where indicated.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated liceuse required	Commodity lists
	Synthetic rubbers (report synthetic liquid latex in terms of total dry latex solids TDLS) (report compounded or semiprocessed in 209800):					
200998	Polyisohutylene [1]	Lb.	RUBR 2	100	RO	A B
200998	Silicone [1]	Lh.	RUBR 2	500	RO	A B
	Welding rods and wires:					
619039	Lead and lead hase (specify by name and metal conteut) (report lead solder in 651200).[2]	Lb.	NONF	200	RO	--------
651200	Lead solder [3]	Lb.	NONF	200	RO	--------
	Chemical and pharmaceutical processing and manufacturing machiues, n. e. c., aud specially fahricated parts, n. e. c. (report spinning pumps in 750850; report furnaces under appropriate Schedule B No. according to type of furuace, e. g., electric melting and refining furnaces for the production of chemicals, 707415):					
775055	High vacuum freeze-drying equipmcnt, and specially fabricated parts, n. e. c. (formerly 775055 and 775360).[4]	--------	GIEQ	None	RO	A
	Crushing, pulverizing and screening machines, n. e. c., and specially fabricated accessories and parts, n. e. c. (specify by name) (report constructiou and mining types in 720310-720410):					
775380	Crushers and grinders and specially fabricated parts [5]	--------	GIEQ	100	R	--------

[1] The above two entries are substituted for the second entry presently on the Positive List under Schedule B No. 209998. The effect of this revision is to removo from the Positive List all synthetic ruhhers, n. e. c., included in the present eutry, except polyisobutylene aud silicone, and to increase the GLV dollar-value limits for silicone from $100 to $500.

[2] The ahove revised entry is substituted for the seventh entry presently on the Positive List under Schedule B No. 619039.

[3] The above entry is added to the Positive List under Schedule B No. 651200. Lead solder was formerly included in the seventh entry on the Positive List uudcr Schedule B No. 619039. This revision was inadvertently omitted from CEB 689 showing changes in the Positive List made to conform with revisious in Schedule B announced hy the Bureau of the Census in P. B. B-3, issued Nov. 21, 1952.

[4] By this amendment high vacuum freeze-drying equipment, and specially fabricated parts, n. e. c., is retained as the nineteenth entry on the Positive List under Schedule B No. 775055, and the last entry presently on the Positive List under Schedule B No. 775360 is deleted. This revision conforms with a determination by the Bureau of the Census that all high vacuum freeze-drying equipment and specially fabricated parts, n. e. c., shall he reported under Schedule B No. 775055.

[5] The above entry is suhstituted for the two entries presently on the Posltive List under Schedule B No. 775380. The effect of this revision is to comhine the entries.

This part of the amendment shall become effective as of 12:01 a. m., February 5, 1953.

6. The following commodities are made subject to the IC/DV procedure (see § 373.34 of this subchapter). Accordingly the letter "A" is inserted in the column headed "Commodity Lists" opposite those commodities:

Dept. of Commerce Schedule B No.	Commodity
	Internal-combustion engines, n. e. e., and parts, n. e. c.:
	Diesel and semi-Diesel:
714500	Marine, 200 brake horsepower and under (at normal speed), injection type (specify brake horsepower).
714620	Marine, over 200, up to and including 500 brake horsepower (at normal speed), injection type (specify brake horsepower).
714640	Marine, over 500, up to and including 1,000 brake horsepower (at normal speed), injection type (specify brake horsepower).

This part of the amendment shall become effective as of March 23, 1953.

7. The following commodities are made subject to the dollar-limit (DL) restrictions (see § 374.2 (e) of this subchapter). Accordingly the letter "B" is inserted in the column headed "Commodity Lists" opposite those commodities:

Dept. of Commerce Schedule B No.	Commodity
742600	Power-driven metalworking machine tools (nonportable), and parts: Plate plauers, double housing and open side, 48 inches and over; and rotary planers, double housing aud open side, 48 inches and over.

This part of the amendment shall become effective as of March 7, 1953.

8. The following commodities are no longer subject to the dollar-limit (DL) restrictions (see § 374.2 (e) of this subchapter). Accordingly the letter "B" set forth in the column headed "Commodity Lists" opposite those commodities is hereby deleted:

Dept. of Commerce Schedule B No.	Commodity
	Earth and rock drilling machines, n. e. c., and parts, n. e. c.:
	Rock drill bits, core drill hits, and reamers (includiug well drilling machine bits and reamers):
730870	Bits and reamers containing tungsten carhide.
	Power-driven metalworking machiue tools (nonportable), and parts:
	Milling machines, n. e. c.:
740800	Thread-milling machines.
744308	Other metal-grinding machines, except bench-type and pedestal grinders valued under $250.
	Motor trucks and truck chassis, including truck tractors (new), n. e. c. (g. v. w., or gross vehicle weight, is the greatest weight of vehicle in load which the manufacturer authorizes and guarantees the vehicle to accommodate with safety under normal conditions of operation) (specify type of body, if mounted):
	Gasoline (new):
	5,000 pounds gròss vehicle weight and under:
790013	Commercial, front and rear axle drive, or multiple rear axle drive.
790017	Military, front and rear axle drive, or multiple rear axle drive.
	5,001 to 10,000 pounds gross vehicle weight:
790023	Commercial, front and rear axle drive, or multiple rear axle drive.
790027	Military, front and rear axle drive, or multiple rear axle drive.
	10,001 to 14,000 pounds gross vehicle weight:
790033	Commercial, front and rear axle drive, or multiple rear axle drive.
790037	Military, front and rear axle drive, or multiple rear axle drive.
	14,001 to 16,000 pounds gross vehicle weight:
790043	Commerical, front and rear axle drive, or multiple rear axle drive.
790047	Military, front and rear axle drive, or multiple rear axle drive.
	16,001 to 19,500 pounds gross vehicle weight:
790053	Commercial, front and rear axle drive, or multiple rear axle drive.
790057	Military, front and rear axle drive, or multiple rear axle drive.
	19,501 pounds gross vehicle weight and over:
790063	Commercial, frout and rear axle drive, or multiple rear axle drive.
790067	Military, front and rear axle drive, or multiple rear axle drive.
	Diesel and semi-diesel (new):
	19,500 pounds gross vehicle weight and under:
790083	Commercial, front and rear axle drive, or multiple rear axle drive.
790087	Military, front and rear axle drive, or multiple rear axle drive.
	19,501 pounds gross vehicle weight and over:
790093	Commercial, front and rear axle drive, or multiple rear axle drive.
790097	Military, front and rear axle drive, or multiple rear axle drive.
	Motor busses and hus chassis (new) (specify passenger capacity of body, if mounted):
	Gasoline (new):
790553	Commercial, front and rear axle drive, or multiple rear axle drive.
790557	Military, front and rear axle drive, or multiple rear axle drive.
	Diesel and semi-Diesel (new):
790563	Commercial, front aud rear axle drive, or multiple rear axle drive.
790567	Military, front aud rear axle drive, or multiple rear axle drive.
	Passenger cars and chassis (new):
790763	Nonmilitary, front and rear axle drive only.
	Special-purpose vehicles, n. e. c.:
	Maintenance and repair trucks (new):
791103	Commercial, front and rear axle drive, or multiple rear axle drive.
791107	Military, front and rear axle drive, or multiple rear axle drive.
791137	Special-purpose commercial vehicles, n. e. c. (new), front and rear axle drive or multiple rear axle drive.
791140	Special-purpose military vehicles, n. e. c. (new), front and rear axle drive, or multiple rear axle drive, except armored vehicles.

This part of the amendment shall become effective as of February 5, 1953.

Shipments of any commodities removed from general license to Country Group R or to Country Group O destinations or whose GLV dollar-value limits are reduced as a result of changes set forth in Parts 1, 3, and 4 of this amendment which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., February 12, 1953, may be exported under the previous general license provisions up to and including March 7, 1953. Any such shipment not laden aboard the exporting carrier on or before March 7, 1953, requires a validated license for export.

(Sec. 3, 63 Stat. 7; 65 Stat. 43; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

LORING K. MACY,
Director,
Office of International Trade.

b. Amend § 1.32 *Prices* to read as follows:

§ 1.32 *Prices.* Rural delivery maps: County maps, 55 cents per copy; local maps, 45 cents per copy.

NOTE: All maps are folded for mailing unless unfolded maps are requested.

(R. S. 161, 396; secs. 304, 309, 42 Stat. 24, 25, 65 Stat. 40; 5 U. S. C. 22, 369, 39 U. S. C. 805)

c. In § 34.88 *Postage rates for air parcel post* amend paragraph (b) (4) by adding the following note:

NOTE: See § 34.95 (a) (5) for the reduction in the limit of size to 30 inches in length and girth combined and the limit of weight to 2 pounds for air parcel post addressed for delivery to military addresses overseas. These limitations are applicable to air parcel post, other than official, addressed to A. P. O.'s in care of the postmasters at New York, San Francisco, Seattle, and New Orleans; and to Navy and Marine Corps units, including ships, addressed in care of the Fleet Post Offices at New York and San Francisco.

(R. S. 161, 396; secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

[SEAL] C. R. HOOK, Jr.,
Acting Postmaster General.

TITLE 46—SHIPPING

Chapter II—Federal Maritime Board, Maritime Administration, Department of Commerce

Subchapter C—Regulations Affecting Subsidized Vessels and Operators

[Gen. Order 27, Revised]

PART 281—INFORMATION AND PROCEDURE REQUIRED UNDER OPERATING-DIFFERENTIAL SUBSIDY AGREEMENTS

Effective January 1, 1953, §§ 281.2 and 281.3 (U. S. M. C. General Order 27, as amended, 3 F. R. 2144, 5 F. R. 3644, 4319) are hereby rescinded and §§ 281.2 to 281.6, inclusive, are added to Part 281 as follows:

§ 281.2 *Definitions.* As used in §§ 281.2 to 281.6, except as otherwise indicated by the context:

(a) The term "period of idleness" means any period between voyages during which the vessel is not being worked;

(b) The term "lay-up period" means that part of the period of idleness occurring in a continental United States port in excess of ten days, continuing until the commencement of the next voyage or until the vessel shall be temporarily or permanently withdrawn from subsidized service pursuant to the determination by the Maritime Administrator;

(c) The term "Administrator" means Maritime Administrator;

(d) The term "Coast Director" means the Coast Director of the Maritime Administration having jurisdiction over the port or ports involved;

(e) The word "operator" means an operator receiving operating-differential subsidy for the voyage involved under Title VI of the Merchant Marine Act, 1936, as amended.

§ 281.3 *Method of commencing and terminating voyages and of determining lay-up periods*—(a) *Voyage commencements.* Voyages shall commence as of 12:01 a. m. of the day that loading of cargo, stores, or fuel begins, or as of 12:01 a. m. of the day following the termination of the prior voyage or, in the event that a period of idleness in excess of ten days follows a voyage termination, as of 12:01 a. m. of the day on which such lay-up period ends.

(b) *Voyage terminations.* Voyages shall terminate at the last United States port of call at midnight of the day of the completion of the paying off of the crew from foreign articles, or upon the completion of the final discharge of cargo or ballast at the last United States port of discharge, or upon the completion of voyage repairs, whichever event occurs last: *Provided, however,* That if a vessel sails outward on a new voyage prior to midnight of the same day, the inward voyage shall terminate as of midnight of that day, and the outward voyage shall commence as of 12:01 a. m. of the succeeding day; and that where a portion of any particular voyage overlaps a portion of the next succeeding voyage and the quantity of inward cargo remaining aboard at the port at which major cargo activities for the outward voyage are begun does not, in the opinion of the

operator, justify extension of the inward voyage beyond that port, the operator shall immediately request the Coast Director for permission to treat the inward voyage as having terminated at midnight of the day specified in such request and shall advise the Coast Director what cargo has been and is still to be discharged and loaded at each port of the inward voyage; and that where, in the opinion of the operator, voyages as a general practice should terminate at the home or terminal port, rather than at the last inward port of discharge, application for such termination may be made to the Coast Director, and in such cases the voyage termination date shall be as approved by the Coast Director. The Coast Director shall advise the operator promptly if he disapproves the operator's request, and, in the event of such disapproval, the Coast Director's decision as to such termination shall prevail: *Provided,* That all terminations shall be as of midnight of the day specified.

(c) *Periods of idleness.* In the event that a period of idleness, in excess of ten days, should immediately follow the termination of a voyage, the first ten days of such period of idleness shall be included in the preceding voyage and the date of termination thereof adjusted accordingly. If a vessel which has been idle commences loading cargo, stores, or fuel prior to the eleventh day of such idleness, the commencement of the new voyage shall be antedated to coincide with the termination of the preceding voyage.

(d) *Lay-up period.* A separate accounting period shall be created to cover each lay-up period.

§ 281.4 *Treatment of subsidy during period of idleness and lay-up period.* During a lay-up period, subsidy shall be payable only for such subsidizable items of expense as are determined by the Administrator, after presentation by the operator of the facts relating to such lay-up period, to be necessary for the maintenance, preservation, repair, or husbanding of the vessel during and under the circumstances of such lay-up: *Provided, however,* That nothing herein shall limit any other rights of the United States with respect to the payment or non-payment of subsidy; and that no subsidy shall be paid for any item of expense allocable to any period of idleness or lay-up period occurring during the transfer back to subsidized operations in the case of a vessel which has been temporarily withdrawn from subsidized operations and subsequently reinstated therein.

§ 281.5 *Right of Administrator to recover subsidy for any period of idleness.* The Administrator may, prior to payment of subsidy for any voucher period which includes a period of idleness, require the operator to establish to the satisfaction of the Administrator that such period of idleness could not have been prevented in whole or in part through the most efficient and economical operation. The Administrator may recover any payment of subsidy for any item of expense allocable to such period of idleness which in the opinion of the Administrator could have been avoided by efficient and economical operation.

§ 281.6 *Interpretation.* All questions of interpretation arising under the sections of this part shall be submitted to the Administrator for determination, whose decision thereon shall be final.

(Sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 1114. Interpret or apply sec. 606, 49 Stat. 2004, as amended; 46 U. S. C. 1176)

Dated: February 10, 1953.

By order of the Federal Maritime Board.

[SEAL] A. J. WILLIAMS,
Secretary.
A. W. GATOV,
Maritime Administrator.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 924]

[Docket No. AO-225-A3]

HANDLING OF MILK IN DETROIT, MICHIGAN, MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENT TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Park-Shelton Hotel, Woodward and Kirby Streets, Detroit, Michigan, beginning at 10:00 a. m., e. s. t., February 20, 1953, for the purpose of receiving evidence with respect to emergency and other economic conditions which relate to the proposed amendment hereinafter set forth, or appropriate modifications thereof. This proposed amendment has not received the approval of the Secretary of Agriculture.

An amendment to the order, as amended, for the Detroit, Michigan, marketing area has been proposed on behalf of the Michigan Producers Dairy Company as follows:

Delete § 924.52 and substitute therefor the following:

§ 924.52 *Class II milk price.* (a) The minimum price per hundredweight to be paid by each handler f. o. b. his plant as described in § 924.6 for milk of 3.5 percent butterfat content received from producers or from a cooperative association during the month, which is classified as Class II utilization, shall be the price per hundredweight as described in § 924.50 (c): *Provided,* There shall be credited to each handler with respect to butterfat used in the manufacture of butter and skim milk used in the manufacture of non-fat dry milk solids in the handler's plant, or transferred to and so used in a plant not operated by a handler, (1) an amount per pound of butterfat equal to the excess of the Class II price determined under this paragraph over the price determined pursuant to § 924.50 (b) less 9.3 cents, such excess to be multiplied by 0.18, and, (2), an amount per hundredweight of skim milk equal to such excess multiplied by 0.36.

Copies of this notice of hearing and of the order, as amended, now in effect may be obtained from the Market Administrator, 5701 Second Boulevard, Detroit 2, Michigan, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Issued at Washington, D. C., this 12th day of February 1953.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator.

[F. R. Doc. 53-1543; Filed, Feb. 13, 1953; 8:57 a. m.]

[7 CFR Part 975]

[Docket No. AO-179-A-10]

HANDLING OF MILK IN CLEVELAND, OHIO, MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENT TO TENTATIVE MARKETING AGREEMENT, AND TO ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Hotel Hollenden, 610 Superior, N. E., Cleveland, Ohio, beginning at 10:00 a. m., e. s. t., February 19, 1953, for the purpose of receiving evidence with respect to emergency and other economic conditions which relate to the proposed amendment hereinafter set forth or appropriate modification thereof, to the tentative marketing agreement as heretofore approved by the Secretary of Agriculture and to the order, as amended,

regulating the handling of milk in the Cleveland, Ohio, marketing area (7 CFR, 975.0 et seq.). The amendment proposed has not received the approval of the Secretary of Agriculture.

The public hearing is for the purpose of receiving evidence with respect to economic conditions which relate to the proposed amendment, submitted jointly by the Milk Market Survey Committee and the Milk Producers' Federation of Cleveland:

Amend § 975.63 (b) by replacing the period at the end of the section with a colon and add the following: *"Provided, That during the months of April, May and June 1953, a specified allowance on Class III milk shall be established on all whole milk and/or skim milk which is transported by truck or rail from a handler's receiving plant to a manufacturing plant for manufacturing purposes; said specified transportation allowance to be commensurate with average transportation costs incident to the average costs involved in transporting milk from presently established receiving plants in the Cleveland milkshed to the nearest available milk manufacturing plants."*

Copies of this notice of hearing and of the order, as amended, now in effect may be obtained from the Market Administrator, 2163 East Second St., Cleveland 15, Ohio, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Issued at Washington, D. C., this 12th day of February 1953.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator.

DEPARTMENT OF COMMERCE

Maritime Administration

AMERICAN PRESIDENT LINES, LTD.

NOTICE OF APPLICATION

Notice is hereby given of the application of American President Lines, Ltd., seeking the written permission of the Maritime Administrator under section 805 (a), Merchant Marine Act, 1936, 46 U. S. C. 1223, for Mr. Ralph K. Davies, an officer and director of American President Lines, Ltd., or of a holding or affiliated company thereof, to own, operate or charter a vessel or vessels in the domestic intercoastal or coastwise trade, or to own any pecuniary interest, directly or indirectly, in Independent Tankships, Inc., a concern which appears to own, operate, or charter a vessel or vessels in the domestic intercoastal or coastwise trade.

Under the provisions of section 805 (a), the Maritime Administrator may not grant any such application if the Administrator finds it will result in unfair competition to any person, firm, or corporation operating exclusively in the coastwise or intercoastal service, or that it will be prejudicial to the objects and policy of the act.

Any person, firm or corporation having any interest in such application and desiring a hearing on issues pertinent to section 805 (a) should notify the Maritime Administrator on or before February 20, 1953, and should file petitions for leave to intervene in accordance with § 201.81 of the Federal Maritime Board/Maritime Administration's rules of procedure (12 F. R. 6076).

In the absence of receipt of any such request for hearing and petition for leave to intervene, the Maritime Administrator will take such action with respect to the application as may be deemed appropriate.

Dated: February 10, 1953.

By order of the Maritime Administrator.

[SEAL] A. J. WILLIAMS,
Secretary.

[F. R. Doc. 53–1523; Filed, Feb. 13, 1953; 8:55 a. m.]

PACIFIC FAR EAST LINE, INC.

NOTICE OF APPLICATION

Notice is hereby given of the application of Pacific Far East Line, Inc., seeking the written permission of the Maritime Administrator under section 805 (a), Merchant Marine Act, 1936, 46 U. S. C. 1223, for Joshua Hendy Corporation, appearing to be a holding company, subsidiary, affiliate, or associate of Pacific Far East Line, Inc., to own, operate or charter the tank vessel SS Joshua Hendy in the domestic intercoastal or coastwise trade. Permission is also sought for T. E. Cuffe, S. D. Bechtel, K. K. Bechtel, John A. McCone and Joseph M. Tescher, officers and/or directors of Pacific Far East Line, Inc., to own, operate, or charter the SS Joshua Hendy in the domestic intercoastal or coastwise trade, or to own a pecuniary interest in the Joshua Hendy Corporation.

Under the provisions of Section 805 (a), the Maritime Administrator may not grant any such application if the Administrator finds it will result in unfair competition to any person, firm, or corporation operating exclusively in the coastwise or intercoastal service, or that it will be prejudicial to the objects and policy of the Act.

Any person, firm or corporation having any interest in such application and desiring a hearing on issues pertinent to Section 805 (a) should notify the Maritime Administrator on or before February 20, 1953, and should file petitions for leave to intervene in accordance with § 201.81 of the Federal Maritime Board/Maritime Administration's rules of procedure (12 F. R. 6076).

In the absence of receipt of any such request for hearing and petition for leave to intervene, the Maritime Administrator will take such action with respect to the application as may be deemed appropriate.

Dated: February 10, 1953.

By order of the Maritime Administrator.

[SEAL] A. J. WILLIAMS,
Secretary.

Office of International Trade

[Case No. 146]

UNIVERSAL TRANSPORT CORP.

ORDER DENYING LICENSE PRIVILEGES

In the matter of Universal Transport Corporation, 15 Moore Street, New York 4, New York, respondent; Case No. 146.

This proceeding was commenced March 31, 1952, on the basis of a charging letter issued by the Director, Investigation Staff, and duly served on Universal Transport Corporation, hereinafter referred to as Universal. In the same letter, several other persons and firms, to whom reference is hereinafter made, were charged with numerous violations, only one of which was related to the charge against Universal. Upon motion of Universal, the proceeding was severed for the purpose of the hearing of the charge against it and, since the hearing,

the others have proposed that a consent order be issued against them. For that reason, the proceeding against Universal is now being severed completely and this order disposes of only the charge against it.

Universal was charged with obtaining export control documents for ineligible persons and participating in an exportation for such persons while they were under suspension from export privileges pursuant to an order theretofore issued against them.

Universal appeared herein, was represented by its attorney, demanded an oral hearing, and such hearing has been held by the Compliance Commissioner. At the hearing, evidence in support of the charge was presented, Universal was represented by counsel, it submitted oral and documentary evidence in opposition, and the case was finally submitted to the Compliance Commissioner, who has filed his report and recommendation, together with the transcript of the hearing and all documents there submitted. These, together with the charging letter, constitute the record herein.

After careful consideration of the evidence, the entire record, and the report, I hereby make the following findings of fact:

1. Universal Transport Corporation is a freight forwarder engaged in business at 15 Moore Street, in the City of New York, New York.

2. At all times hereinafter mentioned one Manfred Joel was an employee of Universal and the sole employee engaged in and who performed the acts hereinafter set forth as having been performed on its behalf.

3. On February 23, 1950, the Office of International Trade issued an order suspending Jack Koopman, Irving Wolfson, Compania Norte Americana, Berwin Trading Company, Inc., Jack Koopman Company, Inc., and all persons, firms, corporations, and business associations then or thereafter related to them in the conduct of export trade from validated export license privileges for a period of three months from that day and also revoking all export licenses in their names or held by them.

4. Universal is not and was not then or thereafter related to any of the firms or persons named in the order, nor was Jocl.

5. The order was published in the FEDERAL REGISTER of February 28, 1950.

6. Since June 1, 1949, and at the time of the making and issuance of said order, Koopman and Wolfson controlled and operated a firm known as Royal Industrial Company and any export licenses issued to it or held by it were in fact issued to and held by Koopman and Wolfson.

7. Such a license was a license issued February 21, 1950, authorizing the exportation by Royal Industrial Company of 35,000 pounds of aluminum to Manila, Philippine Islands, and, by the terms of the order of February 23, 1950, said license was revoked and should have been surrendered to the Office of International Trade.

8. Koopman and Wolfson did not surrender said license but proceeded to export under purported authority thereof about 6000 pounds of aluminum sheets in violation of the said order of suspension.

9. They engaged Universal as the freight forwarder and Universal received Wolfson's handwritten instructions for that purpose.

10. At the time of the issuance of said order and for some time prior thereto, Joel knew that Royal Industrial Company was under the control of Koopman and Wolfson and was used by them in the export trade.

11. Joel also knew on February 28, 1950, that such suspension order had been issued.

12. Having such knowledge, on that day and on the days immediately following, Joel effected the exportation of said aluminum sheets on behalf of Koopman and Wolfson in violation of said suspension order (a) by transmitting on February 28, 1950, with a letter so dated, to Southern Pacific Railroad, an export declaration and the export license for said sheets and requesting said railroad to deliver to Universal through bills of lading showing Royal as the shipper and exchangeable against ocean carrier bills of lading; (b) obtaining on that day from the Republic of the Philippines a set of consular invoices therefor; (c) arranging on that day for the receipt by Pacific Far East Line, Inc., of the said sheets aboard the SS Tradewind on arrival at San Francisco; (d) delivering line copies of the bill of lading for said sheets to Pacific Far East Line, Inc., on March 1, 1950, together with a copy of the letter written by him on behalf of Universal on February 28, 1950, to Southern Pacific Railroad; (e) on learning that the sheets could not arrive in San Francisco in time for loading on the SS Tradewind, demanding assurance on March 2, 1950, from Pacific Far East Line, Inc., that "on board" bill of lading dated March 9, 1950, would be furnished if the sheets were shipped on a later boat, the SS Pacific Bear; (f) thereafter approving such shipment on the SS Pacific Bear and on March 7, 1950, arranging with the Philippine Consulate General for the change of the name of boat on the Consular Invoice from SS Tradewind to SS Pacific Bear.

13. The export declaration which Joel had sent to Southern Pacific Railroad on February 28, 1950, was thereupon, and as a result of such action, authenticated by the United States Customs Service, at San Francisco, California, on March 7, 1950, and on the same day the export license which had been issued to Royal was filed in the same office and the aluminum sheets loaded on the SS Pacific Bear were charged against said license.

14. The said aluminum sheets were thereupon exported from the United States.

From the foregoing, I have concluded that the charge has been proven and that Universal by and through the actions of Joel obtained export control documents for Koopman and Wolfson who were ineligible to receive them and that it participated in the violation of the order of February 23, 1950, contrary to 15 CFR §§ 381.1 (b) (4) and 384.2 (a) (1) (iv), 14 F. R. 3032 and 3036, respectively.

The Compliance Commissioner, in his report, has carefully considered Joel's acts and his position in Universal and has pointed out that the prime responsibility for the violation found herein is that of Joel rather than that of the corporation. He points out that the respondent is a freight forwarder acting mainly for others, states that the principal officers of the corporation are acutely aware of the seriousness of any contravention of export control law and that effective enforcement of the act in this particular case may best be achieved by a conditional denial of export privileges for a specified period to be effective immediately upon the finding of any future violation on its part or on the part of any of its officers or employees. He has so recommended in the expectation that now and in the future the respondent's management of its affairs will assure strict compliance by all its employees, particularly Joel, with all the requirements of the law and the regulations. His recommendation is found by me to be fair and reasonable, under the particular facts of this case, is calculated to achieve effective enforcement of the law, and should be adopted.

Now, therefore, it is ordered as follows:

I. Respondent, its agents, servants, and employees are hereby denied and declared ineligible to exercise the privileges of obtaining or using export licenses, including validated and general export licenses, for the exportation of any commodity from the United States to any foreign destination, for a period of two (2) weeks, which denial shall be held in abeyance subject to and in accordance with the provisions of Part IV hereof. Such denial of export privileges is deemed to include and prohibit participation by it and them, directly or indirectly, in any manner or capacity, (a) as a party, or as a representative of a party, to any exportation under validated or general export licenses; and (b) in the financing, forwarding, transporting, or other servicing of exports from the United States pursuant to any validated or general export licenses.

II. Such denial of export privileges, on becoming effective, shall extend not only to respondent Universal Transport Corporation but also to any person, firm, corporation, or business organization with which it may be now or hereafter related by ownership or control in the conduct of trade involving exports from the United States under validated and general export licenses, or services connected therewith.

III. No person, firm, corporation, or other business organization shall knowingly apply for or obtain any license, shipper's export declaration, bill of lading, or other export control document relating to any exportation from the United States, under validated and general export licenses, to or for the respondent, or any person, firm, corporation, or other business organization within the scope of Part II hereof during such time as Part I hereof may be in effect, without prior disclosure of such facts to, and

specific authorization from, the Office of International Trade.

IV. Parts I, II, and III hereof shall be suspended and held in abeyance upon condition that Universal Transport Corporation adhere strictly to all requirements of export control laws and regulations. In the event, however, that at any time during two (2) years from the date hereof, it or any officer or employee engaged in any export activity on its behalf shall knowingly violate any provision of export control laws or regulations, the Office of International Trade or such agency as may then be performing the functions now performed by it, at such time as it determines that such violation has occurred, may vacate summarily the portion hereof providing for the suspension and holding in abeyance of Parts I, II, and III hereof. The order of vacatur shall set forth the precise time when Parts I, II, and III hereof shall become effective and the issuance thereof shall not be a bar to nor shall the agency then having jurisdiction be thereby precluded from instituting any other and further action which it may deem appropriate and necessary by reason of the violation giving rise thereto.

Dated: February 10, 1953.

JOHN C. BORTON,
Assistant Director for Export Supply.

DEPARTMENT OF THE TREASURY

Office of the Secretary

TWO PERCENT TREASURY BONDS OF 1953-55

NOTICE OF CALL FOR REDEMPTION

1. Public notice is hereby given that all outstanding 2 percent Treasury Bonds of 1953-55, dated October 7, 1940, due June 15, 1955, are hereby called for redemption on June 15, 1953, on which date interest on such bonds will cease.

2. Holders of these bonds may, in advance of the redemption date, be offered the privilege of exchanging all or any part of their called bonds for other interest-bearing obligations of the United States, in which event public notice will hereafter be given and an official circular governing the exchange offering will be issued.

3. Full information regarding the presentation and surrender of the bonds for cash redemption under this call will be found in Department Circular No. 666, dated July 21, 1941.

[SEAL] G. M. HUMPHREY,
Secretary of the Treasury.

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 32, Supplementary Regulation 2, Section 3, Special Order 51]

RACHAL FIELD, BROOKS COUNTY, TEXAS

CRUDE CONDENSATE CEILING PRICES ADJUSTED ON AN IN-LINE BASIS

Statement of considerations. This special order adjusts the ceiling price for the sale of crude condensate produced from Rachal Field, Brooks County, Texas.

The Office of Price Stabilization has been requested to eliminate the differential heretofore imposed upon crude condensate produced from Rachal Field, Brooks County, Texas. During the base period, due to a lack of competitive factors and inadequate transportation facilities, the crude condensate produced from this field was not segregated and consequently sold at a lower price than that paid for crude condensate of comparable quality produced in the same area. This condition has now been eliminated and this differential should no longer be imposed.

From the information available to this office, it appears that the requested price of $2.80 per barrel flat does not exceed the ceiling price of comparable crude condensate produced in this same area.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of Section 3 of Supplementary Regulation 2 to Ceiling Price Regulation 32, *It is ordered:*

1. That the ceiling price at the lease receiving tank for crude condensate produced from the Rachal Field, Brooks County, Texas shall be: $2.80 per barrel flat.

2. All provisions of Ceiling Price Regulation 32, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified or revoked by the Director of Price Stabilization at any time.

Effective date. This special order shall become effective on February 11, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 10, 1953.

[F. R. Doc. 53-1461; Filed, Feb. 10, 1953; 4:46 p. m.]

[Ceiling Price Regulation 32, Supplementary Regulation 2, Section 3, Special Order 49]

CERTAIN FIELDS IN LOUISIANA

CRUDE CONDENSATE CEILING PRICES ADJUSTED ON AN IN-LINE BASIS

Statement of considerations. This special order adjusts the ceiling price for the sale of crude condensate produced from the following listed Louisiana fields:

Fields and Parishes

La Pice: St. James.
Barataria: Jefferson.
Abbeville: Vermillion.
Avery Island: Iberia.
Egan: Acadia.
North Elton: Evangeline.
South Elton: Jefferson.
Hayes: Calcasieu and Jefferson.
Iowa: Calcasieu and Jefferson.
Jeanerette: St. Mary.
Jennings: Acadia.
South Jennings: Jefferson.
Lewisburg: Acadia and St. Landry.
West Mermentau: Acadia.
Welsh: Jefferson.

The Office of Price Stabilization has been requested to eliminate the differentials heretofore imposed on crude condensate produced from certain South Louisiana fields listed above. During the base period, due to a lack of competitive factors, curtailed production, and inadequate low cost transportation, the crude condensate produced from these fields sold at a lower price than that paid for crude condensate of comparable quality produced in the same general producing area. This condition has now been elim-

inated and this differential should no longer be imposed.

From the information available to this office, it appears that the requested ceiling price of $2.85 per barrel flat does not exceed the ceiling price of comparable crude condensate produced in this same area.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of Section 3 of Supplementary Regulation 2 to Ceiling Price Regulation 32, *It is ordered:*

1. That the ceiling price at the lease receiving tank for crude condensate produced from the above listed Louisiana fields shall be: $2.85 per barrel flat.

2. All provisions of Ceiling Price Regulation 32, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified or revoked by the Director of Price Stabilization at any time.

Effective date. This special order shall become effective on February 11, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 10, 1953.

[F. R. Doc. 53-1459; Filed, Feb. 10, 1953; 4:46 p. m.]

[Ceiling Price Regulation 32, Supplementary Regulation 2, Section 3, Special Order 50]

LOGANSPORT FIELD (PETTIT AND TRAVIS PEAK FORMATIONS), DE SOTO PARISH, LOUISIANA

CRUDE CONDENSATE CEILING PRICE ADJUSTED ON AN IN-LINE BASIS

Statement of considerations. This special order adjusts the ceiling price for the purchase of crude condensate produced from Logansport Field (Pettit and Travis Peak Formation), De Soto Parish, Louisiana.

The Office of Price Stabilization has been requested to eliminate the differential heretofore imposed upon crude condensate produced from the Logansport Field (Pettit and Travis Peak Formations), De Soto Parish, Louisiana. During the base period, due to curtailed production, a lack of competitive factors and inadequate low cost transportation facilities, the crude condensate produced from this field was not segregated and consequently sold at a lower price than that paid for crude condensate of comparable quality produced in the same area. This condition has now been eliminated and this differential should no longer be imposed.

From information available to this office, it appears that a ceiling price of $2.80 per barrel flat does not exceed the ceiling price of comparable condensate produced in this same area.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to the provisions of Section 3 of Supplementary Regulation 2 to Ceiling Price Regulation 32, *it is ordered:*

1. That the ceiling price at the lease receiving tank for crude condensate produced from the Logansport Field (Pettit and Travis Peak Formations), De Soto Parish, Louisiana, shall be $2.80 per barrel flat.

2. All provisions of Ceiling Price Regulation 32, except as inconsistent with the provisions of this order, shall remain in full force and effect as to the commodities covered by this order.

3. This order may be amended, modified or revoked by the Director of Price Stabilization at any time.

Effective date. This special order shall become effective on February 11, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

[Region IX, Redelegation of Authority 45, Amdt. 1]

DIRECTORS OF DISTRICT OFFICES, REGION IX, KANSAS CITY, MO.

REDELEGATION OF AUTHORITY TO ACT ON APPLICATIONS FOR CEILING PRICES OF NEW COMMODITIES BY MANUFACTURERS HAVING ANNUAL SALES OF LESS THAN $1,000,000 UNDER CPR 161

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. IX, pursuant to the provisions of Delegation of Authority No. 75, Amendment 1, dated December 24, 1952 (17 F. R. 11764), this Amendment 1 to Redelegation of Authority No. 45 (17 F. R. 10424) is hereby issued.

Redelegation of Authority No. 45 is amended to read as follows:

Authority is hereby redelegated to the Directors of the District Offices of the Office of Price Stabilization, Region IX, to process in the respects indicated herein ceiling price reports or applications for new commodities filed under Ceiling Price Regulation 161, by manufacturers whose gross sales for their last complete fiscal year of commodities manufactured by them were less than $1,000,000, or by new manufacturers who do not expect their gross sales to exceed $1,000,000 during their first complete fiscal year.

(a) To approve, or disapprove proposed ceiling prices for new commodities under sections 3, 4 and 5 of Ceiling Price Regulation 161;

(b) To issue letter orders as provided in section 6 of Ceiling Price Regulation 161, establishing ceiling prices of new commodities for which a ceiling price cannot be calculated under sections 3, 4 and 5 of Ceiling Price Regulation 161;

(c) To issue letter orders disapproving or reducing ceiling prices reported or proposed as provided in section 9 of Ceiling Price Regulation 161;

(d) To request additional information, as provided in section 15 of Ceiling Price Regulation 161, where applicants submit proposed ceiling prices for new commodities under sections 3, 4, 5 and 6 of Ceiling Price Regulation 161.

This Amendment 1 to Redelegation of Authority No. 45 shall take effect as of January 20, 1953.

M. A. Brooks,
Regional Director, Region IX.

February 11, 1953.

[Region IX, Redelegation of Authority 48, Revision 1]

Directors of District Offices, Region IX, Kansas City, Mo.

REDELEGATION OF AUTHORITY TO ACT UNDER SECTIONS 6 AND 7 OF THE GCPR

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. IX, pursuant to the provisions of Delegation of Authority No. 76, Revision 1, dated December 11, 1952 (17 F. R. 11252), this Revision 1 of Redelegation of Authority No. 48 (17 F. R. 10797), is hereby issued.

1. *Authority to act under sections 6 and 7 of the General Ceiling Price Regulation.* Authority is hereby redelegated to the Directors of the District Offices of the Office of Price Stabilization, Region IX:

(a) To act under sections 6 and 7 of the General Ceiling Price Regulation, in respect to all matters referred to therein pertaining to applications and reports submitted by manufacturers, wholesalers, retailers, and suppliers of services except as follows:

1. Firms which expect to sell a substantial amount of the commodities covered by their report or application to persons located outside the OPS Region in which their principal place of business is located, or

2. Manufacturers whose total gross sales of manufactured commodities amounted to $1,000,000 or more for their last complete fiscal year, or a new manufacturer whose total gross sales of manufactured commodities are expected to reach $1,000,000 or more for their first complete fiscal year;

3. Firms who make a report or application for a group of retail sellers which have uniform ceiling prices in accordance with the provisions of section 12 of the General Ceiling Price Regulation.

(b) To act on any application or report under sections 6 and 7 of the General Ceiling Price Regulation, as amended, specifically referred for action by the National Office.

This Revision 1 of Redelegation of Authority No. 48 shall take effect as of January 20, 1953.

M. A. Brooks,
Regional Director, Region IX.

February 11, 1953.

[F. R. Doc. 53-1517; Filed, Feb. 11, 1953; 4:41 p. m.]

[Region IX, Redelegation of Authority 55]

Directors of District Offices, Region IX, Kansas City, Mo.

REDELEGATION OF AUTHORITY TO ACT UNDER SECTION 3 (C) OF SUPPLEMENTARY REGULATION 3, AS AMENDED, TO CPR 34, AS AMENDED

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. IX, pursuant to the provisions of Delegation of Authority No. 87, dated December 23, 1952 (17 F. R. 11764), this redelegation of authority is hereby issued.

Authority is hereby redelegated to the Directors of the District Offices of the Office of Price Stabilization, Region IX, to process the applications filed under section 3 (c) of Supplementary Regulation 3, as amended, to Ceiling Price Regulation 34, as amended, by sellers of automotive repair service; to issue letter orders permitting such sellers to substitute approved editions of, or supplements to flat rate manuals or labor time schedules in place of altered flat rate manuals or labor time schedules; and to modify the established customers' hourly rates of such sellers.

This redelegation of authority shall take effect as of January 20, 1953.

M. A. Brooks,
Regional Director, Region IX.

February 11, 1953.

[F. R. Doc. 53-1513; Filed, Feb. 11, 1953; 4:40 p. m.]

[Region X, Redelegation of Authority 2, Revision 1, Amdt. 1]

Directors of District Offices, Region X, Dallas, Tex.

REDELEGATION OF AUTHORITY TO ACT ON APPLICATIONS PERTAINING TO CERTAIN FOOD AND RESTAURANT COMMODITIES; AUTHORITY TO ACT UNDER SECTION 26B OF CPR 15 AND 24B OF CPR 16

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. X, Dallas, Texas, pursuant to Delegation of Authority No. 8, Revision 1, Amendment 1, (18 F. R. 336), this Amendment 1 to Redelegation of Authority No. 2, Revision 1, is hereby issued.

Redelegation of Authority No. 2, Revision 1, is amended by adding paragraph 2 to read as follows:

2. *Authority to act under section 26b of CPR 15 and 24b of CPR 16.* Authority is hereby redelegated to the Directors of the District Offices, Office of Price Stabilization, Region X, to take appropriate action under section 26b of CPR 15 and under section 24b of CPR 16.

This Amendment 1 to Redelegation of Authority No. 2, Revision 1, shall take effect as of January 26, 1953.

B. Frank White,
Director of Regional Office X.

February 11, 1953.

[Region XI, Redelegation of Authority 25; Amdt. 1]

Directors of All District Offices, Region XI

REDELEGATION OF AUTHORITY TO ACT UNDER CPR 25, AMENDMENT 1, REVISED CEILING PRICES OF BEEF ITEMS SOLD AT RETAIL

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. XI, pursuant to Delegation of Authority No. 42, Amendment 1, (18 F. R. 269) this Amendment 1 to Redelegation of Authority 25 is hereby issued.

Section 1 of Redelegation of Authority No. 25 is amended to read as follows:

1. Authority is hereby redelegated to each of the District Directors of the Office of Price Stabilization in Region XI to act under sections 4 (d), 5 (c) (3), 12, 21 (c), 22, 30 (f) and (g), 32 (b), 33 and 35 of Ceiling Price Regulation 25.

All actions in respect to sections 33 and 35 of CPR 25, taken by District Offices previous to this authority, are hereby confirmed and validated.

This Amendment 1 to Redelegation of Authority 25 shall take effect as of January 23, 1953.

Delbert M. Draper,
Regional Director, Region XI.

February 11, 1953.

[F. R. Doc. 53-1519; Filed, Feb. 11, 1953; 4:41 p. m.]

[Region XIII, Redelegation of Authority No. 2, Revision 3]

Directors of District Offices, Region XIII, Seattle, Wash.

REDELEGATION OF AUTHORITY TO ACT ON APPLICATIONS PERTAINING TO CERTAIN FOOD AND RESTAURANT COMMODITIES; AUTHORITY TO ACT UNDER SECTION 26B OF CPR 15 AND 24B OF CPR 16

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. XIII, pursuant to Delegation of Authority 8, Revision 1, as amended (18 F. R. 336), this redelegation of authority is hereby issued.

1. Authority is hereby redelegated to the Directors of the Boise, Portland, and Spokane District Offices of Price Stabilization, respectively, to take appropriate action under sections 15 (c), 23, 26, 26a, 27, 27a, 27b, 27c, 28, 28b, and 28c of

CPR 14; sections 21a, 26, 26a, 27, and 30 (b) of CPR 15; and sections 22 (b), 24, 24a, and 26 (b) of CPR 16.

2. Authority is hereby redelegated to the Directors of the Boise, Portland, and Spokane District Offices of Price Stabilization, respectively, to take appropriate action under section 26b of CPR 15 and under section 24b of CPR 16.

This redelegation of authority shall become effective as of January 28, 1953.

MURIEL MAWER,
Acting Regional Director, Region XIII.

FEBRUARY 11, 1953.

FEDERAL POWER COMMISSION

[Docket No. E-6460]

PUBLIC SERVICE CO. OF COLORADO

ORDER POSTPONING HEARING

FEBRUARY 5, 1953.

The Commission having considered the motion filed January 30, 1953, by Public Service Company of Colorado, requesting that the date of hearing upon order to show cause be vacated and that prior to such hearing the Commission hear and determine the Company's proposal of adjustment, filed the same date, orders:

(A) The proposal of adjustment be and it is hereby rejected.

(B) The hearing heretofore set for February 9, 1953, is hereby postponed pending the further order of the Commission.

Date of issuance: February 10, 1953.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 53-1494; Filed, Feb. 13, 1953; 8:51 a. m.]

[Docket No. E-6473]

IOWA PUBLIC SERVICE CO., AND KANSAS CITY POWER & LIGHT CO.

NOTICE OF APPLICATION

FEBRUARY 9, 1953.

Take notice that on January 28, 1953, applications were filed with the Federal Power Commission, pursuant to section 203 of the Federal Power Act, by Iowa Public Service Company (hereinafter called "Iowa"), and Kansas City Power & Light Company (hereinafter called "Kansas City"), seeking an order authorizing the sale by Kansas City and the purchase by Iowa of approximately 55 miles of 161,000 volt 3 phase transmission line to be located between the Fort Dodge substation of the Iowa-Illinois Gas and Electric Company easterly to a point approximately 6 miles north of Iowa Falls. Iowa is a corporation organized under the laws of the State of Iowa and doing business in the States of South Dakota, Nebraska and Iowa, with its principal business office at Sioux City, Iowa. Kansas City is a corporation organized under the laws of the State of Missouri and doing business in the States of Kansas, Iowa and Missouri, with its principal business office at Kansas City, Missouri. The transmission line proposed to be sold, the application states, will be constructed at a cost of approximately $990,000 and is proposed for sale at said cost; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 28th day of February 1953, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. E-6474]

FLORIDA POWER CORP.

NOTICE OF APPLICATION

FEBRUARY 10, 1953.

Take notice that on February 9, 1953, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Florida Power Corporation, a corporation organized under the laws of the State of Florida and doing business in the States of Florida and Georgia, with its principal business office at St. Petersburg, Florida, seeking an order authorizing the issuance of promissory notes payable on or before December 31, 1953. Promissory notes will be issued to, and participation will be had by, the banks named below in the amounts set forth as follows:

	Participation
Guaranty Trust Co. of New York	$4,675,000
The Hanover Bank	2,750,000
The Chase National Bank of the City of New York	2,250,000
Chemical Bank & Trust Co	1,500,000
Irving Trust Co	500,000
Florida National Bank at St. Petersburg	410,000
Union Trust Co., St. Petersburg	150,000
First National Bank, Orlando	125,000
First National Bank in St. Petersburg	100,000
The Bank of Clearwater	40,000
Total	12,500,000

all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 2d day of March 1953, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket Nos. G-1012, G-1319, G-1554, G-1558-G-1560, G-1568, G-1576, G-1584, G-1655, G-1921, G-1922, G-1969, G-2077, G-2108]

ALGONQUIN GAS TRANSMISSION CO. ET AL.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

FEBRUARY 5, 1953.

In the matters of Algonquin Gas Transmission Company, Docket No. G-1319; Northeastern Gas Transmission Company, Docket No. G-1568; Texas Eastern Transmission Corporation, Docket No. G-1012; Portland Gas Light Company, Docket No. G-1554; Biddeford and Saco Gas Company, Docket No. G-1558; Gas Service, Incorporated, Docket No. G-1559; Allied New Hampshire Gas Company, Docket No. G-1560; Greenfield Gas Light Company, Docket No. G-1576; Gardner Gas Fuel and Light Company, Docket No. G-1584; Athol Gas Company, Docket No. G-1655; Blackstone Valley Gas and Electric Company, Docket No. G-2077; Tennessee Gas Transmission Company and Niagara Gas Transmission Limited, Docket No. G-1921; Tennessee Gas Transmission Company, Docket No. G-1922; Tennessee Gas Transmission Company, Docket No. G-1969; Tennessee Gas Transmission Company, Docket No. G-2108.

The Commission by order issued October 31, 1952, in Docket No. G-1319 et al., consolidated and set for hearing the following applications: (1) Algonquin Gas Transmission Company's (Algonquin) application for a certificate of public convenience and necessity authorizing the construction and operation of a natural-gas pipe-line system to serve certain New England markets in reopened Docket No. G-1319; (2) Northeastern Gas Transmission Company's (Northeastern) application for a certificate of public convenience and necessity authorizing the construction and operation of a natural-gas pipe-line system to serve the same New England markets which Algonquin in its above-mentioned application sought to serve and in addition other specified New England markets, in reopened Docket No. G-1568; (3) Texas Eastern Transmission Corporation's (Texas Eastern) application for a certificate of public convenience and necessity authorizing the construction and operation of natural-gas pipe-line facilities for the sale and delivery of natural gas to Algonquin at a point near Lambertville, New Jersey, in reopened Docket No. G-1012; and (4) the following applications of gas distributing companies in New England filed pursuant to section 7 (a) of the Natural Gas Act each for an order directing Northeastern to establish physical connection with, and to sell and deliver natural gas to, each applicant:

Portland Gas Light Company, Docket No. G-1554.

Biddeford and Saco Gas Company, Docket No. G-1558.

Gas Service, Incorporated, Docket No. G-1559.

Allied New Hampshire Gas Company, Docket No. G-1560.

Greenfield Gas Light Company, Docket No. G-1576.

Gardner Gas Fuel and Light Company, Docket No. G–1584.

Athol Gas Company, Docket No. G–1655.

Blackstone Valley Gas and Electric Company, Docket No. G–2077.

The above-mentioned Commission order set the consolidated applications for hearing on November 24, 1952; notice by the Secretary of the Commission filed November 10, 1952, in Docket No. G–1319, et al., set the hearing for November 25, 1952. Pursuant to the Secretary's notice the hearing was begun on November 25, 1952. Such hearing is presently being held before a Presiding Examiner of the Commission.

A joint application for authorization to export natural gas, Docket No. G–1921, was filed by Tennessee Gas Transmission Company (Tennessee) and Niagara Gas Transmission Limited (Niagara), pursuant to section 3 of the Natural Gas Act, on March 18, 1952, and an amendment to that application was filed by Tennessee and Niagara on June 2, 1952. The application sought authorization to export natural gas to Canada, the gas to be purchased by Niagara from producers in southwestern United States and transported by Tennessee for the account of Niagara from southwestern United States to a point of interconnection with the proposed facilities of Niagara on the international boundary north of Niagara Falls.

Tennessee filed an application for Presidential Permit in Docket No. G–1922 on March 18, 1952, in compliance with Executive Order No. 8202 and §§ 153.10 and 153.11 of the Commission's rules of practice and procedure (18 CFR 153.10 and 153.11). The requested recommendation for a Presidential Permit in this application is correlative to Tennessee's and Niagara's application described above in Docket No. G–1921.

On June 2, 1952, Tennessee filed an application, pursuant to section 7 of the Natural Gas Act, in Docket No. G–1969 for a certificate of public convenience and necessity authorizing the construction and operation of natural-gas pipeline facilities necessary to effectuate the transportation for which authorization was sought in the above-described application in Docket No. G–1921.

By Commission order issued April 2, 1952, Docket Nos. G–1921 and G–1922 were consolidated with Docket No. G–996, et al., and the consolidated dockets set for hearing June 16, 1952.

On June 17, 1952, during such consolidated hearing, counsel for Northwest Natural Gas Company, applicant in Docket No. G–996, filed a written motion to severe Docket Nos. G–1921 and G–1922; on June 20, 1952, a similar motion was filed by counsel for applicants in Docket Nos. G–1921 and G–1922.

By order issued July 2, 1952, the Commission severed Docket Nos. G–1921 and G–1922 from the consolidated Docket Nos. G–996, et al. By the same order, the Commission consolidated Docket Nos. G–1921 and G–1922 with Docket No. G–1969 for purposes of hearing, and set the hearing for a time and place to be fixed by further order of the Commission.

By Commission order issued July 17, 1952, such consolidated hearing was set for August 6, 1952; later an order issued July 29, 1952, postponing such consolidated hearing to September 15, 1952.

On September 9, 1952, the Commission issued an order further postponing such consolidated hearing until a date to be fixed by order of the Commission. In the order issued September 9, 1952, the Commission first set out the following paragraph from its order in a prior proceeding involving an application by Tennessee, Docket No. G–1573:

> It appears to be reasonable and in the public interest that for the purposes of these reopened proceedings Tennessee's incremental study of its deliverability estimates should be accepted. However, we consider it reasonable to require Tennessee, in any future proceedings on applications for certificates of public convenience and necessity involving material increase in its total system deliverability capacity, to present evidence showing a complete system deliverability study on a year-by-year basis. Tennessee has been so notified by the Commission and such notice constitutes a part of the record herein.

The Commission then stated that it had by letter requested Tennessee to submit on or before September 5, 1952, such a deliverability study along with other pertinent data. Likewise, Niagara was requested to submit certain pertinent data on or before September 1, 1952. The order stated, finally, that all of the required information had not been furnished. Nor has such information since been furnished pursuant to that letter. However, as a part of its filing in Docket No. G–2108 Tennessee has included as a proposed exhibit a Deliverability Study, showing the daily volumes of gas it estimates can and are proposed to be obtained each year from each source of supply.

On January 12, 1953, Tennessee filed an application, pursuant to section 7 of the Natural Gas Act, for a certificate of public convenience and necessity authorizing an increase from a maximum of 220,000 Mcf per day established in the Commission's order of June 19, 1952, in Docket No. G–1573 to 433,000 Mcf per day of the maximum authorized daily deliveries of natural gas to Northeastern, which is a wholly-owned subsidiary of Tennessee. Tennessee proposes to make the additional deliveries to Northeastern through its presently-certificated facilities. The additional quantity of natural gas proposed to be delivered to Northeastern is for the purpose of enabling Northeastern to serve those customers sought to be served in Northeastern's above-mentioned application in Docket No. G–1568.

The Commission finds:

(1) Good cause exists and it is in the public interest to consolidate all the proceedings listed in the heading hereof for purpose of hearing.

(2) Good cause exists and it is in the public interest that the hearing in Docket Nos. G–1921, G–1922, G–1969 and G–2108 commence following the termination of all direct and cross and other examination of witnesses appearing on behalf of applicants in the hearing presently being held in Docket No. G–1319 and those other dockets heretofore consolidated by order of the Commission issued October 31, 1952, in Docket No. G–1319, et al.

(3) Good cause exists and the public interest requires that Docket No. G–2108 be consolidated with the above-docketed proceedings pursuant to § 157.11 of the Commission's rules of practice and procedure.

(4) It is reasonable and in the public interest and good cause exists for fixing the date of hearing for these consolidated applications less than 15 days after publication of this order in the FEDERAL REGISTER.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 3, 7, and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, the proceedings in Docket Nos. G–1319, G–1568, G–1012, G–1554, G–1558, G–1559, G–1560, G–1576, G–1584, G–1655, G–2077, G–1921, G–1922, G–1969, and G–2108 be and they are hereby consolidated for purpose of hearing; hearing shall commence on February 24, 1953, at 10:00 a. m., e. s. t. in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., or if examination of witnesses in the hearing presently being held, described in (2) above, is not completed, at such time and place thereafter as the Presiding Examiner shall fix.

(B) Interested State commissions may participate as provided by § 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: February 10, 1953.

By the Commission.[1]

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 30-227, 54-202]

ALABAMA POWER CO. ET AL.

ORDER DECLARING THAT ALABAMA POWER COMPANY HAS CEASED TO BE A HOLDING COMPANY

FEBRUARY 9, 1953.

In the matter of Alabama Power Company, Birmingham Electric Company, and the Southern Company; File No. 54-202 and File No. 30-227.

The Commission, after public hearings held with respect thereto, adopted and published its findings and opinion and order, dated October 21, 1952 (Holding Company Act Release No. 11548), approving a plan filed under Section 11 (e) of the act for the merger of Alabama Power Company ("Alabama"), an exempt registered holding company and a public utility company, and its public utility subsidiary, Birmingham Electric Company ("Birmingham"). Alabama is a subsidiary of the Southern Company, a registered holding company. At the time of the filing of the plan, Alabama requested the Commission to find and declare, pursuant to Section 5 (d) of the act, that upon consummation of the plan Alabama would cease to be a holding company. In the aforesaid findings and opinion the Commission stated, among other things, that it would be appropriate to enter the requested order when the proposed merger had been effectuated since at such time Alabama would have no public utility company subsidiaries. The Commission has now been advised that the plan has been consummated and that pursuant thereto Birmingham was merged into Alabama. The Commission finding that Alabama has ceased to be a holding company:

It is hereby ordered and declared, Pursuant to section 5 (d) of the act, that Alabama has ceased to be a holding company and that this order shall become effective forthwith upon issuance.

By the Commission.

[File No. 70-2981]

SOUTHERN CO., AND GEORGIA POWER CO.

ORDER AUTHORIZING ISSUANCE AND SALE BY SUBSIDIARY OF COMMON STOCK AND ACQUISITION THEREOF BY PARENT COMPANY

FEBRUARY 9, 1953.

The Southern Company ("Southern"), a registered holding company and its subsidiary company, Georgia Power Company ("Georgia Power"), a public utility company, having filed with this Commission an application-declaration and an amendment thereto, pursuant to sections 6, 7, 9 (a), 10 and 12 (f) of the act and Rules U-23 and U-43 promulgated thereunder, with respect to certain transactions which are summarized as follows:

Georgia Power has an authorized common stock of 5,000,000 shares, no par value. There are 4,796,000 of such shares outstanding, all of which are owned by Southern. Georgia Power proposes to issue and sell to its parent an additional 338,000 shares of common stock for a cash consideration of $6,000,000 of which $3,500,000 is to be received for 197,166 shares to be sold in February 1953. The balance of 140,834 shares is to be sold for $2,500,000 in March 1953, after appropriate action has been taken by the Board of Directors and the stockholders of Georgia Power to increase the authorized number of shares of common stock from 5,000,000 shares to 7,500,000 shares. The price per share for the 338,000 shares is slightly in excess of the book value per share of the issued and outstanding common stock as of November 30, 1952.

It is stated that the proceeds from the sale of such shares will be used by Georgia Power to finance improvements, extensions and additions to its utility plant.

The Georgia Public Service Commission has approved the proposed issuance and sale of 204,000 shares of common stock which are now authorized but are still unissued and has also approved the issuance and sale of 134,000 additional shares on condition that Georgia Power's stockholders adopt an appropriate amendment to the company's charter.

The application-declaration, as amended, states that no other state commission or Federal Commisison, other than this Commission, has jurisdiction over the proposed transactions.

The application-declaration, as amended, further states that the expenses to be incurred in connection with the proposed transactions are estimated at $10,850, including counsel fees of $500.

It is requested that the Commission's order herein become effective upon issuance.

Notice of the filing of the application-declaration, having been given in the manner and form provided by Rule U-23 of the rules and regulations promulgated under the act, and a hearing not having been requested or ordered by the Commission within the time specified in said notice; and the Commission finding that the applicable provisions of the act and the rules and regulations promulgated thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective forthwith, subject to the conditions specified herein:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, be, and hereby is, granted and permitted to become effective forthwith, on condition that appropriate corporate action be taken by Georgia Power to increase its authorized common stock by at least 134,000 shares prior to the issuance of 140,834 shares in March 1953, as proposed, and also subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[File No. 70-2989]

AMESBURY ELECTRIC LIGHT CO. ET AL.

NOTICE OF FILING OF PROPOSED NOTE ISSUES

FEBRUARY 9, 1953.

In the matter of Amesbury Electric Light Company, Attleboro Steam and Electric Company, Gloucester Electric Company, Northampton Electric Lighting Company, Northern Berkshire Gas Company, Quincy Electric Light and Power Company, Weymouth Light and Power Company; File No. 70-2989.

Notice is hereby given that declarations have been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 (the "act"), by the above named companies, hereinafter individually referred to as "Amesbury", "Attleboro", "Gloucester Electric", "Northampton Electric", "Northern Berkshire", "Quincy" and "Weymouth" and collectively referred to as the "borrowing companies", all public-utility subsidiary companies of New England Electric System ("NEES"), a registered

holding company. The borrowing companies have designated sections 6 (a) and 7 of the act and Rules U-23 and U-42 (b) (2) thereunder as applicable to the proposed transactions, which are summarized as follows:

The borrowing companies propose to issue to banks, from time to time but not later than June 30, 1953, unsecured six-months promissory notes in the maximum aggregate principal amount of $5,660,000. Each of the proposed notes will be due six months after the respective date thereof and each will bear interest at the prime rate of interest at the time of the issuance thereof. It is stated that said interest rate for such notes at the present time is 3 percent per annum. In the event that such interest rate is in excess of 3¼ percent per annum at the time any of said additional promissory notes are to be issued, the borrowing company will file an amendment to its declaration setting forth therein, at least five days prior to the issuance of said note or notes, the name of the bank or banks, the terms of the note or notes, and the rate of interest. Each of the borrowing companies requests that such amendment become effective at the end of such period unless the Commission notifies it to the contrary within said period.

The following table shows the amount of promissory notes proposed to be issued to banks prior to June 30, 1953, by each of the borrowing companies and the use of the proceeds derived from such notes.

Company	Notes proposed to be issued prior to June 30, 1953	Use of proceeds	
		Payment of notes payable to NEES	Construction or reimbursement therefor
Amesbury	$515,000	$495,000	$20,000
Attleboro	555,000	495,000	60,000
Gloucester Electric	805,000	730,000	75,000
Northampton Electric	325,000	175,000	150,000
Northern Berkshire	1,230,000	1,130,000	100,000
Quincy	1,180,000	930,000	250,000
Weymouth	1,050,000	850,000	200,000
Total	5,660,000	4,805,000	855,000

Each of the borrowing companies states that the proceeds from any permanent financing will be applied in reduction of, or in total payment of, promissory notes then outstanding, and the amount of authorized but unissued notes, if any, will be reduced by the amount, if any, by which such permanent financing exceeds the notes at the time outstanding.

The declarations state that incidental services in connection with the proposed note issues will be performed, at cost, by New England Power Service Company, an affiliated service company, such cost being estimated not to exceed $200 for each of the borrowing companies or an aggregate of $1,400. The declarations further state that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

The borrowing companies request that the Commission's order herein become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than February 25, 1953, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reason or reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, the declarations, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2996]

POTOMAC EDISON CO. AND POTOMAC LIGHT AND POWER CO.

NOTICE OF FILING REGARDING SALE OF COMMON STOCK BY SUBSIDIARY TO PARENT

FEBRUARY 10, 1953.

Notice is hereby given that a joint application-declaration has been filed with this Commission by The Potomac Edison Company ("Potomac Edison"), a registered holding company and public utility subsidiary of The West Penn Electric Company, also a registered holding company, and by Potomac Light and Power Company ("Potomac Light"), a public utility subsidiary of Potomac Edison. Applicants-declarants have designated sections 6, 7, 9, 10, and 12 of the act and Rules U-43 and U-44 promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Potomac Light proposes to issue 10,900 shares of its authorized and unissued common stock, having a par value of $100 per share, and to sell such shares to Potomac Edison for a cash consideration of $1,090,000. Potomac Edison owns all of the outstanding common stock of Potomac Light which stock is presently pledged under the indenture securing Potomac Edison's outstanding first mortgage bonds. The 10,900 shares of common stock which are to be issued and sold by Potomac Light will be acquired from time to time as necessary prior to December 31, 1953 and will be pledged by Potomac Edison under its indenture. The price to be paid is based upon the par value of such shares. It is stated the proceeds from the sale will be used for the construction of property additions and improvements. The proposed transactions are subject to the jurisdiction of the Public Service Commission of Maryland and the Public Service Commission of West Virginia and the expenses to be incurred in connection therewith, consisting chiefly of United States documentary stamps and miscellaneous expenses, are estimated at less than $1,600.

It is requested that the Commission's order herein become effective upon issuance.

Notice is further given that any interested person may, not later than February 26, 1953, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said joint application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after February 26, 1953, said joint application-declaration, as filed or as amended, may be granted or permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27784]

FERTILIZER AND RELATED ARTICLES FROM POINTS IN ARKANSAS, LOUISIANA, AND TEXAS, TO STONEY CREEK, VA.

APPLICATION FOR RELIEF

FEBRUARY 11, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariff I. C. C. No. 3746.

Commodities involved: Fertilizer and related articles, carloads.

From: Points in Arkansas, Louisiana (west of the Mississippi River), and Texas.

To: Stoney Creek, Va.

Grounds for relief: Rail competition, circuitous routes, and additional destination.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3746, Supp. 105.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may

proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[4th Sec. Application 27785]

HYDROL FROM CORPUS CHRISTI, TEX., TO LOUISVILLE, KY.

APPLICATION FOR RELIEF

FEBRUARY 11, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariff I. C. C. No. 3967.

Commodities involved: Hydrol (sorghum sugar final molasses), in tank-car loads.

From: Corpus Christi, Tex.

To: Louisville, Ky.

Grounds for relief: Rail and market competition and circuity.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3967, Supp. 199.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 27786]

STOVES AND RANGES FROM NASHVILLE, TENN., TO NEW ORLEANS, LA.

APPLICATION FOR RELIEF

FEBRUARY 11, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for the Chicago, Rock Island and Pacific Railroad Company and other carriers, pursuant to fourth-section order No. 16101.

Commodities involved: Stoves and ranges and related articles, carloads.

From: Nashville, Tenn.

To: New Orleans, La., and points within the switching limits of New Orleans, for export.

Grounds for relief: Rail competition, circuitous routes, and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

DEPARTMENT OF JUSTICE

Office of Alien Property

[Vesting Order 19167]

PAULA MAUCHER

In re: Bank account owned by Paula Maucher. F-28-32056-E-1.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Paula Maucher, whose last known address is 14b Eberhardzell, Post Biberach, Wurtemberg, Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany and is, and prior to January 1,

1947, was a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of the Hudson County National Bank, 95 River Street, Hoboken, New Jersey, arising out of a Savings Account numbered 40622, entitled Paula Maucher, maintained with the aforesaid bank, together with any and all rights to demand, enforce and collect the same,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Paula Maucher, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the person identified in subparagraph 1 hereof, be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 9, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

NAAMLOOZE VENNOOTSCHAP ALGEMEEN HOLLANDSCH TRUSTKANTOOR

In re: Portion of account maintained in the name of Naamlooze Vennootschap Algemeen Hollandsch Trustkantoor, Amsterdam, Holland, and owned by persons whose names are unknown. D-49-570.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: That certain debt or other obligation of the Bank of the Manhattan Company, 40 Wall Street, New York 15, New York, in the amount of $4,089.61 as of May 28, 1952, being a portion of funds on deposit in an account entitled Naamlooze Vennootschap Algemeen Hollandsch Trustkantoor, Amsterdam, Holland, as described by the Bank of the Manhattan Company in its License Application No. NY 872056 on Form OAP-200 dated April 2, 1952, bearing its Serial No. 30615 and its letter dated May 28, 1952, supplementing the aforesaid License Application, together with any and all accruals to the aforesaid debt or other obligation and any and all rights to demand, enforce and collect the same,

is and prior to January 1, 1947, was property within the United States;

2. That the property described in subparagraph 1 hereof is and prior to January 1, 1947, was owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are and on or since December 11, 1941, and prior to January 1, 1947, were residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are and on or since December 11, 1941, and prior to January 1, 1947, were organized under the laws of and had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are and prior to January 1, 1947, were nationals of a designated enemy country;

and it is hereby determined:

4. That the national interest of the United States requires that such persons be treated as persons who are and prior to January 1, 1947, were nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany.

Executed at Washington, D. C., on February 9, 1953.

For the Attorney General.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Joseph Kungel, a/k/a Ignaz Kungel, whose last known address is Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany and is, and prior to January 1, 1947, was a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person identified in subparagraph 1 hereof, in and to the estate of Katie Fleuchaus, deceased, is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by August P. Fogler, Jr., Executor, acting under the judicial supervision of the Surrogate's Court of Passaic County, New Jersey.

and it is hereby determined:

4. That the national interest of the United States requires that the person identified in subparagraph 1 hereof be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193.

Executed at Washington, D. C., on February 11, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 19171]

HENRY BUTTMANN

In re: Stock owned by Henry Buttmann, also known as Heinrich Buttmann and as Henry Buttman. F-28-828.

Under the authority of the Trading With the Enemy Act, as amended (50

U. S. C. App. and Sup. 1–40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Henry Buttmann, also known as Heinrich Buttmann and as Henry Buttman, whose last known address is Elmshorn, Holstein, Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany and is, and prior to January 1, 1947, was a national of a designated enemy country (Germany);

2. That the property described as follows: One (1) scrip certificate for 50/100ths of a share of $50.00 par value preferred capital stock of Consumers Company of Illinois (now Consumers Company), 228 North La Salle Street, Chicago, Illinois, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered SP 927, presently in the custody of the Attorney General of the United States, in safekeeping account No. 28–200,458, and owned by Henry Buttmann, also known as Heinrich Buttmann and as Henry Buttman, together with any and all rights thereunder and thereto,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Henry Buttmann, also known as Heinrich Buttmann and as Henry Buttman, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the person identified in subparagraph 1 hereof, be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 11, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 19170]

BERKENHOFF & DREBES, A. G.

In re: Debt owing to Berkenhoff & Drebes, A. G. F–28–31697–C–1.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1–40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Berkenhoff & Drebes, A. G., the last known address of which is Herborn Dillkreis, Germany, is a corporation, partnership, association, or other business organization which on or since December 11, 1941, and prior to January 1, 1947, was organized under the laws of and had its principal place of business in Germany and is, and prior to January 1, 1947, was a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of Ludwig Hertlein, 20 Dale Carnegie Court, Lake Success, Long Island, New York, in the amount of $2,520.00 as of December 31, 1945, arising out of the sale of two wire drawing machines, together with any and all accruals to the aforesaid debt or other obligation and any and all rights to demand, enforce and collect the same,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Berkenhoff & Drebes, A. G., the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the person identified in subparagraph 1 hereof, be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 11, 1953.

For the Attorney General.

[SEAL] ROWLAND F. KIRKS,
Assistant Attorney General,
Director, Office of Alien Property.

ERNEST LUDWIG MARX

In re: Debt owing to Ernest Ludwig Marx, also known as Ernesto Lodovico Marx. F–28–27321–A–1, F–28–27876–A–1.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1–40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Ernest Ludwig Marx, also known as Ernesto Lodovico Marx, whose last known address is Budenheim, On-the-Rhine, Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany, and is, and prior to January 1, 1947, was a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of Swiss American Corporation, 25 Pine Street, New York, New York, in the amount of $31.87 as of June 30, 1949, being a portion of funds on deposit in a Credit Suisse, Lugano, General Ruling "A" account, maintained at the aforesaid corporation, together with any and all accruals to the aforesaid debt or other obligation and any and all rights to demand, enforce and collect the same,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Ernest Ludwig Marx, also known as Ernesto Lodovico Marx, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the person identified in subparagraph 1 hereof, be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 11, 1953.

For the Attorney General.

FEDERAL REGISTER

VOLUME 18 NUMBER 32

Washington, Tuesday, February 17, 1953

TITLE 7—AGRICULTURE

Chapter VII—Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

[Amdt. 6]

PART 713—COUNTY AND COMMUNITY COMMITTEES

SUBPART—SELECTION AND FUNCTIONS OF PRODUCTION AND MARKETING ADMINISTRATION COUNTY AND COMMUNITY COMMITTEES

LOCATION OF COUNTY OFFICES

By virtue of the authority vested in the Secretary of Agriculture by the Soil Conservation and Domestic Allotment Act, as amended, the regulations pertaining to the Selection and Functions of Production and Marketing Administration County and Community Committees, as amended (14 F. R. 5916, 15 F. R. 4262, 16 F. R. 6998, 17 F. R. 5057, 17 F. R. 5689, 17 F. R. 9687), are hereby amended by revising § 713.33, and the section is revised to read:

§ 713.33 *Location.* The office of the county committee shall be located in a place selected by the county committee, subject to the approval of the State Committee. In selecting the location of the county office, consideration shall be given to convenience to farmers, accessibility to other Federal, State and county agricultural agencies, adequacy of space and economy of operations.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d)

Done at Washington, D. C., this 12th day of February 1953. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[1023 (Cigar-Leaf-53)–3, Amdt. 2]

PART 723—CIGAR-FILLER TOBACCO, AND CIGAR-FILLER AND CIGAR-BINDER TOBACCO

MARKETING QUOTA REGULATIONS, 1953–54 MARKETING YEAR; TIME FOR FILING APPLICATION

The amendment herein is based on the marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended, applicable to tobacco (7 U. S. C. 1311–1314), and is made for the purpose of amending § 723.424 of the Cigar-filler and Binder tobacco marketing quota regulations, 1953–54 marketing year, to extend to March 14, 1953, the date for filing applications for new farm allotments. Prior to the adoption of this amendment, notice was given (18 F. R. 632) that the Secretary was considering amending the regulations in line with this amendment and that any interested person might express his views in writing in respect thereto. The data, views, and recommendations received pursuant to the notice have been duly considered within the limits permitted by the Agricultural Adjustment Act of 1938, as amended.

The Cigar-filler and Binder Tobacco Marketing Quota Regulations, 1953–54 Marketing Year, are amended by changing § 723.424 to read as follows:

§ 723.424 *Time for filing application.* An application for a new farm allotment shall be filed with the county committee no later than March 14, 1953, unless the farm operator was discharged from the armed services subsequent to December 31, 1952, in which case such application shall be filed within a reasonable period prior to planting tobacco on the farm.

(Sec. 375, 52 Stat. 66; 7 U. S. C. 1375. Interprets or applies sec. 313, 52 Stat. 47, as amended; 7 U. S. C. 1313)

Done at Washington, D. C., this 12th day of February 1953. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Orange Reg. 231]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.617 *Orange Regulation 231*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than February 23, 1953. Shipments of oranges, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until February 23, 1953; the recommendation and supporting information for continued regulation subsequent to February 22 was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on February 10; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time of this section, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of oranges; and compliance with this section will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., February 23, 1953, and ending at 12:01 a. m., e. s. t., March 2, 1953, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida, which do not grade at least U. S. No. 1 Russet; or

(ii) Any oranges, except Temple oranges, grown in the State of Florida, which are of a size smaller than a size that will pack 288 oranges, packed in accordance with the requirements of a standard pack in a standard nailed box.

(2) As used in this section, the terms "handler," "ship," and "Growers Administrative Committee" shall each have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 1 Russet," "standard pack," "container" and "standard nailed box" shall each have the same meaning as when used in the revised United States Standards for Florida Oranges (§ 51.302 of this chapter; 17 F. R. 7879).

(3) Shipments of Temple oranges, grown in the State of Florida, are subject to the provisions of Orange Regulation 225 (7 CFR 933.596; 17 F. R. 10438).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 12th day of February 1953.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. SR-391]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

SPECIAL CIVIL AIR REGULATION; APPLICATION OF TRANSPORT CATEGORY PERFORMANCE REQUIREMENTS TO C-46 TYPE AIRPLANE

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 12th day of February 1953.

On January 31, 1952, the Civil Aeronautics Board issued an emergency Special Civil Air Regulation (SR 379) which limited to 45,000 pounds the maximum take-off and landing weight for all C-46 type airplanes used for the carriage of passengers for remuneration or hire. Concurrently the Board issued a notice of proposed rule making to inquire into the advisability and feasibility of applying performance requirements to C-46 type airplanes used for such purpose based on a modification of the transport category performance requirements set forth in Part 4b of the Civil Air Regulations. Previously, on July 6, 1951, the Board had issued a notice of proposed rule making which had proposed a somewhat different modification of the standards applicable to the C-46 when so used. It was at that time proposed that the maximum take-off weight should not be in excess of that which would allow a zero rate of climb at sea level in take-off configuration with the landing gear retracted and the critical engine inoperative and its propeller windmilling. Following the issuance of this proposed rule and after requests by various interested parties, the Board instituted and set down for hearing an inquiry into matters relating to the safe allowable operating weight of C-46 airplanes (Docket No. 5107). The examiner's report in this proceeding was issued on January 22, 1952. Oral argument with respect to issues in that proceeding and those raised by the January 31, 1952 notice of proposed rule making was heard by the Board on March 27, 1952.

These various steps with respect to the C-46 arose out of continuing Board concern with the safety operational aspects of the C-46. In August 1950, a committee composed of CAA and CAB staff members was formed to study C-46 safety problems. One of the recommen-

dations of this committee was that flight tests using Part 4b test procedures be conducted to determine at what weight the C–46 would comply with the performance provisions of Part 4b.

Flight tests for this purpose were conducted by the CAA early in 1951. In addition to determining the weight at which the C–46 would meet the performance requirements of Part 4b, the CAA used the data thus developed to reevaluate the performance of the C–46 with respect to the requirements of Part 3 of the Civil Air Regulations under which it was originally certificated. Subsequently, on July 6, 1951, the Board proposed the application to the C–46 of a new standard of a zero rate of climb at sea level with the critical engine inoperative, to become effective after October 1, 1952. Data resulting from the flight tests conducted by the CAA indicated that the weight at which such new standard would be met would not exceed 43,500 pounds for C–46 aircraft equipped with Pratt & Whitney R–2800 series engines. The Board also proposed to prescribe an interim maximum weight of 45,800 pounds for C–46 airplanes equipped with similar engines until the proposed new standard became effective.

During December 1951 and January 1952 it became increasingly apparent, as a result of additional accidents involving C–46 airplanes and investigations of operations conducted by certain air carriers, that some immediate action was necessary in order to give full protection to the traveling public. Therefore, Special Civil Air regulation SR–379 was adopted by the Board as an emergency measure to limit the weight at which C–46 aircraft might be operated while carrying passengers for hire. The concurrent notice of proposed rule making proposed that the standard to be made applicable to the C–46 be that of the performance requirements of Part 4b modified to the extent that the second segment of the take-off climb should assume the landing gear to be retracted but with the propeller of the inoperative engine feathered rather than windmilling. The maximum emergency weight of 45,000 pounds, as set forth in Special Civil Air Regulation SR–379, was based on the standard proposed in the concurrent notice of proposed rule making and was chosen as a good approximation for the purposes of the emergency regulation.

The Civil Air Regulations provide at the present time that all large airplanes used for the carriage of passengers for hire after December 31, 1953, must comply with either the requirements of Part 4b or the transport category requirements of Part 4a, and further must be operated in accordance with transport category operating limitations. The Board has had under consideration for some time a proposal which would eliminate this requirement, thus making it inapplicable to the C–46, among other aircraft.

As a result of the developments outlined above, there are now pending before the Board two separate but related problems involving the C–46. These are:

First, there is the question of the permanent standards which should be made applicable to all aircraft used in air transport operations which do not comply with Part 4b or with the transport category requirements of Part 4a. While this question is one which will not be finally decided until the Board acts upon its rule-making proposal referred to above, our review of the C–46 performance capabilities has led us to the conclusion that there should be no general exemption from these requirements, particularly with respect to the take-off performance requirements at sea level. Therefore, on and after January 1, 1954, the C–46 will be required to comply in full with such take-off performance requirements, together with such additional standards of the transport category as the Board may decide are necessary in the interest of safety for nontransport category aircraft.

Second, we must decide the interim standards to be applicable to the C–46 during the period between now and January 1, 1954. Part 42 now authorizes the use of the C–46 in passenger-carrying transport operations pursuant to certification under Part 3 of the Civil Air Regulations. The applicable standards do not contain any requirements such as those found in Part 4b relating to single-engine performance on take-off. Available data indicate that the take-off weight, without any engineering changes to increase its performance, at which the C–46 could comply with the performance standards of Part 4b would be approximately 36,000 pounds at sea level. Operation of the aircraft in passenger-carrying service during the interim period prior to January 1, 1954, without complying with any requirements as to performance on take-off would represent too great a departure from the standards of safety which will become fully applicable upon that date. Therefore, in order to provide a higher level of safety during the interim period, we believe that the C–46 when engaged in passenger-carrying operations, should conform to the sea level take-off performance standards of Part 4b to as great an extent as is now reasonable. We shall therefore make such standards applicable, with the exception that during the second segment of the take-off climb, the propeller of the inoperative engine shall be assumed to be feathered. This will provide a substantial step toward the protection accorded by Part 4b, while at the same time giving the operators of the C–46 a reasonable opportunity to adjust to the more comprehensive standards thereof.

A further problem which confronts the Board is what weight shall be applicable to the C–46 in passenger-carrying operations during the period until the Administrator establishes a precise weight under the modified Part 4b standards provided herein. The aircraft, as previously noted, is now operating at a take-off weight of 45,000 pounds in passenger operations pursuant to the emergency regulation of January 31, 1952. One alternative would be to continue that regulation in effect pending the necessary determinations by the Administrator. However, we believe that on further analysis of the data before us certain modifications should be made in the 45,000 pound figure as a temporary standard.

The only flight tests for climb performance of the C–46 which have been made in the configuration herein required—that is, with wheels and flaps up, the critical engine inoperative and its propeller feathered, and the operating engine developing maximum take-off power—have been performed by the Civil Aeronautics Administration. Data covering these tests were introduced in the proceeding hereinbefore referred to, but were challenged as to accuracy. The Board finds with respect to these specific tests that the techniques and instrumentation employed were not so at variance with accepted engineering practice as to impeach such data and make their use unreasonable. The Board further finds such data have been accurately adjusted to reflect climb performance under standard conditions. However, since the tests were conducted for the purpose of determining the performance capabilities of the C–46 under the transport category requirements, no tests were performed at weights which would be permitted under the less severe standards provided in this regulation for the interim period until January 1, 1954. Such provisional interim weight must therefore be determined by extrapolation. While the Board recognizes that extrapolation to the extent necessary for this purpose goes beyond conservative engineering practice, it is of the opinion that, in the absence of more direct test data, its use is reasonable for this purpose and that the result thus produced is neither arbitrary nor capricious. The only other alternative the Board has in fixing this provisional interim weight is to employ the test data, also on file in the aforementioned proceeding, developed in the Pan American C–46 certification tests conducted at 48,300 pounds and at maximum continuous power instead of maximum rated take-off power. The Board believes that the extrapolation which use of these test data would require in order to arrive at the weight permitted under the more severe standard herein prescribed would not be as likely to produce an accurate result as would the extrapolation of the CAA climb test data.

In addition to the foregoing there must also be considered the question of the stalling speed of the C–46 in the wheels and flaps up, zero thrust configuration, since the standard herein prescribed is a function of the stalling speed. Two sets of data as to stalling speed are available to the Board, the first obtained in the Civil Aeronautics Administration tests; the second in the Pan American C–46 certification tests, both referred to above. After examination of both sets of data, the Board is unable to find that the CAA data were obtained under conditions more likely to insure accuracy than the Pan American data. Consequently, in order not to prejudice C–46 operators by prescribing a weight more limited than necessary to meet the standard hereby established, the Board

will utilize the Pan American stall test data in arriving at the provisional interim weight.

Application of the foregoing principles will produce the following results: If CAA test data for both climb and stall are used the provisional interim allowable take-off weight would be 43,600 pounds. If Pan American climb and stall test data are used, the result would be 45,400 pounds. If CAA climb data and Pan American stall data are used, the result would be 44,300 pounds. For the reasons stated above, we prefer the use of the third alternative, and the provisional interim weight will be established at 44,300 pounds.

One of the recommendations made to the Board by the Council for C–46 Engineering is that a modification of the hydromatic propeller used on the C–46 by shortening the blades should be required by appropriate regulation and the effect of the modified propeller taken into account in determing the appropriate take-off weight for that aircraft. It is our understanding that this modification either already has been accomplished or is being planned by most operators of C–46 aircraft. Flight tests with this modified propeller indicate that an increased performance may be expected from its use which would result in an increased level of safety for C–46 aircraft. It is not now possible to translate precisely this increased performance into pounds of weight under the modified Part 4b performance standard prescribed for the C–46. However, the Administrator has advised us that the data before him as a result of tests comparing the performance of the clipped and unclipped propellers indicate that an allowance of an additional thousand pounds weight for the C–46 aircraft equipped with the modified propeller would be reasonable to reflect the increased performance to be expected therefrom, until some applicant demonstrates to the Administrator that a different allowance is proper. In view of the foregoing, the Board finds that allowance of 1,000 pounds additional weight for C–46 aircraft equipped with the clipped propeller will be reasonable during the temporary period provided in this regulation.

The promulgation of this Special Regulation makes moot the questions raised with respect to the July 6, 1951, notice of proposed rule making together with the proceeding in Docket No. 5107 since revised operating standards are hereby established.

Interested persons have been afforded an opportunity to participate in the making of this regulation and due consideration has been given to all relevant matter presented.

Accordingly, the Civil Aeronautics Board hereby promulgates a Special Civil Air Regulation, effective April 1, 1953, to read as follows:

1. Prior to January 1, 1954, C–46 type airplanes when used for the carriage of passengers for remuneration or hire shall not be operated at weights exceeding those which it is demonstrated to the Administrator will allow compliance with the performance requirements of Part 4b except that in determining the maximum take-off weight, such weight shall be limited only to a valuc at which thc airplane has a rate of climb equal to 0.035 $V_{S_1}^2$ in the take-off configuration at sea level with the landing gear retracted but with the propeller of the inoperative engine feathered rather than windmilling.

2. Provisionally, pending a determination by the Administrator of the weights at which C–46 aircraft will meet the standards prescribed by paragraph 1 of this regulation, the maximum take-off weight of such aircraft, when used in the manner herein referred to, shall not exceed 44,300 pounds: *Provided*, That in the case of such aircraft equipped with Hamilton Standard propellers with blades serial number 6491A–9 or approved equivalent which have been clipped in accordance with specifications approved by the Administrator, such provisional maximum weight shall be increased by 1,000 pounds until such time as the Administrator shall have determined by suitable tests another value to correspond to the additional efficiency obtainable by the use of such propellers, and thereafter by such other value.

3. This regulation shall be effective until superseded or rescinded by the Board. Special Civil Air Regulation SR–379 is hereby suspended and shall remain suspended so long as this regulation shall continue in effect, or until the further order of the Board.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 604, 1005, 54 Stat. 1007, 1010, 1023; 49 U. S. C. 551, 554, 645)

By the Civil Aeronautics Board.[1]

[SEAL] M. C. MULLIGAN, *Secretary.*

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 5]

PART 600—DESIGNATION OF CIVIL AIRWAYS

ALTERATIONS

The civil airway alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required. Part 600 is amended as follows:

1. Section 600.213 is amended by changing the headnote to read: *Red civil airway No. 13 (Wheeling, W. Va., to Boston, Mass.)*, and by amending the first portion to read: "From the Wheeling, W. Va., outer marker compass locator via the Clinton, Pa., non-directional radio beacon; Butler, Pa., non-directional radio beacon to the Philipsburg, Pa., radio range station."

2. Section 600.272 *Red civil airway No. 72 (Millville, N. J., to Idlewild, N. J.)* is amended by changing the portion which reads: "via the Willow Grove, Pa., radio range station to the intersection of the northeast course of the Willow Grove, Pa., radio range and the east course of the Allentown, Pa., radio range." to read: "via the Willow Grove, Pa., radio range station; the intersection of the northeast course of the Willow Grove, Pa., radio range and the east course of the Allentown, Pa., radio range; the Chatham, N. J., non-directional radio beacon to the Paterson, N. J., non-directional radio beacon."

3. Section 600.647 is amended by changing the headnote to read: *Blue civil airway No. 47 (Blackstone, Va., to Dunkirk, N. Y.)*, and by adding a first portion to read: "From the intersection of the northeast course of the Raleigh, N. C., radio range and the south course of the Blackstone, Va., radio range via the Blackstone, Va., radio range station to the Gordonsville, Va., radio range station."

4. Section 600.1001 *Dubois, Idaho, to West Yellowstone, Mont., civil airway,* is revoked.

5. Section 600.6004 *VOR civil airway No. 4 (Seattle, Wash., to Washington, D. C.)* is amended by changing the last portion to read: "From the Charleston, W. Va., omnirange station via the Elkins, W. Va., omnirange station; Front Royal, Va., omnirange station to the Herndon, Va., omnirange station."

6. Section 600.6035 is amended to read:

§ 600.6035 *VOR civil airway No. 35 (Charleston, W. Va., to Syracuse, N. Y.).* From the Charleston, W. Va., omnirange station via the Parkersburg, W. Va., omnirange station; intersection of the Parkersburg 060° True and the Pittsburgh, omnirange 223° True radials; Pittsburgh, Pa., omnirange station; Philipsburg, Pa., omnirange station; Elmira, N. Y., omnirange station to the Syracuse, N. Y., omnirange station.

7. Section 600.6038 is amended to read:

§ 600.6038 *VOR civil airway No. 38 (Chicago Heights, Ill., to Elkins, W. Va.).* From the Chicago Heights, Ill., omnirange station via the Fort Wayne, Ind., omnirange station, including a south alternate; Findlay, Ohio, omnirange station, including a south alternate; Columbus, Ohio, omnirange station, including a south alternate; Parkersburg, W. Va., omnirange station to the Elkins, W. Va., omnirange station.

8. Section 600.6039 is amended by changing the headnote to read: *VOR civil airway No. 39 (Gordonsville, Va., to Kennebunk, Maine)*, and by changing the last portion to read: "From the intersection of the Baltimore, Md., omnirange 015° True and the Allentown, Pa., omnirange 228° True radials via the Allentown, Pa., omnirange station; Poughkeepsie, N. Y., omnirange station; Gardner, Mass., omnirange station; Concord, N. H., omnirange station to the Kennebunk, Maine, omnirange station."

[1] Member Adams did not participate in this decision.

9. Section 600.6040 *VOR civil airway No. 40 (Flint, Mich., to Pittsburgh, Pa.)* is amended after Wellington, Ohio, VHF VAR station to read: "The intersection of the Cleveland omnirange 132° True radial and the east course of the Wellington, Ohio, VHF VAR station; the intersection of the Cleveland 132° True and the Pittsburgh 291° True radials to the Pittsburgh, Pa., omnirange station."

10. Section 600.6041 is amended to read:

§ 600.6041 *VOR civil airway No. 41 (Pittsburgh, Pa., to Youngstown, Ohio).* From the Pittsburgh, Pa., omnirange station via the intersection of the Pittsburgh omnirange 326° True and the Youngstown 180° True radials to the Youngstown, Ohio, omnirange station.

11. Section 600.6042 is amended to read:

§ 600.6042 *VOR civil airway No. 42 (Detroit, Mich., to Pittsburgh, Pa.).* From the Detroit, Mich., omnirange station via the intersection of the Detroit omnirange 096° True and the Cleveland 331° True radials; Cleveland, Ohio, omnirange station; the intersection of the Cleveland omnirange 116° True and the Pittsburgh omnirange 311° True radials to the Pittsburgh, Pa., omnirange station.

12. Section 600.6044 is amended to read:

§ 600.6044 *VOR civil airway No. 44 (Columbus, Ohio, to Baltimore, Md.).* From the Columbus, Ohio, omnirange station via the Parkersburg, W. Va., omnirange station; Morgantown, W. Va., omnirange station; Martinsburg, W. Va., omnirange station to the Baltimore, Md., omnirange station.

13. Section 600.6046 *VOR civil airway No. 46 (Cleveland, Ohio, to Pittsburgh, Pa.)* is revoked.

14. Section 600.6072 is amended to read:

§ 600.6072 *VOR civil airway No. 72 (Bradford, Pa., to Albany, N. Y.).* From the intersection of the Elmira, N. Y., omnirange 254° True and the Buffalo, N. Y., 178° True radials via the Elmira, N. Y., omnirange station; Binghamton, N. Y., omnirange station to the Albany, N. Y., omnirange station.

15. Section 600.6075 is amended to read:

§ 600.6075 *VOR civil airway No. 75 (Petersburg, W. Va., to Cleveland, Ohio.).* From the point of intersection of the Morgantown, W. Va., omnirange 134° True and the Elkins, W. Va., omnirange 083° True radials via the Morgantown, W. Va., omnirange station; Wheeling, W. Va., omnirange station to the Cleveland, Ohio, omnirange station.

16. Section 600.6111 is amended to read:

§ 606.6111 *VOR civil airway No. 111 (Salinas, Calif., to Los Banos, Calif.).* From the Salinas, Calif., omnirange station to the point of intersection of the San Francisco omnirange 111° True and the Salinas omnirange 049° True radials.

17. Section 600.6119 is added to read:

§ 600.6119 *VOR civil airway No. 119 (Parkersburg, W. Va., to Wheeling, W. Va.).* From the Parkersburg, W. Va., omnirange station to the Wheeling, W. Va., omnirange station.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective 0001, e. s. t., February 17, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[Amdt. 4]

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

ALTERATIONS

The control area, control zone and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required. Part 601 is amended as follows:

1. Section 601.213 is amended to read:

§ 601.213 *Red civil airway No. 13 control areas (Wheeling, W. Va., to Boston, Mass.).* All of Red civil airway No. 13.

2. Section 601.647 is amended to read:

§ 601.647 *Blue civil airway No. 47 control areas (Blackstone, Va., to Dunkirk, N. Y.).* All of Blue civil airway No. 47.

3. Section 601.1326 is added to read:

§ 601.1326 *Control area extension (Fortuna, Calif.).* Within 5 miles either side of the 18° True radial of the Fortuna omnirange extending from the omnirange station to a point 30 miles northeast.

4. Section 601.1327 is added to read:

§ 601.1327 *Control area extension (Crescent City, Calif.).* Within 5 miles either side of the 330° True and 235° True radials of the Crescent City omnirange extending from the omnirange station to points 20 miles northwest and southwest.

5. Section 601.1328 is added to read:

§ 601.1328 *Control area extension (Oxnard, Calif.).* All that airspace bounded on the northeast by Amber civil airway No. 8, on the east by Longitude 119°11'30", on the south by a line 2 miles north of and parallel to the Point Magu Warning Area (W-289), on the west by Longitude 120°00'00" and on the northwest by Control Area Extension No. 1176, excluding the airspace below 4000 feet lying within the Santa Cruz Island Warning Area (W-412).

6. Section 601.1984, *Five-mile radius zones,* is amended by adding the following airports:

Salisbury, Md.: Wicomico County Airport.
Crescent City, Calif.: Del Norte County Airport.
Arcata, Calif.: Arcata Airport.
Blythe, Calif.: Blythe Airport.
Yuma, Ariz.: Yuma County Airport.

7. Section 601.2104 is amended to read:

§ 601.2104 *Huntington, W. Va., control zone.* Within a 5-mile radius of Huntington Airport, Chesapeake, Ohio, within a 5-mile radius of Tri State Airport, Huntington, W. Va., within 2 miles either side of the west course of the Huntington radio range extending to a point 10 miles west of the radio range station, and within 2½ miles either side of the northwest course of the Huntington radio range extending to a point 10 miles northwest of the radio range station.

8. Section 601.2118 is amended to read:

§ 601.2118 *Langley AFB, Va., control zone.* Within a 5-mile radius of the Langley AFB and within a 5-mile radius of Patrick Henry Airport including the airspace lying 5 miles southwest of and parallel to a line connecting the centers of Langley AFB and Patrick Henry Airport, excluding the portion which overlaps danger areas.

9. Section 601.2190 is amended to read:

§ 601.2190 *Atlantic City, N. J., control zone.* Within a 7-mile radius of the Naval Air Station extending 2 miles on the southwest side of the southeast course of the Atlantic City, N. J., radio range to and including the airspace bounded on the west by a line bearing 174° True from the Naval Air Station, bounded on the southeast by a line lying 3 nautical miles off-shore, and bounded on the northeast by a line bearing 112° True from the Naval Air Station.

10. Section 601.4013 *Green civil airway No. 3 (San Francisco, Calif., to New York, N. Y.)* is amended by deleting the following reporting point: "the intersection of the east course of the Cheyenne, Wyo., radio range and the southwest course of the Scottsbluff, Nebr., radio range;"

11. Section 601.4107 *Amber civil airway No. 7 (Key West, Fla., to United States-Canadian Border),* is amended by deleting the following reporting point: "the intersection of the southwest course of the Richmond, Va., radio range and the southeast course of the Blackstone, Va., radio range;" and by adding the following reporting point in lieu thereof: "the intersection of the northeast course of the Raleigh, N. C., radio range and the south course of the Blackstone, Va., radio range;"

12. Section 601.4213 is amended by changing the headnote to read: *"Red civil airway No. 13 (Wheeling, W. Va., to Boston, Mass.).*

13. Section 601.4227 is amended to read:

§ 601.4227 *Red civil airway No. 27 (Atlanta, Ga., to Detroit, Mich.).* Corbin, Ky., radio range station; the intersection of the east course of the Louisville, Ky., radio range and a line bearing 358° from the Lexington, Ky., nondirectional radio beacon; Dayton, Ohio radio range station.

14. Section 601.4647 is amended by changing the headnote to read: *Blue civil airway No. 47 (Blackstone, Va., to Dunkirk, N. Y.).*

15. Section 601.6035 is amended to read:

§ 601.6035 *VOR civil airway No. 35 control areas (Charleston, W. Va., to Syracuse, N. Y.).* All of VOR civil airway No. 35.

16. Section 601.6038 is amended to read.

§ 601.6038 *VOR civil airway No. 38 control areas (Chicago Heights, Ill., to Elkins, W. Va.).* All of VOR civil airway No. 38 including south alternates.

17. Section 601.6039 is amended to read:

§ 601.6039 *VOR civil airway No. 39 control areas (Gordonsville, Va., to Kennebunk, Me.).* All of VOR civil airway No. 39.

18. Section 601.6044 is amended to read:

§ 601.604 *VOR civil airway No. 44 control areas (Columbus, Ohio, to Baltimore, Md.).* All of VOR civil airway No. 44.

19. Section 601.6046 *VOR civil airway No. 46 control areas (Cleveland, Ohio, to Pittsburgh, Pa.)* is revoked.

20. Section 601.6072 is amended to read:

§ 601.6072 *VOR civil airway No. 72 control areas (Bradford, Pa., to Albany, N. Y.).* All of VOR civil airway No. 72.

21. Section 601.6075 is amended to read:

§ 601.6075 *VOR civil airway No. 75 control areas (Petersburg, W. Va., to Cleveland, Ohio.).* All of VOR civil airway No. 75.

22. Section 601.6119 is amended to read:

§ 601.6119 *VOR civil airway No. 119 control areas (Parkersburg, W. Va., to Wheeling, W. Va.).* All of VOR civil airway No. 119.

23. Section 601.7001 *VOR reporting points,* is amended by adding the following reporting points:

Charleston, W. Va., omnirange station.
Parkersburg, W. Va., omnirange station.
Wheeling, W. Va., omnirange station.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001, e. s. t., February 17, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1558; Filed, Feb. 16, 1953; 8:50 a. m.]

[Amdt. 49]

PART 608—DANGER AREAS

ALTERATIONS

The danger area alteration appearing hereinafter has been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and is adopted when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with section 4 of the Administrative Procedure Act is not required. Part 608 is amended as follows:

In § 608.36, a Sahwave Mountains, Nevada area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
SAHWAVE MOUNTAINS (D-430) (Elko Chart).	Beginning at lat. 40°40′00″ N., long. 118°49′00″ W.; due S. to lat. 40°04′00″ N; WSW. to lat. 40°00′00″ N., long. 118°57′00″ W.; due W. to long. 119°13′00″ W.; due N. to lat. 40°40′00″ N.; due E. to lat. 40°40′00″ N., long. 118°49′00″ W., point of beginning.	Surface to unlimited.	Continuous...	12th Naval District.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on February 20, 1953.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 53-1559; Filed, Feb. 16, 1953; 8:51 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 5813]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

BENJAMIN B. COLE, INC., ET AL.

Subpart—*Misrepresenting oneself and goods—Business status, advantages or connections:* § 3.1395 *Connections and arrangements with others;* § 3.1425 *Government connection;* § 3.1490 *Nature in general.* Subpart—*Offering unfair, improper and deceptive inducements to purchase or deal:* § 3.2080 *Terms and conditions.* Subpart—*Using misleading name—Vendor:* § 3.2380 *Government connection;* § 3.2425 *Nature, in general.* In connection with the use in commerce, of so-called "skip tracer" form letters, double reply post cards, and any other printed matter of a substantially similar nature, (1) using the name "Dispatch Forwarding System" or any other word or words of similar import, to designate, describe, or refer to respondents' business; or otherwise representing, directly or by implication, that respondents are connected with or in the business of transporting or delivering goods or mail to the proper recipients thereof, or that they maintain an unclaimed-package department; (2) representing, directly or by implication, that persons concerning whom information is sought through respondents' post cards, form letters, or other material are, or may be, consignees of goods, or packages, or mail, prepaid or otherwise, in the hands of respondents, or that the information sought through such means is for the purpose of enabling respondents to make delivery of goods or packages or mail to such persons; (3) using the name "Federal Deposit System" or any other word or phrase of similar import to designate, describe or refer to respondents' business; or otherwise representing, directly or by implication, that their requests for information concerning delinquent debtors are from the United States Government or any agency or branch thereof, or that their business is in any way connected with the United States Government; (4) representing, directly or by implication, that any money has been deposited with them for persons from whom or about whom information is sought; (5) representing, directly or by implication, that they sponsor, or have any connection with, any radio program or show unless such is a fact; (6) representing through the use of the said Thomas Webster form letters, or otherwise, that any person from whom or about whom information is sought has been awarded a gift or prize, or that such person will receive a gift or prize by furnishing the information requested; or, (7) representing, directly or by implication, that respondents' business is other than that of operating a collection agency; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Benjamin B. Cole, Inc., et al., Portland, Oreg., Docket 5813, November 10, 1952]

In the matter of Benjamin B. Cole, Inc., a Corporation Trading and Doing Business as Dispatch Forwarding System, Federal Deposit System, and Other Trade Names; Herman N. Cole, Individually and as President of Benjamin B. Cole, Inc.; and Hannah H. Cole, Individually and as an Officer of Benjamin B. Cole, Inc.

Pursuant to the provisions of the Federal Trade Commission Act, the Federal Trade Commission, on September 20, 1950, issued and subsequently served its complaint in this proceeding upon respondents Benjamin B. Cole, Inc., a corporation, Herbert M. Cole (erroneously named in the complaint as Herman N. Cole), and Hannah F. Cole (erroneously named in the complaint as Hannah H. Cole), charging them with the use of unfair and deceptive acts and practices in commerce in violation of the provisions of said act. After the issuance of said complaint and the filing of respondents' answer thereto, hearings were held at which testimony and other evidence in support of the complaint were

introduced before a hearing examiner theretofore duly designated by it, and such testimony and other evidence were duly recorded and filed in the office of the Commission. No testimony or other evidence was offered in opposition to the allegations of the complaint. On December 28, 1950, the said hearing examiner filed his initial decision.

Respondents filed an appeal with the Commission from said initial decision, and counsel supporting the complaint filed a motion to reopen and remand the case to the hearing examiner for the taking of additional testimony. The Commission, on September 6, 1951, entered its order granting in part and denying in part respondents' said appeal and remanding the case to the hearing examiner for the purpose of taking additional testimony concerning one of the issues in the case. Additional testimony and other evidence in support of the complaint were introduced before a substitute hearing examiner of the Commission theretofore duly designated by it, counsel having agreed to a substitution of hearing examiners for the purpose of taking and receiving such additional testimony and other evidence, and such additional testimony and other evidence were also duly recorded and filed in the office of the Commission. The original hearing examiner, on February 14, 1952, filed a certification of record to the Commission for final determination.

Thereafter, this matter came on for final consideration by the Commission upon the complaint, answer thereto, testimony and other evidence in support of the complaint, initial decision of the hearing examiner and respondents' appeal therefrom, and the hearing examiner's certification of the record to the Commission for final determination; and the Commission, having duly considered the matter and having heretofore entered its order granting in part and denying in part respondents' appeal from the initial decision of the hearing examiner, and being now fully advised in the premises, finds that this proceeding is in the interest of the public and makes the following findings as to the facts,[1] conclusion drawn therefrom,[1] and order, the same to be in lieu of the said initial decision of the hearing examiner.

It is ordered, That respondent Benjamin B. Cole, Inc., a corporation, its officers other than Hannah F. Cole, and Herbert M. Cole, individually and as president of respondent corporation, and their representatives, agents, and employees, directly or through any corporate or other device, in connection with the use in commerce, as "commerce" is defined in the Federal Trade Commission Act, of so-called "skip tracer" form letters, double reply post cards, or any other printed matter of a substantially similar nature, do forthwith cease and desist from:

1. Using the name "Dispatch Forwarding System" or any other word or words of similar import, to designate, describe, or refer to respondents' business; or otherwise representing, directly or by implication, that respondents are connected with or in the business of transporting or delivering goods or mail to the proper recipients thereof, or that they maintain an unclaimed-package department.

2. Representing, directly or by implication, that persons concerning whom information is sought through respondents' post cards, form letters, or other material are, or may be, consignees of goods, or packages, or mail, prepaid or otherwise, in the hands of respondents, or that the information sought through such means is for the purpose of enabling respondents to make delivery of goods or packages or mail to such persons.

3. Using the name "Federal Deposit System" or any other word or phrase of similar import to designate, describe or refer to respondents' business; or otherwise representing, directly or by implication, that their requests for information concerning delinquent debtors are from the United States Government or any agency or branch thereof, or that their business is in any way connected with the United States Government.

4. Representing, directly or by implication, that any money has been deposited with them for persons from whom or about whom information is sought.

5. Representing, directly or by implication, that they sponsor, or have any connection with, any radio program or show unless such is a fact.

6. Representing through the use of the said Thomas Webster form letters, or otherwise, that any person from whom or about whom information is sought has been awarded a gift or prize, or that such person will receive a gift or prize by furnishing the information requested.

7. Representing, directly or by implication, that respondents' business is other than that of operating a collection agency.

It is further ordered, That the complaint herein be, and it hereby is, dismissed as to Hannah F. Cole.

It is further ordered, That respondents Benjamin B. Cole, Inc., and Herbert M. Cole shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Issued: November 10, 1952.

By the Commission.

[SEAL] WM. P. GLENDENING, Jr.,
Acting Secretary.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 53198]

PART 10—ARTICLES CONDITIONALLY FREE, SUBJECT TO A REDUCED RATE, ETC.

BAGGAGE OF, AND IMPORTATIONS FOR, CERTAIN REPRESENTATIVES OF THE UNITED NATIONS, OF SPECIALIZED AGENCIES OF THE UNITED NATIONS, AND OF THE ORGANIZATION OF AMERICAN STATES

Pursuant to Public Law 486, 82d Congress, a bilateral agreement has been entered into between the United States and the Organization of American States whereby the United States accords to certain representatives of member States of the Organization of American States the privileges and immunities accorded to diplomatic envoys accredited to the United States. To provide for customs privileges for these individuals and also to indicate that baggage of resident representatives of the United Nations and specialized agencies thereof falls within the purview of that section, § 10.30b, Customs Regulations of 1930 (19 CFR 10.30b) is amended to read as follows:

§ 10.30b *Baggage of, and importations for, certain representatives of the United Nations, of specialized agencies of the United Nations, and of the Organization of American States.* (a) The privilege of admission free of duty and internal-revenue tax without entry or examination may be extended to the baggage and effects of (1) every person designated by a United Nations Member nation as the principal resident representative to the United Nations of such Member or as a resident representative with the rank of ambassador or minister plenipotentiary, (2) such resident members of their staffs as may be agreed upon between the Secretary-General of the United Nations, the Government of the United States, and the Government of the United Nations Member concerned, (3) every person designated by a United Nations Member of a specialized United Nations agency as its principal resident representative, with the rank of ambassador or minister plenipotentiary, at the headquarters of such agency in the United States, (4) such other principal resident representatives of United Nations Members to a specialized United Nations agency and such resident members of the staffs of representatives to a specialized United Nations agency as may be agreed upon between the principal executive officer of the specialized agency, the Government of the United States, and the Government of the United Nations Member concerned, (5) any person designated by a Member of the Organization of American States as its representative or interim representative on the council of the Organization of American States, and (6) all other permanent members of the Delegation of a Member of the Organization of American States regarding whom there is agreement for that purpose between the Government of the Member State concerned, the Secretary-General of the Organization of American States, and the Government of the United States of America.

(b) The privilege of importing without entry and free of duty and internal-revenue tax articles for their personal or family use may be granted to persons of the classes enumerated in paragraph (a) of this section.

(c) The privileges outlined in the two preceding paragraphs shall be granted only upon the Department's instruction in each instance, which will be issued only upon the request of the Department of State.

(R. S. 161, 251, secs. 498, 624, 46 Stat. 728, 759; 5 U. S. C. 22, 19 U. S. C. 66, 1498, 1624.

Interprets or applies sec. 15, 61 Stat. 762, Pub. Law 486, 82d Cong.)

[SEAL] C. A. EMERICK,
Acting Commissioner of Customs.

Approved: February 9, 1953.

H. CHAPMAN ROSE,
Acting Secretary of the Treasury.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5987, Regs. 130]

PART 40—EXCESS PROFITS TAX; TAXABLE YEARS ENDING AFTER JUNE 30, 1950

TRANSITION FROM WAR PRODUCTION AND INCREASE IN PEACETIME CAPACITY

On November 15, 1952, a notice of proposed rule making was published in the FEDERAL REGISTER (17 F. R. 10468) to conform Regulations 130 (26 CFR Part 40) to section 516 of the Revenue Act of 1951, approved October 20, 1951. No objections to the rules proposed having been received within the thirty days following such publication, the amendments set forth below are hereby adopted.

PARAGRAPH 1. There is inserted immediately after section 509 (b) of the Revenue Act of 1951, which precedes § 40.435–1, the following:

SEC. 516. TRANSITION FROM WAR PRODUCTION AND INCREASE IN PEACETIME CAPACITY (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

* * * * *

(b) *Technical amendments.* Section 435 (c) (relating to determination of average base period net income) is hereby amended as follows:

(1) By inserting immediately after "445 or 446," the following: "or any subsection of section 459,".

(2) By inserting immediately after "or under such section" the following: "or subsection".

PAR. 2. Section 40.435–1 (c) is amended by inserting "or any subsection of section 459," immediately after "or 446," and by inserting "or subsection" immediately after "under whichever section" in such section, so that such § 40.435–1 (c) as so amended will read as follows:

(c) *Average base period net income; determination.* The average base period net income is the amount determined under section 435 (d) (for computation, see paragraph (d) of this section), unless the taxpayer is entitled to the benefits of section 435 (e), 442, 443, 444, 445, or 446, or any subsection of section 459, in which case the average base period net income shall be the amount determined under whichever section or subsection, applicable to the taxpayer, results in the lowest excess profits tax for the taxable year.

PAR. 3. There is inserted immediately after § 40.458–8 the following:

SEC. 516. TRANSITION FROM WAR PRODUCTION AND INCREASE IN PEACETIME CAPACITY (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *In general.* Part I of subchapter D of chapter 1 is hereby amended by adding at the end thereof a new section to read as follows:

SEC. 459. MISCELLANEOUS PROVISIONS.

(a) *Average base period net income—transition from war production and increase in peacetime capacity.* In the case of a taxpayer which commenced business before January 1, 1940, and since such date has engaged primarily in manufacturing, the taxpayer's average base period net income determined under this subsection shall be the amount computed under section 435 (e) (2) (G) (i) and (ii) if—

(1) The adjusted basis of the taxpayer's total facilities (as defined in section 444 (d)) as of the beginning of its base period (when added to the total facilities at such time of all corporations with which the taxpayer has the privilege under section 141 of filing a consolidated return for its first taxable year under this subchapter) did not exceed $10,000,000;

(2) The basis (unadjusted) of the taxpayer's total facilities (as defined in section 444 (d)) at the close of its base period was 250 per centum or more of the basis (unadjusted) of its total facilities at the beginning of its base period;

(3) The percentage of the taxpayer's aggregate gross income which was from contracts with the United States and related subcontracts was (A) at least 70 per centum for the period comprising all taxable years beginning after December 31, 1941, and ending before January 1, 1946, (B) less than 20 per centum for the period comprising all taxable years ending after December 31, 1945, and before January 1, 1950, and (C) less than 20 per centum for the period comprising all taxable years ending after December 31, 1949, and beginning before July 1, 1950; and

(4) The average monthly excess profits net income of the taxpayer (computed in the manner provided in section 443 (e)) for—

(A) The period comprising all taxable years ending with or within the last 24 months of its base period, and

(B) The last taxable year ending before the first day of its base period,

are each 300 per centum or more of the average monthly excess profits net income (so computed) of the taxpayer for the period comprising all taxable years ending with or within the first 24 months of its base period.

* * * * *

SEC. 523. EFFECTIVE DATE OF TITLE V (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

Except as otherwise provided in section 506 (d), the amendments made by this title (including sec. 516) shall be applicable only with respect to taxable years ending after June 30, 1950.

§ 40.459 (a)–1 *Transition from war production and increase in peacetime capacity.* (a) A corporation which commenced business before January 1, 1940, which has been engaged primarily in manufacturing since January 1, 1940, and which satisfies all the requirements provided in paragraphs (1) through (4) of section 459 (a) may compute its average base period net income under section 459 (a), for the purpose of computing its excess profits tax for any taxable year ending after June 30, 1950, instead of under any other applicable provision of the Code. The average base period net income computed under section 459 (a) shall be the amount computed under section 435 (e) (2) (G) (i) and (ii) and under § 40.435–5 (a) (7) (i) and (ii) and § 40.435–5 (b). If the taxpayer computes its average base period net income under section 459 (a), the base period capital addition provided in section 435 (f) shall not be allowed in computing its excess profits credit.

(b) The date the corporation commenced business shall be determined for the purpose of section 459 (a) under the rules provided in the regulations promulgated under section 445, relating to the computation of average base period net income in the case of new corporations. See § 40.445–1 (a) (2).

(53 Stat. 32; 26 U. S. C. 62)

[SEAL] T. COLEMAN ANDREWS,
Commissioner of Internal Revenue.

Approved: February 12, 1953.

ELBERT P. TUTTLE,
Acting Secretary of the Treasury.

TITLE 32—NATIONAL DEFENSE

Chapter XVI—Selective Service System

[Amdt. 44]

PART 1613—REGISTRATION PROCEDURES

ACCOMPLISHMENT OF REGISTRATION

The Selective Service Regulations are hereby amended as follows:

1. Section 1613.15 is amended to read as follows:

§ 1613.15 *Registration certificate.* After the Registration Card (SSS Form No. 1) is completed and signed, the registrar shall prepare, from information taken from the Registration Card (SSS Form No. 1), the Registration Certificate (SSS Form No. 2). The registrar shall never fill out the Registration Certificate (SSS Form No. 2) until after completely finishing the Registration Card (SSS Form No. 1). Whenever the registration is accomplished at a place other than a local board office the registrar shall deliver or mail the Registration Certificate (SSS Form No. 2) with the Registration Card (SSS Form No. 1) to the local board for which he is a registrar. If the place of residence of the registrant as shown on line 2 of his Registration Card (SSS Form No. 1) is within the area of the local board, or if the local board has jurisdiction of the registrant under paragraph (b) of § 1613.43, the local board shall mail the Registration Certificate (SSS Form No. 2) to the registrant not later than 10 days following the date of registration. If the place of residence of the registrant is not within the area of the local board, the Registration Certificate (SSS Form No. 2) shall be transmitted with the Registration Card (SSS Form No. 1) in the manner provided in § 1613.43 to the local board which has jurisdiction of the registrant. Upon receipt of the Registration Certificate (SSS Form No. 2) and the Registration Card (SSS Form No. 1) the local board having jurisdiction of the registrant shall immediately mail the Registration Certificate (SSS Form No. 2) to the registrant and retain the Registration Card (SSS Form No. 1).

2. Paragraphs (c) and (d) of § 1613.41 are amended to read as follows:

§ 1613.41 *Manner of registration of inmate of institution.*

* * * * *

(c) The superintendent, warden, or other designated person acting as registrar shall then (1) explain to the registrant his obligations under title I of the Universal Military Training and Service Act, as amended, and (2) prepare and sign the Registration Certificate (SSS Form No. 2) entering on the line commencing "Registrar for Local Board" the number of the local board of the area in which the institution is located.

(d) The superintendent, warden, or other designated person shall mail the Registration Card (SSS Form No. 1) and the Registration Certificate (SSS Form No. 2) of a person registered under the provisions of this section to the local board having jurisdiction over the area in which the institution is located. If that local board has jurisdiction of the registrant, it shall mail the Registration Certificate (SSS Form No. 2) to the registrant. Otherwise, the Registration Certificate (SSS Form No. 2) shall, in the manner provided in § 1613.15, be transmitted to the local board which has jurisdiction of the registrant and be mailed to the registrant by that local board.

(Sec. 10, 62 Stat. 618, as amended; 50 U. S. C. App. 460; E. O. 9979, July 20, 1948, 13 F. R. 4177; 3 CFR, 1948 Supp.)

The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

[SEAL] LEWIS B. HERSHEY,
Director of Selective Service.

FEBRUARY 12, 1953.

[F. R. Doc. 53-1544; Filed, Feb. 16, 1953; 8:48 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 186, Amdt. 1]

CPR 186—RELAYING RAIL AND USED TRACK ACCESSORIES

EXTENSION OF EFFECTIVE DATE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Ceiling Price Regulation 186 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to CPR 186 postpones its effective date indefinitely.

CPR 186 was issued on January 30, 1953 and, in order to permit warehouse resellers sufficient time to make the computations required by the regulation in the calculation of their ceiling prices, February 16, 1953 was fixed as its effective date. On February 2, 1953, the President of the United States indicated that Congress would not be requested to extend Title IV of the Defense Production Act of 1950, as amended; that price controls should be permitted to expire on April 30, 1953; and that in the interim a program of orderly elimination of price controls would be instituted.

Pursuant to the policy so laid down, active consideration is now being given to the sequence in which all commodities under price control should be exempted therefrom.

It is not deemed advisable that CPR 186 should become effective in the interim. Therefore, this amendment postpones the effective date of CPR 186 indefinitely.

The special nature of the provisions of this amendment made it impracticable and unnecessary to consult with industry representatives or trade association representatives prior to its issuance.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable and are necessary to affectuate the purposes of the Defense Production Act of 1950, as amended, and conform in all respects to the applicable provisions of that act.

AMENDATORY PROVISIONS

The paragraph of Ceiling Price Regulation 186 beginning with the words "Effective date" is amended to read as follows:

Effective date. The effective date of this regulation is postponed until further action by the Director of Price Stabilization.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C., App. Sup. 2154)

Effective date. This Amendment 1 to Ceiling Price Regulation 186 is effective February 16, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 16, 1953.

[F. R. Doc. 53-1643; Filed, Feb. 16, 1953; 10:49 a. m.]

[General Ceiling Price Regulation, Amdt. 1 to Supplementary Regulation 33]

GCPR, SR 33—ADJUSTMENTS IN CEILING PRICES FOR PRIMARY NICKEL PRODUCTS AND FOR ROLLING MILL FOUNDRY AND SIMILAR PRODUCTS CONTAINING MORE THAN 5 PERCENT NICKEL

ADJUSTMENTS OF CEILING PRICES FOR PRIMARY NICKEL PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Supplementary Regulation 33, Amendment 1 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment permits all sellers of primary nickel products to increase their ceiling prices three and one-half cents per pound.

Nearly all the nickel used in the United States is produced from Canadian ores and is imported in such primary forms as electrolytic nickel, nickel oxides, and metallic nickel and is then sold in the U. S. to approximately 7 major distributors. The Government of Canada approved an increase of 3½ cents per pound in the price of nickel, effective January 14, 1953. In accordance with section 402 (d) of the Defense Production Act of 1950, as amended, distributors of the International Nickel Company were permitted to pass through this additional 3½ cents per pound in their ceiling price. To permit all sellers to sell primary nickel on the same basis as these distributors, this amendment permits an increase in the ceiling price of primary nickel products of an additional 3½ cents per pound, thus permitting all sellers to carry out their purchases and sales of primary nickel products in their normal fashion. This amendment only applies to the sale of primary nickel products as defined in this supplementary regulation.

In the formulation of this amendment, there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Section 2 (a) of Supplementary Regulation 33 to the General Ceiling Price Regulation is amended to read as follows:

(a) *Primary nickel products.* If you are a seller of primary nickel products, your ceiling price for any such product is the ceiling price determined in accordance with the General Ceiling Price Regulation plus 9½ cents per pound of nickel content.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective February 13, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 13, 1953.

[F. R. Doc. 52-1631; Filed, Feb. 13, 1953; 4:48 p. m.]

[General Overriding Regulation 12, Amdt. 1 to Revision 1]

GOR 12—EXEMPTION OF CERTAIN FUEL PRODUCTS

EXEMPTION OF PETROLEUM PRODUCTS IN THE TERRITORIES AND POSSESSIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to General Overriding Regulation 12, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

By Revision 1, of General Overriding Regulation 12, the Director of Price Stabilization, pursuant to the President's program for the orderly removal of price controls, provided for the exemption of certain petroleum products from price control.

In the revision of General Overriding Regulation 12 exempting petroleum products, the exemption of sales in the territories and possessions was not covered. This amendment is issued to provide that petroleum products exempted from price control by this General Overriding Regulation are also exempted in the territories and possessions, except for sales in Puerto Rico of the petroleum products listed in Ceiling Price Regulation 13 and Ceiling Price Regulation 17.

In view of the nature of this action consultation with industry representatives including trade association representatives has not been deemed practicable or necessary.

AMENDATORY PROVISIONS

Section 4 of General Overriding Regulation 12, Revision 1, is amended by adding a new paragraph (f) to read as follows:

(f) Petroleum products exempted by this general overriding regulation are also exempted in the territories and possessions, except for sales in Puerto Rico of the petroleum products listed in Ceiling Price Regulation 13 and Ceiling Price Regulation 17.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to Revision 1, of General Overriding Regulation 12, shall become effective February 13, 1953.

JOSEPH H. FREEHILL,
Director of Price Stabilization.

FEBRUARY 13, 1953.

[F. R. Doc. 53-1632; Filed, Feb. 13, 1953; 4:48 p. m.]

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-82 as Amended Feb. 16, 1953]

M-82—DISTRIBUTION OF BRASS MILL PRODUCTS TO DISTRIBUTORS

This amended NPA Order M-82 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amended order, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

EXPLANATORY

This amended order affects NPA Order M-82, as last amended October 2, 1952, by amending the definition of "brass mill products" appearing in section 2 (c) and by amending section 4 to permit a distributor to place orders for replacement of inventory as soon as deliveries are made by him rather than waiting until the succeeding calendar month to place such orders.

REGULATORY PROVISIONS

Sec.

1. What this order does.
2. Definitions.
3. How a distributor obtains brass mill products.
4. Monthly X-6 quotas on orders placed with brass mills or other distributors.
5. Limitations on acceptance of X-6 orders by brass mills or distributors.
6. Limitations on acceptance of orders by distributors.
7. Inventory limitations.
8. Certification.
9. Applicability of other regulations and orders.
10. Records and reports.
11. Request for adjustment or exception.
12. Communications.
13. Violations.

AUTHORITY: Sections 1 to 13 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 3 CFR, 1951 Supp.

SECTION 1. *What this order does.* The purpose of this order is to provide for the restoration and maintenance of reasonable inventories by distributors of brass mill products. It describes how orders for brass mill products shall be accepted and filled by distributors and how such shipments shall be replaced by brass mills. It authorizes distributors to place authorized controlled material orders within certain limitations, sets forth limitations on the required acceptance of such orders by brass mills, and revokes the authority of distributors to place orders certified under Direction 1 to NPA Order M-11.

SEC. 2. *Definitions.* As used in this order:

(a) "Base period" means the period commencing January 1, 1947, and ending June 30, 1950.

(b) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.

(c) "Brass mill products" means copper and copper-base alloys in the following forms: sheet, plate, and strip, in flat lengths or coils; rod, bar, shapes, and wire (except copper wire mill products); anodes, rolled, forged, or sheared from cathodes; and seamless tube and pipe. Straightening, threading, chamfering, and cutting to width and length, and reduction in gage, do not constitute changes in form of brass mill products except as determined by NPA. The following related products which have been produced by a change in form of brass mill products are not included in the definition of brass mill products:

Circles.
Discs (except brass military ammunition discs after June 30, 1952).
Cups (except brass military ammunition cups after June 30, 1952).
Blanks and segments.
Forgings (except anodes).
Welding rod, 3 feet or less in length.
Rotating bands.
Tube and nipples—welded, brazed, or mechanically seamed.
Formed flashings.
Engravers' copper.

(d) "Brass mill" means any person who produces brass mill products.

(e) "Item of brass mill products" means a particular brass mill product of one given dimension (except length), shape, temper, alloy, and finish.

(f) "Inventory" means brass mill products owned by a distributor or held by him on consignment within the United States, its territories and possessions, for resale as brass mill products. It does not include brass mill products held by him for fabrication, whether for his own account or for others, or direct mill shipments by a mill to a distributor's customer.

(g) "Distributor" means any person (including a warehouseman or jobber but not a retailer) engaged in the business of stocking brass mill products received from a brass mill or another distributor at a location regularly maintained by him for such purpose, for sale or resale in the form or shape as received, or after performing the operations described in this paragraph, and who, in connection therewith, maintains facilities and equipment necessary to conduct such business. Such operations are straightening, threading, chamfering, cutting to width and length, and edging. A distributor shall be deemed to be such only with respect to such brass mill products as are regularly maintained in his inventory. Occasional or accommodation sales, or purchases from brass mills or other distributors, shall not constitute engaging in the business of distributing brass mill products. Any brass mill maintaining an inventory of brass mill products at a location other than the mill and regularly engaging in the business of making sales from such inventory as a distributor shall be deemed to be a distributor with respect to such inventory and business for the purposes of this order. Any distributor operating more than one warehouse may consider all warehouses operated by him as one warehouse for the purpose of this order.

(h) "NPA" means the National Production Authority.

SEC. 3. *How a distributor obtains brass mill products.* (a) Commencing on September 1, 1951, and subject to the quantity limitations contained in sections 4 and 7 of this order, a distributor may apply the allotment symbol X-6 to orders for brass mill products for the purpose of replacing his inventory of such products.

(b) A delivery order bearing the symbol X-6, together with the certification provided for in section 8 of this order, shall constitute an authorized controlled material order for the purpose of all CMP regulations.

(c) Commencing on May 28, 1952, any distributor who during the preceding calendar month has delivered brass mill products from his inventory to fill authorized controlled material orders which bear program identifications consisting of the letter A, B, C, or E, followed by a digit, or the program identification Z-2, or a program identification containing the suffix B-5, in obtaining materials to replace in inventory the brass mill products covered by such orders may append as a suffix to the X-6 allotment symbol the program identifi-

cation B–5, so that the authorized controlled material order placed by him will contain a program identification which reads X–6–B–5.

(d) Subject to the limitations of any other applicable NPA regulation or order, a distributor may purchase brass mill products without limitation where such purchase is not a purchase made from a domestic brass mill or another distributor which will result in a violation of section 4 or 7 of this order. A distributor may apply the allotment symbol X–6 to all his orders for brass mill products. Such orders are hereby designatcd authorized controlled material orders for the purpose of section 17 (d) of CMP Regulation No. 1.

SEC. 4. *Monthly X–6 quotas on orders placed with brass mills or other distributors.* (a) Commencing February 1, 1953, and during each succeding calendar month, any distributor who delivers brass mill products from his inventory during any current calendar month to fill authorized controlled material orders placed with him may, during such current calendar month, or during the next succeeding calendar month, place orders with brass mills or other distributors for replacement in his inventory of an equal weight of brass mill products, to which orders the allotment symbol X–6 may be applied. The weight of the brass mill products ordered during any calendar month, pursuant to the provisions of this paragraph, shall first be applied against any unfilled balance of the preceding calendar month's replacement-of-deliveries-from-inventory quota (by weight), until such balance shall have been filled. The remaining weight of the brass mill products ordered pursuant to the provisions of this paragraph, during any current calendar month, shall be applied against deliveries from inventory by the distributor during that current calendar month.

(b) In addition, a distributor whose inventory (by weight) on the last business day of any calendar month is less than his average monthly inventory (by weight) during the base period may place an order bearing the allotment symbol X–6 with a brass mill or another distributor during the succeeding month for 15 percent of the difference between his average monthy inventory (by weight) during the base period and such inventory at the end of the month.

(c) The total weight of material covered by orders placed by any distributor with brass mills and other distributors in each month and bearing the allotment symbol X–6 shall, however, in no event exceed 150 percent of the average monthly weight of deliveries of brass mill products from brass mills and other distributors to such distributor during the base period. In determining average monthly inventory during the base period or average monthly deliveries of brass mill products during the base period, a distributor may exclude any months during the base period in which he was not engaged in the business of distributing brass mill products.

SEC. 5. *Limitations on acceptance of X–6 orders by brass mills or distributors.* (a) A brass mill or another distributor need not accept an X–6 order from any distributor if such distributor was not a purchaser of brass mill products from him during the base period.

(b) A brass mill or another distributor need not accept an X–6 order from a distributor for any item of brass mill products which such distributor did not purchase from him during the base period.

(c) Any distributor who is unable to place an order bearing the allotment symbol X–6 due to the limitations of this section should apply to the National Production Authority, Washington 25, D. C., Ref: M–82, specifying the brass mills or distributors that refused to accept the order. NPA will assist him in locating sources of supply.

SEC. 6. *Limitations on acceptance of orders by distributors.* (a) A distributor may not accept for delivery from his inventory orders for any brass mill products in excess of the distributor's inventory of such products (including such products in transit to the distributor) on the date of the receipt of such order. Distributors are not required to accept an authorized controlled material order for more than 2,000 pounds of any item of brass mill products or 50 percent of the distributor's inventory of such item, whichever is less, unless otherwise directed by NPA. For the purposes of the quantity limitations of this section, a distributor shall regard separate orders placed for delivery in the same month for the same item by any person as one order.

(b) A distributor may accept an order for brass mill products for direct shipment from the brass mill to the customer only to the extent that such order is acceptable to the brass mill. Such a transaction shall not be considered a sale or delivery by a distributor for the purposes of this order. In forwarding such an order to the brass mill for acceptance, the distributor must furnish the brass mill with the name and address of the customer, the date and number of the customer's order, the authorized controlled material order allotment symbol, and a copy of the certification, which copy, however, need not be a duplicate original. An order for brass mill products for direct shipment from the brass mill to the customer may be shipped to the distributor who placed the order with the brass mill, but in that event the distributor may not incorporate the material so received physically in his inventory, and must use all such material only for the purpose of filling the order for which it was received.

(c) A distributor may not accept any order for copper controlled materials except an authorized controlled material order, or ship or deliver any copper controlled material except pursuant to an authorized controlled material order valid for the calendar quarter in which delivery is requested, unless the quantity of material to be delivered on any one sale to any one person aggregates less than 25 pounds. Only sales on authorized controlled material orders are replaceable under the provisions of the first sentence of section 4 of this order.

SEC. 7. *Inventory limitations.* No distributor may accept delivery of brass mill products from domestic brass mills or other distributors if his inventory is, or by such receipt would become, in excess of his average monthly inventory during the base period (excluding therefrom the months during which he was not engaged in the business of distributing brass mill products) or in excess of a practicable minimum working inventory as defined in NPA Reg. 1, whichever is less.

SEC. 8. *Certification.* Any order for brass mill products placed by a distributor with a supplier and bearing the allotment symbol X–6 pursuant to this order shall contain a certification in substantially the following form:

Certified under CMP Regulation No. 1 and NPA Order M–82

This certification shall constitute a representation to the supplier and to NPA that the purchaser is authorized to place an authorized controlled material order under the provisions of this order to obtain the material covered by the delivery order.

SEC. 9. *Applicability of other regulations and orders.* Nothing in this order shall be construed to relieve any person from the obligations of complying with such limitations as may be contained in any other applicable regulation or order of NPA or of any order of any other competent authority.

SEC. 10. *Records and reports.* (a) Each person participating in any transaction covered by this order shall make and preserve, for at least 3 years thereafter, accurate and complete records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of this order. This order does not specify any particular accounting method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who, at the time such microfilm or other photographic records are made, maintain such copies of records in the regular and usual course of business.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

(c) Persons subject to this order shall make such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139–139F).

SEC. 11. *Request for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, that any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its

enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, by letter in triplicate, and shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 12. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-82.

SEC. 13. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of NPA or who wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime, and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amended order shall take effect February 16, 1953.

NATIONAL PRODUCTION AUTHORITY,
By GEORGE W. AUXIER,
Executive Secretary.

Chapter XXI—Office of Rent Stabilization, Economic Stabilization Agency

[Rent Regulation 2, Amdt. 39 to Schedule B]

RR 2—ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

SCHEDULE B—SPECIFIC PROVISIONS RELATING TO INDIVIDUAL DEFENSE RENTAL AREAS OR PORTIONS THEREOF

COOK COUNTY, ILLINOIS

Effective February 17, 1953, Rent Regulation 2 is amended as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

Issued this 13th day of February 1953.

WILLIAM G. BARR,
Acting Director of Rent Stabilization.

Item 90 is added to Schedule B of Rent Regulation 2—Rooms, reading as follows:

90. *Provisions relating to Cook County, Illinois, a portion of the Chicago Defense-Rental Area (Item 83 of Schedule A):*

Decontrol of specified class of housing accommodations based upon the recommendation of the Local Advisory Board.

Pursuant to the provisions of section 204 (e) of the Housing and Rent Act of 1947, as amended, the application of this regulation is terminated with respect to housing accommodations which on December 31, 1952, consisted of not more than two furnished rooms and the rental of which included linen and maid service but did not include kitchen facilities or kitchen privileges.

All provisions of this regulation insofar as they are applicable to the territory to which this item of Schedule B relates, are hereby amended to the extent necessary to carry into effect this item of Schedule B.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Subchapter A—Alaska

[Circular 1841]

PART 79—TIMBER

FREE USE OF TIMBER ON PUBLIC LANDS IN ALASKA

The following text is substituted for §§ 79.1–79.13a:

FREE USE OF TIMBER ON PUBLIC LANDS IN ALASKA

Sec.
79.1 Statutory authority.
79.2 Free use privilege; cutting by agent.
79.3 Free use of timber for Government purposes.
79.4 Application for permit.
79.5 Issuance and cancellation of permit, removal of timber; bond.
79.6 Cutting rules; restriction on cutting timber along highways or public roads, or bordering the shores of lakes.
79.7 Amount of timber which may be cut.
79.8 Notice of completion of timber cutting operations.
79.9 Timber on school sections and on withdrawn lands.
79.10 Termination of permit; extensions.
79.11 Trespass; penalty for unauthorized cutting of timber.
79.12 Appeals.

AUTHORITY: §§ 79.1 to 79.12 issued under sec. 11, 30 Stat. 414, as amended; 48 U. S. C. 423.

CROSS REFERENCE: For additional free use privileges, see §§ 259.21—259.25 of this chapter.

§ 79.1 *Statutory authority.* Section 11 of the act of May 14, 1898 (30 Stat. 414; 48 U. S. C. 423), empowers the Secretary of the Interior to permit the use of timber found upon the public lands in Alaska by actual settlers, residents, individual miners, and prospectors for minerals, for firewood, fencing, buildings, mining, prospecting, and for domestic purposes as may actually be needed by such persons for such purposes. This section was amended by the Act of June 15, 1938 (52 Stat. 699), so as to permit the use of such timber by churches, hospitals, and charitable institutions for firewood, fencing, buildings, and for other domestic purposes.

§ 79.2 *Free use privilege; cutting by agent.* (a) Except as provided in § 79.9, the only timber which may be cut under §§ 79.1 to 79.12 for free use in Alaska is timber on vacant public lands in the Territory not reserved for national forest or other purposes. The timber so cut may not be sold or bartered. The free use privilege does not extend to associations or corporations, except churches, hospitals, and charitable institutions. Any applicant entitled to the free use of timber may procure it by agent, if desired, but no part of the timber may be used in payment for services in obtaining it or in manufacturing it into lumber. Timber may not be cut by an applicant under this section after the land has been included in a valid homestead settlement or entry or other claim, except that any applicant for the free use of timber who has been granted a permit to cut as hereinafter provided, will have the right to cut the timber while the permit remains in force as against a subsequent applicant who may wish to obtain the same timber by purchase, except as provided in § 79.22.

(b) Free use permits will not be issued where the applicant owns or controls lands having an adequate supply of timber to meet his needs.

§ 79.3 *Free use of timber for Government purposes.* Persons contracting with Government officials to furnish firewood or timber for United States Army posts or for other authorized Government purposes may procure it from the vacant and unreserved public lands in Alaska free of charge, provided the contracts do not include any charge for the value of the firewood or timber. Where it is desired to procure timber for such use, an application for permit in duplicate on Form 4–056 must be filed, as in other cases, and a copy of the contract must be attached to the application.

§ 79.4 *Application for permit.* Before timber is cut for free use, an application for permit in duplicate on Form 4–056 must be filed in an office or with an employee of the Bureau of Land Management in Alaska.

§ 79.5 *Issuance and cancellation of permit; removal of timber; bond.* (a) A permit may be issued and shall incorporate the provisions, if any, governing the selection, removal, and use of the materials. One copy of Form 4–056 shall be returned to the applicant showing the approval or rejection of such application.

(b) The signing officer may cancel a permit if the permittee fails to observe its terms and conditions, or the regulations in §§ 79.1 to 79.12, or if the permit has been issued erroneously.

(c) No timber shall be removed until the permit is issued. If deemed necessary by the signing officer, a bond, satisfactory to him, may be required as a guarantee of faithful performance of the provisions of the permit and the regulations in §§ 79.1 to 79.12.

§ 79.6 *Cutting rules; restriction on cutting timber along highways or public roads, or bordering the shores of lakes.* All free-use timber shall be cut and removed in accordance with approved forestry and conservation practices so as to

preserve to the maximum extent feasible all scenic, recreational, watershed, and other values of the land and resources. In the free-use disposal of timber, the cutting and removal shall be accomplished in such manner as to leave the stand in condition for continuous production. Moreover, no green timber shall be cut within 300 feet of either side of the center line of a highway or public road, or bordering streams or the shores of lakes designated for recreational use unless specifically authorized by the Regional Administrator or the Regional Chief, Division of Forestry, to prevent or control fungus infection or insect attacks, or for other reasons found sufficient to justify such cutting.

§ 79.7 *Amount of timber which may be cut.* During each calendar year each applicant entitled to the benefits of section 11 of the act of May 14, 1898, may take a total of 100,000 feet board measure or 200 cords in saw logs, piling, cordwood, or other timber. This amount may be taken in whole in any one of such classes of timber or in part of one kind and in part of another kind or other kinds. Where a cord is the unit of measure, it shall be estimated in relation with saw timber in the ratio of 500 feet board measure to the cord. Permits to take timber in excess of the amount stated may be granted to churches, hospitals, and charitable institutions upon a showing of special necessity therefor, and with the approval of the Regional Administrator.

§ 79.8 *Notice of completion of timber cutting operations.* Upon completion of the cutting and the removal of the timber, the permittee must notify the Regional Chief, Division of Forestry, or other forest officer, stating when the work was completed, the land from which the timber was taken, the amount and kind of timber which was cut and removed, and the use to which the timber was put.

§ 79.9 *Timber on school sections and on withdrawn lands.* Sections 79.1 to 79.12 are not applicable to timber upon sections 16, 33, and 36, which were reserved to the Territory for educational uses by the act of March 4, 1915 (38 Stat. 1214; 48 U. S. C. 353, 354). Sections 79.1 to 79.12 are also inapplicable to timber upon withdrawn areas, unless the order of withdrawal permits.

§ 79.10 *Termination of permit; extensions.* Permits shall be granted for periods not to exceed one year and shall terminate on the expiration dates shown therein unless extended by the signing officer.

§ 79.11 *Trespass; penalty for unauthorized cutting of timber.* The cutting of timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 79.1 to 79.12, will render the persons responsible liable to the United States in a civil action for trespass, and such persons may be prosecuted criminally under 18 U. S. C. 1852 or section 56–1–26 and 56–1–27 of the Alaska Compiled Laws, Annotated, 1949.

§ 79.12 *Appeals.* A party aggrieved by any action involving his application may appeal to the Director of the Bureau of Land Management and the Secretary of the Interior, pursuant to the Rules of Practice contained in Part 221 of this chapter.

NOTE: The record keeping or reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JOEL D. WOLFSOHN,
Assistant Secretary of the Interior.

FEBRUARY 11, 1953.

[F. R. Doc. 53–1526; Filed, Feb. 16, 1953; 8:45 a. m.]

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—PRACTICE AND PROCEDURE

MISCELLANEOUS AMENDMENTS [1]

In the matter of amendment of Part 1 of the Commission's rules and regulations relating to practice and procedure.

At a session of the Federal Communications Commission at its offices in Washington, D. C., on the 4th day of February 1953;

The Commission having under consideration §§ 1.387 (b) (3), and 1.724 (b) of its rules and regulations relating to practice and procedure;

It appearing, that § 1.387 (b) (3) of the rules presently provides in pertinent part that the Commission will on its motion name as parties to a hearing:

> Any person filing an application that is mutually exclusive with another application or applications already designated for hearing will be consolidated for hearing with such other application or applications only if the application in question is filed at least 20 days before the date on which the hearing on the prior application or applications is scheduled;
>
> If the application is filed after the 20-day period, it will be dismissed without prejudice and will be eligible for refiling only after a decision is rendered by the Commission with respect to the application or applications designated for hearing or such applications are withdrawn or dismissed.

It further appearing, that § 1.724 (b) of the rules presently provides in pertinent part:

> Any person filing an application that is mutually exclusive with another application or applications already designated for hearing will be consolidated for hearing with such other application or applications only if the application in question is filed at least 20 days before the date on which the hearing on the prior application or applications is scheduled.

It further appearing, that in light of the recent amendment to section 309 (b) of the Communications Act (Communications Act Amendments of 1952, Public Law 554, 82d Congress) which requires the Commission, prior to formal designation of an application for hearing, to notify the applicant of the grounds and reasons for the Commission's inability to make a finding that the public interest, convenience and necessity would be served by the granting of the application, and to afford such applicant an opportunity to reply, the aforesaid 20-day provision is inadequate and should be extended to 30 days in order that the Commission may process applications in an orderly manner; and

It further appearing, that it is necessary to provide procedures which would permit parties in broadcast hearings to work out mutual problems raised by the hearing procedure at a time when they have definite information as to the identity of all other parties to the proceeding and thus expedite the conduct of such hearings; and

It further appearing, that the recent amendment to section 309 (b) of the Communications Act (Communications Act Amendments of 1952, Public Law 554, 82d Congress) also make it desirable that all broadcast hearings be commenced with a conference between the Examiner, or other presiding officer, and representatives of all parties and that such conference be employed for the purpose of applying the "30-day rule" of §§ 1.387 (b) (3) and 1.724 (b) as herein amended; and

It further appearing, that authority for the amendments adopted herein is contained in sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended; and

It further appearing, that the amendments adopted herein are procedural; that the provisions of section 4 of the Administrative Procedure Act with respect to Notice of Proposed Rule Making and prior publication are inapplicable; and that such amendments may be made effective immediately;

It is ordered, That effective immediately Part 1 of the Commission's rules and regulations relating to practice and procedure is amended as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082; 47 U. S. C. 303)

Released: February 6, 1953.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

1. Section 1.387 is amended by deleting the present paragraph (b) (3) and substituting therefor the following:

(3) Any person who, prior to the time the application in question was designated for hearing, had filed with the Commission a mutually exclusive application. Any application that is mutually exclusive with another application or applications already designated for hearing will be consolidated for hearing with such other application or applications only if the application in question is filed at least 30 days before the date on which the hearing on the prior application or applications is scheduled. If the scheduled date is changed, the date last set shall govern in determining the timeliness of an application for purposes of this paragraph. If the appli-

[1] See F. R. Doc. 53–1578, appearing in Notices Section, *infra.*

cation is filed after the 30-day period, it will be dismissed without prejudice and will be eligible for refiling only after a decision is rendered by the Commission with respect to the application or applications designated for hearing or after such applications are dismissed or removed from hearing.

2. Section 1.724 is amended by deleting the present paragraph (b) and substituting therefor the following:

(b) Any application that is mutually exclusive with another application or applications already designated for hearing will be consolidated for hearing with such other application or applications only if the application in question is filed at least 30 days before the date on which the hearing on the prior application or applications is scheduled. If the scheduled date is changed, the date last set shall govern in determining the timeliness of an application for purposes of this paragraph.

3. Section 1.841 is redesignated as § 1.840 with no change in text.

4. A new § 1.841 is added as follows:

§ 1.841 *Commencement of hearing procedure in cases involving broadcast applications.*[90] (a) Except for good cause found in advance by the Hearing Examiner, all broadcast hearings will commence with a conference between the Hearing Examiner, or other presiding officer, and representatives of all parties to the proceeding looking toward agreement on all matters raised with respect to the conduct of the hearing. At this conference, the parties, including Commission counsel should be prepared to discuss (1) the matters relied upon by each of the parties, (2) possibilities of agreement to clarify the issues to be tried in the hearing, (3) admissions of fact and of documents which will avoid unnecessary proof, (4) the need or desirability of obtaining proof by depositions, (5) limitations upon merely cumulative proof, (6) the need for additional conferences, (7) date for commencing the taking of testimony and (8) such other matters as may aid the disposition of the hearing.

(b) The Hearing Examiner, or other presiding officer, shall issue an order which recites the action taken at the conference; the date of any additional conference or the date for taking of testimony which, in the absence of agreement otherwise, should not be later than 30 days after the issuance of such order if circumstances will permit; the matters relied upon by each of the parties; agreements made by the parties as to (1) admissions of fact and documents, and (2) limitations of proof and other matters; and such order when issued shall control the subsequent course of the hearing unless modified by the Hearing Examiner for cause during the course of the hearing or by the Commission upon a review of the Hearing Examiner's ruling. Proof at the hearing will be adduced only in respect of the matters relied upon by each of the parties, including Commission counsel, set out in such order.

(c) The scheduled date of hearing referred to in §§ 1.387 (b) (3) and 1.724 (b) shall be the date the conference is commenced pursuant to the provisions of this section. The procedure specified above does not affect the opportunity for prehearing conference as provided in § 1.813.

[F. R. Doc. 53-1579; Filed, Feb. 16, 1953; 8:45 a. m.]

[Docket No. 10214]

PART 3—RADIO BROADCAST SERVICES

LICENSED OPERATOR REQUIREMENTS OF CERTAIN STANDARD AND FM BROADCASTING STATIONS AND FOR REMOTE CONTROL OPERATION OF SUCH STATIONS

Correction

In F. R. Doc. 53-1133, appearing at page 726 of the issue for Wednesday, February 4, 1953, the following changes should be made:

1. In the first sentence of § 3.165 (b), "subparagraphs (1) and (2) of this paragraph" should read "subparagraphs (1) to (4) of this paragraph".

2. The last word of § 3.165 (b) (4), "omissions", should read "emissions".

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR Part 130]

OPERATION AND MAINTENANCE CHARGES

COLORADO RIVER INDIAN IRRIGATION PROJECT, ARIZONA

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 238), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs, September 14, 1946 (11 F. R. 10297), and delegation by the Commissioner to the Area Director by Order No. 551, Amendment No. 1, dated June 5, 1951, notice is hereby given of the intention to modify § 130.6 *Charges* and § 130.7 *Excess water charge* of Title 25, Code of Federal Regulations, Chapter 1, Subchapter L, dealing with operation and maintenance assessments against the irrigable lands of the Colorado River Indian Irrigation Project, Arizona, by increasing the basic water charges from $5.00 per acre to $6.00 per acre per annum, and increasing the basic water allowance from four acre feet to five acre feet per acre per annum. The revised sections will read as follows:

§ 130.6 *Charges.* Pursuant to the provisions of the acts of Congress approved August 1, 1914 and March 7, 1928 (38 Stat. 583, 45 Stat. 210; 25 U. S. C. 385-387), the annual basic charge against the land to which water can be delivered under the Colorado River Indian irrigation project in Arizona, for the operation and maintenance of that project, is hereby fixed until further notice at $6.00 per acre per annum for the delivery of not to exceed five acre feet of water per acre per annum, except that when with the approval of the Superintendent, certain alkali tracts are planted to rice with a view to reclaiming the lands, a quantity of water reasonably sufficient to carry away alkali salts may be furnished to any such tracts of land for not more than two successive years at a rate of $6.00 per acre per annum: *Provided, however,* That the owners of Indian lands that are not under lease to non-Indian lessees and whose lands are located within the boundaries of Townships 8 and 9 North, Ranges 20 and 21 West, S. & G. R. B. M., commonly known as the old portion of the project, shall be required to make only a partial cash payment of $3.00 per acre per annum until such time as in the opinion of the Superintendent these lands are subjugated to the standards now being followed in the development of new lands in other parts of the project. The remaining unpaid part of the $6.00 basic assessments in such cases shall stand as a first lien against the land until paid. The foregoing charges shall become effective for the irrigation season of 1953 and continue in effect thereafter until further notice.

§ 130.7 *Excess water charge.* Additional water, if and when available, in excess of five acre feet per acre per annum, may be delivered upon request of landowners or lessees at the rate of $1.50 per acre foot, or fraction thereof.

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or argument in writing to Ralph M. Gelvin, Area Director, Phoenix Area Office, P. O. Box 7007, Phoenix, Arizona, within twenty (20) days from date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

[SEAL] L. L. NELSON,
Acting Area Director.

[25 CFR Part 130]

OPERATION AND MAINTENANCE CHARGES

SALT RIVER INDIAN IRRIGATION PROJECT, ARIZONA

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11,

[90] This section applies only to broadcast applications designated for hearing after February 4, 1953.

1946 (60 Stat. 238), and by virtue of the authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs, September 14, 1946 (11 F. R. 10297), and delegation by the Commissioner to the Area Director by Order No. 551, Amendment No. 1, dated June 5, 1951, notice is hereby given of the intention to modify § 130.120 *Basic charge* and § 130.122 *Delivery of water,* of Title 25, Code of Federal Regulations, Chapter 1, Subchapter L, dealing with operation and maintenance assessments against the irrigable lands of the Salt River Indian Irrigation Project, Arizona, by increasing the basic water charges from $3.50 per acre to $6.00 per acre per annum. The revised sections will read as follows:

§ 130.120 *Basic charge.* Pursuant to provisions of the acts of Congress, approved August 1, 1914, and March 7, 1928 (38 Stat. 583; 45 Stat. 210, 25 U. S. C. 385, 387), the basic operation and maintenance charge against the lands under the Salt River Indian Irrigation Project in Arizona to which water can be delivered through the Irrigation Project works is hereby fixed at $6.00 per acre per annum until further notice.

§ 130.122 *Delivery of water.* Delivery of water shall be refused to all tracts of land for which the basic charge remains unpaid on the due date except that water may be delivered (a) to irrigate Indian owned lands that are not under lease, permit, or other form of use by someone other than the Indian owner, upon the partial payment on or before the due date of not less than $3.50 per acre per annum of the basic charge; (b) to irrigate Indian owned lands not under lease, permit, or other form of use by someone other than the Indian owner when said owner is unable to pay any part of the basic charge, upon the performance of labor on project works and the prior agreement that he will pay from the proceeds received for such work at least an amount equal to $3.50 per acre per annum; and (c) to irrigate not to exceed 10 acres of Indian owned land when the Superintendent is of the opinion that an Indian landowner is unable to meet the requirements of paragraphs (a) or (b) of this section, when the Superintendent certifies to that fact. The Superintendent shall promptly furnish the director of the district, for approval or rejection, all such certifications. In such cases, covered by paragraphs (a), (b) and (c) of this section, the unpaid charges shall be entered on the accounts and will stand as a first lien against the land until paid, without penalty.

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or argument in writing to Ralph M. Gelvin, Area Director, Phoenix Area Office, P. O. Box 7007, Phoenix, Arizona, within twenty (20) days from date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

[SEAL] L. L. NELSON,
Acting Area Director.

DEPARTMENT OF COMMERCE

Office of International Trade

[Case No. 147]

MARTIN ENTERPRISES

ORDER REVOKING AND DENYING LICENSE PRIVILEGES

In the matter of Martin Enterprises, partnership, Bernard Martin, and Alvin E. Shulman, partners, 345 Fifth Avenue, New York, New York, respondents; Case No. 147.

Alvin E. Shulman and Bernard Martin, individually and as copartners doing business under the firm name and style of Martin Enterprises, having been charged by the Director, Investigation Staff, with a series of violations of the Export Control Act of 1949, as amended, and the regulations promulgated thereunder, duly appeared herein and were represented by counsel. Although duly notified of their right to answer the charges and have an oral hearing thereon before the Compliance Commissioner, they have waived their rights thereto and have elected, pursuant to Export Regulations, § 382.10 (15 CFR Part 382), to submit to the Compliance Commissioner a proposal for the issuance of a consent order revoking and denying their license privileges. For this purpose, they have admitted the charges set forth in the charging letter.

The Compliance Commissioner has reviewed the facts of the case, has approved the proposal, and has reported the facts with his recommendations to the undersigned as Assistant Director for Export Supply.

Now, upon considering the facts of this case and the report of the Compliance Commissioner, I hereby make the following findings of fact:

1. Alvin E. Shulman and Bernard Martin are copartners doing business under the firm name and style of Martin Enterprises, at 345 Fifth Avenue, in the City of New York, State of New York, and as such, during all times hereinafter mentioned, they were engaged in the export business.

2. Early in 1952, said persons, hereinafter referred to as respondents, submitted to the Office of International Trade an application for a license to export a quantity of stainless steel sheets, therein described as Type 302, a type in short supply and highly restricted, which application was returned without action, all quota allocations having been exhausted.

3. Being aware of the limitations with respect to the allocation of Type 302 stainless steel sheets, and also Type 304, similarly in short supply, and, in an apparent plan to circumvent such limitations, respondents thereafter filed numerous applications for licenses to export stainless steel sheets to Brazil and Switzerland, and in the said applications represented that the sheets to be exported thereunder were of Type 430, a type in more plentiful supply.

4. Two such licenses were granted for an aggregate of 640,000 pounds.

5. Thereafter, under purported authority of said licenses, respondents proceeded to export from the United States Type 302 or Type 304 stainless steel sheets, and, for the purpose of so doing, filed with the Collector of Customs at ports of embarkation the said licenses and, in addition, nine shipper's export declarations in which the steel sheets being exported thereunder were described merely as "stainless steel sheets."

6. Eight such exportations were completed, some to Brazil and some to Switzerland, but the ninth attempted exportation was intercepted and, upon inspection, was found to be Types 302 and 304. The sheets in this lot were thereupon confiscated by Customs officials on August 15, 1952, upon a writ issued out of the United States District Court for the Eastern District of New York.

From the foregoing, I have concluded that respondents did knowingly make false representations and statements in applications for export licenses and in shipper's export declarations as to the nature and description of the steel sheets sought to be exported and actually exported and that they wilfully and knowingly exported Type 302 and Type 304

stainless steel sheets without authority so to do under any general license or validated license issued by the Office of International Trade for such purpose, all in violation of §§ 381.1 (a) and (b) (1), 370.2, and 372.1 (c), Export Regulations.

The Compliance Commissioner, in his report, has stated that the offenses were very grave and serious in that they did not involve a mere misdescription of articles exported but, on the contrary, resulted in the removal from the restricted use stockpile of materials which thereby became available for relatively unimportant and unnecessary uses and, once beyond the borders of this country, susceptible to possible transshipment and inimical use. He has, therefore, recommended that the denial of license privileges for thirty-six months with a conditional remission of the last eighteen months thereof be approved. The conditional remission of the last eighteen months is allowed in the expectation that the respondents herein, conscious of their wrongdoing, will be rehabilitated and become useful participants in the export business.

For these reasons, considered by me to be proper, I have concluded that the terms of the proposed order are reasonable, necessary, and proper to achieve effective enforcement of the law and they are, accordingly, adopted: *It is, now, therefore ordered:*

I. Alvin E. Shulman and Bernard Martin, individually and as copartners, doing business under the firm name and style of Martin Enterprises, are hereby denied and declared ineligible to exercise the privileges of exporting, receiving, or otherwise participating directly or indirectly in any exportation of any commodity from the United States to any foreign destination, including Canada. Without limitation of the generality of the foregoing, participation in an exportation is deemed to include any action by the named respondents, or any of them, directly or indirectly, in any manner or capacity, (a) in the obtaining or using of export licenses, including general as well as validated export licenses and any export control documents relating thereto; (b) as a party or a representative of a party to any export license application; (c) in any exportation from the United States to Canada or to any other foreign destination; (d) in the financing, forwarding, transporting or other servicing of exports from the United States; and (e) in the receiving in any foreign country of any exportation from the United States.

II. All outstanding validated export licenses held by or issued in the name of any of the said respondents be and they hereby are revoked and shall be returned forthwith to the Office of International Trade for cancellation.

III. Such denial of export privileges shall extend not only to the named respondents, and each of them, but also to any person, firm, corporation or other business organization with which said respondents or any of them may be now or hereafter related by ownership, control, position of responsibility, or other connection in the conduct of trade involving exports from the United States.

IV. This order is effective from February 10, 1953, to August 9, 1954, both dates inclusive, and for the additional term of eighteen (18) months thereafter, which additional term shall be held in abeyance for eighteen (18) months commencing August 10, 1954, subject to the condition that if said respondents, or any one of them, shall at any time within the term commencing February 10, 1953, and ending August 9, 1954, or within the additional period of eighteen months ensuing immediately thereafter, knowingly violate any of the provisions of this order, or the Export Control Act of 1949, as now or hereafter amended, or any regulation promulgated thereunder, a supplemental order, summarily vacating this provision for holding in abeyance the suspension for the additional term of eighteen months, will be issued. Upon the issuance of any such supplemental order, the additional term of eighteen months shall commence to run from the date of such supplemental order and the issuance thereof shall not be a bar to nor shall the Office of International Trade (or such other agency as shall at that time be charged with the administration of export controls) be thereby precluded from instituting any other and further action which it may deem appropriate and necessary by reason of the violation giving rise thereto. If, in the meantime, export controls shall fully terminate, then and in that event, this order, and any supplemental order hereunder, shall have no further force or effect.

V. No person, firm, corporation, or other business organization shall knowingly apply for or obtain any license, shipper's export declaration, bill of lading, or other export control document relating to any exportation from the United States under validated and general licenses, or otherwise, to or for the named respondents or any of them, or any person, firm, corporation, or other business organization covered by paragraph III above, without prior disclosure of such facts to, and specific authorization from, the Office of International Trade.

Dated: February 12, 1953.

JOHN C. BORTON,
Assistant Director
for Export Supply.

DEPARTMENT OF LABOR

Wage and Hour Division

[Administrative Order 427]

PUERTO RICO: SPECIAL INDUSTRY COMMITTEE NO. 13

RESIGNATION OF MEMBER; APPOINTMENT OF NEW MEMBER

Pursuant to authority under the Fair Labor Standards Act of 1938, as amended (52 Stat. 1060, as amended; 29 U. S. C. 201), I, Wm. R. McComb, Administrator of the Wage and Hour Division, United States Department of Labor, hereby accept the resignation of Enrique Campos del Toro, as an employer member of Special Industry Committee No. 13 for Puerto Rico, and appoint to serve on said Committee in his stead as employer member John E. Gill, of Caguas, Puerto Rico.

Signed at Washington, D. C., this 11th day of February 1953.

WM. R. MCCOMB,
Administrator,
Wage and Hour Division.

[F. R. Doc. 53-1529; Filed, Feb. 16, 1953; 8:46 a. m.]

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.166, as amended December 31, 1951; 16 F. R. 12043 and June 2, 1952; 17 F. R. 3818).

American Modes, Inc., Winchester, Ill., effective 2-5-53 to 8-4-53; 30 learners for expansion purposes (dresses).

American Modes, Inc., Winchester, Ill., effective 2-5-53 to 2-4-54; 10 learners (dresses).

Clayburne Manufacturing Co., Inc., Clayton, Ga., effective 2-15-53 to 8-14-53; 100 learners for expansion purposes (men's dress and sport shirts).

Dale Sportswear Co., 801 Main Street, Honesdale, Pa., effective 2-4-53 to 8-3-53; 15 learners for expansion purposes (knitted sport shirts).

Dale Sportswear Co., 801 Main Street, Honesdale, Pa., effective 2-4-53 to 2-3-54; 10 percent of the productive factory force (knitted sport shirts).

Eastwill Sportswear Co., Inc., Greenwood, S. C., effective 2-2-53 to 2-1-54; 10 percent of the productive factory force (sport shirts).

Gloucester Pants Co., 211 East Main Street, Gloucester, Mass., effective 2-9-53 to 2-8-54; 10 learners (dress trousers).

Goldstein & Levin, 232 Levergood Street, Johnstown, Pa., effective 2-6-53 to 2-5-54; 10 percent of the productive factory force (ladies' dresses)

Johnnye Manufacturing Co., Fairfield, Ill., effective 2-9-53 to 2-8-54; 10 learners. This

does not include the employment of learners at subminimum wage rates engaged in the production of skirts (dresses and blouses).

Kennebec Manufacturing Co., Inc., Main Avenue, Gardiner, Maine., effective 2-5-53 to 8-4-53; 30 learners for expansion purposes (children's outer garments of woven and knitted cotton fabrics).

Lafayette Pants Corp., 407 Lafayette Boulevard, Fredericksburg, Va., effective 2-5-53 to 2-4-54; 10 percent of the productive factory force (dress and semidress odd trousers).

Lanier Manufacturing Co., Easley, S. C., effective 2-6-53 to 2-5-54; 10 percent of the productive factory force (sport shirts).

Little River Garment Co., Cadiz, Ky., effective 2-5-53 to 2-4-54; five learners (dungarees and coveralls).

Litz Manufacturing Co., 666 School Street, Hillsboro, Ill., effective 2-4-53 to 8-3-53; 25 learners for expansion purposes (women's dresses and sportswear).

Mode O'Day Corp., Plant No. 2, 146 Southwest Temple, Salt Lake City, Utah, effective 2-9-53 to 8-8-53; 20 learners for expansion purposes (women's house dresses).

The Monarch Co., 383½ Whitehall Street, Southwest, Atlanta, Ga., effective 2-2-53 to 1-25-54; 10 percent of the productive factory force or 10 learners, whichever is greater (replacement certificate) (longies, jackets, shorts and shirts).

Nanticoke Dress Co., 216 East Broad Street, Nanticoke, Pa., effective 2-4-53 to 2-3-54; 10 learners (dresses and lounging pajamas).

Ottenheimer Bros. Manufacturing Co., Inc., Markham at Victory Street, Little Rock, Ark., effective 2-12-53 to 2-11-54; 10 percent of the productive factory force (dresses).

Palmland Fashions, 3240 Northwest Twenty-seventh Avenue, Miami, Fla., effective 2-12-53 to 2-11-54; five learners (men's leisure jackets).

Pittston Frocks, 135 South Main Street, Pittston, Pa., effective 2-4-53 to 2-3-54; five learners (women's, misses' and junior dresses).

Quarles Manufacturing Co., Sanger, Tex., effective 2-6-53 to 2-5-54; 10 learners (men's and boys' work clothing and sportswear).

Reynolds Textile Co., 219 South Main Street, Clinton, Mo., effective 2-2-53 to 2-1-54; 10 percent of the productive factory force (men's overalls).

Rocket Manufacturing Co., Inc., 1000 Spring Street, Little Rock, Ark., effective 2-12-53 to 2-11-54; 10 percent of the productive factory force (women's house robes and blouses).

The Salisbury Co., Salisbury, Mo., effective 2-2-53 to 8-1-53; 50 learners for expansion purposes (dress pants and slacks).

Samsons Inc., 122 North Goldsboro Street, Wilson, N. C., effective 2-9-53 to 2-8-54; 10 percent of the productive factory force (sport and dress shirts).

Siceloff Manufacturing Co., Inc., East Second Avenue, Lexington, N. C., effective 2-4-53 to 8-3-53; 50 learners for expansion purposes (cotton work pants, bib overalls, cotton work shirts, dungarees).

Henry I. Siegel Co., Inc., Fulton, Ky., effective 2-14-53 to 2-13-54; 10 percent of the productive factory force (men's and boys' pants).

Southern Maid Garment, Inc., Winnsboro, S. C., effective 2-16-53 to 2-15-54; 10 learners (children's dresses).

Southland Manufacturing Co., Inc., Branch Factory No. 2, Benson, N. C., effective 2-9-53 to 8-8-53; 20 learners for expansion purposes (sport shirts).

Standard Romper Co., Portland Branch Plant, 335 Forest Avenue, Portland, Maine, effective 2-5-53 to 8-4-53; 30 learners for expansion purposes (children's outer garments of woven and knitted cotton fabrics).

J. H. Stern Garment Co., Inc., Seven Valleys, Pa., effective 2-6-53 to 2-5-54; 10 percent of the productive factory force (children's dresses).

Su-Ann Togs, Barnegat, N. J., effective 2-5-53 to 2-4-54; 10 percent of the productive factory force (children's dresses).

Tuf-Nut Garment Manufacturing Co., 423 East Third Street, Little Rock, Ark., effective 2-5-53 to 2-4-54; 10 percent of the productive factory force (overalls and jumpers).

Westway Manufacturing Co., 212 West Main Street, Fredericksburg, Tex., effective 2-6-53 to 8-5-53; 25 learners for expansion purposes (boys' shirts and pants).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as revised November 19, 1951; 16 F. R. 10733).

Archer Mills, Inc., 1118 Talbotton Avenue, Columbus, Ga., effective 2-6-53 to 2-5-54; 5 percent of the productive factory force.

Bloomsburg Hosiery Mills, Inc., 164 West Ninth Street, Bloomsburg, Pa., effective 2-6-53 to 2-5-54; five learners.

Burlington Mills Corp., Harriman Hosiery Plant, Harriman, Tenn., effective 2-1-53 to 1-31-54; 5 percent of the productive factory force.

Burlington Mills Corp., McLaurin Hosiery Plant, Asheboro, N. C., effective 2-6-53 to 2-5-54; 5 percent of the productive factory force.

Junior Hosiery Mills, Inc., Pearl and Willow Streets, Reading, Pa., effective 2-6-53 to 2-5-54; 5 percent of the productive factory force.

Lawler Hosiery Mills, Inc., 53 Bradley Street, Carrollton, Ga., effective 2-4-53 to 2-3-54; 5 percent of the productive factory force.

Magnet Mills, Inc., Clinton, Tenn., effective 2-22-53 to 2-21-54; 5 percent of the productive factory force.

Ridge Textile Co., 364 Pope Avenue, Athens, Tenn., effective 2-9-53 to 2-8-54; 5 percent of the productive factory force.

Knitted Wear Industry Learner Regulations (29 CFR 522.68 to 522.79, as amended January 21, 1952; 16 F. R. 12866).

Athco, Inc., Athens, Ala., effective 2-9-53 to 8-8-53; 25 additional learners for expansion purposes (supplemental certificate) (all nylon, all rayon, and combination of nylon and rayon undergarments, etc.).

Shoe Industry Learner Regulations (29 CFR 522.250 to 522.260, as amended March 17, 1952; 17 F. R. 1500).

Penn Footwear Co., Line and Grove Streets, Nanticoke, Pa., effective 2-2-53 to 8-1-53; 40 learners for expansion purposes.

The following special learner certificates were issued in Puerto Rico to the companies hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Rico Electronics, Inc., Vega Alta, P. R., effective 2-2-53 to 8-1-53; 50 learners; gun assemblers; 160 hours at 35 cents per hour, 320 hours at 40 cents per hour (electron guns for television picture tubes).

The Shawy Handbag Co. of Puerto Rico, Caguas, P. R., effective 1-27-53 to 7-26-53; eight learners; machine sewing operators; 160 hours at 27 cents per hour, 160 hours at 32 cents per hour (corde handbags).

Walden Hosiery Mills of Puerto Rico, Inc., Cidra, P. R., effective 1-26-53 to 3-22-53; 30 learners; knitters, 480 hours; loopers, 480 hours; menders, 240 hours; inspectors, 240 hours; each 30 cents per hour (full fashioned hosiery).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 9th day of February 1953.

MILTON BROOKE,
Authorized Representative of the Administration.

[F. R. Doc. 53-1530; Filed, Feb. 16, 1953; 8:46 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

HEARING PROCEDURES

CHANGES TO SPEED ACTION ON COMPETING APPLICATIONS [1]

FEBRUARY 6, 1953.

In order to simplify and expedite the hearing procedures of the Federal Communications Commission, particularly with respect to the hearings to be held on the many mutually exclusive broadcast applications, the Commission has taken the following action:

(1) Amended its rules to require all competing applications for the same facility in broadcast and nonbroadcast services to be on file at least 30 days prior to the starting of the scheduled hearing; (instead of the 20 days previously specified);

(2) Amended its rules to provide that all broadcast hearings will start with a conference of the parties.

The first stated proposal has been accomplished by the amendment of §§ 1.387 (b) (3) and 1.724 (b) of Part 1 of the Commission's rules relating to practice and procedure.

The second step has been accomplished by the addition of a new section to Part 1 of the Commission's rules relating to practice and procedure. The new section specifies that except for good cause found in advance by the Hearing Examiner all broadcast hearings, except those designated for hearing prior to February 4, 1953, will commence on the scheduled date with a conference between the Hearing Examiner, or other presiding officer, and representatives of all parties to the proceeding looking toward agreements on all matters raised with respect to the conduct of the hearing on the applications in question. The parties will be required to come forward at the conference with a statement of all the matters which they will rely upon in the hearing. The Hearing Examiner, or other presiding officer, will issue an order setting forth such matters and the proof to be adduced by the parties will be lim-

[1] See F. R. Doc. 53-1579, Title 47, Chapter I, Part 1, *supra*.

ited by the order unless modified for a cause. The scheduled date of hearing, that is the date on which the hearing conference will be held will be used for the purpose of applying the "30-day rule" (§ 1.387 (b) (3), as now amended).

The latter procedure will be apart from and will in no wise affect the opportunity for pre-hearing conference now provided in § 1.813 of the Commission's rules. The formal hearing conference contemplated by the new section constitutes the commencement of the hearing and affords each party to the proceeding an opportunity to work out mutual problems raised by the hearing process at a time when the identity of all other parties to the proceeding and the issues involved are known definitely.

The foregoing rule changes, governing the conduct of broadcast hearings, are largely prompted by complications in the hearing procedure occasioned by section 309 (b) of the Communications Act, as amended last July by Public Law 554. This section now requires that applicants who face a hearing be notified to that effect and be given an opportunity to reply prior to actual designation for hearing. The effect of this requirement is that many pre-hearing conferences have been held before new parties could be designated for hearing and consolidated in the hearing that had already been designated. The provision that the hearing will commence with a conference, together with the extension of the 20-day rule to 30 days, is intended to remedy this situation. The 30-day period is designed to give the Commission the time it requires to process mutually exclusive applications.

In addition, it is the purpose of the rule changes to establish a procedure to develop and sharpen the genuine issues of a broadcast hearing sufficiently in advance of the adducing of proof to eliminate, in the largest part, the element of surprise, the introduction of unnecessary and cumulative evidence, and the waste of time during the course of the hearing. It is hoped that in this fashion the hearings will be expedited, shortened and will comply fully with the letter and spirit of the recent amendment of the Communications Act. This result will flow from the successful application of the new rule § 1.841 (b) setting forth the requirements that the hearing conference culminate in an order which will control the subsequent proceedings.

The foregoing revisions in existing practice stem from conferences held by representatives of the Commission and the Federal Communications Bar Association for the purpose of ironing out mutual problems and thereby to speed up the administrative process.

Adopted: February 4, 1953.

Released: February 6, 1953.

UNITED STATES TARIFF COMMISSION

[Investigation No. 23]

MUSTARD SEEDS

NOTICE OF INVESTIGATION

Upon application of the Montana State Farm Bureau in behalf of domestic mustard seed growers received February 9, 1953, the United States Tariff Commission, on the 12th day of February 1953, under the authority of section 7 of the Trade Agreements Extension Act of 1951 approved June 16, 1951, and section 332 of the Tariff Act of 1930, instituted an investigation to determine whether the product described below is, as a result, in whole or in part of the customs treatment reflecting concessions granted on such product under the General Agreement on Tariffs and Trade, being imported into the United States in such increased quantities either actual or relative, as to cause or threaten serious injury to the domestic industry producing like or directly competitive products.

Tariff Act of 1930:	*Description of product*
Par. 781	Mustard Seeds (Whole).

Inspection of application. The application filed in this case is available for public inspection at the office of the Secretary, United States Tariff Commission, 8th and E Streets NW., Washington, D. C., and in the New York office of the Tariff Commission, located in Room 437 of the Custom House, where it may be read and copied by persons interested.

I certify that the above investigation was instituted by the Tariff Commission on the 12th day of February 1953.

Issued: February 12, 1953.

[SEAL] DONN N. BENT,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-136]

LONG ISLAND LIGHTING CO. ET AL.

SUPPLEMENTAL ORDER APPROVING AND DIRECTING PAYMENT OF FEES AND EXPENSES

FEBRUARY 3, 1953.

In the matter of Long Island Lighting Company, Queens Borough Gas and Electric Company, and Nassau & Suffolk Lighting Company; File No. 54-136.

The Commission having on November 16, 1949, approved a plan filed under section 11 (e) of the act proposing the consolidation of Long Island Lighting Company, then a registered holding company, and two of its public-utility subsidiary companies, Queens Borough Gas and Electric Company and Nassau & Suffolk Lighting Company and the recapitalization of the resultant consolidated corporation, which was to be known as Long Island Lighting Company;

The amended plan having provided that the payment of fees and expenses in connection therewith be subject to the approval of the Commission, and the Commission in its order of November 16, 1949, having reserved jurisdiction over the payment of such fees and expenses; and

Applications for allowances of fees and reimbursement of expenses having been filed, a public hearing having been held, a recommended findings and opinion having been filed by the Division of Public Utilities, to which exceptions and supporting briefs were filed by various applicants, and the Commission having heard oral argument; and

The Commission having considered the record and having by orders dated July 30, 1952, and November 24, 1952, released jurisdiction over payment of fees and expenses of certain applicants and having this day issued its findings and opinion with respect to the remaining applications; on the basis of such findings and opinion:

It is ordered, That the payment by Long Island Lighting Company of the following fees and expenses be, and it hereby is, approved and said company be, and it hereby is, authorized and directed to make such payment:

	Fees	Expenses
Long Island Lighting Co. 7 percent and 6 percent preferred stockholders group: Carl C. Brown, statistical adviser	$2,000	$13,166.06
Protective committee for holders of common stock of Long Island Lighting Co.:		
Harold G. Aron, counsel	7,500	5,439.94
B. F. Grizzle, member	500	6.00
Queens Borough Gas & Electric Co. preferred stockholders committee:		
Ivan Wright, member	1,500	

It is further ordered, That the applications of Maurice B. & Daniel W. Blumenthal, and John D. Sullivan, Franklin C. Salisbury, J. Donald Halsted, E. M. Nichols, Robert G. Knott, Raymond A. Ransom, Melvin W. Pettit, and Charlotte J. Pettit (deceased) be, and they hereby are, denied as claims against the Long Island Lighting Company.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

OFFICE OF DEFENSE MOBILIZATION

[Defense Manpower Policy No. 4, Amdt. to Notification 9]

PLACEMENT OF PROCUREMENT IN THE POTTSVILLE, PA., AREA

NOTIFICATION TO DEPARTMENT OF DEFENSE AND GENERAL SERVICES ADMINISTRATION

The first paragraph of the findings and recommendation of the Surplus Manpower Committee concerning the Pottsville, Pennsylvania, area under Defense Manpower Policy No. 4 (17 F. R. 2205) is amended to read as follows:

Under date of February 21, 1952, the Defense Manpower Administration of the Department of Labor certified to this Committee under Defense Manpower Policy No. 4, the existence of the Pottsville area as a surplus labor area under standards established by the Secretary of Labor. The Pottsville area is composed of Schuylkill County, that portion of Carbon County comprising the boroughs of Lansford, Summit Hill, Mauch Chunk, and East Mauch Chunk and the township of Mauch Chunk (which includes the communities of Nesquehoning and New Columbus).

OFFICE OF DEFENSE MOBILIZATION,
ARTHUR S. FLEMMING,
Acting Director.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27793]

COMMODITIES BETWEEN POINTS IN TEXAS (INTERSTATE)

APPLICATION FOR RELIEF

FEBRUARY 12, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: Lee Douglass, Agent, for carriers parties to his tariff I. C. C. No. 807.

Commodities involved: Junk, viz: scrap iron or steel, in carloads, as described in Item 6060-C of the aforesaid tariff.

Between: Points in Texas, including border points applicable on interstate traffic.

Grounds for relief: Circuity, additional commodities, to meet intrastate rates, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: Lee Douglass, Agent, I. C. C. No. 807, Supp. 20.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[4th Sec. Application 27794]

COAL FROM WESTERN KENTUCKY MINES TO LAWRENCE SIDING, S. DAK.

APPLICATION FOR RELIEF

FEBRUARY 12, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. G. Raasch, Agent, for carriers parties to schedule listed below.

Commodities involved: Lump and fine coal, carloads.

From: Louisville and Nashville Railroad mines in the western Kentucky district.

To: Lawrence Siding, S. Dak.

Grounds for relief: Rail competition, circuity, and additional routes.

Schedules filed containing proposed rates; C. A. Spaninger, Agent, I. C. C. No. 1224, Supp. 34.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.
